Online Learning Support Center (OLSC)

A Faculty Resource for Teaching with Technology in the Library & Learning Resources Division.

The OLSC supports all Mt. SAC faculty in their use of education technology for all course types, traditional, hybrid, and fully online. We are here to

- provide ideas
- offer information and training in education technology
- promote best practices and innovation for technology use in the classroom.

Drop by the OLSC office in Building 6, Room 262 to find out more about cool ways you can save time, simplify administrative tasks, engage students, and gain new digital tools for your teaching toolkit.
