STUDENTS USING HIGH-TECH GROUP PRESENTATION AREA TO STUDY

IN THIS ISSUE:

New at the TERC

Rachael Brown's office is now located at the TERC!

Rachael Brown joined Mt. SAC after working in the private sector for 10 years. She is the Coordinator of the work experience program campus-wide and coordinates the work of Career Specialists across five divisions. With a professional background in Human Resources, Rachael has experience in recruiting, business etiquette, industry relations, and internships. Students looking for an opportunity to apply classroom knowledge and theory in a real work environment and earn college course credit, contact Rachael Brown. In addition to Work Experience, Rachael also assists students with resumes, cover letters, applications, and interviewing skills and techniques.

What is the TERC?

The Tech Ed Resource Center is a tutoring facility for CTE students as well as a place for independent and group study. CTE stands for Career Technical Education. The TERC has laptops and textbooks for many CTE courses for students to use while in the facility. TERC tutors and faculty tutor in basic English and math concerns, study skills, and research methods.

TERC students study in groups using laptops and flat screen monitors.
