

ISER Draft Comment Form

The ISER draft is the product of an iterative process of weaving our Mt. SAC story. Under the guidance of the Accreditation Steering Committee (ASC) the work has included 101 Weaving Team members, 107 Finishing Team members, and 28 Resource Committees/Councils who thoughtfully crafted and edited the narrative.

Over the past year, the Accreditation Core Team has held public forums and solicited input from faculty, classified professionals, students, and administrators. The current draft reflects the feedback received throughout the dialogue process, as well as the Accreditation Core Team's work to further streamline the narrative to meet Review Criteria.

ASC members and the Accreditation Core Team appreciate your input and invite you to use the online comment form below. All feedback will be reviewed and considered. We look forward to offering the opportunity for continued engagement at listening sessions scheduled throughout Spring 2023.

For more information please visit the Accreditation website:
<https://www.mtsac.edu/accreditation/>.

Thank you for your feedback and your commitment to the institutional review process.
