COMPANY HISTORY:

Paradise Garden Center has been in business for 25 years in the greater Corona and Riverside metropolitan areas. We service many of the Country's leading commercial and residential landscape companies with wholesale plants throughout Southern California. Many of the plants grown within our 60 acres of growing grounds can be seen in the new Disneyland park expansion. Along with wholesale plant sales we work closely with residential homeowners to provide landscape design and installation services using AutoCAD and other mediums. On the retail side we design on the fly and provide plant suggestions to help satisfy the landscape needs of our walk in customers.
