KAHOOT!

Strategic Planning Priorities

1. Advance and foster an equitable, diverse, inclusive, just, and anti-racist campus culture that empowers our community to make positive change in society.
2. Further develop, facilitate, and maintain a physically and emotionally safe campus environment.
3. Develop and expand strategies for and communication about opportunities for students that support retention, persistence, and success.
4. Effectively coordinate human, physical, technology, and financial resources to improve student growth and academic success.
5. Embed environmental, social, and economic sustainability into the work and decision-making processes of all areas of campus.
6. Ensure open and authentic communication and coordination among stakeholders to support achievement of all college goals.

Strategic Planning

“A process of setting goals, deciding on actions to achieve those goals, and mobilizing the resources needed to take those actions. A strategic plan describes how goals will be achieved through the use of available resources. “

A strong strategic plan will assign persons/groups/committees responsible for executing each tactic and include due dates.
