## EVENTS, OPPORTUNITIES, EVENTS

### Welcome New TPI Coordinator!

As Kathy Henkins steps down from her eleven-year position heading up our teacher preparation program, Dr. Cindy Shannon will be stepping up. Dr. Shannon has been part of TPI since its inception; every semester since 2001 her Bio 3 class has been designated as "especially for future teachers," and she's been an avid participant in other faculty-related initiatives for TPI students.

Please come by the Center in the Fall to welcome her and introduce yourselves if she doesn't yet know you!

### Requirements to Maintain Active Membership in TPI May Change in the 2011-2012 Year

Currently under discussion is the requirement that all students have an appointment each semester with either Randy Wilson or Will Daland, the two full-time college counselors who are aligned with the TPI program. In some cases, after

one or two counseling appointments, members don't need to review their Education Plans again if they are simply following the prescribed classes. Therefore, in the future, instead of this every-semester counselor appointment requirement,

TPI may require some other kind of verification or commitment of its members who wish to remain active and receive TPI benefits.

Stay tuned for more details next year!
