PART 2 Approvals – BASIC STEPS

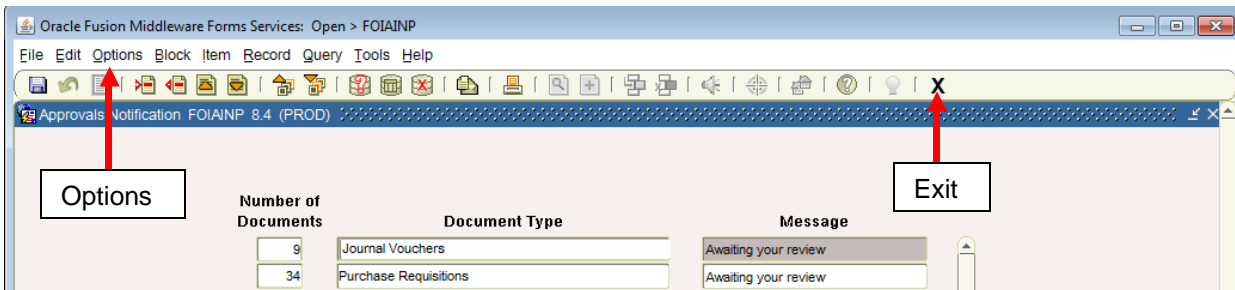

A. Determining if Documents Await Your Approval - FOIAINP

To ensure that documents are not held up in the Approvals process, it is important that all Approvers review documents awaiting approval in a regular and timely manner.

When you first log onto Banner, the **Approvals Notification Form (FOIAINP)** will display automatically if there are unapproved documents awaiting your approval.

1. If you want to check the status at any other time, from the General Menu Screen, type **FOIAINP** in the **Go To** field.
2. The FOIAINP form displays three (3) columns:
 - Number of Documents – how many of each type are waiting
 - Document Type – Requisition or Journal Voucher
 - Message – “*Awaiting Your Review*”
3. To go directly to the Approver form, click the **Options** pull-down menu, then click **User Approval [FOAUAPP]**.
4. To exit and return to other tasks, click **Exit**.

B. Approval Queues

After a budget transfer has been completed and a document number has been assigned, the transfer will need to be approved by all individuals that are set up in the approval queues.

The final departmental approver in the online budget transfers approval queue is the President, appropriate Vice-President, or Designee (in the Vice President's absence).

Online budget transfers **equal to or more than \$5,000** will route for approval to the President, appropriate Vice-President, or Designee (in the Vice President's absence).

After the final approver, the online budget transfers will route to Fiscal Services for approval.

See examples below.

NOTE: If an online budget transfer is disapproved at any approval level, the document **cannot** be retrieved for changes in Web Self Service. Users should immediately notify Fiscal Services via email at budgetrevisions@mtsac.edu when a document has been disapproved. The Fiscal Services department will delete any disapproved transfers. This must be done prior to processing the online budget transfer again in Banner Web Self Service.
