

2008 Fall Distance Learning Program

What is Distance Learning?

- It means taking classes that are conducted partially or wholly off campus—"at a distance." Students and professors communicate with each other using online and other technologies.

Online Learning Classes

- Classes are delivered over the Internet, and students must attend a mandatory on-campus orientation meeting for each class.

Online-Supported (Hybrid) Classes

- These are similar to online classes but meet on campus for part of the time. The orientation meetings are also mandatory.

Requirements

- Access to a personal computer with Internet connection using Netscape Navigator 6 or Internet Explorer 6, and an e-mail address.
- Attendance at all scheduled on-campus meetings, including the mandatory orientation meeting.

Tell me about the Mandatory Orientation Meetings

- Attendance is essential for your success and required or you will be dropped from the courses.
- It's an opportunity to meet your professors and determine if Distance Learning is a good way for you to learn.
- Specific requirements of the courses you have selected will be explained.
- At the conclusion of the meetings, you will have begun earning college credit through the Distance Learning Program.
