## What is "Guided Self-Placement?"

Guided self-placement is a process where students reflect on their familiarity and comfort with course requirements/skills to determine the appropriate levels of coursework that align with their personal educational goals and abilities. Some students may be asked to follow a guided self-placement process for placement into English or reading courses.

1. Visit the [Guided Self-Placement website](#)
2. Read the "Can-Do" statements shown for English and/or Reading
3. Decide on which numbered box best matches what you are able to do in English and/or Reading.
4. Email [AskAmLa@mtsac.edu](mailto:AskAmLa@mtsac.edu) to discuss your English and/or Reading course placement.

Need assistance with Guided Self-Placement? Contact the [Counseling Department](#) to meet with a Counselor.
