PART 1 EQUIPMENT PURCHASE GUIDELINES

A. INTRODUCTION

Effective July 1, 2009, Fiscal Services implemented the Banner Fixed-Asset Module. This module enhanced the fixed-asset inventory tracking to enable the College to meet audit requirements. Fixed Assets include Land, Buildings, Equipment, and Construction in Progress.

It is very important to follow the instructions provided in this user guide in order to maintain the data integrity of the Fixed-Asset module.

B. GUIDELINES FOR PROCESSING A PURCHASE REQUISITION FOR EQUIPMENT

To facilitate the process of tracking equipment items, proper accounting, and compliance with District practices, please remember the following:

1. Equipment **must be** ordered with a requisition through the Banner System.
2. Equipment **cannot** be ordered with a standing order.
3. Determine whether the item is classified as equipment or supplies by using the following table:

EQUIPMENT	SUPPLIES
Item is over \$500	Item is usually under \$500
Item will have a life span of more than one year	Item has a life span of less than one year and is usually consumable

4. Choose the appropriate commodity code from the following "Commodity Code Table for Equipment Purchases."

5. Determine the proper Account Code for equipment. All purchases related to technology equipment must be approved by Information Technology. Therefore, specific account codes should be used when purchasing any technology related equipment. As a result, the equipment accounts have been divided into two groups: "Technology-Related Equipment Account Numbers" and Equipment Account Numbers." Please choose from the following two tables:

a) TECHNOLOGY-RELATED EQUIPMENT ACCOUNT NUMBERS (requires IT approval)

NEW EQUIPMENT:	Includes computer hardware and related electronic equipment. Examples: computers, network equipment, PDAs, copiers, fax machines, printers, etc.
641500	New Equipment IT-\$500 to \$999
641600	New Equipment IT-\$1,000 to \$4,999
641700	New Equipment IT-Over \$5K
EQUIPMENT REPLACEMENT:	Use only if expenditure is for the identical replacement of technology equipment (necessitated by normal use) on a piece-for-piece basis to perform the same function(s).
642500	Equip Replacement IT-\$500 to \$999
642600	Equip Replace IT-\$1,000 to \$4,999
642700	Equip Replacement IT-Over \$5K
EQUIPMENT LEASE PURCHASE:	Use only when the intention is to buy the equipment rather than rent, and the residual value to purchase the equipment, as per the lease/purchase agreement, is minimal.
643500	Equip Lease Purch IT-\$500 to \$999
643600	Equip Lease IT-\$1,000 to \$4,999

PART 2 CREATING A REQUISITION FOR TECHNOLOGY EQUIPMENT – COMPUTER SYSTEM

A. Opening the Requisition Screen

1. From [*FINREQST], double-click [FPAREQN] to open a blank new requisition screen.

2. Click **Next Block** icon. This pre-assigns a Requisition number and opens the Requisition data entry form.

NOTE: Do NOT input a number in the Requisition field. Let Banner automatically assign the number.

B. Requisition Entry: Requestor/Delivery Information

Order Date: Defaults to current date. **[Tab]**

Transaction Date: Defaults to current date. **[Tab]**

Delivery Date: Estimate when items need to be delivered or state when a check needs to be issued. Delivery date must be greater than the transaction date.

Comments: Use to leave a brief note for Purchasing.

Examples: *RUSH; See Doc Text* **[Next Block]**

SHORTCUT: Clicking **[Next Block]** will automatically take you to the next required field, **Attention To:** Use this shortcut if the default **Ship To:** information is correct. Otherwise, **[Tab]** through each field, as described below.

Requestor: Defaults to user name entering requisition. **[Tab]**
COA: Defaults to chart of account "M." **[Tab]**
Organization: Type organization. **[Tab]**
Email: Leave blank (this field not currently used). **[Tab]**
Phone: Type Requestor's phone number or extension. **[Tab]**
Fax: Leave blank. **[Tab]**
Ship To: Defaults to Central Receiving at the Warehouse. If okay, **[Tab]**
to **Attention to:**

OR

Click pull-down menu to select other options:

- **AD** As directed – Used for special shipping instructions (e.g., furniture/copier direct shipped to Requestor's building/room)
- **C/PU** College Pickup – Same as Will Call
- **SVCS** Services – No delivery required for services

Attention To: Type name of end user who will be receiving the item(s), his/her building, and room number where the product will be delivered.

Examples: Rosa Royce, 4-1390

TIP: If you have more information you need to share with Purchasing or Accounts Payable, you will use the **Document Text** function to do so at this time. (See next page.)

Otherwise, follow directions below to go to the next screen.

[Next Block] or Click on **Vendor Information** Tab.

Document Text:

Text	Clause Number	Print	Line
Copy of quote to Purchasing 2/15/14		<input checked="" type="checkbox"/>	10
Rush: Need for New Employee		<input checked="" type="checkbox"/>	20
All items combine to make one fixed asset.		<input checked="" type="checkbox"/>	30
Free form Text		<input type="checkbox"/>	
		<input type="checkbox"/>	

- Under **Options** in the Tool Bar pull-down menus, click **Document Text (FOAPOXT)** to type instructions to Purchasing or Accounts Payable.
- Under **Text**, **[Next Block]** or click on the first open line and type desired information. Use arrow keys to navigate from one line to another.

TIP: Use **Document Text** to communicate with the Buyer. Let the Buyer know if you are sending back up documentation (quotes, contracts, etc.).

- A check mark (✓) in the **Print** column means document text will print on hard copy of purchase order. Uncheck the print box for each line of text that you do not want printed on the purchase order.
- **[Save]**, **[Exit]**.

D. Requisition Entry: Commodity/Accounting – Computer System

It is important to determine the total cost of the “computer system” as this will be the amount included in the District’s inventory. The following example shows the purchase of a computer with additional charges like an environmental waste fee, a warranty, and taxes. All these charges will be part of the total cost of the “computer system.” They should be charged to the same account code.

<u>Description</u>	<u>Amount</u>	<u>Account</u>
Computer Equip: Optiplex 755	\$ 845.00	641500
Environmental Waste Fee	\$ 16.00	641500
Warranty	\$ 45.00	641500
Taxes	<u>\$ 76.05</u>	641500
Total Cost of Equipment Unit	<u>\$ 982.05</u> =====	

The following screen is used to list the items to purchase the equipment and the account codes:

The screenshot shows the Oracle Fusion Middleware Forms Services interface for Requisition Entry: Commodity/Accounting. The main window title is "Oracle Fusion Middleware Forms Services: Open > FPAREQN". The application title bar shows "Requisition Entry: Commodity/Accounting (Next Block) FPAREQN 8.6.0.3 (TEST)".

Key fields and values:

- Requisition: R0036111
- Order Date: 01-MAR-2014
- Transaction Date: 01-MAR-2014
- Delivery Date: 28-MAR-2014
- Comments: See Doc Text
- Accounting Total: 0.00
- Document Text: (indicated by a red arrow)
- Document Level Accounting:

The Commodity/Accounting section includes a table with the following columns: Item, U/M, Tax Group, Quantity, Unit Price, Extended, Discount, Additional, Tax, and Commodity Line Total. The Tax Group is set to LAC1. Below the table are checkboxes for Commodity Text, Item Text, Add Commodity, and Distribute.

At the bottom, there are fields for FOAPAL, Remaining Commodity Amount, NSF Override, and NSF Suspend. A grid for account codes (COA, Year, Index, Fund, Orgn, Acct, Prog, Actv, Locn, Proj) is also present.

Document Level Accounting: The Document Level Accounting box defaults to unchecked. This means that Commodity Level of Accounting is in use. Commodity Level of Accounting assigns the accounting distribution to each commodity line item.

NOTE: When ordering Equipment, the “**Document Level of Accounting**” box should be **unchecked**. Equipment orders should be prepared with Commodity Level of Accounting.

ENTERING ITEM 1 OF 1 **Computer Equipment Optiplex @ \$845.00, Environmental Waste Fee @ \$16.00, and Warranty @ \$45.**

COMMODITY BLOCK

This block is used to include the item’s description, price, additional charges, and tax.

1. Click on the **Commodity** pull-down menu to access a list of frequently used commodities.
2. Select the commodity code that most closely describes the purchase of a computer system. In this case, choose commodity code COMP-E, double click to accept the selection, and return to the requisition form FPAREQN.

NOTE: Refer to the “**Commodity Code Table for Equipment Purchases**” (Part 1, B.4). Most commodity codes for equipment purchases end with the letter “E.” For example: the commodity code for Computer Equipment is “COMP-E.” The only exceptions to these rules are FURN-I (Furniture Installation), FURN (Furniture), and AUTO-P (Auto Purchase).

3. Commodity codes default with a generic description in upper case. Complete the item description (manufacturer, make/model, color, size, catalog number, etc.) using upper/lower case. Using the example add: "Optiplex 755 P/N 223-7079 to."

Because a longer description is needed, click on **Item Text [FOAPOXT]** under the **Options** pull-down menu. **[Next Block]**. You will see the Commodity Description from the Commodity/Accounting screen, as shown below. Type remaining description "include Monitor, Mouse, and Keyboard," **[Save]**, **[Exit]**

Text	Clause Number	Print	Line
to include the following:		<input checked="" type="checkbox"/>	10
Desktop, P/N 223-7079 @ \$745		<input checked="" type="checkbox"/>	20
Monitor, P/N 223-7711 @ \$89		<input checked="" type="checkbox"/>	30
Mouse, P/N 243-1433 @ \$11		<input checked="" type="checkbox"/>	40

4. Enter Unit Measure, Tax Group, Quantity, Unit Price, and Additional charge.

Item	U/M	Tax Group	Quantity	Unit Price	Extended
1 of 1	EA	LAC1	1.00 X	845.0000	845.00

Discount:	0.00
Additional:	61.00
Tax:	76.05
Commodity Line Total:	982.05

Item: Automatically assigned by the system. Tracks the number of items (records) on the requisition and the number of records being displayed. **[Tab]**

U/M: Unit of Measure defaults to EA (Each). Use the pull-down menu to click on another unit measure. **[Tab]**

Tax Group: Tax group will default from commodity code selected. **[Tab]**

Quantity: Type quantity "1." **[Tab]**

Unit Price: Type unit price "\$845.00." Banner calculates the extended cost. **[Tab]**

Additional: Include the Environmental waste fee of \$16.00 and Warranty of \$45 for a total of \$61. This field is for additional charges that are not taxable. **[Tab]**

[Next Block]

WARNING: It is critical that you tab through each field in the Commodity and Accounting blocks.

ACCOUNTING BLOCK

This next block is for the account string information. In Banner, this is referred to as FOAP (Fund, Orgn, Acct, Prog).

FOAPAL	<input type="text" value=""/>	of	<input type="text" value="0"/>	Remaining Commodity Amount:	<input type="text" value="982.05"/>	<input type="checkbox"/> NSF Override	%	USD

										FOAPAL Line Total:	<input type="text" value="982.05"/>
										Commodity Accounting Total:	<input type="text" value="0.00"/>

5. Enter the account string information.

COA: Defaults to "M." **[Tab]**

Year: Automatically assigned.

Index: Leave blank. **[Tab]**

Fund: Type appropriate fund "11000." **[Tab]**

Orgn: Type organization code "610000." **[Tab]**

Acct: Type appropriate account code. If the account is known, it can be chosen selecting the pull-down menu. **[Tab]**

NOTE: Refer to the “Technology Related Equipment Account Numbers” (as listed in Part 1, B, 5, a). In order to select the account code, the total cost of the equipment is needed. In our example, the total cost of the equipment is \$982.05 (this total cost includes the computer, waste fee, warranty, and taxes). Then choose the specific account to obtain Information Technology approval. For this scenario, the account should be: 641500 (New Equipment IT-\$500 to \$999).

Same will apply to furniture when costs include shipping and installation.

PART 3 INQUIRING THE STATUS OF YOUR EQUIPMENT ITEMS

A. DOCUMENT HISTORY [FOIDOCH]

Use FOIDOCH to quickly check the status of a specific equipment item.

1. From the General Menu screen, type **FOIDOCH** in the **Go To:** field.
2. Type **REQ** in the **Document Type:** field. [Tab]
3. Type the Requisition Number, **RXXXXXXXX** in the **Document Code** field, [Next Block].
4. The equipment item Asset Tag Number will show:

The screenshot shows the Oracle Developer Forms Runtime interface for the FOIDOCH document. The top menu bar includes File, Edit, Options, Block, Item, Record, Query, Tools, and Help. The main window title is "Document History FOIDOCH 7.3 (PLAY)".

Key fields and their values are:

- Document Type:** REQ (Purchase Requisitions)
- Document Code:** R0008638
- Requisition:** R0008638, Status: A
- Invoice:** I0026675, Status: A
- Asset Tag:** 020112, Status: T
- Asset Adjustment Status:** (Empty)

Other document types shown include Bid, Purchase Order, Issues, Check, Return, and Receiver, each with its own set of fields and status indicators.

Asset Tag: Refers to the tag numbers. In this case, 020112 is the permanent tag. Any tag numbers starting with "T" are system-generated and will be attached to the permanent tag or converted into a permanent tag.

Status: "T" stands for Tagged Permanently. Blank is when the item has been temporarily tagged or it has been attached to a permanent tag.
