

Where We Make an Impact: Closing the Loop on Goals and Resources

i As you begin this new PIE Reporting Year, it is important to reflect and update the Unit Goals and Resources from the previous PIE Year. Add an analysis of progress for each of the active Unit Goals and when applicable, add an analysis of progress for each Resource. Some questions to reflect on: What are results of implementing this plan? What does the data indicate about its progress?

Grant Funding

1. Continue the FY 22/23 Nursing Support Grants from the California Community College Chancellor's Office to support the program expansion.
2. Continue utilizing the Song Brown grants to support and promote student learning across the continuum.

Status: Active

Goal Year(s): 2016-17, 2017-18, 2018-19, 2019-20, 2020-21, 2021-22, 2022-23

Report directly on Goal

2021-22 100

05/05/2022

The 2021-2022 Nursing Grants funding:

- * provided resources to promote student learning and success to include hiring Clinical Teaching Assistants and Licensed RN tutors.
- * allowed us to provide simulator maintenance agreements, hire a simulation technician, and purchase additional equipment for the Health Career Resource Center.
- * purchased 60 Chromebooks for online testing.
- * supported an administrative assistant for the nursing program.
- * provided funding for faculty allowing for professional development.
- * supported the Director to attend the Fall 2021 COADN conference in Southern California and for the Director and Department Chair to attend a virtual Spring 2022 conference.
- * supplemented the extended new nursing student orientation, welcome night, and National Nurses Week Recognition for new students in Fall 2021 and Spring 2022.
- * supported faculty to attend the Regional Nursing Curriculum Consortium meetings
- * supported the Director in development of the ACEN candidacy self study
- * supported the students to attend the NCLEX review to pass the RN licensing examination for Fall 2021 and Spring 2022
- * supported nursing applicants to take the admission and readiness test.

The 2019-2020 Nursing Support Grant funding provided resources to promote student learning and success to include hiring Clinical Teaching Assistants and Licensed RN tutors. This funding also allowed us to purchase an additional simulator and the simulator maintenance agreements for the Health Career Resource Center. We also were able to purchase additional equipment that was not covered under CARES for on campus skills activities while on COVID restrictions.

The Song Brown grant provided funding for faculty allowing for professional development. This grant also allowed the Department Chair and Director to attend the Fall 2019 COADN conference in Southern California and a virtual Spring 2020 conference. Song Brown also supplemented the welcome night for new students in Fall of 2019.
