Hi all,

[This what I have done so far \(Excel list with titles not checkedout\).](#) Since we want the last two years, I only did digitization requests and what has been checked out this semester. (That is a little under two years. I'm not sure it's worth our time to go through WorldCat since those checkouts are 2019 and we are entering 2022.)

There are about 1000 items that have not been checked out nor requested for digitization. There are some items that I highlighted. They did not have matching barcodes, but they did have matching titles to a book that had a digitization request. I think they may be different editions. I know it's a big number but I'm pretty confident that it is correct. Of course, I think it would be best to discuss with staff to make sure there aren't titles on there that are checked out.

If you have any questions or concerns, please let me know.

Best,
Monika

Ahh, thanks for the clarifications. I think it must be it's because it's Friday and I did not read it clearly.

I'll revisit the report and our emails on Monday.

These are ones that should be considered for weeding. (I did it where the last checkout was either before 01-01-2019 or 0 not-inhouse checkouts) I looked at the list and they are old editions of books (not the new ones). I think I might have a better way to narrow down to no checkouts but let me check with Esteban.

Monika

Thanks for the clarification, Esteban. Since these are the titles that were checked out after 1/1/2019.

Then I can assume titles that aren't on the ones that we can consider for weeding?

As for the legacy list, I don't know where Abby placed it either.

Hi Kolap,

So one thing to keep in mind is that we've only been using Alma since 2019. Unfortunately, circ data was not something that could be migrated over. That being the case, you'd have to cross reference the info Monika shared with you with legacy info, which I believe Abby pulled out before we stopped having access to WMS. I'm not sure where she put that info, though. We'd have to follow up with her on that.

Best,

Esteban

Wait Monika, I think these are titles checked out after 1/1/2019. I only see last loan dates after 2019, and nothing before that.

I was expecting to see last loan dates from 2018 or 2017. Do you think something is off with the report parameters/fields?

Subject: Reserves Analytics Report

Hi Kolap,

I have a draft of the Analytics report for Reserves in the shared Analytics folder. It's under Shared Folders > Mt. San Antonio College > Mt. SAC Library Reports > Course Reserves > Reserve Items with No Checkouts since Specified Date (Prompted by Last Loan Date)

It seems like there are over a 1000 reserve books that have not been checked out since 01-01-2019. I don't know if that sounds right. If it seems way crazy, let me know. I attached the Excel sheet. (As a note, I put on In-house Loans but that just means that someone checked it in without checking it out. I'll probably take it off eventually—just thought it might be helpful if the number of titles sounds wrong.)

Best,
Monika
