Application of Learning

There are two steps to this application:

- a. Draw two columns. In one column, list all of the suggestions you learned about from the videos/workshop. In the second column, explain what you normally do when conducting research.
- b. Write a minimum one-page response to the following questions:
 - What have you learned about the research process that you did not already know?
 - How will you change what you do/how you conduct research in the future according to what you have learned?Explain your responses as thoroughly as possible.

Assessments

Ask your Skills Development Instructor for the final reflection for this assignment entitled *Reflection is Part of Learning*.
