The release of student records is addressed in AP 5040 (Student Records and Directory Information). The Human Resources Office may release information regarding the status of current and former employees through a verification of current or former employment only.

Members of the public may request to inspect or copy public records. A request by a member of the public may be delivered by mail or in person to the Human Resources Office.

Any request shall identify with reasonable specificity the records that are sought. If additional information is needed, the Human Resources Office may request it be provided in writing.

Any request to inspect records shall be made sufficiently in advance of the date of inspection to allow staff members time to assemble the records and identify any records that may be exempt from disclosure.

Records that are exempt from disclosure under the Public Records Act or any other provision of law may not be inspected by members of the public. Social security numbers must be redacted from records before they are disclosed to the public.

Members of the public shall be assisted in identifying records or information that may respond to their request. Assistance that will be provided includes: the information technology and physical location in which the records exist; practical suggestions for overcoming denial of access to the records or information; and the estimated date and time when the records will be made available.

Within ten days, the Human Resources Office will determine whether the records can be produced and will communicate the determination to the member of the public requesting the records.

The records listed below are exempted from designation as public records:

- student records (Education Code Section 76243);
- preliminary drafts, notes, or interagency or intra-agency memoranda that are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding the records clearly outweighs the public interest in disclosure (Government Code Section 6254(a));
- records pertaining to pending litigation or to claims until the pending litigation or claim has been finally adjudicated or otherwise settled (Government Code Section 6254(b));

- personnel, live scan reports, medical or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy (Government Code Section 6254(c));
- test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination (except for standardized tests provided for by Education Code Section 99150 et seq.) [Government Code Section 6254(g)];
- the contents of real estate appraisals or engineering or feasibility estimates and evaluations relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained [Government Code Section 6254(h)];
- internet posting of home address or telephone numbers of local elected officials (Government Code Section 6254.21);
- home addresses and home telephone number of employees of a school district or county office of education other than to an agent or family member of the employee, to an officer of another school district when necessary, to an employee organization, or to an agency or employee of a health benefit plan (Government Code Section 6254.3); and
- records regarding alternative investments (i.e. an investment in a private equity fund, venture fund, hedge fund, or absolute return fund; limited partnership, limited liability company, or similar legal structure) involving public investment funds, unless already publicly released by the keeper of the information.
