

## Programmatic Accreditation

Mt. San Antonio College seeks to maintain the highest standards in the programs and services it offers to its students and communities. To assure the quality of the institution as a whole, the College is a member of the Accrediting Commission of Junior and Community Colleges (ACCJC), which visits and evaluates the College once every seven years.

In addition to reviews that evaluate the effectiveness of the College as a whole, Mt. SAC offers several programs overseen by professional bodies with the same commitment to quality service and instruction as relates to specialty programs offered by Mt. SAC. You can learn more about these programs and their accreditors via the links below.
