KNOWLEDGE AND ABILITIES:

KNOWLEDGE OF:
Principles, practices and techniques used in the maintenance of computer systems, programs and applications related to curriculum and degree audit reporting.
Computerized data collection, management, manipulation and distribution requirements for analysis and reporting functions.
Principles, methods and procedures of operating computers and peripherals.
System utilities and design and program applications.
Principles, practices and methods of database structures, computer programming and system design.
Database structures, on-line applications and system capabilities of the District’s computer systems.
Technical aspects of field of specialty.
Record-keeping and report preparation techniques.
Interpersonal skills using tact, patience and courtesy.
Oral and written communication skills.

ABILITY TO:
Perform a variety of technical duties involved in the development, maintenance and analysis of curriculum and degree audit reporting systems.
Maintain degree audit system-related programs and functions such as audit reports, tables, rules, degree exceptions and curriculum requirements.
Input, import, update and modify program, report and function specifications, data and information.
Provide technical assistance and training concerning system, PC, software and program operations.
Operate computers and peripheral equipment properly and efficiently.
Meet schedules and time lines.
Communicate effectively both orally and in writing.
Establish and maintain cooperative and effective working relationships with others.
Maintain records and prepare reports.
Determine appropriate course of action within clearly defined guidelines.

EDUCATION AND EXPERIENCE:

Any combination equivalent to: associate’s degree and two years experience providing support for curriculum development and college business systems user support services.

WORKING CONDITIONS:

ENVIRONMENT:
Office environment.

PHYSICAL DEMANDS:
Dexterity of hands and fingers to operate a computer keyboard.
Hearing and speaking to exchange information.
Seeing to view a computer monitor and read a variety of materials.
Sitting for extended periods of time.
Bending at the waist, kneeling or crouching.
