<td>Linda Baldwin explained the 2008-09 Expenditure Summary. Eric Kaljumagi asked if the report has the ability to handle offsets and gave an example scenario. Linda stated yes, eventually. The goal is to be able to view the cost centers and see the negative balances. Linda explained the institutional accounts versus the other accounts that are institutional in nature. It was suggested that the Budget Committee communicate to the campus what budget cuts have already been done on a semester basis and remind the Vice Presidents to bring to the Budget Committee the actions taken to-date for use in the communication. Mike Gregoryk stated there will be serious discussions in the future and hopefully there will be a report available to the Vice Presidents to help them look at where they are. The January Governor's Budget Workshop should give us a better idea of what's ahead in the future.</td>
