Category 2. Computational or non-computational problems solving demonstrations

Category 3. Skills Demonstrations

Category 4. Objective Examinations

SAMPLE ASSIGNMENTS

1. Listen and watch the TED talk by Joseph Kim. Write a paragraph to describe Joseph Kim's childhood experience growing up in North Korea, his eventual escape, and his new life. Explain what lessons Joseph Kim learned from all of the trauma that he experienced in his life. Be sure to use the appropriate verb tenses. In your second paragraph, imagine that you have been asked to give a TED talk about your own life experience leading up to your studying at a college in California. Share what lessons you have learned in your life journey so far, and end your "talk" by telling the audience what you will have done and where you will likely be five years from now, using appropriate verb tenses.

2. Read the article, "Ten Myths about Immigration" from the Teaching Tolerance website. In the margins of the article, put a minus sign (-) by any ideas that you have heard before or that you believe are true. Put a plus sign (+) by any ideas that you believe or you know to be untrue. After you have finished, review the marks you have made and choose three myths that you have marked with a plus sign (+). Write a paraphrase of these myths using your own words to restate the main idea. Then, after each paraphrase write your opinion about how the United States could correct people's thinking about immigrants. Use formal language and a tone appropriate for your audience.

3. Read the Washington Post article "On a Texas Prairie, Distance Grows between Neighbors over an American Birthright" by Mary Jordan and Kevin Sullivan. Find three examples of facts and three examples of opinion. How do you know what is a fact and what is an opinion? (What are the sources?) Then write an essay about the facts and opinions. In addition to this article, use "Ten Myths about Immigration" to respond to the opinions you found in this article. Be sure to use a variety of sentence types (simple, compound, and complex) in your writing.

MINUTES – DECEMBER 8, 2020

AGENDA ITEM	DISCUSSION/COMMENTS
Approval of DLC minutes: 11/24/2020 meeting – assign themes	Approved with corrections
Reports:	
Educational Design Committee (EDC) /Curriculum and Instruction Council (C&I) (Carol)	DLC minutes of 10/27/20 accepted.
Information Technology Advisory Committee (ITAC) Report (Rich)	Scheduled meeting was cancelled
Faculty Learning Activities Committee (FLAC) Report (Catherine)	No meeting yet.
Faculty Center for Learning Technology (FCLT) Report (Michelle)	**Trainings** Friday January 22 – Ally workshop, 5 Tools to Make You an Accessibility Champ, and CidiLabs 2 (all SPOT recertification activities) Canvas Intensive scheduled for February 10 – CidiLabs 1 and 2 (okayed for SPOT recertification) FOMAR and faculty facilitators fulfill Intro to Canvas needs. FCLT not engaging in live Intro to Canvas training as of now. FCLT structuring trainings to be "digital first" i.e. designing digital workshop first and then offering live. **Surveys** CidiLabs: large majority identified as very important to keep tool.

	Otter (faculty): respondents overall middling to positive. Otter (students): survey just closed. Students were positive about having transcript for notes and review. However, many students did not click on Otter since faculty did not point out it was there. **Updates** New Faculty Accessibility Center coming Winter. Zoom LTI update rolls out December 15. We have more local control over our subaccount. • Now single sign on. • Anyone added to Canvas account is added to Zoom account. • FCLT will plan training and FAQs to new Zoom LTI. IIA, IIIC, IIIA14
Student Report	No report this meeting.
DL Faculty Workgroup Recommendations	The fall DL faculty workgroup met on December 4. Please see workgroup recommendations (below). **The DLC approved the workgroup recommendations, and those courses will be moved to EDC.**
Discussion	
Academic Senate	• Recommendations on camera use approved with amendments – see copy in OneDrive • Recommendations on proctoring approved o Part of the proctoring recommendation was that the ***FCLT would form a workgroup with faculty and classified to evaluate proctoring software options***. Math, Biology should have outreach. On DLC, Catherine, L.E., are interested in being in workgroup. IB9, IIA, IIIC
Microsoft Outlook Benefits	Ron presented on the benefits of moving student emails to Outlook (from Google). • Students will get terabyte of storage from cloud • All office tools will be available – Word, Excel • Collaborations in Canvas can be used • Will improve communication with students since faculty and students will be working on the same platform • Already included in license – can load platform onto student machine so student will not need internet • Many businesses are using Microsoft Tools, and this will prepare students for these applications • Will need to be campus-wide move • Requesting survey ***Michelle Newhart will write surveys for faculty and students with Ron. Ron, Eric Turner, Lee Jones, and Chris Schroeder will also be involved in survey deployment and results interpretation.***

	The DLC was positive about this development. It would benefit learning to have students and faculty on the same platform. <mark>IIA, IIIC</mark>

DL Plan	• DLC updated our DL Plan in 2018. The progress report is in OneDrive.
	    o The DL program is making excellent progress toward goals.
	    o The Online CTE Pathways grant has given a needed boost toward meeting goals.
	    o Equity goals are still elusive.
	<mark>IB9, IIA, IIIC</mark>

Improving Online CTE Pathways Grants	• A matrix showing a summary of accomplishments was provided. The two grants have already had a strong impact on the Mt. SAC DL Program.
	    o Mt. SAC established a Peer Online Course Review team and became a POCR certified campus. Six courses were deemed quality reviewed. This increased our number of quality reviewed courses 100%.
	    o 28 faculty have integrated OER into their courses.
	    o 21 faculty participated in online equity training.
	    o A variety of well-received Canvas tools were deployed.
	    o Students received their own mentoring program, Canvassadors, which has moved to ASAC.
	    o Counselors are onboard with online meetings and have mapped cross-functional student journeys.
	<mark>IIA, IIB, IIC, IIIC, IIIA14</mark>

Use of LMS AP	• Development of this proposed AP was sidelined by the campus closure. Due to increased use of Canvas, it is timely to begin discussion of this AP.
	• First suggested by concerns about student tutors having access to private information such as grades. Defining roles will be an important part of this AP.
	• Also noted that questions about cross listing, non-instructional group or team use, department use, etc. should be part of this discussion.
	• Suggested participants in AP development:
	    o Michelle Newhart
	    o Hugo Aguilera
	    o Meghan Chen
	    o Carol Impara
	    o Catherine McKee
	    o Eric Turner
	    o Noncredit faculty
	    o Library faculty
	    o Dual enrollment faculty
	    o Student support/ASAC hubs
	e.g., Student-athletes HUB (athletic counselors), KAD HUB (faculty access); Athletic Trainers HUB (required documents for coaches).

	IB9, IIA, IIIC
Equity and Culturally Responsive Teaching (ECRT)	• ECRT was rated positively by participants. As part of the summary survey, participants noted that items from the Peralta equity rubric could be incorporated into SPOT. See discussion last meeting. • If a source of funding could be found, it would be excellent to be able to offer ECRT to online faculty • The DL program will consult with new equity online coordinator when that person is appointed by the Academic Senate. IIA, IIIC, IIIA14
Future Work	• Update AP 4105 • Advanced SPOT recommendations
