MEET YOUR TUTOR

Julie Douglass, a tutor who specializes in tutoring Non-Native English Speakers, will come to the International Student Center every Thursday to help students with any writing, grammar, and homework needs.

Julie earned her M.A. in TESOL from Biola University, and she has been teaching ESL for over nine years. She has taught at several Intensive English Programs and community colleges in L.A. and Orange County. In addition to classroom teaching, Julie enjoys working with students one-on-one to address their individual learning needs and help them become better writers.
