5.	 Board Study Session – Barbara & Kelly Chair Training Sessions and March Forum – Lianne FAQs – Barbara Strategic Planning Listening Tour – Patty & Kelly 	Reviewed Standard IV.C. The Board was very engaged and had several questions about the ISER and those standards that relate directly to them. This led to a good discussion about their own self-evaluation. The Core Group will continue to discuss this with the Board at their Study Sessions. Two separate trainings and a forum within a week. The response and turnout were great. There were approximately 77 participants. It was a successful experience for attendees. The step by step was helpful to explain the process. Having fewer pages due is good and having the writing started is helpful. The next forum will focus on classified staff. An FAQ document will be distributed. If you have additional FAQs you would like added, please send to the core team. Six total "Listening Tours" were conducted. IEC recommended feedback obtain on the SP Priorities. In addition to the tours, a survey was also distributed. Participants were engaged and provided good feedback. Some virtual attendees also went to an in-person review. RIE staff will compile and code for general themes. The themes will be distributed to IEC for their use.	
6.	Weaving Team Updates	Teams tasked to PAC are awaiting assignment. Current workgroup reviewing the mission may be asked to take	
7.	<u>Timeline Update</u> and Forums - Lianne	Timeline has been updated to reflect actual work during this ISER schedule. The original timeline was created based on our previous schedule. We feel that we are on target for our objectives to complete by Spring.	

		We have added more formative/summative information. Some of this will be updated on the webpage by IT and the web team. Some will be visible to the public as well.	
		Please us know when we aren't meeting the timeline. We appreciate your input as we go through this process.	
8.	Announcements	SCE had its ACS/WASC opening meetings on Thursday. It went extremely well.	
		Amber reported students will have an orientation and they would like input/information for the orientation. Team members will provide email addresses and attend the orientation or provide input.	
9.	Next Steps		
Parking Lot/Upcoming Topics:		Future meetings: May 6; June 3	Standing Information: ISER TIMELINE
