

FACULTY CENTER FOR LEARNING TECHNOLOGY

Synchronous Workshops

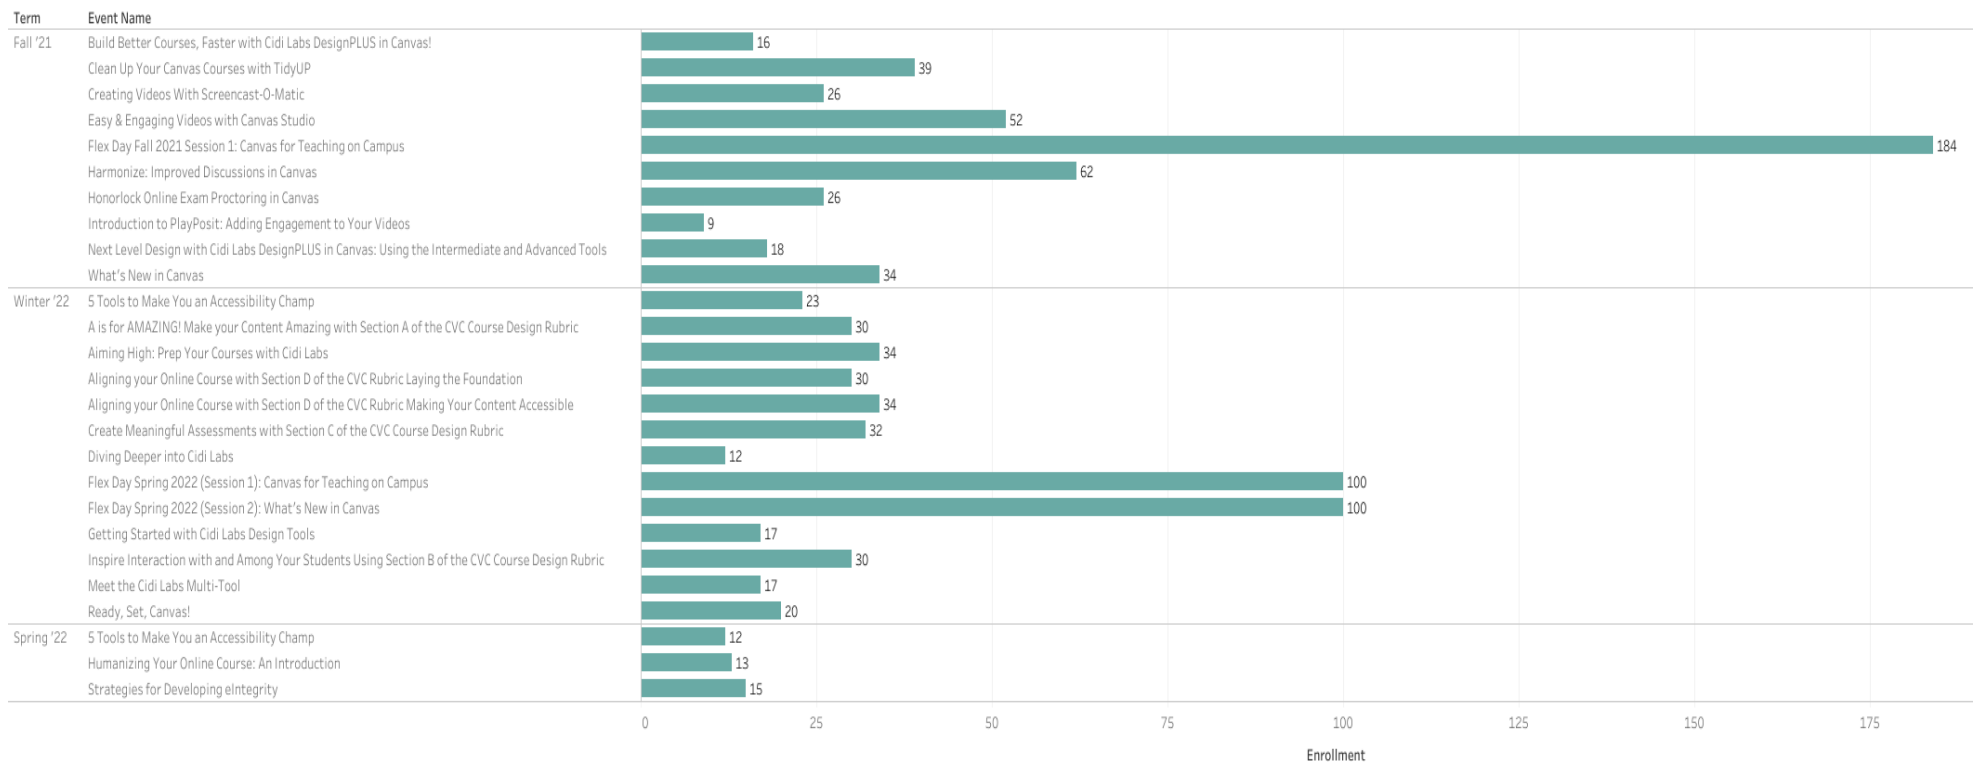

The Faculty Center for Learning Technology (FCLT) works with the Professional & Organizational Development (POD) unit as well as the Distance Learning Committee (DLC) to offer a variety of workshops.

Prior to Spring 2020, many of the trainings the FCLT offered were in-person sessions. Because of the shift to remote instruction, the FCLT currently offers synchronous and self-paced online workshops to accommodate faculty preferences.

2021-2022 WORKSHOPS

Results from multiple years of surveys have indicated that faculty prefer short synchronous online workshops on Fridays a week or two prior to the start of Fall or Spring semesters. The chart below is an example of synchronous workshops offered throughout an academic year by the FCLT.
