

PUZZLE PROJECT

“TEACHING SOCIAL SKILLS IN AN ACADEMIC SETTING”

Are you a Mt. SAC student on the Autism Spectrum?

Would you like help in navigating college life?

Are you motivated to improve your social skills?

Could you benefit from the support of a peer mentor?

If yes, then Puzzle Project might be right for you!!

July 21, 2020: 1:00 – 2:00pm

Zoom ID: 940 7280 0507 <https://cccconfer.zoom.us/j/94072800507>

WHAT IS PUZZLE PROJECT? Puzzle Project is a workshop for Mt. SAC students who have Autism Spectrum Disorder. During these workshops you will learn a variety of skills that can be applied to daily life. You will get the opportunity to meet other students on the spectrum. You will also receive a one-on-one peer mentoring that will help you practice these new skills, utilize campus resources, stay on track to meet your goals, as well as give you support and encouragement. Puzzle Project will help you to have a productive and positive college experience!

WHEN? These skill building workshops take place here on campus and are held every Friday during the Spring and Fall semesters. One-on-one sessions take place on campus throughout the week. Help make the college experience more enjoyable, productive, and successful. During COVID we will be holding all peer mentor and workshops virtually via Zoom.

WHY? Have fun while learning the valuable social lessons that will help you be successful in college and beyond!
