Comment: 'm a fan of Mt Sac as I attended classes  
here before and my kids currently attend  
"College for Kids". I think solar power is a great  
way to generate electricity & savings for the  
school but NOT on undeveloped land! Having  
it over parking lots or roof tops would be preferred.

My family has lived in Walnut since 1978 and  
all the natural undeveloped land is disappearing.

I'm also a realtor and buyers have already  
expressed concern about buying near  
Snow Creek due to this possible solar farm.  
It's a fact that property values will be affected.
