ABOUT THE COVER
The cover designs for this Catalog commemorate the 60th Anniversary and rich history of Mt. San Antonio College. Highlighted on the back is a time-zone contrast featuring Pete Reynolds, a member of Mt. SAC’s original graduating Class of 1947 and Alex Wu, who holds the distinction 60 years later as Mt. SAC’s 1 millionth student and a candidate for the Class of 2007. Just as we have over the past six decades, Mt. SAC remains committed to not only educational excellence, but extraordinary distinction as well.

ACKNOWLEDGMENTS
Much appreciation to the following individuals for their contributions to this Catalog:

Editors
Virginia Burley, Ph.D., Chief Editor
Clarence Brown
Marge Catullo
Jamaika Fowler
Carmen Parra
Linda Potter

Design & Production
Victoria A. Randall, Chief Designer
John M. Lewallen, Covers
Linda Lundgren, Opening Pages

Photographers
Mike Taylor, Chief Photographer
Roger Conard
Kirby Lee
Jason Hamilton

Printing
San Dieguito Printers

The Catalog is available in alternate formats (Braille, enlarged text, e-text, etc.) upon request. Please contact Disabled Student Programs & Services at (909) 594-5611, ext. 4290.
ACCREDITATION
Mt. San Antonio College is reviewed and accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC) of the Western Association of Schools and Colleges. This accreditation authorizes the College to offer courses that parallel the first two years of the curricula for state universities. The ACCJC can be contacted in writing at 10 Commercial Boulevard, Suite 204, Novato, California 94949 or by phone at (415) 506-0234.

CATALOG CONTENT CHANGES
Mt. San Antonio College has made every effort to assure the accuracy of the information in this Catalog. Students and others should note that policies, rules, procedures, and regulations change and that these changes may alter the information in this publication. This Catalog is not intended to be a complete statement of policies, rules, procedures, and regulations. More current or complete information may be obtained from the appropriate administrative office and the online version of this Catalog.

The College reserves the right to change, without notice, any academic or other requirement, course offering, or course content contained in this Catalog.

The 2006-07 Catalog does not constitute a contract or terms of a contract between the student and the College.

This 2006/07 College Catalog is being published in conjunction with the celebration of Mt. San Antonio College's 60th Anniversary. For six decades, we have offered quality, affordable and accessible learning opportunities to over a million students in the San Gabriel Valley and other parts of California and the world.

I encourage you to use this Catalog as your planning and resource guide to explore the vast scope of opportunities, services and programs that Mt. SAC offers.

Whether you are pursuing one of our more than 200 degree and certificate programs or upgrading your job skills, we are fully committed to providing you quality instruction, support services and a first-rate learning environment to prepare you for the real world.

We provide excellent transfer, career and lifelong learning programs that empower you with the knowledge and skills needed to succeed in a diverse and interconnected world. Our curriculum is in step with the fast-changing needs of today’s dynamic employment sectors.

Over the past 60 years, Mt. SAC has become a “College of Champions.” In virtually every academic, athletic and cultural discipline, we have excelled to the top, garnering local, state, national and even international honors. We are very proud of these achievements and the distinction that both faculty and student efforts have brought to the College. I encourage you to read the testimonials posted on our website: www.mtsac.edu.

As we look toward the next 60 years, Mt. SAC will continue to value only one thing above excellence—and that’s distinction!

Christopher C. O’Hearn, Ph.D.
President/CEO

* Instructional Programs and Departments
Section 1

The College
Mt. San Antonio College (Mt. SAC) is a public community college that offers a diversified educational program designed to prepare students for success in today's diverse economic professional, technical and cultural sectors. The objectives of the education program are to:

- prepare students for transfer to baccalaureate-level colleges and universities.
- increase vocational competence resulting in usable and marketable occupational skills.
- provide a general education emphasizing basic skills and appreciations.
- promote continuing education and lifelong learning.
- assist the student through guidance to know and develop his/her abilities in relation to his/her potential.
- provide community service and adult education.

The College offers courses of study through a semester system. Each semester, Fall and Spring, is 16 weeks in length, while summer and winter sessions are 6 weeks long. Many courses are offered in an accelerated mode.

Instruction at Mt. SAC is organized under a divisional structure with departments within each division. At present, the College has eight (8) instructional divisions within which are 39 departments.

HISTORY

The Mt. San Antonio Community College District was created in December, 1945, when voters of four local high school districts approved the formation of a community college district. Initially known as Eastern Los Angeles County Community College; the institution was later renamed Mt. San Antonio College after the most visible snow-capped mountain (popularly known as Mt. Baldy) in the distance behind the campus.

The 421-acre campus was originally part of the 48,000-acre La Puente Rancho. During World War II, the facility was converted into an Army hospital and later a Navy hospital.

Mt. SAC opened in the fall of 1946 with 635 students occupying a few Spanish-tiled buildings and temporary Navy barracks clustered below the San Jose Hills. Walnut, not yet an incorporated city, consisted of very little except dirt roads, cacti, and grasslands covered in the spring with wild mustard grass.

Not surprisingly, the growth of Mt. SAC has mirrored that of the local area. The College now serves the communities of Baldwin Park, Bassett, Charter Oak, Covina, Diamond Bar, the southern portion of Glendora, Hacienda Heights, City of Industry, Irwindale, La Puente, La Verne, Pomona, Rowland Heights, San Dimas, Valinda, Walnut, and West Covina.

Mt. SAC has emerged as a leader in education not only in the San Gabriel Valley, but in the state. It is California's largest, single-campus community college with a combined Credit, Continuing Education, and Community Service student enrollment of nearly 40,000. In 2006, Mt. SAC proudly celebrates 60 years of educational excellence. The College will continue to offer access to quality programs and services as well as provide an environment for educational excellence throughout the 21st Century.

MISSION, VISION, AND VALUES

Mission

It is the mission of Mt. San Antonio College:

- to provide accessible and affordable quality learning opportunities in response to the needs and interests of individuals and organizations.
- to provide quality transfer, career, and lifelong learning programs that prepare students with the knowledge and skills needed for success in an interconnected world.
- to advance the State and region's economic growth and global competitiveness through education, training, and services that contribute to continuous workforce improvement.

Vision

It is the vision of Mt. San Antonio College:

- to become a premier community college.
- to be a leader in teaching, learning, programs and services.
- to provide access to quality education, focusing on student success within a climate of integrity and respect.
- to consistently exceed the expectations of our students, staff, and community.

Core Values

- INTEGRITY
  We treat each other honestly, ethically, and responsibly in an atmosphere of trust.
- DIVERSITY
  We respect and welcome all differences, and we foster equal participation throughout the campus community.
- COMMUNITY BUILDING
  We work in responsible partnerships through open communication, caring, and a cooperative spirit.
- STUDENT FOCUS
  We address the needs of students and the community in our planning and actions.
- LIFELONG LEARNING
  We promote the continuing pursuit of high educational goals through equal access to excellence in both teaching and support services.
- POSITIVE SPIRIT
  We work harmoniously, show compassion, and take pride in our work.

Johanna Heundl (far right), a lifetime member of the Mt. SAC Foundation President’s Circle leadership giving group, presents one of many scholarships given at the College’s 2006 Scholarship Awards Ceremony. The Foundation contributed a record $120,000 in scholarships to deserving students in the past academic year and plans to double that amount in 2006-07 through a variety of fund-raising activities.

### INSTRUCTIONAL DIVISIONS (continued)

#### Community Education Division
- **Barbara Crane, Assistant Vice President**
  The Community Education Division provides a range of courses serving students and community members enrolled in noncredit courses and programs. Mt. San Antonio College provides matriculation services to assist individuals seeking to enter the workforce or access further education in the following categories: Basic Skills, English as a Second Language, Programs for Adults with Disabilities, Citizenship, Parenting, and Short-term Vocational Programs. Community Education houses additional programs and resources as follows: The Language Learning Center, offering resources for learning new languages; the Older Adult Program promoting lifelong learning and ongoing career skills training; the Training Source that provides customized on-site courses for a variety of organizations; and the Health Careers Resource Center for health-related skills development. For additional information on courses, services, and programs offered, contact the division office at ext. 4220.

#### Humanities and Social Sciences Division
- **Dr. Stephen Runnebohm, Dean**
  - **James Jenkins, Associate Dean**
  The Humanities and Social Sciences Division is comprised of eight departments: American Language; Communication; English, Literature and Journalism; Foreign Languages; History, Art History, Geography and Political Science; Psychology and Education; Sign Language; and Sociology, Philosophy.
  The division sponsors interdisciplinary and national award-winning programs and publishes the student newspaper, The Mountaineer, through journalism courses. The division also supports a nationally ranked forensics program and a successful study abroad program. For additional information, contact the division at ext. 4570.

#### Library and Learning Resources Division
- **Kerry C. Stern, Dean**
  - **Meghan Chen, Director, Learning Assistance Center**
  - **Bill Eastham, Director Technical Services**
  The Library and Learning Resources Division includes Broadcast Operations, Event Services, Learning Assistance, Learning Lab, Library, Media Services, Professional and Organizational Development, Tutoring Services, and Distance Learning. Housed in the Learning Technology Center, the various departments provide support services for all students at the College.

### Arts Division
- **Dr. Susan Long, Dean**
  The Arts Division is comprised of four departments: Art/Animation, Music, Photographics, and Theater.
  The division sponsors numerous award-winning performance groups, houses an art gallery, and includes studio arts as well as digital arts and radio and television programs. The division sponsors student drama and music productions in the Performing Arts Center, oversees the animation and radio and television certificate programs, and monitors the college radio station, KSAK, as well as vocational degrees and certificates in Photography, Computer Graphics and Design for Interactive Visual Media.
  The division has performing groups that have competed internationally and have established top national and international ranking. For information relating to departments, programs, or events, contact the division office at ext. 5200.
  Ext. 5200

### Business and Economic Development Division
- **Dean (vacant)**
  - **Dr. Cheryl Marshall, Interim Associate Dean**
  Business and Economic Development is comprised of five educational departments, three Economic Development programs and one service area. The educational departments are: Accounting and Management, Business Administration (Paralegal Studies, Marketing, Sales, Real Estate and Economics), Computer Information Systems (Programming, Networking and Security), Family and Consumer Sciences Management, Business Administration (Paralegal Studies, Marketing, Sales, Real Estate and Economics), Development programs and one service area. The educational departments are: Accounting and Management, Business Administration (Paralegal Studies, Marketing, Sales, Real Estate and Economics), Development programs and one service area. **INSTRUCTIONAL DIVISIONS (continued)**

### Natural Sciences Division  Ext. 4425

**Larry L. Redinger, Dean**  
**Dr. Deborah Boroch, Associate Dean**

The Natural Sciences Division provides a wide variety of diverse educational opportunities and programs within its five departments: Agricultural Sciences; Biological Sciences; Chemistry; Earth Sciences, and Astronomy; Mathematics and Computer Science; and Physics and Engineering.

Agricultural Sciences provides numerous vocational programs leading to an Associate Degree or Certificate including programs in Animal Science, Equipment Technology, Registered Veterinary Technology, and Ornamental Horticulture. Biological Sciences offers a variety of courses for both majors and non-majors, including specific programs in Anatomy and Physiology, Anthropology, Histotechnology, Microbiology, Botany, and Zoology. Chemistry offers a full range of lower-division courses, including introductory, general, and organic chemistry. Earth Sciences and Astronomy provide course work in geology, oceanography, meteorology and astronomy. Mathematics and Computer Sciences provide courses for students at all levels of computational ability, from pre-algebra to calculus and differential equations. Physics and Engineering offers several course sequences in classical physics, as well as courses in Physical Science. The Engineering program provides a solid foundation of lower-division courses for those students preparing to transfer to a baccalaureate-level institution. For additional information, contact the division at ext. 4425.

### Physical Education Division  Ext. 4630

**Deborah Blackmore, Dean/Athletic Director**  
**Joe Jennum, Director/Physical Education and Wellness Programs**

Mt. San Antonio College (Mt. SAC) has been a leader among community colleges for over 50 years. Our strong commitment to Physical Education, Athletics and Dance is exhibited by our dedication to the health and well being of our students and our community. Our comprehensive class offerings, certificate programs, Fire and Law Testing (PAT)/Conditioning Program, Dance Productions, Athletic Programs and Athletic Special Events demonstrate this commitment.

Mt. SAC is home to one of the nation’s largest and most successful community college athletic programs for men and women. The Championship Winning Athletic Program offers 22 individual sports and is an integral part of the College’s overall educational offerings. Mt. SAC Student/Athletes excel on the field and in the classroom. Our “WIN” academic support program provides testing, tutoring and counseling services for all our student/athletes and serves as the “model” academic support program for all community colleges.

Mt. SAC’s five “World Famous” annual athletic special events—the Mt. SAC Relays, Mt. SAC Cross Country Invitational, Footlocker Western Regional Cross Country Championship, AAF Youth Days Program and the International Pole Vault Camp—reach over 100,000 participants, coaches and spectators, bringing millions of dollars into the local economy.

### Technology and Health Division  Ext. 4750

**John Heneise, Dean**  
**Dr. Sarah Daum, Associate Dean**

The Technology and Health Division provides 31 certificates and 31 degrees in occupational and vocational programs in the areas of technology, public services, and health care. The programs offer a variety of Associate in Science Degrees and certificates leading to job placement, transfer, and updating of skills. Programs offered in technology include Aeronautics, Air Conditioning and Refrigeration, Aircraft Maintenance, Architecture and CAD, Electronics Technology, Travel, Water Technology, and Welding. The Public Services Programs include Administration of Justice, Correctional Sciences, and Alcohol and Drug Counseling. Health Care Programs include Medical Services, Mental Health, Radiologic Technology, Respiratory Technology, and Nursing. The Associate Degree Nursing program provides quality preparation for students seeking a career as a Registered Nurse. Programs are driven by industry needs, and many are governed by State accrediting boards. In addition, the division includes The Regional Health Occupations Resource Center (RHORC). For additional information, contact the division at ext. 4750.

Admissions and Registration
Assessment and Placement
Orientation
Counseling/Advisement

Section 2
Admissions

Admission to Mt. San Antonio College includes the filing of an application for admission by the student and the filing of transcripts from high school or college(s). It is the student's responsibility to request official transcripts from the last high school attended and any college(s) attended. Transcripts will be reviewed to determine eligibility for courses at Mt. SAC.

Application to the College

All inquiries regarding admission to the college should be directed to the Admissions and Records Office. Admission is granted only by filing an official application for admission using one of the following methods:

1. The application for admission of credit classes can be submitted online. To access the online application, visit the Mt. SAC Admissions Website at \http://admissions.mtsac.edu\ and click on the online application link at the top of the web page.
2. Applications for admission to credit classes are available at the Admissions and Records Office and are also included in each Mt. San Antonio College Schedule of Classes. You may submit this application in person or mail it to:
   Admissions and Records
   Mt. San Antonio College
   P.O. Box 910, Walnut, CA 91788-0910.

Residency Requirements

Residency Guidelines

This statement is a general summary of the principal rules of residency and their exceptions and should not be construed as the actual expression of the laws used by the Mt. San Antonio College Admissions Office for residency determination. Reference should be made to Chapter 1 (commencing with Section 68000) of Part 41 of Division 5 of the Education Code, regulations of the Board of Governors of the California Community Colleges in Chapter 1 (commencing with Section 54000) of Division 5 of Part VI of Title 5 of the California Administrative Code, and the regulations and guidelines available in the Admissions and Records Office.

Residence Classification

Each person enrolled in or applying for admission to Mt. San Antonio College will, for purposes of admission and/or tuition, be classified as a “resident,” or a “non-resident.”

1. Resident: A “resident” is a person who is eligible to establish California residency for tuition purposes or who has resided within California for at least one year and who has established a legal residence in California prior to the residency determination date.
2. Non-resident: A “non-resident” student is one who has not resided in the State for more than one year prior to the residency determination date and who has not established legal residence or who is not eligible to establish California residency for tuition purposes.

Criteria for Determination of Legal Residence

To determine a person’s place of residence, reference is made to the following:

1. Every person has, in law, a residence.
2. Every person who is married* or 18 years of age or older, and under no legal disability to do so, may establish residence.
3. In determining the place of residence, the following rules are to be observed:
   a. There can be only one residence.
   b. A residence is the place where one remains when not called elsewhere for labor or other special or temporary purposes, and to which that person returns in seasons of repose.
   c. A residence cannot be lost until another is gained.
   d. The residence can be established and/or changed only by the union of act and intent.
   e. A man or a woman may establish his or her residence. Thus, it is possible that a woman who is married to, and living with, her husband may have a residence separate from his. A woman's residence shall not be derivative from that of her husband.
   f. The residence of the parent with whom an unmarried minor child maintains his/her place of abode is the residence of the unmarried minor child. When the minor lives with neither parent, his or her residence is that of the parent with whom he/she maintained his or her last place of abode; however, the minor may establish his or her own residence provided both parents are deceased and a legal guardian has not been appointed.
   g. The residence of an unmarried minor who has a living parent cannot be changed by his or her own act, by the appointment of a legal guardian, or by relinquishment of a parent’s right of control, unless the student qualifies for the self-supporting exception.

* A minor, married but subsequently divorced, retains the capacity to establish his or her own residence. An annulment of the marriage (a determination that in effect the marriage never took place) will require that the minor be treated like any other minor.

Residency Classification Appeal

Any student, following a final decision on residency classification by the Admissions and Records Office, may make written appeal to the Appeals Committee of Mt. San Antonio College within 30 calendar days of notification of final decision regarding classification.

College Starter Program

The College Starter Program is designed for gifted high school juniors and seniors who would benefit from taking advanced scholastic or vocational work at Mt. San Antonio College. Students must meet the following criteria to participate in the College Starter Program:

1. Be recommended by their high school principal or counselor
2. Be approved to participate by their parents
3. Have a 2.0 cumulative high school grade point average
4. Meet all course prerequisites
5. Students with a high school grade point average between 2.0 and 2.9 will be allowed to enroll in a single course. Students wishing to enroll in two courses must have a 3.0 grade point average or above.

Only college level courses may be taken as part of the College Starter Program. Students may not enroll in a course to make-up a high school course deficiency.

Special Admit Program

The Special Admit Program is designed for gifted students enrolled in the 10th or earlier grades. The program is designed to provide an enrichment experience providing course opportunities not available as part of their school's curriculum. To participate, students must meet the following criteria:

1. Be recommended by their high school principal or counselor
2. Be approved to participate by their parents
3. Have a B average/3.0 cumulative school grade point average
4. Meet all course prerequisites
5. Take the Mt. SAC placement test in English and Reading

Only college level (degree appropriate and/or UC/CSU transferable) courses may be taken as part of the College Starter Program or Special Admit Program. Students may not enroll in a course to make-up a high school course deficiency.
Students participating in either program will receive college credit that will become part of their permanent college record. High school credit may be possible at the discretion of the receiving high school.

Evaluation of Other College Coursework
Mt. San Antonio College reserves the right to evaluate work completed in other regionally accredited colleges and universities. Transfers with acceptable grades will be granted advanced standing insofar as the work corresponds with the curriculum of this institution or the lower-division work offered in accredited colleges or universities. Each applicant should file with Admissions and Records an official transcript of their records from all colleges and universities previously attended. This material should be furnished at least two weeks prior to registration. For information regarding military credit, see Section III in this Catalog.

It is the student's responsibility to request the evaluation of official transcripts from other colleges. This may be accomplished by submitting a completed "Evaluation Request" form at Admissions and Records.

Students planning to use courses taken at other colleges for placement in Mt. San Antonio College courses who did not have transcripts sent to Admissions and Records must bring official copies of their transcripts at the time they register. Transcripts may also be required at the first class meeting.

Transcripts submitted for admission become the property of Mt. San Antonio College and cannot be returned to the applicant or forwarded to other institutions.

Acceptance of Domestic Coursework from Accredited Colleges and Universities in the United States
The College will accept "degree appropriate" or "baccalaureate" level courses from accredited colleges and universities in the United States. These course units will, at a minimum, be granted "elective credit" status.

To determine General Education and/or Associate Degree equivalency and for granting of unit credit, the course must be easily identifiable as the same course taught at Mt. San Antonio College by a commonly used course prefix, title, and description. To be verified, sufficient information, including prerequisite information, must be available from the accredited college/university to substantiate granting course equivalency and course credit. The College reserves the right to deny acceptance of any course for the purpose of General Education, Associate Degree graduation requirements, or subject requirements. If denied, the student may petition for an in-depth evaluation but will be required to provide official course information from the institution of record or from the college/university catalog.

To determine "subject" requirements for an established vocational program, the course must be evaluated by a representative from the respective academic department in which the major resides. If the course is determined acceptable as a substitution for a required course in the program, the department representative will complete a "variance" form verifying this acceptance and complete the paperwork at Admissions and Records.

Articulation with High Schools, ROPs, and Adult Schools
School District, Adult Education, and Regional Occupational Program (ROP) teacher will make students aware of the procedures for obtaining advanced placement and/or credit by examination at Mt. San Antonio College in an articulated program.

Students must request a 2+2 Articulation Credit form from their High School, ROP, Adult School, or Tech Prep office.

Students will complete a 2+2 Articulation Credit form and have the form certified by the appropriate instructor from their school program. Students requesting Articulation Credit will complete a College Starter Program application and attach their high school transcript.

At the conclusion of the High School, ROP or Adult School course, students must submit the completed 2+2 Articulation Credit form, application, and transcript (for Articulation Credit) to the Tech Prep office at Mt. San Antonio College.

If the course work has been satisfactorily met, the subject area department chair will complete the Request for Articulation Equivalency form and check the box marked variance. Students seeking credit through the articulation process are required to take an exam. If the exam requirement has been satisfactorily met, the subject area department chair will complete the Request for Articulation Equivalency form and check the box marked variance.

Upon receipt of the 2+2 Articulation Credit form (plus application and student transcript for Articulation Credit), the Tech Prep office will prepare the Request for Articulation Equivalency form and forward it to the appropriate department. Once the form is completed and returned to the Tech Prep office, the student will be notified of advance placement or credit standing. Students who are granted credit will receive an unofficial transcript.

Articulation agreements and subject area competencies are updated annually.

College credit issued by ROP and/or Adult Education centers will be accepted if the issuing program is accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC) or the Senior College Commission, under the auspices of the Western Association of Schools and Colleges (WASC).

Admission of International Students
Mt. San Antonio College encourages applications from students holding or attempting to obtain the F-1 Visa. The following items are required from international applicants:

- Mt. SAC Application for Admission
- International (F-1 Visa) Student Application
- Application processing fee of $50.00 (U.S.)
- Confidential Financial support documents
- A “paper based” TOEFL score of at least 450, “computer based” TOEFL score of at least 133, or an Internet-based score of at least 45.
- Transcripts from high school and/or college attended
- TB (tuberculosis) test
- Proof of health insurance (prior to registration)

The following items are required for current F-1 Visa students transferring into Mt. SAC:

- Copy of I-20
- Copy of I-94
- Transfer form

The deadlines to apply for the 2006-07 school year are as follows:

- Summer 2006 — First Monday of April
- Fall 2006 — First Monday of June
- Winter/Spring 2007 — First Monday of November

F-1 Visa students can obtain all application materials from our College Website at www.mtsac.edu. From The Mt. Sac home page, click on “Apply or Register,” click on “Forms and Publications,” then click on “Application for International Students.” TOEFL scores, admissions application (both college and International Student Application), and all supporting materials must be received on or before the term deadlines listed above. Students will be required to take the Assessment of Written English (AWE) when they arrive at Mt. San Antonio College. Applications received after the deadline will be considered for the following semester. The application fee must accompany the admission application.

Registration
Registration for classes is done online via the web at http://my.mtsac.edu or by touchtone telephone at (909) 595-MSAC (595-6722). Students who enrolled in the previous semester or session preceding the enrollment term are eligible to register for classes and will be mailed a Permit to Register at least two weeks prior to the beginning of registration. Mailing of Permits to Register for new applications is dependent on the date an application is submitted.
Matriculation

Students who do not receive a permit in the mail before the first day of registration may also check their date and time to register at http://my.mtsac.edu. Students should remember to update their mailing address at the above web site or at the Admissions and Records Office.

Schedule of Classes
The Mt. SAC Schedule of Classes, which indicates intended course offerings and teaching assignments for both credit, noncredit and community education courses, is published each semester. The credit course offerings are found in the front of the schedule, along with an admissions application for credit course offerings. The noncredit and community education course listing appears towards the back of the book and also includes the smaller noncredit/community education registration card. The combined Schedule of Classes is also available on campus, on the Mt. SAC website (www.mtsac.edu) and at community libraries. The College reserves the right to cancel, reschedule, equalize, or combine classes and to change professors where such action is deemed necessary. Because of facilities limitations, any class section or program will be closed as soon as enrollment has reached the maximum designated for that class or program.

Enrollment Fees and Expenses
Students are charged an enrollment fee, a Student Activities Fee, a Health Services Fee, and for some classes Materials Fees for each semester at Mt. San Antonio College. These fees are subject to change. Please consult the latest Schedule of Classes for current fees and other related information. Students must purchase their own textbooks and supplies. Expenses for books and supplies for full-time students may average $300 to $400 per semester depending upon the program of study selected.

Students wishing to park in the regular student parking lots are required to have a valid Student Parking Permit. The permit may be purchased at the time of registration (if paying by credit card) or at the Bursar’s Office located in Building 9A.

Refund of Fees
To be eligible for a refund, students must complete and file a Request for Fee Refund form at the Bursar’s Office. The Request for Fee Refund form must be completed whether a class is dropped in person, online or by Telephone Registration. Requests for Fee Refund forms must be completed prior to the end of the second week of each semester for 18 week classes, and prior to the end of the first week for short-term classes. This refund period applies to the following fees:

- Enrollment Fee
- Student Activities Fee
- Health Services Fee
- Parking Fee
- Course Materials Fee

NO REFUNDS will be granted after the second week of the semester, except refunds for non-resident tuition which will be pro-rated accordingly, military withdrawal, and classes cancelled by the College.

Non-Resident Tuition Fee: If students who have paid tuition withdraw from the College or reduce their program load, they should apply immediately at the Bursar’s Office for a fee refund. The amount of the refund will depend upon when the Request for Fee Refund form is submitted and will be pro-rated accordingly.

Military Refund: In the case of students who are members of an active or reserve military unit and who receive orders compelling a withdrawal from courses, the College shall, upon petition by the affected student, refund the parking fee, health fee, materials fee, Student Activities Fee, entire enrollment fee and non-resident tuition fee unless academic credit is awarded.

NOTE: A $10 refund processing fee will be assessed to every refund where enrollment fees are being returned. The processing fee will not apply to refunds for college cancelled classes or special administrative drops.

Cancelled Classes
Classes may be cancelled at the discretion of the College. Students enrolled in such a class will be permitted to enroll in other open classes.

Students who have a class or classes cancelled by the College because of low enrollment are eligible for a full refund of fees paid for those classes. To receive the fee refund, the student must complete and file a Request for Fee Refund at the Bursar’s Office. All applicable receipts, cards, and permits must be attached to the request form.

Student Obligations
Mt. San Antonio College will withhold grades, transcripts, diplomas, and registration privileges, or any combination thereof, from any student or former student who fails to pay a proper financial obligation due the College (e.g., returned check, unpaid enrollment fees, unpaid loan, equipment breakage, unpaid library fine, etc.). Any item or items withheld shall be released when the student satisfactorily meets the financial obligation.

There is a processing fee of $20 for returned checks or stop payment of checks. Students having disciplinary obligations with the Student Life Office will not be allowed to transact College business until the obligation is met.

ASSESSMENT AND PLACEMENT
Most students attending Mt. San Antonio College are required to participate in assessment. The assessment and placement process has been established to enable all students an opportunity to achieve probable success in their course work. In addition, the process allows the faculty to direct their courses at an appropriate level with the knowledge that students will be reasonably prepared.

Placement Tests
Placement tests are required for appropriate course placement. Students take placement exams for math, English and reading courses. Advanced level placement exams should be taken when applicable to the student’s academic background and intended program of study.

English Placement
The College utilizes the Assessment of Written English (AWE) to evaluate students’ writing skills. Most students are required to have their English competency assessed prior to registration. Based on the assessment, students are placed in one of the following categories:

A. Eligible for English classes. Based on assessment results, students will be eligible for either ENGL 1A, 68, 67, or LERN 81.
B. Eligible for AMLA writing courses (designed for students who are not fluent in the English language). Students may enroll in AMLA writing courses and continue enrolling in AMLA writing courses until they are eligible for ENGL 67 or ENGL 68.
C. Eligible for ESL (English as Second Language) classes. Students may enroll in ESL adult education courses each semester until eligible for AMLA courses; then enroll in AMLA courses each semester until they are eligible for ENGL 67 or English 68.

Students in any of the categories listed above may enroll in other courses for which they are eligible. Students with limited English skills are not prohibited from enrolling in vocational courses.

Math Placement
The College utilizes a selection of assessment instruments to place students into math courses. Students take one of the math placement exams commensurate with their most recent, successful completion of Pre-Algebra, Algebra, Intermediate Algebra and Pre-Calculus.

Reading Placement
The College utilizes the Degrees of Reading Power (DRP) reading test to assess student reading skills. Based on the results of the reading test, the student will be advised to take an appropriate reading course.
If a student does not meet the prerequisite English and math listed must be completed with a grade of C or better, unless otherwise stated. If a student does not meet the prerequisite or corequisite requirements, the student will be blocked from enrollment to develop an Educational Plan. The Educational Plan lists the courses needed to complete a specific major, as well as identifying graduation and/or transfer requirements in general education.

Students who are undecided about their major and/or career and educational goals, should make an appointment in the Counseling Center to meet with a counselor. Career counseling services are available to students at no cost, to assist students in making the most appropriate choices about their future.

Counseling and advising services are provided to matriculated students who are in need of additional assistance regarding course selection, major selection, and transfer information and planning. Students are encouraged to meet with a counselor during their first semester of enrollment to develop an Educational Plan. The Educational Plan lists the courses needed to complete a specific major, as well as identifying graduation and/or transfer requirements in general education.

Students who are undecided about their major and/or career and educational goals, should make an appointment in the Counseling Center to meet with a counselor. Career counseling services are available to students at no cost, to assist students in making the most appropriate choices about their future.

Students are exempt from Matriculation requirements if they are:
A. enrolled in Community Services classes only;
B. graduates with an Associate or advanced degree from an accredited institution;
or
C. registering only in general interest classes.
Exemption from matriculation does not preclude the requirement to meet course prerequisites which may include assessment.

Courses designated “Pre-Collegiate” develop basic skills in reading, writing, and mathematics. They will neither count toward graduation from Mt. San Antonio College, nor transfer to a baccalaureate institution.

Placed students may seek consultation in the appropriate division office.

Prerequisites to a course are those courses which must have been taken previously as preparation for the course. To enroll in a class that has a prerequisite, the prerequisite must have been completed prior to enrolling in the course. In some instances, a prerequisite may have been taken previously.

An advisory to a course is preparation which is highly recommended by faculty teaching the course. Although students may enroll in a course if they do not possess the advisory skills, they are encouraged to abide by an advisory whenever possible.

If a student believes that any of the following conditions exist with regard to an existing course prerequisite or corequisite, the student may obtain a Petition to Challenge form from the Counseling Office or Admissions and Records Office in the Student Services Building or from division offices.

- The prerequisite or corequisite has not been established in accordance with the College’s process for establishing prerequisites and corequisites;
- The prerequisite or corequisite is in violation of State Title 5 regulations;
- The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
- The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
- The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite course has not been made reasonably available; or
- Such other grounds for challenge as may be established by the district governing board.

The student must provide appropriate documentation when filing a challenge with the appropriate division office.

Documentation may include, but is not limited to, high school or college transcripts, additional test results, work experience, or an on-campus writing sample. Prior enrollment in the course does not exempt a student from the current prerequisite of that course.
Section 3

Academic Policies and Requirements
ATTENDANCE AND ENROLLMENT

Attendance
Students are expected to attend all class meetings. It is the students’ responsibility to know the attendance and absence policies of their professors.

Professors will take attendance at all class meetings. It is the responsibility of each professor to inform his/her classes of the attendance and absence policies at the beginning of each semester.

It is the student’s responsibility to officially drop a class whenever he or she determines that he or she can no longer attend the class. Failure to drop a class officially may result in a failing grade and/or a financial obligation to the college.

Instructors may drop students from their class rolls through the last day of the tenth week of instruction of a regular semester for excessive absence as defined by the instructor.

Students will be granted College-authorized absences for participation in the following activities:
1. Player participation in inter-collegiate athletics and activities.
2. Class-planned field trips.
3. Area and State student government conferences.
4. Class-planned and sponsored speech, art, drama, and music programs.

NOTE: To establish an official College-authorized absence, the professor must submit the students’ names to the Student Life Office.

Auditing Courses
Students may not audit courses at Mt. San Antonio College. All students must be officially enrolled in a course in order to attend that course.

Dropping Courses and Withdrawing from the College
For 16-week classes, students who drop a class, withdraw from College, or are dropped from a class by the professor during the first three (3) weeks of a regular semester will receive no mark(s) or notation(s) on their permanent record.

Students who drop a class, withdraw from College, or are dropped by the professor between the first day of the fourth week and the last day of the tenth week of instruction during a regular semester will receive a mark of “W” withdrawal on their permanent record.

Students who drop a class, withdraw from College, or are dropped by the professor during the last day of the tenth week in a regular semester. All students enrolled after the tenth week shall receive an academic grade (A, B, C, D, F, CR, NC) or an incomplete mark for the course.

In short-term courses, students who withdraw or are dropped from class during the first 20% of the course will receive no notation on their permanent record. Students may drop short-term courses only through 61% of the course.

A “W” withdrawal mark shall not be assigned to any student enrolled after the last day to drop except in the case of an approved petition because of extenuating circumstances. A “W” withdrawal remains a permanent part of a student’s academic record.

Student Unit Limits
Without petitioning, students may enroll in up to 18 units each semester and up to seven units each summer and winter session. Students who have completed a minimum of 15 college units in a given semester with a grade point average of at least 3.0 and have a minimum cumulative grade point average of at least 3.0 may petition for permission to enroll in units above the maximum.

Students may be required to see a counselor as part of the petition process. Petitions are available in the Counseling Office, located on the upper level of the Student Services Center.

Repeateable Courses
Certain courses may be taken more than once for credit. If the course is designated as repeatable, the course may be repeated only for the number of times allowable. To determine whether a course is repeatable, refer to Section 10, Course Descriptions, in this Catalog.

Repeating Courses Previously Passed
State Regulations do not allow students to repeat non-repeatable courses previously passed with satisfactory grades of “A,” “B,” “C,” or “Credit.” Students with extenuating circumstances may file a Petition for Exceptional Action in the Admissions Office. Students who are allowed to repeat courses based on this provision will not earn additional units or grade points toward improving or changing the previous grade earned in the class or toward changing the overall grade point average.

Petitions for Exceptional Action
Student Petitions for Exceptional Action forms are available from the Counseling Office and Admissions and Records Office in the Student Services Center. Students may complete these forms and submit them to Admissions and Records. Subsequent action on a petition will be taken either by the appropriate administrator or the Board of Appeals.

Limitations on Repeating Courses
Beginning with the Fall 1998 semester, students who have recorded either a substandard grade of either “D,” “F,” or “No Credit,” will only be allowed to repeat the same course one time. On repetition, the second or latest grade will count toward the grade point average and the previous grade will be discounted or “forgiven.” The student’s permanent academic record will be annotated such that all course work that has been taken and forgiven or repeated will remain legible, insuring a true and complete academic history. Unit credit is only allowed once when repeating a D grade.

Students shall be allowed a maximum of two withdrawals for a given course where a mark of “W” is posted for both withdrawals. To re-enroll in the course, students must submit a Petition to Re-enroll in a Course after Withdrawal. The petitions are available in department offices and division offices. Students who petition and are approved will have one additional opportunity to re-enroll and successfully complete the course.

Students who believe they have exceptional circumstances can seek a waiver to repeat a class an additional time through the division or department office pertaining to the specific course. Participation in an intervention program may be required.

CREDITS AND GRADES

Definition of a Unit of Credit
The standard “unit” represents one hour in class recitation and two hours of outside preparation per week or its equivalent for one semester. By this definition, “unit” is synonymous with “semester lecture hour.” In laboratory work and certain activity courses such as physical education, choir, drafting, etc., a greater number of in class hours per week is required for each unit of credit. In summer sessions, one unit of credit represents three hours of lecture per week.

Classification of Students
Students at Mt. San Antonio College are classified as follows:

- Full-time — enrolled in 12 or more units in a fall or spring semester, or four or more units during a six-week summer or winter session.
- Part-time — enrolled in less than 12 units during the fall or spring semester or less than 4 units during a six-week session or less than nine units during a nine-week summer or winter session.
- Freshman — a student who has completed less than 30 units of credit.
- Sophomore — a student who has completed 30 units of credit or more.

Grading System
Scholastic grades showing the academic achievement of students are issued at the end of each semester. Any student enrolled as of the first day of the fourth week in a full semester course for any semester shall receive one of the marks listed below on his/her permanent records.
Academic Policies and Requirements

**GRADING SCALE**

<td></td>
</tr>
</tbody>
</table>

**Incomplete**

A student may file a petition for an incomplete or the instructor may initiate the petition on behalf of the student who is currently passing the class under the following circumstances: verifiable illness or emergency or verifiable work conflict. Incompletes may only be issued for requirements missed commencing the fourteenth (14) week of a regular semester class or after 85% of a short-term or summer session or winter intersession class. Re-enrollment in the same course for purposes of making up the incomplete is prohibited. The petition is subject to the approval of the instructor. If the petition is granted, the student must complete all outstanding course requirements (stipulated on the Petition to Request Incomplete form) within one year, or the incomplete will be come a letter grade assigned by the instructor.

**IP — In Progress:** The “IP” symbol shall be used to denote that the class extends beyond the normal end of an academic term. It indicates that work is “in progress,” but that assignment of a substantive grade must await its completion. The “IP” symbol shall remain on the student’s permanent record in order to satisfy enrollment documentation. The appropriate evaluative grade and unit credit shall be assigned and appear on the student’s record for the term in which the course is completed.

**RD — Report Delayed:** The “RD” symbol may be assigned only by the Admissions and Records Office. It is to be used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student. It is a temporary notation to be replaced by a permanent symbol as soon as possible. “RD” shall not be used in calculating grade point averages.

**W — Withdrawal:** Withdrawal from a class or classes shall be authorized through the last day of the 10th week of instruction of a regular semester-length class. No notation (“W” or other) shall be made on the academic record of the student who withdraws during the first three weeks of a regular semester-length class. Withdrawal between the first day of the 4th week and the last day of the 10th week of instruction shall be recorded as a “W” on the student’s record. The “W” shall not be used in calculating grade point averages, but excessive “W’s” shall be used as factors in probation and dismissal procedures. Withdrawal from short-term classes of less than semester length, but greater than six weeks, is authorized for a period of time through 61% of the course, and a mark of “W” shall be made on the student’s academic record. Students are allowed no more than two “W” grades in a class. To repeat a class, the student must petition using the process described under “Limitations on Repeating Courses.” No notation shall be made on the academic record of a student who withdraws from a short term class of less than semester length, but greater than six weeks, provided the student withdraws no later than the end of the first 30% of the course.

**MW — Military Withdrawal:** The “MW,” military withdrawal, mark shall be assigned only for students who are members of an active or reserve military unit, and who receive orders compelling a withdrawal from courses. Upon verification of such order, this symbol may be assigned at any time after the period established by the governing board during which no notation is made for withdrawals. The “MW” shall not be counted in determining registration priority, progress probation, and dismissal calculations. “In order to retain catalog rights, a student must re-apply for admission within one semester of completion of active duty.” A “W” previously incurred commencing January 1, 1990, and which meets the definition of “MW” may be changed to “MW.”

**Final Examinations**

A final examination shall be administered in all classes in compliance with the Final Exam Schedule prepared each semester by the Admissions and Records Office. If a student is unable to attend a scheduled final examination, he/she must contact his/her instructor to make other arrangements. A student who does not take a final examination and who does not qualify for an “Incomplete” (see Grading-Incomplete), shall be assigned the grade “F” or “Zero” for the examination, and this grade shall be averaged in determining the final course grade. When a grade of “Incomplete” has been given, a copy of the final examination must be filed in the appropriate division office at the close of the semester.

**Early Examinations**

If a student must leave school prior to the scheduled final examinations week, he/she may take early examinations with the approval of his/her instructor. In no case may a student be released earlier than two weeks before the scheduled date of his/her final examination.

**Credit/No Credit Grades**

Some courses offered at Mt. San Antonio College are available to students on two different grading options: letter grade (A, B, C, D, F) or Credit/No Credit (CR — A, B, or C; NC — D, F). A few classes are offered for Credit/No Credit only. These courses are designed to encourage students to explore areas outside their major field of study in order to broaden and enrich their collegiate experience, and to afford an opportunity for departments to offer courses in which there is diminished emphasis on grades. The Credit/No Credit grading option is no longer available for General Education courses.

In courses offering the grading option, students are automatically registered on a letter grade basis at the time of registration. If a change is desired, the student must declare his/her intent to be graded on a Credit/No Credit basis at the Admissions and Records Office no later than the last day of the fourth week of instruction in a full semester class. The grading option may not be changed at a later date. Students enrolled in short-term courses of less than semester length, but greater than six weeks, must determine their grading option no later than the end of the first 30% of the course or 30% of the required hours of instruction listed in the description for an open-entry/open-exit course. In any short-term course of less than six weeks, students must determine their grading option at the time of registration.

Credit toward graduation by using Credit/No Credit classes is limited to a maximum of 16 units. Courses taken for Credit/No Credit are not counted in calculating grade point average, nor in determining eligibility for the Dean’s List, but such courses are considered in probation and dismissal procedures.

Students are cautioned that upon transfer to baccalaureate institutions, “NC” grades typically are considered to be “F” grades.

**Credit by Examination**

The general philosophy of Mt. San Antonio College is that the interaction which takes place between the student and professor is of critical importance to the learning process. However, quality instruction places a premium on meeting individual student needs. Therefore, Mt. San Antonio College provides for Credit by Examination enabling the student to accelerate his/her educational program by providing opportunity to obtain credit in those fields in which he/she has already achieved proficiency independently or by informal means.
Advising Center.

A list of courses for Credit by Examination is available at each Division Office. The following rules and regulations:

**Rules and Regulations**

1. Credit by Examination will be granted only for those courses which have been so designated by the departments.
2. Any grade received for Credit by Examination will be entered on the student's permanent record with a notation of "Credit by Comprehensive Exam."
3. A student may petition for Credit by Examination provided:
   a. The student has been registered at Mt. San Antonio College.
   b. The student has not already received credit nor is currently enrolled beyond six weeks in the same course or in a more advanced course (except for Advanced Placement Course Credit).
   c. The student has at least a 2.0 grade point average. This includes transfer/new students.
4. The student may obtain the petition for Credit by Examination from the Division Office.
5. The department will establish written guidelines by which the eligibility of a student to take such an examination is determined.
6. The Department will assign a grade depending on the results of the examination and submit the form "Petition for Credit by Examination" to Admissions and Records.
7. The student may not use Credit by Examination to satisfy the residency requirement for the degree.

A list of courses for Credit by Examination is available at each Division Office, the Instruction Office, the Counseling Department, or the Advising Center.

**Advanced Placement Examinations in CSU General Education–Breadth Certification**

Advanced Placement examinations may be incorporated into certification of completion of CSU General Education–Breadth requirements by any participating institution. Students must have scored 3, 4, or 5 on an Advanced Placement examination listed below to receive the credit indicated. All CSU campuses will accept the minimum units shown below toward fulfillment of the designated General Education–Breadth area if the examination is included in a full or subject-area certification; individual CSU campuses may choose to accept more units than those specified below towards completion of General Education–Breadth requirements. The CSU campus to which the student is transferring determines the total number of units awarded for successful completion of an Advanced Placement examination and the applicability of the examination to other graduation requirements. See the table above for specific AP Subjects.

**International Baccalaureate Credit for Mt. SAC General Education Requirements for the Associate Degree**

Students completing all or portions of the International Baccalaureate (IB) program at their high school may petition to utilize the results of their IB examinations to meet Mt SAC general education requirements in the areas identified below. Only IB certificate examinations with scores of 5, 6, or 7 on will be honored.

Students who have both a qualifying Advanced Placement (AP) test score (3 or above) and a qualifying IB certificate exam score (5 or above) in the same examination area, or who have completed a college level course for credit, will only have the first completion counted for credit.

Both UC and CSU stipulate that IB students who complete an IB diploma are eligible to receive 30 units of credit towards graduation. These are unspecified units (electives) and do not meet specific general education requirements at the university. Mt. SAC will not honor such requests by diploma students. Only individual IB exams will be eligible to receive academic credit.

**Credit for Extra Institutional Learning**

**Philosophical Basis**

This policy of granting credit for extra-institutional learning is provided for students under special conditions in recognition of learning that has been attained outside the sponsorship of legally authorized and accredited post-secondary institutions.

General Policy Statement
Credit for extra-institutional learning will be awarded to those students who have attained competency of subject matter through experiences outside of the sponsorship of legally authorized and accredited postsecondary institutions.

The College will accept the recommendations of the American Council on Education in reference to the guide to the Evaluation of Educational Experience Experiences in the Armed Forces and the National Guide to Credit Recommendation for Non-collegiate courses; the College Entrance Examination board in reference to its recommendation of Advanced Placement Examinations, and credit recommendations from other similar nationally recognized academic institutions, including Mt. San Antonio College's policy for comprehensive examinations.

Policy Regulations
- Of the 60 units required for the Associate Degree, at least twenty-four (24) units must be earned in courses that contribute to the grade point average.
- Extra-institutional learning credit will normally not be evaluated unless the credit is necessary for graduation.
- Credit for non-collegiate courses will be awarded only for work applicable toward the Associate Degree. Credit may be granted for upper division courses provided the student has earned less than 60 units at the time the upper division work is attempted.
- To petition for extra-institutional learning credit, a student must have at least a 2.0 grade point average, not be on probation, and be in good standing.
- The permanent academic record shall be annotated in such a manner to insure that a true and complete history of extra-institutional learning credit has been granted.

Credit for Military Training
Mt. San Antonio College will grant four units of Baccalaureate level elective credits for military experience without regard to the field of service. Additional credit may be allowed for specific programs of training and credits earned through the United States Armed Forces Institute. The College will follow the recommendations made by the American Council on Education.

HONORS

Academic Honors
President’s List
The President’s List is an honors list comprised of those students who have achieved a 3.50 or better grade point average in a minimum of twelve (12) letter-graded Associate Degree applicable units per semester.

Dean’s List
The Dean’s List is an honors list comprised of those students who have achieved between a 3.0 to 3.49 grade point average in a minimum of twelve (12) letter-graded Associate Degree applicable units per semester.

Graduation Honors
Graduation honors are awarded as follows:

Academic Distinction
The “Academic Distinction Honor” designation is placed on the transcript and degree of the graduate who has achieved an overall grade point average (GPA) of 4.00.

Scholastic Honor
The “Scholastic Honor” designation is placed on the transcript of the graduate who has achieved an overall grade point average (GPA) of 3.90 through 3.99.

With Honors
The “With Honors” designation is placed on the transcripts and degree of the graduate who has achieved an overall grade point average (GPA) of 3.75 through 3.89.

Honors Program
Mt. San Antonio College offers an Honors Program for students who have demonstrated academic excellence. Honors courses are specially designed sections of transferable general education courses and, with a few exceptions, are part of the IGETC requirement list.

Completion of the Honors Program makes a student eligible for guaranteed priority admission to the following universities: UCLA, UC Irvine, UC Riverside, UC Santa Cruz, Chapman University, Pepperdine University, Pitzer College, Pomona College, and Occidental College. In addition to an enhanced curriculum for motivated students, Honors Program students receive library privileges at UC Irvine, UCLA, and UC Riverside; and an Honors Certificate and pin upon honors certification.

Entrance Requirements
- High School Students — Eligibility for ENGL 1A; 1,000 composite SAT2 score; 3.5 GPA
- Mt. San Antonio College Students — Nine transferable units; Eligibility for ENGL 1A; 3.5 GPA (Waivers can be obtained through the Honors Program Office for highly motivated students with a competitive GPA and an in-progress grade report and professor recommendation.)
Academic Policies and Requirements

Requirements for “Honors Program Graduate” Designation

- Complete six (6) honors courses (18 units) with a minimum 3.2 GPA for honors certification
- Maintain a 3.2 GPA

For additional information about Mt. SAC’s Honors Program, contact the Dean of Instruction at Ext. 5463 or the Honors Program Office at Ext. 4665.

Alpha Gamma Sigma

Mt. San Antonio College sponsors the Zeta Chapter of Alpha Gamma Sigma, the statewide scholastic honorary organization for California Community Colleges. There are three categories of membership eligibility. Only degree appropriate courses/units (those that grant credit for an Associate or Bachelor's degree) may be used to establish eligibility for membership (Exception: Temporary Membership).

1. **Temporary:** (First college semester only) Must hold a California Scholaristic Federation (CSF) Life Membership OR be a high school graduate with a cumulative grade point average of 3.5 or higher. This membership is intended as an introduction to Alpha Gamma Sigma and is not to be considered as an initial membership.

2. **Initial:** (First time membership) Must have completed 12 degree-appropriate units in a maximum of three (3) semesters with a degree appropriate cumulative grade point average of 3.0 or higher.

3. **Continuing:** (Previous membership) Must have achieved for the previous semester a degree appropriate grade point average of 3.0 or higher OR have maintained a degree appropriate cumulative grade point average of 3.0 or higher.

Part-time students are eligible for membership. Membership requires campus and community involvement (service hours). Applications are available in Student Life, Building 9C-1. For further information and review of academic eligibility, students should consult an Alpha Gamma Sigma Officer or an Alpha Gamma Sigma Advisor. Scholarships provided by Zeta Chapter and the State Alpha Gamma Sigma Organization are available to actively involved members. Some baccalaureate granting institutions provide scholarship assistance which is limited to Alpha Gamma Sigma members. For details, consult with an Alpha Gamma Sigma Advisor.

Permanent membership in Alpha Gamma Sigma is an honorary lifetime AGS title for students who have completed 60 degree appropriate units; a minimum of 30 of the total 60 units must have been completed at Mt. SAC. A permanent membership application must be submitted by the graduation petition deadline. To apply students must: a) have a cumulative G.P.A of 3.25 or higher for 60 completed degree appropriate units and, b) complete a minimum of two semesters as an active or inactive member. Only permanent members receive recognition at graduation.

**Phi Theta Kappa**

Mt. SAC sponsors the Alpha Omega Alpha Chapter of Phi Theta Kappa, an international scholastic honorary organization for America's two-year colleges, including Canada, Germany, Puerto Rico, Panama and American Samoa. Eligibility for membership is established for the following:

1. Full and part-time students who have completed 12 appropriate degree units with a 3.5 grade point average at an accredited institution.
2. Students who have maintained a 3.5 grade point average while a member.

For further information and review of academic eligibility, students should consult a Counselor or a Phi Theta Kappa advisor. Currently, some 70 U.S. colleges and universities offer scholarships to members. There are several advantages which accompany this honor, including recognition at graduation. Applications are available at the Honors Program office in 26A-102.

**ACADEMIC STANDARDS**

**Probation and Dismissal**

There are two forms of probation: Academic Probation and Progress Probation.

**Academic Probation**

A student is placed on Academic Probation when the student, while enrolled at Mt. San Antonio College has:

1. attempted at least 12 units, and
2. earned a cumulative grade point average below 2.00.

A student will be cleared from Academic Probation when the student's cumulative grade point average at Mt. San Antonio College is 2.00 or higher.

**Progress Probation**

A student is placed on Progress Probation when the student, while enrolled at Mt. San Antonio College has:

1. Enrolled in a total of at least 12 units, and
2. cumulatively received more units of “withdrawal” (“W”), “incomplete” (“I”), and “no credit” (“NC”) than the number of units of “A,” “B,” “C,” “D,” or “CR” and
3. earned more units of withdrawal (“W”), incomplete (“I”) and “no credit” (“NC”) in the most recent regular semester of enrollment than the number of units of “A,” “B,” “C,” “D,” or “CR” in that same semester.

**Four Levels of Probation**

**Probation Level 1 (L1)** occurs at the end of the first semester after the student has achieved 12 units and has earned a cumulative grade point average below 2.0, or has received more than 50% of his or her grades as W, INC, or NC grade indicators. Level 1 students will be limited to enroll in a maximum of 12 units while at Level 1 probation status and are encouraged to see a counselor.

**Probation Level 2 (L2)** occurs when the student has completed a second semester of Academic or Progress Probation. Student will be required to participate in a prescribed counseling intervention in order to be eligible to register for the following semester. Students will be limited to a maximum of 7 units while at Level 2 status.

**Probation Level 3 (L3) (Dismissal)** occurs when the student has been placed on Academic or Progress Probation for any three semesters of enrollment and is thereby dismissed from the college for at least one regular semester. If the student has enrolled in the subsequent semester before the Probation 3 status has been determined through the posting of the previous semester's grades, the student will be dropped from all courses.

**Probation Level 4 (L4) (Subsequent Dismissal)** occurs when a student has been reinstated after having been dismissed and fails to meet the conditions of reinstatement. Level 4 students will not be allowed to enroll in courses for at least two continuous years (four regular semesters). If the student has been determined to be at this probation level through the posting of the previous semester's grades, the student will be dropped from all courses.

**Clearing Probation**

1. **Academic Probation** — When the student's cumulative grade point average at Mt. San Antonio College is 2.00 or higher, the student shall be cleared from Academic Probation.

2. **Progress Probation** — A student will be cleared from Progress Probation when the student's cumulative number of units of “A,” “B,” “C,” “D,” or “CR” reaches or exceeds the cumulative number of units of “W,” “I,” and “NC.”

**Reinstatement After Dismissal**

1. **Probation Level 3 (Dismissal)** — a dismissed student may apply for reinstatement after an interval of one regular semester of absence from Mt. San Antonio College. The student must meet with a counselor to be reinstated and to determine the number of units in which the student will be permitted to enroll.
2. **Probation Level 4 (Subsequent Dismissal)** — a subsequently dismissed student may apply for reinstatement after an absence from Mt. San Antonio College of two years or four regular semesters. Petitions shall be submitted to a counselor with verification of remedial work, or evidence of readiness to do successful college work. The counselor determines the number of units in which the student may enroll.

A reinstated student (from Probation 3 or Probation 4) must earn a semester grade point average of at least 2.00 and complete at least one-half of all units attempted in each semester after reinstatement at Mt. San Antonio College. The reinstated student remains on a probationary, reinstated status until the student has achieved a cumulative grade point average of at least 2.00 and has earned at least as many cumulative units of “A,” “B,” “C,” “D,” or “CR” as units of “W,” “I,” or “NC.”

**Appeals Process**

Students with unique and extenuating circumstances which they believe warrant an exception to Mt. San Antonio College regulations and policies may file a Petition for Exceptional Action. Petitions are available in the offices of Admissions and Records, Counseling, Student Life, and Vice President of Student Services.

Students who have clearly documented extenuating circumstances may appeal decisions made at the department level by requesting a review by the College’s Board of Appeals.

**RECORDS**

**Definition of Educational Records**

Educational records consist of those files maintained by the following offices: Admissions and Records, Counseling, Assessment, Financial Aid, and those files maintained for individual students by departments.

**Academic Renewal**

The Academic Renewal Policy is provided for students in specific circumstances where previously recorded, substandard academic performance is not reflective of the student’s present demonstrated ability. Academic renewal applies only to substandard coursework completed at Mt. SAC. Students with substandard coursework at other colleges/universities need to contact those institutions to see if they are eligible for academic renewal under the provisions of academic renewal of said institution.

A. A maximum of twenty-four units may be alleviated.

B. Since completion of the work to be disregarded, the student’s cumulative grade point average for all units completed at the time of adjustment must be at least 3.0 for 18 semester units, 2.5 for 24 semester units, or 2.0 for 30 units. The cumulative grade point average may include course work completed at Mt. San Antonio College and/or other accredited colleges or universities. Courses used to qualify for Academic Renewal which were completed at another college or university must be verified by official college transcripts.

C. A time period of at least two years must have elapsed since the end of the term of substandard work to be disregarded.

D. Academic renewal will apply only to substandard grades: D, F, and NC.

E. The permanent academic record shall be annotated in such a manner that all work remains legible, insuring a true and complete academic history.

F. Mt. San Antonio College does not guarantee that academic renewal will be honored by institutions outside of the District. This determination will be made by the transfer institution.

G. Students requesting academic renewal must file a petition in the Admissions and Records Office. Students should consult with a counselor prior to filing this petition.

**Transcripts**

Official transcripts of work completed at Mt. San Antonio College may be obtained by submitting a written request to Admissions and Records located on the lower level of the Student Services Center. The first two requests for transcripts are free, subsequent requests are $2.00 each. Free unofficial/students copies of transcripts may be obtained from campus kiosks or from the Advising Center located on the upper level of the Student Services Center or online at [http://my.mtsac.edu](http://my.mtsac.edu).

**Challenge of Educational Records**

1. Any student may file a written request with the Records Officer of the District (Director, Admissions and Records) to remove information recorded in the student’s record which is alleged to be: 1) inaccurate; 2) an unsubstantiated personal conclusion or inference; 3) a conclusion or inference outside of the observer’s area of competence; or 4) not based on the personal observation of the named person with the time and place of the observation of the named person with the time and place of the observation noted.

2. If the student is not satisfied with the determination made by the Director, Admissions and Records, the student may, within thirty (30) days, appeal the decision to the Board of Trustees.

3. Grades assigned by an instructor to indicate the student’s performance in a course are not in contest, unless they were assigned by mistake, fraud, bad faith, or incompetency. (Education Code 76224)
STUDENT SERVICES

Mt. San Antonio College provides a wide range of support services which are essential for success to assist a diverse student population in achieving their educational, career, personal and social goals.

Admissions and Records

Admissions and Records, located on the lower level of the Student Services Center, provides a variety of services to students. It is usually the first office prospective students visit, and the last office students visit before transferring or graduating. The following are some of the services provided:

1. All students must submit an application for admission in order to attend Mt. San Antonio College. The admissions application generates a Permit to Register and establishes a historical student record for each student. Also, transcripts from high school and other colleges must be submitted for prerequisite eligibility checks.
2. All registration is done online via the web at my.mtsac.edu or by telephone at (909) 595-MSAC. Registration instructions can be found in the latest Schedule of Classes or online at my.mtsac.edu.
3. Other services provided by Admissions and Records include maintaining student demographic information such as name, address and Mt. SAC student identification numbers, maintaining student academic history, issuing I-20’s for International Students, processing Petitions for Exceptional Action, processing transcript and enrollment verification requests, processing graduation and certificate petitions and distributing diplomas and certificates. Admissions and Records is the official custodian of student records and maintains all permanent roll sheets and grade books received from faculty.
4. The Admissions and Records Office also provides the Student Services Kiosks located in the Student Services Building. These kiosks provide unofficial transcripts, final grades, and copies of the Permit to Register. All services available at the kiosk are also available at my.mtsac.edu. To use this service, students must have their Mt. SAC Student Identification number and Personal Identification Number (PIN).

Advising Center

The Advising Center offers a variety of transfer support services including:

- a library of college and university catalogs
- opportunities to meet with university representatives
- a complimentary copy of student transcripts
- computerized course articulation
- scholarship and career information

Students can schedule campus tours or request information on any of Mt. San Antonio College’s programs and services. Educational advisors are also available to provide guidance information on transfer preparation, certificate programs, graduation requirements and College policies and regulations.

Assessment Center

The Assessment Center administers the College’s placement and career assessment program. Services offered are as follows:

1. Placement testing (English, Math, and Reading) measures students’ readiness for appropriate course placement.
2. Career Assessments measure student interests, abilities, work values, and experience to help students with career planning.

To make an appointment for testing or for further information, call or visit the Assessment Center, located on the lower level of the Student Services Center.

The Bridge Program

The Bridge program is a learning community designed to increase students’ academic and personal success through the structuring of a personalized learning environment.

Admission to the program is based on academic need. Students participating in Bridge are enrolled in linked classes that are taught in a cooperative environment between instructors. In this group setting students have an opportunity to learn about being successful college students and how to utilize college services. In addition, students are supported by Bridge Program staff and counselors, financial aid advisors, as well as by transfer and advising specialists.

The Bridge Program is the right choice for students who find themselves undecided on career choices, who have apprehensions about the transition to college, and who would like to make new friends. Bridge students share particular educational goals, common interests, and similar backgrounds.

As part of the Bridge Program, students can choose to be part of the Summer Academy and/or the Freshman Experience.

Bursar’s Office

The Bursar’s Office, located on the lower level of the Student Services Center, is responsible for the collection of credit registration fees and other campus fees including parking permits, transcripts, enrollment verification, production cards and malpractice insurance. The office also processes photo ID cards and refunds credit classes.

CalWORKS (California Work Opportunities and Responsibility to Kids)

(CalWORKS (California Work Opportunities and Responsibility to Kids), Ext. 4755)

(See Extended Opportunity Programs and Services — EOPS)

Counseling Center

The Counseling Center provides students with the educational, vocational and personal support needed to complete their educational goal. It is staffed by professional counselors who assist students with issues that might affect their education progress. Services offered include:

- career counseling and decision making
- career and personality testing and interpretation
- major selection and counseling to prepare for transfer to a four-year institution
- orientation of new students to the college
- evaluating academic skills and college preparedness, especially for those students experiencing academic difficulties
- counseling for personal issues and concerns

New students are required to participate in an orientation session with counselors. Students with associate degrees or higher are exempt. Undecided and new students are encouraged to enroll in Counseling classes during their first year of enrollment at the college.

Career Placement Services

The Career Placement department helps students and graduates to secure part-time and full-time employment in order to help them continue to attend college, or to enter into a career field related to their A.S. Degree or career certificate.

Services include:

- Job referrals to employment opportunities in the community
- Internship opportunities
- Assistance with resumes and interviewing skills
- Employment acquisition skills workshops
- Job search library and printed handouts
- Job fairs and on-campus recruiting
- Internet access to recruiting sites and job boards on the web

While Mt SAC graduates may return to the Career Placement Office for employment assistance, current students are strongly encouraged to visit Career Placement Services while they are still attending.
Disabled Student Programs & Services (DSP&S), Student Services Center, Ext. 4290

If students have a disability which limits their ability to participate fully and equally in any College instructional program and/or activity, they are encouraged to visit Disabled Student Programs and Services. A professional will meet with them to determine the extent of their limitations and the special services and accommodations that may be provided for their needs.

To take advantage of the wide array of special programs and services we offer, written documentation of disability must be provided by a physician or appropriate professional; the disability must present a limitation to a successful education; the ability to benefit from instruction must be demonstrated; and self-management skills (mobility, eating and using restrooms without assistance) must be adequate, unless an attendant is utilized. We do not provide attendant service.

If students have a doctor's verification that requires them to park in zones designated as “handicapped parking,” they are required to apply for a state “Disabled Person” permit and placard from the Department of Motor Vehicles, if they don’t already have one. While applying for the placard the student may obtain a special parking permit from DSP&S at no extra cost. This permit must be displayed in addition to the student parking permit which must be purchased. The special parking permit from DSP&S is valid for only one semester.

If students have a current “Disabled Person” permit and placard or a “DP” license plate from the State of California Department of Motor Vehicles, they are not required to purchase a student parking permit. They are allowed to park in any parking space designated as “handicapped parking,” any metered space (at no cost), or any time-limited space (without having to observe the time limit specified). Please ensure that the placard or license plate is displayed properly. DSP&S highly recommends that students visit our department to determine if there are any other services that may be of assistance while attending Mt. San Antonio College.

No exceptions will be made for special parking privileges. A citation and fine will result if these guidelines are not followed. Questions should be directed to DSP&S, Ext. 4290 or Parking and Security, ext. 4555 (after 4:30 p.m., Ext. 4299).

Programs and services are provided for students with various disabilities. There are eligibility requirements for some of the programs offered. We invite and encourage all students to visit Disabled Student Programs and Services, located on the lower level of the Student Services Center.

CARE (Cooperative Agencies Resources for Education), Ext. 4392

(See Extended Opportunity Programs and Services – EOPS)

Extended Opportunity Programs and Services (EOPS), Student Services Center, Ext. 4500

Extended Opportunity Programs and Services (EOPS), located on the lower level of the Student Services Center, provides access to higher education for students with academic and financial disadvantages and the office of EOPS assists students seeking Re-Entry services as well as those who qualify for CARE. Some of the services offered are:

- Counseling
- Educational Planning
- Peer Advising
- Instructional Development and Services
- Tutoring
- Book Service Program
- Financial Assistance

To be eligible for the EOPS program, a student must:

- Be a California resident
- Be enrolled as a full-time student (12 units or more)
- Have fewer than 70 degree applicable units
- Qualify to receive a Board of Governors’ Enrollment Fee Waiver under Method A or B
- Be educationally disadvantaged

CARE (Cooperative Agencies Resources for Education) is a support program for EOPS students who are single head of household parents receiving CalWORKs — and provides additional assistance to students who are:

- Eligible for EOPS
- Enrolled in at least 12 units upon acceptance
- Currently receiving AFDC/TANF assistance, with at least one child under 14 years of age
- At least 18 years old, single head of household
- Have applied for financial aid and have a need for child care, transportation, books and supplies, and/or counseling to attend college
- Pursuing a program at Mt. SAC which will lead to a certificate, degree or transfer

Students who believe they qualify for the program should visit the EOPS Office.

Financial Aid

Student Services Center, Ext. 4450

Financial aid is intended to help students who might not otherwise be able to attend college. Although the primary responsibility for meeting college costs rests with the student and his or her family, it is recognized that many families have limited resources and are unable to meet the cost of a college education. Financial aid programs have been established to provide assistance for students with documented financial need.

The College provides financial assistance in the form of grants, loans, scholarships, and part-time employment for students who meet financial aid program eligibility requirements. Student financial aid awards are contingent upon continued funding from Federal and State government agencies.

All students may be eligible for some form of assistance based on their financial need. The Financial Aid Office, located on the upper level of the Student Services Center building, administers aid programs for eligible applicants. Eligibility criteria for financial aid programs are subject to frequent change. Current information as well as application forms are available in the Financial Aid Office.

Financial Aid seminars are available to assist students with information about the application process. Contact the Financial Aid Office for information on scheduled seminars.

Recipients of aid from Federal and State funded programs must be students enrolled in eligible programs of study for the purpose of obtaining a degree, an approved Title IV certificate, or transfer. In addition to financial need, other eligibility requirements for most Federal and State programs include:

1. Having a high school diploma, a GED, or passing the Ability to Benefit test that has been approved by the Department of Education and is administered at the Assessment Center in the Student Services Center.
2. Being a U.S. Citizen or eligible non-citizen.
3. Maintaining satisfactory progress in accordance with the standards.
4. Not be in default on a federal loan or grant overpayment.
5. Be registered with the selective service, if required.
6. Have a valid social security number.

To be considered for financial aid, students must complete the Free Application for Federal Student Aid (FAFSA) or the renewal application. These applications are usually available beginning in January for the following academic year. If a student is interested in a State of California Grant, the FAFSA and a GPA verification form must be completed. The Cal Grant program deadline is March 2nd of each year. For students who miss this deadline, there is a second opportunity only for community college students to apply for Cal Grants. The deadline for this is September 2nd. Additional information and eligibility requirements are available at the Financial Aid Office.
Student Services and Student Life

The FAFSA is the application for the following Federal and State programs:
- Federal Perkins Loans
- Board of Governors’ Fee Waiver
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work-Study Program (FWS)
- Need-based scholarships
- Federal Direct Loans (subsidized and unsubsidized)
- State CAL Grants
- Federal Family Education Loan (FFEL)

Students eligible for financial aid typically receive a “package” of aid from two or more of the financial aid programs.

Mt. SAC will determine the amount of federal financial aid that a student has earned in accordance with federal law. Recipients of federal programs are subject to the Return of Title IV funds requirements. Students who receive federal financial aid and do not attend any classes will be required to repay all of the funds they have received. Students who withdraw from all classes prior to completing more than 60% of the semester will have their financial aid eligibility recalculated based on the percentage of the semester completed, and will be required to repay any unearned financial aid they have received. At Mt. SAC a student’s withdrawal date is:
1) the date the student officially notified the Admissions Office of his or her intent to withdraw, or
2) the midpoint of the semester for a student who leaves without notifying the college, or
3) the student’s last date of attendance at a documented academically-related activity, or
4) the date posted by the instructor indicating last day of attendance.

The information reported on the FAFSA may be verified by the Financial Aid Office using a parent’s and/or the student’s Internal Revenue Services Forms 1040, 1040A, or 1040EZ. Students must be able to provide a copy of their Social Security card (if requested), Alien Registration card (if applicable), and their College Services card or Photo ID for identification purposes.

In addition, the College participates in the California Community College Board of Governors’ Fee Waiver program. This program is available to qualified California residents. The enrollment fee is waived for eligible students. The student is responsible for paying the remainder of the fees assessed within seven business days of registration, or classes will be dropped. There are three methods to qualify: (1) Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), or General Relief recipient, or (2) Household size/family income, or (3) Financial need as determined by filing the Free Application for Federal Student Aid (FAFSA). Applications for this program are available in the Financial Aid Office.

Information about the College Scholarship Program can be obtained in the Financial Aid Office.

Health Services (Building 67B) Student Services Center, Ext. 4400
Medical, personal counseling, nursing, and health education services are provided. Professional health services are provided primarily on an appointment basis. Additional services include laboratory tests, tuberculosis screening, limited prescription medications, immunizations, pregnancy testing, and referrals. First aid services are provided for all students, employees and guests of the College. Please call for an appointment.

International Student Programs Student Services Center, Ext. 4415
Mt. San Antonio College annually welcomes hundreds of international students on F-1 visas to pursue a higher education. International students must complete and submit additional application materials and pay non-resident fees to study at the College. Specialized counseling assistance is available. Staff in Admissions and Records are also available to assist international students.

First Year Experience, Ext. 5392
The First Year Experience program offers a unique combination of courses this fall to incoming students who aren’t quite prepared for college-level math and English. First Year Experience students will receive:
- Instant enrollment in pre-college math and English classes.
- (Guaranteed enrollment granted on a first-come, first served basis.)
- Chance to earn up to 9 units of academic credit.
- Instant enrollment in pre-college math and English classes.
- Popular morning sessions.
- Easy-to-follow instruction by our superb faculty.
- Opportunity to work in teams to achieve their success.
- Expert counseling on what it takes to succeed in college and beyond.

In addition, the coursework is enriched with field trips and tutorial assistance to enhance the learning experience.

Re-Entry Services Student Services Center, Ext. 4392
(See Extended Opportunity Programs and Services – EOPS)

Veterans’ Affairs Student Services Center, Ext. 4520
Veterans’ Affairs, located on the upper level of the Student Services Center, provides programs for Veterans and dependents seeking educational and/or vocational training under Title 38, United States Code.

Veterans are urged to take advantage of the counseling service and educational programs offered by Mt. San Antonio College. The College cooperates with the Veterans’ Administration and with the California State Bureau of Vocational Rehabilitation in helping veterans. Veterans and dependents are required to comply with Veteran Regulations Section 21.4135, 21.4235, and 21.4277, in regard to required attendance and progress that the student (veteran or dependent) must meet in order to receive educational benefits under Title 38, United States Code.

The Veterans’ Administration requires all entering veterans to be formally evaluated for military experience to prevent future interruption of educational benefits. All prior transcripts (College or Service) must be received and evaluated by our Admissions and Records Office as soon as possible along with a complete and signed educational plan prior to the second semester. Students should visit the Counseling Center for assistance in completing their educational plan.

Satisfactory progress of veterans or eligible dependents is measured by the successful completion of the number of units enrolled.

“W,” “NC,” and “F” grades are considered punitive grades.”F” grades may cause an overpayment if the veteran does not take his/her final. Please refer to Mt. San Antonio College’s Probation and Dismissal Policies in this Catalog.

A 2.0 GPA must be maintained in order to receive an Associate Degree. Should a veteran fail to make satisfactory progress for two semesters, benefits will be terminated. The veteran will be contacted and an appointment must be made with a counselor. Upon satisfactory completion of one semester of approved courses, benefits will be reinstated.

The veteran or dependent has the responsibility to adhere to these standards of attendance and progress and to notify the Veterans’ Affairs Office of any change in status that would affect the collecting of veteran’s benefits. Additions, drops, withdrawals, and last day of attendance must be reported at once.

The College maintains a Veterans Service Center to assist veterans and/or dependents in all matters pertaining to veteran’s benefits.

Veterans and/or eligible dependents must apply each semester for their Veterans Administration educational assistance allowance through the Veteran’s Service Center. Special details such as application deadlines can be found in the most current Schedule of Classes.

**Child Development Center**  
**Building 9E, Ext. 4920**

**Admission Policy**
Early care and education services for children from birth through 5 are provided between the hours of 6:30 a.m. and 7:00 p.m., Monday through Thursday and 6:30 a.m. until 5 p.m. on Fridays for student/parent, staff, and community parents (community children on a space available basis only). The Child Development Center welcomes all children regardless of sex, ethnicity, religion, or physical handicap. A child must be in good health and parents must meet eligibility requirements. A student/parent must be enrolled in 6 or more units of credit coursework in order to be accepted into the program. Day time students have priority.

**State Preschool Program Half and Full Day**
A State Preschool Program is available for low-income eligible student/parents of 3- and 4-year-old children (4-year-old children have priority). There may be a minimum daily fee for this program.

**General Childcare Funding**
This program is available on a limited basis for low-income eligible student/parents. There may be a minimum daily fee for this program depending on the family’s gross monthly income.

**Fee Program**
Children not qualified or accepted for State Preschool or General Child Care Funding may enroll in the Fee-based program. The fee schedule is available by contacting the Child Development Center.

**Enrollment**
Formal application must be made in person at the Child Development Center, Building 9E, located North of the campus bookstore (SacBookRac). Final acceptance into the program will be determined when eligibility has been decided, all paperwork has been completed, and all required fees are paid. State Law requires that an oral interview/orientation be completed.

For information concerning registration dates and times, those interested should consult the latest Mt. San Antonio College Schedule of Classes or contact the Child Development Center at Ext. 4920.

**Escort Service, Ext. 4233**
Mt. San Antonio College offers an evening escort service from 6:30 p.m. to 10:10 p.m. Monday through Thursday. Students can request an escort by calling Ext. 4233. Please refer to the Escort map below to identify the locations. Escorts can be identified by their yellow jackets and ID badges. Escorts are employed under the jurisdiction of the Public Safety Department.

**Student Life Center**  
**Building 9C, Ext. 4528**

The Student Center, located in Building 9C, serves as the focal point for student activities and programs. The Center creates a supportive and relaxing environment where students can interact with one another along with staff and faculty. The Student Center serves as a meeting place for social functions, activities, lectures, clubs, and student government. The Center offers activities, games, and a relaxing place to do homework or watch television. The Center is the place to find information about off-campus housing.

**Student Government**  
**Building 9C, Room 1, Ext. 4525**
Student Government is recognized as the official student voice on all College issues. There are 20 Senate positions available to students interested in becoming involved in the governance of the College. The Senate allocates monies to support various College programs, events, and services. Associated Students (A.S.) meetings are held every Tuesday and Thursday in the Student Center, Building 9C, Room 5 from 2:00 p.m. - 4:00 p.m. There are many other opportunities to influence College policies by serving on College-wide committees. Contact the Student Life Office at Ext. 4525 for more information.

**Campus Clubs and Organizations**  
**Building 9C, Room 1, Ext. 4525**
Interested in joining a club or organization? Student Life is the place! There are over 40 opportunities for students to join a variety of clubs: cultural, religious, vocational, general interest, or special needs. We welcome new ideas for club involvement. The Inter-Club Council (I.C.C.) meets weekly on Mondays at Noon with a representative from each active club sharing ideas, formulating procedures and seeking ways to better serve the College and the community. Contact the Student Life Office at Ext. 4525 for more information.

**Escort Location Map**
Campus escort locations are indicated on the map below with a white X.

---

**STUDENT LIFE**

Student Life provides opportunities for participation in social, club, leadership, and personal growth and development experiences.

**Student Life Office/Student Center Building 9C, Ext. 4525**

The Student Life Office provides a variety of services offering assistance to students and staff. Forms for planning an event or activity, locating lost items, contacting students in emergency situations and giving information regarding clubs and opportunities for on-campus involvement are available in Student Life. This office also approves and enforces all on-campus posting.

The Student Life Office also assists students in compiling their Activities Transcript which denotes all extra curricular activities. This transcript is sent in conjunction with a student’s academic transcript and helps verify the student’s involvements in activities outside the classroom.

The Director of Student Life serves to counsel and discipline students based upon the College’s Student Discipline Policy. Students are assisted in understanding their due process rights and Grievance Procedures. The office responds to Public Safety calls regarding disciplinary issues and advises faculty and staff on issues relating to discipline.

The Executive Offices of the Associated Students are located here as well as the club mailboxes.
Section 5  
Instruction and Learning Resources
INSTRUCTION
Distance Learning Program

What is Distance Learning?
Distance Learning is a mode of education in which a portion of the instruction occurs when there is a geographical distance between the teacher and the student. Students do not need to come to the campus each week but can learn from, and communicate with, their professor using a variety of technologies.

Online Learning Classes:
Mt. San Antonio College offers many classes online via the Internet. To be successful in these courses, students must have access to a personal computer with Internet connection using Netscape Navigator 6 or Internet Explorer 6 and an email address.

Online-Supported (Hybrid) Classes:
Hybrid classes have one or more components of the class delivered in an online mode via the Internet. Students meet with their instructor and attend on-campus meetings. (Number of on-campus meetings to be determined by the instructor).

For further information about the Distance Learning Program at Mt. San Antonio College, contact the Dean, Library & Learning Resources at (909) 594-5611, Ext. 5658 or email to kstern@mtsac.edu.

Study Abroad Program
Mt. San Antonio College offers students a wide range of study abroad opportunities. The Work and Study in London Program leads participants to obtain a mini-certificate in International Business while working for up to six months in the United Kingdom. There are also a number of short-term summer study programs sponsored by the college in international locations, and our membership in the California Colleges for International Education (CCIE) permits students to participate in study abroad programs sponsored by dozens of other member community colleges throughout California. Interested students may inquire about these programs by contacting the Humanities and Social Sciences Division Office, Ext. 4570, or by visiting the International Studies Office in Building 15, Room 17A.

Work Experience Education
Occupational work experience education is supervised work activity extending classroom-based occupational learning at an on-the-job learning station (work site) relating to the student's occupational goal. This is guided by a written agreement between the College, the work site, and the student, providing the learner with adequate equipment, materials, and facilities to support the learning objectives specified within the agreement.

Student Qualifications
Students participating in Work Experience must:

1. Have the approval of the assigned work-experience Instructor/Coordinator.
2. Have an occupational or educational goal to which, in the opinion of the Instructor/Coordinator, the work-experience education will contribute.
3. Pursue a planned program of work-experience education based on written, measurable learning objectives which are directly related to the student's educational program and which, in the opinion of the Instructor/Coordinator, include new or expanded responsibilities or learning opportunities beyond those experienced during previous employment. Repetition of experiences in an ongoing job does not permit continued eligibility for the program.
4. Meet the following condition if self-employed: Identify a person who is approved by the Instructor/Coordinator to serve as a designated employer representative. This representative shall agree, in writing, to accept the following employer responsibilities:
   a. Assist the student in identifying new or expanded on-the-job learning objectives.
   b. Assist in the evaluation of the student's identified on-the-job learning objectives.
   c. Validate hours worked.

Credits
For the satisfactory completion of work-experience education, the College will grant credit to a student in an amount not to exceed four (4) units per semester, with a maximum total of sixteen (16) units during the student's enrollment at the College. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester of supervised work is required for each one unit of credit.

The students must be, as verified by the supervising instructor, enrolled in an occupational program directly related to the work experience assignment.

The student enrolled in the work-experience program shall assume and comply with the following responsibilities:

1. Unless otherwise determined, develop measurable learning objectives approved by the Instructor/Coordinator and work-site supervisor.
2. If under the age of 18, obtain the written permission of their parents.
3. Faithfully discharge the duties of the on-the-job assignment.
4. Notify the Instructor/Coordinator of any work-site problems or change in status of duties.
5. Try at all times to represent themselves and the College positively while at the work site.
6. If prior to enrolling in work-experience education, the student is already employed full time by the work site where the work experience will take place, the student must write a report concerning a learning objective that extended beyond the duties of the regular job.

Humanities/Social Sciences Computer Lab, Building 26D, Rooms 102, 104, 106

The Humanities/Social Sciences Computer Center offers free services to all students taking courses in the Humanities and Social Science Division. There are three adjacent labs, each with a different function. The Humanities Computer Center (HCC) is a writing lab that students can use to work process their papers. Students can also create PowerPoint presentations in this facility. The main purpose of the Humanities Internet lab (HIL) is to provide Internet access. Students can research their papers using the library database, telecommunicate with instructors through email, participate in chat rooms, as well as scan documents, burn CDs, print in color, and use word processing and PowerPoint. Finally, the Writing/Reading Assistance Center (WRAC) has a great selection of grammar software to help students improve their English skills. All three labs also have tutors and an English instructor on duty who can help students in a variety of subjects.

Library and Learning Resources

Learning Assistance Center, Building 6, South Entrance, Lower Level, Learning Technology Center

The Learning Assistance Center offers instruction for students who need to review pre-collegiate skills in math, reading, and writing. The center additionally offers free student services including tutoring, assessment of skills, and support in developing a personalized study plan.

Tutorial Services in the Learning Assistance Center provides free tutoring to all Mt. San Antonio College students, both drop-in and study group tutoring. Regularly scheduled tutors assist students with their course work in most subject areas and with their study skills techniques.

The Learning Lab computers and audio-visual equipment are available to all students in the community. The computers enable students to use the Internet for research, to communicate with instructors through email, to view multimedia programs, to use word processing, to develop multimedia research projects, and to supplement classroom activities through computer-assisted instruction.

Section 6

Campus Facilities
CAMPUS FACILITIES

Art Gallery
Building 1B, Ext. 4328
The Mt. San Antonio College Art Gallery has a long history of outstanding Gallery Exhibitions highlighting prominent international and national artists as well as its outstanding faculty and students. The Gallery offers four to five exhibitions per year. Among these are the Faculty Exhibition featuring the works of Mt. San Antonio College faculty artists and the annual Student Exhibition featuring student work from the fine arts, commercial arts, computer graphics, and photography.

For information on Gallery exhibition dates and times, contact the Art Gallery office at (909) 594-5611, Ext. 4328.

Athletic Facilities, Ext. 4850
Hilmer Lodge Stadium, a 15,000-seat football and track facility, is located in the southeast section of the College campus. This is the home of the world famous “Mt. SAC Relays.” Other athletic facilities include tennis courts, and volleyball courts, as well as a cross-country course, baseball field, softball field, soccer field, a 1,470-seat gymnasium, wrestling gym, strength-training facilities, an Olympic size swimming pool, and an Exercise Science/Wellness Center.

Auxiliary Services, Building 9A, Ext. 4470
The Auxiliary Services/Accounting Office serves students, faculty, staff, and the campus community. The following services are provided by this office:

- administration and supervision of the fiscal operations of the Associated Students
- collection of campus obligations
- accounting for all loans and scholarship disbursements and collections
- accounting for Mt. SAC Relays, the Cross Country Invitational Meet and the AAF Youth Days
- accounting for campus clubs and trusts
- administration of the Athletic Services Fund
- accounting for the bookstore, Bursar’s Office, Dining Services, and Performing Arts
- administration of contracts
- ticket sales for student events
- administration of the ticket booth for the Mt. SAC Relays and athletic events

- limited cashing of personal checks with campus ID
- ordering and distributing faculty caps and gowns
- billing for catering from Dining Services
- billing for students in State Rehabilitation, JTPA, GAIN, ILP, TRA, EOPS, CARE, Vets and BECA Programs
- payroll/Human Resources for all areas of the enterprise
- processing of purchase orders and checks
- preparing daily change funds for all areas of the enterprise
- processing vending machine refunds
- selling Foothill and Metro bus passes

Bookstore “SacBookRac,” Building 9A, Ext. 4475
The bookstore, “SacBookRac,” is located in Building 9A on the north end of the campus.

Students are encouraged to buy books early, especially if they are interested in purchasing used books (first-come/first-served). In addition to basic textbooks, general trade and paperback books, sundries, greeting cards, soft goods, and gifts are also available.

Refund Policy
Students must purchase their own textbooks and supplies. Expenses for books and supplies for full-time students average about $300-$350 per semester, depending upon the program of study selected.

Refunds are allowed within a certain limited time period when classes are changed and officially dropped. The refund policy is posted and available in the bookstore and printed on a bookmark given at the time of purchase.

Exercise Science/Wellness Center, Building 27A, North Door, Ext. 4625
This modern, multi-dimensional facility offers health and lifestyle screening; health, fitness, and performance physical fitness assessments; all levels of aerobic exercise (including step aerobics); circuit/strength training; and cardiorespiratory exercise.

Programs and services include: stress management, nutrition, diet/weight control, EKG/metabolic testing, athletic performance testing, individual health/fitness programming and injury prevention/rehabilitation. Activities are offered for all age groups including a youth fitness program and courses for older adults.

The Center is open for a fee to Mt. San Antonio College students, staff, and surrounding community. The Center also provides corporate employee wellness programs on campus and at business work sites. For further information, contact the Exercise/Wellness Center at Ext. 4625.

Farm, Ext. 4540
The Farm, serving as a laboratory and as a supervised farm for students, offers an unrivaled opportunity for learning. Students interested in stock breeding, veterinary science, agri-business, horse production, field crop production, horticulture, floral design, or farm products may gain valuable experience in these fields by working with their own animals and crops while attending college. Contact the College’s Campus Events office at Ext. 4794 for information on guided tours.

Food Services
The Food Services Department provides the campus community with a cafeteria, coffeehouse, fast food restaurant, and four convenience stores.

Campus Café
Building 8, Ext. 4105
The Campus Café, located on the west side of campus next to the SacBookRac, features homemade, fresh cafeteria-style dining. Catering is available for small meetings up to large banquets.

Common Grounds
Building 8, Ext. 4180
Common Grounds, located inside the Campus Café, features Starbucks coffees, wireless Internet access, and Wednesday evening poetry readings.

Mountie Grill
Building 19C, Ext. 4624
The Mountie Grill, located on the southern portion of the campus, is a fast food restaurant providing a variety of food items.

Convenience Stores
All stores offer a variety of snack foods, cold and hot beverages, and school and test supplies.

Mountie Stop
Building 9A, Ext. 4497
Express Stop
Building 16A, Ext. 4142
Quick Stop
Building 40, Ext. 6216
Short Stop
Building 66

Vending Machines
Buildings 4, 7, 9C, 26, 28, 30, 40, 45

Section 6 27
Performing Arts Center
The Mt. San Antonio College Performing Arts Center is a 66,770 square foot facility that provides instructional and performance accommodations to the three main discipline areas of Theatre, Music, and Dance. The Performing Arts Center was designed as a technological, state-of-the-art instructional facility to prepare Mt. San Antonio College students for careers in the performing arts.

The Sophia B. Clarke Theater is a formal 415-seat, full proscenium theater that wraps the audience around a performance. By providing a circular form and box seats at the perimeter, audience intimacy with the stage is maximized. The stage and fly tower are at a professional scale and contain equipment equal to the finest state-of-the-art theaters both regionally and internationally.

The Music Recital Hall provides for intimate musical performances. The Recital Hall is a 250-seat acoustical space richly articulated with reflective surfaces of maple wood and acoustical plaster; it is acoustically shaped with a 43' high ceiling. Sound reflectors above the stage further support acoustical distribution.

The Studio Theater adjacent to the Clarke Theater is surrounded by a scene shop, costume shop, dressing rooms, and faculty offices. The 40' x 50' x 40' theater allows for total dramatic performance flexibility. An 18' lighting grid allows light and scene flexibility. The Studio Theater is such a flexible facility that it can accommodate most any seating and scene configuration.

The Dance Studio is a 56' x 85' x 30' high mirrored room that allows for a grand level of physical movement. With its ceiling and upper walls painted white and bathed in natural lighting, it is an appealing and brilliant space.

Each of the three venues was designed to provide state-of-the-art acoustical quality and technical performance capabilities that put the Mt. SAC Performing Arts Center on a level with the finest theaters in the region.

Performing Arts Center Box Office
Box Office Phone: (909) 468-4050
Box Office Fax: (909) 468-4031
The Mt. San Antonio College Performing Arts Center Box Office is located in the Performing Arts Center Complex (off Grand Avenue) adjacent to the Sophia B. Clarke Theater. The Box Office is open Monday – Friday from 12:00 p.m. to 5:00 p.m. and two hours prior to a scheduled performance. The current season’s brochure of events is available through the Box Office.

Ticket orders are accepted over the telephone, through the mail, in person, or by fax. Mastercard, Visa, Discover, and American Express are accepted. All phone-in and mail-in orders are subject to a $3.00 service charge.

Tickets may be exchanged for another performance of the same production up to 24 hours before the performance. If patrons are unable to attend a performance, tickets may be returned and the college will issue a receipt for a tax-deductible donation. All tickets are non-refundable.

Planetarium, Ext. 2050
The planetarium offers instructional support for college classes, as well as a wide variety of public programs on a regular basis. Information on planetarium shows is available through a 24-hour “hotline.” Please call (909) 594-5611, Ext. 3810. Special programs are offered for elementary and secondary school groups by reservation. Contact the College’s Campus Events office, Ext. 4794, for further information.

Radio Station and Cable TV Station, Ext. 4678
KSAK, 90.1 FM, is the campus radio station broadcasting to the community. The Community College Instructional Network (CCIN), a distance learning network offering twenty-six credit courses via televised lessons to forty-two community colleges, originates from the Mt. San Antonio College Broadcast Studio.

Wildlife Sanctuary, Ext. 4425
This ten-acre parcel, located on the southwestern portion of the Mt. San Antonio College campus includes a stream, lake, pond, swamp, meadow, and woodland. The sanctuary has been set aside as a place where plants and animals exist in a natural balance. Paths through the sanctuary provide access for visitors. For guided tours, contact the College’s Campus Events office at Ext. 4794.
Programs of Study Leading to an Associate in Arts Degree or an Associate in Science Degree
## Programs Leading to an Associates Degree

### PROGRAMS OF STUDY LEADING TO AN ASSOCIATE IN ARTS DEGREE

Mt. San Antonio College offers six Associate in Arts degrees:

- **A.A. Transfer Studies – CSU**
- **A.A. Transfer Studies – IGETC**
- **A.A. Fine Arts & Humanities**
- **A.A. Language Arts & Communication**
- **A.A. Natural Sciences & Mathematics**
- **A.A. Social & Behavioral Sciences**

The A.A. Transfer Studies, CSU and IGETC, are designed to meet the needs of students planning to transfer to a 4-year college or university. The other four degree options are designed to meet the needs of students interested in graduating with an Associate level college degree by studying specific related disciplines of academic subjects. These students are not intending to pursue a specific occupational major, nor are they necessarily planning to transfer. However, careful educational planning with a counselor or an educational advisor will help to ensure that if a student did decide at a later date to transfer to a university, they would have a solid beginning in the transfer planning process.

A general overview of the “Graduation Requirements” for these Associate in Arts degrees is found on page 31 of this catalog. Below you will find the specific “major” requirements for each of the six A.A. degree options offered.

### A.A. TRANSFER STUDIES – CSU

This major is intended for students who are planning to transfer to a university. They are also planning to transfer to one of the campuses of the California State University system. The “Major” requirements for this degree are met by completing the California General Education Pattern, listed later in this catalog, Section 9. In addition to CSU General Education certification, a student must meet all graduation requirements for an Associate in Arts degree, described on page 31 of this catalog.

### A.A. TRANSFER STUDIES – IGETC

This major is intended for students who are planning to transfer to a university. Most students who follow IGETC are hoping to transfer to a University of California campus, but this pattern is also accepted by the California State University system. The “Major” requirements for an A.A. degree are met by completing the IGETC pattern. In addition to completing the IGETC pattern, a student must meet all graduation requirements for an Associate in Arts degree, described on page 31 of this catalog.

### ASSOCIATE IN ARTS DEGREES – REQUIRED COURSES

#### A.A. Fine Arts & Humanities

Select 18 “Degree Appropriate” units from the following related disciplines:

- AHIS: DN-T
- ARTB: Foreign
- ARTD: Languages
- ARTS: HIST

#### A.A. Language Arts & Communication

Select 18 “Degree Appropriate” units from the following related disciplines:

- ENGL: JOUR
- ARTB: Foreign
- ARTD: Languages
- ARTS: HIST

#### A.A. Natural Sciences & Mathematics

Select 18 “Degree Appropriate” units from the following related disciplines:

- AGFR: BIOL
- ANTH: CHEM
- ANTH: ANTH
- ANTH: ANTH

#### A.A. Social & Behavioral Sciences

Select 18 “Degree Appropriate” units from the following related disciplines:

- AGAG: BIOL
- AGFR: BIOL
- ANTH: ANTH
- ANTH: ANTH

### APPLICATION FOR GRADUATION

The Application for Graduation is the student's notification to Admissions and Records that he or she has completed all requirements and would like to receive a degree. The Application for Graduation form is available in the Admissions and Records office. Students should meet with a Counselor to discuss their Education Plan prior to submitting the Application for Graduation.

### RESIDENCY REQUIREMENT

The Residency Requirement for Mt. San Antonio College can be met in either of two ways: (1) twelve [12] units in residence and enrollment at Mt. San Antonio College in the last semester or (2) forty-five [45] units in residence, if the last semester is not at Mt. San Antonio College.

### MULTIPLE DEGREES

The Associate in Science degree shall be awarded to those graduates who majored in one of the occupational programs at Mt. San Antonio College. Students may be awarded both an Associate in Science degree and an Associate in Arts degree with the 60 units required for an Associate degree if they have met the requirements for both within the 60 units or earned credit. Each additional degree requires 18 units of course work beyond the 60 units required for the first degree(s), and must include the satisfactory completion of all the required courses in the additional major. Students awarded additional degrees must meet or complete the current general education requirements in effect at the time of re-entry.

### NOTE:

All courses used for the A.A. degree majors may be doubled counted toward the Mt. San Antonio College General Education requirements.

### APPLICATION FOR GRADUATION

All students intending to receive a degree must file an Application for Graduation with the Admissions and Records office and have on file all required documents and official transcripts. The deadline dates for submitting the Application for Graduation are as follows:

- **Fall**: deadline to apply for fall graduation is the end of the ninth week.
- **Spring**: deadline to apply for spring graduation is the end of the ninth week.
- **Summer**: deadline to apply for spring graduation is the end of the ninth week.

Students should check the Schedule of Classes (in Key Dates to Remember) for specific deadline dates for any given semester.

Applications received after the deadline will be processed with the next graduation cycle. Students may apply for graduation one semester prior to completing all required coursework. Once the degree has been conferred, the degree will be posted to the student's academic record and will appear on the transcript. Students will also receive their diplomas in the mail thereafter. If a student is denied graduation, he or she will be informed in writing.

### RESIDENCY REQUIREMENT

The Residency Requirement for Mt. San Antonio College can be met in either of two ways: (1) twelve [12] units in residence and enrollment at Mt. San Antonio College in the last semester or (2) forty-five [45] units in residence, if the last semester is not at Mt. San Antonio College.

### NOTE:

All students must file a petition for graduation with the Admissions & Records Office and have on file all required documents and transcripts.
ASSOCIATE IN ARTS DEGREE GRADUATION REQUIREMENTS 2006/2007

A.A. Degrees in the following majors:*  
Social & Behavioral Sciences  
Fine Arts & Humanities  
Language Arts & Communication  
Natural Science & Mathematics

Unit Requirement: Sixty (60) degree-appropriate units. A letter grade of “C” or better is required for each course required for graduation.

Major Requirement: A minimum of 18 units chosen from the appropriate list of courses for the major. A list of the courses found on page 30 of this catalog.

Math Competency: (3 units minimum)  
This requirement is met by completing one of the following with a grade of “C” or better:  
1. Math 61 Plane Geometry, or  
2. Math 71 Intermediate Algebra, or  
MATH 71B Intermediate Algebra—Second Half, or  
3. Completing a more advanced college level mathematics course.
4. Obtaining a satisfactory score on the Intermediate Algebra Competency Examination, or the Plane Geometry Competency Examination.

GPA Requirement: A Mt. San Antonio College “degree” total grade point average, and “all college” total grade point average of 2.0.

General Education Requirements: At least 24 units are required which shall include courses in each of the General Education areas, A through E (see pages 33-34). All courses must be completed with a grade of “C” or better.

A.A. Transfer Studies – CSU*:  
Unit Requirement: Sixty (60) baccalaureate level (transferable) units are required for graduation. A letter grade of “C” or better is required for each course required for graduation.

Major Requirement: Completion of CSU G.E. Certification Pattern. (see pages 99-101)

Math Competency: Satisfied by completing CSU G.E. certification of Area B-4. (see page 99)

GPA Requirement: A Mt. San Antonio College “degree” total grade point average, “all college” total grade point average, and “baccalaureate” level grade point average of 2.0.

General Education Requirements: Satisfied by completion of CSU G.E. Certification Pattern AND completion of the CSU U.S. History and American Institutions requirement. (see pages 99-101)

A.A. Transfer Studies – IGETC*:  
Unit Requirement: Sixty (60) baccalaureate level (transferable) units are required for graduation. A letter grade of “C” or better is required for each course required for graduation.

Major Requirement: Completion of IGETC Certification Pattern. (see pages 103 - 104)

Math Competency: Satisfied by completing IGETC certification, Area 2 (see page 103).

GPA Requirement: A Mt. San Antonio College “degree” total grade point average, “all college” total grade point average, and “baccalaureate” level grade point average of 2.0.

General Education Requirements: Satisfied by completion of the IGETC Certification Pattern, AND successful completion of Oral Communication requirement, AND the CSU U.S. History and American Institutions graduation requirement, AND completion of local Mt. SAC G.E., Area E (see pages 99 - 101 and 35).

NOTE: The information stated below pertains to all A.A. degree options described above:

*Physical Well-Being Requirement: Complete at least one of the physical education activity courses with the following prefixes: DNCE, PE-A, PE-F, PE-I, PE-L, PE-S, PE-X with a grade of “C” or better or “CR”.

*Reading Competency: This requirement is met by completing one of the following with a grade of “C” or better:  
1. AGAG 91 Agricultural Calculations  
   ELMA 65B Mathematics of Electronics  
   or  
   MATH 51 Elementary Algebra  
   or  
   MATH 51A Elementary Algebra—First Half  
   and  
   MATH 51B Elementary Algebra—Second Half  
   or  
   MATH 52 Algebra with Applications I  
   and  
   MATH 72 Algebra with Applications II  
   or  
   MATH 59 Fundamentals of Applied Mathematics  
   or  
   MATH 61 Plane Geometry

2. Completing a more advanced college level mathematics course with a grade of “C” or better.

3. Obtaining a satisfactory score on the Elementary Algebra Competency Examination.

GPA Requirement: A Mt. San Antonio College “degree” total grade point average, and “all college” total grade point average of 2.0.

General Education Requirements: At least 24 units are required which shall include courses in each of the General Education areas, A through E (see pages 33-34). All courses must be completed with a letter grade of “C” or better.

ASSOCIATE IN SCIENCE DEGREE GRADUATION REQUIREMENTS 2006/2007

Unit Requirement: Sixty (60) associate degree-appropriate units with a letter grade of “C” or better in all courses is required for graduation.

Major Requirement: Satisfied by completing all the required courses in an approved occupational program with a minimum grade of “C” in all courses.

Math Competency: (3 units minimum)  
This requirement is met by completing one of the following courses with a grade of “C” or better:  
1. AGAG 91 Agricultural Calculations  
   ELMA 65B Mathematics of Electronics  
   or  
   MATH 51 Elementary Algebra  
   or  
   MATH 51A Elementary Algebra—First Half  
   and  
   MATH 51B Elementary Algebra—Second Half  
   or  
   MATH 52 Algebra with Applications I  
   and  
   MATH 72 Algebra with Applications II  
   or  
   MATH 59 Fundamentals of Applied Mathematics  
   or  
   MATH 61 Plane Geometry

2. Completing a more advanced college level mathematics course with a grade of “C” or better.

3. Obtaining a satisfactory score on the Elementary Algebra Competency Examination.

GPA Requirement: A Mt. San Antonio College “degree” total grade point average, and “all college” total grade point average of 2.0.

Physical Well-Being Requirement: Complete at least one of the physical education activity courses with the following prefixes: DNCE, PE-A, PE-F, PE-I, PE-L, PE-S, PE-X with a grade of “C” or better or “CR”.

Reading Competency: This requirement is met by completing one of the following with a grade of “C” or better:  
1. READ 90 Preparing for College Reading  
   AMLA 33R American Language Advanced Reading  
   or obtaining placement into READ 100 on initial Reading placement exam or obtaining a satisfactory score on the Reading Competency Test.

NOTE: All students must file a petition for graduation with the Admissions & Records Office and have on file all required documents and transcripts.

Residency Requirement: The residency requirement for Mt. San Antonio College can be met in either of two ways:  
a) 12 units in residence and enrollment in last semester, or  
b) 45 units in residence if the last semester is not at Mt. San Antonio College.
Programs Leading to an Associates Degree

GENERAL EDUCATION REQUIREMENTS

**Philosophy Statement**

The general education component of the associate degree introduces students to the humanities, social sciences, natural sciences, applied sciences, and technology. It exposes students to different areas of study; demands the acquisition and use of reading, writing, and critical thinking skills at appropriate post-secondary levels; imparts a sense of our shared cultural heritage and how to function as responsible, ethical individuals in a complex society; and instills a level of intellectual curiosity and self-awareness conducive to lifelong learning and personal growth.

Together with other Mt. San Antonio College degree requirements, the general education component of the associate degree prepares students to:

- transfer to and function successfully in a baccalaureate degree granting institution;
- enter the work force as a competent, productive citizen;
- live a richer, more rewarding life.

General education is the distinguishing feature of higher education. It is a broadly-based core of humanistic knowledge and abilities, acquisition of which is the distinctive characteristic of the educated person. General education courses emphasize the ability to reason, to examine issues from different perspectives, to challenge authority, and to communicate ideas logically and confidently. They instill open-mindedness, respect for differences among people, and knowledge of self. They provide an understanding of the human condition and of human accomplishments and encourage a lifelong interest in learning.

General education courses are not primarily skills-based, nor are they limited to, or more appropriate for, majors in a specialized field of study. Courses that fulfill general education requirements must:

1. Require post-secondary level skills in reading, writing, computation, and critical thinking.
2. Improve students’ abilities to:
   - communicate oral and written ideas effectively;
   - define problems, design solutions, critically analyze results;
   - work effectively and cooperatively with others;
   - work independently;
   - develop and question personal and societal values, make informed choices, and accept responsibility for their decisions;
   - function as active, responsible, ethical citizens;
   - acquire the curiosity and skills essential for lifelong learning.

3. Impart understanding, knowledge, and appreciation of:
   - our shared scientific, technological, historical, and artistic heritage, including the contributions of women, ethnic minorities, and non-western cultures;
   - the earth’s ecosystem, including the processes that formed it and the strategies that are necessary for its maintenance;
   - human social, political, and economic institutions and behavior, including their interrelationships;
   - the psychological, social, and physiological dimensions of men and women as individuals and as members of society.

Courses that fulfill general education requirements must fall into one of the content categories listed below:

A. Communication and Critical Thinking

These courses emphasize both the content and form of communication. They teach students the relationship of language to logic, as well as how to analyze, criticize, and advocate ideas; to reason deductively and inductively; and to reach sound conclusions. Courses fulfilling this requirement:

- provide understanding of the psychological and social significance of communication;
- illustrate how communication operates in various situations;
- focus on communication from the rhetorical perspective: reasoning, advocacy, organization, accuracy; the discovery, critical evaluation, and reporting of information; reading, listening, speaking, and writing effectively;
- provide active participation and practice in written and oral communication.

B. Science and Mathematics

These courses impart knowledge about living and non-living systems, and mathematical concepts and quantitative reasoning with applications. Courses fulfilling this requirement:

- promote understanding and appreciation of the methodologies and tools of science;
- emphasize the influence of scientific knowledge on the development of civilization;
- impart appreciation and understanding of basic concepts, not just skills;
- offer specific inquiry into mathematical concepts, quantitative reasoning and application. (See Mt. SAC degree competency requirements.)

C. Humanities

These courses cultivate intellect, imagination, sensibility and sensitivity. They encourage students to respond subjectively as well as objectively and to develop a sense of the integrity of emotional and intellectual responses. Courses fulfilling this requirement:

- study great work of the human imagination;
- increase awareness and appreciation of the traditional humanistic disciplines such as art, dance, drama, literature, and music;
- impart an understanding of the interrelationship between creative art, the humanities, and the self;
- provide exposure to both Western and non-Western cultures;
- may include a foreign language course that contains a cultural component as opposed to a course that focuses solely on skills acquisition.

D. Social Sciences

These courses explore, at the micro and macro-level, the social, political, and economic institutions that underpin society. Courses fulfilling these requirements:

- promote understanding and appreciation of social, political, and economic institutions;
- probe the relationship between these institutions and human behavior;
- examine these institutions in both their historical and contemporary context;
- include the role of, and impact on, non-white ethnic minorities and women;
- include both Western and non-Western settings.

E. Lifelong Understanding and Self-Development

These courses facilitate an understanding of human beings as integrated physiological, social and psychological organisms. Courses fulfilling this requirement:

- provide selective consideration of human behavior, sexuality, nutrition, health, stress, implications of death and dying, and the relationship of people to the social and physical environment.

**ALPHABETICAL LISTING — ASSOCIATE IN SCIENCE DEGREE (A.S.)**

Mt. San Antonio College offers two year occupational degrees which are described in the section of the catalog. The degrees meet the degree requirements for the Associate in Science Degree major. Additional general education courses needed for completion of the degree requirements are listed in Section 3 – Academic Information and Requirements of this Catalog. For further information, please consult with the Career Counseling office on the upper level of the Student Services Center.

Programs Leading to an Associates Degree

Accounting

Accounting and Management Department
Major 20502

Students preparing to become professional accountants should follow the Business Administration course for a four-year college or university. The following is semi-professional training for those who seek employment in bookkeeping or accounting positions at the end of two years.

Requirements for the Major

Required courses:

- BUSA 7: Principles of Accounting — Financial, 5.0 CSU, UC
- BUSA 8: Principles of Accounting — Managerial, 5.0 CSU, UC
- BUSA 21: Cost Accounting, 4.0
- BUSA 52: Intermediate Accounting, 3.0
- BUSA 53: Ten-Key Calculations, 2.0
- BUSA 81: Work Experience in Accounting, 1.0
- BUSA 58: Federal Income Tax Law, 3.0
- BUSA 70: Payroll and Tax Accounting, 3.0
- BUSA 75: Using Microcomputers in Financial Accounting, 1.0
- BUSA 81: Work Experience in Accounting, 1.0
- BUSA 76: Using Microcomputers in Managerial Accounting, 1.0
- BUSA 81: Work Experience in Accounting, 1.0
- BUSM 20: Principles of Business, 3.0 CSU, UC
- BUSM 25: Business Communications, 3.0 CSU
- CISB 15: Microcomputer Applications, 4.0 CSU, UC

Total Units: 36.0 - 37.0

Administrative Assistant

Office Technology Department
Major 20514

This program is intended to prepare students for employment following graduation as administrative assistants, executive assistants, office managers, or other clerical and support staff. Training in a variety of computer and clerical skills is emphasized. Students desiring a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major

Required courses:

- BUSO 5: Business English, 3.0
- BUSO 25: Business Communications, 3.0 CSU
- BUSO 26: Oral Communications for Business
- COMP 2: Intermediate Computer Keyboarding
- COMP 12: Office Computer Applications, 4.0 CSU, UC
- CISB 15: Microcomputer Applications, 4.0 CSU, UC
- COMP 20: Word for the Business Professional
- COMP 28: Office Management Skills, 3.0
- COMP 50: Desktop Presentations using PowerPoint
- COMP 68: Transcription Techniques, 3.0

PLUS

Select one (1) course from:

- COMP 11: Internet Research for Business, 2.0 CSU
- COMP 13: Using Web Page Software, 4.0 CSU
- COMP 18: Data Entry, 3.0
- COMP 60: Desktop Publishing with InDesign or Pagemaker

Total Units: 33.0 - 35.0

Advertising Design and Illustration

Art Department
Major 21003

This program is designed to provide students with a combination of critical thinking skills, problem solving capacities, and the technical expertise necessary for entry level employment as a Graphic Designer or Illustrator in Advertising and related Visual Communication industries. Students completing the course are eligible for advanced training or for transfer to a college or university for further study.

Requirements for the Major

Required courses:

- ARTC 60: Graphic Design: Lettering and Typography, 3.0 CSU, UC
- ARTC 66: Portfolio, 3.0
- ARTC 70: Computer Graphics: Introduction
- ARTC 165: Illustration, 3.0 CSU
- ARTC 171: Computer Graphics: Layout and Design with QuarkXpress
- ARTD 15A: Drawing: Beginning, 3.0 CSU, UC
- ARTD 17A: Drawing: Life, 3.0 CSU, UC
- ARTD 20: Design: Two Dimensional
- ARTD 25A: Painting: Beginning, 3.0 CSU, UC

PLUS

Select one (1) course from:

- AHIS 5: History of Western Art: Renaissance Through Modern, 3.0 CSU, UC
- AHIS 5H: History of Western Art: Renaissance Through Modern — Honors

Agri-Business

Agricultural Sciences Department
Major 20114

The program of courses in Agriculture is designed to enable students to prepare for a career in this essential and diverse profession. The Department offers a comprehensive Agricultural Sciences Program and is unique in that most courses provide hands-on experience designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should check the lower division requirements in the catalog of the college or university which they will attend and also the semester and year in which courses are offered.

The following programs list all courses needed to satisfy major requirements. Students may obtain certificates upon completion of required courses listed. Additional courses needed for completion of the Associate in Science Degree are listed in this Catalog. It is recommended that all students consult with the department chairperson, counselor or advisor to file an educational plan.

Agri-Technology

Agricultural Sciences Department
Major 20101

The program of courses in Agriculture is designed to enable students to prepare for a career in this essential and diverse profession. The department offers a comprehensive Agricultural Sciences program and is unique in that most courses provide hands-on experiences designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should check the lower division requirements in the catalog of the college or university which they will attend and also the semester and year in which the courses are offered.

The following programs list all courses needed to satisfy major requirements. Students may obtain certificates upon completion of required courses listed. Additional courses needed for completion of the Associate in Science Degree are listed in this Catalog. It is recommended that all students consult with the department chairperson, faculty advisor, or counselor to file an educational plan.
These programs are intended to prepare students for employment following graduation. Students desiring a Bachelor’s Degree (transfer program) should consult with the department chairperson, counselor or advisor to discuss transferability of courses. The curriculum is flexible in nature to allow for previous experience and specialization in a given area of agriculture and agricultural business.

**Total Units** 37.5

The Airframe and Aircraft Powerplant Maintenance Technology faculty recommend that students complement their studies with selected elective courses chosen from the list above. Students should meet with a professor of Airframe and Aircraft Powerplant Maintenance Technology to help them determine which electives best suit their career plans.

### Airframe and Aircraft Powerplant Maintenance Technology — Day

**Aircraft Maintenance Technology & Manufacturing Department Major 20911**

This program prepares students to enter employment as a certified airframe and powerplant technician in the aircraft maintenance industry. Training is given in the overhaul of various airframes and powerplants and their components. Completion of this program leads to an A&P Certificate. In this area of training, certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate.

This program offers a day (full-time) or evening (part-time) program option. The only difference between the two options is the course numbering and time required to complete the program. Day program courses AIRM 65A and 65B are equivalent to evening program courses AIRM 65A, 65B, 95A, 95B, 96A, 97A, 97B, 98A, and 98B. Day program courses AIRM 66A and 66B are equivalent to evening program courses AIRM 90A, 90B, 91A, 91B, 92A, 92B, 93A, and 93B. The evening program courses are offered in 9-week modules.

Successful completion of this program enables students to take the FAA examinations in Airframe, General, and Powerplant. Passing the General Exam plus the Airframe and/or Powerplant Exam provides certification as an Aircraft Maintenance Technician, which is required for employment in this field. Students desiring a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

### Alcohol/Drug Counseling

#### Public Services Department

**Major 22101**

In this program the student integrates theory and practical experience in developing skills necessary to work with the alcohol and drug abuse population as well as families and employers of chemically-dependent persons. The curriculum is designed to meet the credentialing requirements of the California Association of Alcohol/Drug Educators. Students who complete this option qualify for employment in a variety of chemical-dependant settings.

**Requirements for the Major**

### Eligibility Requirements:

- File a College application and be accepted as a student at Mt. San Antonio College.

### Selection Procedures:

- All classes are open to all students who meet admission requirements and course prerequisites.

### Special Instructions:

- Restricted electives must be taken prior to enrollment in Field Experience, and can be taken in conjunction with core and skills courses.

### Animation

#### Art Department

**Major 21006**

The Animation Program offers an integrated/interdisciplinary approach to prepare students to meet current and future job market demands. The student will be given a balanced blend of art and technology-based skills which are essential for today's careers in animation. The program offers both an A.S. Degree and certificates. Course content is driven by industry needs in order to provide the student with the best possible preparation for a career in animation or for transfer to an institution of higher learning.

### Architectural Technology

#### Architecture and Engineering Design Department

**Major 20201**

This program is intended to prepare students to enter the field of architecture and related areas. The student is provided with an option of direct employment into the field or preparation for transfer to the professional school of architecture. The student will be required to develop both design and working drawing portfolios. Current technology and computer (CADD) skills are integrated into the program. A certificate program is also available.

**Requirements for the Major**

### Programs Leading to an Associates Degree

#### Avionics Science
Aeronautics, Transportation and Travel Department Major 20910

This curriculum meets the requirements of the Federal Aviation Administration Collegiate Training Initiative (CTI). Under an educational partnership agreement with the FAA, this CTI program prepares students for broad-based aviation careers. Students completing this CTI program may be recommended by the college for hiring by the FAA as air traffic controllers.

#### Chemical Laboratory Technician
Biological Sciences Department Major 20950

This program provides theoretical and technical training to prepare students for employment as entry-level chemical technicians in fields such as chemical quality control, chemical process control, analytical chemistry, water quality, and research and development. The program includes a broad-based overview of workforce options and emphasizes development of analytical skills, instrument proficiency, critical thinking, and troubleshooting of experimental designs and outcomes.

**CHLD 84** Guidance and Discipline in Child Development Settings 1.0
**CHLD 91** Early Childhood Development Field Work 1.0

**Total Units** 28.0

These courses are acceptable for the Child Development requirements leading to the Child Development Permit.

**Recommended Electives:**
**CHLD 50** Multicultural Education: Anti-Bias Perspective
**CHLD 51** Early Literacy in Child Development
**CHLD 61** Language Arts & Art Media for Young Children
**CHLD 62** Music and Motor Development for Young Children
**CHLD 63** Creative Science and Math for Young Children
**CHLD 71A** Administration of Child Development Programs
**CHLD 71B** Management/Marketing/Personnel for ECE Programs
**CHLD 72** Teacher, Parent, and Child Relationships
**CHLD 73** Infant/Toddler Care and Development

**Commercial Flight**

Aeronautics, Transportation and Travel Department

**Major 20912**

The Commercial Flight curriculum prepares students for careers as aircraft pilots as well as related ground occupations in aviation. Students have the opportunity for optional flight training with commensurate college credit. The pilot license is not required for graduation but it is desirable for career advancement.

**CHLD 71A** Administration of Child Development Programs 2.0

**CHLD 72** Teacher, Parent, and Child Relationships
**CHLD 73** Infant/Toddler Care and Development

**Commercial Flight**

Aeronautics, Transportation and Travel Department

**Major 20912**

The Commercial Flight curriculum prepares students for careers as aircraft pilots as well as related ground occupations in aviation. Students have the opportunity for optional flight training with commensurate college credit. The pilot license is not required for graduation but it is desirable for career advancement.

**CHLD 71A** Administration of Child Development Programs 2.0

**CHLD 72** Teacher, Parent, and Child Relationships
**CHLD 73** Infant/Toddler Care and Development

**Computer and Networking Technology**

Electronics and Computer Technology Department

**Major 20725**

The Computer and Networking Technology Major and Certificates are intended to prepare students to enter the computer and networking fields as service technicians. The program provides foundations in basic electronics, computer servicing, operating systems, network/server servicing, and network security. Skills are developed so that students can provide customer service in the installation, software configuration, maintenance, operation, troubleshooting and repair of computers and their associated networking software/hardware. In addition to acquiring specialized skills in computer and networking, students will be prepared to take the A+, Network+, Server+, and Security+ certification tests offered at testing centers throughout the country. These certifications are CompTIA sponsored and are worldwide-recognized industry benchmarks for the computer and networking technician. Further, the student will have the requisite skills upon which to build in order to seek additional IT certification.

**Requirements for the Major**

**Required courses:**
- CNET 50 PC Servicing 4.0
- CNET 52 PC Operating Systems 4.0
- CNET 54 PC Troubleshooting 4.0
- CNET 56 Computer Networks 4.0
- CNET 60 A+ Certification Preparation 3.0
- CNET 62 Network+ Certification Preparation 3.0
- CNET 64 Server+ Certification Preparation 3.0
- CNET 66 Security+ Certification Preparation 3.0
- ELEC 11 Technical Applications in Microcomputers, or
- CISB 15 Microcomputer Applications 4.0 CU, UC
- ELEC 50A Electronics Theory 2.0 CU
- ELEC 50AL Electronics Laboratory 1.0 CU
- ELEC 50B Electronics Theory 2.0 CU
- ELEC 50BL Electronics Laboratory 1.0 CU
- ELEC 56 Digital Electronics 3.0 CU
- ELEC 56L Digital Electronics Laboratory 1.0 CU
- ELEC 60 Customer Relations for the Technician 1.0

**Total Units** 42.0 - 43.0

**Recommended Electives:**
- AHIS 1 Understanding the Visual Arts, or
- ARTB 1 Understanding the Visual Arts
- COMP 10 Operating the Macintosh Computer
- GRAP 20 Applying Photos and Images in Multimedia
- PHOT 10 Beginning Photography 3.0 CU, UC
- PHOT 17 Photocommunication 3.0

**Computer Network Administration and Security Management**

Computer Information Systems Department

**Major 20701**

Computer Network Administration and Security Management is a two-year program leading to the Associate in Science (A.S.) Degree. It prepares individuals for employment in the computer information technology field in such positions as network administrator and security management administrator.

The curriculum is intended to help students develop skills to design, administer and manage the heterogeneous corporate network with security emphasis. The courses examine and illustrate network security with various industry-leading network operating systems. Individual courses will assist students in preparing for industry certification exams.

**Programs Leading to an Associates Degree**

**CHLD 10** Child Growth and Development, 3.0 CU, UC
**CHLD 10H** Child Growth and Development — Honors 3.0 CU, UC
**CHLD 64** Health, Safety and Nutrition of Young Children 3.0
**CHLD 66** Early Childhood Development Observation 2.0 CU Observation Laboratory
**CHLD 66L** Early Childhood Development Observation Laboratory 1.0 CU
**CHLD 67** Early Childhood Development Participation 2.0 CU Participation Laboratory
**CHLD 67L** Early Childhood Development Participation Laboratory 1.0 CU
**CHLD 68** Children with Special Needs 3.0 CU
**CHLD 69** Early Childhood Development Field Work Seminar 2.0
**CHLD 84** Guidance and Discipline in Child Development Settings 1.0
**CHLD 91** Early Childhood Development Field Work 1.0

**Total Units** 28.0

These courses are acceptable for the Child Development requirements leading to the Child Development Permit.

**Recommended Electives:**
**CHLD 50** Multicultural Education: Anti-Bias Perspective
**CHLD 51** Early Literacy in Child Development
**CHLD 61** Language Arts & Art Media for Young Children
**CHLD 62** Music and Motor Development for Young Children
**CHLD 63** Creative Science and Math for Young Children
**CHLD 71A** Administration of Child Development Programs
**CHLD 71B** Management/Marketing/Personnel for ECE Programs
**CHLD 72** Teacher, Parent, and Child Relationships
**CHLD 73** Infant/Toddler Care and Development

**Commercial Flight**

Aeronautics, Transportation and Travel Department

**Major 20912**

The Commercial Flight curriculum prepares students for careers as aircraft pilots as well as related ground occupations in aviation. Students have the opportunity for optional flight training with commensurate college credit. The pilot license is not required for graduation but it is desirable for career advancement.

**CHLD 71A** Administration of Child Development Programs 2.0

**Computer Programmer — C++**

**Computer Information Systems Department Major 20704**

The Computer Information Systems major is a two-year program leading to the Associate in Science (A.S.) Degree. It prepares individuals for employment in the computer field in such positions as application development, systems analysis, and telecommunications.

The courses in Computer Information Systems emphasize the development of applications in a business environment. They introduce the latest technologies including development of graphical user interfaces using object-oriented methodologies and client/server applications.

The program is designed to prepare students for employment following graduation. Students wishing a Bachelor's Degree (transfer program) should meet with a counselor or advisor to discuss transferability of courses.

Additional recommended courses for transfer are BUSA 8 and BUSL 18.

Coursework includes a list of core courses and additional courses for each option.

The object oriented C++ language is available on many platforms. It is used extensively in the development of applications on microcomputers and is known for its power and flexibility.

**Computer Programmer — Telecommunications**

**Computer Information Systems Department Major 20708**

The Computer Information Systems major is a two-year program leading to the Associate in Science (A.S.) Degree. It prepares individuals for employment in the computer field in such positions as application development, systems analysis, and telecommunications.

The courses in Computer Information Systems emphasize the development of applications in a business environment. They introduce the latest technologies including development of graphical user interfaces using object-oriented methodologies and client/server applications.

The program is designed to prepare students for employment following graduation. Students wishing a Bachelor's Degree (transfer program) should meet with a counselor or advisor to discuss transferability of courses.

Additional recommended courses for transfer are BUSA 8 and BUSL 18.

**Total Units** 40.0

**Computer Programmer — Visual Basic**

**Computer Information Systems Department Major 20709**

The Computer Information Systems major is a two-year program leading to the Associate in Science (A.S.) Degree. It prepares individuals for employment in the computer field in such positions as application development, systems analysis, and telecommunications.

The courses in Computer Information Systems emphasize the development of applications in a business environment. They introduce the latest technologies including development of graphical user interfaces using object-oriented methodologies and client/server applications.

The program is designed to prepare students for employment following graduation. Students wishing a Bachelor's Degree (transfer program) should meet with a counselor or advisor to discuss transferability of courses.

Additional recommended courses for transfer are BUSA 8 and BUSL 18.
Programs Leading to an Associates Degree

Coursework includes a list of core courses and additional courses for each option.

Visual Basic is a leading development tool in the Windows environment and in client/server applications. This object-based language is used to develop graphical user interfaces and to customize Windows.

Requirements for the Major

Required core courses:

- BUSA 7 Principles of Accounting – Financial 5.0 CSU, UC
- CSIS 11 Computer Information Systems 3.5 CSU, UC
- CSIS 15 Microcomputer Applications 4.0 CSU, UC
- CISM 11 Systems Analysis and Design 3.5 CSU, UC
- CISM 14 Computer Information Systems Seminar 4.0

CISM 21 Client/Server Architecture 4.0

Plus the following courses:

- CISD 11 Database Management – Microcomputers 4.0 CSU
- CSIS 21 Windows Operating System 4.0 CSU
- CISP 11 Basic Programming 4.0 CSU, UC
- CISP 14 Advanced Basic Programming 4.0 CSU, UC

Total Units 40.0

Construction Inspection

Architecture and Engineering Design Department

Major 20920

This program is intended to prepare students for employment following graduation. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major

Required courses:

- ARCH 12 Architectural Materials and Specifications 3.0 CSU
- ARCH 14 Building and Zoning Codes 3.0
- INS 17 Legal Aspects of Construction 3.0 CSU
- INS 70 Elements of Construction 3.0 CSU
- INS 71 Construction Estimating 3.0 CSU
- INS 87 Fundamentals of Construction Inspection 3.0

Total Units 18.0

Recommended Electives:

- ARCH 11 Architectural Drawing
- ARCH 15 Architectural Working Drawings – I
- INS 67 Reading Construction Drawings

Correctional Sciences

Public Services Department

Major 22103

Correctional Sciences is the application of law, social, and natural sciences to the social phenomenon of crime and delinquency. The discipline addresses definitions, causation, prevention, discovery, procedures, treatment and rehabilitation, quantification, and research in both criminal and civil aspects. This program is intended to prepare students for employment following graduation. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major

Required courses:

- ADJU 68 Administration of Justice Report Writing 3.0
- CORS 10 Introduction to Correctional Sciences 3.0 CSU
- CORS 15 Control and Supervision of the Offender 3.0
- CORS 20 Correctional Law 3.0
- CORS 25 Probation and Parole 3.0
- CORS 30 Ethnic Relations in Corrections 3.0

PLUS

Select four (4) courses from:

- ADJU 1 The Administration of Justice System 3.0 CSU, UC
- ADJU 2 Principles and Procedures of the Justice System 3.0 CSU
- ADJU 20 Principles of Investigation 3.0 CSU
- ADJU 38 Narcotics Investigation 3.0
- ADJU 59 Street Gangs and Law Enforcement 3.0
- CORS 35 Interviewing and Counseling in Corrections 3.0
- CORS 40 Crime and Delinquency 3.0
- CORS 45 The Violent Offender 3.0

Total Units 30.0

Recommended Electives:

- PE-F 50 Physical Skills Preparation for Law Enforcement and Fire Science
- PE-F 51 Agility Testing Preparation for Law Enforcement and Fire Science
- PE-F 52 Fitness and Conditioning for Law Enforcement, Fire Science and Forestry
- SPAN 66 Spanish for Fire and Police Personnel

Desktop Publishing

Office Technology Department

Major 20711

This program is intended to prepare students for employment following graduation. Training in a variety of computer skills is emphasized. This program will afford career opportunities in businesses desiring desktop publishing skills or in starting your own business. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major

Required courses:

- BUSO 5 Business English 3.0
- COMP 1A Computer Keyboarding, or 2.0 CSU
- COMP 1 Computer Keyboarding 4.0 CSU
- COMP 11 Internet Research for Business 2.0 CSU
- COMP 60 Desktop Publishing with InDesign or Pagemaker, or 4.0 CSU
- COMP 62 Desktop Publishing with QuarkXpress 4.0
- COMP 63 Adobe Illustrator for Desktop Publishers, or 4.0
- COMP 64 Desktop Publishing Seminar 2.5
- COMP 65 Modifying Images for Desktop Publishing, or 4.0
- GRAP 10 Photo Editing with Photoshop 3.0

PLUS

Select one (1) course from:

- ARDI 20 Design: Two Dimensional 3.0 CSU, UC
- BUSO 25 Business Communications 3.0 CSU
- BUSO 26 Oral Communications for Business 3.0
- COMP 13 Using Web Page Software 4.0 CSU
- COMP 50 Desktop Presentations using PowerPoint 4.0 CSU

Total Units 19.5 - 25.0

Educational Paraprofessional

Psychology and Education Department

Major 22117

This degree program in the field of education prepares paraprofessionals in a variety of areas, emphasizing working with children to enhance their learning development. Graduates will be able to assist classroom teachers in working with K-12 students, including students with special needs. This associate degree certifies that paraprofessionals are "highly qualified" according to current federal legislation.

Requirements for the Major

Required courses:

- CHLD 1 Child, Family and Community 3.0 CSU, UC
- CHLD 10 Child Growth and Development, or 3.0 CSU, UC
- PSYC 14 Developmental Psychology 3.0 CSU, UC
- CHLD 68 Children with Special Needs 3.0 CSU
- EDUC 10 Introduction to Education 3.0 CSU, UC
- EDUC 16 Aspects and Issues in Teaching Service Learning 3.0 CSU, UC
- MATH 71 Intermediate Algebra 5.0

Total Units 23.0

Recommended Electives:

- CHLD 51 Early Literacy in Child Development
- CHLD 64 Health, Safety and Nutrition of Young Children
- LIT 40 Children's Literature
- PE 3 First Aid and CPR

Electronics and Computer Engineering Technology

Electronics and Computer Technology Department

Major 20906

This curriculum starts with basic electronic components and circuitry, culminates with course work in electronic systems, and is characterized by advanced coursework in three major areas. These include: microprocessors and interfacing, electronic communications, and industrial electronic controls. Students completing the program will have training in all the major areas of electronics and will possess ample skills to make them versatile employees. Nearly all labs have new, state-of-the-art equipment to provide the student with quality "hands-on" learning experiences.

This program is intended to prepare students for employment in electronic industries or for transfer into Electronic and Computer Engineering Technology or Industrial Technology programs at various universities in the CSU system. Many of the courses directly articulate to courses offered at the CSUs. Typical technician job classifications this program covers include field service technician, field engineer, computer service technician, customer service technician, communications technician, maintenance technician, and electronics technician.
Programs Leading to an Associates Degree

Emergency Medical Services
Medical Services Department
Major 21210
Students who complete the required courses listed below for the Emergency Medical Technician-Paramedic (EMT-P) Certificate and who also complete the graduation requirements of Mt. San Antonio College will be awarded the Associate in Science Degree in Emergency Medical Services.

This Paramedic Program is accredited by CAAHEP (Committee on Accreditation of Allied Health Education Programs) and approved by the Los Angeles County Department of Health Services as meeting and exceeding the minimum standards as specified in Title 22 of the California Code of Regulations and the federal Department of Transportation national standard curriculum. It is designed to train paramedics to work on ambulances and in the fire service.

Special Information:
To remain in the program, students must maintain a grade of “C” (80%) or better in all courses, per state regulations. Before starting clinical rotations, students must pass a criminal background check.

 Upon successful completion of the required courses, students are granted a Certificate of Completion for the Paramedic Program. Students are then eligible for licensure by taking and passing both the National Registry Exam and County Paramedic accreditation exam.

Application Requirements and Entrance Procedures
Application Requirements:
In addition to meeting Mt. San Antonio College academic standards for admission, applicants must be in good standing and satisfy the following requirements:
1. Be an EMT-I, currently certified in California.
2. Submit a letter on official stationery from a recognized EMS agency verifying completion of six (6) months of pre-hospital field experience as an EMT-I (approximately 1,200 hours) within the last two years.
3. File a college application and be accepted as a student at Mt. San Antonio College.
4. Submit an application for the Paramedic Program to the Technology and Health Division Office (909) 594-5611 Ext. 4750. All applications are dated upon receipt in the Technology and Health Division Office. The Paramedic Program begins three times per year, in August, January, and May and runs for 29 weeks.
5. Take the AWE (Assessment of Written English), the Mt. SAC Math Placement test, and the Degrees of Reading Power reading test at least ten working days before the state of the pre-course (EMS 1). Placement examinations will be individually assessed to determine eligibility. The placement test is administered by the Assessment Center, located in the Student Services Center. If required, arrange with the Center a day and a time to take the examination. The Assessment Center (909) 594-5611 Ext. 4265, is open Monday through Friday.

The Emergency Medical Services faculty recommend that students complement their studies with selected elective courses chosen from the list above. Students should meet with a professor of Emergency Medical Services to help them determine which electives would best suit their career plans.

Engineering Design Technology
Architecture and Engineering
Design Department
Major 20913

This curriculum is recommended for those who wish to become an engineering technician, CADD operator, designer or drafter in fields related to engineering, tool design, electronics, manufacturing, structural steel, civil, piping, aerospace, 3-D modeling, illustration, and computer animation. It provides fundamental knowledge of manufacturing processes as they relate to design problems and the techniques required by industry for design, presentation, detail, and assembly working drawings.

This program is intended to prepare students for employment following completion of courses or for retraining and upgrading skills. This program also offers transfer opportunities in related majors. Students desiring a Bachelor’s Degree (transfer program) should consult with department faculty and a counselor or advisor to develop an individualized plan of transferable courses and math requirements.

### Equipment Technology

**Agricultural Sciences Department Major 20118**

The courses in equipment technology are designed to enable students to prepare for a career in this essential and diverse profession. This degree is part of our comprehensive Agricultural Sciences program. Our program is unique in that most courses provide hands-on experience and are designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should meet with a counselor or advisor to discuss transferability of courses. This program is intended to prepare students to become technicians for entry level positions or skills enhancement in the operation, service, maintenance and repair of industrial and agricultural power equipment.

Fashion Merchandising
Family and Consumer Sciences Department
Major 21308

This program is intended to prepare students for employment in the fashion industry. A variety of career opportunities are available in retail merchandising, manufacturing, fashion, promotion, and self-employment. Students intending to pursue a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major
Required courses:
FASH 8 Introduction to Fashion 3.0 CSU
FASH 9 History of Costume and Fashion 3.0 CSU
FASH 10 Clothing Fundamentals 3.0 CSU
FASH 15 Fashion Strategies 3.0 CSU
FASH 17 Textiles 3.0 CSU, UC
FASH 30 Fashion Design and Product Development I 3.0
FASH 62 Retail Store Management and Merchandising 3.0 CSU
BUSS 50 Retail Store Management and Merchandising 3.0 CSU
FASH 63 Advertising and Promotion 3.0 CSU
BUSS 33 Advertising and Promotion 3.0 CSU
FASH 66 Visual Merchandising Display 3.0 CSU

Total Units 27.0

Recommended Electives:
BUSS 36 Principles of Marketing
FASH 25 Fashion Computer-Assisted Drawing
FASH 90 Field Studies
FASH 91 Field Studies – New York
FASH 92 Field Studies – Fashion Capitals
FCS 41 Life Management
FCS 91 Work Experience in Family and Consumer Sciences
FCS 92 Work Experience in Family and Consumer Sciences
FASH 90, FASH 91 and FASH 92 may be taken two times for credit.

Fire Technology
Fire Technology Department
Major 22105

The Fire Science major has been developed to offer pre-employment education for the undergraduate who desires to enter the field of fire science. It also provides the employed firefighter an opportunity for a professional education. Students intending to pursue a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major
Required courses:
FIRE 1 Fire Protection Organization 3.0 CSU
FIRE 2 Fire Prevention Technology 3.0 CSU
FIRE 3 Fire Protection Equipment and Systems 3.0 CSU
FIRE 4 Building Construction for Fire Protection 3.0 CSU
FIRE 5 Fire Behavior and Combustion 3.0 CSU
FIRE 6 Hazardous Materials/ICS 3.0
PLUS
Select two (2) courses from:
EMT 90 Emergency Medical Technician I 9.0
FIRE 7 Fire Fighting Tactics and Strategy 3.0 CSU
FIRE 8 Fire Company Organization and Management 3.0 CSU
FIRE 9 Fire Hydraulics 3.0 CSU
FIRE 10 Arson and Fire Investigation 3.0 CSU
FIRE 11 Fire Apparatus and Equipment 3.0 CSU
FIRE 12 Wildland Fire Control 4.0 CSU
FIRE 86 Basic Fire Academy 12.0
PE-F 53 Physical Training for the Basic Fire Academy 2.5 CSU

Total Units 23.5 - 39.0

Recommended Electives:
FIRE 20 Fire Instructor 1A
FIRE 21 Fire Instructor 1B
FIRE 30 Fire Management 1
FIRE 40 Fire Prevention 1A
FIRE 41 Fire Prevention 1B
SPAN 66 Spanish for Fire and Police Personnel

Fire Technology — Administration

Floral Design

Agricultural Sciences Department

The courses in floral design are designed to enable students to prepare for a career in this essential and diverse profession. The department offers a comprehensive agricultural sciences program which is unique in that most courses provide hands-on experience designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should check the lower division requirements in the catalog of the college or university which they will attend and also the semester and year in which courses are offered.

Listed below are the courses needed to satisfy major requirements. Students may obtain certificates upon completion of required courses. It is recommended that all students consult with the department chairperson or faculty advisor to file an educational plan.

This program is intended to prepare students for employment following graduation. Students desiring a Bachelor’s Degree (transfer program) should consult with the department chairperson, counselor or advisor to discuss transferability of courses. The curriculum is flexible in nature to allow for previous experience and specialization in a given area of agriculture and agricultural business.

### Histologic Technician Training

**Biological Sciences Department Major 21211**

This program provides on-campus and on-site technical training in the field of histotechnology, focusing on routine tissue sample preparation, special stains and techniques such as immunohistochimistry, and in situ hybridization. Training on campus will utilize samples routinely prepared in both clinical and research facilities. As part of their formal training, students of histotechnology will work through study guides provided by the American Society of Clinical Pathologists (ASCP) for its certification examination. Partnerships with local facilities will allow for work experience and internship sites, required for certification of histotechnology graduates, and will provide further training for those interested in research and/or careers in the private sector.

### Horse Ranch Management

**Agricultural Sciences Department Major 20102**

The program of courses in Agriculture is designed to enable students to prepare for a career in this essential and diverse profession. The Department offers a comprehensive Agricultural Sciences Program and is unique in that most courses provide hands-on experience designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should check the lower division requirements in the catalog of the college or university which they will attend and also the semester and year in which courses are offered.

The following programs list all courses needed to satisfy major requirements. Students may obtain certificates upon completion of required courses listed. It is recommended that all students consult with the department chairperson or faculty advisor to file an educational plan.

These programs are intended to prepare students for employment following graduation. Students desiring a Bachelor's Degree (transfer program) should consult with the department chairperson or counselor or advisor to discuss transfer options.

---

### Hospitality and Restaurant Management

**Family and Consumer Sciences Department Major 21307**

This program provides students with an excellent background for a career in the hospitality and restaurant management industry. Students will have the education necessary for many entry-level positions. Students may wish to pursue a Certificate in Hospitality Management, Restaurant Management, Food Services, or Catering. This program is designed to articulate with the Collins School of Hospitality Management at Cal Poly Pomona, as well as other universities. (Note: HRM 65 is a required course in the Cal Poly program.) Students wishing to transfer should consult with Hospitality and Restaurant Management faculty or counselor or advisor to discuss transfer options.

### Interior Design

#### Family and Consumer Sciences Department Major 21301

The program is available as a Certificate (Interior Merchandising), as an A.S. Degree (Interior Design Assistant), and/or when combined with a Bachelor's Degree qualifies student for Professional Designation in Interior Design (Professional Interior Designer) (see below). Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

The Interior Design program works within a Regional Interior Design Program of nearby community colleges. Many of the required courses may also be offered at the following community colleges and will meet the requirements of the Mt. SAC program: Fullerton, Long Beach City, Orange Coast, and Saddleback. Regional course numbers all have an ID (Interior Design) prefix. Some Mt. San Antonio College courses are offered by other departments and are identified by Mt. San Antonio College prefixes and numbers. These courses have the regional ID course number in parenthesis following their title.

#### Interior Design — Kitchen and Bath Design

#### Family and Consumer Sciences Department Major 21302

This program provides for immediate opportunity to seek employment in the area of kitchen and bath design. The program is available as an Associate in Science Degree or a Certificate. Both the major and certificate are endorsed by the National Kitchen and Bath Association. Students completing all courses for this program will earn four (4) NKBA credits toward eligibility for professional certification as a Certified Kitchen Designer or Certified Bath Designer. Please see a professor of Interior Design or contact the NKBA for professional certification eligibility requirements beyond this program.

Licensed Vocational Nurse to RN
Nursing Department
Major 21201
The Mt. San Antonio College Nursing Program, approved and accredited by the California Board of Registered Nursing, is a two-year program designed to prepare men and women to give direct nursing care to clients in various practice settings. The program consists of course work in nursing, science, general education and clinical nursing practice at local hospitals and health agencies. Graduates of the program receive an Associate in Science Degree in Nursing and are eligible to take the NCLEX-RN examination leading to licensure as a Registered Nurse.

The Licensed Vocational Nurse is provided career mobility in the Nursing Program. The Licensed Vocational Nurse may choose between earning an Associate in Science Degree in Nursing or completing the LVN 30-Unit Option track which leads to a certificate, not a degree.

Prerequisite Courses:
1. Human Anatomy, including a laboratory component, a minimum of four semester units.
2. Human Physiology, including a laboratory component, a minimum of four semester units.
3. Microbiology, including a laboratory component, a minimum of four semester units.
4. English 1A (Writing Composition) minimum of three (3) semester units with a minimum grade of C.

Non-course requirements:
1. An overall grade point average of 2.5 for the Human Anatomy, grade Human Physiology, and Microbiology prerequisite courses with no grade less than a “C” for each course and no more than one repetition of any one of these courses.
2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
3. Eligibility for Math 51
4. High school graduation or GED or academic degree from an accredited college/university in the United States.
5. Possess a California Licensed Vocational Nurse license.
6. A physical examination, including specific immunizations is required of all candidates prior to the beginning of nursing classes.
7. Current Level C Provider CPR certification
8. Criminal background check
9. Nursing 70 Role Transition must be completed with a credit grade prior to entrance into the program. (NURS 70, Role Transition – Due to the clinical component of NURS 70, applicants must submit their names to the Nursing Office for approval prior to enrollment in this course. Applicants must have completed all prerequisite courses prior to taking NURS 70. Applicants must provide proof of current Vocational Nurse License, physical, CPR card, Background Check, and drug testing prior to the start of class.)

Requirements for Nursing Required courses:
NURS 4: Maternity Nursing 3.0 CSU
NURS 5: Psychiatric Nursing 3.0 CSU
NURS 6: Pediatric Nursing 3.0 CSU
NURS 7: Medical-Surgical Nursing: Nutrition/Elimination/Surgical Asepsis 7.0 CSU
NURS 8: Medical-Surgical Nursing: Circulation and Oxygenation 5.0 CSU
NURS 9: Leadership in Nursing 1.0 CSU
NURS 10: Medical-Surgical Nursing: Integration/Regulation 4.0 CSU
NURS 11: Preceptorship in Nursing 2.0 CSU

Total Units 28.0

Requirements for the Major:
*ANAT 35 Human Anatomy, or equivalent, and
*ANAT 36 Human Physiology, or equivalent, or
*ANAT 10A Introductory Human Anatomy, or equivalent, and
*ANAT 10B Introductory Human Physiology, or equivalent, and

MICR 1 Principles of Microbiology, or equivalent, or
MICR 22 Microbiology, or equivalent, and
ENGL 1A Freshman Composition, and
CHLD 14 Child Growth and Development, or
PSYC 14 Developmental Psychology
PSYC 1A Introduction to Psychology
SPCH 1A Public Speaking

Total Units 24.0 - 27.0

PSYC 1A must be completed prior to entrance into NURS 5: Psychiatric Nursing, CHLD 10, or PSYC 14 must be completed prior to entrance into NURS 6: Pediatric Nursing.

* Note: Applicants planning to continue their education and enter a baccalaureate program in nursing will need to complete ANAT 35 and ANAT 36 instead of ANAT 10A and ANAT 10B and MICR 1 instead of MICR 22.

Requirements for the Associate Degree:
Students must develop an education plan with a counselor or educational advisor to complete college academic requirements for the AS degree. Contact the Counseling Department or Advising Center to schedule an appointment.

Selection Process:
Beginning Fall 2006, students applying for admission to the Nursing Program will be required to see either a counselor or educational advisor to verify their eligibility to enter the Nursing program.

Procedure:
Students must complete all course prerequisites prior to requesting an appointment certifying readiness to enter into the Nursing program. Once eligibility has been established, students will enter on a first come first served basis.

The Eligibility Appointment:
1. Once a student has completed all course prerequisites, they may request an appointment with a counselor or educational advisor.
2. Students who have completed coursework at other colleges must bring the following information to their eligibility appointment:
   a. Official transcripts of all college work completed at all colleges;
   b. If the prerequisite courses were completed at another college, a course description and a copy of the course syllabus;
   c. Students completing college coursework outside of the United will need to have their transcripts evaluated by an approved international transcript evaluation service.
Programs Leading to an Associates Degree

- The Essential Functions for Success in the Nursing Program:
  - Physical Demands
    - Perform prolonged, extensive, or considerable standing/walking, lifting positioning, pushing, and/or transferring patients
    - Possess the ability to perform fine motor movements with hands and fingers
    - Possess the ability for extremely heavy effort (lift/carry 50 lbs. or more)
    - Perform considerable reaching, stooping, bending, kneeling, and crouching.
  - Sensory Demands
    - Color vision: ability to distinguish and identify colors (may be corrected with adaptive devices).
    - Distance vision: ability to see clearly 20 feet or more
    - Depth perception: ability to judge distance and space relationships
    - Near vision: ability to see clearly 20 inches or less
    - Hearing: able to recognize a full range of tones.
  - Working Environment
    - May be exposed to infectious and contagious disease, without prior notification
    - Regularly exposed to the risk of blood borne diseases
    - Exposed to hazardous agents, body fluids and wastes
    - Exposed to odorous chemicals and specimens
    - Subject to hazards of flammable, explosive gases
    - Subject to burns and cuts.

- Livestock Management
  - Agricultural Sciences Department Major 20103
  - The program of courses in Agriculture is designed to enable students to prepare for a career in this essential and diverse profession. The Department offers a comprehensive Agricultural Sciences Program and is unique in that most courses provide hands-on experience designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should check the lower division requirements in the catalog of the college or university which they will attend and also the semester and year in which courses are offered.
  - The following programs list all courses needed to satisfy major requirements. Students may obtain certificates upon completion of required courses listed. It is recommended that all students consult with the department chairperson, faculty advisor, or counselor to file an educational plan.
  - These programs are intended to prepare students for employment following graduation. Students desiring a Bachelor’s Degree (transfer program) should consult with the department chairperson or faculty advisor to discuss transferability of courses. The curriculum is flexible in nature to allow for previous experience and specialization in a given area of agriculture and agricultural business.

- Requirements for the Major
  - Required courses:
    - AGAG 20 Microcomputer Applications in Agriculture 3.0 CSU, UC
    - AGAG 1 Food Production, Land Use and Politics – A Global Perspective 3.0 CSU, UC
    - AGAG 59 Work Experience in Agriculture, or 1.0
    - AGAG 60 Work Experience in Agriculture, or 2.0
    - AGAG 61 Work Experience in Agriculture, or 3.0
    - AGAG 62 Work Experience in Agriculture 4.0
    - AGAG 91 Agricultural Calculations 3.0
    - AGAN 1 Animal Science 3.0 CSU, UC
    - AGAN 2 Animal Nutrition 3.0 CSU
    - AGAN 94 Animal Breeding 3.0

    - AGLI 34 Livestock Judging and Selection 2.0 CSU, UC
    - AGLI 96 Animal Sanitation and Disease Control 3.0 CSU

  - Total Units 43.0 - 46.0

Manufacturing Technology
  - Aircraft Maintenance Technology & Manufacturing Department Major 20918
  - This curriculum is designed to prepare the student for entrance into the manufacturing field in one of the machining occupations, such as machinist (manual, N/C, and CAD/CAM), or machinist apprentice.
  - Graduates may enter the manufacturing field in areas dealing with production, research and development, tool and die construction, mold making, or computerized manufacturing. Laboratory practice utilizes industrial types of equipment and precision measuring instruments to provide training in the various machining occupations.
  - Setup and tooling procedures and part verification upon completion of the metal removing process are covered.
  - Instruction on all types of lathes, mills, grinders, and specialized equipment such as EDM and CNC is included. Supplementary instruction is also provided in bench work, layout, inspection process, blueprint reading, metal composition, heat treatment, assembly procedures, jig and fixture design, and construction.

Requirements for the Major
  - Required courses:
    - MFG 11 Manufacturing Processes I 2.0 CSU
    - MFG 12 Manufacturing Processes II 2.0 CSU
    - MFG 15 AutoCAD 2D 2.0
    - MFG 17 3-D CAD – Mechanical Modeling 2.0
    - MFG 19 Parametric Solid Modeling for Manufacturing 2.0
    - MFG 38 MasterCAM I 2.0 CSU
    - MFG 38B Advanced MasterCAM 2.0 CSU
    - MFG 38C MasterCAM Solids 2.0
    - MFG 39 SurfCAM I 2.0 CSU
    - MFG 39B SurfCAM II 2.0 CSU
    - MFG 58 Blueprint Reading for Manufacturing 2.0
    - MFG 70 Technical Mathematics – Manufacturing Applications 2.0 CSU
    - MFG 85 Manual CNC (Computerized Numerical Control) Operations 2.0 CSU

PLUS
  - Select two (2) courses from:
    - MFG 25 Advanced Parametric Solid Modeling for Manufacturing 2.0
    - MFG 27 Autodesk Inventor 2.0
    - WELD 40 Introduction to Welding 2.0 CSU

  - Total Units 30.0

Marketing Management
  - Business Administration Department Major 20510

MENT 72L Nursing Care of the Developmentally Disabled Person — Clinical
MENT 73L Psychiatric Nursing for Psychiatric Technicians Clinical
MENT 73T Psychiatric Nursing for Psychiatric Technicians
MENT 82 Work Experience in Mental Health Technology
PSYC 1A Introduction to Psychology

Total Units 53.0

Special Information:

Additional general education courses needed for completion of the Associate in Science Degree requirements are listed in the Mt. San Antonio College Catalog, but are not required to qualify the student for the California State Board Examination.

To remain in the program, students must maintain a "C" or better grade in all courses.

The student will qualify to take the California State Board Examination upon completion of all the above courses, except MENT 82.

Entrance Requirements and Selection Procedures:

Entrance Requirements:

In addition to meeting Mt. San Antonio College's academic standards for admission, applicants must be in good standing and satisfy the following requirements:

a. Be a high school graduate or equivalent. (All students who have taken coursework outside of the United States must have their transcript evaluated. Foreign transcripts will not be accepted without the evaluation.)

b. Be 18 years of age.

c. File a college application and be accepted as a student at Mt. San Antonio College.

d. Submit an application for the Mental Health/Psychiatric Technician Program to the Technology and Health Division Office (909) 594-5611, Ext. 4750. All applications are due upon receipt in the Technology and Health Division Office. A program begins each fall semester.

e. Take the required English Placement Test (AWE). Eligibility for ENGL 68 is advised. If you have already taken a college placement exam within the past two years at another school, arrange to have your test scores forwarded to the Technology and Health Division Office. (If you were tested at Mt. San Antonio College, the office will obtain the test scores as long as an "Application for Admission" is on file with the Admissions and Records Office.) Testing is administered by the Assessment Center, located in the Student Services Center. Arrangements should be made with them to schedule a day and time to take the Placement Test, if required. The Assessment Center is open Monday through Friday. You may contact them at (909) 594-5611, Ext. 4265.

f. Forward two official transcripts of all coursework completed (high school, nursing school, and other than Mt. San Antonio College courses.) One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office.

g. For students who possess a college degree, the English Placement Test is not required. However, it will be necessary for a student to obtain two official copies of the college transcript showing the degree issued. One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office.

Note: Concerning Entrance Requirements 'e' and 'f', if the course(s) were taken and/or the degree obtained at Mt. San Antonio College, it is not necessary to request transcripts.

Indicate in the mailing address the program for which your transcript is being sent to the Technology and Health Division Office.

Example:

Mt. San Antonio College Technology and Health Division Psychiatric Technician Program
1100 North Grand Avenue
Walent, CA 91789-1399

h. A physical examination, including specific immunizations, and consent/disclaimer for Hepatitis A/B vaccine is required of all candidates prior to beginning classes. Students must provide proof that he/she does not have Tuberculosis. These requirements are in accordance with healthcare agency policy that insures that students are in good health and free from communicable disease and able to perform their training functions. Drug testing may also be required as a part of this physical examination. Proof of high school graduation and malpractice insurance are required of all candidates upon acceptance.

i. Certain convictions may prevent a candidate from being licensed as a Psychiatric Technician.

j. All students may be required to complete a background check prior to entering the clinical education phase.

Selection Procedure:

In determining eligibility of an applicant, consideration will be given to satisfactory scores on the English Placement Test.

The College will make every effort to notify the applicant of acceptance by mail no less than two months prior to the beginning of a program.

Nursing

Nursing Department

Major 21203

The Mt. San Antonio College Nursing Program, approved and accredited by the California Board of Registered Nursing, is a two-year program designed to prepare men and women to give direct nursing care to clients in various practice settings. The program consists of course work in nursing, science, general education and clinical nursing practice at local hospitals and health agencies. Graduates of the program receive an Associate in Science Degree in Nursing and are eligible to take the NCLEX-RN examination leading to licensure as a Registered Nurse.

Prerequisite Courses:

1. Human Anatomy, including a laboratory component, a minimum of four (4) semester units.

2. Human Physiology, including a laboratory component, a minimum of four (4) semester units.

3. Microbiology, including a laboratory component, a minimum of four (4) semester units.

4. English 1A (Writing Composition) minimum of three (3) semester units with a minimum grade of C.

Non-course requirements:

1. An overall grade point average of 2.5 for the Human Anatomy, Human Physiology, and Microbiology prerequisite courses with no grade less than a "C" for each course and no more than one repetition of any one of the courses.

2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.

3. Eligibility for Math 51

4. High school graduation or GED or academic degree from an accredited college/university in the United States.

5. Criminal background check and drug screening must be completed prior to any patient contact.

6. A physical examination, including specific immunizations is required of all candidates prior to the beginning of nursing classes.

**ELIGIBILITY FOR ENTERING THE NURSING ADMISSION LOTTERY:**

1. **Once a student has completed all course prerequisites, they may request an appointment with a counselor or educational advisor.**
2. **Students who have completed coursework at other colleges must bring the following information to their eligibility appointment:**
   - Official transcripts of all college work completed at all colleges.
   - If the prerequisite courses were completed at another college, a course description and a copy of the course syllabus.
   - Students completing college coursework outside of the United will need to have their transcripts evaluated by an approved international transcript evaluation agency and must bring the final evaluation to their appointment (students may be able to obtain a list of agencies from the Admissions Office).
   - All students will need to bring official proof of high school graduation, GED, or college graduation from an accredited institution in the United States.

**APPOINTMENTS FOR ELIGIBILITY VERIFICATION WILL ONLY BE MADE DURING THE FOLLOWING MONTHS:**

- September 1 - November 30
- March 1 - May 30

**Students should also be aware that once they have been admitted to the Nursing program and before beginning the clinical portion of the program, they will need to be able to pass both a criminal background check, including a screening by the Office of Inspector General for welfare or Social Security fraud, as well as testing negative for drug use. Final selection of students for each nursing class will be determined by lottery.**

**English Language Skills**

Although proficiency in English is not a criteria for admission into the nursing program, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and for others.

### Ornamental Horticulture

**Agricultural Sciences Department Major 20119**

The courses in ornamental horticulture are designed to enable students to prepare for exciting careers in the essential and diverse horticulture profession. Careers in nursery management, retail garden centers, landscape design, installation and maintenance, arboreatum and botanic gardens, arboriculture, interior landscaping, education, and research are just some of the options.

This degree is part of our comprehensive agricultural science programs. Our program is unique in that most courses provide hands-on experience and are designed to give the student combination of practical skills and technical knowledge. Students who intend to transfer should meet with a counselor or advisor to check the
### Programs Leading to an Associates Degree

**Paralegal/Legal — Bankruptcy Specialty**

**Business Administration Department Major 21401**

The Paralegal/Legal — Bankruptcy Specialty program is intended to prepare students for employment as paralegals in both private and public sectors following graduation. The American Bar Association (ABA) By-Laws Section 21.12 uses the terms paralegal and legal assistant interchangeably referring to persons who, although not members of the legal profession, are qualified through education, training, or work experience and are employed or retained by a lawyer, law office, governmental agency, or other entity in a capacity or function which involves the performance, under the direction and supervision of an attorney, of specifically delegated substantive legal work. Paralegals/legal assistants must comply with the legal restrictions in the practice of law by nonlawyers. The paralegal program stresses practical application and the development of job skills, as well as teaching legal theory. The program is designed to enhance the ability of students to reason, understand and apply correct principles of law by teaching analytical and critical thinking skills as opposed to rote learning. Graduates of the program will qualify for entry level employment and will possess skills for advancement and specialized areas in the paralegal profession. Students wishing a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

- **Special Information:**
  - The ABA does not recognize the following courses as meeting its definition of General Education: ARTB 14, ARTD 15A, ARTD 17A, ARTD 20, ARTD 25A, ARTS 30A, ARTS 40A, THTR 11, MUS 7, AD 3, and COUN 5. Students developing their educational plan should select another course from the Mt.SAC General Education area which will satisfy that area's General Education requirement.

- **Required Core Courses:**
  - BUSL 30: Introduction to Paralegal/Legal Procedures 3.0 CSU
  - BUSL 31A: Legal Analysis and Writing 3.0
  - BUSL 31B: Advanced Legal Analysis and Writing 3.0
  - BUSL 33A: Civil Procedure Pretrial 3.0
  - BUSL 33B: Civil Procedure-Trial and Post-Trial 3.0
  - BUSL 35A: Law Office Procedures 3.0

- **Total Units 38.0**

**Paralegal/Legal — Corporations/ Business Specialty**

**Business Administration Department Major 21405**

The Paralegal/Legal — Corporations/Business Specialty program is intended to prepare students for employment as paralegals in both private and public sectors following graduation. The American Bar Association (ABA) By-Laws Section 21.12 uses the terms paralegal and legal assistant interchangeably referring to persons who, although not members of the legal profession, are qualified through education, training, or work experience and are employed or retained by a lawyer, law office, governmental agency, or other entity in a capacity or function which involves the performance, under the direction and supervision of an attorney, of specifically delegated substantive legal work. Paralegals/legal assistants must comply with the legal restrictions in the practice of law by nonlawyers. The paralegal program stresses practical application and the development of job skills as well as teaching legal theory. The program is designed to enhance the ability of students to reason, understand and apply correct principles of law by teaching analytical and critical thinking skills as opposed to rote learning. Graduates of the program will qualify for entry level employment and will possess skills for advancement and specialized areas in the paralegal profession. Students wishing a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

- **Special Information:**
  - The ABA does not recognize the following courses as meeting its definition of General Education: ARTB 14, ARTD 15A, ARTD 17A, ARTD 20, ARTD 25A, ARTS 30A, ARTS 40A, DRMA 11, MUS 7, AD 3, and COUN 5. Students developing their educational plan should select that area's General Education requirement.

- **Required Core Courses:**
  - BUSL 30: Introduction to Paralegal/Legal Procedures 3.0 CSU
  - BUSL 31A: Legal Analysis and Writing 3.0
  - BUSL 31B: Advanced Legal Analysis and Writing 3.0
  - BUSL 33A: Civil Procedure Pretrial 3.0
  - BUSL 33B: Civil Procedure-Trial and Post-Trial 3.0
  - BUSL 35A: Law Office Procedures 3.0

- **Total Units 38.0**

**Recommended Electives:**

The Paralegal/Legal faculty recommend that students complement their studies with selected elective courses, including BUSL 36 — Paralegal Internship. Students should meet with a professor of the Paralegal/Legal program to help them determine which electives would best suit their career plans.

- **Plus the following courses:**
  - BUSL 37: Tort Law 3.0
  - BUSL 38: Employment and Ethical Issues in Paralegalism 2.0
  - BUSL 39: Contract Law 3.0

- **Total Units 38.0**

### Section 7
Programs Leading to an Associates Degree

Paralegal/Legal — Criminal Specialty
Business Administration Department
Major 21402

The Paralegal/Legal — Criminal Specialty program is intended to prepare students for employment as paralegals in both private and public sectors following graduation. The American Bar Association (ABA) By-Laws Section 21.12 uses the terms paralegal and legal assistant interchangeably referring to persons who, although not members of the legal profession, are qualified through education, training, or work experience and are employed or retained by a lawyer, law office, governmental agency, or other entity in a capacity or function which involves the performance, under the direction and supervision of an attorney, of specifically delegated substantive legal work. Paralegals/legal assistants must comply with the legal restrictions in the practice of law by nonlawyers.

The paralegal program stresses practical application and the development of job skills as well as teaching legal theory. The program is designed to enhance the ability of students to reason, understand and apply correct principles of law by teaching analytical and critical thinking skills as opposed to rote learning. Graduates of the program will qualify for entry level employment and will possess skills for advancement and specialized areas in the paralegal profession. Students wishing a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

The American Bar Association has reviewed the Paralegal/Legal Specialist Program and found it in compliance with the standards developed by the Standing Committee on Legal Assistant Programs. The Paralegal/Legal Specialty Program has been granted approval by the American Bar Association.

Requirements for the Major

Required courses:

- BUSL 30 Introduction to Paralegal/Legal 3.0
- BUSL 31A Legal Analysis and Writing 3.0
- BUSL 31B Advanced Legal Analysis and Writing 3.0
- BUSL 33A Civil Procedure Pretrial 3.0
- BUSL 33B Civil Procedure-Trial and Post-Trial 3.0
- BUSL 35A Law Office Procedures 3.0
- BUSL 35B Automated Law Office Procedures 3.0
- BUSL 37 Tort Law 3.0

Recommended Electives:
The Paralegal/Legal faculty recommend that students complement their studies with selected elective courses, including BUSL 36 – Paralegal Internship. Students should meet with a professor of the Paralegal/Legal program to help them determine which electives would best suit their career plans.

Special Information:
The ABA does not recognize the following courses as meeting its definition of General Education: ARTB 14, ARTD 15A, ARTD 17A, ARTO 20, ARTO 25A, ARTS 30A, ARTS 40A, THTR 11, MUS 7, AD 3 and COUN 5. Students developing their educational plan should select another course from the Mt. SAC General Education area which will satisfy that area’s General Education requirements.

Paralegal/Legal — Family Law Specialty
Business Administration Department
Major 21403

The Paralegal/Legal — Family Law Specialty program is intended to prepare students for employment as paralegals in both private and public sectors following graduation. The American Bar Association (ABA) By-Laws Section 21.12 uses the terms paralegal and legal assistant interchangeably referring to persons who, although not members of the legal profession, are qualified through education, training, or work experience and are employed or retained by a lawyer, law office, governmental agency, or other entity in a capacity or function which involves the performance, under the direction and supervision of an attorney, of specifically delegated substantive legal work. Paralegals/legal assistants must comply with the legal restrictions in the practice of law by nonlawyers.

The paralegal program stresses practical application and the development of job skills as well as teaching legal theory. The program is designed to enhance the ability of students to reason, understand and apply correct principles of law by teaching analytical and critical thinking skills as opposed to rote learning. Graduates of the program will qualify for entry level employment and will possess skills for advancement and specialized areas in the paralegal profession. Students wishing a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

The American Bar Association has reviewed the Paralegal/Legal Specialist Program and found it in compliance with the standards developed by the Standing Committee on Legal Assistant Programs. The Paralegal/Legal Specialty Program has been granted approval by the American Bar Association.

Requirements for the Major

Required courses:

- BUSL 30 Introduction to Paralegal/Legal 3.0
- BUSL 31A Legal Analysis and Writing 3.0
- BUSL 31B Advanced Legal Analysis and Writing 3.0
- BUSL 33A Civil Procedure Pretrial 3.0
- BUSL 33B Civil Procedure-Trial and Post-Trial 3.0
- BUSL 35A Law Office Procedures 3.0
- BUSL 35B Automated Law Office Procedures 3.0
- BUSL 37 Tort Law 3.0

Recommended Electives:
The Paralegal/Legal faculty recommend that students complement their studies with selected elective courses, including BUSL 36 – Paralegal Internship. Students should meet with a professor of the Paralegal/Legal program to help them determine which electives would best suit their career plans.

Programs Leading to an Associates Degree

**Psychiatric Technician to RN**

Nursing Department
Major 21209

The Mt. San Antonio College Nursing Program, approved and accredited by the California Board of Registered Nursing, is a two-year program designed to prepare men and women to give direct nursing care to clients in various practice settings. The program consists of course work in nursing, science, general education and clinical nursing practice at local hospitals and health agencies. Graduates of the program receive an Associate in Science Degree in Nursing and are eligible to take the NCLEX-RN examination leading to licensure as a Registered Nurse.

The Psychiatric Technician is provided career mobility into the Nursing Program to earn an Associate Degree in Nursing.

**Prerequisite Courses:**
1. Human Anatomy, including a laboratory component, a minimum of four semester units.
2. Human Physiology, including a laboratory component, a minimum of four semester units.
3. Microbiology, including a laboratory component, a minimum of four semester units.
4. English 1A (Writing Composition) minimum of three semester units with units with a minimum grade of C.

**Non-course Requirements:**
1. An overall grade point average of 2.5 for the Human Anatomy, Human Physiology, and Microbiology prerequisite courses with no grade less than a “C” for each course and no more than one repetition of any course.
2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
3. Eligibility for MATH 51.

**Required courses:**
- NURS 3 Medical-Surgical Nursing: 3.5 CSU
- Locomotion/Sensation: Integument/Oncology/Immunology
- NURS 4 Maternity Nursing: 3.0 CSU
- NURS 6 Pediatric Nursing: 3.0 CSU
- NURS 7 Medical-Surgical Nursing: Nutrition/Elimination/Surgical Asepsis: 7.0 CSU
- NURS 8 Medical-Surgical Nursing: Circulation and Oxygenation: 5.0 CSU
- NURS 9 Leadership in Nursing: 1.0 CSU
- NURS 10 Medical-Surgical Nursing: Integration/Regulation: 4.0 CSU
- NURS 11 Preceptorship in Nursing: 2.0 CSU

**Total Units**: 28.5

**Prerequisites for the Major:**
- ANAT 35 Human Anatomy, or equivalent, and
- ANAT 36 Human Physiology, or equivalent, and
- ANAT 10A Introductory Human Anatomy, or equivalent, and
- ANAT 10B Introductory Human Physiology, or equivalent, and
- MICR 1 Principles of Microbiology, or equivalent, and
- MICR 22 Microbiology, or equivalent, and
- ENGL 1A Freshman Composition, and
- CHLD 10 Child Growth and Development, or
- PSYC 14 Developmental Psychology
- PSYC 1A Introduction to Psychology
- SPCH 1A Public Speaking

**Total Units**: 24.0 - 27.0

**CHLD 10 or PSYC 14 must be completed prior to entrance into NURS 6, Pediatric Nursing.**

*Note*: Applicants planning to continue their education and enter a baccalaureate program in nursing will need to complete ANAT 35 and ANAT 36 instead of ANAT 10A and ANAT 10B and MICR 1 instead of MICR 22.

**Requirements for the Associate Degree:**
Students must develop an education plan with a counselor or educational advisor to complete college academic requirements for the A.S. degree. Contact the Counseling Department or Advising Center to schedule an appointment.

**Selection Process:**
Beginning Fall 2006, students applying for admission to the Nursing Program will be required to see either a counselor or educational advisor to verify their eligibility to enter the Nursing program.

**Procedure:**
Students must complete all course prerequisites prior to requesting an appointment for certifying readiness to enter into the Nursing program. Once eligibility has been established, students will enter on a first come first served basis.

**The Eligibility Appointment:**
1. Once a student has completed all course prerequisites, they may request an appointment with a counselor or educational advisor.
2. Students who have completed coursework at other colleges must bring the following information to their eligibility appointment:
   a. Official transcripts of all college work completed at all colleges.
   b. If the prerequisite courses were completed at another college, a course description and a copy of the course syllabus;
   c. Students completing college coursework outside of the United States will need to have their transcripts evaluated by an approved international transcript evaluation agency and must bring the final evaluation to their appointment (students may be able to obtain a list of agencies from the Admissions Office).

**Appointments for Eligibility Verification will only be made during the Following Months:**
- September 1 - November 30
- March 1 - May 30

Students should also be aware that once they have been admitted to the Nursing program and before beginning the clinical portion of the program, they will need to be able to pass both a criminal background check, including a screening by the Office of Inspector General for welfare or Social Security fraud, as well as testing negative for drug use.

**All Applicants are Required to meet the Essential Functions for Success in the Nursing Program:**

**Physical Demands**
- Perform prolonged, extensive, or considerable standing/walking, lifting positioning, pushing, and/or transferring patients
- Possess the ability to perform fine motor movements with hands and fingers
- Possess the ability for extremely heavy effort (lift/carry 50 lbs. or more)
- Perform considerable reaching, stooping, bending, kneeling, and crouching

**Sensory Demands**
- Color vision: ability to distinguish and identify colors (may be corrected with adaptive devices)
- Distance vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationships
- Near vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

**Working Environment**
- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
Radio Broadcasting: Behind the Scenes
Art Department Major 20606

The Radio Broadcasting Behind-the-Scenes Degree is designed for students who are interested in the non-performance side of the broadcasting industry. Instruction in this major prepares students for entry-level jobs in a variety of areas including production, promotion, copywriting and management. Students also receive instruction in the business side of the industry and can further customize their program by selecting from a variety of optional courses. Students intending to pursue a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major Required courses:
- R-TV 01 Introduction to Broadcasting 3.0 CSU
- R-TV 09 Broadcast Sales and Promotion 3.0
- R-TV 10 Radio Management and Programming 3.0
- R-TV 11A Beginning Radio Production 3.0 CSU
- R-TV 11B Advanced Radio Production 3.0 CSU
- R-TV 12 Commercial Copywriting 3.0
- R-TV 15 Broadcast Business Practices 3.0
- R-TV 16 Broadcast Career Preparation 3.0
- R-TV 97A Radio Broadcasting Seminar 1.0
- R-TV 97B Radio Broadcasting Internship 1.0

PLUS Select six (6) units from:
- R-TV 03 Sportscasting and Reporting 1.5
- R-TV 04 Broadcast News Field Reporting 3.0
- R-TV 05 Radio and Television Newswriting 3.0
- R-TV 06 Broadcast Traffic Reporting 1.5
- R-TV 08 KSASK Radio Studio Operations 2.0 CSU
- R-TV 17 Internet Radio Broadcasting 3.0
- R-TV 26 Legal Issues in Entertainment Law 3.0
- R-TV 27 Radio Drama 3.0

Total Units 32.0

Radio Broadcasting: On-The-Air
Art Department Major 20605

The Radio Broadcasting On-The-Air Degree is designed to prepare students for an entry-level job in a variety of performance areas of the broadcasting industry, including disc jockey, news anchor, sportscaster, and commercial voice-overs. Students also receive instruction in the business side of the industry and can further customize their program by selecting from a variety of optional courses. Students intending to pursue a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major Required courses:
- R-TV 02 Radio and Television 3.0 CSU
- R-TV 05 Radio-TV Newswriting 3.0
- R-TV 07 Commercial Voice-Overs 3.0
- R-TV 11A Beginning Radio Production 3.0 CSU
- R-TV 11B Advanced Radio Production 3.0 CSU
- R-TV 15 Broadcast Business Practices 3.0
- R-TV 16 Broadcast Career Preparation 3.0
- R-TV 97A Radio/Entertainment Industry Seminar 1.0
- R-TV 97B Radio/Entertainment Industry Internship 1.0
- R-TV 97C Entertainment Industry Internship – KSASK Radio 1.0
- R-TV 97D Entertainment Industry Internship – KSASK Radio 2.0

PLUS Select six (6) units from:
- R-TV 03 Sportscasting and Reporting 1.5
- R-TV 04 Broadcast News Field Reporting 3.0
- R-TV 06 Broadcast Traffic Reporting 1.5
- R-TV 08 KSASK Radio Studio Operations 2.0 CSU
- R-TV 10 Radio Management and Programming 3.0
- R-TV 12 Commercial Copywriting 3.0
- R-TV 17 Internet Radio Broadcasting 3.0
- R-TV 26 Legal Issues in Entertainment Law 3.0
- R-TV 27 Radio Drama 3.0

Total Units 33.0 - 34.0

Recommended Electives:
- ANIM 115 Storyboarding

Radiologic Technology
Radioologic Technology Department Major 21206

The course of study in Radiologic Technology offered at Mt. San Antonio College and its affiliated hospitals will prepare students to be certified radiologic technologists. Students will gain knowledge and understanding of the diagnostic uses of x-ray, as well as the technical skills to use x-ray equipment in both laboratory and clinical settings. The courses are developed to enable students to operate x-ray equipment, assist in the diagnosis of disease, and to observe proper medical ethics. Students will learn the nature of radiation, the principles of electricity, the structure of x-ray machines, and the operation of a clinical x-ray department.

To remain in the program, students must maintain a grade of “C” or better in all courses.

Upon completion of the Associate in Science Degree in Radiologic Technology, graduates are eligible to apply for the registry examination through the American Registry of Radiologic Technologists and the California Certification of Radiologic Technology.

Requirements for the Major Required courses:
- ANAT 10A Introductory Human Anatomy 4.0 CSU, UC
- COMP 10 Operating the Macintosh 1.5 CSU
- MEDI 90 Medical Terminology 3.0 CSU
- RAD 31 Fluoroscopy 2.0
- RAD 32A Techniques of Radiologic Technology 4.5 CSU
- RAD 32B Techniques of Radiologic Technology 2.5 CSU
- RAD 54 Techniques of Radiologic Technology 3.0 CSU

Total Units 76.5

ANAT 10A, and MEDI 90 may be taken prior to RAD 50.

Entrance Requirements and Selection Procedures:

Entrance Requirements:
In addition to meeting Mt. San Antonio College’s academic standards for admission, applicants must be in good standing and satisfy the following requirements:

a. Applicant must be 18 years of age upon entrance into the program.
b. High school graduate or equivalent.
c. File a college application and be accepted as a student at Mt. San Antonio College.
d. After completion of prerequisites, submit an application for the Radiologic Technology Program to the Technology and Health Division Office (909) 594-5611, Ext. 4750. All applications are dated upon receipt in the Technology and Health Division Office. A program begins each summer session.
e. Take the college placement examination which is used as an indicator.

If you have already taken a college placement exam within the past two years at another school, arrange to have your scores forwarded to the Technology and Health Division Office. (If you were tested at Mt. San Antonio College, the Technology and Health Division Office will obtain the test scores as long as an “Application for Admission” is on file with the Admissions and Records Office.)
Programs Leading to an Associates Degree

Arrangements should be made with the Services Center to schedule a date and time to take the college placement examination if required. The Assessment Center is open Monday through Friday. You may contact them at (909) 594-5611, Ext. 4265.

f. Complete the following prerequisite courses with a minimum grade of "C" in each course:
   1. General High School Algebra (one year), or
      Introductory College Algebra (one semester) or
      MATH 51 — Elementary Algebra, or equivalent;
   2. General High School Chemistry (one year), or
      Introductory College Chemistry (one semester), or
      CHEM 10, Chemistry for Allied Health Chemistry, or
      equivalent.

   Students must complete prerequisite courses before applying to the program.

g. Forward two official transcripts of all coursework completed (high school, nursing school, and other than Mt. San Antonio College courses). One transcript must be sent to the Technology and Health Division Office, and the other to the Admissions and Records Office.

h. For students who possess a college degree, the English placement test is not required. However, it will be necessary for a student to obtain two official copies of the college transcript showing the degree issued. One official transcript must be sent to the Technology and Health Division Office, and the other to the Admissions and Records Office.

If the course(s) were taken and/or the degree obtained at Mt. San Antonio College, it is not necessary to request transcripts. Indicate in the mailing address the program for which your transcript is being sent to the Technology and Health Division Office.

Example:
Mt. San Antonio College Technology and Health Division
Psychiatric Technician Program
1100 North Grand Avenue
Walnut, CA 91789-1399

i. A physical examination, certain immunizations, and malpractice insurance are required of all candidates after acceptance to the program and before entrance into the clinical setting. Drug testing will be required as part of the physical examination for all radiologic technology students. Forms and information will be provided at that time.

j. All students may be required to complete a background check prior to entering the clinical education phase.

k. An orientation with the Radiologic Technology Department will be held during the spring semester. Please contact the Technology and Health Division Office for the date and time of orientation.

l. Make an appointment with an educational advisor to review general education requirements for graduation.

Selection Procedure

Selection of students is based upon the completion of the above admission requirements and date of application. The Department will make every effort to notify the applicant of acceptance by mail no less than one month prior to beginning of a program.

Program Completion Requirements

a. In addition to the major requirements and general education, students must also complete a course in venipuncture for radiographers. This course is offered through Community Education but may be taken elsewhere with prior approval from the department.

b. A course in mammography is also offered in the final semester for graduate students and licensed radiographers. This course is optional.

Real Estate Appraisal

Business Administration Department
Major 20513

This program is intended to prepare students for employment following graduation. Students wishing a Bachelor's Degree (transfer program) should consult with an advisor to discuss transferrability of courses.

Requirements for the Major

Required courses:

BusA 22 Bookkeeping – Accounting
BusL 18 Business Law
BusM 66 Small Business Management
BusO 5 Business English
BusO 26 Oral Communications for Business
BusR 57 Income Tax Aspects of Real Estate Investments
BusR 59 Real Estate Property Management
BusR 76 Escrow Procedures I
BusS 35 Professional Selling
Comp 1 Computer Keyboarding
PsyC 1A Introduction to Psychology

Recommended Electives:

BusA 7 Principles of Accounting — Financial, or
BusA 11 Fundamentals of Accounting, or

Total Units 34.0 - 35.0

Recreation

Physical Education Department
Major 22104

Students who plan to transfer to a four-year college to continue their study in the following major are encouraged to meet with a counselor or advisor and consult the catalog of the institution they plan to attend for specific requirements.

Requirements for the Major

Required courses:

Pe 1 Camp Leadership 2.0 CSU
Pe 2 The Recreation Program 2.0 CSU
Pe 3 First Aid and CPR/cr
Pe 5 Advanced First Aid/CPR/Key CJ 
Pe 7 Introduction to Physical Education
Pe 19 Introduction to Care/First Aid/Health
Pe 20 Recreation and Leisure Services 3.0 CSU
Pe 34 Fitness for Living 3.0 CSU, UC

PLUS
- Select one (1) course from:
  - ArtB 14 Introduction to Art
  - PsyC 1A General Psychology
  - Soc 1 Sociology
  - DnC 1 Child Development

- Select four (4) courses from:
  - DnC 1 Dance: Activity
  - Pe-A Physical Education: Athletics
  - Pe-F Physical Education: Fitness
  - Pe-I Physical Education: Individual
  - Pe-L Physical Education: Adaptive
  - Pe-S Physical Education: Team Sports

Total Units 28.1 - 34.0
Registered Veterinary Technology
Agricultural Sciences Department
Major 21205

The program of courses in Agriculture is designed to enable students to prepare for a career in this essential and diverse profession. The department offers a comprehensive agricultural sciences program and is unique in that most courses provide hands-on experience designed to give the student a combination of practical skills and technical knowledge. Students who intend to transfer should check the lower division requirements in the catalog of the college or university which they plan to attend and also the semester and year in which courses are offered.

The following programs list all courses needed to satisfy major requirements. It is recommended that all students consult with the department chairperson or faculty advisor to file an educational plan. Students must file an educational plan with the Director of the Registered Veterinary Technology Program during the first year of study.

These programs are intended to prepare students for employment following graduation. Students desiring a Bachelor's Degree (transfer program) should consult with the department chairperson, counselor or advisor to discuss transferability of courses.

This degree is designed to prepare students for careers as Registered Veterinary Technicians who will work under the supervision of licensed private organizations including veterinary hospitals, research vivariums, animal shelters, and other animal care agencies. Students who satisfactorily complete the requirements of this program are eligible to take the State of California Certification Examination for Registered Veterinary Technicians.

Students wishing to be admitted to the Registered Veterinary Technology program must meet with the Director of the Registered Veterinary Technology program at least two weeks prior to the beginning of the semester in which enrollment shall begin.

Requirements for the Major
Required courses 1st year:
AGLI 19 Physiology of Domestic Animals 2.0

Required courses 2nd year:
AGHE 60 Medical Nursing and Animal Care 4.0 CSU
AGHE 61 Surgical Nursing 4.0 CSU
AGHE 62A Clinical Pathology 4.0 CSU
AGHE 62B Clinical Pathology 4.0 CSU
AGHE 64 Veterinary Pharmacology 3.0 CSU
AGHE 65 Veterinary Radiography 2.0 CSU
AGHE 79 Laboratory Animal Medicine and Care 3.0 CSU
AGHE 84A Applied Animal Health Procedures or 1.0
AGHE 84B Applied Animal Health Procedures 1.0
AGHE 85 Seminar in Animal Health Technology 1.0

PLUS
Select four (4) units from:
AGHE 83A Work Experience in Animal Health 1.0
AGHE 83B Work Experience in Animal Health 2.0

PLUS
Select six (6) units from:
AGLI 12 Exotic Animal Management 3.0
AGLI 14 Swine Production 3.0 CSU
AGLI 16 Horse Production 4.0 CSU, UC
AGLI 17 Sheep Production 3.0 CSU
AGLI 18 Horse Ranch Management 4.0 CSU
AGLI 19 Horse Hoof Care 2.0 CSU
AGLI 30 Beef Production 3.0 CSU
AGPE 70 Pet Shop Management 3.0
AGPE 71 Canine Management 3.0
AGPE 72 Feline Management 3.0
AGPE 73 Tropical and Coldwater Fish Management 2.0
AGPE 74 Reptile Management 2.0
AGPE 76 Aviculture – Cage and Aviary Birds 3.0

Total Units 60.0

Respiratory Therapy
Respiratory Therapy Department
Major 21205

The Respiratory Therapy Program, which is accredited by the Committee on Accreditation for Respiratory Care (COARC), is designed to train students to function as Respiratory Therapists.

Respiratory Therapy is the application of technical skills involving a complete understanding of cardiopulmonary physiology and recognition of various pathological conditions that alter the patient’s ability to breathe effectively.

By applying medical gases under pressure – i.e., compressed air, oxygen, and other mixtures — to the airways through the use of various kinds of equipment, the therapist, under the direction of the physician, treats the diseased or ineffective respiratory system.

Some mechanical aptitude and manual dexterity is helpful in learning the operation of specialized equipment. This includes diagnostic apparatus which aids the physician in detecting cardiorespiratory diseases.

Requirements for the Major
Required courses:
ANAT 10A Introductory Human Anatomy 4.0 CSU, UC
ANAT 10B Introductory Human Physiology 4.0 CSU, UC
CHEM 10 Chemistry for Allied Health Majors 4.0 CSU, UC
MATH 51 Elementary Algebra 4.0
MATH 71B Human and Medical Terminology 3.0 CSU
RESD 50 Theory and Principles of Respiratory Therapy 2.0 CSU

PLUS
Select six (6) units from:
RESD 51A Respiratory Therapy Science 4.0 CSU
RESD 51B Respiratory Therapy Science 4.0 CSU
RESD 52 Pulmonary Anatomy and Physiology 3.0 CSU
RESD 53 Cardiopulmonary Pathophysiology 3.0 CSU
RESD 55 Adult Respiratory Intensive Care 3.0 CSU
RESD 56A-1 Techniques of Respiratory Therapy 5.0 CSU
RESD 56B-1 Techniques of Respiratory Therapy 6.0 CSU
RESD 56C-1 Techniques of Respiratory Therapy 6.0 CSU
RESD 57 Special Procedures for Respiratory Care 3.0 CSU
RESD 58 Neonatal Intensive Care 3.0 CSU
RESD 59 Respiratory Therapeutic Modalities 3.0 CSU
RESD 60 Comprehensive Pulmonary Assessment 2.0 CSU
RESD 61 Current Issues in Respiratory Care 3.0 CSU

Total Units 72.0

Special Information:
The completion of the Respiratory Therapy Program and receipt of the Certificate of Completion requires completion of the Associate Degree. The student may elect to pursue either the Associate in Science or Associate in Arts Degree.

All students entering the program must submit an educational plan showing the major course requirements with the general education requirements for the degree.

To remain in the program, students must maintain a “C” or better grade in all courses.

Upon completion of the required courses, the student is granted a Certificate of Completion in Respiratory Therapy. The certificate will permit the student to sit for all National Board for Respiratory Care (NBRC), Incorporated, examinations.

Entrance Requirements and Selection Procedures:
In addition to meeting Mt. San Antonio College’s academic standards for admission, applicants must be in good standing and satisfy the following requirements:
1. Applicant must be at least 18 years of age upon entrance into the program and must be a high school graduate or equivalent. Please provide copy of diploma as proof of high school completion.
2. File a college application and be accepted as a student at Mt. San Antonio College.
3. Applicant must take the College placement exams before taking any of the prerequisite or respiratory therapy courses.

Testing is administered by the Assessment Center located in the Student Services Center, Building 9B. You may contact them at (909) 594-5611, Ext. 4265, to set up an appointment.

If you have taken English and math at another college, please provide college transcripts. For students who possess a college degree, the college placement examination is not required. However, it will be necessary for the applicant to obtain two official copies of the college transcript showing the degree issued. One official transcript must be sent to the Respiratory Therapy Program Office and the other to the Admissions Office. If the degree was obtained at Mt. SAC, it is not necessary to request transcripts. Transcripts should be addressed as follows:
Mt. San Antonio College
Technology and Health Division
Respiratory Therapy Program
1100 North Grand Avenue
Walnut, CA 91789-1389
Programs Leading to an Associates Degree

4. Submit a completed application for the Respiratory Therapy Program to the Technology and Health Division Office (Bldg. 28A, Room 1013), (909) 594-5611, Ext. 4750. All applications are dated upon receipt.

5. The following courses are advisory prerequisites. It is recommended, but not required, that these courses be completed prior to starting the program. Completion of these courses is mandatory prior to graduation from the respiratory therapy program:
   a. MATH 51: Elementary Algebra, or equivalent
   b. CHEM 10: Chemistry for Allied Health Majors, or equivalent
   c. MEDI 90: Medical Terminology, or equivalent
   d. ANAT 10A: Introductory Human Anatomy, or equivalent
   e. ANAT 10B: Introductory Human Physiology, or equivalent

   It is highly recommended that students complete their general education requirements prior to entering the program.

Foreign Transcripts:
All coursework taken outside of the United States must be analyzed by a designated agency for foreign transcript evaluation. No foreign coursework will be accepted without this evaluation. It is the sole responsibility of the applying student to get the evaluation completed before entry into the program. Information for transcript evaluation is available in the Technology and Health Division.

Selection Procedure:
Selection for the Respiratory Therapy program is on a first-come/first-served basis. It is strongly recommended that the advisory prerequisites are completed prior to entering the program. Completion is not, however, mandatory for acceptance.

A.S. Degree Requirements:
All students entering the Respiratory Therapy Program MUST complete all the major course requirements and the general education requirements (Including General Psychology) necessary to complete the Associate Degree before a Certificate of Completion in Respiratory Therapy will be granted. The certificate will permit the student to sit for all National Board for Respiratory Care (NBRC), Incorporated, examinations.

All students will be required to complete a background check prior to entering the clinical education phase.

A physical examination, including specific immunizations, is required of all candidates prior to beginning classes. These requirements are in accordance with healthcare agency policy that insures that students are in good health and free from communicable disease and able to perform their training functions. Drug testing may also be required as a part of this physical examination.

Sign Language/Interpreting
Sign Language Department
Major 20801

Upon completion of this program, the graduate will be functional in sign language and will be able to interpret in a variety of situations. The program provides an overview of the Deaf community, careers working with Deaf people, teaches American Sign Language, offers specific interpreting courses, and includes training in the ethics and practical approaches that must be understood by a practicing interpreter.

Students who complete the required courses listed below and who also complete the graduation requirements of Mt. San Antonio College will be awarded the Associate in Science Degree in Sign Language/Interpreting.

Special Information:
To remain in the program, students must maintain a “C” or better grade in all courses.

Small Business Management
Accounting and Management Department
Major 20508

This program is intended to prepare students for employment following graduation. Students wishing a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Major Required courses:
BUSM 7 Principles of Accounting – Financial 5.0 CSU, UC
BUSM 10 Principles of Continuous Quality Improvement 3.0
BUSM 20 Principles of Business 3.0 CSU, UC
BUSM 60 Human Relations in Business 3.0 CSU
BUSM 61 Business Organization and Management 3.0 CSU
BUSM 62 Human Resource Management 3.0
BUSM 66 Small Business Management 3.0
BUS 36 Principles of Marketing 3.0 CSU

BUSM 82 Work Experience in Business, or
BUSM 83 Work Experience in Business, or
BUSM 84 Work Experience in Business,
BUSM 85 Special Issues in Business, or
BUS 85 Special Issues in Marketing

Television Production
Art Department
Major 20602

This course of study qualifies the student for an Associate in Science Degree in Television Production and is designed to prepare a student for an entry-level job in the industry in a variety of areas, including camera operation, audio recordist and mixer, editor, video director, and general production crew member. The program gives the student a solid basis in both the performance and the business sides of broadcasting and production. Students can further customize their program of study for on-the-air or behind-the-scenes work by selecting from a variety of optional courses.

Requirements for the Major Required courses:
R-TV 01 Introduction to Broadcasting 3.0 CSU
R-TV 15 Broadcast Business Practices 3.0
R-TV 16 Broadcast Career Preparation 3.0
R-TV 19A Beginning Television Production 3.0 CSU
R-TV 19B Advanced Television Production 3.0 CSU
R-TV 98A Television/Film Seminar 1.0
R-TV 98B Television/Film Internship 1.0

PLUS
Select twelve (12) units from:
R-TV 05 Radio and Television Newswriting 3.0
R-TV 18 Writing for Television/Film 3.0 CSU
R-TV 20 Television News Production 3.0
R-TV 21 Remote Television Production and Engineering 3.5
R-TV 22 Electronic Graphics and Non-Linear Editing 3.0

Total Units 29.0

Recommended Electives:
ANIM 115 Storyboarding
R-TV 26 Legal Issues in Entertainment Law
THTR 17 Acting for Television

Welding
Air Conditioning, Welding & Water Technologies
Major 20919

This program is designed to prepare the student for employment in the broad field of welding. It leads to occupations in manufacturing and repair and helps prepare the student for positions in supervision.

Courses in the welding curriculum prepare students for welding certification. The college is a testing agency for the City of Los Angeles and is authorized to administer the performance test for the Structural Welding Certificate. There is a $50 charge for students and $60 for non-students to take this test. Topics of the written portion of the test which is administered by the city are reviewed in various welding courses offered by the college.

This program is intended to prepare students for employment following graduation. Students desiring a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

- WELD 30  Metal Sculpture
- WELD 60  Print Reading and Computations for Welders
- WELD 81  Pipe and Tube Welding
Section 8
Programs of Study
Leading to a Certificate
Mt. San Antonio College offers a variety of programs designed to develop or enhance vocational proficiency for which certificates are awarded upon completion. The possession of such a certificate is favorably recognized by business and industry and is frequently a requirement for professional advancement. Detailed brochures describing certificate programs are available.

**Students who are in the last semester of a certificate program must:**
- Submit an Application for Certificate form in the Admissions Office
- At least 1/2 of the credits earned toward the certificate must be completed at Mt. SAC
- A grade of "C" or better must be earned in each course to be applied to the certificate

Certificate programs listed do not necessarily qualify as specific majors for a two-year A.S. Degree program; however, most can be readily phased into existing majors. Students should consult the course descriptions in this Catalog to determine prerequisites for each course listed as part of a certificate program. Consult counselors for further information.

Courses of study outlined show how students may select and combine subjects in a balanced program that will prepare them for a specific vocation or further professional training.

These curricula should be considered only as patterns or samples to guide students in outlining their college program since they may need to be modified to fit students' personal plans. Students who desire help in planning for a vocation or profession not listed should seek the advice of a counselor. It is apparent that Mt. San Antonio College offers students a wide range of educational experiences. They will profit from the offerings here only to the extent that they carefully plan a program of study best suited to their own pattern of interests, aptitudes, personal characteristics, and previous experiences.

Programs of Study Leading to a Certificate

Accounting
Accounting and Management Department Certificate 60502
The Accounting Certificate incorporates various accounting courses that prepare the student for entry-level positions and/or professional advancement in a wide variety of accounting jobs. These jobs include general accounting, cost accounting, payroll, inventory management, asset management, credit and collections, financial analysis, etc.

Requirements for the Certificate
Required courses:
- Completion of the Accounting: Financial Planning Certificate (21 Units) or Accounting: Managerial Certificate (19 Units) as follows:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>BUSA 7</td>
<td>Principles of Accounting — Financial</td>
<td>5.0</td>
</tr>
<tr>

</tbody>
</table>

Total Units: 30.0 - 32.0

Option BUSA 21 or BUSA 58: Take whichever course you have not previously taken.

Accounting — Computerized
Accounting and Management Department Certificate 60503
The Computerized Accounting Certificate provides the student with basic accounting skills and knowledge together with additional training in computer applications common to the accounting industry. This certificate program prepares the student for an entry-level position as a computerized accounting clerk. Common duties performed in this field include utilizing accounting software programs for posting transactions to journals/ledgers, accounts receivable, accounts payable, inventory tracking/reporting, bank reconciliation, expense reporting, and account analysis.

Requirements for the Certificate
Required courses:
- Completion of the Accounting — Computerized Certificate (9-10 Units) as follows:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>BUSA 7</td>

<td>3.0</td>
</tr>
<tr>
<td>BUSO 25</td>
<td>Business Communications</td>
<td>3.0</td>
</tr>
</tbody>
</table>

Total Units: 9.0 - 10.0

Accounting — Managerial
Accounting and Management Department Certificate 60505
The Managerial Accounting Certificate provides basic accounting skills and knowledge concentrating in the area of managerial accounting. This prepares students for entry-level positions within the managerial accounting segment. Common duties performed in this field include cost analysis, budget preparation, variance analysis, expense reporting, account analysis, and preparation of various internal reports to help management make decisions.

Requirements for the Certificate
Required courses:
- Completion of Accounting — Computerized Certificate as follows:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>

</tbody>
</table>

Total Units: 18.5 - 19.5
Administrative Assistant — Level I
Office Technology Department
Certificate 60516

The Level I Certificate prepares students for entry-level clerical positions where keyboarding is the primary function.

Requirements for the Certificate

Required courses:
- BUSO 5 Business English 3.0
- COMP 1 Computer Keyboarding, or 4.0 CSU
- COMP 1A Computer Keyboarding, and 2.0 CSU
- COMP 1B Computer Keyboarding 2.0 CSU
- COMP 12 Office Computer Applications, or 4.0 CSU, UC
- CISB 15 Microcomputer Applications 4.0 CSU, UC
- COMP 28 Office Management Skills 3.0

Total Units 14.0

Administrative Assistant — Level II
Office Technology Department
Certificate 60514

The Level II Certificate prepares students for clerical positions where office organization and transcription skills are needed.

Requirements for the Certificate

Required courses:
- Completion of the Administrative Support — Level I Certificate (18.5 - 21 units) as follows:
  - BUSO 5 Business English 3.0
  - COMP 1 Computer Keyboarding, or 4.0 CSU
  - COMP 1A Computer Keyboarding, and 2.0 CSU
  - COMP 1B Computer Keyboarding 2.0 CSU
  - COMP 12 Office Computer Applications, or 4.0 CSU, UC
  - CISB 15 Microcomputer Applications 4.0 CSU, UC
  - COMP 28 Office Management Skills 3.0

Total Units 14.0

Required courses:
- Completion of the Administrative Support — Level II Certificate (18.5 - 21 units) as follows:
  - BUSO 25 Business Communications 3.0 CSU
  - COMP 2 Intermediate Computer Keyboarding 4.0
  - COMP 20 Word for the Business Professional, or 4.0
  - COMP 120A Microsoft Word — Level 1, and 1.0
  - COMP 120B Microsoft Word — Level 2 1.0
  - COMP 68 Transcription Techniques 3.0

Total Units 4.0

Plus the following courses:
- Level III as follows:
  - BUSO 26 Oral Communications for Business 3.0
  - BUSO 96A Business Vocabulary 1.5
  - COMP 11 Internet Research for Business 2.0 CSU
  - COMP 13 Using Web Page Software 4.0 CSU
  - COMP 60 Desktop Publishing with InDesign or Pagemaker 4.0 CSU
  - COMP 150 Basic PowerPoint, or 1.0
  - COMP 50 Desktop Presentations using PowerPoint 4.0 CSU

Total Units 41.5 - 46.5

Air Conditioning and Refrigeration
Air Conditioning, Welding & Water Technologies Certificate 60909
This program is designed to prepare the student for employment in the broad field of air conditioning, heating, and refrigeration. It leads to occupations in design, manufacturing, operation, sales, distribution, installation, maintenance, and repair. Students desiring a Bachelor's Degree (transfer program) should consult with an advisor to discuss transferability of courses.

Requirements for the Certificate

Required courses:
- AIRM 95A Aircraft Powerplant 9.0 CSU
- AIRM 95B Aircraft Powerplant 9.0
- AIRM 96A A&P Technician 12.0
- AIRM 96B A&P Technician 12.0

Total Units 39.0

Recommended Electives:
- AIRM 71 Aviation Maintenance Science 6.0
- AIRM 72 Aviation Materials and Processes 1.5
- AIRM 73 Aviation Welding 1.5

Aircraft Powerplant Maintenance Technology — Day
Aircraft Maintenance Technology & Manufacturing Department Certificate 60912

This program prepares students to enter employment as a certified powerplant technician in the aircraft maintenance industry. Training is given in the overhaul of various powerplants and their components. Completion of this program leads to an Associate in Science Degree or a Certificate. Excellent opportunities for employment exist in this area of training. Certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate.

This program offers a day (full-time) or evening (part-time) program option. The only difference between the two options is the course numbering and time required to complete the program. Day program courses AIRM 66A and 66B are equivalent to evening program courses AIRM 90A, 90B, 91A, 91B, 92A, 92B, 93A, and 93B.

Successful completion of this program enables students to take the FAA examination in General and Powerplant. Passing the General Exam plus the Airframe and/or Powerplant Exam provides certification as an Aircraft Maintenance Technician which is required for employment in this field. Students desiring a Bachelor's Degree (transfer program) should consult with an advisor to discuss transferability of courses.

Requirements for the Certificate

Required courses:
- AIRM 65A Aircraft Powerplant 12.0 CSU
- AIRM 65B Aircraft Powerplant 12.0
- AIRM 70A Aircraft Maintenance Electricity 3.0
- AIRM 70B Aircraft Maintenance Electricity 3.0
- AIRM 71 Aviation Maintenance Science 6.0
- AIRM 72 Aviation Materials and Processes 1.5
- AIRM 73 Aviation Welding 1.5

Total Units 39.0

Air Conditioning, Welding & Water Technologies — Day
Air Conditioning, Welding & Water Technologies Certificate 60909

This program is designed to prepare the student for employment in the broad field of air conditioning, heating, and refrigeration. It leads to occupations in design, manufacturing, operation, sales, distribution, installation, maintenance, and repair. Students desiring a Bachelor's Degree (transfer program) should consult with an advisor to discuss transferability of courses.

Requirements for the Certificate

Required courses:
- AIRM 95A Aircraft Powerplant 9.0 CSU
- AIRM 95B Aircraft Powerplant 9.0
- AIRM 96A A&P Technician 12.0
- AIRM 96B A&P Technician 12.0

Total Units 39.0

Recommended Electives:
- AIRM 71 Aviation Maintenance Science 6.0
- AIRM 72 Aviation Materials and Processes 1.5
- AIRM 73 Aviation Welding 1.5

Aircraft Powerplant Maintenance Technology — Evening
Aircraft Maintenance Technology & Manufacturing Department Certificate 60952

This program prepares students to enter employment as a certified powerplant technician in the aircraft maintenance industry. Training is given in the overhaul of various powerplants and their components. Completion of this program leads to an Associate in Science Degree or a Certificate.
Programs of Study Leading to a Certificate

Certificate. Excellent opportunities for employment exist in this area of training. Certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate.

This program offers a day (full-time) or evening (part-time) program option. The only difference between the two options is the course numbering and time required to complete the program. Day program courses AIRM 66A and 65B are equivalent to evening program courses AIRM 95A, 95B, 96A, 96B, 97A, 97B, 98A, and 98B.

Day program courses AIRM 66A and 66B are equivalent to evening program courses AIRM 90A, 90B, 91A, 91B, 92A, 92B, 93A, and 93B.

Successful completion of this program enables students to take the FAA examination in General and Powerplant. Passing the General Exam plus the Airframe and/or Powerplant Exam provides certification as an Aircraft Maintenance Technician which is required for employment in this field. Students desiring a Bachelor's Degree (transfer program) should consult with an advisor to discuss transferability of courses.

Requirements for the Certificate

**Required courses:**
- AIRM 66A Aircraft Maintenance Technology — Airframe Maintenance 12.0
- AIRM 66B Aircraft Maintenance Technology — Powerplant Maintenance 12.0
- AIRM 70A Aircraft Maintenance Electricity and Electronics 3.0
- AIRM 71 Aviation Maintenance Science 6.0
- AIRM 72 Aviation Materials and Processes 1.5
- AIRM 73 Aviation Welding 1.5

**Total Units 39.0**

**Recommended Electives:**
- AIRM 74 Aircraft Maintenance Technology — Work Experience
- AIRM 80 Lab Studies in Aircraft Maintenance Technology
- AIRM 81 Lab Studies in Aircraft Maintenance Technology
- EDT 12 Technical Engineering Drawing II
- ELEC 90 Survey of Electronics
- MFG 70 Technical Mathematics — Manufacturing Applications
- PHYS 1 Physics

**Airframe Maintenance Technology — Day**

Aircraft Maintenance Technology & Manufacturing Department Certificate 60911

This program prepares students to enter employment as a certified airframe technician in the aircraft maintenance industry. Training is given in the overhaul of various airframes and their components. Completion of this program leads to an Associate in Science Degree or a Certificate. Excellent opportunities for employment exist in this area of training. Certain administrative, quality control, and flight personnel careers require the applicant to hold a valid A & P Certificate.

### Required Core Courses:
- **AD 13** Internship/Seminar 3.5 CSU
- **AD 14** Advanced Internship/Seminar 3.5 CSU
- **AD 10** Client Record and Documentation 1.5
- **AD 11** Techniques of Intervention and Referral 3.0

### Required Skill Courses:
- **AD 8** Group Process and Leadership 3.0
- **AD 9** Family Counseling 3.0
- **AD 10** Client Record and Documentation 1.5
- **AD 11** Techniques of Intervention and Referral 3.0

### Required Field Work Courses:
- **AD 13** Internship/Seminar 3.5 CSU
- **AD 14** Advanced Internship/Seminar 3.5 CSU

### Recommended Electives:
- **ANIM 107** Figure in Motion
- **ANIM 109** Advanced Principles of Animation

### Total Units: 39.0 - 40.5

## Programs of Study Leading to a Certificate

### Animation — Digital 2-Dimensional

#### Art Department Certificate 61011
The Digital 2-D Certificate provides training for creative careers that integrate animation with video, audio, graphics and special effects for Websites, broadcast, film, presentation or mobile content. The Animation Program offers an integrated interdisciplinary approach to prepare students to meet current and future job market demands. The student will be given a balanced blend of art and technology-based skills which are essential for today’s careers in animation. The program offers an A.S. Degree and three certificates. Course content is driven by industry needs in order to provide the student with the best possible preparation for a career in animation.

### Requirements for the Certificate

#### Required Courses:
- **ANIM 101** Drawing — Gesture and Figure 3.0 CSU
- **ANIM 108** Principles of Animation 3.0 CSU
- **ANIM 111** Storyboarding 3.0
- **ANIM 116** Character Development 1.5
- **ANIM 119** Portfolio, or 1.5
- **ARTC 66** Portfolio 3.0
- **ANIM 120** Script Development for Animation 3.0
- **ANIM 172** Motion Graphics with After Effects 3.0
- **ANIM 175** Web Animation with Flash 3.0
- **ARTC 70** Computer Graphics: Introduction 3.0
- **ARTC 74** Computer Graphics: Web Page Design 3.0
- **ARTD 17A** Drawing: Life 3.0 CSU, UC

#### Total Units: 33.0 - 34.5

### Recommended Electives:
- **ANIM 107** Figure in Motion
- **ANIM 109** Advanced Principles of Animation
- **ANIM 130** Introduction to 3-D Computer Animation 3.0
- **ANIM 137A** Work Experience in New Digital Media, or 1.5
- **ANIM 137B** Work Experience in New Digital Media, or 1.5
- **ANIM 148** Demo-Reel 3.0
- **ARTC 66** Portfolio 3.0
- **ARTC 165** Illustration 3.0 CSU

### Total Units: 39.0 - 40.5

### Animation — Digital 3-Dimensional

#### Art Department Certificate 61012
The Digital 3-D Certificate provides training in 3-D animation including character modeling, lighting, texture, environment and special effects that lead to creative careers in film, television and the video game industry. The Animation Program offers an integrated interdisciplinary approach to prepare students to meet current and future job market demands. The student will be given a balanced blend of art and technology-based skills which are essential for today’s careers in animation. The program offers an A.S. Degree and three Certificates. Course content is driven by industry needs in order to provide the student with the best possible preparation for a career in animation.

### Requirements for the Certificate

#### Required Courses:
- **ANIM 101** Drawing — Gesture and Figure 3.0 CSU
- **ANIM 104** Drawing Fundamentals 3.0 CSU
- **ANIM 108** Principles of Animation 3.0 CSU
- **ANIM 111** Storyboarding 3.0
- **ANIM 116** Character Development 1.5
- **ANIM 130** Introduction to 3-D Computer Animation 3.0
- **ANIM 132** Modeling, Texture Mapping and Lighting 3.0
- **ANIM 134** Visual Effects I: Dynamics 1.5
- **ANIM 135** Visual Effects II: Particle Systems 1.5
- **ANIM 136** Animation Environment Layout 3.0
- **ANIM 144** Advanced 3-D Modeling 3.0
- **ANIM 146** 3-D Animation 3.0
- **ANIM 148** Demo-Reel 1.5
- **ARTC 70** Computer Graphics: Introduction 3.0 CSU
- **ARTD 17A** Drawing: Life 3.0 CSU, UC

#### Total Units: 39.0 - 40.5

### Recommended Electives:
- **ANIM 107** Figure in Motion
- **ANIM 109** Advanced Principles of Animation
- **ANIM 119** Portfolio, or 1.5
- **ARTC 66** Portfolio 3.0
- **ARTC 165** Illustration 3.0 CSU

### Total Units: 39.0 - 40.5

### Animation — Traditional

#### Art Department Certificate 61010
The Traditional Certificate provides training based around the principles of storytelling and animation. These skills lead to careers in television, film, Internet and gaming as an animator, character designer, storyboard artist, layout artist or director.

The Animation Program offers an integrated interdisciplinary approach to prepare students to meet current and future job market demands. The student will be given a balanced blend of art and technology-based skills which are essential for today’s careers in animation. The program offers an A.S. Degree and three Certificates. Course content is driven by industry needs in order to provide the student with the best possible preparation for a career in animation.

### Requirements for the Certificate

#### Required Courses:
- **ANIM 101** Drawing — Gesture and Figure 3.0 CSU
- **ANIM 104** Drawing Fundamentals 3.0 CSU
- **ANIM 108** Principles of Animation 3.0 CSU
- **ANIM 115** Storyboarding 3.0
- **ANIM 116** Character Development 1.5
- **ANIM 130** Introduction to 3-D Computer Animation 3.0
- **ANIM 132** Modeling, Texture Mapping and Lighting 3.0
- **ANIM 134** Visual Effects I: Dynamics 1.5
- **ANIM 135** Visual Effects II: Particle Systems 1.5
- **ANIM 136** Animation Environment Layout 3.0
- **ANIM 144** Advanced 3-D Modeling 3.0
- **ANIM 146** 3-D Animation 3.0
- **ANIM 148** Demo-Reel 1.5
- **ARTC 70** Computer Graphics: Introduction 3.0 CSU
- **ARTD 17A** Drawing: Life 3.0 CSU, UC

#### Total Units: 39.0 - 40.5

### Special Instructions:
- Restricted electives must be taken prior to enrollment in Field Experience and can be taken in conjunction with core and skills courses.
Programs of Study Leading to a Certificate

Recommended Electives:
- ANIM 107 Figure in Motion
- ANIM 130 Introduction to 3-D Computer Animation
- ANIM 137A Work Experience in New Digital Media
- ANIM 137B Work Experience in New Digital Media
- ANIM 137C Work Experience in New Digital Media

- ARTD 20 Design: Two Dimensional
- ARTS 22 Design: Three Dimensional
- ARTS 41A Sculpture: Life
- PHOT 8 Digital Photography

Architectural Technology — Level I
Architecture and Engineering Design Department Certificate 60201

This multi-level certificate program is intended to prepare students to enter the field of architecture and related areas. The student is provided with an option of direct employment into the field or preparation for transfer to the professional school of architecture. The student will be required to develop both design and working drafting portfolios. Current technology and computer (CADD) skills are integrated into the program. An A.S. degree program is also available.

Requirements for the Certificate

Required courses:
- BUSC 1A Principles of Economics — Microeconomics, or
- BUSC 1AH Principles of Economics — Macroeconomics — Honors
- ENGL 1A Freshman Composition, or
- ENGL 1AH Freshman Composition — Honors
- ENGL 1B English — Introduction to Literary Types, or
- ENGL 1BH English — Introduction to Literary Types — Honors
- ENGL 1C Critical Thinking and Writing, or
- ENGL 1CH Critical Thinking and Writing — Honors
- FCS 41 Life Management
- HIST 3 History of World Civilization
- MATH 51 Elementary Algebra
- MATH 71 Intermediate Algebra
- MATH 150 Trigonometry
- PHYS 2AG General Physics

Total Units 9.0

Special Information: Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.
Programs of Study Leading to a Certificate

Accounting and Management Department Certificate 60534

This certificate builds upon the Level I Certificate to provide students with specific knowledge of human resource management functions. HR law, compensations systems, and an understanding of human motivation. The program will afford career opportunities in human resource management. The Level II Certificate will help those working in the human resource field to prepare for professional certification by the Human Resource Certification Institute.

Requirements for the Certificate

Required courses:
Level I as follows:
- BUSM 20 Principles of Business 3.0 CSU, UC
- BUSM 61 Business Organization and Management 3.0 CSU
- BUSM 62 Human Resource Management 3.0 CSU

Required courses:
Level II as follows:
- ANTH 22 General Cultural Anthropology 3.0 CSU, UC
- BUSM 60 Human Relations in Business 3.0 CSU
- BUSO 25 Business Communications, or 3.0 CSU
- BUSO 25A Business Communications A, and 1.5 CSU
- BUSO 25B Business Communications B 1.5 CSU

Additional required courses:
- BUSA 70 Payroll and Tax Accounting 3.0
- CISB 15 Microcomputer Applications 4.0 CSU, UC

Total Units 18.0

Special Information:
Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

Business: Human Resource Management — Level III
Accounting and Management Department Certificate 60535

Students completing the Level III Certificate will have knowledge and practical experience in business communications and computer use. Successful completion of this certificate prepares students to handle the increasing diversity and complexity of modern human resource management. Completing the advanced certificate will help those working in the human resource field to prepare for professional certification by the Human Resource Certification Institute.

Requirements for the Certificate
Completion of the Business: Human Resource Management – Level II Certificate (18 Units) as follows:

Required courses:
Level I as follows:
- BUSM 20 Principles of Business 3.0 CSU, UC
- BUSM 61 Business Organization and Management 3.0 CSU
- BUSM 62 Human Resource Management 3.0 CSU

Required courses:

Upon completion of the Business: Management — Level III Certificate, students will have built a foundation of management strategies and practices which will enable them to prosper in an everchanging business environment. Students will have a strategic perspective of production, marketing, accounting, international business and human resources. Completion of the Business: Management — Level III Certificate will lead to new opportunities and provide students with a solid foundation upon which to build a management career.

**Requirements for the Certificate**

Completion of the Business: Management — Level I and Level II Certificates (18.5 Units) as follows:

**Required courses:**

- BUSM 20 Principles of Business 3.0 CSU, UC
- BUSM 61 Business Organization 3.0 CSU
- BUSO 25 Business Communications 3.0 CSU
- BUSM 62 Human Resource Management 3.0
- CISB 15 Microcomputer Applications 4.0 CSU, UC

**Total Units** 10.0

**Special Information:**

Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

**Business: Retail Management — Level I**

Accounting and Management Department

Certificate 60500

This introductory certificate exposes students to the business world and the role of retail distribution. Students become familiar with careers in retail management, as well as the latest trends in this fast changing field. This certificate may aid the student’s search for an entry-level job in retail management.

**Requirements for the Certificate**

**Required courses:**

- BUSO 25 Business Communications 3.0 CSU
- BUSM 61 Business Organization 3.0 CSU
- BUSO 25 Business Communications 3.0 CSU
- BUSM 62 Human Resource Management 3.0
- BUSO 25 Business Communications 3.0 CSU
- CISB 15 Microcomputer Applications 4.0 CSU, UC

**Total Units** 9.0

**Special Information:**

Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

**Business: Retail Management — Level II**

Accounting and Management Department

Certificate 60501

This intermediate certificate builds upon the Level I Certificate to expose students to the various functions of managers in retail positions. Fundamentals of business organization, retail marketing and staffing provides the student a solid foundation from which to build a career in retail management.

**Requirements for the Certificate**

**Required courses:**

- BUSO 25 Business Communications 3.0 CSU
- BUSM 61 Business Organization 3.0 CSU
- BUSO 25 Business Communications 3.0 CSU
- BUSM 62 Human Resource Management 3.0
- BUSO 25 Business Communications 3.0 CSU
- CISB 15 Microcomputer Applications 4.0 CSU, UC

**Total Units** 19.0

**Special Information:**

Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

**Business: Retail Management — Level III**

Accounting and Management Department

Certificate 60521

Students completing the advanced Level III Certificate will have knowledge and practical experience in business communication, leadership and financial controls. Successful completion of this certificate prepares students to handle the increasing diversity and complexity of modern retail management.

**Requirements for the Certificate**

**Required courses:**

- BUSO 25 Business Communications 3.0 CSU
- BUSM 61 Business Organization 3.0 CSU
- BUSO 25 Business Communications 3.0 CSU
- BUSM 62 Human Resource Management 3.0
- BUSO 25 Business Communications 3.0 CSU
- CISB 15 Microcomputer Applications 4.0 CSU, UC

**Total Units** 22.0

**Special Information:**

Students receiving financial aid need to declare the Level III Certificate as their goal to meet Financial Aid requirements.

### Computer and Networking Technology — Level I

**Electronics and Computer Technology Department Certificate 60725**

The Computer and Networking Technology Major and Certificates are intended to prepare students to enter the computer and networking fields as service technicians. The program provides foundations in basic electronics, computer servicing, operating systems, network/server servicing, and Network security. Skills are developed so that students can provide customer service in the installation, software configuration, maintenance, operation, troubleshooting and repair of computers and their associated networking software/hardware. In addition to acquiring specialized skills in computer and networks servicing, the student will be prepared to take the A+, Network+, Server+, and Security+ certification tests offered at testing centers throughout the country. These certifications are CompTIA sponsored and are recognized worldwide as industry benchmarks for computer and networking technicians. Further, the student will have the requisite skills upon which to build in order to seek additional certification.

#### Requirements for the Certificate

**Required courses:**
- **CNET 50** PC Servicing (4.0)
- **CNET 52** PC Operating Systems (4.0)
- **CNET 54** PC Troubleshooting (4.0)
- **CNET 60** A+ Certification Preparation (3.0)
- **ELEC 11** Technical Applications in Microprocessors, or
  - **CISB 15** Microcomputer Applications, or
  - **ELEC 50A** Electronics Theory (2.0)
  - **ELEC 50AL** Electronics Laboratory (1.0)
  - **ELEC 50B** Electrons Theory (1.0)
  - **ELEC 50BL** Electronics Laboratory (1.0)
  - **ELEC 56** Digital Electronics (3.0)
  - **ELEC 56L** Digital Electronics Laboratory (1.0)

**Total Units 28.0 - 29.0**

#### Plus the following courses:
- **CNET 56** Computer Networks (4.0)
- **CNET 62** Network+ Certification Preparation (3.0)
- **CNET 64** Server + Certification Preparation (3.0)
- **CNET 66** Security + Certification Preparation (3.0)
- **ELEC 60** Customer Relations for the Technician (1.0)

**Total Units 42.0 - 43.0**

#### Recommended Electives:
- **CISN 51** Cisco CCNA Networking Fundamentals and Routing
- **CISN 25** Network Security and Firewalls
- **ELEC 74** Microprocessor Systems
- **ELEC 74L** Microprocessor Systems Laboratory
- **ELMA 65A** Mathematics of Electronics
- **ELMA 65B** Mathematics of Electronics

---

### Computer Graphic Design/Photography

**Photographics Department Certificate 61005**

The Computer Graphics Certificate will enable the student to develop specific computer skills needed for employment subsequent to completion of the required courses. The Computer Graphics Certificate is an option under the existing Photographic program. Those anticipating a Bachelor’s Degree should be guided in their selection of lower-division courses by an advisor of the catalog of the institution they expect to enter.

#### Requirements for the Certificate

**Required courses:**
- **ELEC 50B** Electronics Laboratory (3.0)
- **ELEC 60** A+ Certification Preparation (3.0)
  - **CNET 54** PC Troubleshooting (4.0)
  - **CNET 60** A+ Certification Preparation (3.0)
  - **ELEC 11** Technical Applications in Microprocessors, or
  - **CISB 15** Microcomputer Applications, or
  - **ELEC 50A** Electronics Theory (2.0)
  - **ELEC 50AL** Electronics Laboratory (1.0)
  - **ELEC 50B** Electrons Theory (1.0)
  - **ELEC 50BL** Electronics Laboratory (1.0)
  - **ELEC 56** Digital Electronics (3.0)
  - **ELEC 56L** Digital Electronics Laboratory (1.0)

**Total Units 24.0**

**Recommended Electives:**
- **AHIS 1** Understanding the Visual Arts
- **ARTB 1** Understanding the Visual Arts
- **COMP 10** Operating the Macintosh Computer
- **GRAP 18** Advanced Image Design – 3D Modeling Techniques
Computer Systems Technology
Electronics and Computer Technology
Department Certificate 60924

This curriculum is one of three advanced systems options available for those students who do not complete all advanced systems courses at once, or who complete them one at a time. The Computer Systems Technology curriculum encompasses advanced coursework in computer systems circuitry. This includes microprocessor programming codes and microprocessor interfacing circuits.

Two additional certificate programs are also available; a one-year certificate in Electronics Technology, and a two-year certificate having the same title as the A.S. Degree. All students completing an Electronic A.S. Degree program are automatically eligible to receive, without further examination, the N.A.R.T.E. 3rd Class Technician License, and all students completing certificate programs are automatically eligible to receive, without further examination, the N.A.R.T.E. 4th Class Technician License.

Consumer Services
Family and Consumer Sciences Department Certificate 61321

This program provides semi-professional training for those who seek immediate employment with the public sector or business establishments such as finance, retail, utilities and telecommunications. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

The possession of a certificate of proficiency is favorably recognized by government, business, and industry and is frequently a requirement for professional advancement. Additional courses beyond those required will enhance student's knowledge in a specialty area. Consult with a professor of Family and Consumer Sciences for further information.

Certificate requirements state that at least half of the required number of units be taken at Mt. San Antonio College and that in each course taken toward a certificate, a grade of “C” or better must be earned.

Students who are in the last semester of a certificate program must complete an Application for Certificate, available at the Admissions and Records Office, in order to be awarded the Certificate.

Correctional Sciences
Public Services Department Certificate 62103

Correctional Sciences is the application of law, social, and natural sciences to the social phenomenon of crime and delinquency. The discipline addresses definitions, causation, prevention, discovery, procedures, treatment and rehabilitation, quantification, and research in both criminal and civil aspects. This program is intended to prepare students for employment following graduation. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Culinary Arts — Level I
Family and Consumer Sciences Department Certificate 61334

The Culinary Arts — Level I Certificate program will prepare students for food production job opportunities in the food service industry. The program emphasizes basic food preparation, commercial food production, and food safety and sanitation. Six units of elective courses allow the student to tailor the program to meet specific needs.

Programs of Study Leading to a Certificate

CIS Professional Certificate in C# Programming
Computer Information Systems Department Certificate 60722
This certificate is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This program prepares the student to develop applications using C# for Windows or Web based programs.

Requirements for the Certificate
Required courses:
- CISD 21 SQL Server 4.0
- CISP 41 Programming in C# 4.0
- CISP 44 Advanced Programming in C# 4.0

Total Units 12.0

CIS Professional Certificate in C++ Programming
Computer Information Systems Department Certificate 60714
This curriculum is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This program will prepare the student to write applications in C++ and Visual C++ and provide a basic understanding of Object-Oriented Design.

Requirements for the Certificate
Required courses:
- CISP 31 Programming in C++ 4.0 CSU, UC
- CISP 34 Advanced C++ Programming 4.0 CSU, UC

Total Units 8.0

CIS Professional Certificate in Database Management — Microcomputers
Computer Information Systems Department Certificate 60715
This curriculum is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This program will prepare the student to work and manage data using a PC-based Database Management System. The program covers the major topics of the Microsoft MOUS certification exam for Access.

Requirements for the Certificate
Required courses:
- CISD 11 Database Management — Microcomputers 4.0 CSU
- CISD 14 Advanced Database Management — Microcomputers 4.0 CSU
- CISD 40 Database Design 2.0

Total Units 10.0

CIS Professional Certificate in Java Programming
Computer Information Systems Department Certificate 60700
This curriculum is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This program will prepare the student to develop applications using Java and includes techniques in Object Oriented Programming, web-based applets, servlets, navigating databases, and JavaBeans.

Requirements for the Certificate
Required courses:
- CISD 11 Database Management — Microcomputers, or 4.0 CSU
- CISD 31 Database Management 4.0
- CISD 21 Programming in Java 4.0 CSU, UC
- CISD 24 Advanced Java Programming 4.0

Total Units 12.0

CIS Professional Certificate in LINUX
Computer Information Systems Department Certificate 60706
This certificate is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This program will prepare the student to install, manage, and troubleshoot workstations, servers, and Local Area Networks using the Linux operating system. The certificate covers the major topics of an industry standard certification exam for Linux.

Requirements for the Certificate
Required courses:
- CISN 31 Linux Operating System 4.0 CSU
- CISN 34 LINUX Networking and Security 4.0 CSU
- CISW 31 Web Servers 4.0

Total Units 12.0

CIS Professional Certificate in Networking
Computer Information Systems Department Certificate 60716
This curriculum is designed to help students develop skills to administer and manage the heterogeneous corporate network. The courses examine and illustrate communication protocols with various industrial leading network operating systems. The main objective of the certification is to integrate and enhance knowledge for network administration. However, individual courses may assist students in preparing for related certification exams.

Requirements for the Certificate
Required courses:
- CISS 21 Network Vulnerabilities and Countermeasures 4.0 CSU
- CISS 23 Network Analysis and NIDS 4.0 CSU
- CISS 25 Network Security and Firewalls 4.0 CSU

Total Units 12.0

CIS Professional Certificate in Object-Oriented Design & Programming
Computer Information Systems Department Certificate 60723
This certificate will provide the basic knowledge for developing a model and creating a design for business application programs using object-oriented approach and UML.

Requirements for the Certificate
Required courses:
- CISP 11 Basic Programming, or 4.0 CSU, UC
- CISP 21 Programming in C++, or 4.0 CSU, UC
- CISP 24 Advanced Java Programming, or 4.0 CSU, UC
- CISP 25 Advanced C++ Programming, or 4.0 CSU, UC
- CISP 26 CISS 21 Network Vulnerabilities and Countermeasures 4.0 CSU
- CISP 27 CISS 23 Network Analysis and NIDS 4.0 CSU
- CISP 28 CISS 25 Network Security and Firewalls 4.0 CSU

Total Units 16.0

CIS Professional Certificate in Network Security
Computer Information Systems Department Certificate 60721
This curriculum is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This program is aimed to help students develop skills to design, implement, and maintain secured networks. The courses examine Firewall and VPN in various environments and platforms, use network protocol analyzing technology as a security tool to protect the networks from attacks, and illustrate network vulnerabilities from a hacker’s perspective. This program will prepare students to explain fundamental concepts of network security, identify network vulnerabilities and attacks, and use various protocol analyzers to detect network attack and troubleshoot network problems. Individual courses may assist students in preparing for related industry certification exams.

Requirements for the Certificate
Required courses:
- CISS 21 Network Vulnerabilities and Countermeasures 4.0 CSU
- CISS 23 Network Analysis and NIDS 4.0 CSU
- CISS 25 Network Security and Firewalls 4.0 CSU

Total Units 10.0

CIS Professional Certificate in Oracle
Computer Information Systems Department Certificate 60717
This curriculum is designed for returning CIS professionals with several years of experience or current students who have completed several CIS courses. This program will prepare the student to install, create, manage, administer, and troubleshoot an Oracle database. The program covers the major topics of an industry standard certification exam for Oracle.

### Programs of Study Leading to a Certificate

#### Educational Paraprofessional — Level I
**Psychology and Education Department Certificate 62107**

This certificate program in the field of Education prepares paraprofessionals in a variety of areas, emphasizing working with children to enhance their learning and development. Students will be able to assist classroom teachers in working with children of all ages and backgrounds. These classes assist students to prepare to pass the CBEST, as well.

**Requirements for the Certificate**

**Required courses:**
- CHLD 1 Child, Family and Community 3.0 CSU, UC
- EDUC 10 Introduction to Education 3.0 CSU, UC
- ENGL 68 English — Writing 3.0
- MATH 51 Elementary Algebra 4.0

**Total Units** 13.0

#### Educational Paraprofessional — Level II
**Psychology and Education Department Certificate 62108**

This certificate program in the field of education prepares paraprofessionals in a variety of areas, emphasizing working with children to enhance their learning and development. Students will be able to assist classroom teachers in working with children of all ages and backgrounds, including students with special needs. This certificate provides graduates with skills in math and English, as well as understandings in learning and teaching styles. It may be used as eligibility for position advancement.

**Requirements for the Certificate**

**Required courses:**
- CHLD 1 Child, Family and Community 3.0 CSU, UC
- EDUC 10 Introduction to Education 3.0 CSU, UC
- ENGL 68 English — Writing 3.0
- MATH 51 Elementary Algebra 4.0

**Total Units** 13.0

---

#### Electronic Cabling and Wiring Technology — Level I
**Electronics and Computer Technology Department Certificate 60910**

This is a fast-track certificate program within the fields of Information and Electronic Technology. These fields are growing at rapid rates. The program provides the necessary skills in the areas of low voltage cable and wire installations used in the telephone industry, computer networks (business and home), home theater, home automation, and home security systems (integrated home systems). The typical job titles for these areas are: data or cable technician, low-voltage wiring technician, home theater installer, and security system installer.

The certificate encompasses a total of 22-23 units comprising two levels of certification. The level I certification (11-12 units), develops skills in electrical fundamentals, fabrication techniques, and basic computer skills in word processing, spreadsheets, database and the Internet. The level II certification (9 units) adds customer relations and advanced skills at the systems level in voice, video, and data for cable and wire systems (copper, coax, fiber, and structured cables); and the setup, maintenance, and troubleshooting of home theatre systems, home automation, and home security systems.

**Requirements for the Certificate**

**Required courses:**
- CHLD 68 Children with Special Needs 3.0 CSU
- EDUC 16 Aspects and Issues in Teaching Service Learning 3.0 CSU, UC
- ENGL 1A Freshman Composition 3.0 CSU, UC
- MATH 71 Intermediate Algebra 5.0
- PSYC 14 Developmental Psychology, or 3.0 CSU, UC
- CHLD 10 Child Growth and Development 3.0 CSU, UC

**Total Units** 16.5 - 20.5

---

#### Electronic Cabling and Wiring Technology — Level II
**Electronics and Computer Technology Department Certificate 60928**

This is a fast-track certificate program within the fields of Information and Electronic Technology. These fields are growing at rapid rates. The program provides the necessary skills in the areas of low voltage cable and wire installations used in the telephone industry, computer networks (business and home), home theater, home automation, and home security systems (integrated home systems). The typical job titles for these areas are: data or cable technician, low-voltage wiring technician, home theater installer, and security system installer.

The certificate encompasses a total of 20-21 units comprising two levels of certification. The level I certification (11-12 units), develops skills in electrical fundamentals, fabrication techniques, and basic computer skills in word processing, spreadsheets, database and the Internet. The level II certification (9 units) adds customer relations and advanced skills at the systems level in voice, video, and data for cable and wire systems (copper, coax, fiber, and structured cables); and the setup, maintenance, and troubleshooting of home theatre systems, home automation, and home security systems.

**Requirements for the Certificate**

**Required courses:**
- CHLD 51 Early Literacy in Child Development 3.0 CSU, UC
- CHLD 64 Health, Safety and Nutrition of Young Children 3.0 CSU, UC
- LIT 40 Children's Literature 3.0
- PE 3 First Aid and CPR 0.0

**Total Units** 30.0

### Electronics Communications

**Electronics and Computer Technology Department Certificate 60904**

This curriculum is one of three advanced systems options available for those students who do not complete all advanced systems courses at once, or who complete them one at a time. The Electronics Communications curriculum encompasses advanced coursework in electronics communications. This includes both land-based and wireless forms of communications. The curriculum includes both analog and digital forms of communications (AM/FM, SSB, PAM, PPM, PWM, PCM, etc.). Analog and digital multiplexing is also covered. The curriculum culminates with microwave communications coursework that includes radar, PCS, GPS, and satellite operations.

**Requirements for the Certificate**

### Emergency Medical Technician — Paramedic (EMT-P)

**Medical Services Department Certificate 61211**

This Paramedic Program is accredited by CAAHEP (Committee on Accreditation of Allied Health Education Programs) and approved by the Los Angeles County Department of Health Services as meeting and exceeding the minimum standards as specified in Title 22 of the California Code of Regulations and the federal Department of Transportation national standard curriculum. It is designed to train paramedics to work on ambulances and in the fire service.

The Emergency Medical Technician-Paramedic (EMT-P) is an individual who is educated and trained during an intensive (32-hours per week) didactic program lasting 16 weeks. This is followed by five (5) weeks of Clinical Internship in a hospital (40-hours per week), and then eight (8) weeks of Field Externship as a practicing Paramedic under the guidance and supervision of a Paramedic Field Preceptor.

Upon completion of the required courses in the Paramedic Program, the student is granted a Certificate of Completion as an Emergency Medical Technician-Paramedic (EMT-P) by the College. Students are then eligible for licensure by taking and passing both the National Registry Exam and County Paramedic accreditation exam.

The Emergency Medical Services faculty recommend that you complement your studies with selected elective courses chosen from the list above. You should meet with a professor of Emergency Medical Services to help you determine which of those electives would be best suited your career plans.

**Special Information:**

To remain in the program, students must maintain a grade of "C" (80 percent) or better in all courses and receive a grade of "C" (80 percent) or better on all final exams, per state regulations. Before starting in clinical rotations, students must pass a criminal background check.

Upon successful completion of the required courses, students are granted a Certificate of Completion for the Paramedic Program. Students are then eligible for licensure by taking and passing both the National Registry Exam and County Paramedic accreditation exam.

**Application Requirements and Selection Procedures:**

**Application Requirements:**

1. an EMT-I, currently certified in California.
2. A letter on official stationery from a recognized EMS agency verifying completion of six (6) months of pre-hospital field experience as an EMT-I (approximately 1,200 hours) within the last 2 years.
3. A copy of your application and be accepted as a student at Mt. San Antonio College.
4. Submit an application for the Paramedic Program to the Health Science Programs Office (909) 594-5611, Ext. 4750.
5. All applications are due upon receipt in the Health Science Programs Office. The Paramedic Program begins in March (3) times per year, in August, January, and May and runs for 29 weeks.
6. Take the AWE (Assessment of Writing English), the Mt. SAC Math Placement Test, and the Degrees of Reading Power reading test at least 10 working days before the start of the pre-course (EMS 1). Placement examinations will be individually assessed to determine eligibility. The placement test is administered by the Assessment Center, located in the Student Services Center. If required, arrange with the Center a day and time to take the examination. The Assessment Center (909) 594-5611, Ext. 4265 is open Monday through Friday.
7. Successful completion of EMS 1 - Fundamentals for Paramedics.
8. Forward two (2) official transcripts of all coursework completed (high school, EMT-I, Fire Science, and college work other than Mt. San Antonio College courses). One transcript must be sent to the Health Science Programs Office; the other to the Admissions and Records Office.
Emergency Medical Technician I
Medical Services Department
Certificate 61212
Approved by the Los Angeles County and State Departments of Health. Emphasizes the development of skills to recognize symptoms of illnesses and injuries as well as the proper procedures of pre-hospital emergency care. Awards an EMT-I Course Completion Certificate necessary for many jobs in emergency care and is prerequisite for entry into a Paramedic program or most fire department jobs.

Programs of Study Leading to a Certificate

For students who possess a college degree, the English placement examination is not required. However, it will be necessary for students to obtain two (2) official copies of the college transcript showing the degree issued. One official transcript must be sent to the Health Science Programs Office; the other to the Admissions and Records Office.

Note: If the course(s) were taken and/or the degree obtained at Mt. San Antonio College, it is not necessary to request transcripts.

Example:
Mt. San Antonio College Technology and Health Division Psychiatric Technician Program
1100 North Grand Avenue
Walnut, CA 91789-1399
8. A physical examination, proof of certain immunizations, and a criminal background check are required of all candidates after acceptance to the program and before entrance into the clinical setting. Forms and information will be provided upon acceptance into the program. In addition, drug testing may be required as part of the physical examination and/or requested by the college or one of its agents.

Selection Procedure In determining eligibility, consideration will be given to the following:
1. Completion of all application requirements
2. EMS-related experience
3. Scores on the English assessment and math placement tests
4. Performance in the pre-course, EMS 1 – Fundamentals for Paramedics. This course tests prerequisite knowledge base in medical terminology, anatomy and physiology, EMT basic knowledge and basic math skills in preparation for drug calculations, anatomy and physiology, EMT basic knowledge and basic math skills in preparation for drug calculations.

Application Requirements and Selection Procedures:

Application Requirements:
1. Applicant must be 18 years of age upon entrance into the course.
2. High school graduate or equivalent.
3. File a College application and be accepted as a student at Mt. San Antonio College.
4. A physical examination, proof of certain immunizations, current certification in CPR, and a criminal background check are required of all students prior to entrance into the clinical setting. Forms and information will be provided upon entry into the course.

Selection Procedure:
The course is open to all students who meet the application requirements.

Engineering Design Technology — Level I
Architecture and Engineering Design Department
Certificate 60900
The Engineering Design Technology Level I Certificate is designed to provide students for entry-level employment in the technical and computer-aided drafting design fields. Upon completion of the Level I Certificate, students will be prepared in fundamental working practices related to the technical design field.

Requirements for the Certificate

Required courses:

Total Units 19.0 - 20.0

Special Information:
Students interested in pursuing transfer and a Bachelor’s Degree in Engineering or Engineering Technology are advised to verify with each transfer institution specific requirements for transfer and appropriate courses.

See the Mt. SAC catalog under either Engineering or Technology.

Engineering Design Technology — Level III
Architecture and Engineering Design Department
Certificate 60916
The Engineering Design Technology Level III Certificate focuses on the civil and structural design fields, emphasizing three-dimensional illustration and animation. This certificate allows students to pursue employment in the civil design fields.

Fire Administration
Fire Technology Department
Certificate 62130

The Fire Administration Certificate prepares public agency firefighters or private fire personnel for career advancement and provides personal development. This certificate prepares students for positions as chief officers such as battalion chief, deputy chief, or division chief. Content focuses on advanced job skills in life safety, interpersonal skills, human resource management, investigation, command presence, and implementation of local/state fire regulations. This certificate meets the requirements of the California State Board of Fire Services Certified Fire Officer Program.

Fire Management
Fire Technology Department
Certificate 62131

The Fire Management Certificate prepares public agency firefighters or private fire personnel for career advancement and provides personal development. This certificate prepares students for career advancement as supervisors and managers. The student will develop leadership, management, and supervisory competencies including leadership philosophy, ethics, diversity, and the difference between managing and leading people. Content focuses on job skills in organizational management, human resources, risk management, diversity, interpersonal skills, personnel and equipment, fire ground tactics and strategy, and investigation techniques. This certificate meets the requirements of the California State Board of Fire Services Certified Fire Officer Program.

Fitness Specialist/Personal Trainer
Physical Education Department
Certificate 60808

The Fitness Specialist/Personal Trainer Certificate prepares students for careers as personal trainers, health/fitness professionals in corporate fitness facilities, wellness centers and public/private health clubs. The Fitness Specialist/Personal Trainer Certificate curriculum is designed to prepare students who wish to take exams offered by the American Council on Exercise (ACE), the American College of Sports Medicine (ACSM) and other nationally recognized organizations. Technical skills necessary for implementation of a safe, effective and motivational physical fitness program are presented.

### Hospitality: Hospitality Management — Level I
**Family and Consumer Sciences Department Certificate 61332**

The Hospitality: Hospitality Management – Level I Certificate prepares the holder for an entry-level position within the hospitality industry.
Programs of Study Leading to a Certificate

Hospitality: Restaurant Management — Level II
Family and Consumer Sciences Department Certificate 61325

This certificate prepares the holder to enter the hospitality field as a manager-trainee in a hotel or restaurant.

Requirements for the Certificate
Required courses:
- HRM 51 Introduction to Hospitality 3.0 CSU
- HRM 53 Dining Room Service Management 3.0 CSU
- HRM 70 Introduction to Lodging 3.0 CSU
- HRM 91 Work Experience in Restaurant/ Hospitality 1.0 CSU

Total Units 19.0

Industrial Electronics
Electronics and Computer Technology Department Certificate 60908

This curriculum is one of three advanced systems options available for those students who do not complete all advanced systems courses at once, or who complete them one at a time. The Industrial Electronics curriculum encompasses advanced coursework in industrial electronics. This includes electronic devices for industrial controls and motor controls. The curriculumculminates in programmable logic controls using the Allen Bradley series of PLCs running Windows ladder logic software. Two additional certificate programs are also available; a one-year certificate in Electronics Technology and a two-year certificate having the same title as the A.S. Degree. All students completing an electronic A.S. Degree are automatically eligible to receive, without further examination, the N.A.R.T.E. 3rd Class Technician License, and all students completing certificate programs are automatically eligible to receive, without further examination, the N.A.R.T.E. 4th Class Technician License.

Requirements for the Certificate
Required courses:
- ELEC 11 Technical Applications in Microcomputers 3.0 CSU
- ELEC 12 Computer Simulation and Troubleshooting 2.0

Total Units 19.5

Infant/Toddler Development
Family and Consumer Sciences Department Certificate 61318

This certificate will provide the fundamental knowledge necessary to analyze the risk to one’s network and systems and the steps necessary in order to select and deploy the appropriate countermeasures to reduce the computer’s exposure to network threats.

Requirements for the Certificate
Required courses:
- CISS 11 Practical Computer Security 2.0
- CISS 13 Principles of Information Systems Security 4.0
- CISS 15 Operating Systems Security 4.0

Total Units 10.0

Interior Design Level I — Merchandising
Family and Consumer Sciences Department Certificate 61322

This program is intended to prepare students for employment as assistants and sales personnel for interior design products. The Interior Design program works within a Regional Interior Design Consortium of nearby community colleges. Many of the required courses may also be offered at the following community colleges: Fullerton, Long Beach City, Orange Coast, and Saddleback, and will meet the requirements of the Mt. SAC program. Regional course numbers have an ID (Interior Design) prefix. Some Mt. San Antonio College courses are offered by other departments and are identified by Mt. San Antonio College prefixes and numbers. These courses have the regional identification numbers. These courses have the regional identification number (RID) in parenthesis following their course title.

Requirements for the Certificate
Required courses:
- ARCH 11 Architectural Drawing 3.0 CSU, UC
- ARCH 16 Basic CAD and Computer Application 4.0 CSU, UC
### Interior Design Level II — Design

**Family and Consumer Sciences Department Certificate 61330**

This program is available as a certificate for students who have previous A.A., A.S., or Bachelor’s Degree in another discipline. This program is designed to meet the professional requirements for entrance into an interior design career as an assistant interior designer. The Interior Design program works within a Regional Interior Design Consortium of nearby community colleges. Many of the required courses may also be offered at the following community colleges: Fullerton, Long Beach City, Orange Coast, and Saddleback, and will meet the requirements of the Mt. SAC program. Regional course numbers have an ID (Interior Design) prefix. Some Mt. San Antonio College courses are offered by other departments and are identified by Mt. San Antonio College prefixes and numbers. These courses have the regional identification course number (RID) in parenthesis following their course title.

#### Requirements for the Certificate

**Required courses:**

- Completion of the Interior Design Level I — Merchandising Certificate (25 units) as follows:
  - ARCH 11 Architectural Drawing 3.0 CSU, UC
  - ARCH 16 Basic CAD and Computer Application 4.0 CSU, UC
  - BUSS 35 Professional Selling 3.0 CSU
  - ID 100 Fundamentals of Interior Design 3.0 CSU
  - ID 105 Interior Design Studio I 2.0 CSU
  - ID 120 Interior Design Careers 2.0 CSU
  - ID 130 Applied Color and Design Theory 4.0 CSU
  - ID 150 Interior Materials and Products 4.0 CSU

**Required courses:**

- Level II as follows:
  - ARCH 11 Architectural Drawing 3.0 CSU, UC
  - ARCH 16 Basic CAD and Computer Application 4.0 CSU, UC
  - BUSS 35 Professional Selling 3.0 CSU
  - ID 100 Fundamentals of Interior Design 3.0 CSU
  - ID 105 Interior Design Studio I 2.0 CSU
  - ID 120 Interior Design Careers 2.0 CSU
  - ID 130 Applied Color and Design Theory 4.0 CSU
  - ID 150 Interior Materials and Products 4.0 CSU

**Required courses:**

- Completion of the Interior Design Level I — Merchandising Certificate (25 units) as follows:
  - ARCH 11 Architectural Drawing 3.0 CSU, UC
  - ARCH 16 Basic CAD and Computer Application 4.0 CSU, UC
  - BUSS 35 Professional Selling 3.0 CSU
  - ID 100 Fundamentals of Interior Design 3.0 CSU
  - ID 105 Interior Design Studio I 2.0 CSU
  - ID 120 Interior Design Careers 2.0 CSU
  - ID 130 Applied Color and Design Theory 4.0 CSU
  - ID 150 Interior Materials and Products 4.0 CSU

#### Required courses:

- Level II as follows:
  - ARCH 13 Architectural Illustration 3.0 CSU
  - ARCH 15 Architectural Working 3.0 CSU
  - ID 170 Space Planning 3.0 CSU
  - ID 180 History of Interior Architecture & Furnishings I 3.0 CSU
  - ID 190 History of Interior Architecture & Furnishings II 3.0 CSU
  - ID 210 Fundamentals of Lighting 3.0 CSU
  - ID 215 Interior Design Studio II 2.0 CSU
  - ID 230 Business and Professional Practice 3.0 CSU
  - ID 240A Interior Design Internship Seminar and 1.0
  - ID 240B Interior Design Internship 1.0

**Total Units:** 25.0

---

### Interior Design Level III — Professional Designation

**Family and Consumer Sciences Department Certificate 61301**

This program has been aligned with California State University Dominguez Hills (CSUDH) to offer students either a Bachelor of Arts (BA) in Interdisciplinary Studies through PACE (Program for Adult College Education) or a Bachelor of Science (BS) in Applied Studies. Students must complete the Mt. San Antonio College (or Regional) Interior Design A.S. Degree major requirements and Mt. SAC general education requirements to transfer into either of the CSUDH programs. While completing the Bachelor’s Degree program at CSUDH, students must complete 16 units of credit in Interior Design at Mt. SAC or another college within the Regional Interior Design Program. Upon completion of the Bachelor Degree, the student may request a Professional Designation in Interior Design from the Interior Design program at Mt. SAC. Students already holding a Bachelor Degree may also apply for the Professional Designation in Interior Design after completing the requirements listed below.

#### Requirements for the Certificate

**Required courses:**

- Completion of the Interior Design Level I — Merchandising Certificate (25 units) as follows:
  - ARCH 11 Architectural Drawing 3.0 CSU, UC
  - ARCH 16 Basic CAD and Computer Application 4.0 CSU, UC
  - BUSS 35 Professional Selling 3.0 CSU
  - ID 100 Fundamentals of Interior Design 3.0 CSU
  - ID 105 Interior Design Studio I 2.0 CSU
  - ID 120 Interior Design Careers 2.0 CSU
  - ID 130 Applied Color and Design Theory 4.0 CSU
  - ID 150 Interior Materials and Products 4.0 CSU

**Required courses:**

- Level III as follows:
  - ARCH 18 Architectural Computer Aided Design Elements 3.0
  - BUSA 7 Principles of Accounting – Financial 5.0 CSU, UC
  - ID 250 Codes and Specifications for Interior Design 2.0 CSU
  - ID 260 Rendering and Rapid Visualization 2.0 CSU
  - ID 265 Interior Design Studio III – Kitchens 2.0
  - ID 275 Interior Design Studio IV – Bath Design 2.0 CSU

**Total Units:** 50.0

#### Required courses:

- Completion of the Interior Design Level I — Merchandising Certificate (25 units) as follows:
  - ARCH 11 Architectural Drawing 3.0 CSU, UC
  - ARCH 16 Basic CAD and Computer Application 4.0 CSU, UC
  - BUSS 35 Professional Selling 3.0 CSU
  - ID 100 Fundamentals of Interior Design 3.0 CSU

### Interior Landscaping

**Agricultural Sciences Department Certificate 61066**

This certificate program is designed to give students basic skills in the design, installation, and maintenance of interior plants that are used in residences, offices, hotels, malls, restaurants, and other locations. All courses are applicable for degree requirements.

#### Requirements for the Certificate

**Required courses:**

- AGOR 29 Ornamental Plants – Herbaceous 3.0 CSU, UC
- AGOR 32 Landscape and Nursery Management 3.0 CSU
- AGOR 62 Landscape Irrigation – Design and Installation 3.0 CSU
- AGOR 64 Landscape Irrigation – Drip and Low Volume 3.0

**Total Units:** 24.0

---

### Kitchen and Bath Design

**Family and Consumer Sciences Department Certificate 61302**

This Mt. SAC Kitchen and Bath Design Certificate program provides for immediate opportunity to seek employment in the area of Kitchen and Bath Design. This certificate program is endorsed by the National Kitchen and Bath Association. Students completing all courses for this certificate will earn four (4) NKBA credits toward eligibility for professional certification as a Certified Kitchen Designer or Certified Bath Designer. Please see a professor of Interior Design or contact the NKBA for professional certification eligibility requirements beyond this program.

#### Requirements for the Certificate

**Required courses:**

- ARCH 11 Architectural Drawing 3.0 CSU, UC
- ARCH 15 Architectural Working 3.0 CSU
- BUSA 7 Principles of Accounting – Financial 5.0 CSU, UC
- COMP 12 Office Computer Applications, or 4.0 CSU, UC
- BUSA 15 Microcomputer Applications 4.0 CSU, UC

**Total Units:** 11.5

---

### Programs of Study Leading to a Certificate

**Introduction to Computer Information Technology**

**Computer Information Systems Department Certificate 60712**

This program is designed as a foundational introduction to the computer and informational technology environment. This program will introduce the student to computer concepts, microcomputer applications, web/computer programming, and the Internet.

**Requirements for the Certificate**

**Required courses:**

- CJSB 11 Computer Information Systems 3.5 CSU, UC
- CJSW 11 The Internet 4.0 CSU
- COMP 12 Office Computer Applications, or 4.0 CSU, UC
- CJSB 15 Microcomputer Applications 4.0 CSU, UC

**Total Units:** 11.5

- **AGOR 51** Tractor and Landscape Equipment Operations 3.0 CSU
- **AGOR 62** Landscape Irrigation - Design and Installation 3.0 CSU
- **AGOR 71** Landscape Construction Fundamentals 3.0 CSU

Total Units: 31.0 - 34.0

Landscape Irrigation
Agricultural Sciences Department
Certificate 60110

This certificate program is designed to give students basic skills in irrigation design, repair, installation, water management, and troubleshooting. A student could seek employment with a landscape contractor, schools, parks, and cities. All courses are applicable for degree requirements.

Requirements for the Certificate

- **AGOR 1** Horticultural Science 3.0 CSU
- **AGOR 51** Tractor and Landscape Equipment Operations 3.0 CSU
- **AGOR 52** Hydraulics 3.0 CSU
- **AGOR 53** Small Engine Repair I 3.0 CSU
- **AGOR 54** Small Engine Repair II 3.0 CSU
- **AGOR 55** Diesel Engine Repair 3.0 CSU
- **AGOR 56** Engine Diagnostics 3.0 CSU
- **AGOR 57** Power Train Repair 3.0
- **AGOR 72** Landscape Hardscape Applications 3.0 CSU
- **AGOR 73** Work Experience in Nursery Operations 4.0

Total Units: 27.0

Law Enforcement
Public Services Department
Certificate 62102

This program is intended to prepare students for employment following graduation. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Certificate

- **ADJU 1** The Administration of Justice System 3.0 CSU, UC
- **ADJU 2** Principles and Procedures of the Justice System 3.0 CSU
- **ADJU 3** Concepts of Criminal Law 3.0 CSU, UC
- **ADJU 4** Legal Aspects of Evidence 3.0 CSU
- **ADJU 5** Community Relations 3.0 CSU, UC
- **ADJU 68** Administration of Justice Report Writing 3.0

Total Units: 30.0

Relevant Electives:

- **ARCH 13** Architectural Illustration
- **ARCH 23** Architectural Presentations
- **BUSM 60** Human Relations in Business
- **BUSM 66** Small Business Management
- **BUS 35** Professional Selling
- **BUS 50** Retail Store Management and Merchandising

Landscape and Park Maintenance
Agricultural Sciences Department
Certificate 60108

This certificate program is designed to give students basic skills in the maintenance of landscape of parks. All courses are applicable for degree requirements.

Requirements for the Certificate

- **AGOR 1** Horticultural Science 3.0 CSU
- **AGOR 24** Integrated Pest Management 3.0 CSU
- **AGOR 29** Ornamental Plants – Herbaceous 3.0 CSU, UC
- **AGOR 30** Ornamental Plants – Trees and Woody Shrubs 3.0 CSU, UC
- **AGOR 39** Turf Grass Production and Management 3.0 CSU
- **AGOR 40** Sports Turf Management 3.0 CSU
- **AGOR 51** Tractor and Landscape Equipment Operations 3.0 CSU
- **AGOR 62** Landscape Irrigation - Design and Installation 3.0 CSU
- **AGOR 71** Landscape Construction Fundamentals 3.0 CSU
- **AGOR 72** Landscape Hardscape Applications 3.0 CSU

Total Units: 27.0

Law Enforcement
Public Services Department
Certificate 62102

This program is intended to prepare students for employment following graduation. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Legal Office Specialist
Office Technology Department
Certificate 60519

This program is intended to prepare students for employment as entry-level legal office assistants, legal secretaries, administrative assistants, legal office managers, or other office support staff where legal knowledge is required. Training in a variety of computer and clerical skills, and law office procedures is emphasized. Students desiring a Bachelor’s Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Requirements for the Certificate
Required courses:

- BUSL 30 Introduction to Paralegal/Legal 3.0 CSU
- BUSL 35A Law Office Procedures 3.0
- BUSL 35B Automated Law Office Procedures 3.0
- BUSO 5 Business English 3.0
- BUSO 25 Business Communications 3.0 CSU
- COMP 1 Computer Keyboarding 4.0 CSU
- COMP 2 Intermediate Computer Keyboarding 4.0
- COMP 11 Internet Research for Business 2.0 CSU
- COMP 12 Office Computer Applications 4.0 CSU, UC
- CISB 15 Microcomputer Applications 4.0 CSU, UC
- COMP 20 Microsoft Word 4.0
- COMP 120A Microsoft Word – Level 1 1.0
- COMP 120B Microsoft Word – Level 2 1.0
- COMP 28 Office Management Skills 3.0
- COMP 29 Computer Keyboarding 0.5
- COMP 68 Transcription Techniques 3.0

Total Units 37.5 - 39.5

The core courses for the Legal Office Specialist certificate are equivalent to the courses required for the Administrative Assistant Levels I and II certificates.

Livestock Management
Agricultural Sciences Department
Certificate 60103

This certificate program is designed to give students basic skills in livestock management for employment opportunities on farms, ranches, and agriculture sales and services. All courses are applicable for degree requirements.

Requirements for the Certificate
Required courses:

- AGAB 20 Microcomputer Applications in Agriculture 3.0 CSU, UC
- AGAG 1 Food Production, Land Use and Politics – A Global Perspective 3.0 CSU, UC
- AGAG 91 Agricultural Calculations 3.0
- AGAN 1 Animal Science 3.0 CSU, UC
- AGAN 2 Animal Nutrition 3.0 CSU
- AGAN 94 Animal Breeding 3.0
- AGLI 14 Swine Production 3.0 CSU
- AGLI 16 Horse Production 4.0 CSU, UC
- AGLI 17 Sheep Production 3.0 CSU
- AGLI 30 Beef Production 3.0 CSU
- AGLI 34 Livestock Judging and Selection 2.0 CSU, UC
- AGLI 96 Animal Sanitation and Disease Control 3.0 CSU

PLUS Select six (6) units from:

- AGOR 71 Landscape Construction Fundamentals 3.0 CSU
- BUSM 20 Principles of Business 3.0 CSU, UC
- BUSM 66 Small Business Management 3.0
- BUSM 68 Professional Selling 3.0 CSU
- BUSM 36 Principles of Marketing 3.0 CSU

Total Units 42.0

LVN 30-Unit Option — Career Mobility Track
Nursing Department
Certificate 61202

In keeping with Section 1429 of the Board of Registered Nursing Rules and Regulations, completion of this certificate program entitles the student to apply for examination for licensure as a Registered Nurse in the State of California. This option is specifically designed for California licensees. Other states do not have this provision in their laws; therefore, endorsement for licensure may not be granted.

A certificate of completion is awarded at the end of the course of study. The student who elects to complete the 30-Unit Option track is not a graduate of the Associate in Science Degree Nursing Program at Mt. San Antonio College. Individuals who complete this track are not eligible to return to the college at a later date to complete a degree in nursing. LVN applicants must declare their educational goal at the time of application (30-Unit or Associate Degree). This decision is not subject to change at a later date.

Prerequisite Course
1. Human Anatomy, including a laboratory component, a minimum of four semester units.
2. Human Physiology, including a laboratory component, a minimum of four semester units.
3. Microbiology, including a laboratory component, a minimum of four semester units.

Non-Course Requirements
1. An overall grade point average of 2.5 for the Human Anatomy, Human Physiology, and Microbiology prerequisite courses with no grade less than a “C” for each course and no more than one repetition of any one of these courses.
2. A cumulative grade point average (GPA) of 2.5 for all college coursework completed.
3. Eligibility for Math 57.
4. High school graduation or GED or academic degree from an accredited college/university in the United States.
5. Possess a California Licensed Vocational Nurse license.
6. Criminal background check and drug screening must be completed prior to any patient contact.
7. A physical examination, including specific immunizations is required of candidates prior to the beginning of nursing classes.
8. Current Level C-Provider CPR certification
9. Nursing 70 Role Transition must be completed with a credit grade prior to entrance into the program.

Requirements for Nursing Required courses:

- NURS 5 Psychiatric Nursing 3.0 CSU
- NURS 8 Medical-Surgical Nursing: Circulation and Oxygenation 5.0 CSU
- NURS 9 Leadership in Nursing 1.0 CSU
- NURS 10 Medical-Surgical Nursing: Integration/Regulation 4.0 CSU
- NURS 11 Preceptornship in Nursing 2.0 CSU

Total Units 15.0

PSYC 1A must be completed prior to entrance into NURS 5, Psychiatric Nursing.

Selection Process:
Beginning Fall 2006, students applying for admission to the Nursing Program will be required to see either a counselor or educational advisor to verify their eligibility to enter the Nursing program.

Procedure:
Students must complete all course prerequisites prior to requesting an appointment for certifying readiness to enter into the Nursing program. Once eligibility has been established, students will enter on a first come first served basis.

The eligibility appointment:
1. Once a student has completed all course prerequisites, they may request an appointment with a counselor or educational advisor.
2. Students who have completed coursework at other colleges must bring the following information to their eligibility appointment:
   a. Official transcripts of all college work completed at all colleges
   b. If the prerequisite courses were completed at another college, a course description and a copy of the course syllabus
   c. Students completing college coursework outside of the United States will need to have their transcripts evaluated by an approved international transcript evaluation agency and must bring the final evaluation to their appointment (students may be able to obtain a list of agencies from the Admissions Office).
   d. All students will need to bring official proof of high school graduation, GED, or college graduation from an accredited institution in the United States.

Appointments for Eligibility Verification will only be made during the Following Months:
September 1 - November 30
March 1 - May 30

Students should also be aware that once they have been admitted to the Nursing program and before beginning the Clinical portion of the program, they will need to be able to pass both a criminal background check, including a screening by the Office of Inspector General for welfare or Social Security fraud, as well as testing negative for drug use.
All Applicants are Required to meet the Essential Functions for Success in the Nursing Program:

Physical Demands
- Perform prolonged, extensive, or considerable standing/walking, lifting positioning, pushing, and/or transferring patients
- Possess the ability to perform fine motor movements with hands and fingers
- Possess the ability for extremely heavy effort (lift/carry 50 lbs. or more)
- Perform considerable reaching, stooping, bending, kneeling, and crouching.

Sensory Demands
- Color vision: ability to distinguish and identify colors (may be corrected with adaptive devices).
- Distance vision: ability to see clearly 20 feet or more
- Depth perception: ability to judge distance and space relationships
- Near vision: ability to see clearly 20 inches or less
- Hearing: able to recognize a full range of tones

Working Environment
- May be exposed to infectious and contagious disease, without prior notification
- Regularly exposed to the risk of blood borne diseases
- Exposed to hazardous agents, body fluids and wastes
- Exposed to odorous chemicals and specimens
- Subject to hazards of flammable, explosive gases
- Subject to burns and cuts
- Contact with patients having different religious, culture, ethnicity race, sexual orientation, psychological and physical disabilities, and under a wide variety of circumstances
- Handle emergency or crisis situations
- Subject to many interruptions
- Requires judgment/action which could result in death of a patient
- Exposed to products containing latex

English Language Skills
Although proficiency in English is not a criteria for admission into the nursing program, students are encouraged to be able to speak, write and read English to complete classes successfully and to ensure safety for themselves and for others.

The core courses for the Medical Specialist certificate are equivalent to the courses required for the Administrative Assistant Levels I and II certificates.

Mental Health Technology — Psychiatric Technician

This program is intended to prepare students for employment as entry-level medical office assistants, medical receptionists, administrative assistants — medical, medical office managers, or other office support staff in the medical field. Training in a variety of computer and clerical skills is emphasized. Students desiring a Bachelor's Degree (transfer program) should consult with a counselor or advisor to discuss transferability of courses.

Upon completion of the required courses, a Certificate in Psychiatric Technician will be awarded. In addition, it prepares the student to take the California State Board Examination for Psychiatrist Technicians.
Requirements for the Certificate

**Required courses:**

- **MENT 40** Introduction to Interviewing and Counseling 3.0
- **PSYC 40** Introduction to Interviewing and Counseling 3.0
- **MENT 56** Medical-Surgical Nursing for Psychiatric Technicians 9.0
- **MENT 56L** Clinical Experience 4.0
- **MENT 58** Advanced Medical-Surgical Nursing for Psychiatric Technicians 2.0
- **MENT 58L** Advanced Medical-Surgical Nursing for Psychiatric Technicians Clinical 1.5
- **MENT 70** Introduction to Psychiatric Technology 1.5
- **MENT 70L** Introduction to Psychiatric Technology Clinical 2.0
- **MENT 71** Pharmacology for Psychiatric Technicians 2.0
- **MENT 72** Nursing Care of the Developmentally Disabled Person 7.0
- **MENT 72L** Nursing Care of the Developmentally Disabled Person — Clinical 5.0
- **MENT 73L** Psychiatric Nursing for Psychiatric Technicians Clinical 5.0
- **MENT 73T** Psychiatric Nursing for Psychiatric Technicians 6.0
- **PSYC 1A** Introduction to Psychology 3.0 CSU, UC

**Total Units** 51.0

**Special Information:**

To remain in the program, students must maintain a “C” or better grade in all courses.

The student will qualify to take the California State Board Examination upon completion of all the above courses.

**Entrance Requirements and Selection Procedures:**

**Entrance Requirements:**

In addition to meeting Mt. San Antonio College’s academic standards for admission, applicants must be in good standing and satisfy the following requirements:

a. Be a high school graduate or equivalent. (All students who have taken coursework outside of the United States must have their transcript evaluated. Foreign transcripts will not be accepted without the evaluation.)

b. Be 18 years of age.

c. File a college application and be accepted as a student at Mt. San Antonio College.

d. Submit an application for the Mental Health/Psychiatric Technician Program to the Technology and Health Division Office (909) 394-5611, Ext. 4750. All applications are dated upon receipt in the Technology and Health Division Office. A program begins each fall and spring semester.

e. Take the required English Placement Test (AWE). Eligibility for ENGL 6B is advised. If you have already taken a college placement exam within the past two years at another school, arrange to have your test scores forwarded to the Technology and Health Division Office. If you were tested at Mt. San Antonio College, the office will obtain the test scores as long as an “Application for Admission” is on file with the Admissions and Records Office. Testing is administered by the Assessment Center, located in the Student Services Center. Arrangements should be made with them to schedule a date and time to take the English Placement Test, if required. The Assessment Center is open Monday through Friday. You may contact them at (909) 394-5611, Ext. 4265.

f. Forward two official transcripts of all coursework completed (high school, nursing school, and other than Mt. San Antonio College courses). One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office.

g. For students who possess a college degree, the English Placement Test is not required. However, it will be necessary for a student to obtain two official copies of the college transcript showing the degree issued. One transcript must be sent to the Technology and Health Division Office and the other to the Admissions and Records Office.

**Note:** Concerning Entrance Requirements ‘e’ and ‘f’, if the course(s) were taken and/or the degree obtained at Mt. San Antonio College, it is not necessary to request transcripts.

Indicate in the mailing address the program for which your transcript is being sent to the Technology and Health Division Office.

**Example:** Mt. San Antonio College Technology and Health Division Psychiatric Technician Program 1100 North Grand Avenue Walnut, CA 91789-1399

h. A physical examination, including specific immunizations, and consent/disclaimer for Hepatitis A/B vaccine is required of all candidates prior to beginning classes. Students must provide proof that he/she does not have Tuberculosis. These requirements are in accordance with healthcare agency policy that insures that students are in good health and free from communicable disease and able to perform their training functions. Drug testing may also be required as a part of this physical examination. Proof of high school graduation and malpractice insurance are required of all candidates upon acceptance.

i. Certain convictions may prevent a candidate from being licensed as a Psychiatric Technician.

j. All students may be required to complete a background check prior to entering the clinical education phase.

**Selection Procedure:**

In determining eligibility of an applicant, consideration will be given to satisfactory scores on the English Placement Test.

The College will make every effort to notify the applicant of acceptance by mail no less than two months prior to the beginning of a program.

**Microcomputer Productivity Software**

**Computer Information Systems Department Certificate 60702**

This certificate program is intended to prepare students to use the most popular microcomputer productivity software packages and operating systems: DOS, Microsoft Windows, Microsoft Word, Corel WordPerfect, Microsoft Excel or Lotus 1-2-3, and Microsoft Access.

**Requirements for the Certificate**

Programming In Visual Basic
Computer Information Systems Department
Certificate 60709
This certificate is intended to prepare students to work in Visual Basic which is used to develop graphical user interfaces and client/server applications.

Requirements for the Certificate
Required courses:
- CISB 11 Computer Information Systems 3.5 CSU, UC
- CISD 11 Database Management – Microcomputers 4.0 CSU
- CISM 11 Systems Analysis and Design 3.5 CSU, UC
- CISM 14 Computer Information Systems Seminar 4.0
- CISM 21 Client/Server Architecture 4.0
- CSP1 1 Basic Programming 4.0 CSU, UC
- CISB 14 Advanced Basic Programming 4.0 CSU, UC

Total Units 27.0

Radio Broadcasting: Behind the Scenes
Art Department
Certificate 60606
The Behind-the-Scenes Radio Broadcasting Certificate is designed for students who are interested in the non-performance side of the industry. Students will receive instruction in the various functions of a radio station as they exist independently and in conjunction with the on-the-air product.

Requirements for the Certificate
Required courses:
- R-TV 01 Introduction to Broadcasting 3.0 CSU
- R-TV 02 Radio and Television 3.0 CSU
- R-TV 05 Radio and Television 3.0
- R-TV 07 Commercial Voice-Overs 3.0
- R-TV 11A Beginning Radio Production 3.0 CSU
- R-TV 11B Advanced Radio Production 3.0 CSU
- R-TV 15 Broadcast Business Practices 3.0
- R-TV 16 Broadcast Career Preparation 3.0
- R-TV 97A Radio/Entertainment Industry Seminar 1.0
- R-TV 97B Radio/Entertainment Industry Internship 1.0
- R-TV 97C Entertainment Industry Internship – KSAK Radio, or
- R-TV 97D Entertainment Industry Internship – KSAK Radio 2.0

PLUS Select nine (9) units from:
- R-TV 03 Sportscasting and Reporting 1.5
- R-TV 04 Sportscasting and Reporting 1.5
- R-TV 06 Broadcast Traffic Reporting 1.5
- R-TV 08 KSAK Radio Studio Operations 2.0 CSU
- R-TV 10 Radio Management and Programming 3.0

Total Units 33.0 - 34.0

Radio Broadcasting: On the Air
Art Department
Certificate 60605
This On-the-Air Radio Broadcasting Certificate is designed for students who are interested in working in the performance side of the industry. Students receive instruction in developing skills needed to work as disc jockeys, newscasters, voice-over artists and in other performance areas of the industry.

Requirements for the Certificate
Required courses:
- R-TV 01 Introduction to Broadcasting 3.0 CSU
- R-TV 02 Radio and Television 3.0 CSU
- R-TV 05 Radio and Television 3.0
- R-TV 07 Commercial Voice-Overs 3.0
- R-TV 11A Beginning Radio Production 3.0 CSU
- R-TV 11B Advanced Radio Production 3.0 CSU
- R-TV 15 Broadcast Business Practices 3.0
- R-TV 16 Broadcast Career Preparation 3.0
- R-TV 97A Radio/Entertainment Industry Seminar 1.0
- R-TV 97B Radio/Entertainment Industry Internship 1.0
- R-TV 97C Entertainment Industry Internship – KSAK Radio, or
- R-TV 97D Entertainment Industry Internship – KSAK Radio 2.0

PLUS Select nine (9) units from:
- R-TV 03 Sportscasting and Reporting 1.5
- R-TV 04 Sportscasting and Reporting 1.5
- R-TV 06 Broadcast Traffic Reporting 1.5
- R-TV 08 KSAK Radio Studio Operations 2.0 CSU
- R-TV 10 Radio Management and Programming 3.0

Real Estate
Business Administration Department
Certificate 60512

Requirements for the Certificate
Required courses:
- BUSR 50 Real Estate Principles 3.0 CSU
- BUSR 51 Legal Aspects of Real Estate 3.0
- BUSR 52 Real Estate Practice, or
- BUSR 52D Real Estate Practice Work 4.0
- BUSR 53 Real Estate Finance 3.0
- BUSR 54 Real Estate Appraisal 3.0

PLUS Select one (1) course from:
- BUSA 11 Fundamentals of Accounting 3.0
- BUSO 25 Business Communications 3.0 CSU
- BUSR 52 Real Estate Practice 3.0
- BUSR 55 Real Estate Economics 3.0
- BUSR 62 Mortgage Loan Brokering and Lending
- INSP 70 Elements of Construction 3.0 CSU

Total Units 23.5

Recreation Technology
Physical Education Department
Certificate 62104
The Recreation Technology Certificate prepares students for careers in recreation and leisure services including public recreation, non-profit organizations, commercial recreation, recreation therapy travel and tourism.

Requirements for the Certificate
Required courses:
- PE 2 The Recreation Program 2.0 CSU
- PE 3 First Aid and CPR 3.0 CSU, UC
- PE 13 Sports Officiating 3.0 CSU, UC
- PE 20 Recreation and Leisure Services 3.0 CSU
- PE 34 Fitness for Living 3.0 CSU, UC
- SPCH 1A Public Speaking, or
- CISP 15 Microcomputer Applications 4.0 CSU, UC

PLUS
- Select one (1) course from:
  - PE-A Physical Education: Aquatics 0.5 - 2.0 CSU, UC
  - PE-F Physical Education: Fitness 0.1 - 2.5 CSU, UC

Total Units 23.5

Recreation Technology
Physical Education Department
Certificate 62104
The Recreation Technology Certificate prepares students for careers in recreation and leisure services including public recreation, non-profit organizations, commercial recreation, recreation therapy travel and tourism.

Requirements for the Certificate
Required courses:
- PE 2 The Recreation Program 2.0 CSU
- PE 3 First Aid and CPR 3.0 CSU, UC
- PE 13 Sports Officiating 3.0 CSU, UC
- PE 20 Recreation and Leisure Services 3.0 CSU
- PE 34 Fitness for Living 3.0 CSU, UC
- SPCH 1A Public Speaking, or
- CISP 15 Microcomputer Applications 4.0 CSU, UC

PLUS
- Select one (1) course from:
  - PE-A Physical Education: Aquatics 0.5 - 2.0 CSU, UC
  - PE-F Physical Education: Fitness 0.1 - 2.5 CSU, UC

Total Units 23.5
Programs of Study Leading to a Certificate

School Age Child — Specialization
Family and Consumer Sciences Department
Certificate 61314

The School Age Child Specialization Certificate (31-33 units) provides the holder with specialized skills for working with children of that age. This certificate meets or exceeds Title 5 Master Teacher – School Age Child Permit Level (with 16 units of general education).

Requirements for the Certificate
Required courses:

- **CHLD 1** Child, Family and Community 3.0 CSU, UC
- **CHLD 5** Principles/Practices in Child Development Programs 3.0 CSU
- **CHLD 6** Survey of Child Development Curriculum 3.0 CSU
- **CHLD 10** Child Growth and Development, or 3.0 CSU, UC
- **CHLD 10H** Child Growth and Development – Honors 3.0 CSU, UC
- **CHLD 50** Multicultural Education: Anti-Bias Perspective 3.0
- **CHLD 51** Early Literacy in Child Development 3.0
- **CHLD 62** Music and Motor Development for Young Children 3.0 CSU
- **CHLD 64** Health, Safety and Nutrition of Young Children 3.0
- **CHLD 74** Program Planning for the School Age Child 3.0

**PLUS**
Select one (1) course from:
- **ENGL 64** Writing Effective Sentences 1.0
- **ENGL 65** Grammar Review 1.0
- **LIT 40** Children’s Literature 3.0 CSU

**PLUS**
Select three (3) units from:
- **LERN 49** Math Skills Review 3.0
- **MATH 50** Pre-Algebra 3.0

**Total Units** 31.0 - 33.0

Sign Language/Interpreting
Sign Language Department
Certificate 60801

Upon completion of this program, the graduate will be functional in sign language and will be able to interpret in a variety of situations. The program provides an overview of the Deaf community, careers working with deaf people, teaches American Sign Language, offers specific interpreting courses, and includes training in the ethics and practical approaches that must be understood by a practicing interpreter.

To remain in the program, students must maintain a “C” or better grade in all courses.

Requirements for the Certificate
 required courses:

- **SIGN 80** American Sign Language I 4.0 CSU, UC
- **SIGN 81** American Sign Language II 4.0 CSU, UC
- **SIGN 82A** American Sign Language III 4.0 CSU, UC
- **SIGN 82B** American Sign Language IV 4.0 CSU, UC
- **SIGN 82C** American Sign Language V 4.0
- **SIGN 83** Deaf Perspectives 3.0
- **SIGN 85** American Deaf Culture 3.0 CSU, UC
- **SIGN 86** American Sign Language Structure 3.0 CSU, UC
- **SIGN 87** Translation: American Sign Language/English 3.0
- **SIGN 88** Principles of Sign Language Interpreting 3.0
- **SIGN 88A** Interpreting 4.0
- **SIGN 88B** Advanced Interpreting 4.0
- **SIGN 88L** Practicum 1.0
- **SPCH 1A** Public Speaking, or 3.0 CSU, UC
- **SPCH 1AH** Public Speaking – Honors 3.0 CSU

**Total Units** 47.0

Recommended Electives:
- **SIGN 89** Finger Spelling
- **SIGN 92** Oral Interpreting
- **SIGN 99** Special Projects in Sign Language/Interpreting

Sports Turf Management
Agricultural Sciences Department
Certificate 60112

This certificate program is designed to provide skills required for students interested in employment at golf courses, race tracks, athletic fields and stadiums, and other high use turf areas. All courses are applicable for degree requirements.

Requirements for the Certificate
Required courses:

- **AGOR 1** Horticultural Science 3.0 CSU
- **AGOR 24** Integrated Pest Management 3.0 CSU
- **AGOR 30** Ornamental Plants – Trees and Woody Shrubs 3.0 CSU, UC
- **AGOR 39** Turf Grass Production and Management 3.0 CSU
- **AGOR 40** Sports Turf Management 3.0
- **AGOR 50** Soil Science and Management 3.0 CSU, UC
- **AGOR 51** Tractor and Landscape Equipment Operations 3.0 CSU
- **AGOR 62** Landscape Irrigation – Design and Installation 3.0 CSU
- **AGOR 63** Landscape Irrigation Systems Management 3.0

**Total Units** 27.0

SurfCAM
Aircraft Maintenance Technology & Manufacturing Department
Certificate 60925

This certificate is a direct path for manufacturing students to write, edit, download and run Computerized Numerical Control (CNC) machines, and provides a strong background in the basics of both manual and CNC machines.

Requirements for the Certificate
Required courses:

- **MFG 11** Manufacturing Processes I 2.0 CSU
- **MFG 39** SurfCAM I 2.0 CSU
- **MFG 39B** SurfCAM II 2.0 CSU
- **MFG 85** Manual CNC (Computerized Numerical Control) Operations 2.0 CSU

**Total Units** 8.0

Telecommunications
Computer Information Systems Department
Certificate 60708

This certificate program is intended to prepare students to work with microcomputer networks and communication systems.

Requirements for the Certificate
Required courses:

- **CISB 11** Computer Information Systems 3.5 CSU, UC
- **CISM 11** Systems Analysis and Design 3.5 CSU, UC
- **CISM 21** Client/Server Architecture 4.0

**Total Units** 26.0

Television Production
Art Department
Certificate 60602

Requirements for the Certificate
Required courses:

- **R-TV 01** Introduction to Broadcasting 3.0 CSU
- **R-TV 15** Broadcast Business Practices 3.0
- **R-TV 16** Broadcast Career Preparation 3.0
- **R-TV 19A** Beginning Television Production 3.0 CSU
- **R-TV 19B** Advanced Television Production 3.0 CSU
- **R-TV 88A** Television/Film Seminar 1.0
- **R-TV 98B** Television/Film Internship 1.0

**PLUS**
Select nine (9) units from:

- **R-TV 18** Writing for Television/Film 3.0 CSU
- **R-TV 20** Television News Production 3.0
- **R-TV 21** Remote Television Production and Engineering 3.5
- **R-TV 22** Electronic Graphics and Non-Linear Editing 3.0

**Total Units** 26.0

Recommended Electives:

- **ANIM 115** Storyboarding
- **R-TV 26** Legal Issues in Entertainment Law
- **THR 17** Acting for Television

Theatrical Costumer
Theater Department
Certificate 61001

The Theatrical Costumer Certificate provides the holder with the skills needed for employment as assistants in costuming positions in the fields of theater, film, video, or historical recreation.
Welding
Air Conditioning, Welding & Water Technologies
Certificate 60919

This program is designed to prepare the student for employment in the broad field of welding and (1) leads to occupations in manufacturing and repair; and (2) helps prepare the student for positions in supervision.

Courses in the welding curriculum prepare students for welding certificates. The College is a testing agency for the City of Los Angeles, and is authorized to administer the performance test for the Structural Welding certificate. There is a $50 charge for students and $60 for non-students to take this test. Topics of the written portion of the test which is administered by the City are reviewed in various welding courses offered by the College.

Requirements for the Certificate
Required courses:
- WATR 60 Introduction to Water Systems 3.0
- WATR 61 Water Treatment 3.0
- WATR 62 Water Distribution 3.0
- WATR 63 Cross Connection Control – Certified Tester 3.0
- WATR 64 Cross Connection Control – Certified Specialist 3.0
- WATR 65 Water Hydraulics and Instrumentation 3.0

Total Units 18.0

Web Page Design
Art Department
Certificate 60618

This certificate program is designed to provide students with a combination of aesthetic design principles and the technical expertise necessary for employment as a Web page designer.

Requirements for the Certificate
Required courses:
- ANIM 175 Web Animation with Flash 3.0
- ARTC 60 Graphic Design: Lettering and Typography 3.0 CSU, UC
- ARTC 70 Computer Graphics: Introduction 3.0 CSU
- ARTC 74 Computer Graphics: Web Page Design 3.0 CSU
- ARTC 171 Computer Graphics 2: Layout and Design with QuarkXpress 3.0 CSU
- ARTD 20 Design: Two Dimensional 3.0 CSU, UC
- COMP 13 Using Web Page Software 4.0 CSU
- PHOT 10 Beginning Photography 3.0 CSU, UC

Total Units 25.0
Section 9

Transferring to California Colleges and Universities
**PROGRAMS OF STUDY LEADING TO TRANSFER**

Mt. San Antonio College offers lower division transfer courses to meet the requirements for most baccalaureate majors offered by accredited colleges and universities in the United States. Students should meet with an educational advisor or counselor in the Student Services Center for information about transfer courses in their major. It is advised that the student visit the Advising Center in advance of the next registration period.

Students should develop an educational plan by the end of their second semester. Students with declared majors are encouraged to consult with an educational advisor in the Advising Center or a counselor in the Counseling Center. Students who are undecided are encouraged to see a counselor or enroll in COUN 5 — Career/Life Planning.

Listed below are majors that may be offered at various campuses of the California State University (CSU) and/or the University of California (UC). Although a serious attempt was made to make this list a comprehensive one, it is not an exact list of every major available. To find out exactly what major is available at any particular university, please visit the Advising Center. All of the CSU and UC catalogs are available in the Advising Center for your use. If you are undecided about which major is right for you, please make an appointment with a counselor in the Counseling Center, Ext. 4380.

Students who are preparing to transfer, especially to a UC campus, are strongly encouraged to balance their studies by taking both general education courses and lower division (freshman/sophomore) major courses. Completing only general education courses, especially for high unit majors, such as business administration, natural sciences, math or engineering, may not be in a student’s best interest. Additional coursework may be completed as elective courses, to complement or supplement, a major course of study.

---

CALIFORNIA STATE UNIVERSITY

Lower Division Transfer Admission Requirements
Many campuses must restrict enrollment of lower division transfer students due to heavy enrollment pressure. California residents are eligible for admission with fewer than 60 transferable semester units (90 quarter units) if they:

• Have a college grade point average of 2.00 or better in all transferable college units attempted.
• Are in good standing at the last college or university attended, i.e., you are eligible to re-enroll.
• Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies you had in high school if you did not complete the 15-unit pattern of college preparatory subjects.
• Meet the eligibility index required of a freshman.

Some campuses may require lower division transfer students to have completed English composition and general education mathematics prior to transfer.

Contact your campus of choice to determine whether there are admission limits on the number of lower-division transfer students.

Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered first-time freshmen and must meet those admission requirements.

Upper Division Transfer Admission Requirements
Students are eligible for admission with 60 or more transferable semester units (90 quarter units) if they:

• Have a college grade point average of 2.00 or better (2.40 for non-California residents) in all transferable college units attempted.
• Are in good standing at the last college or university attended, i.e. are eligible to re-enroll.
• Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to general education requirements with a grade of “C” or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in college-level mathematics.

The above information is from the 2006-2007 California State University (CSU) undergraduate application.
The requirements listed below are for the 2006-2007 academic year and are based upon information available at the time of catalog publication. Students may contact the Advising Center for most current information at (909) 594-5611, ext. 4293.

Forty-eight units of general education are required to graduate from campuses of the CSU system. A maximum of 39 units may be certified by community colleges; nine units must be taken at the upper division level. Acceptable courses are grouped in five areas, A through E. A maximum of 30 units may be certified from Areas B through D collectively. The list of certifiable courses will be subject to change year by year, but students are assured that courses taken to meet General Education-Breadth Requirements will be honored if they are on the list during the year taken.

The following program is structured so that a student who completes the program will be assured of properly meeting the General Education-Breadth Requirements of CSU. Area A and Mathematics must be completed with a minimum grade of “C.” Students who have attended other colleges are urged to consult with a counselor or educational advisor for advice on satisfying General Education-Breadth Requirements.

Students beginning Fall 2006 must follow 2006-2007 CSU GE-Breadth requirements. Courses are approved for the academic year in which they were completed. Students may obtain a copy from the Advising Center or Counseling Center. For the most recent version of the CSU GE, come to the Advising Center located in Student Services, upper level.

### Area A

The English Language and Critical Thinking (9 units)
Select one course from each group:
- **A-1: Oral Communication:**
  - SPCH 1A **Public Speaking**, or
  - SPCH 1AH **Public Speaking** — Honors
- **A-2: Written Communication:**
  - ENGL 1A **Freshman Composition**
  - ENGL 1AH **Freshman Composition** — Honors
- **A-3: Critical Thinking:**
  - ENGL 1C **Critical Thinking and Writing**
  - ENGL 1CH **Critical Thinking and Writing** — Honors
  - PHIL 3 **Logic in Practice**
  - PHIL 3H **Logic in Practice** — Honors
  - PHIL 8 **Critical Thinking**
  - PHIL 9 **Critical Thinking and Logical Writing**
  - PSYC 5 **Psychology of Reasoning and Problem Solving**
  - SPCH 1B **Advanced Public Speaking**
  - SPCH 20 **Argumentation and Debate**
  - SPCH 20H **Argumentation and Debate** — Honors

### Area B

The Physical Universe & Life (9 units minimum): Select one course from each group. Also, one lab (+) course must be included in one of the science groups.

#### B-1: Physical Science
Select at least one course from the following list:
- ASTR 5 **Introduction to Astronomy**
- ASTR 5L **Astronomical Observing Laboratory**
- ASTR 7 **Geology of the Solar System**
- ASTR 8 **Introduction to Stars, Galaxies, and the Universe**
- +CHEM 10 **Chemistry for Allied Health Majors**
- +CHEM 20 **Introductory Organic and Biochemistry**
- +CHEM 40 **Introduction to General Chemistry**
- +CHEM 50 **General Chemistry I**
- +CHEM 50H **General Chemistry I** — Honors
- +CHEM 5L **General Chemistry II**
- GEOG 1 **Elements of Physical Geography**
- GEOG 1H **Elements of Physical Geography** — Honors
- GEOG 1L **Physical Geography Laboratory**
- GEOG 1LH **Physical Geography Laboratory** — Honors
- GEOL 1 **Physical Geology**
- GEOL 7 **Geology of California**
- GEOL 8 **Earth Science**
- GEOL 8H **Earth Science** — Honors
- GEOL 8L **Earth Science Laboratory**
- GEOL 9 **Environmental Geology**
- GEOL 10 **Natural Disasters**
- GEOL 13 **Evolution of the Earth**
- METO 3 **Weather and the Atmospheric Environment**
- METO 3L **Weather and the Atmospheric Environment Laboratory**
- OCEA 10 **Introduction to Oceanography**
- OCEA 10H **Introduction to Oceanography** — Honors
- OCEA 10L **Introduction to Oceanography Laboratory**
- PHYS 7 **Physical Science**
- PHYS 7L **Physical Science Laboratory**
- +PHYS 1 **Physics**
- +PHYS 2AG **General Physics**
- +PHYS 2BG **General Physics**
- +PHYS 4A **Engineering Physics**

#### B-2: Life Science
Select at least one course from the following list:
- AGOR 1 **Horticultural Science**
- +ANAT 10A **Introductory Human Anatomy**
- +ANAT 10B **Introductory Human Physiology**
- +ANAT 35 **Human Anatomy**
- +ANAT 36 **Human Physiology**
- ANTH 1 **Biological Anthropology**
- ANTH 1H **Biological Anthropology** — Honors
- +ANTH 1L **Biological Anthropology Laboratory**
- +BIOL 1 **General Biology**
- +BIOL 2 **Plant and Animal Biology**
- +BIOL 3 **Ecology and Field Biology**
- +BIOL 4 **Biology for Majors**
- +BIOL 4H **Biology for Majors** — Honors
- +BIOL 6 **Humans and the Environment**
- +BIOL 6L **Humans and the Environment Laboratory**
- BIOL 17 **Neurobiology and Behavior**
- BIOL 20 **Marine Biology**
- +BIOL 21 **Marine Biology Laboratory**
- +MATH 1 **Principles of Microbiology**
- +MATH 22 **Microbiology**
- PSY 18 **Biological Psychology**

### Area C

Arts, Literature, Philosophy and Foreign Languages (9 units)
Select three courses, with at least one course from "Arts" and one course from "Humanities":

#### C-1: Arts
- AHS 1 **Understanding the Visual Arts**
- ARBT 1 **Understanding the Visual Arts**
- MUS 1H **Understanding the Visual Arts — Honors**
- MUS 2H **Topics in Visual Art and Culture**
- MUS 3H **History of Women and Gender in Art**
- MUS 4H **History of Western Art: Prehistoric Through Gothic**
- MUS 5H **History of Western Art: Renaissance Through Modern**
- MUS 6H **History of Modern Art**
- MUS 7H **History of Modern Art — Honors**
- MUS 9H **History of Asian Art**
- MUS 11H **History of African, Oceanic and Native American Art**
- MUS 12H **History of Pre-Columbian Art**
- MUS 12L **History of Pre-Columbian Art — Honors**
- ARBT 14 **Basic Studio Arts**
- ARBT 15A **Drawing: Beginning**
- ARBT 20 **Design: Two Dimensional**
- ARBT 25A **Painting: Beginning**
- ARTS 22 **Design: Three Dimensional**
- ARTS 30A **Ceramics: Beginning**
- ARTS 40A **Sculpture: Beginning**
- DN-T 20 **History and Appreciation of Dance**
- ID 180 **History of Interior Architecture and Furnishings I**
- MUS 7 **Fundamentals of Music**
- MUS 11A **Music Literature Survey**
- MUS 11B **Music Literature Survey**
- MUS 12 **History of Jazz**
- MUS 13 **Introduction to Music Appreciation**
- MUS 13H **Introduction to Music Appreciation — Honors**
- MUS 14A **World Music**
American Institutions

It is recommended that you use one of the options below as part of the 9 units required in Area D.

### TRANSFERRING TO CALIFORNIA COLLEGES AND UNIVERSITIES

#### Transferring to California Colleges and Universities

**Notes**

1. Upper division transfer students (60–70 semester baccalaureate units), will need to have at least 30 semester units of general education. Within those 30 units, Area A (9) semester units and Mathematics (3) semester units must be completed with grades of “C” or better.

2. CSULA transfer students are advised to complete ENGL 1C or ENGL 1CH as part of the Area A requirements. CSULA requires completion of ENGL 102 (ENGL 1C or 1CH) as a prerequisite to UNIV 400 (Writing Proficiency Examination).

3. Courses on this list have been approved by the CSU Office of the Chancellor for Fall 2006 and beyond. If a course was completed prior to approval, it cannot be certified for CSU General Education–Breadth requirements.

4. Some majors at CSU do not allow double counting of major preparation courses and general education requirements. Students are advised to consult with a counselor or advisor to determine if courses can be double counted.

5. Some majors require specific general education courses. Students planning to transfer are advised to plan their schedules carefully in order to maintain progress.

* Courses may not be double counted to satisfy more than one area, even if a course is listed in more than one area.
UNIVERSITY OF CALIFORNIA

UC Minimum Admission Requirements

There are several ways to meet the University’s minimum admission requirements for transfer students, as described below. The path you use depends on the degree to which you satisfied UC’s minimum eligibility requirements for freshmen, at the time you graduated from high school. In all cases, you must have at least a "C" (2.0) grade point average in all transferable coursework. If you need assistance in determining whether you met the requirements, contact an educational advisor in the Advising Center or a counselor in the Counseling Center.

Minimum Admission Requirements for California Residents Transferring to UC

1. If you were eligible for admission to the University when you graduated from high school — meaning you satisfied the Subject, Scholarship, and Examination Requirements, or were identified by the University during your senior year in high school as eligible under the Eligibility in the Local Context (ELC) program — you are eligible to transfer if you have a "C" (2.0) average in your transferable coursework.

2. If you met the Scholarship Requirement in high school but did not satisfy the Subject Requirement, you must take transferable college courses in the missing subjects, earning a "C" or better in each required course, and have an overall "C" average in all transferable coursework to be eligible to transfer.

3. If you were not eligible for admission to the University when you graduated from high school because you did not meet the Scholarship Requirement, you must:
   A. Complete 60 semester units (or 90 quarter units) of transferable college credit with a grade point average of at least 2.4; and
   B. Complete the following course pattern requirement, earning a grade of "C" or better in each course:
      • two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
      • one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; and
      • four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC may satisfy Option 3B of the transfer admission requirements.

UC San Diego
9500 Gilman Drive, La Jolla, CA 92093 • (858) 534-2230
Completion of the IGETC will permit a student to transfer from Mt. SAC to a campus in either the University of California (UC) system or California State University (CSU) without the need, after transfer, to take additional lower-division general education courses to satisfy university general education requirements. It should be noted that completion of the IGETC is not an admission requirement for transfer to UC or CSU, nor is it the only way to fulfill the lower-division general education requirements of UC or CSU prior to transfer. Students pursuing majors that require extensive lower-division preparation may not find the IGETC option to be advantageous (i.e., Engineering, Sciences).

The requirements listed below must be completed in their entirety for full certification to the UC and CSU. For the requirements listed below are for the 2006-2007 academic year and are based upon information available at the time of catalog publication.

### Area 1: English Communication
Select one course from each group:
- **Group A: English Composition**
  - ENGL 1A Freshman Composition, or
  - ENGL 1AH Freshman Composition — Honors
- **Group B: Critical Thinking — Composition**
  - ENGL 1C Critical Thinking and Writing, or
  - ENGL 1CH Critical Thinking and Writing — Honors
  - PHIL 8 Critical Thinking
  - PHIL 9 Critical Thinking and Logical Writing
  - PSYC 5 Psychology of Reasoning and Problem Solving
- **Group C: Oral Communication**
  - CSU requirements only
  - SPCH 1A Public Speaking, or
  - SPCH 1AH Public Speaking — Honors

### Area 2: Mathematical Concepts and Quantitative Reasoning
Select one course from:
- MATH 110 Elementary Statistics
- MATH 110H Elementary Statistics — Honors
- MATH 120 Finite Mathematics
- MATH 130 College Algebra
- MATH 140 Calculus for Business
- MATH 160 Precalculus Mathematics
- MATH 180 Calculus and Analytic Geometry
- MATH 181 Calculus and Analytic Geometry
- MATH 280 Calculus and Analytic Geometry
- MATH 285 Linear Algebra and Differential Equations
- PSYC 10 Statistics for the Behavioral Sciences

### Area 3: Arts and Humanities
Select three courses minimum, at least one course from the Arts group and one course from the Humanities group:

#### Arts Courses:
- **AHIS 1** Understanding the Visual Arts, or
- **ARTB 1** Understanding the Visual Arts
- **AHIS 1H** Understanding the Visual Arts — Honors
- **AHIS 3** History of Women and Gender in Art
- **AHIS 3H** History of Women and Gender in Art — Honors
- **AHIS 4** History of Western Art: Prehistoric through Gothic
- **AHIS 4H** History of Western Art: Prehistoric through Gothic — Honors
- **AHIS 5** History of Western Art: Renaissance through Modern
- **AHIS 5H** History of Western Art: Renaissance through Modern — Honors
- **AHIS 6** History of Modern Art
- **AHIS 6H** History of Modern Art — Honors
- **AHIS 11** History of African, Oceanic, and Native American Art
- **AHIS 12** History of Pre-Columbian Art
- **AHIS 12H** History of Pre-Columbian Art — Honors
- **DN-T 20** History and Appreciation of Dance
- **MUS 11B** Music Literature Survey
- **MUS 12** History of Jazz
- **MUS 13** Introduction to Music Appreciation
- **MUS 13H** Introduction to Music Appreciation — Honors
- **MUS 14A** World Music
- **MUS 15** Rock Music History and Appreciation
- **THTR 10** History of Theater Arts

#### Humanities Courses:
- **CHIN 3** Intermediate Chinese
- **CHIN 4** Continuing Intermediate Chinese
- **ENGL 1B** English — Introduction to Literary Types
- **ENGL 1BH** English — Introduction to Literary Types — Honors
- **FRCH 3** Intermediate French
- **FRCH 4** Continuing Intermediate French
- **FRCH 5** Advanced French
- **FRCH 6** Continuing Advanced French
- **FRCH 60** French Culture through Cinema
- **GERM 3** Intermediate German
- **GERM 4** Intermediate German — Honors
- **HIST 1** History of the United States
- **HIST 3** History of World Civilization
- **HIST 3H** History of World Civilization — Honors
- **HIST 4** History of World Civilization
- **HIST 4H** History of World Civilization — Honors
- **HIST 7** History of the United States
- **HIST 7H** History of the United States — Honors
- **HIST 8** History of the United States
- **HIST 8H** History of the United States — Honors
- **HIST 10** History of Asia
- **HIST 11** History of Asia
- **HIST 19** History of Mexico
- **HIST 30** History of the African American
- **HIST 31** History of the African American
- **HIST 35** History of Africa
- **HIST 36** Women in American History
- **HIST 39** California History
- **HIST 40** History of the Mexican American
- **HUMA 1** The Humanities
- **ITAL 3** Intermediate Italian
- **ITAL 4** Continuing Intermediate Italian
- **ITAL 5** Advanced Italian
- **ITAL 6** Continuing Advanced Italian
- **ITAL 60** Italian Culture through Cinema
- **JAPN 3** Intermediate Japanese
- **JAPN 4** Continuing Intermediate Japanese
- **JAPN 5** Advanced Japanese
- **LIT 1** Early American Literature
- **LIT 2** Modern American Literature
- **LIT 6A** Survey of English Literature
- **LIT 6B** Survey of English Literature
- **LIT 10** Survey of Shakespeare
- **LIT 11A** World Literature
- **LIT 11B** World Literature
- **LIT 14** Introduction to Modern Poetry
- **LIT 15** Introduction to Cinema
- **LIT 20** African American Literature
- **LIT 25** Contemporary Mexican American Literature
- **LIT 33** Images of Women in Literature
- **LIT 35** Science Fiction and Fantasy Survey
- **LIT 36** Introduction to Mythology
- **LIT 46** The Bible as Literature: Old Testament
- **LIT 47** The Bible as Literature: New Testament
- **PHIL 3** Logic in Practice
- **PHIL 5** Introduction to Philosophy
- **PHIL 5H** Introduction to Philosophy — Honors
- **PHIL 12** Ethics
- **PHIL 12H** Ethics — Honors
- **PHIL 15** Major World Religions
- **PHIL 15H** Major World Religions — Honors
- **PHIL 20A** History of Western Philosophy
- **PHIL 20B** History of Western Philosophy
- **SIGN 202** American Deaf Culture
- **SPAN 3** Intermediate Spanish
- **SPAN 3H** Intermediate Spanish — Honors
- **SPAN 4** Continuing Intermediate Spanish
- **SPAN 5** Advanced Spanish
- **SPAN 6** Continuing Advanced Spanish
- **SPAN 25** Spanish Literature

---

The requirements listed below are for the 2006-2007 academic year and are based upon information available at the time of catalog publication. Students may contact the Advising Center for most current information at (909) 594-5611, ext. 4293.
## Social and Behavioral Sciences
Select three courses total from a minimum of two different subject areas:
- ANTH 3 Archaeology
- ANTH 5 Principles of Cultural Anthropology
- ANTH 22 General Cultural Anthropology
- PSYC 1A Introduction to Psychology
- PSYC 19 Abnormal Psychology
- PSYC 25 The Psychology of Women
- SOC 1 Sociology
- SOC 1H Sociology — Honors
- SOC 2 Sociology
- SOC 2H Sociology — Honors
- SOC 4 Introduction to Gerontology
- SOC 5 Introduction to Criminology
- SOC 20 Sociology of Ethnic Relations
- SOC 20H Sociology of Ethnic Relations — Honors

## Biological Science:
- ANAT 10A Introductory Human Anatomy
- ANAT 10B Introductory Human Physiology
- ANAT 19 Human Anatomy
- ANTH 1 Biological Anthropology
- ANTH 1H Biological Anthropology — Honors
- ANTH 1L Biological Anthropology Laboratory
- BIOL 1 General Biology
- BIOL 2 Plant and Animal Biology
- BIOL 4 Biology for Majors
- BIOL 4H Biology for Majors — Honors
- BIOL 6 Humans and the Environment
- BIOL 6L Humans and the Environment Laboratory
- BIOL 8 Cell and Molecular Biology
- BIOL 20 Marine Biology
- BIOL 21 Marine Biology Laboratory
- MICR 1 Principles of Microbiology
- MICR 2 Microbiology
- PSYC 1B Biological Psychology

### UC REQUIREMENT ONLY
**Language other than English:**
The minimum proficiency required is met by completing one of the courses listed below or by completion of two years of high school study in the same language.
- CHIN 1 Elementary Chinese
- JAPN 1 Elementary Japanese
- FRCH 1 Elementary French
- SIGN 101 American Sign Language 1
- GERM 1 Elementary German
- SPAN 1 Elementary Spanish
- ITAL 1 Elementary Italian
- SPAN 11 Spanish for the Spanish Speaking

### CSU GRADUATION REQUIREMENTS ONLY IN U.S. HISTORY, CONSTITUTION, AND AMERICAN IDEALS:
**Note:** Courses used to meet the U.S. History and American Institutions requirements cannot be double counted for IGETC. UCSB requires a college-level U.S. history or government course.

**Option 1:** HIST 7 (or 7H) + HIST 8 (or 8H)
If Option #1 is selected, DO NOT select another D6 course as your third Area D course.

**Option 2:** Completion of one course from U.S. History plus one course from American Institutions.

See the categories below under United States History and American Institutions.

### United States History:
- HIST 1 History of the United States
- HIST 7 History of the United States
- HIST 7H History of the United States — Honors
- HIST 8 History of the United States
- HIST 8H History of the United States — Honors
- HIST 30 History of the African American
- HIST 31 History of the African American
- HIST 36 Women in American History
- HIST 40 History of the Mexican American

### American Institutions:
- POLI 1 Political Science
- POLI 1H Political Science — Honors
- POLI 25 Politics of the Mexican American
- POLI 35 African American Politics

### Notes:
UC limits transfer credit for some courses. Students may review the UC Transfer Course Agreement (TCA) with an educational advisor or counselor in the Student Services Center. Students must see an educational advisor or counselor for preliminary IGETC equivalencies. Students from non-English speaking countries should see an educational advisor or international student counselor for language proficiency equivalences.
IGETC AFTER TRANSFER
PARTIAL CERTIFICATION OF THE INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

The IGETC provides a pattern of courses that fulfills the transfer general education requirements at both the University of California (UC) and the California State University (CSU). Each California community college offers a complete set of courses that satisfies IGETC. If you attend more than one community college, the campus you attend just prior to transfer will certify your completion of IGETC, including courses taken at other colleges. The IGETC pattern is not recommended for all majors. See your counselor/educational advisor for advice and more complete information on the IGETC certification.

If, for good cause, you are unable to complete one or two IGETC courses*, you may be eligible to complete IGETC after transferring (*). Typical situations which constitute good cause for not completing one or two IGETC courses are illness, unavailable or canceled classes, military service and unexpected hardships, such as family or employment problems, experienced in the final term before transfer.

You may petition only during the final semester before transferring. If your petition for partial certification of IGETC is approved, you will be able to complete IGETC in one of the following ways:

1. Take a certified IGETC course, in the area to be completed, at any California community college at a time that does not require concurrent enrollment, such as during summer session.
2. Complete the requirement at a California community college while concurrently enrolled at the UC or CSU. You will be subject to the UC or CSU campus rules regarding concurrent enrollment, so this option may not be available at your campus.
3. Take a comparable course at the UC or CSU campus to which you will be transferring. This option is at the discretion of each campus, so it may not be a choice available to you.

You will be expected to complete IGETC before the beginning of the second full year of enrollment at your UC or CSU campus. Check with your campus counselor/educational advisor after you transfer for more information, including which options are available and which UC or CSU courses may be comparable to the IGETC courses remaining to be completed.

CALIFORNIA INDEPENDENT COLLEGES AND UNIVERSITIES

California’s fully-accredited independent colleges and universities provide many options at the undergraduate, graduate, and professional levels for students planning to continue their education beyond the community college.

Although admission requirements vary and are listed in the catalogs of the various universities and colleges, students who transfer to independent colleges and universities are given credit for most, if not all, of their community college work.

Financial aid may be a primary factor in making it possible for a student to attend an independent college or university. There are many forms of financial assistance available, such as federal, state, institutional, and private aid. Students should apply for scholarships, grants, loans, and work-study awards from all possible sources. All independent colleges urge, and some require, that all undergraduates who are California residents apply for a Cal Grant. Financial aid applications are available in January for the following academic year and must be obtained from a campus financial aid office. Filing instructions and deadlines are indicated on the form. Contact the individual campuses for details and assistance in completing the necessary forms.

The independent colleges and universities include:

- Alliant International University
- American Academy of Dramatic Arts Los Angeles
- Art Center College of Design
- Azusa Pacific University
- Biola University
- California Baptist University
- California College of the Arts
- California Institute of Technology (Cal Tech)
- California Institute of the Arts
- California Lutheran University
- Chapman University
- Charles R. Drew University of Medicine and Science
- Claremont Graduate University
- Claremont McKenna College
- Cogswell Polytechnical College

- University of West Los Angeles
- Vanguard University of Southern California
- Western University of Health Sciences
- Westmont College
- Whittier College
- William Jessup University
- Woodbury University

For more information on California Independent Colleges and Universities see an educational advisor in the Advising Center or counselor in the Counseling Department. You may also obtain information from the aiccu.edu.

*Area 1, English Communication and Area 2, Mathematics must be completed prior to transferring. To petition for IGETC after transfer see an educational advisor in the Advising Center or a counselor in the Counseling Department.
DEFINITIONS OF TERMS

CSU Transfer
Courses designated “CSU” are baccalaureate level and will transfer to all of the California State Universities and count toward graduation at Mt. San Antonio College.

CSU/UC Cross Enrollment Program
California residents students at Mt. San Antonio College may enroll in one undergraduate course per term at any CSU or UC campus provided the student has met the course prerequisites and approval is granted by both Mt. SAC and the university. To cross-enroll, students must: have completed at least one term at Mt. SAC; have a 2.0 grade point average (GPA) in transferable course work; and be enrolled in at least six units at Mt. SAC. A $10.00 fee plus any material/laboratory fees associated with the course may be charged. To apply for the CSU/UC Cross Enrollment Program, students must complete the CSU/UC Cross Enrollment application; these forms are available in the Advising Center.

UC Transfer/UC Credit Limitation
Courses designated “UC” are baccalaureate level and will transfer to all of the University of California campuses and California State Universities, and will count toward graduation at Mt. San Antonio College. UC limits credit for some courses. Students contemplating transfer to UC should consult with an educational advisor and review the UC Transfer Course Agreement (TCA) for course credit limitations and changes.

UC Credit for Physical Education Activity Courses
A maximum of four semester units of UC credit will be awarded for Physical Education Activity courses. Courses of a vocational nature such as Fire or Police Academy Protection Preparation or Aerobic Instructor Training will not be awarded UC credit.

UC Credit Pending
Credit for Special Projects courses are given only after a review of the topic for the course by the enrolling UC campus. This usually occurs after transfer and may include recommendations from faculty. The UC will not give credit for special projects courses in Journalism, Photography, Health, Business Administration, Architecture, Administration of Justice (Criminology) or Library Departments because of the credit restrictions in those areas.

CAN (California Articulation Number System)
The California Articulation Number (CAN) System is a statewide numbering system of independent twin course numbers assigned by local colleges. A CAN number signals that participating California colleges and universities have determined that courses offered by other campuses are equivalent in content and scope to courses offered on their own campuses, regardless of their unique titles or local identifying numbers. Thus, if a schedule of classes or catalog lists a course bearing a CAN number, students on one campus can be assured that it will be accepted in lieu of the comparable CAN course noted in the catalog or schedule of classes of another campus. For example, CAN ECON 2 on one campus will be accepted as meeting the requirement of the designated CAN ECON 2 course on other participating community college or university campuses.

The CAN numbering system is obviously useful for students attending more than one community college and is applied to many of the transferable, lower division courses students need as preparation for their intended major. Because these course requirements may change, however, and because courses are continually being redefined, qualified, or deleted from the CAN database, students should always check with an educational advisor in The Advising Center or counselor in the Counseling Department to determine how CAN-designated courses fit into their educational plans for transfer. Students should consult the ASSIST database at www.assist.org for specific information on course agreements. The college staff will help students interpret this information.

Eligibility
In listing a prerequisite for enrolling in a course, an “eligibility” may also be listed. An eligibility requirement specifies the course level the student must qualify to enroll in—not that the course has to be completed prior to enrollment. For example, the prerequisite “eligibility for English 68” requires that the student must qualify to enroll in English 68 in order to enroll in the particular course.

Prerequisite
A prerequisite is a course which must be taken as preparation for enrolling in another course.

Corequisite
A corequisite is a course which is required to be taken simultaneously in order to enroll in another course.

Advisory
An advisory prerequisite is a course which is advised, but not required, to be taken either before or in conjunction with enrollment in a course.

Pre-Collegiate Basic Skills
Courses designated “Pre-collegiate” develop basic skills in reading, writing, and computation. They will neither count toward graduation from Mt. San Antonio College nor transfer to four-year colleges and universities.

Non-Degree Credit
Courses designated “Non-Degree Credit” are college level classes which are neither a part of an associate degree or certificate program nor transferable to four-year colleges and universities.

Degree Appropriate
Courses designated “Degree Appropriate” are college-level classes which are a part of an associate degree or certificate program.

Physical Education Activity
Physical education activity units consist of a combination of lecture and activity hours. This includes all PE classes except those having a prefix of PE.

UC Credit for Physical Education Activity Courses
A maximum of four semester units of UC credit will be awarded for Physical Education activity courses. Courses of a vocational nature such as Fire or Police Academy Protection Preparation or Aerobic Instructor Training will not be awarded UC credit.

</table>
ADJU 1 — The Administration of Justice System 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
History and philosophy of the justice system, subsystems, roles, relationships and theories of crime causation and correction.

ADJU 2 — Principles and Procedures of the Justice System 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Roles and responsibilities of each segment of the justice system; additional focus on relationships between system segments and sub-system procedures from initial incident to final disposition.

ADJU 3 — Concepts of Criminal Law 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Elements of crimes against persons, property, and the state as recognized in the Penal Code and General Laws of California. Content is studied using the perspective of the law enforcement officer.

ADJU 4 — Legal Aspects of Evidence 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Comprehensive exploration of evidence; admissibility, competency of witnesses, principles of privileged communications, hearsay rule and its exceptions, and the general procedure to be followed in the collection and preservation of evidence.

ADJU 5 — Community Relations 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Community problems and policing. Focus on service image, diversity, human relations, crises and confrontations with the public.

ADJU 6 — Concepts of Enforcement Services 3 Units
Degree Appropriate
54 hours of lecture.
Responsibilities, techniques and methods of police patrol with emphasis on the basic knowledge required in handling common police occurrences.

ADJU 13 — Concepts of Traffic Services 3 Units
Degree Appropriate
54 hours of lecture.
A study of traffic management, collision reconstruction, collision factors including law violations and human factors, collision evidence, traffic enforcement techniques and specialization in traffic management. Emphasis is placed on service to the motoring public.

ADJU 20 — Principles of Investigation 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Fundamentals of investigation; 4th Amendment issues including crime scene search and recording; collection and preservation of physical evidence; modus operandi; scientific aids; sources of information; interviews and interrogation; follow up and case preparation.

ADJU 38 — Narcotics Investigation 3 Units
Degree Appropriate
Prerequisite: Eligibility for ENGL 68
54 hours of lecture.
Investigation techniques for drug enforcement. Drug effects, use of informants, amendment issues, and handling of evidence.

ADJU 59 — Gangs in the Community/Corrections 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Advisory: Eligibility for ENGL 68, ADJU 1
Investigation of contemporary street and prison gang issues, including historical and current perspectives, prison gang dynamics, identification of characteristics, cultural differences of gang philosophy. Includes law enforcement/corrections role in intervention/suppression.

ADJU 68 — Administration of Justice Report Writing 3 Units
Degree Appropriate
54 hours of lecture.
Discusses techniques for proper documentation of crime reports and related law enforcement records. Use of simulations and role-playing.

ADJU 74 — Vice Control 3 Units
Degree Appropriate
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Code and case law dealing with vice; detection and suppression; apprehension and prosecution of violators; special consideration of laws dealing with gambling, prostitution, and sex crimes.

AERO 23 — Primary Pilot Ground School 4 Units
Degree Appropriate, CSU
72 hours of lecture.
Prerequisite: Eligibility for English 68
Basic aerodynamics, aircraft performance, Federal Aviation Regulations,aviation weather factors, and cross-country navigation procedures; provides introductory material on radio navigation, aeromedical factors, and radio communications procedures. Meets the preparation requirements for the FAA Private Pilot computerized knowledge examination.

AERO 24 — Navigation 3 Units
Degree Appropriate, CSU
Advisory: AERO 23
54 hours of lecture.
Basic dead reckoning navigation procedures. Aeronautical computers and their application in cross-country flying. Use of radio navigation aids, flightplanning, flight directors, global positioning system, and electronic flight instrumentation systems.

AERO 25 — Commercial Pilot Ground School 3 Units
Degree Appropriate, CSU
Advisory: AERO 23
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Faa Commercial Pilot certification requirements, including aerodynamics, commercial pilot maneuvers, complex aircraft operations, multi-engine aircraft operations, aircraft weight and balance, aircraft performance charts, and radio navigation using advanced instrumentation. Prepares students for completion of the FAA Commercial Pilot Computerized Knowledge Examination.

AERO 26 — Aviation Weather 3 Units
Degree Appropriate, CSU
54 hours of lecture.
A basic study of weather elements, the atmosphere, weather mechanics, weather disturbances, weather analysis and forecasts. Evaluates aviation weather reports and forecasts.

AERO 27 — Aviation Safety and Human Factors 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Advisory: AERO 23
Evaluation and analysis of factors which lead to preventable aircraft accidents. Includes the study of aircraft accident cause factors, with emphasis on human behavior as it relates to the environment of the pilot and air traffic controller.

AERO 28 — Aircraft and Engines 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Advisory: AERO 23
Aircraft design, subsystems, repair and maintenance. Principles of internal combustion engines, fuel system, engine construction and design, lubrication and cooling methods, ignition system, basic troubleshooting. Turbine engine design and operational characteristics.

AERO 29 — Federal Aviation Regulations 2 Units
Degree Appropriate, CSU
36 hours of lecture.
Federal Aviation Regulations which pertain to pilot certification, aircraft maintenance, general operating rules; air traffic control practices and procedures; reporting of aircraft accidents.

AERO 30 — Instrument Ground School 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Advisory: AERO 23 and AERO 26 taken prior or concurrently
Instrument Flight Rules, Air Traffic Control and communications procedures, air navigation radio aids, instrument landing systems, flight instruments, aircraft performance, aeronautical publications, instrument approach procedures, IFR cross-country navigation, and instrument weather. Meets the preparation requirements for the FAA Instrument Pilot computerized knowledge exam.

AERO 40 — Flight (May be taken four times for credit.) 1 Unit
Degree Appropriate
(May be taken for Credit/No Credit only.)
Advisory: AERO 23 taken prior or concurrently
18 hours of lecture.
Flight training career preparation, including evaluation of locally available flight training options, university transfer preparation, and flight career options involving airline preparation, corporate aviation, charter operations, cargo airline careers, and military flight training. Students who repeat this course will improve skills through further instruction and practice.
Course Descriptions

AERO 40L — Flight Laboratory 1 Unit
(May be taken four times for credit.) Degree Appropriate
54 hours of lab.
Corequisite: AERO 40
Advisory: AERO 23 taken prior or concurrently
Primary pilot training and the development of specialized skills. Students individually schedule training lessons at a flight school of their choice, under the supervision of an FAA certificated flight instructor. Students must complete a minimum of 15 hours of flight time, including three hours of dual instruction. Students who repeat this course will improve skills through further instruction and practice.

AERO 41 — Basic Flight Simulator Laboratory .5 Unit
(May be taken for Credit/No Credit only.) Degree Appropriate
27 hours of lab.
Advisory: AERO 25
Flight simulator training in the iGATE PC-ATD simulator in preparation for the instrument rating. Full and partial panel airwork, holding patterns, VOR and ADF orientation, and instrument approach procedures.

AERO 42 — Advanced Flight Simulator Laboratory .5 Unit
(May be taken for Credit/No Credit only.) Degree Appropriate
27 hours of lab.
Advisory: AERO 30 or AERO 41

AERO 45A — Multi-Engine Turbine Aircraft Operations 3 Units
54 hours of lecture. Non-Degree Credit
Advisory: Private Pilot’s Certificate and AERO 30 or Instrument Rating
An introduction to the design features and operational characteristics of a selected multi-engine turbine aircraft utilized in regional airline operations and corporate aviation, with emphasis on aircraft and engine systems.

AERO 48 — Flight Instructor Ground School 3 Units
54 hours of lecture. Non-Degree Credit
Advisory: AERO 25 and AERO 30 or Commercial Pilot Certificate with Instrument Rating
The learning process, basic teaching principles, and the application of these principles in teaching student pilots. Analysis of flight maneuvers and instruments. Prepares students for the FAA computerized knowledge tests for Flight Instructors.

AGHE 60 — Medical Nursing and Animal Care 4 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: AGLI 95
Animal examination for health and disease conditions in the animal hospital, including sanitation, administration of medicine, emergency treatment, therapeutic techniques, dental prophylaxis, venipuncture, electrocardiography, application of casts, splints and other appliances. Includes diseases, their causes and effects, and immunology of animals.

AGHE 61 — Surgical Nursing 4 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: AGHE 60
Surgical preparation, surgical assistance, post-operative care, administration and monitor anesthesia, dentistry, CPR, sterilization and the maintenance of a sterile environment.

AGHE 62A — Clinical Pathology 4 Units
Fall Semester
4 hours of lecture.
4 hours of lab.
Prerequisite: AGLI 95
Introduces students to the expansive field of clinical pathology. Topics include hematology, clinical chemistries, internal parasites, immunology and serology.

AGHE 62B — Clinical Pathology 4 Units
Spring Semester
4 hours of lecture.
4 hours of lab.
Prerequisite: AGLI 95
Introduces students to the expansive field of clinical pathology. Topics include bacteriology, clinical chemistry, urinalysis, external parasites and cytology.

AGHE 64 — Veterinary Pharmacology 3 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: Formal admittance to Advanced Class Status in the Registered Veterinary Technology Program, and completion of MATH 51 or MATH 51B or AGAG91
Basic concepts in pharmacological chemistry. Pharmaceuticals and biologics commonly used in the maintenance of animal health. Includes generic terminology, abbreviations for prescriptions, labeling requirements, state and federal laws, classification of materials, weights and measures, drug dosage flow rates, pharmacological mathematics and the metric system, side effects and drug interactions.

AGHE 65 — Veterinary Radiography 2 Units
18 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Prerequisite: AGLI 95 and formal admittance to the Registered Veterinary Technology Program
Basic concepts and skills of veterinary positioning of canine, feline, avian, reptilian species, and livestock for radiography; processing of the radiograph; radiation safety; basic technique and instrumentation; contrast radiography and ultrasound imaging. Emphasizes performance of x-ray procedures for the veterinary practitioner.

AGHE 69 — Laboratory Animal Medicine and Care 3 Units
54 hours of lab. Degree Appropriate, CSU
36 hours of lecture. Degree Appropriate
Laboratory animal medicine, care and procedures, rules and regulations governing laboratory animals.

AGHE 83A — Work Experience in Animal Health 1 Unit
(May be taken four times for credit.) Degree Appropriate
75 hours of lab.
Prerequisite: Formal admittance and enrollment in the Registered Veterinary Technology Program, and completion of MATH 51 or MATH 51B or AGAG91
This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.
This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AGHE 84A — Applied Animal Health Procedures 1 Unit
Fall Semester Degree Appropriate
54 hours of lab.
Fall field study course in the collection, handling, and analysis of feces, urine, and blood samples of pet and domestic animals. Practical experience in applied clinical procedures and techniques, including treatments and minor surgical procedures with domestic farm animals. Experiences with animals will vary due to seasonal changes and different husbandry practices during fall and spring.

AGHE 84B — Applied Animal Health Procedures 1 Unit
Spring Semester Degree Appropriate
54 hours of lab.
Spring field study course in the collection, handling, and analysis of feces, urine and blood samples of pet and domestic animals. Practical experience in applied clinical procedures and techniques, including treatments and minor surgical procedures with school domestic farm animals. Experiences with animals will vary due to seasonal changes and different husbandry practices during fall and spring.

AGHE 85 — Seminar in Registered Veterinary Technology 1 Unit
18 hours of lecture. Degree Appropriate
Prerequisite: Completion of the Registered Veterinary Technology program or consent of instructor.
Group study course designed to help students with success on their national and state registration examinations. Course includes exposure to the types of questions encountered in registration examinations, question analysis strategies, and review of important anatomical, physiological, and nursing concepts.

AGAN 2 — Animal Nutrition 3 Units
(CAN AG 12) Degree Appropriate, CSU, UC
54 hours of lecture. Composition of feeds and their utilization by domestic animals, including digestive physiology, animal assessment, feed appraisal and compiling of rations.

AGAN 51 — Animal Handling and Restraint 3 Units
36 hours of lecture. Degree Appropriate, CSU
54 hours of lab. Methods of proper handling for large and small animals, including chemical and physical techniques of restraint.

AGAN 94 — Animal Breeding 3 Units
54 hours of lecture. Degree Appropriate
The science of animal breeding, including fundamentals of inheritance, reproduction and breeding systems for domestic animals. Artificial insemination, embryo manipulation and current topics in reproductive biotechnology will also be included.

AGFR 20 — Conservation of Natural Resources 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68.
Concepts of conservation biology for natural resources, including biogeography, biodiversity and extinction, environmental law, and conservation organizations. Emphasis on temperate forest, tropical forest, desert, and grassland ecosystems.

AGAG 1 — Food Production, Land Use and Politics — A Global Perspective 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Surveys the world’s food producing systems in terms of economic, political and cultural forces. Emphasizes ethical, sustainable food producing agriculture.

AGAG 59 — Work Experience in Agriculture 1 Unit
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
75 hours of lab. Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AGAG 60 — Work Experience in Agriculture 2 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
150 hours of lab. Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AGAG 61 — Work Experience in Agriculture 3 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
225 hours of lab. Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
This course is designated to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AGAG 62 — Work Experience in Agriculture 4 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
(May be taken four times for credit.)
300 hours of lab. Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AGAG 91 — Agricultural Calculations 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: Eligibility for MATH 51
Calculating the proper rates of application of veterinary drugs, fertilizers, irrigation water, farm chemicals and pesticidal materials. Practical field work in calibrating application equipment, plotting production rates and feed conversion, determining proper concentrations and dilutions and standardizing butterfat and solids non-fat.
Course Descriptions

**AGAG 99 — Special Projects in Agriculture**  
2 Units  
Degree Appropriate, CSU  
(May be taken four times for credit.)  
(May be taken for Credit/No Credit only.)  
36 hours of lecture.  
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students repeating this course will make individual contracts of a more advanced nature with the instructor to insure that efficiencies are enhanced.

**AGRICULTURE: LIVESTOCK PRODUCTION**

**AGLI 14 — Swine Production**  
3 Units  
Degree Appropriate, CSU  
54 hours of lecture.  
A study of the various types of swine enterprises and the ways and means of entering them. Swine management, including handling, feeding, breeding, farrowing, butchering, and marketing. Practical skills are taught using the college farm.

**AGLI 34 — Livestock Judging and Selection**  
2 Units  
Degree Appropriate, CSU  
18 hours of lecture.  
Corequisite: AGLI 16 or AGLI 18 (may have been taken previously) or equivalent experience with horses.  
A study of the various types of livestock enterprises and the ways and means of entering them. Students repeat this course with the instructor to learn to judge livestock and to acquire experience with horses.

**AGLI 41 — Domestic Animal Reproduction**  
3 Units  
Degree Appropriate, CSU  
36 hours of lecture.  
A study of the various types of livestock enterprises and the ways and means of entering them. Students repeat this course with the instructor to learn to judge livestock and to acquire experience with horses.

**AGLI 52 — Artificial Insemination of Livestock**  
2 Units  
Spring Semester  
18 hours of lecture.  
Theory and application of artificial insemination of domestic animals, including semen evaluation and processing, heat synchronization, and pregnancy diagnosis.

**AGRI 99 — Special Projects in Agriculture**  
2 Units  
Degree Appropriate, CSU  
(May be taken four times for credit.)  
(May be taken for Credit/No Credit only.)  
36 hours of lecture.  
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students repeating this course will make individual contracts of a more advanced nature with the instructor to insure that efficiencies are enhanced.

**AGRI 14 — Swine Production**  
3 Units  
Degree Appropriate, CSU  
54 hours of lecture.  
A study of the various types of swine enterprises and the ways and means of entering them. Swine management, including handling, feeding, breeding, farrowing, butchering, and marketing. Practical skills are taught using the college farm.

**AGRI 34 — Livestock Judging and Selection**  
2 Units  
Degree Appropriate, CSU  
18 hours of lecture.  
Corequisite: AGLI 16 or AGLI 18 (may have been taken previously) or equivalent experience with horses.  
A study of the various types of livestock enterprises and the ways and means of entering them. Students repeat this course with the instructor to learn to judge livestock and to acquire experience with horses.

**AGRI 41 — Domestic Animal Reproduction**  
3 Units  
Degree Appropriate, CSU  
36 hours of lecture.  
A study of the various types of livestock enterprises and the ways and means of entering them. Students repeat this course with the instructor to learn to judge livestock and to acquire experience with horses.

**AGRI 52 — Artificial Insemination of Livestock**  
2 Units  
Spring Semester  
18 hours of lecture.  
Theory and application of artificial insemination of domestic animals, including semen evaluation and processing, heat synchronization, and pregnancy diagnosis.

**AGOR 1 — Horticultural Science**  
3 Units  
(CAN AG 8)  
Degree Appropriate, CSU  
54 hours of lecture.  
The basic horticulture skills and techniques for use in gardening, nursery, and landscape applications. Emphasis on propagation, cultural practices, and the study of plant relationships, structure, growth and development.

**AGOR 2 — Plant Propagation/Greenhouse Management**  
3 Units  
(CAN AG 10)  
Degree Appropriate, CSU  
36 hours of lecture.  
54 hours of lab.  
Plant propagation and production practices with emphasis on florists’ plants, woody ornamentals and fruits. Commercial techniques include seed propagation, cuttings, grafting and budding, layering, fern sporing and division. Stresses greenhouses and other environmental structures for plant propagation and production.

**AGOR 4 — Park Management**  
3 Units  
Degree Appropriate, CSU  
54 hours of lecture.  
Management and operation of municipal park departments. Includes the development of budgets, purchasing, park policies, planning and scheduling.

**AGOR 5 — Park Facilities**  
3 Units  
Degree Appropriate, CSU  
54 hours of lecture.  
Management and operation of different types of park facilities. Includes the management of sports fields, recreation centers, campgrounds, aquatic facilities and golf courses.
AGOR 13 — Landscape Design 3 Units
36 hours of lecture.  Degree Appropriate, CSU
54 hours of lab.
Fundamentals and implementation of landscape design. Principles of design, the design process, drafting, graphics, site evaluation, landscaping materials, and plant usage. Projects emphasize residential and small commercial sites.

AGOR 15 — Interior Landscaping 3 Units
Fall Semester  Degree Appropriate (May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Design, installation and maintenance practices used in interior landscaping. Includes identification, culture and care of plants suitable for interior use.

AGOR 24 — Integrated Pest Management 3 Units
36 hours of lecture.  Degree Appropriate, CSU
54 hours of lab.
Identifies common agricultural pests in Southern California and analyzes physical, biological and chemical pest control principles and practices. Stress uses, safety, equipment, laws, and regulations of pesticides.

AGOR 29 — Ornamental Plants – Herbaceous 3 Units
(CAN AG 18)  Degree Appropriate, CSU, UC
36 hours of lecture.
Identification, growth habits, culture and ornamental use of landscape annuals, biennials, perennials, ferns, indoor plants, ground covers and vines adapted to climates of California. Plants emphasized will come from the California Association of Nurserymen (CAN) and California Landscape Contractors Association (CLCA) certification test plant lists.

AGOR 30 — Ornamental Plants – Trees and Woody Shrubs 3 Units
(CAN AG 19)  Degree Appropriate, CSU, UC
36 hours of lecture.
Identification, growth habits, culture and ornamental use of landscape trees and shrubs adapted to climates of California. Plants emphasized will come from the California Association of Nurserymen (CAN) and California Landscape Contractors Association (CLCA) certification test plant lists.

AGOR 32 — Landscaping and Nursery Management 3 Units
Fall Semester  Degree Appropriate, CSU
54 hours of lecture.
Operation and management of wholesale and retail nurseries. Includes site location and layout of areas; greenhouse management; soil mixes and proper use of fertilizers, insecticides, fungicides, herbicides and growth regulators; irrigation; mechanization; financing; personnel management; retail displays, advertising and customer relationships; federal, state and local laws and regulations. Field trips are included.

AGOR 53 — Small Engine Repair I 3 Units
Degree Appropriate, CSU
36 hours of lecture.
Principles and repair of small engines used in landscape, industrial and agricultural applications. Includes repairs of ride-on lawn mowers, chainsaws, 2-cycle engine, 4-cycle engine, spraying equipment, all-terrain vehicles, and other related gas-powered equipment.

AGOR 54 — Small Engine Repair II 3 Units
Degree Appropriate, CSU
36 hours of lecture.
Advanced repair and maintenance of mid-horsepower gasoline and diesel engines. Multi-cylinder air- and water-cooled engines used in landscape, industrial and agricultural applications. Repair of ride-on mowers, generator engines, air compressor engines, 2-cycle and 4-cycle engines, spraying equipment, all-terrain vehicles, and other related gas-powered equipment. Students gain actual hands-on experience maintaining and overhauling engines.
**Course Descriptions**

**AGOR 55 — Diesel Engine Repair** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Repair and maintenance of diesel engines used to power industrial, landscape and agricultural equipment. Students gain actual hands-on experience maintaining, servicing, and repairing diesel engines.

**AGOR 56 — Engine Diagnostics** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Analysis and evaluation of tractor power failure. Students gain actual experience in the proper diagnostic procedures of power equipment. Service, maintenance and repair of tractor electrical systems: electrical wiring, voltage regulators, generators, alternators, switches, gauges, batteries and test equipment.

**AGOR 57 — Power Train Repair** 3 Units  
Degree Appropriate  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Service, maintenance, and repair of power trains. Students gain experience in the proper diagnostic procedures of power equipment. Students gain hands-on experience in the proper diagnostic procedures of power equipment.

**AGOR 62 — Landscape Irrigation – Design and Installation** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Design and application of turf and ornamental irrigation systems. Design techniques, sprinkler system components and hydraulic principles used in nursery management, interior design, residential and commercial landscaping. Special emphasis is given to water conservation incorporating controlled flow technologies.

**AGOR 63 — Landscape Irrigation Systems Management** 3 Units  
Degree Appropriate  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Advisory: Eligibility for ENGL 68  
A systematic approach to water conservation in the landscape. Repair techniques that will allow a current system to efficiently operate to its initial design. Troubleshooting procedures including field testing of valves and controllers. Irrigation efficiency test will be incorporated to demonstrate proper methods of water audits.

**AGOR 64 — Landscape Irrigation – Drip and Low Volume** 3 Units  
Degree Appropriate  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Conservation of water in the landscape by utilization of drip and low-flow irrigation practices. Design, operation and maintenance of drip and low-flow irrigation systems, including determination of irrigation requirements, selection of emitters and low-flow devices, and uniformity of water distribution. Students will gain hands-on experience in design and installation techniques.

**AGOR 65 — Landscape Irrigation – Drip and Low Volume** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Care and management of ornamental trees. Includes pruning techniques, fruit tree care, bracing, cabling, and pest control. Safe practices in the use of equipment including the use of ropes, chippers, boom trucks, chain saws, and identification and evaluation of common trees. Prepares students for the arborist certification exams.

**AGOR 66 — Landscape Irrigation – Drip and Low Volume** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Care and management of ornamental trees. Includes pruning techniques, fruit tree care, bracing, cabling, and pest control. Safe practices in the use of equipment including the use of ropes, chippers, boom trucks, chain saws, and identification and evaluation of common trees. Prepares students for the arborist certification exams.

**AGOR 69 — Landscape Irrigation – Drip and Low Volume** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Care and management of ornamental trees. Includes pruning techniques, fruit tree care, bracing, cabling, and pest control. Safe practices in the use of equipment including the use of ropes, chippers, boom trucks, chain saws, and identification and evaluation of common trees. Prepares students for the arborist certification exams.

**AGOR 70 — Landscape Irrigation – Drip and Low Volume** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Care and management of ornamental trees. Includes pruning techniques, fruit tree care, bracing, cabling, and pest control. Safe practices in the use of equipment including the use of ropes, chippers, boom trucks, chain saws, and identification and evaluation of common trees. Prepares students for the arborist certification exams.

**AGOR 71 — Landscape Construction Fundamentals** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Fundamentals of construction techniques and tools used in landscaping. Students will gain skills in construction projects that include utilities (gas, water, electricity), woodworking, masonry and surveying techniques applied to landscaping.

**AGOR 72 — Landscape Hardscape Applications** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Landscape construction pertaining to all hardscape features. Course covers estimation and installation of fences, walls, planters, patios, lighting, barbecues, gazebos, decks, ponds, spas, fountains and pools. Students will gain hands-on experience in the laboratory activities.

**AGOR 73 — Landscaping Laws, Contracting, and Estimating** 3 Units  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of lecture.  
Prerequisite: Eligibility for ENGL 68  
Landscape laws, contracting, and estimating as it pertains to Landscape Construction. Information covered will be helpful for the licensing exam administered by the state of California C-27 classification. Students will gain hands-on experience of contracting and running a business.

**AGOR 74 — Urban Arboriculture** 3 Units  
Degree Appropriate  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
This course is designed to be taken by students who are interested in the field of urban arboriculture. The course covers the principles of tree care, including planting, pruning, and disease management. Students will gain hands-on experience in the field through practical training and coursework.

**AGOR 75 — Work Experience in Nursery Operations** 1 Unit  
(May be taken for Credit/No Credit only.)  
Degree Appropriate  
54 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.

This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

**AGOR 76 — Work Experience in Nursery Operations** 2 Units  
(May be taken for Credit/No Credit only.)  
Degree Appropriate  
150 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.

This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

**AGOR 77 — Work Experience in Nursery Operations** 3 Units  
(May be taken for Credit/No Credit only.)  
Degree Appropriate  
225 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.

This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

**AGOR 78 — Work Experience in Nursery Operations** 4 Units  
(May be taken for Credit/No Credit only.)  
Degree Appropriate  
300 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.
This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

### Course Descriptions

- **AIRC 20** - Refrigeration Fundamentals
  - Describes principles of mechanical refrigeration based on the refrigeration cycle and associated mechanical components. Develops skills for interpreting service gauge pressures and sensible temperatures, system dehyration techniques, and the safe handling and containment of refrigerants.
  - 36 hours of lecture. Degree Appropriate

- **AGPE 76** - Aviculture – Cage and Aviary Birds
  - Presents cage and aviary birds marketed in the wholesale and retail pet trade, including identification, nutrition, breeding, disease prevention and control, aviary construction and providing the proper environment. Includes information on psittacines, soft bills, finches, game birds, poultry and ornamental waterfowl.
  - 54 hours of lecture. Degree Appropriate
Course Descriptions

AIRC 34 — Advanced Mechanical Refrigeration  4 Units
54 hours of lecture.  Degree Appropriate
54 hours of lab.
Advisory:  AIRC 31, AIRC 32A, AIRC 32B taken prior
Advanced principles of mechanical air conditioning and refrigeration
based on operating characteristics of equipment and the
interpretation of the pressure-enthalpy chart. Advanced technical
aspects of mechanical components will be explored to include
compressors, metering devices, pressure regulators, capacity controls,
and defrost methods.

AIRC 37 — Pneumatic Controls  2 Units
27 hours of lecture.  Degree Appropriate
27 hours of lab.
Advisory:  AIRC 20 taken prior
Pneumatic controls including thermostats, valves, receiver controllers
and dampers applied to various commercial air conditioning and
refrigeration systems.

AIRC 39 — Building Automation Systems  4 Units
54 hours of lecture.  Degree Appropriate
54 hours of lab.
Advisory:  AIRC 32A, AIRC 32B taken prior
Principles of building automation systems applied to air conditioning
systems, chiller plant operation, and air distribution. Includes the
application of variable air volume, constant air systems, multizone systems
and controlled devices used in automated air conditioning systems.
Emphasis on programming strategies applied to mechanical trainers.

AIRC 95 — Work Experience in Air Conditioning and Refrigeration  1 Unit
(May be taken four times for credit.)  Non-Degree Credit
75 hours of lab.
Prerequisite: Approval of college Work Experience supervisor and
compliance with Work Experience regulations as designated in the
College Catalog
This course is designed to combine actual job experience in Air
Conditioning & Refrigeration with related classroom instruction. This work
experience may be during a regular semester or during a summer session. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AIRC 96 — Work Experience in Air Conditioning and Refrigeration  2 Units
(May be taken four times for credit.)  Non-Degree Credit
150 hours of lab.
Prerequisite: Approval of college Work Experience supervisor and
compliance with Work Experience regulations as designated in the
College Catalog
This course is designed to combine actual job experience in Air
Conditioning & Refrigeration with related classroom instruction. This work
experience may be during a regular semester or during a summer session. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AIRC 98 — Work Experience in Air Conditioning and Refrigeration  4 Units
(May be taken four times for credit.)  Non-Degree Credit
300 hours of lab.
Prerequisite: Approval of college Work Experience supervisor and
compliance with Work Experience regulations as designated in the
College Catalog
This course is designed to combine actual job experience in Air
Conditioning & Refrigeration with related classroom instruction. This work
experience may be during a regular semester or during a summer session. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AIRC 99 — Work Experience in Air Conditioning and Refrigeration  2 Units
(May be taken four times for credit.)  Non-Degree Credit
150 hours of lab.
Prerequisite: Approval of college Work Experience supervisor and
compliance with Work Experience regulations as designated in the
College Catalog
This course is designed to combine actual job experience in Air
Conditioning & Refrigeration with related classroom instruction. This work
experience may be during a regular semester or during a summer session. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AIR TRAFFIC CONTROL

AIRT 41 — Aircraft Recognition and Performance  2 Units
36 hours of lecture.  Degree Appropriate, CSU
Advisory:  AERO 23
Recognition of distinctive identification features of operational aircraft
and their performance characteristics. Classification of aircraft by Federal
Aviation Administration designations.

AIRT 42 — Air Traffic Control Environment  3 Units
Fall Semester  Degree Appropriate, CSU
54 hours of lecture.
Advisory:  AIRT 23 and TRAN 17
Aircraft operation in the National Airspace System. Control tower
operations, terminal and enroute radar control. Coordination and control
within an ATC team environment. Radio communication techniques and
phraseology. Non-radar control and separation procedures.

AIRT 43 — Air Traffic Control Team Skills  1.5 Units
Spring Semester  Degree Appropriate, CSU
27 hours of lecture.
Advisory:  AIRT 42
Team building skills for aviation professionals, with emphasis on air
traffic control scenarios. Control tower simulations, including
communication and conflict resolution. Coordination and control of air
traffic utilizing FAA standards and interpersonal team skills.

AIRT 44 — Flight Services  3 Units
54 hours of lecture.  Degree Appropriate, CSU
Advisory:  AERO 23, AERO 29
Air traffic control procedures utilized in providing flight assistance and
communication services. Air traffic pilot briefings, emergency
procedures, flight handling, search and rescue, and introduction to data
transmission procedures and services.

AIRT 47 — Work Experience in Air Traffic Control  1 Unit
(May be taken four times for credit.)  Degree Appropriate
18 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
On-the-job experience in an approved FAA work station. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

AIRT 51 — Air Traffic Control Laboratory  1 Unit
54 hours of lab.  Degree Appropriate
Advisory:  AERO 23, AERO 26, AERO 29
Concepts, procedures, and skills related to air traffic control. Microphone
technique, voice control, phraseology, facility and interfacility
coordination, strip markings, airport traffic control, weather observing,
and control tower functions.

**Course Descriptions**

### AIRM 55 — Terminal Radar Approach Control Laboratory
1 Unit
(May be taken two times for credit.) Degree Appropriate
54 hours of lab.
Advisory: AIRT 51 and AERO 30 taken prior or concurrently
Simulation of a radar approach control facility concentrating on approach and departure procedures using appropriate phraseology, flight progress strip markings and radar separation standards. Students who repeat this course will improve skills through further instruction and practice.

### AIRCRAFT MAINTENANCE TECHNOLOGY

**AIRM 65A** — Aircraft Powerplant Maintenance Technology
12 Units
Fall Semester
Degree Appropriate, CSU
108 hours of lecture.
324 hours of lab.
Advisory: AIRM 70A, AIRM 71
Continuation of Aircraft Powerplant Maintenance Technology 65A, focusing on reciprocating engine systems and components. Approved by the FAA and required for the Airframe & Aircraft Powerplant Maintenance Technology Major.

**AIRM 65B** — Aircraft Powerplant Maintenance Technology
12 Units
Spring Semester
Degree Appropriate
108 hours of lecture.
324 hours of lab.
Advisory: AIRM 70B, AIRM 72, AIRM 73
Continuation of Aircraft Powerplant Maintenance Technology 65A, focusing on reciprocating engine systems and components. Approved by the FAA and required for the Airframe & Aircraft Powerplant Maintenance Technology Major.

**AIRM 66A** — Airframe Maintenance Technology
12 Units
Fall Semester
Degree Appropriate, CSU
108 hours of lecture.
324 hours of lab.
Advisory: AIRM 70A, AIRM 71
Theory and maintenance of aircraft powerplant including systems and components. Approved by the FAA and required for the Airframe & Aircraft Powerplant Maintenance Technology Major.

**AIRM 66B** — Airframe Maintenance Technology
12 Units
Spring Semester
Degree Appropriate
108 hours of lecture.
324 hours of lab.
Advisory: AIRM 70B, AIRM 72, AIRM 73
Continuation of Airframe Maintenance Technology 66A, focusing on airflow systems and components. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

**AIRM 70A** — Aircraft Maintenance Electricity and Electronics
3 Units
108 hours of lecture.
72 hours of lab.
Advisory: AIRM 71
Basic electrical theory including units, terminology, applications of Ohm’s Law in series and parallel circuits, nickel cadmium and lead acid storage batteries, generators and related control circuits, electrical wiring practical measuring instruments construction and use. Approved by the FAA and required for the Airframe & Aircraft Powerplant Maintenance Technology Major.

**AIRM 70B** — Aircraft Maintenance Electricity and Electronics
3 Units
36 hours of lecture.
72 hours of lab.
Advisory: AIRM 72, AIRM 73 (May be taken concurrently)
Basic principles of alternating current, terminology, units and circuit arrangements, alternators, inverters and related controls, derating of switches and circuit breakers, capacitors, inductors, transistors, cathode ray tube electronics, microprocessors, computers, power distribution systems for large aircraft. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

**AIRM 71** — Aviation Maintenance Science
6 Units
108 hours of lecture.
Degree Appropriate
Federal aviation regulations, interpretation of aircraft drawings, basic physics, technical mathematics, and aircraft weight and balance. FAA approved course required of all aircraft powerplant and airframe maintenance technology majors.

**AIRM 72** — Aviation Materials and Processes
1.5 Units
18 hours of lecture.
36 hours of lab.
Advisory: AIRM 70B, AIRM 73
Aviation materials, non-destructive testing, basic heat-treating and introduction to machine tool operation. Approved by the FAA and required for the Airframe & Aircraft Powerplant Maintenance Technology Major.

**AIRM 73** — Aviation Welding
1.5 Units
18 hours of lecture.
36 hours of lab.
Advisory: AIRM 70B, AIRM 72 (May be taken concurrently)
Theory and techniques of arc welding as they apply to aircraft construction and repair. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

**AIRM 74** — Aircraft Maintenance Technology – Work Experience
2 Units
(May be taken for Credit/No Credit only.) 90 hours of lab.
Prerequisite: AIRM 65A and AIRM 65B or AIRM 66A and AIRM 66B
Combines aircraft maintenance experience in addition to classroom instruction for college credit. Two units of credit will be earned as a result of 120 unpaid work hours. The employer/evaluator will have the student perform aircraft maintenance work under direct supervision at a maintenance facility.

**AIRM 80** — Lab Studies in Aircraft Maintenance Technology
.5 Unit
(May be taken four times for credit.) Degree Appropriate
27 hours of lab.
Advisory: AIRM 65 A/B, or AIRM 66 A/B, or AIRM 90-93 A/B, or AIRM 95-98 A/B, or equivalent
Additional lab instruction for students lacking FAA required hours to complete a training certificate or required remediation of program modules or completion of laboratory assignments. Students who repeat this course will improve skills through further instruction and practice.

**AIRM 81** — Lab Studies in Aircraft Maintenance Technology
1 Unit
(May be taken four times for credit.) Non-Degree Credit
54 hours of lab.
Additional lab instruction for students lacking FAA required hours to complete a training certificate or required remediation of program modules or completion of laboratory assignments. Students who repeat this course will improve skills through further instruction and practice.

**AIRM 90A** — Airframe Maintenance Technology
3 Units
Spring Semester
Degree Appropriate
180 hours of lecture.
72 hours of lab.
Advisory: AIRM 70A, AIRM 70B, AIRM 71, AIRM 72, AIRM 73
Aircraft flight and flight control. Construction methods and procedures. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

**AIRM 90B** — Airframe Maintenance Technology
3 Units
Spring Semester
Degree Appropriate
180 hours of lecture.
72 hours of lab.
Advisory: AIRM 70A, AIRM 70B, AIRM 71, AIRM 72, AIRM 73
Aircraft structural designs, station numbers, aviation nomenclature and definitions. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

**AIRM 91A** — Airframe Maintenance Technology
3 Units
Fall Semester
Degree Appropriate
180 hours of lecture.
72 hours of lab.
Advisory: AIRM 70A, AIRM 70B, AIRM 71, AIRM 72, AIRM 73
Aircraft wood structures, their coverings and finishes. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

### WORK EXPERIENCE

Combines aircraft maintenance experience in addition to classroom instruction for college credit. Two units of credit will be earned as a result of 120 unpaid work hours. The employer/evaluator will have the student perform aircraft maintenance work under direct supervision at a maintenance facility.

**AIRM 80** — Lab Studies in Aircraft Maintenance Technology
.5 Unit
(May be taken four times for credit.) Degree Appropriate
27 hours of lab.
Advisory: AIRM 65 A/B, or AIRM 66 A/B, or AIRM 90-93 A/B, or AIRM 95-98 A/B, or equivalent
Additional lab instruction for students lacking FAA required hours to complete a training certificate or required remediation of program modules or completion of laboratory assignments. Students who repeat this course will improve skills through further instruction and practice.

**AIRM 81** — Lab Studies in Aircraft Maintenance Technology
1 Unit
(May be taken four times for credit.) Non-Degree Credit
54 hours of lab.
Additional lab instruction for students lacking FAA required hours to complete a training certificate or required remediation of program modules or completion of laboratory assignments. Students who repeat this course will improve skills through further instruction and practice.

**AIRM 90A** — Airframe Maintenance Technology
3 Units
Spring Semester
Degree Appropriate
180 hours of lecture.
72 hours of lab.
Advisory: AIRM 70A, AIRM 70B, AIRM 71, AIRM 72, AIRM 73
Aircraft flight and flight control. Construction methods and procedures. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

**AIRM 90B** — Airframe Maintenance Technology
3 Units
Spring Semester
Degree Appropriate
180 hours of lecture.
72 hours of lab.
Advisory: AIRM 70A, AIRM 70B, AIRM 71, AIRM 72, AIRM 73
Aircraft structural designs, station numbers, aviation nomenclature and definitions. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

**AIRM 91A** — Airframe Maintenance Technology
3 Units
Fall Semester
Degree Appropriate
180 hours of lecture.
72 hours of lab.
Advisory: AIRM 70A, AIRM 70B, AIRM 71, AIRM 72, AIRM 73
Aircraft wood structures, their coverings and finishes. Approved by the FAA and required for the Airframe and Aircraft Powerplant Maintenance Technology Major.

Mount San Antonio College
Mt. San Antonio College
Catalog 2006-07
AD 6 — Dual Diagnosis 3 Units
54 hours of lecture. Degree Appropriate, CSU
Overview of the complex interactions of mental disorders and chemical dependency. Reviews and examines the key areas involving dual diagnosis: definition, diagnosis, treatment and aftercare.

AD 8 — Group Process and Leadership 3 Units
54 hours of lecture. Degree Appropriate
Advisory: AD 1, AD 2, AD 3 taken prior and AD 4, AD 5, AD 6 taken prior or concurrently
Introduces the theory and practice of group therapy, the group process and dynamics of group interaction, and the functions of the counselor as facilitator. Emphasizes the group process as a method of change.

AD 9 — Family Counseling 3 Units
54 hours of lecture. Degree Appropriate
Advisory: AD 1, AD 2, AD 3 taken prior and AD 4, AD 5, AD 6 taken prior or concurrently
Explores methods of assisting others who are significant in the lives of chemically dependent persons. Examines the ideas and dynamics of those relationships and develops strategies for the counselor. Participates in exercises leading to the development of counseling skills.

AD 10 — Client Record and Documentation 1.5 Units
Spring Semester Degree Appropriate
27 hours of lecture.
Advisory: AD 1, AD 2, AD 3 taken prior and AD 4, AD 5, AD 6 taken prior or concurrently
Presents a comprehensive overview of the components, areas of responsibilities, and methods of documentation in the patient/client's medical record as required by federal, state, county, and private regulatory bodies. The course is designed to teach the training needs of persons who will be working in chemical dependency programs. Special emphasis is directed to the formulation and development of the written clinical treatment plan based on the written intake of psychosocial history.

AD 11 — Techniques of Intervention and Referral 3 Units
54 hours of lecture. Degree Appropriate
Advisory: AD 1, AD 2, AD 3 taken prior and AD 4, AD 5, AD 6 taken prior or concurrently
Study and practice techniques used for crisis and beginning counseling, intake interviewing and referral. Using an experiential format, participants will learn and practice skills in attentive listening, recognizing and responding to different levels of client communication.

AD 13 — Internship/Seminar 3.5 Units
(May be taken for Credit/No Credit only.) Degree Appropriate, CSU
27 hours of lecture.
126 hours of lab.
Advisory: AD 1, AD 2, AD 3, AD 4, AD 5, AD 6, and six units of Restricted Electives taken prior and AD 8, AD 9, AD 10, AD 11 taken prior or concurrently
The first of a two-semester sequence which places students in Alcohol/Drug Abuse agencies and organizations. This first semester emphasizes growth in self-awareness and professionalism, interviewing skills and group process skills.

AD 14 — Advanced Internship/Seminar 3.5 Units
(May be taken for Credit/No Credit only.) Degree Appropriate, CSU
27 hours of lecture.
126 hours of lab.
Advisory: AD 10 and AD 13
The second of a two-semester sequence in which the student applies the values, concepts and skills gained from previous courses to the actual process of helping chemically dependent persons.

AMERICAN LANGUAGE

AMLA 31R — American Language Basic Reading 4 Units
(May be taken two times for credit.) Pre-Collegiate
72 hours of lecture.
Advisory: Completion of AMLA 31R or noncredit ESL level 4
Basic reading and vocabulary for non-native speakers. Students who repeat this course will improve skills through further instruction and practice.

AMLA 32R — American Language Intermediate Reading 4 Units
(May be taken two times for credit.) Pre-Collegiate
72 hours of lecture.
Advisory: Completion of AMLA 31R or successful completion of ESL levels 5 or 6 or VESL
Intermediate reading and vocabulary for non-native speakers. Students who repeat this course will improve skills through further instruction and practice.

AMLA 33R — American Language Advanced Reading 4 Units
(May be taken two times for credit.) Pre-Collegiate
72 hours of lecture.
Advisory: Completion of AMLA 32R or successful completion of ESL levels 5 or 6 or VESL
Advanced reading and vocabulary for non-native speakers. Students who repeat this course will improve skills through further instruction and practice.

AMLA 41W — American Language Basic Writing 4 Units
(May be taken two times for credit.) Pre-Collegiate
72 hours of lecture.
Prerequisite: Satisfactory score on the English Placement Test or successful completion of noncredit ESL level 4
Basic grammar and writing for non-native speakers. Students who repeat this course will improve skills through further instruction and practice.

AMLA 42W — American Language Intermediate Writing 4 Units
(May be taken two times for credit.) Pre-Collegiate
72 hours of lecture.
Prerequisite: Satisfactory score on the English Placement Test or successful completion of AMLA 41W or noncredit ESL level 5 or 6 or VESL
Advisory: AMLA 32R taken prior or concurrently
Intermediate grammar and writing for non-native speakers. Students who repeat this course will improve skills through further instruction and practice.

AMLA 43W — American Language Advanced Writing 4 Units
(May be taken two times for credit.) Pre-Collegiate
72 hours of lecture.
Prerequisite: Satisfactory score on the English Placement Test or successful completion of AMLA 42W
Advisory: AMLA 33R taken prior or concurrently
Advanced grammar and writing for non-native speakers. Students who repeat this course will improve skills through further instruction and practice.

AMLA 50 — American Language Speaking 3 Units
(May be taken two times for credit.) Pre-Collegiate
54 hours of lecture.
Develops intermediate speaking and listening skills for non-native speakers. Concentration is on pronunciation. Students who repeat this course will improve skills through further instruction and practice.

AMLA 53 — American Language Speaking 3 Units
Pre-Collegiate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Develops advanced speaking and listening skills for non-native speakers. Concentrates on formal and informal communication.

AMLA 56 — American Language Nouns and Articles 1 Unit
Pre-Collegiate
(May be taken two times for credit.)
18 hours of lecture.
Concentrates on count and non-count nouns, article usage and other determiners for non-native learners of English. Writing practice and exercises will emphasize correct usage of these structures in writing and speaking. Students who repeat this course will improve skills through further instruction and practice.
**Course Descriptions**

**AMLA 57 — American Language Verb Review I** 1 Unit  
(May be taken two times for credit.) Pre-Collegiate  
(May be taken for option of letter grade or Credit/No Credit.)  
18 hours of lecture.  
Concentrates on verb tense, form, and use for non-native learners of English. Practice in present, past, and future verb tense forms, meaning, and use in both spoken and written English, with special emphasis on writing for college courses. Students who repeat this course will improve their skills through further instruction and practice.  

**AMLA 58 — American Language Verb Review II** 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
18 hours of lecture.  
Advanced work on modals, passive voice, passive modals, and conditionals for non-native English students. Exercises and writing practice will emphasize improved verb usage in writing. Students who repeat this course will improve their skills through further instruction and practice.  

**AMLA 59 — American Language Prepositions** 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
18 hours of lecture.  
Designed to help non-native learners of English practice their use of prepositions in spoken and written English. Students will analyze prepositions and idiomatic expressions through reading and will apply their knowledge to written work. Students who repeat this course will improve skills through further instruction and practice.  

**AMLA 60 — American Language Verb Review III** 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
18 hours of lecture.  
Advanced work on gerunds, infinitives and participles for non-native English students. Exercises and writing practice will emphasize improved verbal usage in writing. Students who repeat this course will improve skills through further instruction and practice.  

**AMLA 61 — American Language Word Forms** 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
18 hours of lecture.  
Helps non-native speakers of English practice noun, verb, adjective and adverb word forms in spoken and written English. Students who repeat the course will improve skills by further instruction and practice.  

**ANATOMY & PHYSIOLOGY**

**ANAT 10A — Introductory Human Anatomy** 4 Units  
54 hours of lecture. Degree Appropriate, CSU, UC  
A systematic study of the macroscopic and microscopic structures of the human body. Emphasis on cell structures, skeletal, muscular, respiratory, circulatory, nervous, digestive, excretory, endocrine, and reproductive systems.  

**ANAT 10B — Introductory Human Physiology** 4 Units  
54 hours of lecture. Degree Appropriate, CSU, UC  
Prerequisite: ANAT 10A  
An integrated study of the function of and interaction between the skeletal, muscular, respiratory, circulatory, nervous, digestive, excretory (including electrolyte and acid-base balance), endocrine, and reproductive systems (including human genetics and embryology).  

**ANAT 35 — Human Anatomy** 5 Units  
Degree Appropriate, CSU, UC  
(CAN BIOL10)  
ANAT 35+36 = CAN BIOL SEQ B  
54 hours of lecture.  
Structure of the organ systems at the gross, subgross, and microscopic levels based on human material and dissection of the cat. Designed to serve as an introduction to vertebrate embryology.  

**ANAT 36 — Human Physiology** 5 Units  
Degree Appropriate, CSU, UC  
(CAN BIOL12)  
ANAT 35+36 = CAN BIOL SEQ B  
54 hours of lecture.  
108 hours of lab.  
Prerequisite: ANAT 10A and CHEM 10 or CHEM 40 or one year of high school chemistry  
Extensive study of human physiology at the cellular and molecular levels covering muscular, nervous, circulatory, respiratory, renal, digestive, endocrine, and reproductive systems. Includes regulation and integration of organ systems where appropriate.  

**ANTH 1 — Biological Anthropology** 3 Units  
Degree Appropriate, CSU, UC  
(CAN ANTH 2)  
54 hours of lecture.  
Prerequisite: Eligibility for ENGL 68  
The evolutionary biology of primates with particular emphasis on hominid evolution and behavior. The genetic and evolutionary mechanisms underlying evolution, human variation, primate field studies, and the hominid paleontological record are stressed.  

**ANTH 1H — Biological Anthropology – Honors** 3 Units  
Degree Appropriate, CSU, UC  
54 hours of lecture.  
Prerequisite: Acceptance into the Honors Program  
The evolutionary biology of primates with particular emphasis on hominid evolution and behavior. The genetic and evolutionary mechanisms underlying evolution, human variation, primate field studies, and the hominid paleontological record are stressed. This enriched course is designed for the honors program allowing, for example, more student directed discussions and more extensive writing assignments. Students may not receive credit for both ANTH 1 and ANTH 1H.  

**ANTH 2 — Archaeology** 3 Units  
Degree Appropriate, CSU, UC  
(CAN ANTH 6)  
54 hours of lab.  
Prerequisite: Eligibility for ENGL 68  
Introduction to the aims, methods and ethics of archaeological research and their application to the archaeological record, in contrast to popular depictions of archaeology. Topics include the evolution of culture from the earliest stone toolmakers to the primary civilizations of the Old and New Worlds, with emphasis on the invention and spread of agriculture and the impact of this change on prehistoric cultures.  

**ANTH 3 — Principles of Cultural Anthropology** 3 Units  
Degree Appropriate, CSU, UC  
(CAN ANTH 4)  
54 hours of lecture.  
The anthropological approach to the study of human behavior from a cross cultural, comparative, and an evolutionary perspective. An exploration into the languages, economics, sociopolitical systems, religions, and world views of diverse world cultures. A technical presentation is stressed as this course is designed for Social Sciences majors.  

**ANTH 5 — General Cultural Anthropology** 3 Units  
Degree Appropriate, CSU, UC  
54 hours of lecture.  
An introductory course to explore the nature of culture and how cultural anthropologists study cultural phenomena such as: language, personality, subsistence, economics, social and political organization, marriage, kinship systems, religion, the arts, and culture change. A substantial amount of case material will be drawn from at least three of the following: African Americans, indigenous peoples of the United States, Asian Americans, Chicano/Latino Americans, and European Americans. This course may meet the cultural diversity requirement at transfer universities.

**Course Descriptions**

**ANTH 30 — The Native American**  3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Surveys the prehistory and history of Native Americans. An overview of the classification system used to organize particular groups into culture areas related to adaptive strategies. Identification of world contributions and contemporary issues for modern Native Americans.

**ANTH 99 — Special Projects in Anthropology**  2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
36 hours of lecture.
To offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.

</table>

Analysis and preparation of architectural presentation projects, including schematic and final design, architectural models, oral presentation techniques, board layouts using hand-drawn and computer-aided techniques, and development of project portfolio.

**ARCH 26 — Architectural CAD Working Drawings**  3 Units
(May be taken three times for credit.) Degree Appropriate, CSU
72 hours of lecture.
Advisory: ARCH 15, ARCH 16 or equivalent experience
Advanced architectural CAD drawings. Portfolio of working drawing and presentation applications of integrated 2-D and 3-D CAD models will be produced. Students who repeat this course will improve skills through further instruction and practice.

**ARCH 27 — Design III – Environmental Design**  3 Units
36 hours of lecture. Degree Appropriate, CSU, UC
72 hours of lab.
Advisory: ARCH 21, ARCH 23 or equivalent experience
Application of theory and principles of environmental design as applied to architecture, landscape architecture, urban design, urban planning and (civil) engineering. Portfolio will be produced.

**ARCH 28 — Architectural CAD 3-D Illustration and Animation**  3 Units
(May be taken three times for credit.) Degree Appropriate, CSU
36 hours of lecture. 72 hours of lab.
Advisory: ARCH 18 or equivalent experience
Intermediate to advanced architectural CAD in 3-D illustration, rendering and animation. Virtual “walk-through” and “fly-through” of interior/exterior 3-D models with photo-realistic materials and lighting will be produced. Students who repeat this course will improve skills through further instruction and practice.

**ARCH 29 — Design IV – Advanced Project**  3 Units
(May be taken two times for credit.) Degree Appropriate, CSU
36 hours of lecture. 72 hours of lab.
Advisory: ARCH 23, ARCH 27 or equivalent experience
Advanced design seminars and complex building design projects in architecture, including portfolio development. Students who repeat this course will improve skills through further instruction and practice.

**ARCH 31 — World Architecture I**  3 Units
54 hours of lecture. Degree Appropriate, CSU
Development of architecture including ancient Egypt, Europe through the Middle Ages, and classic civilizations of Asia and the Americas. Influence of geography, religion, and socio-economic movements on architecture.
Course Descriptions

ARCH 32 — World Architecture II 3 Units
54 hours of lecture. Degree Appropriate, CSU
Development of modern architecture from the Renaissance to the present day. Influence of environment, religion and socio-economic movements on architecture.

ARCH 89 — Architectural Work Experience (May be taken four times for credit.) 1 Unit
(May be taken for Credit/No Credit only.) 75 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
This course is designed to provide actual on-the-job experience in architecture at an approved work site which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. This course is available to students achieving a minimum of 12 units in architecture. Students who repeat this course will improve skills through further instruction and practice.

ARCH 90 — Architectural Work Experience (May be taken four times for credit.) 2 Units
(May be taken for Credit/No Credit only.) 150 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
This course is designed to provide actual on-the-job experience in architecture at an approved work site which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. This course is available to students achieving a minimum of 12 units in architecture. Students who repeat this course will improve skills through further instruction and practice.

ART HISTORY

AHIS 1 — Understanding the Visual Arts Formerly ARTA 3 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Fundamentals of visual art forms and the role art plays in various historical periods and cultures. Students may not earn credit for both AHIS 1 and ARTB 1.

AHIS 1H — Understanding the Visual Arts — Honors Formerly ARTA 3H 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
Fundamentals of visual art forms and the role art plays in various historical periods and cultures. An honors course designed to provide an enriched experience. Students may not receive credit for both AHIS 1 (formerly ARTA 1) and AHIS 1H.

AHIS 2 — Topics in Visual Art and Culture Formerly ARTA 4 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Advisory: Eligibility for ENGL 1A
A thematic introduction to selected works of art and visual culture, providing a framework for understanding the relationship between art and society and the differing ways art can be viewed. A global and/or interdisciplinary approach will be taken. Topics will vary with instructor.

AHIS 2H — Topics in Visual Art and Culture — Honors Formerly ARTA 4H 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
A thematic introduction to selected works of art and visual culture, providing a framework for understanding the relationship between art and society and the differing ways art can be viewed. A global and/or interdisciplinary approach will be taken. Topics will vary with instructor. An honors course designed to provide an enriched experience. Students may not receive credit for both AHIS 2 (formerly ARTA 2) and AHIS 2H.

AHIS 3 — History of Women and Gender in Art Formerly ARTA 6 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Advisory: Eligibility for ENGL 1A
Survey of the roles of women and gender in cultural creation and production with a focus on the visual arts. A historical and global survey, covering the role of women artists in the history of art and the representation of gender in a variety of cultures and time periods.

AHIS 3H — History of Women and Gender in Art — Honors Formerly ARTA 6H 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
Survey of the roles of women and gender in cultural creation and production with a focus on the visual arts. A historical and global survey, covering the role of women artists in the history of art and the representation of gender in a variety of cultures and time periods. An honors course designed to provide an enriched experience. Students may not receive credit for both AHIS 3 (formerly ARTA 3) and AHIS 3H.

AHIS 4 — History of Western Art: Prehistoric Through Gothic Formerly ARTA 5 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
An examination of Western art from the Prehistoric through Gothic periods, demonstrating the relationship of various visual art forms to each other and to the cultural context in which they were produced.

AHIS 4H — History of Western Art: Prehistoric Through Gothic — Honors Formerly ARTA 5H 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
An examination of Western art from the Prehistoric through Gothic periods, demonstrating the relationship of various visual art forms to each other and to the cultural context in which they were produced.

AHIS 5 — History of Western Art: Renaissance Through Modern Formerly ARTA 8 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Western art from the Renaissance through Modern periods, demonstrating the relationship of various visual art forms to each other and to the cultural context in which they were produced.

AHIS 5H — History of Western Art: Renaissance Through Modern — Honors Formerly ARTA 8H 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Western art from the Renaissance through Modern periods, demonstrating the relationship of various visual art forms to each other and to the cultural context in which they were produced.

AHIS 6 — History of Modern Art Formerly ARTA 9 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Examines the artistic movements, influences, and individuals who have formed the Modern tradition. Emphasis is on the 20th century; the international and multicultural character of Modern art will be explored.

AHIS 6H — History of Modern Art — Honors Formerly ARTA 9H 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Examines the artistic movements, influences, and individuals who have formed the Modern tradition. Emphasis is on the 20th century; the international and multicultural character of Modern art will be explored.

Students who repeat this course will improve skills by further instruction and practice.</td>
</tr>
<tr>
<td>ARTC 161</td>
<td>Graphic Design: Layout</td>
<td>3</td>
<td>72 hours of lab. Prerequisite: ARTC 60. An introduction to the graphic design process with an emphasis on visual communication strategies that explore type and image, layout and design development, and the use of symbols related to the field of advertising and graphic design. The course uses various traditional media and layout design-related software to explore concept utilization and production, visualization, and professional presentation techniques.</td>
</tr>
<tr>
<td>ARTC 165</td>
<td>Illustration</td>
<td>3</td>
<td>72 hours of lab. Corequisite: ARTD 20 or ARTD 15A or ANIM 104 or ARTD 17A or ANIM 101. (May have been taken previously). Introduction to contemporary illustration with an emphasis on story, editorial, and advertising applications. Course covers the proper uses of illustrative rendering techniques in traditional drawing and painting media, paper, and their integration to electronic media. Using professional illustration software, peripherals, and color laser printing, students advance to produce more complex illustrations. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
</tbody>
</table>
## Course Descriptions

### ARTC 171 — Computer Graphics 2: Layout and Design 3 Units
(May be taken two times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.

**Prerequisite:** ARTC 70

An intermediate course in computer graphics that explores design issues in digital imaging systems used in the communication and publishing industry. Introduces page layout, and image processing in preparation of newsletters, brochures, posters, and advertising collateral. Emphasis is placed on clarity of communication, design and technical skills. Software: Adobe Photoshop, QuarkXpress, and Adobe InDesign. Students who repeat this course will improve skills by further instruction and practice.

### ART: ANIMATION

#### ANIM 101 — Drawing — Gesture and Figure 3 Units
(May be taken four times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.

Explores contemporary and traditional approaches to sketching basic objects and the human figure using drawing techniques for rapid visualization. Emphasizes and develops perceptual and technical skills for capturing basic visual mechanics of motion and gesture. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 102 — Sculpture — Gesture 1 Unit
(May be taken four times for credit.) Degree Appropriate
12 hours of lecture.
24 hours of lab.

Development of perceptual and technical skills in gestural sculpture. Emphasis will be on quick sculpting techniques capturing gesture and motion of human and other figures. Explores in sculpture the basic three-dimensional mechanics of motion and gesture. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 104 — Drawing Fundamentals 3 Units
(May be taken two times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.

Emphasizes creative expression through the use of drawing media and techniques. Emphasis is placed on use of light logic, atmospheric and linear perspective. Includes basic drawing skills and methods of achieving compositional integrity through objective analysis and synthesis. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 105 — Two and Three Dimensional Figure Studies 1 Unit
(May be taken four times for credit.) Degree Appropriate
12 hours of lecture.
24 hours of lab.

Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 107 — Figure in Motion 3 Units
(May be taken four times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.

Basic principles of design and composition as applied to layout and newsletter, brochure, poster, and advertising collateral. Emphasis on the study of light logic, atmospheric and design and technical skills. Students who repeat this course will improve skills through further instruction and practice.

#### ARTD 15A or ANIM 104

#### ANIM 108 — Principles of Animation 3 Units
(May be taken four times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.

Fundamental principles of traditional animation mechanics and observing details for the creation of solid, three-dimensional line drawings for animation. Studies effects of the animation environment on the background, characters, and objects in a scene. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 109 — Advanced Principles of Animation 3 Units
(May be taken four times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.

Advanced principles of animation including mechanics of motion, weighted movement, lip sync and expression applied to story, staging, and character development. Focus will be on the animated film process from script to storyboards, timing sheets, key posing, inbetweening and clean up through the completion of a final animation. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 111 — Animal Drawing 1.5 Units
(May be taken two times for credit.) Degree Appropriate
18 hours of lecture.
36 hours of lab.

**Prerequisite:** ARTD 15A or ANIM 4 or ANIM 104

Explores both traditional and contemporary approaches to sketching and drawing animals. Gesture, anatomical structure, proportion, line and movement analysis will be explored. Requires several off-campus field trips. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 115 — Storyboarding 3 Units
(May be taken four times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.

**Prerequisite:** ARTD 15A or ANIM 104

Storyboarding for animation including script, idea and action development. Staging, expression, emotional appeal, camera movement, dialogue and character enhancement, and development will be included. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 116 — Character Development 1.5 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
36 hours of lab.

**Prerequisite:** ARTD 15A or ANIM 104

Techniques for innovation and development of animated characters. Observation of details for drawings of character attitude, personality, movement, posing, point-of-view, dialog/mouth positions, body language, and development of consistent drawing techniques for model sheets. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 117 — Animation Background Layout 3 Units
(May be taken four times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.

**Prerequisite:** ANIM 115 or ARTD 16

Basic principles of design and composition as applied to layout and background design for animation. Drawing and painting techniques exploring rendering, modeling, light logic, perspective, color, space and environments are included. Students who repeat this course will improve skills through further instruction and practice.

#### ANIM 118 — Background Painting 3 Units
(May be taken three times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.

Analysis and production of environments for scenes in animation. Emphasis on the study of light logic and color as they pertain to the creation of atmosphere, mood and environments. Students who repeat this course will improve skills through further instruction and practice.
ANIM 119 — Portfolio 1.5 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
36 hours of lab.
Advisory: ANIM 115 and ANIM 116
Production of a portfolio representative of student interest, strength and
skill for entry into animation fields, professional schools, or
baccalaureate institutions. Selection of work for a portfolio will be
determined by requirements of the animation specialty and institution
to which it is directed. Students who repeat this course will improve
their skills through further instruction and practice.

ANIM 120 — Script Development for Animation 3 Units
(May be taken four times for credit.) Degree Appropriate
54 hours of lecture.
Creative and problem solving processes as applied to story and script
development. Scripts screenplays, live action and animated film, and the
practical application of story adaptation to screenplay. Students who repeat
this course will improve skills through further instruction and practice.

ANIM 130 — Introduction to 3-D Computer Animation 3 Units
(May be taken four times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.
Explores 3-D computer animation interfaces, use of polygons,
perspective views, contouring, links, external processors for special
computer effects, and the Alias MAYA software. 3-D modeling,
rendering, and animation of primitive and complex poly-spline meshes
used in environments, and following a storyboard developed for scene
sequencing are included. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 132 — Modeling, Texture Mapping and Lighting 3 Units
Formerly ANIM 142 Degree Appropriate
36 hours of lecture.
72 hours of lab.
Advisory: ANIM 130
Explores 3-D poly-spline modeling and texture mapping and rendering
for realistic perspective, reflections, transparency, and background and
environmental building using the Alias MAYA software. Includes camera
animation with stage and environmental scenes featuring fly-throughs and
colored lighting effects. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 134 — Visual Effects I: Dynamics 1.5 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
36 hours of lab.
Advisory: ANIM 132 or 142
Advanced course exploring the animation techniques called dynamics.
Covers building material for 3-D objects using bitmaps to create texture
maps and using light effects in 3-D computer environments. Students
who repeat this course will improve skills through further instruction
and practice.

ANIM 135 — Visual Effects II: Particle Systems 1.5 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
36 hours of lab.
Advisory: ANIM 134
Advanced course in the creation of computer animated particle systems
that imitate the natural forces of nature, the physical forces of the
universe and plasma forces of combustion. Students who repeat this
course will improve skills through further instruction and practice.

ANIM 136 — Animation Environment Layout 3 Units
(May be taken four times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.
Advisory: ANIM 132 or ANIM 142
Create computer animated environmental layout of a story to be
animated. Students who repeat this course will improve skills through
further instruction and practice.

ANIM 137A — Work Experience in New Digital Media 1 Unit
(May be taken four times for credit.) Degree Appropriate
75 hours of lab.
Advisory: Completion of the first and second semester of the
Animation Program
This course is designed to provide actual on-the-job experience in
Animation at an approved work site which is related to classroom
instruction. A minimum of five hours per week of supervised work
(60 non-paid clock hours per semester) is required for each one unit of
credit. Students who repeat this course will improve skills through
further instruction and practice.

ANIM 137B — Work Experience in New Digital Media 2 Units
(May be taken four times for credit.) Degree Appropriate
150 hours of lab.
Advisory: Completion of the first and second semester of the
Animation Program
This course is designed to provide actual on-the-job experience in
Animation at an approved work site which is related to classroom
instruction. A minimum of five hours per week of supervised work
(60 non-paid clock hours or 75 paid clock hours per semester) is
required for each one unit of credit. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 137C — Work Experience in New Digital Media 3 Units
(May be taken four times for credit.) Degree Appropriate
225 hours of lab.
Advisory: Completion of the first and second semester of the
Animation Program
This course is designed to provide actual on-the-job experience in
Animation at an approved work site which is related to classroom
instruction. A minimum of five hours per week of supervised work
(60 non-paid clock hours per semester) is required for each one unit of
credit. Students who repeat this course will improve skills through
further instruction and practice.

ANIM 137D — Work Experience in New Digital Media 4 Units
(May be taken four times for credit.) Degree Appropriate
300 hours of lab.
Advisory: Completion of the first and second semester of the
Animation Program
This course is designed to provide actual on-the-job experience in
Animation at an approved work site which is related to classroom
instruction. A minimum of five hours per week of supervised work
(60 non-paid clock hours or 75 paid clock hours per semester) is
required for each one unit of credit. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 138 — Motion Graphics with After Effects 3 Units
(May be taken four times for credit.) Degree Appropriate
180 hours of lecture.
18 hours of lab.
Prerequisite: ANIM 130
Production of a demo-reel representative of student interest, strength
and skill for entry into animation fields, professional schools or
baccalaureate institutions. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 139 — Motion Graphics with 3D Max 2 Units
(May be taken four times for credit.) Degree Appropriate
120 hours of lecture.
72 hours of lab.
Prerequisite: ANIM 130
Production of a demo-reel representative of student interest, strength
and skill for entry into animation fields, professional schools or
baccalaureate institutions. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 140 — Advanced 3-D Animation 3 Units
(May be taken four times for credit.) Degree Appropriate
75 hours of lab.
Advisory: ANIM 130
Advanced course in the creation of computer animated particle systems
that imitate the natural forces of nature, the physical forces of the
universe and plasma forces of combustion. Students who repeat this
course will improve skills through further instruction and practice.

ANIM 141 — Motion Graphics with Maya 3 Units
(May be taken four times for credit.) Degree Appropriate
180 hours of lecture.
18 hours of lab.
Prerequisite: ANIM 130
Production of a demo-reel representative of student interest, strength
and skill for entry into animation fields, professional schools or
baccalaureate institutions. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 142 — Advanced 3-D Animation 3 Units
(May be taken four times for credit.) Degree Appropriate
75 hours of lab.
Advisory: ANIM 130
Advanced course in the creation of computer animated particle systems
that imitate the natural forces of nature, the physical forces of the
universe and plasma forces of combustion. Students who repeat this
course will improve skills through further instruction and practice.

ANIM 143 — Motion Graphics with 3D Max 3 Units
(May be taken four times for credit.) Degree Appropriate
180 hours of lecture.
18 hours of lab.
Prerequisite: ANIM 130
Production of a demo-reel representative of student interest, strength
and skill for entry into animation fields, professional schools or
baccalaureate institutions. Students who repeat this course will improve
skills through further instruction and practice.

ANIM 144 — Advanced 3-D Animation 3 Units
(May be taken four times for credit.) Degree Appropriate
75 hours of lab.
Advisory: ANIM 130
Advanced course in the creation of computer animated particle systems
that imitate the natural forces of nature, the physical forces of the
universe and plasma forces of combustion. Students who repeat this
course will improve skills through further instruction and practice.

ANIM 145 — Advanced 3-D Modeling 3 Units
(May be taken four times for credit.) Degree Appropriate
72 hours of lab.
Advisory: ANIM 132 or ANIM 134
An advanced course in 3-D modeling with a focus on designing,
modeling, and rigging a character for animation. Students who repeat
this course will improve skills through further instruction and practice.

ANIM 146 — Advanced 3-D Animation 3 Units
(May be taken four times for credit.) Degree Appropriate
75 hours of lab.
Advisory: ANIM 130
Advanced course exploring the animation techniques called dynamics.
Covers building material for 3-D objects using bitmaps to create texture
maps and using light effects in 3-D computer environments. Students
who repeat this course will improve skills through further instruction
and practice.

ANIM 147 — Advanced 3-D Animation 4 Units
(May be taken four times for credit.) Degree Appropriate
100 hours of lab.
Advisory: ANIM 130
Advanced course exploring the animation techniques called dynamics.
Covers building material for 3-D objects using bitmaps to create texture
maps and using light effects in 3-D computer environments. Students
who repeat this course will improve skills through further instruction
and practice.

ANIM 148 — Demo-Reel 1.5 Units
 Formerly ANIM 138 Degree Appropriate
(May be taken four times for credit.) 18 hours of lecture.
36 hours of lab.
Prerequisite: ANIM 130
Production of a demo-reel representative of student interest, strength
and skill for entry into animation fields, professional schools or
baccalaureate institutions. Students who repeat this course will improve
skills through further instruction and practice.
**Course Descriptions**

Explores the creative and technical processes for building motion-graphics using After Effects and/or other industry appropriate software. 2D and 3D compositing, animation, audio/visual effects, editing and rendering of motion-graphics for video, CD and DVD formats will be taught. Students who repeat this course will improve skills through further instruction and practice.

**ANIM 175 — Web Animation with Flash** 3 Units
(May be taken two times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.
Prerequisite: ART 70
Basic principles and unique design considerations of animation for Webpage design will be explored and developed through use of professional Web animation software. Students who repeat this course will improve skills through further instruction and practice.

**ART: BASIC STUDIO ARTS**

**ARTB 1 — Understanding the Visual Arts** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
Fundamentals of visual art forms and the role art plays in various historical periods and cultures. Students may not earn credit for both ARTB 1 and AHIS 1.

**ARTB 14 — Basic Studio Arts** 3 Units
36 hours of lecture. Degree Appropriate, CSU, UC
72 hours of lab.
Prerequisite: Eligibility for ENGL 68
An entry level course designed for non-art majors emphasizing creative expression through the visual arts. Painting, drawing, printmaking and sculpture are explored to introduce the student through various media to the arts.

**ART: GALLERY & PROFESSIONAL PRACTICES**

**ARTG 20 — Intro Exhibition Design and Professional Practice** 3 Units
36 hours of lecture.
72 hours of lab.
Provides knowledge and hands-on skills in exhibition design and installation to display an esthetically effective art exhibition. Students will be familiarized with the necessary practical knowledge used by an emerging artist; historical and contemporary terms, examination of cultural and universal symbology and application, issues, theories, movements, and media in the context of art exhibition productions. Students who repeat this course will improve skills through further instruction and practice.

**ARTG 21A — Introduction to Exhibition Production** 3 Units
(May be taken two times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.
Prerequisite: ARTG 20
Designed to familiarize all art majors and serious artists with the concepts and hands-on applications of curatorial processes, management skills, and gallery operations. Explores the professional side of the arts, emphasizing contemporary art, theories and media. Students who repeat this course will improve skills through further instruction and practice.

**ARTG 21B — Intermediate Exhibition Production** 3 Units
(May be taken two times for credit.) Degree Appropriate
36 hours of lecture.
72 hours of lab.
Prerequisite: ARTG 21A
Provides increasing responsibility in exhibition planning, research, operation and management. Focuses on art as a profession with emphasis on historical/contemporary terms, theories, movements and media in the context of an art exhibition production. Students who repeat this course will improve skills through further instruction and practice.

**ARTG 21C — Exhibition Design and Art Gallery Operation** 3 Units
(May be taken two times for credit.) Degree Appropriate
225 hours of lab.
Prerequisite: ARTG 20, ARTG 21A, ARTG 21B
Provides on-the-job experience in exhibition design and art gallery operation in an approved work site which is related to classroom-based learning. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. It is recommended that the hours per week are equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

**ART: SPECIAL STUDIO ARTS**

**ARTZ 50 — Specialized Studio-Art Studies** 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
18 hours of lecture.
54 hours of lab.
Prerequisite: Satisfactory completion of all courses within a given art emphasis
Extended studio experiences supplementary to those available in the courses within a given art emphasis and allows the student to pursue more advanced and complex studio projects and experiments. Emphasis is placed upon the development of an individual creative direction. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.

**ART: THREE-DIMENSIONAL STUDIO ARTS**

**ARTZ 22 — Design: Three-Dimensional** 3 Units
(CAN ART 16) Degree Appropriate, CSU, UC
36 hours of lecture.
72 hours of lab.
Prerequisite: Eligibility for ENGL 68
Develops perception and enhances decision making within the three-dimensional world. Emphasis is placed on concept development and artistic expression utilizing principles and elements of three-dimensional design as well as practical experiments with various media.

**ARTS 30A — Ceramics: Beginning** 3 Units
(CAN ART 6) Degree Appropriate, CSU, UC
36 hours of lecture.
72 hours of lab.
Entry-course emphasizing creative expression through the exploration of ceramics techniques. Emphasis on the vocabulary, theory, and analysis of the elements and principles of ceramics form through projects and oral/written criticism.
<table>

<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARTS 30B</td>
<td>Ceramics: Beginning</td>
<td>3</td>
<td>(May be taken for option of letter grade or Credit/No Credit.) Emphasizes principles of sculptural design and concept development. Increases the various throwing skills and techniques developed in ARTS 30A by the introduction of more involved techniques and use of larger masses of clay.</td>
</tr>
<tr>
<td>ARTS 31A</td>
<td>Ceramics: Intermediate</td>
<td>3</td>
<td>Examines the problems of aesthetically integrating materials and design by means of advanced problems in the techniques of clay construction, glazing and firing.</td>
</tr>
<tr>
<td>ARTS 31B</td>
<td>Ceramics: Intermediate</td>
<td>3</td>
<td>Examines the problems of aesthetically integrating materials and design by means of advanced problems in the technique of clay construction, glazing and firing. Emphasis on firing procedures, stacking procedures and the variables of ceramic production.</td>
</tr>
<tr>
<td>ARTS 33</td>
<td>Ceramics: Hand Construction</td>
<td>3</td>
<td>Basic methods of hand construction. Special projects in structural, architectural and sculptural form.</td>
</tr>
<tr>
<td>ARTS 40A</td>
<td>Sculpture: Beginning (CAN ART 12)</td>
<td>3</td>
<td>An overview of traditional and contemporary approaches to sculpture. Emphasizes principles of sculptural design and concept development. Includes exploration of technique and materials as an integral part of creative expression.</td>
</tr>
<tr>
<td>ARTS 40B</td>
<td>Sculpture: Beginning (May be taken two times for credit.)</td>
<td>3</td>
<td>Advanced projects in subtractive, additive and manipulative approaches are explored. Students who repeat this course will improve skills by further instruction and practice.</td>
</tr>
<tr>
<td>ARTS 41A</td>
<td>Sculpture: Life</td>
<td>3</td>
<td>Model building from the human figure with emphasis on composition, gesture, motion and human anatomy as it informs sculptural form. Development of perceptual and technical skills in clay modeling from the human figure.</td>
</tr>
<tr>
<td>ARTS 41B</td>
<td>Sculpture: Life (May be taken four times for credit.)</td>
<td>3</td>
<td>Prerequisite: ARTS 41A. Sculptural study of the human figure with emphasis on composition and human anatomy. Advanced projects using materials and techniques suitable for the human form. Students who repeat this course will further develop perceptual skills in clay modeling from the human figure.</td>
</tr>
<tr>
<td>ARTS 42</td>
<td>Sculpture: Mold Making (May be taken two times for credit.)</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Construction and use of flexible and plaster molds. Students who repeat this course will improve skills by further instruction and practice.</td>
</tr>
<tr>
<td>ARTS 46</td>
<td>Sculpture: Special Effects Makeup (May be taken two times for credit.)</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Modeling, molding, casting and application of special effects makeup appliances and masks to the human figure. Emphasis on human anatomy as it informs sculptural form and specialized molding and casting techniques and materials. Students who repeat this course will improve skills by further instruction and practice.</td>
</tr>
<tr>
<td>ARTD 15A</td>
<td>Drawing: Beginning (CAN ART 8)</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. 36 hours of lecture. 72 hours of lab. Prerequisite: ARTD 17A. Drawing emphasizing further development of perceptual and technical skills attained in ARTD 15A. Students will advance their abilities in dry and fluid media, while expanding their use of the formal elements and principles in both representational and expressionistic styles.</td>
</tr>
<tr>
<td>ARTD 15B</td>
<td>Drawing: Beginning (May be taken two times for credit.)</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. 36 hours of lecture. 72 hours of lab. Prerequisite: ARTD 15A or ANIM 104. Drawing using the elements and principles of linear perspective with lights and shadows to represent natural and fabricated forms. Emphasizes methods and techniques directly related to the artist's needs. Students who repeat this course improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>ARTD 17A</td>
<td>Drawing: Life</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. 36 hours of lecture. 72 hours of lab. Prerequisite: ARTD 15A or ANIM 104. Explores both contemporary and traditional approaches to sketching/drawing the human figure. Anatomical landmarks and proportion, line, light and shadow, composition, negative and positive space, the interaction of form and content, and the expressive potential of the human figure with its psychological and emotional implications will be explored.</td>
</tr>
<tr>
<td>ARTD 17B</td>
<td>Drawing: Life</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. 36 hours of lecture. 72 hours of lab. Prerequisite: ARTD 17A. Extends and expands the principles and techniques introduced in ARTD 17A. More emphasis is placed on personal interpretation and individual expression.</td>
</tr>
<tr>
<td>ARTD 20</td>
<td>Design: Two Dimensional</td>
<td>3</td>
<td>Development of perception through study of the relationships of two-dimensional dynamics and organization. Emphasis is placed on the vocabulary, theory, and analysis of the formal elements and principles of all forms of art through lecture, discussion, oral and written criticism and testing as they apply to studio projects in design for all disciplines of the arts. Study will emphasize the fundamental organization and workings of the two-dimensional picture plane in black/white and achromatic value and basic color mixing. Students who repeat this course will improve skills through further study and practice.</td>
</tr>
</tbody>
</table>
## Course Descriptions

### ARTD 21 — Design: Color and Composition 3 Units
(CAN ART 22) Degree Appropriate, CSU, UC

Spring Semester
(May be taken two times for credit.)
36 hours of lecture.
72 hours of lab.
Prerequisite: ARTD 20 or equivalency determined by a portfolio review
Synthesizes color theory and relationships of pigment and light.
Emphasis will be placed on fundamental color harmonies, color matching, the effects of light, color perception and expression in their application to design and composition and as they are used in all other disciplines of the arts.

### ARTD 23A — Drawing: Head and Hands 1.5 Units
(May be taken two times for credit.) Degree Appropriate, CSU, UC
18 hours of lecture.
36 hours of lab.
Prerequisite: ARTD 15A or ANIM 104
Contemporary and traditional approaches to constructing images of the human head and hands. Anatomy, proportion, light logic, composition, expression and the interaction of form and content. Students who repeat this course will improve skills through further instruction and practice.

### ARTD 25A — Painting: Beginning 3 Units
(CAN ART 10) Degree Appropriate, CSU, UC
36 hours of lecture.
72 hours of lab.
Emphasizes creative self-expression through the painting media.
Students will develop the ability to conceptualize and solve compositional and technical painting problems.

### ARTD 25B — Painting: Beginning 3 Units
(CAN ART 10) Degree Appropriate, CSU, UC
36 hours of lecture.
72 hours of lab.
Prerequisite: ARTD 25A
An extension and expansion of principles and techniques introduced in 25A.
More emphasis is placed on personal approach and individual expression.

### ARTD 26A — Painting: Intermediate 3 Units
36 hours of lecture.
Degree Appropriate, CSU, UC
72 hours of lab.
Prerequisite: ARTD 25B
Develop a working knowledge of painting media. Painting problems are studied in order to broaden the student’s knowledge of painting organization.

### ARTD 26B — Painting: Intermediate 3 Units
36 hours of lecture.
Degree Appropriate, CSU, UC
72 hours of lab.
Prerequisite: ARTD 26A
Extends and expands the principles, techniques and painting problems that were introduced in ARTD 26A. More emphasis is placed on personal approach and expression.

### ARTD 27 — Painting: Watercolor 3 Units
(May be taken two times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of lecture.
72 hours of lab.
Prerequisite: ARTD 15A OR ARTD 20 OR ARTD 25A
Basic watercolor techniques as they relate to compositional and technical problems in painting. Emphasis is placed upon painting skills as related to transparent watercolor methods as well as exploration into opaque and mixed-media approaches. Students who repeat this course will improve skills through further instruction and practice.

### ARTD 28 — Painting: Silk-Screen and Intaglio 3 Units
(CAN ART 20) Degree Appropriate, CSU, UC
36 hours of lecture.
72 hours of lab.
Prerequisite: ARTD 15A or ARTD 17A or ARTD 20
Techniques of making fine-art original prints using the processes of stencil and intaglio hand printing. Screen prints, etchings, and aquatints are emphasized as well as other related methods and new technologies. Students who repeat this course will improve skills through further instruction and practice.

### ARTD 29 — Drawing: Life Drawing 3 Units
36 hours of lecture.
Degree Appropriate, CSU, UC
72 hours of lab.
Prerequisite: ARTD 15A or ARTD 17A or ARTD 20
Development of the creative techniques of making fine art original prints using the processes of relief and planography hand printing. Woodcuts, linoleum cuts, monotypes, embossments, collographs, stone and aluminum plate lithography are explored. Students who repeat this course will improve skills through further instruction and practice.

### ASTR 5 — Introduction to Astronomy 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 1A
A non-technical survey of the Universe. Fundamental concepts and facts of astronomy. Topics include the origin and evolution of planets, stars, and galaxies; comets, meteorites, nebula; results of space exploration and modern cosmology. Student may enroll in ASTR 5 and ASTR 5L to receive laboratory science credit. Field trips may be required.

### ASTR 5L — Astronomical Observing Laboratory 1 Unit
Formerly ASTR 6 Degree Appropriate, CSU, UC
54 hours of lab.
Corequisite: ASTR 5 OR 7 OR 8 (May have been taken previously)
Provides practical experience in astronomy including the use of telescopes and demonstrations in the college planetarium. Occasional evening observing sessions with the telescopes and other field trips are required.

### ASTR 7 — Geology of the Solar System 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
A study of the Earth-like planets, satellites, and meteorites, from a geological point of view. Surveys geological methods and their application to the study of cratering, tectonic and volcanic activity, weathering, rock formation, landsliding, erosion, faulting, etc. Emphasis on solar system bodies other than Earth. Field trips may be required.

### ASTR 8 — Introduction to Stars, Galaxies, and the Universe 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 1A
A non-technical survey of the Universe. Fundamental concepts and facts of astronomy. Topics include the origin and evolution of planets, stars, and galaxies; comets, meteorites, nebula; results of space exploration and modern cosmology. Student may enroll in ASTR 5 and ASTR 5L to receive laboratory science credit. Field trips may be required.

### ASTR 90T — Topics in Astronomy 3 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
Formerly ASTR 6
Provides practical experience in astronomy including the use of telescopes and demonstrations in the college planetarium. Occasional evening observing sessions with the telescopes and other field trips are required.

### ASTR 99 — Special Projects in Astronomy 2 Units
Spring Semester Degree Appropriate, CSU, UC
(May be taken four times for credit.)
36 hours of lecture.
In order to offer selected students recognition for their academic interests and ability, and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have instructor’s authorization before enrolling in this class. Students who repeat this course will improve skills by further instruction and practice.
<table>
<thead>
<tr>
<th>BIOLOGY</th>
</tr>
</thead>
</table>
| **BIOL 1 — General Biology** 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Prerequisite: Eligibility for ENGL 68
An introduction to the major principles and concepts of biology, including cellular biology, energy relationships, and heredity. Evolution and ecology. BIOL 1 is recommended for non-majors. BIOL 4 is recommended for biology majors and those majors requiring a more rigorous biology background. |
| **BIOL 2 — Plant and Animal Biology** 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Prerequisite: BIOL 1 or BIOL 4; and MATH 71 or 2 years of high school algebra (C or better)
Basic structures and functions of plants and animals including concepts in systematics, evolution, physiology, ecology, and biotic relationships. |
| **BIOL 3 — Ecology and Field Biology** 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Identification and ecological relationships of common local plants and animals. Emphasizes evolutionary relationships, ecology including animal behavior, communities, ecosystems, and conservation. Lab includes public natural history day trips. |
| **BIOL 4 — Biology for Majors** 4 Units (CAN BIOL 2)
Degree Appropriate, CSU, UC
BIOL 4 + ZOOL 1 + BTNY 3 = CAN BIOL SEQ A
54 hours of lecture.
54 hours of lab.
18 hours of activity.
Prerequisite: CHEM 10 or CHEM 40 or one year of high school chemistry (C or better), AND MATH 71 or two years of high school algebra (C or better) or equivalent
Examines core principles of biology required for advanced study, including concepts of cellular and molecular biology, bioenergetics, genetics, reproduction, evolution, biodiversity, and ecology. Includes one hour discussion group per week. |
| **BIOL 4H — Biology for Majors — Honors** 4 Units (CAN BIOL 4H)
Degree Appropriate, CSU, UC
BIOL 4H + ZOOL 1 + BTNY 3 = CAN BIOL SEQ A
54 hours of lecture.
72 hours of lab.
Prerequisite: Acceptance into the Honors Program; CHEM 10 or one year of high school chemistry (C or better), AND MATH 71 or two years of high school algebra (C or better) or equivalent.
Explores core principles of biology required for advanced study, including concepts of cellular and molecular biology, bioenergetics, genetics, reproduction, evolution, biodiversity and ecology. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both BIOL 4 and BIOL 4H. |
| **BIOL 5 — Contemporary Health Issues** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Provides an overview of contemporary health issues known to affect the quality and longevity of life. Topics include: sexuality and reproduction, stress management, fitness and nutrition, substance use and abuse, and environmental quality. Emphasis is on prevention of illness and injuries. May satisfy the Health Education requirement for a California State Teaching Credential. |
| **BIOL 6 — Humans and the Environment** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
Ecological concepts to aid understanding our environmental crisis and determining courses of action to correct the problem. Emphasis will be placed on specific problems of population, pollution, preservation of wildlife and wilderness, and open space. A historical appraisal of human attitudes toward the land and of the necessity of developing a new land ethic. |
| **BIOL 6L — Humans and the Environment Laboratory** 2 Units
108 hours of lab. Degree Appropriate, CSU, UC
Corequisite: BIOL 6 (May be taken previously)
Investigates major principles and problems of humans and the environment in the field and in the biological science laboratory. Most laboratory meetings will be conducted off-campus locations. Some trips will require significant amounts of walking. Course includes one weekend field trip. |
| **BIOL 8 — Cell and Molecular Biology** 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Prerequisite: BIOL 4 or BIOL 4H, and CHEM 50
Introduction to cell and molecular biology including eukaryotic cells, eukaryotic organelles, protein structure and functions; DNA and RNA structure and functions; protein synthesis; genome organization in viruses, prokaryotes and eukaryotes; gene cloning; protein and DNA technology and applications of genetic engineering. |
| **BIOL 10 — The Biological Science Laboratory** 3 Units
Fall Semester. Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of lecture.
54 hours of lab.
Field study of the natural history of the Sierra Nevada and adjacent regions. One 3 day and one 4 day weekend field trip will be required. Students may not receive credit for both BIOL 10A and GEOL 12A. |
| **BIOL 11 — Artic Biology** 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Acceptance into the Honors Program
Provides an overview of Arctic life in its physical and biological environment. Focuses on the study of the environment, the organisms that live in it, and the processes that determine its biological characteristics. Students will participate in an intensive laboratory course focusing on the study of organisms that live in cold environments. |
| **BIOL 12 — Natural History of California** 3 Units
Fall Semester. Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of lecture.
54 hours of lab.
Field study of Peninsular Ranges, Transverse Ranges, Mojave and Colorado Deserts of southern California. Laboratory work is done during one 3-day and one 4-day weekend field trip. Students may not receive credit for both BIOL 12B and GEOL 12B. |
| **BIOL 13 — Human Reproduction, Development and Aging** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
Provides a basic understanding of human development, from conception to death. Conception, growth, maturation and aging are studied as a natural continuum, influenced by our physical and psychosocial environment. Several off-campus sites, related to course content, will be visited. |
| **BIOL 14 — Human Sexuality – Honors** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
A survey of the biological, behavioral, cultural and ethical aspects of human sexuality. |
| **BIOL 15 — Human Sexuality** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
A survey of the biological, behavioral, cultural and ethical aspects of human sexuality. |
| **BIOL 15H — Human Sexuality – Honors** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Acceptance into the Honors Program
A survey of the biological, behavioral, cultural and ethical aspects of human sexuality. An honors course designed to provide an enriched experience. Students may not receive credit for both BIOL 15 and BIOL 15H. |
| **BIOL 17 — Neurobiology and Behavior** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
An integrated analysis of the biological, ecological and evolutionary bases of behavior (ethology). Historical and evolutionary contexts are emphasized through a detailed consideration of the psychobiological, ecological, ontological and sociobiological determinants of animal behavior. Field trips may be required. |
COURSE DESCRIPTIONS

BIOL 20 — Marine Biology 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
An introduction to the marine environment including the principles of marine science, biology of marine invertebrates and vertebrates, structure and function of marine ecosystems, and human impact on the ocean. Field trip required.

BIOL 21 — Marine Biology Laboratory 1 Unit
54 hours of lab. Degree Appropriate, CSU, UC
Corequisite: BIOL 20 (May have been taken previously)
An introduction to the field and laboratory aspects of the marine environment. Emphasizes the structure and functional biology of marine invertebrates and vertebrates, ecology of intertidal organisms and ecology of estuaries. Field trips required.

BIOL 99A — Special Projects in Biology 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU 18 hours of lecture.
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor’s authorization before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to insure that proficiencies are enhanced.

BIOL 99B — Special Projects in Biology 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU 36 hours of lecture.
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor’s authorization before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to insure that proficiencies are enhanced.

BOTANY

BTNY 3 — Plant Structures, Functions, and Diversity 5 Units
(CAN BIOL 6) Degree Appropriate, CSU, UC
Spring Semester
BIOL 4 + ZOOL 1 + BTNY 3 = CAN BIOL SEQ A
54 hours of lecture.
108 hours of lab.
Advisory: BIOL 1 or BIOL 4. Eligibility for ENGL 1A. Completion of one year of high school chemistry (C or better) or equivalent.

An introduction to the structures, functions and comparative morphology, and phylogenetic relationships of organisms from bacteria to angiosperms with an emphasis on ethnobotany, evolution, classification, ecology and conservation. Several laboratory meetings are mandatory field trips, conducted off-campus, and students provide their own transportation.

BUSINESS: ACCOUNTING

BUS 7 — Principles of Accounting — Financial 5 Units
90 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: BUSA 11 or eligibility for MATH 51
Advisory: Eligibility for ENGL 1A
Introduction to financial accounting required of all Business Administration and Accounting majors which provides the foundation for continued coursework in accounting. Includes accounting concepts and techniques essential to the administration of a business enterprise, analyzing and recording financial transactions, accounting valuation and allocation practices and the preparation, analysis and interpretation of financial statements. Gives the student the tools and methods needed for decision making.

BUS 8 — Principles of Accounting — Managerial 5 Units
90 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: BUSA 7
Review of managerial accounting, job and process costing, cost-volume-profit analysis, cost behavior analysis and use, cost allocation, the budgeting process, responsibility accounting in a decentralized operation, standard costing, pricing decisions, relevant costs for decision making, segment reporting, variable costing, capital budgeting decisions, inventory management and analysis, and financial statement analysis. Gives the student the tools and methods needed for decision making.

BUS 11 — Fundamentals of Accounting 3 Units
54 hours of lecture.
Prerequisite: BUSA 68 or eligibility for MATH 50
Accounting vocabulary and theory, equations to solve word problems, percentages, simple and compound interest, payroll, business taxes, present value, investments, inventory, depreciation, financial statement analysis and ratios.

BUS 21 — Cost Accounting 4 Units
72 hours of lecture.
18 hours of lab.
Prerequisite: BUSA 8
Practical and theoretical concepts of cost accounting. Includes variable and fixed costs, cost-volume-profit analysis, job order and process costing, activity-based costing, general and flexible budgeting, standard costs, product costing/pricing methods, cost allocation, inventory management, capital budgeting, and transfer pricing.

BUS 52 — Intermediate Accounting 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSA 8
Detailed review of basic accounting concepts and principles and an in-depth analysis of the balance sheet and income statement. Emphasis is placed on the changing nature of principles and practices, the application of present-value concepts, the complexity of transactions that arise in a complex economic environment and the use of accounting information in decision making.

BUS 53 — Ten-Key Calculations 2 Units
18 hours of lecture. Degree Appropriate
54 hours of lab.
Prerequisite: BUSA 68 or eligibility for MATH 50
Operation of electronic calculators by the touch method to solve business and accounting problems. Focuses on the application of calculator features to specific business concepts including banking records, payroll, invoice pricing and inventory.

BUS 58 — Federal Income Tax Law 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSA 7 or BUSA 72
Federal and state income tax laws as related to individuals, partnership and corporation taxation including interpretations of recent changes. Emphasis is placed on individual income taxes and related problems in research through the use of a federal tax reporting service.

BUS 68 — Business Mathematics 3 Units
54 hours of lecture. Pre-Collegiate
Reviews addition, subtraction, multiplication, division, decimals, percentages, fractions, sign numbers, equations and problem solving.

BUS 70 — Payroll and Tax Accounting 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: Eligibility for BUSA 11
Examines all areas of on-the-job payroll accounting. Surveys the various tax procedures required by the employer and employee in filing the correct forms for Social Security, federal, and state income taxes and their reconciliation. Laws related to Worker’s Compensation, State Disability Benefit Laws and Fair Employment Practices are discussed.

BUS 71 — Financial Planning 3 Units
54 hours of lecture. Degree Appropriate, CSU
Functional approach to personal finance, including budget systems, consumer credit, health care and insurance, debt collection systems, status obligation, accumulating reserves. Examines short-term and long-term financial goals. Applicable for personal and professional use. Students may not earn credit for both BUSA 71 and FCS 80.

Course Descriptions

BUSL 18H — Business Law – Honors 3 Units
(CAN BUS 8)
Degree Appropriate, CSU, UC
Prerequisite: Acceptance into the Honors Program
Course: Business law emphasizing legal setting of business, nature
of the law and court procedure, principles of contract law, sales of
goods under the Uniform Commercial Code, personal property, bailments,
and secured transactions. An honors course designed to provide an
enriched experience for accelerated students. Students may not receive
credit for both BUSL 18 and BUSL 18H.

BUSL 19 — Advanced Business Law 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Advisory: BUSL 18
Second semester principles of business law emphasizing commercial
paper, agency, partnerships, corporations, bankruptcy, regulation of trade
and real property.

BUSL 20 — International Business Law 3 Units
54 hours of lecture. Degree Appropriate
Advisory: Eligibility for ENGL 68
A comparative approach to the study of the international legal
environment for business. Cultural, political, economic and ethical issues
are emphasized as well as traditional business law subjects such as
sales, commercial paper, corporate law, agency, licensing, employment,
crimes, trade regulation and technology transfers.

BUSL 30 — Introduction to Paralegal/Legal 3 Units
54 hours of lecture. Degree Appropriate, CSU
Basic knowledge required of paralegals: An overview of the federal and
state legal systems, the relationship of paralegals to attorneys, an
introduction to legal writing and research investigation of claims and
legal ethics.

BUSL 31A — Legal Analysis and Writing 3 Units
54 hours of lecture. Degree Appropriate
Corequisite: BUSL 30 (May have been taken previously)
Use of a law library for legal research and references; reading and
analyzing codes and statutes, preparation of case briefs and research
reports.

BUSL 31B — Advanced Legal Analysis and Writing 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSL 30 and BUSL 31A
Preparation of research memoranda, trial briefs, appellate briefs and
other paralegal documents. Continuation of BUSL 31A, Legal Analysis
and Writing.

BUSL 32A — Civil Procedure Pretrial 3 Units
54 hours of lecture. Degree Appropriate
Corequisite: BUSL 30 (May have been taken previously)
Analysis of the pre-trial procedural steps to litigating a cause of action.
Examines the concepts of jurisdiction, venue, parties to the action,
support, spousal support, and prenuptial/antenuptial agreements.

BUSL 33A — Law Office Procedures 3 Units
54 hours of lecture. Degree Appropriate
Advisory: BUSL 30
Examines procedures utilized by a paralegal in a law office. Includes
knowledge of court systems, preparation and filing of legal papers and
court documents, and drafting specialized documents in such areas as
real estate, divorce, unlawful detainer, adoption, corporations, conservatorships
and guardianships.

BUSL 33B — Civil Procedure-Trial and Post-Trial 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSL 33A
Preparation for litigation. Includes discovery, preparation of law and
motion documents, remedies, summary judgments, motions to dismiss,
settlements, and arbitration.

BUSL 35A — Law Office Procedures 3 Units
54 hours of lecture. Degree Appropriate
Advisory: BUSL 30
Examines procedures utilized by a paralegal in a law office. Includes
knowledge of court systems, preparation and filing of legal papers and
court documents, and drafting specialized documents in such areas as
real estate, divorce, unlawful detainer, adoption, corporations, conservatorships
and guardianships.

BUSL 35B — Automated Law Office Procedures 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSL 35A
Corequisite: BUSL 30 (May have been taken previously)
Advisory: CSB 15 or equivalent computer experience
Use of the personal computer for special purposes in the law office;
includes the drafting of pleadings, legal research, document control, prepa-
ration of billing, law office and case load management, and tax reports.

BUSL 36 — Paralegal Internship 1 Unit
(May be taken two times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
90 hours of lab.
Prerequisite: BUSL 31A, BUSL 33A, and BUSL 35A
Corequisite: BUSL 33B, BUSL 35B, BUSL 37, BUSL 39
Designed to provide the student with actual on-the-job experience in the
paralegal profession which relates to student’s classroom based
learning. Placement is not guaranteed but assistance is provided by the
paralegal faculty. A minimum of five hours per week of supervised work
(minimum 75 paid clock hours or 60 non-paid clock hours per
semester) is required. Students who repeat this course will improve
skills through further instruction and practice.

BUSL 37 — Tort Law 3 Units
54 hours of lecture. Degree Appropriate
Analysis of the law of torts including intentional torts such as assault,
battery, false imprisonment, defamation, privacy, trespass, and nuisance;
negligence; and strict liability. Examination of insurance defense issues.

BUSL 38 — Employment and Ethical Issues in Paralegalism 2 Units
36 hours of lecture. Degree Appropriate
Prerequisite: BUSL 31A, BUSL 33A, BUSL 35A
Corequisite: BUSL 33B, BUSL 35B, BUSL 37, BUSL 39 (May have
been taken previously)
Job search skills including preparation of professional resumes and cover
letters; interviewing techniques; networking; application of these skills
in beginning the search for paralegal employment; paralegal and
attorney ethics.

BUSL 39 — Contract Law 3 Units
54 hours of lecture. Degree Appropriate
Laws relating to the formation of contracts. Includes study of the
statute of frauds, third-party rights, liability for breach of contract,
remedies, discharge, and the Uniform Commercial Code.

BUSL 40 — Landlord-Tenant Law 3 Units
54 hours of lecture. Degree Appropriate
Landlord-tenant law and creation of legal documentation to represent
the landlord-tenant relationship. Examination of the rights and liabilities
of the landlord and the tenant.

BUSL 41 — Property Law 3 Units
54 hours of lecture. Degree Appropriate
Laws relating to ownership, possession, and disposition of property.
Analysis of the relationship of landlord and tenant.

BUSL 42 — Family Law 3 Units
54 hours of lecture. Degree Appropriate
Laws relating to marriage, dissolution, nullity, and legal
separation. Includes topics of community property, child custody, child
support, spousal support, and prenuptial/antenuptial agreements.

Meets 27 hours towards the license and certification requirements of the Office of Real Estate Appraisers (OREA). Emphasizes appraisal standards, professional ethics, application of statistics to real property valuation, and use of income and expense analysis to develop operating expense ratios.

BUSR 55 — Real Estate Economics 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 50 or employment in the real estate field
Analysis of international, national and local factors which determine the value of real estate. Meets California real estate license requirements for salesperson and broker.

BUSR 56 — Advanced Real Estate Appraisal 3 Units
Spring Semester
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 54
Appraisal of residential apartment buildings, small office buildings, shopping centers, and industrial buildings. Designed to meet 54 hours toward Office of Real Estate Appraisers (OREA) requirements for certificate-residential/certificate-general appraisal requirements. Meets California real estate broker license requirements.

BUSR 57 — Income Tax Aspects of Real Estate Investments 3 Units
54 hours of lecture. Degree Appropriate
Current income tax principles governing the acquisition, ownership, operation and disposition of real property investments with special emphasis on tax planning and integration of tax concepts with procedural aspects. Meets California real estate license requirements for broker.

BUSR 59 — Real Estate Property Management 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 50
Property management for owners and managers of residential and commercial income properties. Meets California real estate license requirements for salesperson and broker.

BUSR 60 — Real Estate Investment Planning 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 50 or employment in the real estate field
A comprehensive analysis of various investment strategies, techniques, systems, and theories involving all forms of real estate with particular emphasis on research methods needed for successful investing.

BUSR 62 — Mortgage Loan Brokering and Lending 3 Units
Fall Semester
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 50 or employment in the real estate field
Overview of the technical knowledge of the State and Federal laws that govern the practice of mortgage loan brokering and lending in the State of California as well as mortgage lending history and process.

BUSR 66 — General Appraiser Report Writing and Case Studies 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 50 or employment in the real estate/appraisal field
Advisory: BUSR 56
Appraisal cases from all areas of real estate transactions with emphasis on cash flow estimates, measures of cash flow, internal rate of return, and discounted cash flow analysis for non-residential properties. Designed to meet 54 hours toward 2008 Appraiser Qualification Board (AWB) requirements for certified-residential/certified-general appraiser license. Also meets Office of Real Estate Appraisers (OREA) licensing requirements.

BUSR 67 — Escrow Procedures I 3 Units
54 hours of lecture. Degree Appropriate
A case study method of escrow procedures including processing of sale escrows with and without new trust deed financing; learning and using the vocabulary of escrow; drawing of documents; and other processing details pertinent to handling escrows from inception to closing.

BUSR 68 — Escrow Procedures II 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 76 and BUSB 68 or appropriate score on math placement test
Advanced escrow procedures covering the more unusual and difficult types of escrows and evaluating the possible solutions. Emphasis on practical processing of real estate sale and loan transactions with some personal property sales. Designed to assist those either directly or indirectly connected with the escrow industry.

BUSR 70 — International Marketing Concepts 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 50
Organization and function of system of distributing goods and services from the point of production to the consumer. Preparation of a marketing plan using product, distribution, promotional and pricing strategies.

BUSR 75 — Retail Store Management and Merchandising 3 Units
54 hours of lecture. Degree Appropriate, CSU
Principles and practices used in the management and merchandising of retail stores. Includes all aspects of the critical buying function, merchandising, promotional techniques, site selection, layout, staffing, market positioning and customer service. Students may not receive credit for both FASH 62 and BUSR 50.

BUSR 76 — Escrow Procedures I 3 Units
54 hours of lecture. Degree Appropriate
A case study method of escrow procedures including processing of sale escrows with and without new trust deed financing; learning and using the vocabulary of escrow; drawing of documents; and other processing details pertinent to handling escrows from inception to closing.

BUSR 77 — Escrow Procedures II 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: BUSR 76 and BUS 68 or appropriate score on math placement test
Advanced escrow procedures covering the more unusual and difficult types of escrows and evaluating the possible solutions. Emphasis on practical processing of real estate sale and loan transactions with some personal property sales. Designed to assist those either directly or indirectly connected with the escrow industry.

BUSR 79 — Work Experience in Marketing Management 1 Unit
(Any be taken four times for credit.) Degree Appropriate (May be taken for Credit/No Credit only.)
75 hours of lab.
Prerequisite: BUS 33 or BUS 35 or BUS 36 or BUS 50 and compliance with Work Experience regulations as designated in the College Catalog
Provides marketing students with actual on-the-job experience in an approved work site which is related to classroom-based learning. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Work Experience placement is not guaranteed but assistance is provided by the business faculty. Students who repeat this course will improve skills through further instruction and practice.

54 hours of lecture. Degree Appropriate, CSU
Characteristics and role of advertising and promotion in business are explored. Emphasis is placed on promotional mix, trend and forecast research, and developing a comprehensive multimedia promotion plan including advertising layout and copy. Students may not receive credit for both BUS 33 and FASH 63.
### COURSE DESCRIPTIONS

#### BUSS 80 — Work Experience in Marketing Management 2 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
150 hours of lab.
Prerequisite: BUSS 33 or BUSS 35 or BUSS 36 or BUSS 50 and compliance with Work Experience regulations as designated in the College Catalog. Provides marketing students with actual on-the-job experience in an approved work site which is related to classroom-based learning. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Work Experience placement is not guaranteed but assistance is provided by the business faculty. Students who repeat this course will improve skills through further instruction and practice.

#### BUSS 81 — Work Experience in Marketing Management 3 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
225 hours of lab.
Prerequisite: BUSS 33 or BUSS 35 or BUSS 36 or BUSS 50 and compliance with Work Experience regulations as designated in the College Catalog. Provides marketing students with actual on-the-job experience in an approved work site which is related to classroom-based learning. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Work Experience placement is not guaranteed but assistance is provided by the business faculty. Students who repeat this course will improve skills through further instruction and practice.

#### BUSS 82 — Work Experience in Marketing Management 4 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
300 hours of lab.
Prerequisite: BUSS 33 or BUSS 35 or BUSS 36 or BUSS 50 and compliance with Work Experience regulations as designated in the College Catalog. Provides marketing students with actual on-the-job experience in an approved work site which is related to classroom-based learning. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Work Experience placement is not guaranteed but assistance is provided by the business faculty. Students who repeat this course will improve skills through further instruction and practice.

#### BUSS 85 — Special Issues in Marketing 2 Units
Fall Semester
Degree Appropriate
(May be taken two times for credit.)
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of lecture.
Prerequisite: BUSS 33 or BUSS 35 or BUSS 36 or BUSS 50

### CHEMICAL TECHNOLOGY

#### CHMT 1 — Introduction to Chemical Laboratory Technology 3 Units
36 hours of lecture.
Degree Appropriate
54 hours of lab.
Prerequisite: CHEM 10 or one year of high school chemistry (C or better)
A survey of chemical laboratory professional and ethical responsibilities, aspects of environmental health and safety, safe handling of chemicals, data collection, data presentation, and strategies for quality improvement. Group projects and case studies will be used to illustrate specific aspects of the course. May include field trips.

#### CHMT 5 — Elementary Principles of Chemical Processing 2 Units
36 hours of lecture.
Degree Appropriate, CSU
Prerequisite: CHEM 50
Fundamental theories of industrial chemical processing. Includes mass transfer, heat transfer, real time instrument measurement, water treatment, materials of construction and corrosion, separation by solubility, distillation, mixing systems and chemical reactions.

#### CHMT 8 — Work Experience in Chemical Technology 1 Unit
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
75 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.
Provides Chemistry Technology students with actual on-the-job experience in an approved work setting which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

#### CHMT 9 — Work Experience in Chemical Technology 2 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
150 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.
Provides Chemistry Technology students with actual on-the-job experience in an approved work setting which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

### CHEMISTRY

#### CHEM 10 — Chemistry for Allied Health Majors 4 Units
(CAN CHEM 6) Degree Appropriate, CSU, UC
72 hours of lab.
Prerequisite: MATH 51 or MATH 59 or one year of high school algebra (C or better)
A survey of chemical laboratory professional and ethical responsibilities, aspects of environmental health and safety, safe handling of chemicals, data collection, data presentation, and strategies for quality improvement. Group projects and case studies will be used to illustrate specific aspects of the course. May include field trips.

#### CHEM 20 — Introductory Organic and Biochemistry 5 Units
(CAN CHEM 8) Degree Appropriate, CSU, UC
108 hours of lab.
Prerequisite: CHEM 10 or CHEM 40
Nomenclature, structure, function and reactions of major classes of organic compounds and of biomolecules, including amino acids, lipids, carbohydrates, nucleic acids and proteins. Structure and function of vitamins, coenzymes and enzymes. Metabolic pathways and biochemical energy.

#### CHEM 40 — Introduction to General Chemistry 4 Units
Degree Appropriate, CSU
72 hours of lab.
Prerequisite: MATH 51 or MATH 59 or one year of high school algebra (C or better)
Advisory: Eligibility for ENGL 1A
Introduction to measurements, structure and properties of matter, writing/balancing equations, stoichiometry, properties and behavior of gases, and properties of solutions. For science/engineering majors preparing for admission into General Chemistry (CHEM 50).

#### CHEM 50 — General Chemistry I 5 Units
(CAN CHEM 2) Degree Appropriate, CSU, UC
108 hours of lab.
Prerequisite: (1) One year high school chemistry with minimum “C” grade each semester; (2) Satisfactory score on Chemistry Placement Examination; (3) Grade of “C” or better in second-year algebra (may not be taken concurrently with CHEM 50.) Successful completion of CHEM 40 will satisfy the first and second prerequisites.
Topics in general chemistry such as scientific method, measurement, nomenclature, formulas and equations, reaction patterns, stoichiometry, thermodynamic processes, periodic trends, atomic structure, molecular bonding and geometry, properties of gases, liquids, solids and solutions. Emphasis is on critical thinking and mathematical problem-solving.
using dimensional analysis. Hands-on laboratory experiments use
computer and calculator-based technologies in data acquisition and
analysis. Introduces techniques of scientific writing.

**CHEM 50H — General Chemistry I — Honors**  
5 Units  
54 hours of lecture.  
Degree Appropriate, CSU, UC  
108 hours of lab.  
Prerequisite: Acceptance into the Honors Program. Also, (1) one year high
school chemistry with minimum “C” grade each semester;  
(2) satisfactory score on Chemistry Placement Test; (3) grade of “C” or
better in second-year algebra (may not be taken concurrently with
CHEM 40) will satisfy the first and second prerequisites.
Topics in general chemistry such as scientific method, measurements,
nomenclature, formulas and equations, reaction patterns, stoichiometry,
thermodynamic processes, periodic trends, atomic structure, molecular
bonding and geometry, properties of gases, liquids, solids and solutions.
Emphasis is on critical thinking and mathematical problem-solving
using dimensional analysis. Hands-on laboratory experiments use
computer and calculator-based technologies in data acquisition and
analysis. Introduces techniques of scientific writing. An honors course
designed to provide an enriched experience for accelerated students.
Students may not receive credit for both CHEM 50 and CHEM 50H.

**CHEM 51 — General Chemistry II**  
(CAN CHEM 4)  
5 Units  
Degree Appropriate, CSU, UC  
54 hours of lecture.  
108 hours of lab.  
Prerequisite: CHEM 50 or CHEM 50H
The application of the laws, theories and principles presented in
CHEM50 to a variety of chemical systems. Topics include kinetics,
equilibrium, thermodynamics, acid-base and oxidation-reduction
reactions, transition metals, electrochemistry and nuclear chemistry.
Emphasis is on critical thinking and mathematical problem-
solving. Laboratory experiments use computer and calculator-based
technologies in data acquisition and analysis.

**CHEM 58 — Essential Skills for Chemistry**  
1 Unit  
Degree Appropriate  
(May be taken for option of letter grade or Credit/No Credit.)  
18 hours of lecture.  
Designed for students who are apprehensive about and/or wish to
improve their skills in General Chemistry. Includes development of
a study plan, test strategies, preparing for the laboratory, data collection,
graphical analysis and drawing conclusions.

**CHEM 60 — Quantitative Chemical Analysis**  
5 Units  
54 hours of lecture.  
Degree Appropriate, CSU, UC  
108 hours of lab.  
Prerequisite: CHEM 51

**CHEM 75 — Instrumental Analysis**  
5 Units  
54 hours of lecture.  
Degree Appropriate  
108 hours of lab.  
Prerequisite: CHEM 51
Introduction to a variety of instruments used in chemical industries.
Includes theory, hands-on experience and basic maintenance of
chemical instrumentation.

**CHEM 80 — Organic Chemistry**  
5 Units  
54 hours of lecture.  
Degree Appropriate, CSU, UC  
108 hours of lab.  
Prerequisite: CHEM 51
Designed for chemistry, biochemistry, chemical engineering and biology
majors; also for those in pre-professional programs such as medicine,
veterinary medicine, dentistry, optometry and pharmacy.
Structure/reactivity relationships, energetics, reactions, reaction
mechanisms, synthesis, separation, characterization and spectroscopic
methods for organic compounds. To assure that all content material is
covered, it is recommended that students complete the entire one-year
sequence at one campus prior to transfer.

**CHEM 81 — Organic Chemistry**  
5 Units  
54 hours of lecture.  
Degree Appropriate, CSU, UC  
108 hours of lab.  
Prerequisite: CHEM 51
Continuation of CHEM 80. Designed for chemistry, biochemistry, chemical engineering and biology majors; also for those in pre-
professional programs such as medicine, veterinary medicine, dentistry,
optometry and pharmacy. Structure/reactivity relationships, energetics,
reactions, reaction mechanisms, synthesis, separation, characterization
and spectroscopic methods. Structure, synthesis and representative
reactions of carbohydrates, lipids and proteins.

**CHEM 99 — Special Projects in Chemistry**  
2 Units  
(May be taken two times for credit.)  
Degree Appropriate, CSU, UC  
36 hours of lecture.  
In order to offer students the opportunity to explore their disciplines to
greater depth, the various departments from time to time offer Special
Projects courses. The content of each course and the methods of study
vary from semester to semester, and depend on the particular project
under consideration. Students must have an instructor’s authorization
before enrolling in this class. Students repeating this course will make
individual contracts of a more advanced nature to ensure that
proficiencies are enhanced.
### COURSE DESCRIPTIONS

**CHLD 50 — Multicultural Education: Anti-Bias Perspective 3 Units**
54 hours of lecture. Degree Appropriate
Advisory: CHLD 1

Current approaches to diversity in the early childhood setting. Students will create culturally relevant and inclusive teaching environments while fostering the goals of anti-bias curriculum. An emphasis is placed on addressing issues of bias that children and families experience on a daily basis in our society and recognizing effective and respectful handling of bias.

**CHLD 51 — Early Literacy in Child Development 3 Units**
54 hours of lecture. Degree Appropriate
Advisory: CHLD 61

Examines the developmental continuum and literacy from birth through early childhood. Considerations of cultural and linguistic diversity are applied to the study of how children become competent in all areas of language. An appreciation of the importance of interaction and cooperation between home and school underlies the exploration of language and literacy acquisition. Issues of early literacy in public policy are reviewed.

**CHLD 52 — Early Childhood Development Observation 2 Units**
54 hours of lecture. Degree Appropriate
Prerequisite: CHLD 5 and CHLD 10 or CHLD 10H
Corequisite: CHLD 66L (May have been taken previously)

Provides the student with an understanding of child development through observations in the laboratory school. The holistic approach to child study is emphasized. Students use information which they have recorded and relates to different areas of the preschool child's interaction with the environment and with significant people.

**CHLD 60 — Creative Sciencing and Math for Young Children 3 Units**
54 hours of lecture. Degree Appropriate
Advisory: Eligibility for ENGL 68

Exploration of children's thinking processes and problem solving abilities as they become aware of the physical world. Discussion, planning, and creating basic science and math experiences. Emphasizes creative aspects of math and science.

**CHLD 61 — Language Arts and Art Media for Young Children 3 Units**
54 hours of lecture. Degree Appropriate

Language and literacy development of young children (0 to 6 years) is explored through developmentally appropriate activities, language study, games and play. Describes the role of creative art in the curriculum in relationship to the child's development and creativity. Emphasizes ways to develop inclusive curricularly and linguistically appropriate learning environment which encourages the child's use of senses and builds an awareness of aesthetic materials.

**CHLD 62 — Music and Motor Development for Young Children 3 Units**
54 hours of lecture. Degree Appropriate, CSU

Exploration of the role of music and movement in a child's development. Emphasizes students development in practical activities including making music, movement, singing and musical instruments.

**CHLD 63 — Creative Sciencing and Math for Young Children 3 Units**
54 hours of lecture. Degree Appropriate
Advisory: Eligibility for ENGL 68

Exploration of children's thinking processes and problem solving abilities as they become aware of the physical world. Discussion, planning, and creating basic science and math experiences. Emphasizes creative aspects of math and science.

**CHLD 64 — Health, Safety and Nutrition of Young Children 3 Units**
54 hours of lecture. Degree Appropriate

Examines the relationship between a child's health status, safe learning environments, and proper nutrition. Emphasizes the adult role in preventative health care, legal and ethical reporting of abuse, assisting families to access community services while supporting family practices from diverse populations. Includes universal health precautions, evaluation center/agency policies with licensing requirements, and food program service with guidelines for handling.

**CHLD 65 — Early Childhood Development Observation 2 Units**
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: CHLD 5 and CHLD 10 or CHLD 10H
Corequisite: CHLD 66L (May have been taken previously)

Provides the student with an understanding of development through observations in the laboratory school. The holistic approach to child study is emphasized. Students use information which they have recorded and relates to different areas of the preschool child's interaction with the environment and with significant people.

**CHLD 66 — Early Childhood Development Observation 2 Units**
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: CHLD 5 and CHLD 10 or CHLD 10H
Corequisite: CHLD 66L (May have been taken previously)

Provides the student with an understanding of development through observations in the laboratory school. The holistic approach to child study is emphasized. Students use information which they have recorded and relates to different areas of the preschool child's interaction with the environment and with significant people.

**CHLD 66L — Early Childhood Development Observation 1 Unit**
54 hours of lab. Degree Appropriate, CSU
Corequisite: CHLD 66

Provides the student with an understanding of child development through observations in the laboratory school. The holistic approach to child study is emphasized. Students use information which they have recorded and relates to different areas of the preschool child's interaction with the environment and with significant people.

**CHLD 67 — Early Childhood Development Participation 2 Units**
36 hours of lecture. Degree Appropriate, CSU
Prerequisite: CHLD 6 and CHLD 66
Corequisite: CHLD 67L

Evaluation of participation with infants and toddlers outside of class time. Students assignments involve up to ten hours of observations and participation with infants and toddlers applicable to families and group care, environmental settings, and will involve study, discussion and research.

**CHLD 68 — Children with Special Needs 3 Units**
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: CHLD 10 or CHLD 10H

Characteristics of the needs of typically and atypically developing children in areas of cognitive, physical, neurological, emotional and social development. Identifies legal requirements, current issues, community resources and the IEP/IFSP process. Emphasizes modifications, adaptations, accommodations and teaching techniques involved in the inclusive classroom. Required observations in community agencies.

**CHLD 69 — Early Childhood Development Participation 2 Units**
36 hours of lecture. Degree Appropriate
Prerequisite: CHLD 67, CHLD 67L
Corequisite: CHLD 91

Selected topics pertinent to problems of students placed in community sites. Topics include philosophical orientation, curriculum, parent involvement, staff relations, professionalism and professional growth, and will involve study, discussion and research.

**CHLD 70A — Early Childhood Development Observation 1 Unit**
54 hours of lecture. Degree Appropriate
Prerequisite: CHLD 70
Corequisite: CHLD 71

Provides the student with an understanding of child development through observations in the laboratory school. The holistic approach to child study is emphasized. Students use information which they have recorded and relates to different areas of the preschool child's interaction with the environment and with significant people.

**CHLD 71A — Administration of Child Development Programs 3 Units**
54 hours of lecture. Degree Appropriate, CSU
Advisory: CHLD 1, CHLD 5, CHLD 6, CHLD 10 or CHLD 10H, or experience as an Administrator of a Children's Program

History of the education of children in context of their care and development, laws governing children's programs in California, and goals of childhood development. The administrator's job description, program budget, personnel selection and standards, records and reports, and staff policies are included.

**CHLD 71B — Management/Marketing/Personnel for ECD Programs 3 Units**
54 hours of lecture. Degree Appropriate
Prerequisite: CHLD 71A

Strategic planning for ECD programs, including financial administration, budgeting and marketing. Investigates basic financial/data management programs; examines personnel management practices designed to facilitate director/administrator/staff relationships; and explores staff development strategies and techniques employed in creative teaching methods.

**CHLD 72 — Teacher, Parent, and Child Relationships 3 Units**
54 hours of lecture. Degree Appropriate
Prerequisite: CHLD 67, CHLD 67L

Advisory: CHLD 10 or CHLD 10H

Comprehensive examination of child/parent/teacher relationships to better understand family dynamics and to recognize influences in the child development setting. Theories of sequential changes in parent/child/school relations within the large social context. Strategies dealing with issues that emerge when working with children and their families in the school setting.

**CHLD 73 — Infant/Toddler Care and Development 3 Units**
54 hours of lecture. Degree Appropriate, CSU
Advisory: CHLD 10 or CHLD 10H

Caregivers and parents learn developmentally appropriate practices for infants and toddlers applicable to families and group care, environmental planning, and developing relationships between diverse families and staff. Student assignments involve up to ten hours of observations and participation with infants and toddlers outside of class time.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHLD 74</td>
<td>Program Planning for the School Age Child</td>
<td>3</td>
<td>Integrates principles of child development related to working with the school-age child. Program planning and legal requirements for school-age programs are emphasized. Explores age-appropriate discipline and conflict resolution. Develops activity planning consistent with school-age content standards. Student assignments will include observations of school-age programs.</td>
</tr>
<tr>
<td>CHLD 75</td>
<td>Supervising Adults in Early Childhood Settings</td>
<td>2</td>
<td>Methods and principles of working with and supervising adults in the early childhood setting. Emphasis is on the role of the experienced children's teacher who functions as a model and mentor to new teachers as s/he addresses the needs of children, parents and staff.</td>
</tr>
<tr>
<td>CHLD 81</td>
<td>Current Curriculum Models in ECD</td>
<td>1</td>
<td>Provides students with a working knowledge of a specific curriculum model being used in preschools in the community. Origins, practices in classroom, pros and cons of model and evaluation methods will be included. Model covered will change with course offerings.</td>
</tr>
<tr>
<td>CHLD 82</td>
<td>Advocacy in Early Childhood Development</td>
<td>1</td>
<td>Clarifies current issues in ECD on which teachers need to work with their administration and parents. Develops skills in advocacy for children. Students who repeat this course will improve skills by further instruction and practice.</td>
</tr>
<tr>
<td>CHLD 83</td>
<td>Current Issues in Child Development</td>
<td>1</td>
<td>Provides students with a working knowledge of current research in child development and helps them apply that research to their programs and teaching. Issues covered will change with course offerings. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>CHLD 84</td>
<td>Guidance and Discipline in Child Development Settings</td>
<td>1</td>
<td>Problem solving approach to guidance and discipline of children in child development settings. Investigation of appropriate developmental and attitudinal aspects of producing a respectful environment between children, caregivers and parents.</td>
</tr>
<tr>
<td>CHLD 85</td>
<td>Infants at Risk</td>
<td>3</td>
<td>Principles and methods of working with infants and toddlers who are disabled or at-risk in the early childhood setting. Emphasis is placed on issues affecting normal development prevention, intervention, referrals and transition to school. Course will prepare teachers of young children for appropriate planning in these settings.</td>
</tr>
<tr>
<td>CHLD 89</td>
<td>Early Childhood Development Field Work</td>
<td>1</td>
<td>A teacher-supervised work experience course which permits students to apply early childhood development principles in community preschools. CHLD 69 Seminar will supplement student's progress. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester.</td>
</tr>
<tr>
<td>CHLD 92</td>
<td>Family Child Care</td>
<td>3</td>
<td>An overall view of home-based early education programs which includes standards of quality for the field of family child care in relationships, environments, activities, developmental learning goals, safety/health, professional and business practices.</td>
</tr>
<tr>
<td>CHIN 1</td>
<td>Elementary Chinese</td>
<td>4</td>
<td>Intended for students without previous exposure to Chinese. Begins to develop the ability to converse, read, and write in Mandarin Chinese. Includes the study of essentials of pronunciation, vocabulary, idioms, and grammatical structures along with an introduction to Chinese culture.</td>
</tr>
<tr>
<td>CHIN 2</td>
<td>Continuing Elementary Chinese</td>
<td>4</td>
<td>Further develops conversational, reading, and writing skills in Mandarin Chinese with special emphasis on verbs, grammar, and extension of vocabulary.</td>
</tr>
<tr>
<td>CHIN 4</td>
<td>Continuing Intermediate Chinese</td>
<td>4</td>
<td>Enables students to use Mandarin in traveling, telling stories, describing experiences and discussing Chinese literary works, festivals and food. Students learn advanced grammar such as the directional and potential complements, repetition of adjectives, the focus construction, the ba and bei structures.</td>
</tr>
<tr>
<td>CHIN 35</td>
<td>Chinese Language Laboratory</td>
<td>.5</td>
<td>An independent study laboratory course for students who wish to improve their skills in Mandarin Chinese. May supplement any other Chinese course. Requires 24 hours in the language laboratory to receive credit. Students who repeat this course will improve skills through further practice and drill.</td>
</tr>
<tr>
<td>CNET 50</td>
<td>PC Servicing</td>
<td>4</td>
<td>PC and peripheral servicing techniques, preventative maintenance, hardware configurations, software configurations, software diagnostics, and the use of test equipment.</td>
</tr>
</tbody>
</table>
Course Descriptions

CNET 52 — PC Operating Systems 4 Units
54 hours of lecture.
Degree Appropriate
Advisory: CNET 50 taken prior
Current operating systems required for A+ and Network+ Certification and general computer servicing. Topics include: identification of major components, installation, configuration, upgrading and troubleshooting.

CNET 54 — PC Troubleshooting 4 Units
54 hours of lecture.
Degree Appropriate
Advisory: CNET 50 taken prior
Advanced microcomputer servicing. Includes: isolating, identifying, and repairing specific problems in the computer environment at the hardware level. Prepares students for the A+ Certification Exam.

CNET 56 — Computer Networks 4 Units
54 hours of lecture.
Degree Appropriate
Advisory: CNET 50 taken prior
Standards, terminology, design, implementation and troubleshooting techniques as they relate to both Local and Wide Area Networks. Emphasis on hardware and software components, network architecture and data transmission methods. Of special interest to computer and network technicians and those seeking certification in A+, Network+, or other MSCE certifications.

CNET 60 — A+ Certification Preparation 3 Units
(May be taken two times for credit.)
54 hours of lecture.
Degree Appropriate
Advisory: CNET 54
Prepares the student and qualified computer technician for the A+ certification examination. All aspects of the Core and OS test modules will be stressed through both lecture review and test simulation software.

CNET 62 — Network+ Certification Preparation 3 Units
(May be taken two times for credit.)
54 hours of lecture.
Degree Appropriate
Advisory: CNET 56
Prepares the student and/or A+ certified technician for the Network+ Certification Examination. Individuals preparing for a job in the computer networking industry or who wish to become Network+ certified will find this course invaluable.

CNET 64 — Server+ Certification Preparation 3 Units
Spring Semester
(May be taken two times for credit.)
54 hours of lecture.
Degree Appropriate
Advisory: CNET 56 taken prior
Prepares the computer/network service technician for the CompTIA Server+ certification examination.

CNET 66 — Security + Certification Preparation 3 Units
Spring Semester
(May be taken two times for credit.)
54 hours of lecture.
Degree Appropriate
Advisory: CNET 56 taken prior
Prepares the computer/network service technician for the CompTIA sponsored Security+ Certification examination. Security information is covered only as it pertains to enabling the service technician to troubleshoot a computer system that may have a security problem.

COMP 1 — Computer Keyboarding 4 Units
54 hours of lecture.
Degree Appropriate, CSU
Develops a straight-copy rate of 25 to 40 gross words a minute with a predetermined error limit; includes keyboarding of letters, tables and manuscripts.

COMP 10 — Operating the Macintosh Computer 1.5 Units
Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
27 hours of lecture.
Basic skills and in-depth practice operating the Apple Macintosh computer. Includes introduction to the operating system, paint, draw, word-processing, database, spreadsheet, and multi-media applications.

COMP 11 — Internet Research for Business 2 Units
Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
27 hours of lecture.
27 hours of lab.
Advisory: COMP 10 or CISB 13
Practical hands-on instruction using the Internet for research in a business environment. Master Internet-specific research techniques, discover timesaving tips for locating and managing information, and use the entire Internet, newsgroups, FTP (File Transfer Protocol) and mailing lists.

COMP 12 — Office Computer Applications 4 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
54 hours of lab.
In depth study of computer applications utilized in the office environment. Includes extensive hands-on instruction in word processing, spreadsheet, data management, and business graphics. Intended for the student who needs to upgrade or acquire office computer skills.

COMP 13 — Using Web Page Software 4 Units
Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or COMP 12 or CISB 13 or CISB 15
Using industry leading Web page authoring software to plan, develop, and publish effective professional Web sites. Includes working with text and graphics; creating hyperlinks; creating tables and layers; collecting data from forms; adding multimedia objects; creating and applying cascading style sheets; creating interactions and behaviors; publishing a Web site.

COMP 18 — Data Entry 3 Units
(May be taken two times for credit.)
Degree Appropriate
54 hours of lecture.
Data entry using a microcomputer. Includes intensive skill building on the ten-key pad and development of keyboarding skills for entering formatted and non-formatted text, both alphabetic and numeric, in a variety of business applications. Students who repeat this course will improve skills through further instruction and practice.
COMP 20 — Word for the Business Professional 4 Units
(May be taken two times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or CISB 13 and ability to type 25 wpm with test verification at first class meeting
Extensive hands-on instruction using Microsoft Word and its editing, formatting, and language tools to create, revise and format various business and report documents. Also create flyers, newsletters, and other publication documents using advanced formatting techniques and tools. Students who repeat this course will improve skills through further instruction and practice.

COMP 28 — Office Management Skills 3 Units
54 hours of lecture. Degree Appropriate Advisory: COMP 1 or COMP 1A, or BUSO 1 or BUSO 1A, and BUSO 5 Training and skill building in filing systems and procedures, proofreading, telephone techniques, faxing, emailing, and electronic calendar scheduling of events, appointments and meetings.

COMP 50 — Desktop Presentations Using PowerPoint 4 Units
(May be taken two times for credit.) Degree Appropriate, CSU
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or COMP 12 or CISB 13 or CISB 15 Use PowerPoint to plan, design, and produce effective presentations. Includes creating charts, diagrams, and storyboards; developing appropriate text content; adding sound, animation, and movies. Students who repeat this course will improve skills through further instruction and practice.

COMP 60 — Desktop Publishing with InDesign or PageMaker 4 Units
(May be taken three times for credit.) Degree Appropriate, CSU
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or COMP 12 or CISB 13 or CISB 15 Using InDesign or PageMaker desktop publishing software to integrate text and graphics for designing, editing, and producing high-quality business publications.

COMP 62 — Desktop Publishing with QuarkXPress 4 Units
(May be taken three times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or COMP 12 or CISB 13 or CISB 15 or equivalent experience
Using QuarkXPress desktop publishing software on a microcomputer to integrate text and graphics for designing, editing, and producing high-quality business publications. Students who repeat this course will improve skills through further instruction and practice.

COMP 63 — Adobe Illustrator for Desktop Publishers 4 Units
(May be taken three times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or COMP 12 or CISB 13 or CISB 15 or equivalent experience Eligibility for BUSO 5 or ENGL 68.
Using Adobe Illustrator on a microcomputer to design and produce graphic images that can be used independently or incorporated into a page layout or presentation program. Students who repeat this course will improve skills through further instruction and practice.

COMP 64 — Desktop Publishing Seminar 2.5 Units
(May be taken three times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
36 hours of lecture.
27 hours of lab.
Prerequisite: COMP 60 or COMP 62 and COMP 65
Advisory: COMP 63
Students will produce “real life” publishing products emphasizing creative design and effective production. Students will gain practical experience through working with clients and working in teams. Students who repeat this course will improve skills and create additional portfolio pieces.

COMP 65 — Modifying Images for Desktop Publishing 4 Units
(May be taken three times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or COMP 12 or CISB 13 or CISB 15 or equivalent experience
Using Adobe PhotoShop on a microcomputer as applied from the office perspective. Students will learn to modify images that can be used independently or incorporated into a page layout or presentation program. Students who repeat this course will improve skills through further instruction and practice.

COMP 66 — Modifying Images for Desktop Publishing 4 Units
(May be taken three times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
54 hours of lab.
Advisory: COMP 10 or COMP 12 or CISB 13 or CISB 15 or equivalent experience
Using Adobe PhotoShop on a microcomputer as applied from the office perspective. Students will learn to modify images that can be used independently or incorporated into a page layout or presentation program. Students who repeat this course will improve skills through further instruction and practice.

COMP 68 — Transcription Techniques 3 Units
Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Develops the language competencies and formatting knowledge required to produce acceptable business documents; emphasizes punctuation, number usage, proofreading, spelling and word division; and reinforces through a series of sentence applications, paragraphs and business documents.

COMP 10A — Microsoft Word — Level 1 1 Unit
(May be taken two times for credit.) Degree Appropriate
18 hours of lecture.
Advisory: COMP 10 or CISB 13 and ability to type 25 wpm with test verification at first class meeting Hands-on instruction in word processing in a Windows environment. Includes initial creation and revision of documents, formatting, spell check, thesaurus, and files management. Students who repeat this course will improve skills through further instruction and practice.

COMP 10B — Microsoft Word — Level 2 1 Unit
(May be taken two times for credit.) Degree Appropriate
18 hours of lecture.
Prerequisite: COMP 10A or COMP 12 or CISB 15 A continuation of COMP 10A with hands-on instruction in word processing in a Windows environment. Includes advanced formatting features, tables, columns, outlines, merge, sort, graphics and table of contents. Students who repeat this course will improve skills through further instruction and practice.

COMP 150 — Basic PowerPoint 1 Unit
(May be taken for Credit/No Credit only.) Degree Appropriate
18 hours of lecture.
Overview and basic instruction using one of the most popular presentation software packages. Recommended for all students who need to know how to create presentations. Not recommended for Office Technology majors.

GRAP 1 — Computer Graphics Lab 1 Unit
Formerly GRAP 50 Degree Appropriate
(May be taken for Credit/No Credit only.)
54 hours of lab.
Advisory: COMP 10 or equivalent computer experience
Provides computer laboratory experience to supplement the regular program, and provides opportunities for students to pursue more advanced projects. Students who repeat this course will improve skills through further instruction and practice.
### Course Descriptions

**GRAP 10 — Photo Editing with Photoshop**  
3 Units  
*Formerly GRAP 52A*  
Degree Appropriate  
(May be taken two times for credit.)  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  

*Advisory: COMP 10 or PHOT 4*  
Basic techniques to adjust and modify photos using Photoshop software tools. Includes digital color theory and photo quality standards; practice photo scan reproduction, resolution and scaling, masking, layer editing and effects, filters, color correction and file formats; output for editing, restoring, and retouching. Students who repeat this course will improve skills through further instruction and practice.

**GRAP 12 — Advanced Photo Editing with Photoshop**  
3 Units  
*Formerly GRAP 52B*  
Degree Appropriate  
(May be taken two times for credit.)  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  

*Prerequisite: GRAP 10*  
Advanced training in Photoshop editing, color, exposure, sharpness, and contrast enhancement, layer and object masking, vector tools, image compositing, and the uses of blended modes; design of realistic and imaginary photo illustrations using 8- and 16-bit high resolution digital images. Students who repeat this course will improve skills through further instruction and practice.

**GRAP 14 — Digital Color Management**  
3 Units  
(May be taken two times for credit.)  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  

*Prerequisite: GRAP 10*  
Advanced techniques of digital photo color management systems and workflow. System color architectures, monitors, printers, profilers, and other digital devices; spectrophotometer techniques; scripting Photoshop actions, using “digital raw” meta data to organize photo storage; advanced special editing techniques for 16-bit raw color and grayscale images. Students who repeat this course will improve skills through further instruction and practice.

**GRAP 16 — Digital Image Design with Illustrator & Freehand**  
3 Units  
*Formerly GRAP 49*  
Degree Appropriate  
(May be taken two times for credit.)  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  

*Advisory: COMP 10 or equivalent computer experience*  
Basic digital image drawing techniques using Adobe Illustrator or Macromedia Freehand. Includes software tools, applying color, using layers, typography, measurement, and paper systems. Practice importing photo scans, creating layouts, layer animation, choosing fonts, special effects, export file formats, and output in a digital workflow. Students who repeat this course will improve skills through further instruction and practice.

**GRAP 18 — Advanced Image Design — 3D Modeling**  
3 Units  
*Formerly GRAP 58*  
Degree Appropriate  
(May be taken two times for credit.)  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  

*Prerequisite: GRAP 16*  
Corequisite: GRAP 1 (May have been taken previously)  
Advanced digital image drawing emphasizing creation of photorealistic 3D models and environments. Principles of perspective, coordinate space, photographic lighting, object animation, photo and video texture mapping, and common techniques for rendering still or animated QuickTime image movies for digital compositing and post-production. Students who repeat this course will improve skills through further instruction and practice.

**GRAP 20 — Applying Photos and Images in Multimedia**  
3 Units  
*Formerly GRAP 54*  
Degree Appropriate  
(May be taken two times for credit.)  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
54 hours of lab.  

*Advisory: GRAP 10*  
Prerequisite: GRAP 18  
Students repeating this course will increase skill proficiencies in communicating, synthesis, and problem solving.

**GRAP 24 — Work Experience in Computer Graphics**  
2 Units  
(May be taken four times for credit.)  
Degree Appropriate, CSU  
(May be taken for Credit/No Credit only.)  
108 hours of lab.  

*Prerequisite: Laboratory course in the same subject field and program specialization and depending on space availability*  
This course provides extended laboratory experiences supplementary to those available in the regular program and allows the student to pursue more advanced and complex laboratory projects and experiments. Students who repeat this course will increase skill proficiencies in Computer Information Systems.

**GRAP 28 — Digital Portfolio**  
2 Units  
*Formerly GRAP 53*  
Degree Appropriate  
(May be taken for option of letter grade or Credit/No Credit.)  
18 hours of lecture.  
54 hours of lab.  

*Prerequisite: GRAP 12 and GRAP 20*  
Preparation of a personal computer graphics portfolio containing key samples of work for presentation or career evaluation. The portfolio displays the learner’s skills mastery, knowledge, and capacities for communicating, synthesizing, and problem solving.

**GRAP 99 — Special Projects in Computer Graphics**  
2 Units  
(May be taken four times for credit.)  
Degree Appropriate, CSU  
(May be taken for Credit/No Credit only.)  
36 hours of lecture.  

In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor’s authorization before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to insure that proficiencies are enhanced.

### COMPUTER INFORMATION SYSTEMS: AUXILIARY

**CISX 94 — Laboratory Studies in Computer Information Systems**  
1 Unit  
(May be taken two times for credit.)  
Degree Appropriate, CSU  
(May be taken for Credit/No Credit only.)  
54 hours of lab.  

*Prerequisite: Laboratory course in the same subject field and program specialization and depending on space availability*  
This course provides extended laboratory experiences supplementary to those available in the regular program and allows the student to pursue more advanced and complex laboratory projects and experiments. Students who repeat this course will increase skill proficiencies in Computer Information Systems.

**CISX 95 — Laboratory Studies in Computer Information Systems**  
2 Units  
(May be taken two times for credit.)  
Degree Appropriate, CSU  
(May be taken for Credit/No Credit only.)  
108 hours of lab.  

*Prerequisite: Laboratory course in the same subject field and program specialization and depending on space availability*  
This course provides extended laboratory experiences supplementary to those available in the regular program and allows the student to pursue more advanced and complex laboratory projects and experiments. Students who repeat this course will increase skill proficiencies in Computer Information Systems.
CISX 96 — Laboratory Studies in Computer Information Systems 3 Units
(May be taken two times for credit.) Degree Appropriate, CSU
162 hours of lab.
Prerequisite: Laboratory course in the same subject field and program specialization and depending on space availability
This course provides extended laboratory experiences supplementary to those available in the regular program and allows the student to pursue more advanced and complex laboratory projects and experiments. Students who repeat this course will increase skill proficiencies in Computer Information Systems.

CISX 97 — Work Experience in Computer Information Systems 1 Unit
(May be taken four times for credit.) Degree Appropriate
75 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
Advisory: CISD 14, CISP 14, CISM 31
Provides CIS students with actual on-the-job experience in an approved work site which is related to classroom-based learning. A minimum of 75 paid clock hours or 60 non-paid clock hours per semester is required for each one unit of credit. Work experience placement is not guaranteed but assistance is provided. Students who repeat this course will improve skills through further instruction and practice.

COMPUTER INFORMATION SYSTEMS: BEGINNING

CISB 11 — Computer Information Systems 3.5 Units
(CAN BUS 6) Degree Appropriate, CSU, UC
54 hours of lecture.
27 hours of lab.
Provide an understanding of computer information systems: computer hardware, software, data communications, computer ethics, computer security, systems analysis and design, Internet, problem solving and programming using multiple computer platforms

CISB 13 — Microsoft Windows 2 Units
27 hours of lecture. Degree Appropriate, CSU
27 hours of lab.

CISB 15 — Microcomputer Applications 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Introduction of windows based operating system and applications. Simple business examples using up-to-date browser, word processing, spreadsheet, database management and presentation software; and integration of software applications. Hands-on instruction on windows based computers.

CISB 21 — Microsoft Excel 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Spreadsheet concepts using Microsoft Excel including formatting formula and function use, charting, linking worksheets, pivot tables, macros, and VBA code basics.

COMPUTER INFORMATION SYSTEMS: DATABASE

CISB 11 — Database Management – Microcomputers 4 Units
54 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Advisory: COMP 12 or CISB 11 and CISP 15
Design, creation and management of relational databases using Microsoft’s Access or similar DBMS. Basic database design, creation of tables, queries, forms, reports, data access pages, and macros. Creation of Custom Graphical User Interface using Switchboard Manager and VBC code. Extensive hands-on experience on a Windows-based PC.

CISB 14 — Advanced Database Management – Microcomputers 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISD 11 and CISD 13
Advanced Access programming techniques using Visual Basic language; event-driven programming; access object model, DAO object model, ADO object model; VB structures, arrays, error handling, multi-user applications, transaction processing, client-server; security issues. Extensive hands-on experience on a Windows-based PC.

CISB 21 — SQL Server 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISB 11 or CISB 15
Provides comprehensive instruction in structured query language (SQL) and Transact-SQL for Microsoft SQL Server users. Students design a database, create database objects, view and update data, define cursors, develop program units, manage transactions, and handle database security.

CISD 11 — Database Management 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISB 11
Oracle database functions, concepts, and terms. PL/SQL will be used to code, test and implement stored procedures, functions, triggers, and packages. Relational database projects will be built using PL/SQL.

CISD 12 — Oracle Forms and Reports 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISD 31
Design, creation and implementation of interactive single forms with multiple canvases, multiple forms and reports using PL/SQL triggers, the Object Navigator, and Form and Report Builder. Reports and interactive forms will use single and multiple tables in a realistic business setting.

CISD 31 — Database Management 2 Units
27 hours of lecture. Degree Appropriate
27 hours of lab.
Advisory: CISD 31 highly recommended
Oracle database design, creation, and management of relational databases using Oracle database functions, concepts, and terms. PL/SQL will be used to code, test and implement stored procedures, functions, triggers, and packages. Relational database projects will be built using PL/SQL.

CISD 34 — High Performance Oracle SQL Tuning 2 Units
27 hours of lecture. Degree Appropriate
27 hours of lab.
Advisory: CISD 33
Oracle database tuning of database applications. Concepts and hands-on programming skills necessary to code efficient SQL statements, use Oracle Optimizers, resources, and path tracing.

CISD 40 — Database Design 2 Units
27 hours of lecture. Degree Appropriate
27 hours of lab.
Advisory: CISD 11
Students will analyze database needs and functions, create data models, E-R diagrams and UML diagrams, use normalization rules and principles to create properly-designed databases and learn basic DBA objectives and tasks.
Course Descriptions

CISM 11 — Systems Analysis and Design 3.5 Units
54 hours of lecture. Degree Appropriate, CSU, UC
27 hours of lab.
Advisory: CISM 15 or COMP 12 and CISP 11
Develops basic understanding of information systems, general system solutions and the discipline of systems analysis in relation to the information system life cycle. Develops skills in applying the tools, techniques, and concepts of systems analysis to information systems development.

CISM 14 — Computer Information Systems Seminar 4 Units
Spring Semester Degree Appropriate
(May be taken twice for credit.)
54 hours of lecture.
54 hours of lab.
Advisory: CISM 11 and at least one of the following: CISP 14, CISP 34
A guided experience in the performance, management and documentation of a computer-based system project. The student independently or as a team member will initiate and complete a semester project. Includes defining the problem, designing the new system, developing a working system and preparing the system documentation. The project must be completed in a programming language for which an advanced course has been completed. Students who repeat this course will improve skills through further instruction and practice.

CISM 21 — Client/Server Architecture 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CSD 14 or CISP 14 or CISP 41
Architectural framework and components of a client/server environment. Includes standards groups, data access and distribution, application development, systems and network management, implementation issues; selection criteria for client hardware and software, server hardware and software, relational databases, applications development tools, and distributed systems management; and application prototyping.

CISM 31 — AS/400 System Administration 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISM 11 or computer work experience
Administrating the IBM AS/400 Computer System using OS/400 (operating system/400) services: OS/400 user interface, CL command interface, navigating system hardware features and licensed programs, managing devices, system IPL, system security, objects and object management, libraries and library lists, AS/400 job scheduling and job descriptions, work management objects, objects, save and restore functions, AS/400 utilities, SDA menu creation, DDS-described physical, logical and display files, and basic interactive and batch CL programs.

CISP 24 — Window Server Network & Security Administration 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISP 15 or CISM 11 or CISM 24
Active directory security and policy management, server/client installation, DHCP (Dynamic Host Configuration Protocol), DNS (Domain Name Service), file system security, logon script, network printing, web and terminal server, NAT, IPsec and secure VPN.

CISN 21 — Windows Operating System 4 Units
54 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Advisory: CISD 11 or CISD 31
Concepts and skills in planning and installing Windows Operating System and its graphical interface; using Linux shells and system administration commands; managing user accounts; installing hardware and software; creating scripts to automate system administration; and maintaining file systems and system resources.

CISN 31 — Linux Operating System 4 Units
54 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Advisory: CISD 11
Concepts and skills in planning and installing Linux Operating System and its graphical interface; using Linux shells and system administration commands; managing user accounts; installing hardware and software; creating scripts to automate system administration; and maintaining file systems and system resources.

CISN 34 — LINUX Networking and Security 4 Units
54 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Advisory: CISD 31
Network installation and management using Linux operating system and its security components. In-depth study of concepts TCP/IP, IP addressing, network protocols and servers, gateways, routers, bridges and applications. Creating Linux intranets and connecting to Internet.

CISN 41 — Novell/SUSE Linux Enterprise Server Administration 4 Units
54 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Advisory: CISD 15, CISD 11, OR CISN 21
Novell, Microsoft Windows, and Linux server network integrations. NDS (Novell Directory Services), server and client installation, shared resources, NDS and file system security, login script, network printing and management, ZEN (Zero Effort Network), IP subnet.
CISP 51 — Cisco CCNA Networking Fundamentals 4 Units
54 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Advisory: CISP 11 or CISP 24 or CISP 34 or CISP 41
Concepts of WAN (Wide Area Network) fundamentals, advanced IP subnet, TCP/IP, IPX/SPX, IGRP, EGP, and network design. Cisco configuration of IOS, router, access list, PPP, frame relay, routing protocols (Static Route, RIP, IGRP, EIGRP, and OSPF), switching and VLAN are included.

COMPUTER INFORMATION SYSTEMS: PROGRAMMING

CISP 11 — Basic Programming 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Advisory: CISB 11 OR CISB 15 or computer work experience
Programming using Visual Basic. Planning and writing object-oriented applications using Windows Forms and Web Forms; user interface design classes, objects, properties, methods and events; control structures; lists and arrays; printing and Print Preview; accessing a database.

CISP 14 — Advanced Basic Programming 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Advisory: CISP 11
Advanced computer programming concepts using Visual Basic as the programming language. Designing, coding, testing, and implementing event-driven programs; creating and updating sequential and random files; validating input data; trapping errors; designing, displaying, searching, and updating database tables; creating record sets using SQL, producing business graphics; using OLE objects and DLLs; distributing applications.

CISP 21 — Programming in Java 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Advisory: CISP 11 OR CISB 15
Programming using Java as the programming language. Design and develop object-oriented programs and Web-based applets; documentation and debugging techniques; user-interface, objects, properties, methods, and events; elementary control structures, lists, arrays, streams and serialization. Provides students with hands-on experience.

CISP 24 — Advanced Java Programming 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISP 21
Advanced object-oriented programming concepts and techniques in Java. Course is designed to teach serialization, multithreading, advanced Swing components, networking, server-side technology (servlets, RMI), JDBC, Java Beans, Security (PKI).

CISP 31 — Programming in C++ 4 Units
54 hours of lecture. 54 hours of lab.
Advisory: CISP 11 or CISP 21
Object-oriented programming using C++ as the programming language. Object-oriented design, documentation, and debugging techniques. Elementary control structures, classes, overload operators and functions, single and multiple inheritance.

CISP 34 — Advanced C++ Programming 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Advisory: CISP 31

CISP 41 — Programming in C# 4 Units
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture. 54 hours of lab.
Advisory: CISP 11
Plan, develop and debug C# applications using Windows Forms and Web Forms. Course covers loops, if statements, switch blocks, database connections, multiple forms, object-oriented programming concepts. Course taught in hands-on environment and requires projects implementing each concept.

CISP 44 — Advanced Programming in C# 4 Units
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture. 54 hours of lab.
Prerequisite: CISP 41 or industry experience in C#
Advanced programming concepts using C#. Designing, coding, testing and implementing object-oriented multi-tier applications; displaying, searching, and updating SQL/Client databases using Data Readers and Data Adapters with both Windows Forms and Web Forms; creating user controls, Web Services, and container classes classes; creating HTML help files, deploying applications, and developing mobile applications.

CISP 51 — Principles of Object-Oriented Design 2 Units
27 hours of lecture. 27 hours of lab.
Advisory: CISP 11 or CISP 21 or CISP 31
Provides instruction in object-oriented design and patterns, vital concepts for object-oriented programming language. Includes object-oriented design, patterns and UML within programming that will enable students to build large packages and business applications.

CISP 90T — Topics in Computer Programming 4 Units
(May be taken four times for credit.)
Degree Appropriate
54 hours of lecture. 54 hours of lab.
Covers special topics in computer programming providing opportunity to explore disciplines in greater depth. The content and methods of study vary from semester to semester depending upon the particular project and topics under consideration.

COMPUTER INFORMATION SYSTEMS: SECURITY

CISS 11 — Practical Computer Security 2 Units
27 hours of lecture. Degree Appropriate
27 hours of lab.
Advisory: CISB 11
Introductory course in computer security. Provides awareness for all computer users to protect user accounts and computer systems from attacks. Hands-on projects illustrate security software and hardware configuration.

CISS 13 — Principles of Information Systems Security 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISB 11
Introductory course in information systems security covering the ten domains needed for the Certified Information Systems Security Professional (CISSP).

CISS 15 — Operating Systems Security 4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: CISB 11, CISB 21
Advanced aspects of operating systems security: from how attackers operate to how viruses strike. Covers strengthening operating systems and repelling attacks. Fundamental knowledge of a full range of security concepts and techniques and application to different operating systems (Windows, Unix etc.).

CISS 21 — Network Vulnerabilities and Countermeasures 4 Units
54 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Concepts of network vulnerabilities from a hacker’s perspective. Addresses the latest cutting edge attacks and common attacks still prevalent though hands-on lab assignments; explores legal issues associated with computer network attacks; provides students knowledge to design, build and operate network systems to prevent, detect, and respond to attacks. Communication protocols, mediums, security classes, well-known ports and services, discovery and scanning techniques, port, socket and service vulnerability penetrations are some topics addressed.
**Course Descriptions**

**CISW 23 — Network Analysis and Intrusion Detection Systems** 4 Units
54 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Concepts of NIDS (network intrusion detection systems) and network protocol analyzing tools. Discusses qualities that go into a sound and appropriate NIDS in different scenarios. Hands-on practice of the tools such as Snort, EventThread, Sniffer, Etherereal, Windows Network Monitor, WildPackets TCPDUMP, WinDUMP, Dsniff and SniffIt to detect network attack and troubleshoot network problems.

**CISW 25 — Network Security and Firewalls** 4 Units
54 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Concepts of design and implementation of a secured network. Addresses an in-depth coverage of network security design, implementation and configuration of firewall and VPN in various environments and platforms, implementing security with Cisco routers, firewall log analysis, IPSec, SSH (Secure Shell), and secure Perimeter design. Lab assignments will provide hands-on practice in installing.

**COMPUTER INFORMATION SYSTEMS: WEB APPLICATIONS**

**CISW 11 — Introduction to Internet Technologies** 4 Units
54 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Overview of Internet concepts and how to use Internet technologies securely, including: e-mail, World Wide Web, chat, instant messaging, voice over IP, searching the Internet, file-sharing, streaming media, creating Web pages and Web sites, blogging, podcasting, wikis, RSS, social networking, multiplayer gaming, and e-commerce.

**CISW 21 — Web Programming** 4 Units
54 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Basic concepts of computer hardware and software. General computer organization and information representation. Binary and hexadecimal number systems. Algorithm design and problem-solving techniques. Introduction to programming using a high level language (C, C++, or Java.)

**CISW 24 — Secure Server Side Web Programming** 4 Units
54 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Advanced Web programming such as creating Web user interfaces like interactive CGI (Common Gateway Interface), programming databases, managing files, extracting information, report formatting, and accessing Web servers by using a Web scripting or programming language like PERL.

**CISW 31 — Web Servers** 4 Units
54 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Prerequisites: CISW 21 or CISW 31 Concepts and skills in planning, installing, and managing Web Servers like Apache, Jigsaw, MS Personal Web Server or IIS. Course topics include server installation, configuration, troubleshooting, performance monitoring, and security.

**CISW 41 — XML Secure Programming** 3 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisites: CISW 21 Principles, components and benefits of the Extensible Markup Language (XML), including advanced concepts of XPointers, XLink, and XSLT. Apply XML secure programming using DOM and SAX and standards such as Canonicalization, Signatures and Encryption.

**CISW 49 — Service Oriented Architecture Concepts** 3 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisites: CISW 21 Concepts and design principles of Service Oriented Architecture (SOA) and best practices on how to integrate SOA; XML technologies like DTD, XSD, XSLT, XKlib, and XSLT; Web Services technologies like WSDL, SOAP, and UDDI. Best practices on integrating SML and Web Services into applications and databases and enterprice level systems.

**CSCI 110 — Fundamentals of Computer Science** 3.5 Units
54 hours of lecture. Degree Appropriate, CSU, UC 27 hours of lab.
Prerequisites: MATH 131 or MATH 151A or MATH 151B or MATH 172 and equivalent
Introduction to the UNIX operating system, file systems, networking, system administration for UNIX.

**CSCI 120 — Assembly Language/Machine Architecture** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC 54 hours of lab.
Prerequisite: CSCI 110 Corequisite: CSCI 150L Organization and operation of real computer systems at the assembly level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.

**CSCI 150L — Assembly Language Laboratory** 1 Unit
CSCI 150 + 150L = CAN CSCI 10 Degree Appropriate, CSU, UC (May be taken for Credit/No Credit only.) 54 hours of lab.
Prerequisite: CSCI 150 and CSCI 150L Organization and operation of real computer systems at the assembly level using the Intel 80x86 family of processors; mapping statements and constructs in a high-level language onto sequences of machine instructions; internal representations of simple data types and structures; numerical computation, noting various data representation errors and potential procedural errors; investigation of basic principles of operating systems; and programming language translation process.

**CSCI 170 — Introduction to Unix Operating System** 3.5 Units
Fall Semester Degree Appropriate, CSU, UC 54 hours of lecture. 27 hours of lab.
Prerequisite: Completion of CSCI 110 Introduction to the UNIX operating system, system administration and networking. Topics include: process synchronization and communication mechanisms, process management, scheduling and protection, memory management, network administration, virtual memory, I/O devices and file systems, networking, and system administration for UNIX.
CSCI 190 — Discrete Mathematics Applied to Computer Science
4 Units
72 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: MATH 71 or equivalent
Provides students with the mathematical background necessary in Computer Science: set theory, logic, modular arithmetic, combinatorics, finite probability and graphs. Topics include propositional and predicate calculus, recursion, binary search trees and counting techniques.

CSCI 210 — Applied Logic for Computers
3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: CSCI 110
Basic concepts of digital systems, introduction to Boolean algebra, truth tables, Karnaugh maps, combinational elements and networks, state diagrams, state tables, sequential elements and networks.

CSCI 220 — Data Structures I
Fall Semester
3 Units
Degree Appropriate, CSU, UC
Prerequisite: CSCI 140 or CSCI 145
Corequisite: CSCI 220L
Abstract data types and running time analysis tools. Linear data structures including sets, stacks, queues, and linked lists. Trees, binary search trees, heaps, and priority queues. Many procedures are discussed using an algorithmic language and selected problems are programmed in a higher level language.

CORS 10 — Introduction to Correctional Sciences
3 Units
Spring Semester
Degree Appropriate, CSU
54 hours of lecture.
Overview of the field of corrections: county jail, probation, the California Youth Authority and the Department of Corrections as a member of the Criminal Justice System. Includes philosophy, past and the present practices and the criminal justice and correctional processes.

CORS 15 — Control and Supervision of the Offender
Fall Semester
3 Units
Degree Appropriate
54 hours of lecture.
Examine methods of controlling and supervising inmates. Emphasizes California's methods in rapidly-expanding institutions.

CORS 20 — Correctional Law
Spring Semester
3 Units
Degree Appropriate
54 hours of lecture.
Legal and due process rights for inmates. Inmate rights vs. needs of society. State, federal, and appellate court decisions.

CORS 25 — Probation and Parole
Fall Semester
3 Units
Degree Appropriate
54 hours of lecture.
Historical development of probation and parole with emphasis on current California programs. Defines the roles of courts, parole boards and the duties and responsibilities of the staff of probation and parole agencies.

CORS 30 — Ethnic Relations in Corrections
Spring Semester
3 Units
Degree Appropriate
54 hours of lecture.
A historical survey of minority roles, problems and relationships in America. Stresses cultural and racial differences and interpersonal relationships of correctional staff and clients.

CORS 35 — Interviewing and Counseling in Corrections
Spring Semester
3 Units
Degree Appropriate
54 hours of lecture.
Techniques of interviewing and counseling in the field of corrections with emphasis on practical application. Needs of the client and agency will be stressed.

CORS 40 — Crime and Delinquency
Spring Semester
3 Units
Degree Appropriate
54 hours of lecture.
Criminal behavior and types of crime and effects on society and victims. Stresses property crime, property offender, motivation, and methods of control used by society.

CORS 45 — The Violent Offender
Spring Semester
3 Units
Degree Appropriate
54 hours of lecture.
Violent crimes of felony assault, robbery, rape, the various types of homicide, and the characteristics of both the offender and the victim.

COUN 1 — Introduction to College
1 Unit
(May be taken two times for credit.) Degree Appropriate, CSU
18 hours of lecture.
Introduction to higher education and the college experience. Includes orientation to college life and higher education resources. Explores graduation, transfer, and career options, factors in educational decision making, and educational planning. Students who repeat this course will improve skills through further instruction and practice.

COUN 2 — College Success Strategies
3 Units
(May be taken for option of letter grade or Credit/No Credit.) Degree Appropriate, CSU, UC
54 hours of lecture.
Assists students in evaluating their readiness for a successful college experience. Explores strategies and techniques to be an effective college student, including time management, study skills, college resources, career exploration and educational planning. Develops skills necessary to reach educational and career goals.

COUN 5 — Career/Life Planning
3 Units
(May be taken for option of letter grade or Credit/No Credit.) Degree Appropriate, CSU
54 hours of lecture.
A systematic approach to self exploration and career life planning which includes: identification of values, interests, skills, and self management style. Development of decision making and goal setting skills and identification of barriers to success. Explores careers and job search techniques.
COURSE DESCRIPTIONS

COUN 51 — Career Planning 1 Unit
(May be taken two times for credit.) Degree Appropriate, CSU
(May be taken for Credit/No Credit only.)
18 hours of lecture.
Designed for students who want assistance in making career decisions. A variety of assessments, inventories, and computer generated information will be used in analyzing the student’s potential in the world of work. Students who repeat this course will improve skills through further instruction and practice.

COUN 54 — Single Parent Academy 3 Units
54 hours of lecture. Degree Appropriate
Develop personal, educational, and career life planning skills for single parents.

COUN 57 — College Orientation and Educational Planning 1 Unit
(May be taken two times for credit.) Degree Appropriate
Prepares students for the employment process including identification of goals and job skills, how to complete an application, prepare a resume and complete the interview process. Employment testing and the rights of employees and employers are also components of the course.

COUN 59 — Planning Your Job Search .5 Unit
(May be taken for option of letter grade or Credit/No Credit.)
9 hours of lecture.

COUN 99A — Special Projects in Counseling 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
18 hours of lecture.
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. Students must have an instructor’s authorization before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.

COUN 99B — Special Projects in Counseling 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
36 hours of lecture.
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. Students must have an instructor’s authorization before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.

DANCE: ACTIVITY

DNCE 1 — Ballet Fundamentals 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
72 hours of activity.
Introduces the fundamentals of ballet dance styles and an exploration of composition in the ballet dance form. Students who repeat this course will improve proficiency through continued instruction and practice.

DNCE 1-2 — Ballet Fundamentals .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Introduces the fundamentals of ballet and an appreciation of ballet as an art form. Students who repeat this course will improve skills through further instruction and practice.

DNCE 2A — Ballet I 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Basic vocabulary, technique, and movement combinations for ballet. Students who repeat this course will improve proficiency through continued instruction and practice.

DNCE 2A-2 — Ballet I .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.

DNCE 2B — Ballet II 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Intermediate technique, vocabulary and movement combinations for ballet. Students who repeat this course will improve proficiency through continued instruction and practice.

DNCE 2B-2 — Ballet II .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.

DNCE 3 — Ballet Performance 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Students who repeat this course will improve technical and compositional design. Students who repeat this course will improve skills through further practice and instruction.

DNCE 3-2 — Ballet Performance .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.

DNCE 4 — Choreography 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
108 hours of activity.
Prerequisite: DNCE 12A or DNCE 12B or DNCE 13
Designed for the experienced dancer to learn the techniques of choreography. Presents basic choreographic forms and compositional design. Students who repeat this course will improve technical and compositional skills through further practice and instruction.

DNCE 4-2 — Choreography .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
### DNCE 4-2 — Choreography .5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
36 hours of activity.  
**Prerequisite:** DNCE 12A or DNCE 12B or DNCE 13  
Designed for the experienced dancer to learn the techniques of choreography. Presents basic choreographic forms and compositional design. Students who repeat this course will improve technical and compositional skills through further practice and instruction.

### DNCE 4-3 — Choreography 1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
54 hours of activity.  
**Prerequisite:** DNCE 12A or DNCE 12B or DNCE 13  
Designed for the experienced dancer to learn the techniques of choreography. Presents basic choreographic forms and compositional design. Students who repeat this course will improve technical and compositional skills through further practice and instruction.

### DNCE 11A-2 — Social Dance Forms I .5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
36 hours of activity.  
Designed to teach basic social dance techniques. Focus on fundamentals of music, dance positions, dance formations and choreography to be used in the study of, but not limited to, Swing, Salsa, Waltz, Foxtrot and Tango. Students who repeat this course will improve proficiency through continued instruction and practice.

### DNCE 11B — Social Dance Forms II 1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
36 hours of activity.  
Advanced social dance technique. Focus on improving fundamentals of rhythm, dance positions, dance formations and introduction of advanced techniques to be used in the study of, but not limited to, Swing, Salsa, Foxtrot, Waltz, Folk, Polka, Cha Cha and Tango. Students who repeat this course will improve proficiency through continued instruction and practice.

### DNCE 12A — Modern I 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.) Degree Appropriate, CSU, UC  
54 hours of activity.  
Basic vocabulary, technique, and movement combinations for Modern dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 12A-2 — Modern I .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Basic vocabulary, technique and movement combinations for Modern dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 12B — Modern II 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Intermediate technique and movement combinations for modern dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 12B-2 — Modern II .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Intermediate technique and movement combinations for modern dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 12A-2 — Modern II .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Basic vocabulary, technique and movement combinations for Modern dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 13 — Modern Performance 2 Units  
(May be taken for option of letter grade or Credit/No Credit.)  
108 hours of activity.  
Introduces the experienced modern dance student to an overview of modern dance styles and choreography elements, enabling them to choreograph and perform. Students who repeat this course will improve proficiency through continued instruction and practice.

### DNCE 13-2 — Modern Performance .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Introduces the experienced modern dance student to an overview of modern dance styles and choreography elements, enabling them to choreograph and perform. Students who repeat this course will improve proficiency through continued instruction and practice.

### DNCE 13-3 — Modern Performance 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Introduces the experienced modern dance student to an overview of modern dance styles and choreography elements, enabling them to choreograph and perform. Students who repeat this course will improve proficiency through continued instruction and practice.

### DNCE 14A-2 — Jazz I .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Basic vocabulary, technique, movement combinations and routines for jazz dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 14A — Jazz I 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Basic vocabulary, technique, movement combinations and routines for jazz dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 14B — Jazz II 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Basic vocabulary, technique, movement combinations and routines for jazz dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 14B-2 — Jazz II .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Intermediate technique, movement combinations and routines for jazz dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 14B-2 — Jazz II .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Intermediate technique, movement combinations and routines for jazz dance. Students who repeat this course will improve skills through further instruction and practice.

### DNCE 15 — Jazz Performance 1 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Introduces the experienced dancer to the performance aspect of jazz dance by providing advanced techniques leading to the performance of compositions. Students who repeat this course will improve skills through further practice.

### DNCE 15-2 — Jazz Performance .5 Unit  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Introduces the experienced dancer to the performance aspect of jazz dance by providing advanced techniques leading to the performance of compositions. Students who repeat this course will improve skills through further practice.

</table>
DNCE 30 — Contemporary Dance  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(54 hours of activity.
Provides the beginning to advanced dancer the opportunity to experience different techniques of leading contemporary dancers and choreographers. Students who repeat this course will improve skills through further instruction and practice.

DNCE 30-2 — Contemporary Dance  0.5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(36 hours of activity.
Provides the beginning to advanced dancer the opportunity to experience different techniques of leading contemporary dancers and choreographers. Students who repeat this course will improve skills through further instruction and practice.

DNCE 31 — Classical Dance  2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(108 hours of activity.
Provides the proficient ballet student the opportunity to experience the different schools of ballet technique. Students who repeat this course will improve skills through further instruction and practice.

DNCE 31-2 — Classical Dance  0.5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(36 hours of activity.
Provides the proficient ballet dancer the opportunity to experience the different schools of ballet technique. Students who repeat this course will improve skills through further instruction and practice.

DNCE 31-3 — Classical Dance  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(54 hours of activity.
Provides the proficient ballet dancer the opportunity to experience the different schools of ballet technique. Students who repeat this course will improve skills through further instruction and practice.

DNCE 32 — Commercial Dance  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(54 hours of activity.
Provides the intermediate to advanced jazz dancer the opportunity to experience the different techniques of leading commercial dancers, teachers and choreographers. Students who repeat this course will improve skills through further practice.

DNCE 32-2 — Commercial Dance  0.5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(36 hours of activity.
Provides the intermediate to advanced jazz dancer the opportunity to experience the different techniques of leading commercial dancers, teachers and choreographers. Students who repeat this course will improve skills through further practice.

DNCE 33 — Improvisation  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(36 hours of activity.
Provides the opportunity to experience the creative process of improvisation in dance and choreography. For all levels of Modern Dance. Students who repeat this course will improve proficiency through continued instruction and practice.

DNCE 34 — Dance Directives  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(36 hours of activity.
Prerequisite: Admission by audition
Provides the intermediate or advanced student the practical experience to assist an instructor in the creation and instruction of a dance class. Students who repeat this course will improve proficiency through continued instruction and practice.

DNCE 35 — Repertory  2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(108 hours of activity.
Prerequisite: Admission by audition
Provides the opportunity for the advanced dancer to learn choreography and to perform repertory pieces at workshops and special events. Students who repeat this course will improve skills through further instruction and practice.

DNCE 39A — Alignment and Correctives I  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(54 hours of activity.
Based on exercises and concepts developed by Joseph Pilates. Includes basic “mat-work”, “floor-barre”, special conditioning exercises and body awareness resulting in improved alignment, strength, flexibility, control, coordination and breathing. The “mat-work” leads to apparatus work (on the professional reformer) emphasizing stretch, strength and trunk stability and alignment. Students who repeat this course will improve skills through further instruction and practice.

DNCE 39A-2 — Alignment and Correctives I  0.5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(36 hours of activity.
Based on exercises and concepts developed by Joseph Pilates. Includes intermediate and advanced “mat-work”. Focus will be primarily on apparatus work (on the professional reformer) developing in improved body alignment, strength, flexibility and control. Students who repeat this course will improve skills through further instruction and practice.

DNCE 39B — Alignment and Correctives II  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(54 hours of activity.
Advisory: DNCE 39A
Based on exercises and concepts developed by Joseph Pilates. Includes intermediate and advanced “mat-work”. Focus will be primarily on apparatus work (on the professional reformer) developing in improved body alignment, strength, flexibility and control. Students who repeat this course will improve skills through further instruction and practice.

DNCE 39B-2 — Alignment and Correctives II  0.5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(36 hours of activity.
Advisory: DNCE 39A
Based on exercises and concepts developed by Joseph Pilates. Includes intermediate and advanced “mat-work”. Focus will be primarily on apparatus work (on the professional reformer) developing in improved body alignment, strength, flexibility and control. Students who repeat this course will improve skills through further instruction and practice.

DNCE 40 — Conditioning Through Dance  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(54 hours of activity.
Improves fitness through the coordination of dance exercises. Focuses on strength, flexibility and range of motion. Designed for the non-dancer. However, balance and coordination will benefit dancer and non-dancer alike. Students who repeat this course will improve skills through further instruction and practice.
### Non-Degree Credit

**DNCE 40-2 — Conditioning Through Dance**  
(5 Unit) Degree Appropriate, CSU, UC  
(May be taken four times for credit.)  
Improves fitness through the coordination of dance exercises. Focuses on strength, flexibility and range of motion. Designed for the non-dancer. However, balance and coordination will benefit dancer and non-dancer alike. Students who repeat this course will improve skills through further instruction and practice.

### DANCE: THEORY

**DN-T 18 — Introduction to Dance**  
(3 Units)  
54 hours of lecture. Degree Appropriate, CSU, UC  
Advisory: Eligibility for ENGL 68  
A survey of the profession of dance and its various art forms through lecture, discussion, demonstration, and participation. Includes multicultural dance interpretations.

**DN-T 20 — History and Appreciation of Dance**  
(3 Units)  
54 hours of lecture. Degree Appropriate, CSU, UC  
Advisory: Eligibility for ENGL 68  
Survey of dance in western civilization. History of dance in chronological sequence emphasizing the cultural background and historical development of various forms and styles of dance to include discussion of the influence of dance on other art forms.

### DISABLED STUDENTS

**DSPS 10 — College Transition Strategies for Students with Disabilities**  
(3 Units)  
Formerly DSPS 61  
Non-Degree Credit  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of lecture.  
Advisory: Eligibility for READ 80  
Introduces students with disabilities to college, including campus resources and college success factors. Explores strategies for successful transition to college. Topics include self-advocacy, college resources, self-management, educational accommodations, effective learning methods, and goal setting.

**DSPS 11 — Assessment of Learning Disabilities**  
(1 Unit)  
Formerly DSPS 50  
Non-Degree Credit  
18 hours of lecture.  
Advisory: Approval by DSPS Counselor or DSPS Staff  
Introduction to types and causes of learning disabilities and the legal definition of “learning disabled.” Assessment according to statewide assessment procedures. Understanding learning patterns, identifying educational limitations, and evaluating appropriate support services. Orient students to Mt. SAC’s Learning Disability Program.

**DSPS 15 — Personalized Career Exploration for Students with Disabilities**  
(1 Unit)  
Formerly DSPS 65  
Non-Degree Credit  
(May be taken three times for credit.)  
18 hours of lecture.  
Self-evaluation including interests, experiences, personality, values, and disability-related limitations as they relate to educational and career decisions. Identification of skills and resources including those that relate to disability factors. Students who repeat this course will improve skills through further instruction and practice.

**DSPS 16 — Educational and Career Options for Students with Disabilities**  
(1 Unit)  
Formerly DSPS 66  
Non-Degree Credit  
(May be taken three times for credit.)  
18 hours of lecture.  
Students will identify educational and career options. Emphasis on strategies that facilitate disability-sensitive career and educational planning. Barriers to employment and other disability issues are addressed. Students who repeat this course will improve skills through further instruction and practice.

**DSPS 20 — Improving Spelling and Reading of Words**  
(3 Units)  
Pre-Collegiate  
(May be taken for Credit/No Credit only.)  
54 hours of lecture.  
Improve reading and spelling skills for multi-syllabic words. Includes sounding letters, oral movements, and common “rules” for reading and spelling words. Students who repeat this course will improve skills through further instruction and practice.

**DSPS 30 — Academic Success Strategies for Students with Disabilities**  
(1 Unit)  
Non-Degree Credit  
(May be taken four times for credit.)  
54 hours of lab.  
Improve subject-specific performance. Students who repeat this course will increase their subject-specific performance.

**DSPS 31 — Memory Strategies for Students with Disabilities**  
(3 Units)  
Non-Degree Credit  
(May be taken two times for credit.)  
54 hours of lecture.  
Principles of the memory process as it applies to academic coursework. Focus on understanding the memory process, improving specific memory components, identifying key concepts to memorize, and the independent application of memory strategies to students’ other academic courses. Students who repeat this course will improve skills through further instruction and practice.

**DSPS 52 — Cognitive Processing Skills**  
(1 Unit)  
Pre-Collegiate  
(May be taken for Credit/No Credit only.)  
54 hours of lab.  
Improves cognitive skills (attention, memory, thinking) essential for success in college coursework. Secondary emphasis on perceptual skills (visual-perceptual and auditory conceptualization) when problems in such skills affect academic performance. Students who repeat this course will improve skills through further instruction and practice.

**DSPS 53 — Understanding Language in Print**  
(3 Units)  
Pre-Collegiate  
(May be taken for Credit/No Credit only.)  
54 hours of lecture.  
Designed to improve the learning disabled student’s overall reading skills, especially in college level textbooks. Using a variety of printed materials and computer drills, student will strengthen his/her reading comprehension, textbook reading skills, and vocabulary skills. Students who repeat will continue to improve their reading skills.

**DSPS 54 — Producing Language in Print**  
(3 Units)  
Non-Degree Credit  
(May be taken for Credit/No Credit only.)  
54 hours of lecture.  
Designed for the student with specific learning disabilities. Emphasis will be on the types of writing problems that a learning disability may cause and the appropriate strategies for overcoming these problems. Students who repeat will continue to improve writing skills.

**DSPS 55 — Mathematical Concepts and Strategies for the Learning Disabled**  
(3 Units)  
Pre-Collegiate  
(May be taken for Credit/No Credit only.)  
54 hours of lecture.  
Designed for the student with a learning disability to master quantitative concepts and develop problem-solving skills in arithmetic. Additionally, the student will acquire learning strategies allowing them to function successfully upon qualification for a mainstream math class (MATH 50 or 51). Students who repeat this course will increase their math skills and proficiency through further instruction and practice.
Course Descriptions

DSPS 56 — Fundamental Reading Skills 3 Units
(May be taken three times for credit.) Pre-Collegiate
(May be taken for Credit/No Credit only.)
54 hours of lecture.
Designed to improve the reading comprehension of students who are deaf or hard of hearing. Emphasis will be placed on vocabulary development, learning meaning from context, and identifying the main idea. Students who repeat this course will improve skills through further instruction and practice.

DSPS 57 — Fundamental Grammar Skills 3 Units
(May be taken three times for credit.) Pre-Collegiate
(May be taken for Credit/No Credit only.)
54 hours of lecture.
Designed to improve the basic writing skills of students who are deaf or hard of hearing. Emphasis will be placed on spelling, grammar, vocabulary, and basic sentence structure. Students who repeat this course will improve skills through further instruction and practice.

DSPS 63 — Improving Communicative Effectiveness 3 Units
(May be taken four times for credit.) Non-Degree Credit
(May be taken for Credit/No Credit only.)
54 hours of lecture.
Develops effective communication skills for interpersonal communication and public presentations. Increases skills in effective listening, speaking conversationally, attending to the nonverbal and social “rules” of communication, and making oral presentations to a group. Prepares students for SPCH 1A or other speech classes. Students who repeat this course will improve skills through further instruction and practice.

DSPS 67 — Job Search for Students with Disabilities 1 Unit
(May be taken two times for credit.) Pre-Collegiate
(May be taken for Credit/No Credit only.)
18 hours of lecture.
Assists students with disabilities in conducting job searches. Addresses issues faced by students with disabilities, including the Americans with Disabilities Act, illegal questions about disabilities, and when and how to discuss appropriate on-the-job accommodations. Students who repeat this course will improve skills through further instruction and practice.

EDUC 16 — Aspects and Issues in Teaching Service Learning 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Advisory: Eligibility for ENGL 68
Survey of the teaching profession, providing students opportunities to explore aspects of the career, including teaching and learning styles, state content standards and testing, recent California and national legislation, social issues, school funding and teacher rights and responsibilities.

EDUC 11 — Technical Applications in Microcomputers 3 Units
(May be taken two times for credit.) Degree Appropriate
36 hours of lecture.
54 hours of lab.
Use of the personal computer (PC) in electronics for technically related applications. Includes word processing, spreadsheets, database, computer presentation methods, e-mail, and job searches. Students who repeat this course will improve skills through further instruction and practice.

ELEC 10 — Introduction to Education 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
An introduction to the field of education for students interested in teaching at the elementary or secondary level. Principles and issues are explored including: history, philosophy, politics of education, needs of learners, curricula and educational specialization. Course includes guidance in the selection of a future area of specialization as well as classroom observations.

ELEC 11 — Technical Applications in Microcomputers 3 Units
(May be taken two times for credit.) Degree Appropriate
36 hours of lecture.
54 hours of lab.
Advisory: ELEC 51, ELEC 56 taken prior
Use of the personal computer for simulation and troubleshooting of both analog and digital electronic circuits. Circuit analysis, value substitution, and fault diagnostics will be done with the emphasis on “Electronics Workbench/Multisim” software. Students who repeat this course will improve skills through further instruction and practice.

ELEC 12 — Computer Simulation and Troubleshooting 2 Units
(May be taken two times for credit.) Degree Appropriate
18 hours of lecture.
54 hours of lab.
Advisory: ELEC 51, ELEC 56 taken prior
Use of the personal computer for simulation and troubleshooting of both analog and digital electronic circuits. Circuit analysis, value substitution, and fault diagnostics will be done with the emphasis on “Electronics Workbench/Multisim” software. Students who repeat this course will improve skills through further instruction and practice.

EDUC 50A — Electronics Theory 2 Units
36 hours of lecture. Degree Appropriate, CSU
Advisory: Eligibility for MATH 51; ELEC 50AL, ELEC 61, ELM 65A taken concurrently
DC circuit theory covering resistive circuits, basic components, Ohm’s Law, Kirchoff’s Law, and network theorems. (Students seeking a survey course in electronics could take ELEC 90, Survey of Electronics, rather than ELEC 50A or 50B.)

EDUC 50AL — Electronics Laboratory 1 Unit
54 hours of lab. Degree Appropriate, CSU
Corequisite: ELEC 50A
Laboratory experiments in DC circuitry covering concepts presented in ELEC 50A. Emphasizes safety, troubleshooting, data collection and reporting, and test equipment.

EDUC 50B — Electronics Theory 2 Units
36 hours of lecture. Degree Appropriate, CSU
Advisory: ELEC 50A taken prior; ELEC 50BL, ELM 65B taken concurrently
AC circuit theory covering inductors, capacitors, impedance, filters, decibels, and resonance. Analysis involves the use of complex numbers. Stresses passive components.

EDUC 50BL — Electronics Laboratory 1 Unit
54 hours of lab. Degree Appropriate, CSU
Corequisite: ELEC 50B
Laboratory experiments in AC circuitry covering concepts presented in ELEC 50B. Emphasizes breadboarding skills, data collection and reporting, and test equipment.

EDUC 51 — Electronic Devices Theory 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: ELEC 50B taken prior and ELEC 51L taken concurrently
Solid-state devices and circuits, including BJTs and FET transistors, rectifiers, diodes, op-amps, voltage regulators, oscillators, and timers. Emphasizes configurations, classes, load lines, characteristics curves, gain, troubleshooting, and frequency response.

EDUC 51L — Electronic Devices Laboratory 1 Unit
54 hours of lab. Degree Appropriate, CSU
Advisory: ELEC 51 taken concurrently
Laboratory experiments in solid-state circuitry, covering concepts presented in ELEC 51. Emphasizes breadboarding skills, data collection and reporting, troubleshooting, and test equipment.

EDUC 53 — Communications Circuits Theory 3 Units
54 hours of lecture. Degree Appropriate
Advisory: ELEC 51 taken prior, ELEC 53L taken concurrently
Analog and digital communication circuits theory. Emphasizes analog and digital modulation principles in AM, FM, SSB, PLL, FDM, TDM, modems, fiber optics, and telecommunications circuits.

EDUC 53L — Communications Circuits Laboratory 1 Unit
54 hours of lab. Degree Appropriate
Advisory: ELEC 51 taken prior and ELEC 53 taken concurrently
Laboratory experiments in communication circuits covering concepts presented in ELEC 53. Emphasis is on proper use of test equipment, test procedures, breadboarding, and analysis in both analog and digital modulation circuits.

EDUC 54A — Industrial Circuits Theory 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: ELEC 51 taken prior and ELEC 54AL taken concurrently
Industrial electronic components and basic control circuits. Includes time delay controls, solid-state controls, relays, opto devices, DC motor control, transducers, SCR, and IGBT devices.

EDUC 54AL — Industrial Circuits Laboratory 1 Unit
54 hours of lab. Degree Appropriate, CSU
Corequisite: ELEC 54A
Laboratory experiments in industrial circuits, covering concepts presented in ELEC 54A. Emphasizes basic industrial control circuits, test equipment, and proper testing procedures.
### Course Descriptions

<table>
<thead>
<tr>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>ELEC 54B — Industrial Electronic Systems</strong></td>
<td>2</td>
<td>36 hours of lecture. Degree Appropriate, CSU Advisory: ELEC 54A taken prior; ELEC 54BL taken concurrently. Expands on circuit theory and demonstrates systems application of industrial electronics including robotics, industrial production, automation, programmable and motor controllers. Emphasis is on programmable logic controllers.</td>
</tr>
<tr>
<td><strong>ELEC 54BL — Industrial Electronic Systems Laboratory</strong></td>
<td>1</td>
<td>54 hours of lab. Degree Appropriate, CSU Corequisite: ELEC 54B Laboratory experiments in industrial control circuits, covering concepts presented in ELEC 54B. Includes troubleshooting procedures and system application of industrial electronics. Emphasizes programmable logic controllers and use of “ladder diagrams.”</td>
</tr>
<tr>
<td><strong>ELEC 55 — Microwave Communications</strong></td>
<td>3</td>
<td>54 hours of lecture. Degree Appropriate Advisory: ELEC 53 taken prior and ELEC 55L taken concurrently Microwave components, circuit theory, and their applications with emphasis on satellite technology. Stresses Gunn diode oscillators, transmission lines, waveguides, Smith Charts, components, amplification, frequency analysis, and measurement techniques.</td>
</tr>
<tr>
<td><strong>ELEC 55L — Microwave Communications Laboratory</strong></td>
<td>1</td>
<td>54 hours of lab. Degree Appropriate Advisory: ELEC 55 taken concurrently Laboratory experiments in microwave communication theory covering concepts presented in ELEC 55. Emphasizes data collection and reporting, measurement techniques, and test equipment.</td>
</tr>
<tr>
<td><strong>ELEC 56 — Digital Electronics</strong></td>
<td>3</td>
<td>54 hours of lecture. Degree Appropriate Advisory: ELEC 56L taken concurrently Combinational and sequential logic circuits emphasizing number systems, binary math, basic gates, Boolean algebra, Karnaugh maps, flip-flops, counters, and registers. Stresses design and troubleshooting techniques.</td>
</tr>
<tr>
<td><strong>ELEC 56L — Digital Electronics Laboratory</strong></td>
<td>1</td>
<td>54 hours of lab. Degree Appropriate Corequisite: ELEC 56 Laboratory experiments in combinational and sequential logic circuits covering concepts presented in ELEC 56. Emphasizes breadboarding skills, data collection and reporting, and test equipment.</td>
</tr>
<tr>
<td><strong>ELEC 60 — Customer Relations for the Technician</strong></td>
<td>1</td>
<td>(May be taken two times for credit.) 18 hours of lecture. Degree Appropriate (May be taken for Credit/No Credit only.) Customer relations (soft skills) for the technician including benefits of knowing and using effective customer contact tools, proper customer interactions, ethics, and maintaining customer satisfaction.</td>
</tr>
<tr>
<td><strong>ELEC 61 — Electronic Assembly and Fabrication</strong></td>
<td>2</td>
<td>(May be taken two times for credit.) 18 hours of lecture. Degree Appropriate, CSU 54 hours of lab. Assembly and fabrication techniques in basic soldering, de-soldering, and surface mount technology. Construction of coaxial and Category 5 cabling and connectors. Includes an overview of types of printed circuit board design. Students who repeat this course will improve skills through instruction and practice.</td>
</tr>
<tr>
<td><strong>ELEC 62 — Advanced Surface Mount Assembly and Rework</strong></td>
<td>2</td>
<td>(May be taken two times for credit.) Non-Degree Credit 18 hours of lecture. 54 hours of lab. Advisory: ELEC 61, ELEC 61L Advanced course in assembly and repair on surface mount assemblies. Prepares student for PACE surface mount assembly and rework certification. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td><strong>ELEC 74 — Microprocessor Systems</strong></td>
<td>3</td>
<td>54 hours of lecture. Degree Appropriate, CSU Advisory: ELEC 56 taken prior and ELEC 74L taken concurrently Emphasizes the software/hardware architecture for the typical microprocessor environment. The software instruction set and the hardware interface circuit design are covered for the microprocessor. Fundamentals and terms are covered for the personal computer (PC).</td>
</tr>
<tr>
<td><strong>ELEC 74L — Microprocessor Systems Laboratory</strong></td>
<td>1</td>
<td>54 hours of lab. Degree Appropriate, CSU Advisory: ELEC 74 taken concurrently Laboratory experiments in microprocessor programming and interfacing utilizing concepts presented in the lecture portion of this class. Emphasis is on the programming and debugging of software programs and interfacing circuits.</td>
</tr>
<tr>
<td><strong>ELEC 76 — Radio Telephone Communications</strong></td>
<td>3</td>
<td>(May be taken two times for credit.) Non-Degree Credit 54 hours of lecture. Prepares qualified electronic technicians for the F.C.C. and/or N.A.R.T.E. commercial licenses for technicians and engineers in the communications field. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td><strong>ELEC 81 — Laboratory Studies in Electronics Technology</strong></td>
<td>1</td>
<td>(May be taken two times for credit.) Degree Appropriate 54 hours of lab. Advisory: ELEC 50B taken prior or concurrently plus a laboratory course in the same subject field Extended laboratory experience supplementary to that available in the regular program. Allows the student to pursue more advanced and complex laboratory projects and experiments.</td>
</tr>
</tbody>
</table>

### Additional Courses

<table>
<thead>
<tr>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>ELEC 82 — Laboratory Studies in Electronics Technology</strong></td>
<td>2</td>
<td>(May be taken two times for credit.) Non-Degree Credit 108 hours of lab. Advisory: ELEC 50B taken prior or concurrently plus a laboratory course in the same subject field Extended laboratory experience supplementary to that available in the regular program. Allows student to pursue more advanced and complex laboratory projects and experiments.</td>
</tr>
<tr>
<td><strong>ELEC 90 — Survey of Electronics</strong></td>
<td>3</td>
<td>54 hours of lecture. Non-Degree Credit Overview of the electronics industry for those with no background in electronics. Includes electronic components, basic DC and AC circuits, solid-state devices, circuit theory, schematic diagrams, and their applications to the computer, industrial, and communication fields of electronics. Surveys employment opportunities, job descriptions, and degree requirements for various types of electronic jobs.</td>
</tr>
<tr>
<td><strong>ELEC 91 — Work Experience in Electronics</strong></td>
<td>1</td>
<td>(May be taken for Credit/No Credit only.) 75 hours of lab. Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog Advisory: ELEC 56 Provides actual on-the-job experience in Electronics at an approved work site which is related to classroom instruction. A minimum of five hours per week of supervised work (60 non-paid clock hours or 75 paid clock hours per semester) is required for each one unit of credit. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td><strong>ELEC 92 — Work Experience in Electronics</strong></td>
<td>2</td>
<td>Spring Semester Degree Appropriate (May be taken four times for credit.) (May be taken for Credit/No Credit only.) 150 hours of lab. Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog Advisory: ELEC 56 Provides actual on-the-job experience in Electronics at an approved work site which is related to classroom instruction. A minimum of five hours per week of supervised work (60 non-paid clock hours or 75 paid clock hours per semester) is required for each one unit of credit. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
</tbody>
</table>
ELEC 93 — Work Experience in Electronics 3 Units  
(May be taken four times for credit.)  
Degree Appropriate  
225 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog  
Advisory: ELEC 56  
Provides actual on-the-job experience in Electronics at an approved work site which is related to classroom instruction. A minimum of five hours per week of supervised work (60 non-paid clock hours or 75 paid clock hours per semester) is required for each one unit of credit.  
Students who repeat this course will improve skills through further instruction and practice.

ELEC 94 — Work Experience in Electronics 4 Units  
(May be taken four times for credit.)  
Degree Appropriate  
300 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog  
Advisory: ELEC 56  
Provides actual on-the-job experience in Electronics at an approved work site which is related to classroom instruction. A minimum of five hours per week of supervised work (60 non-paid clock hours or 75 paid clock hours per semester) is required for each one unit of credit.  
Students who repeat this course will improve skills through further instruction and practice.

ELECTRONICS CABLEING & WIRING TECHNOLOGY

ECWT 50 — Electrical Fundamentals for Cable Installations 4 Units  
54 hours of lecture.  
Degree Appropriate  
54 hours of lab.  
Electrical fundamentals for cable and wire installations, and other low voltage systems. Includes DC/AC, solid-state devices, digital and microprocessor devices and their application to cable installations.

ECWT 52 — Fabrication Techniques for Cable Installations 4 Units  
54 hours of lecture.  
Degree Appropriate  
54 hours of lab.  
Fabrication techniques used in the installation of home theater, computer networks, home automation, and other low voltage system applications. Emphasis on hand and power tools, construction methods and materials as they apply to cable and wire installations.

ECWT 54 — Cabling and Wiring Standards 4 Units  
54 hours of lecture.  
Degree Appropriate  
54 hours of lab.  
Advisory: ECWT 50, ECWT 52  
Cable and wire standards of video, voice, and data wiring for home theater, computer networks, home automation, telecommunications, and other low voltage system installations. Emphasis on copper wire, coax, fiber optic, and structured cables.

ECWT 56 — Home Theater and Home Automation Systems 4 Units  
54 hours of lecture.  
Degree Appropriate  
54 hours of lab.  
Advisory: ECWT 54  
Home theater, home automation, and other home management systems. Emphasis on home theater, home management PLCs, security hardware and programming, and the installation and servicing of such systems.

ELECTRONICS MATHEMATICS

ELMA 65A — Mathematics of Electronics 2 Units  
36 hours of lecture.  
Degree Appropriate, CSU  
Advisory: Eligibility for MATH 51; ELEC 50A taken concurrently  
Mathematics of DC circuits analyzing passive circuits including Ohm's Law, Kirchoff's Law, voltage dividers, current dividers, and network theorems.

ELMA 65B — Mathematics of Electronics 2 Units  
36 hours of lecture.  
Degree Appropriate, CSU  
Advisory: ELMA 65A taken prior; ELEC 50B taken concurrently  
Mathematics of AC circuits analyzing passive circuits including resistance, reactance, impedance, resonance, and complex numbers (polar and rectangular).

EMERGENCY MEDICAL SERVICE

EMS 1 — Fundamentals for Paramedics 4 Units  
(May be taken four times for credit.)  
72 hours of lecture.  
Prerequisite: Completed Paramedic Program application, current California EMT I (Basic) certificate, and six months employment as an EMT I  
Advisory: Eligibility for ENGL 68  
Overview of emergency medical services (EMS) competencies, current practices, medical terminology, emphasis applied on physiology and structure and function of human body systems. Pre-course for the Paramedic Program. Students who repeat this course will improve skills through further instruction and practice.

EMS 10 — Anatomy and Physiology for Paramedics 2 Units  
39 hours of lecture.  
Degree Appropriate  
Prerequisite: Admission to Paramedic Program and EMS 1  
Corequisite: EMS 20, EMS 30, EMS 40, EMS 50, and EMS 60  
Gross anatomy and physiology of the human body, with applications to paramedic practices.

EMS 20 — Emergency Cardiac Care for Paramedics 1 Unit  
20 hours of lecture.  
Degree Appropriate  
6 hours of lab.  
Prerequisite: Admission to the Paramedic Program  
Corequisite: EMS 10, EMS 20, EMS 30, EMS 40, EMS 50, and EMS 60  
Certifies paramedics in Basic Life Support (BLS-CPR), Pediatric Advanced Life Support (PALS), and Advanced Cardiac Life Support (ACLS).

EMS 30 — Pharmacology for Paramedics 2 Units  
39 hours of lecture.  
Degree Appropriate  
13 hours of lab.  
Prerequisite: Admission to the Paramedic Program  
Corequisite: EMS 10, EMS 20, EMS 40, EMS 50, EMS 60 taken concurrently  
Commonly used paramedic drugs, with emphasis on dosages supplied and ordered, routes of administration, expected therapeutic outcomes and possible adverse reactions.

EMS 40 — Cardiology for Paramedics 5 Units  
91 hours of lecture.  
Degree Appropriate  
Prerequisite: Admission to the Paramedic Program  
Corequisite: EMS 10, EMS 20, EMS 30, EMS 40, EMS 50, EMS 60 taken concurrently  
Familiarizes the paramedic with the normal and the diseased heart; includes assessment tools, interpretation of various dysrhythmias and appropriate paramedic interventions.

EMS 50 — Paramedic Skills Competency 4.5 Units  
52 hours of lecture.  
Degree Appropriate  
104 hours of lab.  
Prerequisite: Admission to the Paramedic Program  
Corequisite: EMS 10, EMS 20, EMS 30, EMS 40, and EMS 60  
Perfct the paramedic skills required for field operation as a paramedic and for certification in competency-based exams.

EMS 60 — EMS Theory for Paramedics 8.5 Units  
156 hours of lecture.  
Degree Appropriate  
Prerequisite: Admission to the Paramedic Program  
Corequisite: EMS 10, EMS 20, EMS 30, EMS 40, and EMS 50  
Theories and principles of paramedic practices, including assessment skills, care of the sick and injured at a paramedic level, with applications to anatomy and physiology, pathologic processes, and mechanism of injury.

EMS 70 — Paramedic Clinical Internship 3.5 Units  
(May be taken for Credit/No Credit only.)  
Degree Appropriate  
200 hours of lab.  
Corequisite: EMS 60 (May have been taken previously)  
Application of concepts of paramedic theory and practices, with emphasis on patient assessment and utilization of paramedic skills in a hospital setting.
Course Descriptions

EMS 80 — Paramedic Field Externship 8.5 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
480 hours of lab.
Prerequisite: Successful completion of Los Angeles County certifying examinations
Corequisite: EMS 70 (May have been taken previously)
Application of concepts of paramedic theory and practices, with emphasis on patient assessment and utilization of paramedic skills in a field setting on an operational paramedic unit.

EMR 1 — Introduction to Engineering 1 Unit
(May be taken for option of letter grade or Credit/No Credit.)
72 hours of lecture.
Prerequisite: CHEM 40 or 50 and PHYS 4A or 2AG
Mechanical, electrical, magnetic, optical and thermal properties of engineering materials and their relation to the materials’ internal structure. Atomic structure and bonding; crystalline structures; phase and phase diagrams; metals; polymers; ceramics; composites; mechanical deformation and fracture; structural control and influence of properties; materials naming and designating systems; corrosion process; lasers; semiconductors; electronic packaging materials.

EMR 18 — Introduction to Engineering Graphics 3 Units
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of lecture.
54 hours of lab.
Fundamental engineering graphics and problem solving techniques. Skills in freehand and instrument drawing are developed and applied to the solution of problems. Orthographic, isometric and oblique drawings.

ENG 18 — Introduction to Engineering Graphics 4 Units
Degree Appropriate
36 hours of lecture.
108 hours of lab.
Prerequisite: ENGR 18 and eligibility for MATH 51
Advisory: COMP 15A
Graphical expression through CAD, freehand sketching and instrument drawing; orthographic, isometric and oblique drawing and dimensioning, tolerancing, fasteners, cams, gears, pipe drawings. Descriptive geometry: points, lines and planes. Intersections and developments of solids; sheet metal, electrical and civil engineering; surveying drawings.

ENG 24 — Engineering Graphics 4 Units
(CAN ENGR 2) Degree Appropriate, CSU, UC
36 hours of lecture.
108 hours of lab.
Prerequisite: ENGR 18 and eligibility for MATH 51
Advisory: COMP 15A
Graphical expression through CAD, freehand sketching and instrument drawing; orthographic, isometric and oblique drawing and dimensioning, tolerancing, fasteners, cams, gears, pipe drawings. Descriptive geometry: points, lines and planes. Intersections and developments of solids; sheet metal, electrical and civil engineering; surveying drawings.

ENG 40 — Statics 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Spring Semester
Prerequisite: PHYS 4A

ENG 41 — Dynamics 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: ENGR 40

ENG 42 — Mechanics of Materials 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: ENGR 40

ENG 43 — Statics and Dynamics 4 Units
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: PHYS 4A
Advisory: Eligibility for ENGL 68
Statics and dynamics of particles and rigid bodies. Statics, kinematics and kinetics of particles and rigid bodies. Applications of Newton’s Laws, work energy, and impulse-momentum methods.

ENG 44 — Electrical Engineering 4 Units
(CAN ENGR 6) Degree Appropriate, CSU, UC
36 hours of lecture.
Spring Semester
Prerequisite: ENGR 6
Introduction to electrical circuit analysis; systems of units; applications of Kirchhoff’s Laws and Thévenin’s Theorems to D-C and A-C circuits. Mesh and nodal analysis; RL and RC transients; phasors and steady-state sinusoidal analysis; response as a function of frequency; current, voltage, and power relationships; polyphase circuits; periodic forcing functions; Norton’s Theorem; three-phase circuits.

EDT 11 — Technical Engineering Drawing I 3 Units
Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.
Advisory: Eligibility for MATH 51
Basic skills for a solid foundation in the Engineering Drawing or Computer-Aided Design fields. Involves application, basic sketch, theories and design processes used in engineering and industrial drawings. Completion of a portfolio is a requirement of this course.

EDT 12 — Technical Engineering Drawing II 3 Units
Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.
Advisory: EDT 11
Advanced applications, automated techniques, dimensioning, tolerancing, fasteners, piping, circuit board design, theory used in engineering and industrial drawings. Students will complete a set of working drawings in either manual or CAD for inclusion in a portfolio.
EDT 14 — Mechanical Design – Geometric Dimensioning and Tolerancing
36 hours of lecture. Degree Appropriate, CSU
72 hours of lab.
Advisory: EDT 11, EDT 12
Use of symbols for tolerance of form and tolerance of position and drawing requirements with respect to actual function and relationship of part features. Studies of related terminology, power transmission, bearing and mechanical devices, related exercises including design layout, details and assembly drawings. Completion of a portfolio is a requirement of this course.

EDT 16 — Basic CAD and Computer Applications
4 Units
(May be taken two times for credit.) Degree Appropriate, CSU
54 hours of lecture.
54 hours of lab.
Advisory: Eligibility for MATH 51
Basic CAD (Computer Aided Design and Drafting) and computer application in architecture, engineering and related fields (including basic word processing, spreadsheet, CAD and presentation applications). Students who repeat this course will improve skills through further instruction and practice.

EDT 18 — Engineering CAD Applications
4 Units
(May be taken three times for credit.) Degree Appropriate, CSU
54 hours of lecture.
54 hours of lab.
Advisory: EDT 11, EDT 16
Intermediate CAD for engineering, explores the 2-D and 3-D environments, 3-D parametric solid modeling, file manipulation related to Windows platforms. Students who repeat this course will improve proficiency and skill levels.

EDT 20 — Technical Descriptive Geometry
3 Units
Spring Semester Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.
Advisory: EDT 11
Advanced course for solving visual and spatial problems graphically. Applies the principles of orthographic projection and 3-D visualization to solve problems that involve lines, planes, intersections, auxiliary views, and developments. A time saving skill necessary for prospective engineers and technology students.

EDT 24 — Engineering CAD 3-D Solids and Surfaces
3 Units
(May be taken two times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.
Advisory: EDT 18
Advanced engineering CAD for developing detailed working drawings in 3-D environments, incorporating 3-D parametric solid modeling, bill of materials and surface development. Students who repeat this course will improve proficiency and skill levels.

EDT 26 — Civil Engineering Technology and CAD
3 Units
36 hours of lecture. Degree Appropriate, CSU
72 hours of lab.
Advisory: EDT 11, EDT 16
Theory of civil engineering projects with hands-on instruction in civil drawings and Computer Aided Drafting and Design (CAD) applications. Layout, topography maps, grading plans, sections, street improvements, and interpretation of surveyor's data are covered. Set of CAD drawings produced for a final portfolio.

EDT 28 — Engineering CAD 3-D Illustration/Animation
3 Units
(May be taken three times for credit.) Degree Appropriate, CSU
36 hours of lecture.
72 hours of lab.
Advisory: EDT 18
Advanced CAD course in three-dimensional illustration using complex entities, shading, and animation techniques. A completed video portfolio will be developed. (SolidWorks, 3DS Max, Adobe PS). Students who repeat this course will improve skills through further instruction and practice.

EDT 89 — Engineering Design Technology Work Experience
1 Unit
(May be taken for Credit/No Credit only.) Degree Appropriate, CSU
75 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.
Provides on-the-job experience in Engineering Design Technology at an approved work site using skills and knowledge from classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. This course is available to students achieving advanced standing (minimum 12 units in major or equivalent experience.) Students who repeat this course will improve skills through further instruction and practice.

EDT 90 — Engineering Design Technology Work Experience
2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
150 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog.
Provides on-the-job experience in Engineering Design Technology at an approved work site using skills and knowledge from classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. This course is available to students achieving advanced standing (minimum 12 units in major or equivalent experience.) Students who repeat this course will improve skills through further instruction and practice.

ENGL 1A — Freshman Composition
4 Units
(CAN ENGL 2) Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: ENGL 68 or satisfactory score on the English Placement Test.
Develops effective expository writing skills; investigates the principles and methods of composition as applied to the writing of essays and the research paper; emphasizes critical reading of academic material.

ENGL 1AH — Freshman Composition – Honors
4 Units
(CAN ENGL 2) Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: Acceptance into the Honors Program.
Develops effective expository writing skills; investigates the principles and methods of composition as applied to the writing of essays and the research paper; emphasizes critical reading of academic material. An honors course designed to provide an enriched experience. Students may not receive credit for both ENGL 1A and ENGL 1AH.

ENGL 1B — English – Introduction to Literary Types
3 Units
(CAN ENGL 4) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: ENGL 1A or ENGL 1AH.
Critical, oral and written evaluation, analysis, and interpretation of short and long fiction, poetry, and drama. Develops a foundation for personal, cultural and intellectual growth.

ENGL 1BH — English – Introduction to Literary Types – Honors
3 Units
(CAN ENGL 4) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: ENGL 1A or ENGL 1AH and acceptance into the Honors Program.
Critical, oral and written evaluation, analysis and interpretation of short and long fiction, poetry and drama. Develops a foundation for personal, cultural, and intellectual growth. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both ENGL 1B and ENGL 1BH.

ENGL 1C — Critical Thinking and Writing
4 Units
72 hours of lecture.
Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A or ENGL 1AH.
Develops critical thinking, reading, and writing skills beyond the level achieved in ENGL 1A. Increases the student’s capacity for logical analysis and argumentative writing.
Course Descriptions

ENGL 1CH — Critical Thinking and Writing — Honors 4 Units
72 hours of lecture.
Prerequisite: ENGL 1A or ENGL 1AH and acceptance into the Honors Program
Develops critical thinking, reading, and writing skills beyond the level achieved in ENGL 1A. The course will increase the student's capacity for logical analysis and argumentative writing. An honors course designed to provide an enriched experience. Students may not receive credit for both ENGL 1C and ENGL 1CH.

ENGL 8A — Creative Writing — Fiction 3 Units
(CAN ENGL 6) Degree Appropriate, CSU, UC
ENGL 8A or ENGL 8B = CAN ENGL 6
(May be taken two times for credit.)
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Prerequisite: ENGL 1A or ENGL 1AH
Emphasizes the student's development as a writer of fiction. Students will learn processes, techniques, and improve skills through practice and discussion.

ENGL 8B — Creative Writing — Poetry 3 Units
(CAN ENGL 6) Degree Appropriate, CSU, UC
ENGL 8A or ENGL 8B = CAN ENGL 6
(May be taken two times for credit.)
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Prerequisite: ENGL 1A or ENGL 1AH
Emphasizes the student's development as a poet. Students who repeat this course will improve skills through further instruction and practice.

ENGL 9 — Writing the Personal Journal 3 Units
(May be taken two times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Prerequisite: Eligibility for ENGL 1A
A unique method of personal exploration through writing a journal. The journal method will be patterned after Dr. Ira Progoff's concept of personal exploration.

ENGL 10 — Writing Enhancement 1 Unit
(May be taken three times for credit.) Non-Degree Credit
(May be taken for option of letter grade or Credit/No Credit.)
18 hours of lecture.
Linked with a corresponding English course, this course provides hands-on writing activities designed to enhance student success and abilities in the linked course. Supplemental learning activities such as individualized instruction, individualized, self-paced practice, group work and student presentations. Students who repeat this course will improve skills through further instruction and practice.

ENGL 64 — Writing Effective Sentences 1 Unit
(May be taken two times for credit.) Pre-Collegiate
Prerequisite: Eligibility for ENGL 67
18 hours of lecture.

ENGL 65 — Grammar Review 1 Unit
(May be taken two times for credit.) Pre-Collegiate
Prerequisite: Eligibility for ENGL 67
A review of the fundamentals of English for the student who needs practical course focusing on usage and grammar: case, agreement, verbs, adjectives, adverbs, possessives, and punctuation. Students who repeat this course will improve skills through further instruction and practice.

ENGL 66 — Paragraph Writing 1 Unit
(May be taken two times for credit.) Pre-Collegiate
Prerequisite: Eligibility for ENGL 67
18 hours of lecture.

ENGL 67 — English — Writing 3 Units
(May be taken two times for credit.) Pre-Collegiate
Prerequisite: Eligibility for ENGL 67
54 hours of lecture.
Prerequisite: Satisfactory score on the English Placement Test or completion of AMLA 42W or completion of LERN 81
Using an integrated approach, develops effective writing based on reading; emphasizing the sentence, the outline, the summary, and the paragraph and an introduction to the essay. Gives attention to grammar, punctuation and vocabulary. Develops critical thinking through reading comprehension in conjunction with related writing. Students who repeat this course will improve skills by further instruction and practice.

ENGL 68 — English — Writing 3 Units
(May be taken two times for credit.) Degree Appropriate
Prerequisite: ENGL 67 or satisfactory score on the English Placement Test or completion of AMLA 43W
54 hours of lecture.

FCS 41 — Life Management 3 Units
54 hours of lecture.
Prerequisite: ENGL 1A
Life management provides individuals with skills for understanding and using resources for effective functioning now and in the future. Explores theories of management including systems thinking and applies to the day-to-day use of one's resources including time, energy, abilities, and money. Major topics include steps in goal setting; problem solving and value clarification; time, energy, stress, and conflict management; effect of cultural forces and future trends on goals, values, standards, and time management.

- **Course Descriptions**

**FASH 8** - Introduction to Fashion  
3 Units  
Degree Appropriate, CSU  
Formerly FASH 60  
(CAN FCS 22)  
54 hours of lecture.  
Examines scope of the fashion industry from concept to consumer: industry background and technology. Includes design, manufacturing, distribution, sales and promotion with emphasis on career opportunities and qualifications.

**FASH 9** - History of Costume and Fashion  
3 Units  
Degree Appropriate, CSU  
Formerly FASH 61  
54 hours of lecture.  
A survey of Western costume and fashion from antiquity to contemporary times. Emphasis is placed on style development as it relates to social, economic and political forces, and the relationship of historic styles to current fashion.

**FASH 10** - Clothing Fundamentals  
3 Units  
Degree Appropriate, CSU  
36 hours of lecture.  
54 hours of lab.  
Development of a basic understanding of industry standard apparel construction techniques using a variety of machines and equipment. Included are marker preparation, commercial patterns, basic block fusing, and garment construction of slim skirt/pants, dress/shirt, and knit "T" shirt.

**FASH 12** - Advanced Clothing  
3 Units  
Degree Appropriate, CSU  
54 hours of lab.  
Prerequisite: FASH 10  
Industry-quick alternatives to traditional construction and tailoring techniques using overlock and single needle machines. Hands-on experience using woven fabrics for tailored clothing and novelty knits.

</table>
FIRE TECHNOLOGY

FIRE 1 — Fire Protection Organization 3 Units
54 hours of lecture. Degree Appropriate, CSU
Career options and opportunities in fire protection and related fields; history of fire protection, fire loss analysis, public, quasi-public and private fire protection services; specific fire protection functions; fire chemistry and physics.

FIRE 2 — Fire Prevention Technology 3 Units
54 hours of lecture. Degree Appropriate, CSU
Introduction and history of fire prevention, including codes, ID and correction of hazards, investigation, and safety education.

FIRE 3 — Fire Protection Equipment and Systems 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1
The course includes a study of portable fire extinguishing equipment, sprinkler systems, protection systems for special hazards, fire alarm and detection systems.

FIRE 4 — Building Construction for Fire Protection 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1
Theory and practices of fire protection, including fire protection laws, water systems and public fire protection systems; fire protection in buildings and open areas.

FIRE 5 — Fire Behavior and Combustion 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1
Theory of how and why fires start, spread and are controlled; in depth study of fire chemistry and physics, fire characteristics of materials, extinguishing of materials, extinguishing agents and fire control techniques.

FIRE 6 — Hazardous Materials/ICS 3 Units
54 hours of lecture. Degree Appropriate
Advisory: FIRE 1
Hazardous chemicals, their physical properties, use in industry, characteristics when involved in spills, fire, and accidents. Information regarding emergency procedures, legal requirements, compliance to regulations, health effects and treatment, fire department protocols and responsibilities.

FIRE 7 — Fire Fighting Tactics and Strategy 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1 or equivalent taken prior
Principles of fire control through utilization of manpower, equipment and extinguishing agents, fire command and control procedures, utilization on types of building construction in fire control, review of fire chemistry, pre-fireplanning, organized approach to decision making on the fire scene, basic fire fighting tactics and strategy.

FIRE 8 — Fire Company Organization and Management 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1 or equivalent taken prior
Fire department and company organization, the company officer, personnel administration and communication as it impacts fire equipment, maintenance, training, fire prevention, fire fighting, company fire fighting capabilities, records and reports.

FIRE 9 — Fire Hydraulics 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1 or equivalent taken prior and eligibility for MATH 51
Review of basic mathematics, hydraulic laws and formulas as applied to fire service, application of formulas and mental calculation to hydraulic problems, water supply problems, underwriter requirements for pumps.

FIRE 10 — Arson and Fire Investigation 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1 or equivalent taken prior
Introduction to cause, origin, arson, incendiarism, related laws and types of incendiary fires. Methods of determining fire cause, recognizing and preserving evidence, interviewing and detaining witnesses, procedures for handling juveniles, court procedure and testimony.

FIRE 11 — Fire Apparatus and Equipment 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: FIRE 1 or equivalent taken prior
Mechanized equipment operated by the fire service personnel and regulations pertaining to their use. Includes driving laws, driving techniques, construction and operation of pumping engines, ladder trucks, aerial platforms, specialized equipment, and apparatus maintenance.

FIRE 12 — Wildland Fire Control 4 Units
80 hours of lecture. Degree Appropriate, CSU
Advisory: Eligibility for ENGL 68
Addresses wildland fire behavior, safety considerations, strategy, tactics, and operational differences within the wildland urban interface.

FIRE 20 — Fire Instructor 1A 2 Units
40 hours of lecture. Degree Appropriate
Advisory: FIRE 86 or equivalent taken prior
State Board of Fire Service accredited course in fire service instructional techniques, including lesson plan development, performance goals, evaluation techniques, instructor performance goals, instructor responsibilities, the learning process, instructional aids and training records. This course applies to California Fire Service Training and Education System certifications.

FIRE 21 — Fire Instructor 1B 2 Units
40 hours of lecture. Degree Appropriate
Advisory: FIRE 21 or equivalent taken prior
Level II preparation for fire science instructors training officers with emphasis on techniques of evaluation, test planning, constructing and using manipulative tests, test analysis, critiques, test security and records. A State Board of Fire Science accredited course.

FIRE 22 — Fire Instructor 2A 2 Units
40 hours of lecture. Degree Appropriate
Advisory: FIRE 21 or equivalent taken prior
Organizational communication skills for training officers with emphasis on leadership, interpersonal relations, developing and conducting staff meetings, assertive and argumentative presentations and encouraging staff participation. A State Board of Fire Science accredited course.

FIRE 23 — Fire Instructor 2B 2 Units
40 hours of lecture. Degree Appropriate
Advisory: FIRE 21 or equivalent taken prior
Preparation for fire personnel instructor/training officer. Principles of media use in the instruction process, selection of audio-visual and instructional media, employment of basic advanced forms of instructional media, use of computers in the instructional process, individual instructional programs. A State Board of Fire Science accredited course.

FIRE 30 — Fire Management 1 2 Units
40 hours of lecture. Degree Appropriate
Advisory: FIRE 8 or FIRE 86 or equivalent taken prior
State Board of Fire Services accredited course in fire management designed to develop an understanding of the changing role of the fire officer, building leadership skills, appraising and developing employee performance and communication skills.

</tbody>
</table>
FIRE 61 — Fire Investigation 1B 2 Units
40 hours of lecture.
Degree Appropriate
Advisory: FIRE 60 or equivalent taken prior
Level I California Fire Service Training and Education System certified course designed for firefighters and investigation personnel. Includes juvenile fire setter, report writing, evidence preservation and collection, interview techniques, motives and fatalities.

FIRE 62 — Fire Investigation 2A — Fire Cause Determination 1 2 Units
40 hours of lecture.
Non-Degree Credit
Advisory: FIRE 60, FIRE 61
Designed for in-service fire personnel completing their Fire Investigation II Certification and provides the information to successfully investigate, apprehend, and convict arsonists.

FIRE 63 — Fire Investigation 2B — Fire Cause Determination 2 2 Units
40 hours of lecture.
Non-Degree Credit
Advisory: FIRE 61 and FIRE 62
Designed for in-service fire personnel completing their Fire Investigation II Certification that builds on the Fire Investigation 1 course (FIRE 62).

FIRE 68 — Title 19/24 Workshop 1 Unit
(May be taken for Credit/No Credit only.)
Degree Appropriate
24 hours of lecture.
Advisory: FIRE 40 or equivalent taken prior
California Fire Service Training and Education System certified accredited course in fire prevention for fire personnel. Includes standards required for understanding, interpreting and applying State Fire Marshall's Regulation requirements based on type of occupancy, construction, fire extinguishing systems, exits, alarm systems and institutional occupancies.

FIRE 85 — Special Issues in Fire Technology 2 Units
(May be taken four times for credit.)
Degree Appropriate
36 hours of lecture.
Develops knowledge and techniques to enable fire service employees to understand and handle the special problems that arise in various phases of the fire science. Special emphasis will be placed on a particular problem as the need arises. Students who repeat this course will improve skills through further instruction and practice.

FIRE 86 — Basic Fire Academy 12 Units
138 hours of lecture.
Degree Appropriate
382 hours of lab.
Prerequisite: FIRE 1 through FIRE 6 or equivalent, PE 50 or equivalent, EMT certified, and either PE-F 50 or PE-F 51 or PE-F 52 (or equivalent)
Corequisite: PE-F 53

FIRE 88 — Explorer Fire Academy 2 Units
Spring Semester
Non-Degree Credit
(May be taken for Credit/No Credit only.)
22 hours of lecture.
48 hours of lab.
Specialized Fire Academy designed for fire explorers. Instruction in the proper use of fire and rescue apparatus and equipment and fire extinguishing techniques in accordance with the State of California Fire Marshall's Office.

FIRE 89 — Firefighter Exam Preparation .5 Unit
Non-Degree Credit
(May be taken for Credit/No Credit only.)
8 hours of lecture.
Prepares applicants for entry-level firefighter positions for the CWH Research Inc. Firefighter Exam, offered in conjunction with the Los Angeles Area Fire Chief’s Association. Two four-hour sessions including administration of written examination.

FIRE 91 — Fire Academy Ladders 1 Unit
Summer Semester
Non-Degree Credit
(May be taken for Credit/No Credit only.)
8 hours of lecture.
32 hours of lab.
Intensive training in ladder manipulation to prepare students for Fire Academy and physical fitness tests given by the fire departments.

FIRE 96 — Work Experience Fire Science 2 Units
Degree Appropriate
(May be taken four times for credit.)
150 hours of activity.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
Work experience in fire service at an approved work site which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. This course is available to students achieving a minimum of 12 units in fire service. Students who repeat this course will improve skills through further instruction and practice.

FRCH 1 — Elementary French 4 Units
(CAN FREN 2)
Degree Appropriate, CSU, UC
FRCH 1+2 = CAN FREN SEQ A
72 hours of lecture.
Intended for students without previous exposure to French. Begins to develop the ability to converse, read and write in French. Emphasis is on oral proficiency. Includes the study of principles of language learning, pronunciation, basic vocabulary and grammatical structures. Extensive exposure to the cultures of French-speaking countries.

FRCH 2 — Continuing Elementary French 4 Units
(CAN FREN 4)
Degree Appropriate, CSU, UC
FRCH 1+2 = CAN FREN SEQ A
72 hours of lecture.
Prerequisite: FRCH 1 or two years of high school French or equivalent
Further development of conversational, reading and writing skills in French, with emphasis on communicative skills, expansion of vocabulary and understanding of structure. Extensive exploration and analysis of the cultures of French-speaking countries.

FRCH 3 — Intermediate French 4 Units
(CAN FREN 8)
Degree Appropriate, CSU, UC
FRCH 3+4 = CAN FREN SEQ B
72 hours of lecture.
Prerequisite: FRCH 2 or equivalent
Expansion of vocabulary and structural components. Further development of communicative proficiency with increasing emphasis on reading and writing. Extensive exposure to culture from France and other French-speaking countries.

FRCH 4 — Continuing Intermediate French 4 Units
(CAN FREN10)
Degree Appropriate, CSU, UC
FRCH 3+4 = CAN FREN SEQ B
72 hours of lecture.
Prerequisite: FRCH 3 or equivalent
Continued development of competencies with the goal of attaining intermediate high-level proficiency in French. Increasing emphasis on reading and writing. Extensive exposure to cultural elements such as art, music, film, and history from France and other French-speaking countries.
Course Descriptions

FRCH 5 — Advanced French 4 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
72 hours of lecture.
Prerequisite: FRCH 4 or equivalent
Provides further insight into the cultures of France and other French-speaking countries to reach an advanced level of proficiency in the language. Includes analysis of short literary works from diverse cultures, and group discussions about contemporary topics found in films and newspaper articles.

FRCH 6 — Continuing Advanced French 4 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
72 hours of lecture.
Prerequisite: FRCH 5 or equivalent
Extensive reading and analysis of short literary works from diverse French and French-speaking cultures. Discussion of films, newspaper articles and contemporary topics. Develops fluency in French through group discussions, oral presentations, and writing.

FRCH 35 — French Language Laboratory .5 Unit
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
27 hours of lab.
An independent study laboratory course for students who wish to improve their skills in French; may supplement any other French course. Requires 24 hours in the language laboratory to receive credit. Students who repeat this course will improve skills through further instruction and practice.

FRCH 52 — Conversational French 1 3 Units
Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Prerequisite: FRCH 1 or equivalent
Development of intermediate level conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to French culture. Grammar is presented in context.

FRCH 53 — Intermediate Conversational French 3 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Prerequisite: FRCH 2 or FRCH 52 or equivalent
Develops intermediate level fluency through expansion of vocabulary and practical use of language.

FRCH 54 — Continuing Intermediate Conversational French 3 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Prerequisite: FRCH 3 or FRCH 53 or equivalent
Develops intermediate-high fluency through further expansion of vocabulary and practical use of language. Students who repeat this course will improve skills through further instruction and practice.

FRCH 60 — French Culture Through Cinema 3 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
French culture and history as presented in classic and recent French films. Analysis of characters and political, social and artistic movements in France and other Francophone countries as reflected in the works of French-speaking film directors and writers. Lectures and class discussions conducted in English. All films with English subtitles.

GEOGRAPHY

GEOL 1 — Elements of Physical Geography 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Study of the natural processes that create the Earth's varying physical environments with emphasis on the inter-relationships of natural processes and systems. General atmospheric circulation, Earth-sun relationships, oceanic circulation, water and energy budgets, plate tectonics, and the shaping of the physical landscape.

GEOL 1H — Elements of Physical Geography — Honors 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
Study of the natural processes that create the Earth's varying physical environments with emphasis on the inter-relationships of natural processes and systems. General atmospheric circulation, Earth-sun relationships, oceanic circulation, water and energy budgets, plate tectonics, and the shaping of the physical landscape. An honors course designed to provide an enriched experience. Students may not receive credit for both GEOG 1 and GEOL 1H.

GEOL 1L — Physical Geography Laboratory 1 Unit
Degree Appropriate, CSU, UC
Corequisite: GEOG 1 or GEOG 1H
54 hours of lab.
Observations, experiments and demonstrations in a laboratory setting to explore natural earth processes and systems.

GEOL 1LH — Physical Geography Laboratory — Honors 1 Unit
Degree Appropriate, CSU, UC
Corequisite: GEOG 1 or GEOG 1H
54 hours of lab.
Observations, experiments and demonstrations in a laboratory setting to explore natural earth processes and systems. An honors course designed to provide an enriched experience. Students may not receive credit for both GEOG 1L and GEOL 1LH.

GEOL 2 — Human Geography 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Introduction to human geography with emphasis on critical areas of inquiry and research. Focus on the interconnections of place and process in several sites around the globe; comprehension of important terms and concepts; and basic literacy in the geography of place names and in world regional understanding.

GEOL 2H — Human Geography — Honors 3 Units
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
Introduction to human geography with emphasis on critical areas of inquiry and research. Focus on the interconnections of place and process in several sites around the globe; comprehension of important terms and concepts; and basic literacy in the geography of place names and in world regional understanding. An honors course designed to provide an enriched experience. Students may not receive credit for both GEOG 2 and GEOL 2H.

GEOL 3 — Map Reading and Interpretation 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Provides basic map reading skills with an emphasis on map projections, earth grid systems, principles of map reading, interpretation and use of an atlas. Introduction to skills needed to use and appreciate maps as a form of communication and as a research tool.

GEOL 4 — World Regional Geography 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Advisory: Eligibility for ENGL 68
Developmental study of the world's regions, addressing the major countries in terms of population, resources, economic development, physical environment, and geographic problems.

GEOL 5 — World Regional Geography 3 Units
Degree Appropriate, CSU, UC
54 hours of lecture.
Developmental study of the world's regions, addressing the major countries in terms of population, resources, economic development, physical environment, and geographic problems.

GEOL 8 — The Urban World 3 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
The geographical analysis of past and current patterns of world urbanization. Emphasis will be placed on city origins, growth, development, and current problems.

GEOL 10 — Introduction to Geographic Information Systems 3 Units
Degree Appropriate, CSU, UC
Advisory: Eligibility for ENGL 68
Hands-on training in the principles, theory and operations of geographic information systems (GIS), including geospatial data models, analytical functions, data quality, map design and visual communication, and social and environmental applications of GIS.
GEOL 1 — Physical Geology 4 Units (CAN GEOL 2) Degree Appropriate, CSU, UC
54 hours of lecture.
54 hours of lab.
Prerequisite: Eligibility for MATH 51
This beginning course in geology stresses the beneficial and destructive forces of nature and their causes. It includes a study of the development of landscapes, formation of soils, origin of minerals and rocks, geologic work of ground water, the phenomena of earthquake, volcanism, metamorphism, deformation of rocks and other basic concepts of geology important to man's progress and welfare. Field trips required. This is a first course in geology for earth science and geology majors.

GEOL 2 — Historical Geology 4 Units (CAN GEOL 4) Degree Appropriate, CSU, UC Spring Semester
54 hours of lecture.
54 hours of lab.
Prerequisite: GEOL 1 or equivalent

GEOL 8 — Earth Science 3 Units Degree Appropriate, CSU, UC
54 hours of lecture.
A survey course that introduces fundamentals of geology, oceanography, meteorology, and astronomy. The companion Earth Science laboratory (GEOL 8L) is recommended for students needing a lab to transfer to a 4-year college/university are required.
Prerequisite: Acceptance into the Honors Program
An honors course designed to provide an enriched experience. Introduces fundamentals of geology, oceanography, meteorology, and astronomy. The companion Earth Science laboratory (GEOL 8L) is recommended for students needing a 4-year college/university. Field trips are required. Students may not receive credit for both GEOL 8 and GEOL 8H.

GEOL 8L — Earth Science Laboratory 1 Unit
54 hours of lab. Degree Appropriate, CSU, UC
Corequisite: GEOL 8 or GEOL 8H (May have been taken previously)
Laboratory applications and problem-solving in geology, oceanography, meteorology, and astronomy. Recommended for students needing a lab to transfer to a 4-year college/university.

GEOL 9 — Environmental Geology 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
For non-science majors. Relevant aspects of the geological environment and the problems caused by modern humans as they use the earth and its resources. Geologic hazards, including earthquakes, volcanoes, landslides, floods, subsidence. Emphasis on geological viewpoints concerning waste disposal, pollution, geothermal energy, fossil fuels, and mining. Geologic practices related to sound land management, conservation of resources, and protection of the environment. Field trips included.

GEOL 10 — Natural Disasters 3 Units
54 hours of lecture. Degree Appropriate, CSU
Surveys the hazards faced by humans from the natural environment. Analyzes a variety of hazards from a geological perspective. Studies the impact humans have on influencing or exacerbating natural disasters. Includes the role of responding to natural disasters. Field trips included.

GEOL 12A — Natural History of California 3 Units
Fall Semester Degree Appropriate, CSU
This course traces the sequence of geological events of a developing earth as traced from a primordial beginning to the changes that are occurring now. The interrelationship of the biological and physical processes that are shaping our planet and particularly our evolving and changing continent. Field investigations are required.

GEOL 12B — Natural History of California 3 Units
36 hours of lecture. (May be taken for option of letter grade or Credit/No Credit.)
Field study of Peninsular Ranges, Transverse Ranges, Mojave and Colorado Deserts of southern California. Laboratory work is done during one 3-day and one 4-day weekend field trip. Students may not receive credit for both BIOL 12A and GEOL 12A.

GEOL 12B — Natural History of California 3 Units
Degree Appropriate, CSU
Field study of the natural history of the Sierra Nevada and adjacent regions. One 3 day and one 4 day weekend field trip will be required. Students may not receive credit for both BIOL 12B and GEOL 12B.

GEOL 13 — Evolution of the Earth 3 Units
54 hours of lecture. Degree Appropriate, CSU
Origin and evolution of the atmosphere, oceans and continents. Special concentration on the developing landforms through the study of plate tectonics.
GERMAN

GERM 1 — Elementary German
(CAN GERM 2)
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Develops the ability to converse, read, and write in German. Emphasis on oral proficiency. Includes the study of essentials of pronunciation, vocabulary, idioms, and grammatical structures along with an introduction to Germanic culture.

GERM 2 — Continuing Elementary German
(CAN GERM 4)
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: GERM 1 or two years of high school German or equivalent
Further development of communicative proficiency in German with emphasis on communication skills, expansion of vocabulary, and understanding of structure. Further study of Germanic culture.

GERM 3 — Intermediate German
(CAN GERM 8)
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: GERM 2 or three years of high school German or equivalent
Further development of communicative proficiency in German and exploration of Germanic culture. Further study and review of grammar and expansion of vocabulary. Increasing emphasis on reading and writing in German.

GERM 35 — German Language Laboratory
Degree Appropriate, CSU
27 hours of lab.
An independent study laboratory course for students who wish to improve their skills in German. May supplement any current or previous German course. Requires 24 hours using Language Learning Center resources to receive credit. Students who repeat this course will improve their language skills and expand their knowledge of Germanic cultures.

GERM 52 — Conversational German
Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: One semester of high school or college German or equivalent experience
Develops intermediate level German conversational skills. Emphasis is on collaborative activities and skits. Exposure to authentic Germanic culture through video. Grammar is presented in context.

GERM 53 — Conversational German
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: GERM 2 or three years of high school German or equivalent
Develops intermediate-high German conversational skills. Emphasis on collaborative activities and skits. Exposure to authentic Germanic culture through video. Grammar is presented in context.

HISTORY

HIST 1 — History of the United States
Degree Appropriate, CSU, UC
54 hours of lecture.
A survey of the history of the United States from colonial times to the present designed for transfer students who need a one-semester course in United States history to meet general education requirements. (Social Science majors should take History 7-8.) Satisfies the requirement for a course in American history, including the study of American institutions and ideals as required by Title 5 of the California Administrative Code

HIST 3 — History of World Civilization
Degree Appropriate, CSU, UC
54 hours of lecture.
The rise and development of civilization from the Stone Age to 1500.

HIST 3H — History of World Civilization — Honors
Degree Appropriate, CSU, UC
54 hours of lecture.
The rise and development of civilization from the Stone Age to 1500. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both HIST 3 and HIST 3H.

HIST 4 — History of World Civilization
Degree Appropriate, CSU, UC
54 hours of lecture.
The rise and development of civilization from 1500 to the present.

</table>
### Course Descriptions

**HIST 40 — History of the Mexican American** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
A survey of United States history from colonial times to the present with a special emphasis on the role of La Raza (Hispanics) in the development of the nation. Satisfies the requirement for a course in American History, including the study of American institutions and ideals as required by Title 5 of the California Administrative Code.

**HIST 99 — Special Projects in History** 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
36 hours of lecture.
To offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to a greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.

---

**HISTOTECNOLOGY**

**HT 1 — Introduction to Histotechnology** 1 Unit
18 hours of lecture. Degree Appropriate
Advisory: Eligibility for ENGL 68
An overview of the role of histotechnicians in preparation and analysis of tissues samples for diagnostic and research purposes. Introduction to Internet resources, support organizations and periodical references for histotechnicians, as well as regulatory agencies. Students will set up an educational plan and portfolio to be used throughout the remainder of the program.

**HT 2 — Scientific Basics for Histologic Technicians** 3 Units
54 hours of lecture. Degree Appropriate
Advisory: Eligibility for ENGL 68
Defines all aspects of general laboratory issues including general laboratory protocols (GLPs), safety, ethics, and terminology relative to the preparation of tissue samples.

**HT 10 — Histology** 3 Units
36 hours of lecture. 54 hours of lab.
Advisory: ANAT 35
Microscopy, image analysis; cell structure, reproduction and staining; identification of tissues, organs and special microstructures, and their detailed morphology. Involves distinguishing normal features from pathological conditions.

**HT 12 — Beginning Histotechniques** 5 Units
54 hours of lecture. 108 hours of lab.
Prerequisite: HT 2
Advisory: MICR 22
Practical applications and skill-building in tissue fixation, processing, embedding, sectioning, hematoxylin-eosin staining, and microorganism staining. Quality control as it relates to routine histological techniques and equipment.

**HT 14 — Advanced Histotechniques** 4 Units
54 hours of lecture. 54 hours of lab.
Prerequisite: HT 12
Special stains for carbohydrates, amyloid, connective tissues, muscle and nervous tissues, including silver stains. Introduction to immunostains, in situ hybridization and microwaving techniques. Provides the opportunity to gain proficiency in skills acquired in HT 12, Beginning Histotechniques.

**HT 16 — Histochemistry/Immunohistochemistry** 4 Units
54 hours of lecture. 54 hours of lab.
Prerequisite: HT 12
Fundamentals of enzyme and immunological reactions as they relate to tissue staining.

**HT 17 — Work Experience in Histotechnology** 1 Unit
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
75 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
Provides histotechnology students with actual on-the-job experience in an approved work setting which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

**HT 19 — Work Experience in Histotechnology** 3 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
225 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog
Provides histotechnology students with actual on-the-job experience in an approved work setting which is related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

---

**HOSPITALITY & RESTAURANT MANAGEMENT**

**HRM 51 — Introduction to Hospitality** 3 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: Eligibility for ENGL 68
Brief review of historical development; social and economic influences on the current leisure industry structures. Career opportunities at various levels in hotels, restaurants, food service institutions and private clubs/resorts. Education and experience requirements, personal qualifications, job responsibilities, job procurement and future opportunities.

**HRM 52 — Food Safety and Sanitation** 1.5 Units
27 hours of lecture. Degree Appropriate, CSU
Prerequisite: Eligibility for ENGL 68
Basic principles of sanitation and safety in the food service industry. Emphasis on the role of management in design, implementation and training to establish an effective Hazard Analysis Critical Control Point (HACCP) system. Students will have the opportunity to earn the National Restaurant Association’s ServSafe Certificate upon completion of the course.
HRM 53 — Dining Room Service Management 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: ENGL 68
Skills and knowledge needed for all aspects of dining room service.
Exploration of the five different service styles and their relationship to
various environments. Table setting styles, buffet set-ups, wine and
beverage service, and service as a sales tool are covered. Safety of both
customer and staff are discussed.

HRM 54 — Basic Cooking Techniques 3 Units
36 hours of lecture. Degree Appropriate, CSU
54 hours of lab.
Basic principles of preparing foods for commercial operations; the use
and identification of commercial tools and equipment; extending
recipes; and choosing the proper food grade; evaluation of food
products, and equipment usage.

HRM 55 — Hospitality Layout and Design 3 Units
54 hours of lecture. Degree Appropriate, CSU
Corequisite: HRM 51 (May have been taken previously)
Evaluation and application of basic principles of design for food service
businesses, including traffic flow and footprint layouts. Students will
study successful operations layouts and apply principles to design a
business, and choose appropriate furnishings and equipment to
compliment theme and fit budgets.

HRM 56 — Management of Hospitality Personnel and Operations 3 Units
54 hours of lecture. Degree Appropriate, CSU
Management skills course for students pursuing a career in supervision
within the restaurant/hospitality industry. Applications of basic
management concepts and techniques necessary to achieve objectives
in the management of operations and human resources in restaurant
and hospitality businesses including: analysis of hospitality workplace;
the manager's responsibilities in training, coaching, and performance
appraisal of employees; decision making, leadership, and planning.

HRM 57 — Restaurant Cost Control 3 Units
54 hours of lecture. Degree Appropriate, CSU
Corequisite: HRM 51 (May have been taken previously)
Methods for controlling resources within the hospitality operation to
maximize profits without compromising products. Discusses controls in
front of the house, back of the house, purchasing and receiving.

HRM 58 — Fast Food Service Management 2 Units
36 hours of lecture. Degree Appropriate, CSU
Corequisite: HRM 91
Basic principles of managing a fast food operation. Comparison with
conventional restaurants in pricing, labor needs and facilities.
Developing and marketing a positive company image. Practical and
legal aspects of franchising versus single ownership, sanitation and
cost controls.

HRM 60 — Purchasing for the Restaurant Industry 3 Units
54 hours of lecture. Degree Appropriate, CSU
Corequisite: HRM 51 (May have been taken previously)
Basic principles of purchasing for the food service industry. Ordering,
receiving, storage, characteristics of products and grade selection for
different situations are emphasized. Choosing the best supplier,
negotiating the best terms and writing product specifications are covered.

HRM 61 — Menu Planning 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: HRM 51
Menu development for all facets of the food service industry including
retail and contract operations; emphasis on the economics of the menu
and the demographics of the area. Analysis of menus with regard to
limitations of the facility and staff, pricing and menu design relative to
the economy and culture of the target area. Specialty menus such as
ethnic, fast food, catering and various contract situations are included.

HRM 62 — Catering 3 Units
54 hours of lecture. Degree Appropriate, CSU
Comprehensive exploration of the catering business with in-depth study
of organizing and creating both on-premise and off-premise events.
Marketing and working with clients to combine menu with price.
Contracting outside vendors, problem solving and avoiding common
problems before they occur.

HRM 63 — Wines and Spirits 3 Units
54 hours of lecture. Degree Appropriate, CSU
In-depth coverage of different varieties and types of wines,
classification, and wine production, including sparkling, aromatic and
fortified wines. Types of beer and methods of production and distillation
and fermentation of spirits. Issues of responsible alcoholic beverage
service and consumption, and the laws governing alcohol sales are
covered. STUDENTS MUST BE A MINIMUM OF 21 YEARS OLD TO ENROLL
IN THIS COURSE.

HRM 64 — Hospitality Financial Accounting I 3 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: BUSA 11 or MATH 51
Introduction to financial accounting specifically for the hospitality
business. Emphasis is on tailoring the Uniform System of Accounting to
hotels, restaurants, clubs and other food service operations.

HRM 65 — Hospitality Financial Accounting II 3 Units
54 hours of lecture. Degree Appropriate, CSU
Prerequisite: HRM 64
Financial accounting specifically for the hospitality industry. Provides
accounting practices for balance sheet and income statement data
related to hotels, restaurants, clubs and other food service operations.
Enables students to distinguish between accounting for sole
proprietorships, partnerships and corporations.

HRM 66 — Hospitality Law 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: HRM 51
Basic principles of contracts, liability and labor as they apply specifically
to the hospitality industry. Students will discuss previous cases and
decide the fates of fictional litigations as a preventive approach to
problems that can occur.

HRM 70 — Introduction to Lodging 3 Units
54 hours of lecture. Degree Appropriate, CSU
Advisory: HRM 91
Introduction to basics of the lodging industry. Acquaints students with
front office operations, accounting, guest service, housekeeping and
food service. Includes human resource management and property
management. Enrollment in Work Experience in Restaurant/Food Service
(RSTR 91, 92, 93 or 94) is needed for articulation to California
Polytechnic State University.

HRM 91 — Work Experience in Restaurant/Hospitality 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(Prerequisite: Compliance with Work Experience regulations as designated
in the College Catalog)
Provides students with actual on-the-job experience in an approved
worksite which is related to classroom-based learning. A minimum of 75
paid or 60 non-paid clock hours per semester of supervised work is
required for each unit of credit. It is recommended that the hours per
week be equally distributed throughout the semester. Work experience
placement is not guaranteed, but assistance is provided by faculty.
Students who repeat this course will improve skills through further
instruction and practice.

HRM 92 — Work Experience in Restaurant/Hospitality 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
(Prerequisite: Compliance with Work Experience regulations as designated
in the College Catalog)
Provides students with actual on-the-job experience in an approved
worksite which is related to classroom-based learning. A minimum of 75
paid or 60 non-paid clock hours per semester of supervised work is
required for each unit of credit. It is recommended that the hours per
week be equally distributed throughout the semester. Work experience
placement is not guaranteed, but assistance is provided by the faculty.
Students who repeat this course will improve skills through further
instruction and practice.
HUMANITIES

HUMA 1 — The Humanities 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
An interdisciplinary study of the artistic, musical, literary and philosophical accomplishments and achievements of women and men in western society from the ancient Middle East to the present. Emphasizes creating an awareness of human expression as it occurs in a historical and philosophical context.

INTERIOR DESIGN

ID 100 — Fundamentals of Interior Design 3 Units
54 hours of lecture.
Degree Appropriate, CSU
Application of design principles and elements in planning of total interior environments that meet individual, functional, legal and environmental needs. Selection of all materials and products used in interior environments will be emphasized for the functional aesthetic quality. (Recommend concurrent enrollment in ID 105)

ID 105 — Interior Design Studio I 2 Units
18 hours of lecture.
Degree Appropriate, CSU
54 hours of lab.
Corequisite: ID 100 (May have been taken previously)
Studio course designed to apply concepts and theories presented in the lecture course, ID 100. It is recommended that this course be taken concurrently with the lecture class. Emphasis is placed on design process in developing solutions for design projects.

ID 120 — Interior Design Careers 2 Units
36 hours of lecture.
Degree Appropriate, CSU
Advisory: Eligibility for ENGL 68
A survey of the Interior Design profession, industry, related occupations and work sites. The course will emphasize personal, educational, and professional qualifications required for entry into the Interior Design and related professions.

ID 130 — Applied Color and Design Theory 4 Units
54 hours of lecture.
Degree Appropriate, CSU
54 hours of lab.
Design theory and application. Utilization of tools, materials, and equipment to develop technical skills applicable to interior architectural and other related fields of design. Exploration of cultural heritage and psychological implication of design.

ID 150 — Interior Materials and Products 4 Units
72 hours of lecture.
Degree Appropriate, CSU
Advisory: ID 100
Analysis, application, and evaluation of products and materials used in Interior Design. Includes interior textiles, furnishings and finish materials and products.

ID 150A — Interior Materials and Products 2 Units
36 hours of lecture.
Degree Appropriate, CSU
Advisory: ID 100
Analysis, application, and evaluation of products and materials used in interior design. Includes textiles, rugs, carpet, upholstered furniture and window treatments.

ID 150B — Interior Materials and Products 2 Units
36 hours of lecture.
Degree Appropriate, CSU
Advisory: ID 100
Analysis, application and evaluation of products and materials used in interior design. Includes resilient flooring, casegoods, and interior architectural finishing materials.

ID 170 — Space Planning 3 Units
Spring Semester
Degree Appropriate, CSU
36 hours of lecture.
54 hours of lab.
Advisory: ID 100 or ID 130 or ARCH 11 or ARCH 21
The application of programming theory and techniques in residential and commercial space planning. Skills in drafting and presentation techniques are emphasized in the studio.

ID 180 — History of Interior Architecture & Furnishings 3 Units
Fall Semester
Degree Appropriate, CSU
54 hours of lecture.
The historical relationship between the decorative arts, period furniture and interior architecture is illustrated in this overview of design heritage from antiquity through the 19th Century in France. Emphasis is placed on style development as it relates to social, economic and political influences.
ID 190 — History of Interior Architecture & Furnishings II 3 Units
Spring Semester  Degree Appropriate, CSU
54 hours of lecture.
Advisory: ID 180 and Eligibility for ENGL 68
The historical relationship between the decorative arts, period furniture and interior architecture is illustrated in this overview of design heritage. This course begins with Seventeenth Century England and America and analyzes the influences and changes in design to the present. Emphasis is placed on style development as it relates to social, economic and political forces.

ID 210 — Fundamentals of Lighting 3 Units
Spring Semester  Degree Appropriate
54 hours of lecture.
Advisory: ID 100, ARCH 11, or equivalent experience
The fundamentals of lighting, design, theory and application including the history and vocabulary of lighting; how light affects color and vision, incandescent and fluorescent lamps, lighting techniques for interior designers, codes, and energy efficient lighting practices.

ID 215 — Interior Design Studio II 2 Units
Fall Semester  Degree Appropriate, CSU
18 hours of lecture.
54 hours of lab.
Prerequisite: ID 105
Advisory: ID 130 and ID 170
Develop, analyze and apply design concepts to interior environments. Universal design, "green" design, space planning, lighting systems, interior components, architectural elements and specification writing will be integrated into research projects emphasizing problem solving approach.

ID 220 — Business and Professional Practice 3 Units
Spring Semester  Degree Appropriate
54 hours of lecture.
Prerequisite: ID 100
Advisory: ID 120
The business and professional management of an interior design practice including legal issues, project management and business practices.

ID 240A — Interior Design Internship Seminar 1 Unit
Spring Semester  Degree Appropriate
(18 hours of lecture.
Corequisite: ID 240B and ID 120 (May have been taken previously)
Advisory: ID 170
Students share and critique experiences, emphasizing professionalism and problem solving techniques related to internship experience (ID 240B). Students who repeat this course will have additional learning experiences by being placed in a different work site.

ID 240B — Interior Design Internship 1 Unit
Spring Semester  Degree Appropriate
(18 hours of lecture.
(May be taken two times for credit.)
(May be taken for Credit/No Credit only.)
75 hours of lab.
Corequisite: ID 240A
Supervised internship related to classroom-based learning at a work site related to Interior Design. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Internship placement is not guaranteed, but assistance is provided by Interior Design faculty. Students who repeat this course will improve skills through further instruction and practice.

ID 240C — Interior Design/Kitchen & Bath Internship 2 Units
(May be taken two times for credit.)  Degree Appropriate
150 hours of lab.
Corequisite: ID 240A (May have been taken previously)
Supervised internship related to classroom-based learning at a National Kitchen and Bath member work site. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Internship placement is not guaranteed, but assistance is provided by Interior Design faculty. Students who repeat this course will improve skills through further instruction and practice.

ID 250 — Codes and Specifications for Interior Design 2 Units
Fall Semester  Degree Appropriate, CSU
36 hours of lecture.
Advisory: ID 215
Explores local, state, and federal regulations, codes and specifications concerning life-safety issues, ADA, and universal design requirements relative to residential and contract design. Attention is given to performance, health safety, and universal design standards for estimating and specifying interior materials and products.

ID 260 — Rendering and Rapid Visualization 2 Units
18 hours of lecture.  Degree Appropriate, CSU
54 hours of lab.
Application of the methods, techniques and tools used in illustrating interior spaces and products with an emphasis on rapid production.

ID 265 — Interior Design Studio III – Kitchens 2 Units
18 hours of lecture. Degree Appropriate
54 hours of lab.
Analysis and application of the design process to the space planning, materials and finish choices, codes application, and selection of specialized equipment unique to the planning of kitchens. Design solutions for kitchens will be developed in the studio.

ID 275 — Interior Design Studio IV – Bath Design 2 Units
18 hours of lecture.  Degree Appropriate, CSU
54 hours of lab.
Analysis and application of the design process to the space planning, materials and finish choices, code application, and selection of specialized equipment and fixtures unique to the planning of baths. Design solutions for bathrooms will be developed in the studio.

<tr>
<td>ITAL 35</td>
<td>Conversational Italian</td>
<td>3 Units</td>
<td>Development of intermediate conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to Italian culture. (May be taken for option of letter grade or Credit/No Credit.)</td>
</tr>
<tr>
<td>ITAL 40</td>
<td>Italian Culture Through Cinema</td>
<td>3 Units</td>
<td>Italian culture through cinema from 1900 through analysis of the aesthetic, literary, artistic and philosophical movements in Italy as reflected in the works of the Italian film makers and writers. Lecture and class discussion to be conducted in English; film presentation with English subtitles.</td>
</tr>
<tr>
<td>JAPN 1</td>
<td>Elementary Japanese</td>
<td>4 Units</td>
<td>Advanced study of grammar, vocabulary, Kanji characters, reading, and writing in Japanese. Extensive exposure to cultural elements from Japan such as art, music, film, and history.</td>
</tr>
<tr>
<td>JAPN 2</td>
<td>Continuing Intermediate Japanese</td>
<td>4 Units</td>
<td>Advanced Japanese communication skills with emphasis on conversational skills for daily and social settings in Japanese culture. Advanced study of grammar, vocabulary, Kanji characters, listening, speaking, reading, and writing. Extensive exposure to cultural elements from Japan such as art, music, film, and history.</td>
</tr>
<tr>
<td>JAPN 3</td>
<td>Intermediate Japanese</td>
<td>4 Units</td>
<td>Continued development of Kanji (50 or more characters) with 60 additional readings. Continued development of writing ability emphasizing development of thought through Kanji, Hiragana and Katakana. Additional development of cultural application of Japanese.</td>
</tr>
<tr>
<td>JAPN 5</td>
<td>Advanced Japanese</td>
<td>4 Units</td>
<td>Advanced Japanese communication skills with emphasis on conversational skills for daily and social settings in Japanese culture. Advanced study of grammar, vocabulary, Kanji characters, listening, speaking, reading, and writing. Extensive exposure to cultural elements from Japan such as art, music, film, and history.</td>
</tr>
<tr>
<td>JAPN 35</td>
<td>Japanese Language Laboratory</td>
<td>5 Units</td>
<td>Development of advanced conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to Italian culture. (May be taken for option of letter grade or Credit/No Credit.)</td>
</tr>
<tr>
<td>JAPN 40</td>
<td>Italian Culture Through Cinema</td>
<td>3 Units</td>
<td>Italian culture through cinema from 1900 through analysis of the aesthetic, literary, artistic and philosophical movements in Italy as reflected in the works of the Italian film makers and writers. | JOUR 101   | Beginning News Writing                          | 3     | Degree Appropriate, CSU, UC (CAND JOUR 2)  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lecture.                             |       | Evaluating, gathering, and writing news in accepted journalistic style under newsroom conditions. Includes role of the reporter and the legal and ethical issues relating to reporting. The student will have writing and reporting experiences, including personal interviews, speech, meeting and other event coverage, deadline writing, and use of AP style. |
| JOUR 102   | Intermediate News Writing                       | 3     | Degree Appropriate, CSU, UC (CAND JOUR 1A)  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lecture.                             |       | Development of intermediate news reporting techniques combined with the composition of complex journalistic writing forms.                                                                                       |
| JOUR 103   | Working on the Newspaper                        | 3     | Degree Appropriate  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 18 hours of lecture.                             |       | Students who repeat this class will improve skills through further instruction and practice.                                                                                                                 |
| JOUR 104   | Newspaper Layout & Design                       | 3     | Degree Appropriate  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 108 hours of lab.                               |       | Students who repeat this course will improve skills through further instruction and practice.                                                                                                              |
| JOUR 105   | Editor Training                                | 1     | Degree Appropriate  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lab.                                |       | Stresses leadership skills in a journalistic setting using the student newspaper as a practical laboratory. Designed for students selected to serve as editors or managers of the paper. Students who repeat this course will improve skills through further instruction and practice. |
| JOUR 106   | Introduction to Visual Journalism               | 3     | Degree Appropriate, CSU  
|            | Formerly JOUR 6                                 |       | Fall Semester  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lecture.                            |       | Photojournalism assignments using still, digital, and video cameras for offset printing (newspaper, magazine, etc.) and digital Web presentations. Basics of photojournalism, digital camera operation, shooting techniques, photo-editing software, cutline writing, video and audio production and editing, and Web homepage design production. Students who repeat this course will improve skills through further instruction and practice. |
| JOUR 107   | Race, Culture, Sex, and Mass Media Images       | 3     | Degree Appropriate, CSU  
|            | Formerly JOUR 7                                 |       | Fall Semester  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lecture.                            |       | Examines ways that mass media impacts public attitudes and behaviors.                                                                                                                                       |
| JOUR 108   | Writing for Public Relations                    | 3     | Degree Appropriate, CSU  
|            | Formerly JOUR 8                                 |       | 54 hours of lecture.  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lab.                                |       | An introduction to public relations writing including news releases, fact sheets, feature stories, institutional publications, and newsletters. The relationships between public relations, the mass media, and society will be explored. |
| JOUR 109   | Public Relations Internship                     | 3     | Degree Appropriate  
|            | Formerly JOUR 9                                 |       | 225 hours of lab.  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lab.                                |       | Field work in public relations. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice. |
| JOUR 110   | Magazine Writing and Production                 | 3     | Degree Appropriate, CSU  
|            | Formerly JOUR 24                                |       | 54 hours of lecture.  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lab.                                |       | Production of a student-run magazine in a professional setting. Activities may include fiction and nonfiction writing, editing, ethics, interviewing, photography, art and layout. Overview of the magazine industry and markets explored. Students who repeat this course will improve skills through further instruction and practice. |
| JOUR 111   | Broadcast News Writing                          | 3     | Degree Appropriate, CSU  
|            | Formerly JOUR 25                                |       | 54 hours of lecture.  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lab.                                |       | Intensive news gathering and writing for radio and television. Newscast planning, story organization, and functions of a broadcast newsroom explored. Emphasis on assignments for both audio and video tape media. Lecture and discussion of issues and responsibilities confronting broadcast journalists including ethics and changing technology. |
| JOUR 112   | Work Experience in Journalism                   | 3     | Degree Appropriate, CSU  
|            | Formerly JOUR 83                                |       | 225 hours of lab.  
|            | (May be taken for option of letter grade or Credit/No Credit.)  
|            | 54 hours of lab.                                |       | This course is designed to provide majors with actual on-the-job experience in an approved work station which is related to classroom instruction. A maximum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice. |
# Course Descriptions

## LEAD 55 — Exploring Leadership
3 Units
54 hours of lecture. Degree Appropriate, CSU

Designed to introduce students to the fundamental elements of leadership. Explores leadership theories and models, values and beliefs. Develops a personal philosophy of leadership that includes an understanding of self, others and community. Prepares students for leadership roles in college and community settings.

## LIBR 1 — Information Resources and Research Methods
3 Units
54 hours of lecture.

Advisory: Eligibility for ENGL 68
Basic research skills for lifelong information competency necessary for independent research and critical thinking. Topics include search strategies, citation, and use of library resources.

## LIT 1 — Early American Literature
3 Units
54 hours of lecture. Degree Appropriate, CSU, UC

Prerequisite: ENGL 1A
A chronological study of major works from the seventeenth, eighteenth, and nineteenth centuries. Emphasizes writers who created an American literary identity and shaped America's cultural mythology.

## LIT 1+2 = CAN ENGL SEQ C
54 hours of lecture.

Prerequisite: ENGL 1A
American literature of the seventeenth, eighteenth, and nineteenth centuries. Emphasizes writers who created an American literary identity and shaped America's cultural mythology.

## LIT 1A — Introduction to Library Research
1 Unit
May be taken two times for credit.) Degree Appropriate, CSU (May be taken for option of letter grade or Credit/No Credit.) 18 hours of lecture.

Advisory: Eligibility for ENGL 68
Basic research skills for lifelong information competency necessary for independent research and critical thinking. Topics include search strategies, citation, and use of library resources.

## LIT 1B — Survey of English Literature
3 Units
54 hours of lecture. Degree Appropriate, CSU, UC

Prerequisite: ENGL 1A
A chronological study of major works from Beowulf and the Anglo-Saxon period to the mid-18th century.

## LIT 1C — Survey of English Literature
3 Units
Degree Appropriate, CSU

Prerequisite: ENGL 1A
A chronological study of major works from the Romantic Era through the Victorian and Modern periods to contemporary texts.

## LIT 1D — Survey of Shakespeare
3 Units
Degree Appropriate, CSU

Prerequisite: ENGL 1A
A survey of Shakespeare's histories, tragedies, comedies, and selected sonnets with their historical and literary context, emphasizing their relevance to contemporary culture and values.

## LEARNING ASSISTANCE SERVICES

### LERN 48 — Basic Math Skills Review
3 Units
(May be taken three times for credit.) (May be taken for Credit/No Credit only.) 54 hours of lecture. 24 hours of lab.

Offers individualized material in the following subjects: reading comprehension, reading acceleration, vocabulary, spelling, elementary math, algebra review, English grammar, study techniques (note-taking, test-preparation, test-taking). Students may register for one unit through the first half of the term. Two units require a total expenditure of 96 hours in class. Students who repeat will achieve further improvement in the skills previously tested or work on the development of other skills.

### LERN 61 — Skills Development Laboratory
1 Unit
(May be taken two times for credit.) Pre-Collegiate 54 hours of lab.

Offers individualized material in the following subjects: reading comprehension, reading acceleration, vocabulary, spelling, elementary math, algebra review, English grammar, study techniques (note-taking, test-preparation, test-taking). Students may register for one unit through the first half of the term. One unit requires a total expenditure of 48 hours in class. Students who repeat will achieve further improvement in the skills previously tested or work on the development of other skills.

### LERN 62 — Skills Development Laboratory
2 Units
(May be taken for Credit/No Credit only.) Pre-Collegiate 108 hours of lab.

Offers individualized material in the following subjects: reading comprehension, reading acceleration, vocabulary, spelling, elementary math, algebra review, English grammar, study techniques (note-taking, test-preparation, test-taking). Students may register for two units through the first half of the term. Two units require a total expenditure of 96 hours in class. Students who repeat will achieve further improvement in the skills previously tested or work on the development of other skills.

### LERN 81 — Improving Writing Skills
3 Units
(May be taken three times for credit.) (May be taken for Credit/No Credit only.) 54 hours of lecture. 24 hours of lab.

Offers assistance to students who wish to improve prewriting, writing, editing, and revising skills. Provides instruction in content and structure of sentences, paragraphs, and essay; emphasizes development in writing through the integration of grammar and critical thinking. Students who repeat this course will improve skills through further instruction and practice.

## LIBRARY & INSTRUCTIONAL MEDIA

### LITERATURE

## LIT 6A — Survey of English Literature
3 Units
54 hours of lecture. Degree Appropriate, CSU, UC

Prerequisite: ENGL 1A
A chronological study of major works from Beowulf and the Anglo-Saxon period to the mid-18th century.

## LIT 6B — Survey of English Literature
3 Units
Degree Appropriate, CSU

Prerequisite: ENGL 1A
A chronological study of major works from the Romantic Era through the Victorian and Modern periods to contemporary texts.

## LIT 10 — Survey of Shakespeare
3 Units
Degree Appropriate, CSU

Prerequisite: ENGL 1A
A survey of Shakespeare's histories, tragedies, comedies, and selected sonnets with their historical and literary context, emphasizing their relevance to contemporary culture and values.
LIT 11A — World Literature 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
Works and ideas from classical Greece through the Renaissance, emphasizing those works which not only reflect qualities of universal greatness but also the thought and spirit of the ages in which they were written. Emphasizes how art, society, politics, philosophies and general culture are interrelated and reflected in the literature of these different eras.

LIT 11B — World Literature 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
An introductory survey course of European literature (17th to the 20th centuries) that explores the significant and representative literary works of the major authors of these periods. Emphasis on the aesthetic, social and philosophical values and ideas that influenced these authors and the development of 20th century thought.

LIT 14 — Introduction to Modern Poetry 3 Units
(CAN ENGL 20) Degree Appropriate, CSU, UC
54 hours of lecture. Prerequisite: ENGL 1A
Examines the significant poetry of England and America in the 20th century, with the major emphasis on contemporary poems.

LIT 15 — Introduction to Cinema 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
Explores the broad range of human experience inherent in the study of film as art. Using a number of films drawn from various genres, examines film from historical, social, technological and aesthetic perspectives.

LIT 20 — African American Literature 3 Units
(May be taken for option of letter grade or Credit/No Credit.) 54 hours of lecture. Prerequisite: ENGL 1A
Surveys 18th, 19th and 20th century writings of African Americans. Emphasizes the oral tradition, development of protest literature and major modern and contemporary writers such as Wright, Ellison, Baldwin, Walker, and Morrison.

LIT 25 — Contemporary Mexican American Literature 3 Units
(May be taken for option of letter grade or Credit/No Credit.) 54 hours of lecture. Prerequisite: ENGL 1A
Issues of contemporary Mexican-American literature, drama, and film. Includes discussion of the roles played by gender, religion, language, education, family, ethnic identity, and class. Also addresses application of literary tools such as symbolism, language, and theme.

LIT 33 — Images of Women in Literature 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
Survey of selected pieces of literature, poetry, short stories and novels which reflect significant ideas and attitudes about women. The Women's Rights Movement will also be explored through an intensive examination of the changing images of women in society as portrayed by both male and female authors. Some contemporary critical material will be used.

LIT 34 — Women Writers 3 Units
(May be taken for option of letter grade or Credit/No Credit.) 54 hours of lecture. Prerequisite: ENGL 1A
Examines the contributions of women to a variety of literary genres and offers a historical survey beginning in the 13th century. Includes Emily Dickinson, the Brontes, Mary Shelley, Virginia Woolf, Edith Wharton, Kate Chopin, and others. Emphasis is on appreciation of the literature.

LIT 35 — Science Fiction and Fantasy Survey 3 Units
(May be taken for option of letter grade or Credit/No Credit.) 54 hours of lecture. Prerequisite: ENGL 1A
A chronological survey of science (or speculative) fiction and fantasy from earliest classics to the present day. Examines early attempts by Aristophanes, Swift, and the "fathers" - H.G. Wells and Verne. Will emphasize contemporary writers such as Bradbury, Heinlein, Vonnegut, Ellison, Sturgeon, Asimov, and Clarke. Definitions and quality standards will be evolved.

LIT 36 — Introduction to Mythology 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
A survey of major myths, including creation, fertility, and hero myths. Explores theories and approaches to these archetypal stories and the ways that they reflect and shape culture. Emphasis is on classical myths, but myths from around the world may be included.

LIT 37 — The Bible As Literature: New Testament 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
Considers the Bible as a collection of literary texts and applies the principles of literary historical analysis to selected books of the New Testament.

LIT 46 — The Bible As Literature: Old Testament 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
Considers the Bible as a collection of literary texts and applies the principles of literary historical analysis to selected books of the Old Testament and the New Testament.

LIT 47 — The Bible As Literature: New Testament 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Prerequisite: ENGL 1A
Considers the Bible as a collection of literary texts and applies the principles of literary and historical analysis to selected books of the Old Testament and the New Testament.
COURSE DESCRIPTIONS

Course Descriptions

MFG 17 — 3-D CAD — Mechanical Modeling 2 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
54 hours of lab.
Advisory: MFG 15
Development of three dimensional mechanical models using AutoCAD. Analysis and manipulation of mechanical solid models and industrial primitives as related to their interaction with Computer Aided Machines (CAM) and Computer Integrated Manufacturing (CIM) systems. Students who repeat this course will improve skills through further instruction and practice.

MFG 19 — Parametric Solid Modeling for Manufacturing 2 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
54 hours of lab.
Advisory: MFG 17
Development of feature-based solid modeling on a computer using current software used in industry. Transfer of solid model to a CAM system for CNC code production. Includes production of a manufactured part using CNC mill. Students who repeat this course will improve skills through further instruction and practice.

MFG 25 — Advanced Parametric Solid Modeling for Manufacturing 2 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
54 hours of lab.
Advisory: MFG 19 or MFG 27 taken previously
Advanced instruction in concepts, practice, and development of feature-based solid modeling using software currently used in the manufacturing industry. Advanced features of solid modeling global variables, 3-D helical paths generation, surface cut, table-driven parts, and advanced sheet metal, and animation. Students who repeat this course will improve skills through further instruction and practice.

MFG 27 — Autodesk Inventor 2 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
54 hours of lab.
Advisory: MFG 19
Advanced concepts, practice, and development of feature-based solid modeling using AutoDesk Inventor. Solid modeling parts creation using sketched, placed, and work features. Assembly techniques, working drawings, and the transfer of a solid model to a CAM system. Students who repeat this course will improve skills through further instruction and practice.

MFG 38 — MasterCAM I 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
18 hours of lecture.
54 hours of lab.
Use MasterCAM software to create wire-frame part geometry, add tool paths and create CNC code for CNC mills and CNC lathes. Students who repeat this course will improve skills through further instruction and practice.

MFG 38B — Advanced MasterCAM 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
18 hours of lecture.
54 hours of lab.
Advisory: MFG 38
Use MasterCAM software to create wire-frame 3D/multi-axis part geometry, add tool paths, and create CNC code for CNC mills and CNC lathes. Students who repeat this course will improve skills through further instruction and practice.

MFG 38C — MasterCAM Solids 2 Units
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
54 hours of lab.
Advisory: MFG 38B
Using MasterCAM software to design wire drawings, translate to solids drawings, and generate code from a solids creation to meet industrial standards. Students who repeat this course will improve skills through further instruction and practice.

MFG 39 — SurfCAM I 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
18 hours of lecture.
54 hours of lab.
Advisory: MFG 11, MFG 85
SurfCAM software used to create part geometry from project drawings for two-axis milling and turning parts. Tool paths will be added and files completed and post-processed. Files will be downloaded to CNC machines. Students will be required to set up all cutting tools and machine the part. Students who repeat this course will improve their skills through further instruction and practice.

MFG 39B — SurfCAM II 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
18 hours of lecture.
54 hours of lab.
Advisory: MFG 39
Use SurfCAM software to create part geometry for three-axis milling and lathe parts from project drawings and CAD files. Tool paths will be added and the completed file will be post-processed and downloaded to CNC machine. Students will set up the required cutting tools and machine the part. Students who repeat this course will improve skills through further instruction and practice.

MFG 39B — SurfCAM II 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU
18 hours of lecture.
54 hours of lab.
Advisory: MFG 39
Use SurfCAM software to create part geometry for three-axis milling and lathe parts from project drawings and CAD files. Tool paths will be added and the completed file will be post-processed and downloaded to CNC machine. Students will set up the required cutting tools and machine the part. Students who repeat this course will improve skills through further instruction and practice.

MFG 58 — Blueprint Reading for Manufacturing 2 Units
(May be taken two times for credit.) Degree Appropriate
36 hours of lecture.
Advisory: MFG 70
Blueprint reading as a means of interpreting and visualizing drawings used in manufacturing. Includes the basic print form, title block, notes, materials, machining specifications, application of principles to CNC, welding, and sheet metal. Students who repeat this course will improve skills through further instruction and practice.

MATH 10 — Math Enhancement 0 Unit
(May be taken four times for credit.) Pre-Collegiate
18 hours of activity.
Linked with a corresponding math lecture section, this course provides hands-on activities and mathematical applications designed to enhance student success and abilities in the linked course. Supplemental learning activities such as computer projects, drill and practice, study skills development, group work and student presentations.

MATH 50 — Pre-Algebra 3 Units
54 hours of lecture.
Pre-Collegiate
Prerequisite: Credit in LERN 49 or qualifying score on current department placement test.
Fundamental principles of mathematics designed to ease the transition from arithmetic to algebra. Concepts, computational skills, thinking skills and problem-solving skills are balanced to build proficiency and mastery.
MATH 50L — Pre-Algebra Laboratory 0 Unit
(May be taken four times for credit.)
Pre-Collegiate
108 hours of lab.
Corequisite: MATH 50
Open entry-open exit laboratory for students enrolled in pre-algebra.
Individual and group assistance and instructional support, including review, drill and practice, and assistance with assigned laboratory
projects in the Math Activities Resource Center (M.A.R.C.). Students who repeat this course will improve skills through further instruction
and practice.

MATH 51 — Elementary Algebra 4 Units
72 hours of lecture. Degree Appropriate
Prerequisite: MATH 50 or qualifying score on current department placement test
Basic algebra, equivalent to first year high school algebra. Includes
operations with signed numbers and algebraic expressions, linear
equations and inequalities; polynomial operations and factoring,
rational expressions and equations, Cartesian Coordinate System,
slope/graphics/equations of lines, systems of linear equations,
ratio/proportion, formulas and variation, applications, radicals and
exponents, quadratic equations.

MATH 51A — Elementary Algebra – First Half 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: MATH 50 or qualifying score on current department placement test
Contains the first half of elementary algebra. Operations with signed
numbers and algebraic expressions; linear equations and inequalities;
polynomial operations and factoring; rational expressions and equations;
ratios, proportions, formulas, and variation, applications.

MATH 51B — Elementary Algebra – Second Half 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: MATH 51A
Contains the second half of Elementary Algebra. Includes: Cartesian
Coordinate System, slope/graphics/equations of lines, solving systems
of linear equations, algebraic operations with radicals, solving equations
with radicals, solving second degree equations using methods of
completing the square and the quadratic formula. Students must
complete both MATH 51A and MATH 51B to have taken the equivalent
of Elementary Algebra (MATH 51).

MATH 52 — Algebra with Applications I 4 Units
72 hours of lecture. Degree Appropriate
Prerequisite: MATH 50; OR passing score on current department placement test
First course in an alternative sequence equivalent to Beginning and
Intermediate Algebra, featuring practical applications with a minimum
of emphasis on review topics. Includes solving linear equations in one
and two variables; applications; graphing linear equations in two
variables; finding the equations of lines; solving linear and absolute
value inequalities; exponents; operations with polynomials and rational
expressions; factoring techniques and solving polynomial equations;
and solving systems of linear equations and inequalities. A student must
complete both MATH 52 and MATH 72 to have taken the equivalent of
MATH 71, and both in combination will satisfy the requirement for an
A.S. or A.A. degree.

MATH 59 — Fundamental Applied Mathematics 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: MATH 50 or qualifying score on current department placement test
Reviews and extends concepts from elementary algebra, and introduces
new content to prepare students for a variety of subsequent
mathematics courses. Polynomial, rational, radical, exponential and
logarithmic expressions are simplified, equations solved and functions
graphed and studied; linear and nonlinear systems of equations and
inequalities; conics; sequences, series and the binomial theorem.
Application problems appear throughout the course.

MATH 61 — Plane Geometry 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: MATH 51 or MATH 51B or MATH 52 or qualifying score on current department placement test
Points, lines, polygons and circles; their relationships to each other on
plane surfaces; congruence, similarity and area. Introduction to inductive,
deductive and indirect reasoning. The formal proof is introduced and
practiced throughout the course. Stress is placed on accuracy of statement
as a background for analytical and scientific reasoning.

MATH 71 — Intermediate Algebra 5 Units
90 hours of lecture. Degree Appropriate
Prerequisite: MATH 51 or MATH 51B or qualifying score on current department placement test
Reviews and extends concepts from elementary algebra, and introduces
new content to prepare students for a variety of subsequent
mathematics courses. Polynomial, rational, radical, exponential and
logarithmic expressions are simplified, equations solved and functions
graphed and studied; linear and nonlinear systems of equations and
inequalities; conic sections; sequence, series and the binomial theorem.
Application problems appear throughout the course.

MATH 71A — Intermediate Algebra – First Half 3 Units
54 hours of lecture. Degree Appropriate
Prerequisite: MATH 51 or MATH 51B or qualifying score on current department placement test
Algebra of functions, polynomials, and rational expressions; functions
and their graphs; systems of equations with two or three variables;
absolute value and compound inequalities; sequences and series; the
binomial theorem.
Course Descriptions

MATH 100 — Survey of College Mathematics 3 Units
(CAN MATH 2) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: MATH 71 or MATH 71B or MATH 72 or qualifying score on current department placement test AND (MATH 61 or two semesters of high school geometry, “C” or better, or passing score on current geometry competency test)

Introduction to mathematical methods and reasoning. Topics include: set theory, logic, counting methods, probability and statistics, with additional topics selected from numeration and mathematical systems, number theory, geometry, graph theory and mathematical modeling.

MATH 110 — Elementary Statistics 3 Units
(CAN STAT 2) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: MATH 71 or MATH 71B or MATH 72 or qualifying score on current department placement test

Emphasis is placed on the understanding of statistical methods. Descriptive analysis of sample statistics, distribution of discrete and continuous random variables, estimation theory, tests of hypotheses, regression, correlation and analysis of variance.

MATH 110H — Elementary Statistics – Honors 3 Units
(CAN STAT 2) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: (MATH 71 or MATH 71B or MATH 72 or qualifying passing score on current department placement test) AND acceptance into the Honors Program

Emphasis is placed on the understanding of statistical methods. Descriptive analysis of sample statistics, distribution of discrete and continuous random variables, estimation theory, tests of hypotheses, regression, correlation and analysis of variance. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both MATH 110 and MATH 110H.

MATH 120 — Finite Mathematics 3 Units
(CAN MATH12) Degree Appropriate, CSU, UC
Fall Semester
54 hours of lecture.
Prerequisite: MATH 71 or MATH 71B or MATH 72 or qualifying score on current department placement test

Mathematics for Business, Social Science and Biological Science majors. Topics include linear programming, matrix theory, probability, statistics, stochastic processes, Markov chains, and math of finance.

MATH 130 — College Algebra 3 Units
(CAN MATH10) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: MATH 71 or MATH 71B or MATH 72 or qualifying score on current department placement test

A study of real numbers and sets, algebraic functions and relations, radicals and exponents, linear and quadratic equations and inequalities, exponential and logarithmic functions, systems of linear and quadratic equations, complex numbers, series, theory of equations, mathematical induction and binomial formula.

MATH 140 — Calculus for Business 4 Units
(CAN MATH34) Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: MATH 130 or MATH 160 or qualifying score on current department placement test

Algebraic, logarithmic, and exponential functions; limits; differentiation with applications; various techniques of integration with applications; differential equations; multi variable calculus. Credit not given to persons with credit in MATH 180 or equivalent.

MATH 150 — Trigonometry 3 Units
(CAN MATH 8) Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: (MATH 71 or MATH 71B or MATH 72 or qualifying passing score on current department placement test) AND (MATH 61 or two semesters of high school geometry, “C” or better, or passing score on current geometry competency test)

Trigonometry functions and inverse trigonometric functions and the graphical representations of these functions; solutions to right and oblique triangles with laws of sines and cosines; vectors; solutions to trigonometric equations; identities; polar coordinates; complex numbers and DeMoivre's Theorem.

MATH 150+181 = CAN MATH SEQ B

MATH 150+181+280 = CAN MATH SEQ C

90 hours of lecture.
Prerequisite: MATH 180

Applications of integration, techniques of integration; indeterminate forms and improper integrals; infinite series; plane curves and parametric equations; vectors in two and three space and their applications.

MATH 180 — Trigonometry 3 Units
(CAN MATH 8) Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: MATH 71 or MATH 71B or MATH 72 or qualifying score on current department placement test

A transition to the rigors of upper-division mathematics courses. Basic set theory and logic, relations, functions, mathematical induction, the well-ordering principle, countable and uncountable sets, the Schroder-Bernstein Theorem, the axiom of choice, Zorn’s Lemma, the Heine-Borel Theorem, the Bolzano-Weierstrass Theorem. Special emphasis on how to present and understand mathematical proofs.

MATH 180+181 = CAN MATH SEQ B
MATH 180+181+280 = CAN MATH SEQ C
90 hours of lecture.
Prerequisite: MATH 100

A study of real numbers and sets, algebraic functions and relations, radicals and exponents, linear and quadratic equations and inequalities, exponential and logarithmic functions, systems of linear and quadratic equations, complex numbers, series, theory of equations, mathematical induction and binomial formula.

MATH 180+181+280 = CAN MATH SEQ C

MATH 180+181+280 = CAN MATH SEQ C

90 hours of lecture.
Prerequisite: MATH 180

Applications of integration, techniques of integration; indeterminate forms and improper integrals; infinite series; plane curves and parametric equations; vectors in two and three space and their applications.

MATH 210 — Concepts of Elementary Mathematics 3 Units
(CAN MATH 4) Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: MATH 100

Structure and theory of the mathematics that constitute the core of K-8 mathematics curriculum. Concepts include the essential elements of a number system; fundamental understanding of operations upon whole numbers, rational numbers and integers; higher-order critical thinking skills and strategies in the area of problem solving.

MATH 210 — Concepts of Elementary Mathematics 3 Units
(CAN MATH 4) Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: MATH 100

A transition to the rigors of upper-division mathematics courses. Basic set theory and logic, relations, functions, mathematical induction, the well-ordering principle, countable and uncountable sets, the Schroder-Bernstein Theorem, the axiom of choice, Zorn’s Lemma, the Heine-Borel Theorem, the Bolzano-Weierstrass Theorem. Special emphasis on how to present and understand mathematical proofs.

MATH 210 — Concepts of Elementary Mathematics 3 Units
(CAN MATH 4) Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: MATH 100

A transition to the rigors of upper-division mathematics courses. Basic set theory and logic, relations, functions, mathematical induction, the well-ordering principle, countable and uncountable sets, the Schroder-Bernstein Theorem, the axiom of choice, Zorn’s Lemma, the Heine-Borel Theorem, the Bolzano-Weierstrass Theorem. Special emphasis on how to present and understand mathematical proofs.

MATH 210 — Concepts of Elementary Mathematics 3 Units
(CAN MATH 4) Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: MATH 100

Structure and theory of the mathematics that constitute the core of K-8 mathematics curriculum. Concepts include the essential elements of a number system; fundamental understanding of operations upon whole numbers, rational numbers and integers; higher-order critical thinking skills and strategies in the area of problem solving.

MATH 245 — A Transition to Advanced Mathematics 3 Units
Degree Appropriate, CSU
54 hours of lecture.
Prerequisite: MATH 181

Analysis of vector-valued functions of several variables, partial derivatives, differentials, the chain rule, directional derivatives and the gradient. Extrema of functions of several variables with applications. Double and triple integrals in various coordinate systems with applications. Vector fields, line integrals, work, independence of path in conservative fields. Green’s Theorem, surface integrals, flux, divergence and curl, Stokes’ Theorem, the Divergence Theorem.

MATH 280 — Calculus and Analytic Geometry 4 Units
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: MATH 181

First order ordinary differential equations, including separable, linear, homogeneous of degree zero, Bernoulli and exact with applications and numerical methods. Solutions to higher order differential equations using undetermined coefficients, variation of parameters, and power series, with applications. Solutions to linear and non-linear systems of differential equations, including numerical solutions. Matrix algebra, solutions of linear systems of equations, and determinants. Vector
spaces, linear independence, basis and dimension, subspace and inner
product space, including the Gram-Schmidt procedure. Linear
transformations, kernel and range, eigenvalues, eigenvectors,
diagonalization and symmetric matrices.

**MEDICAL TERMINOLOGY**

**MEDI 90 — Medical Terminology** 3 Units
54 hours of lecture. Degree Appropriate, CSU
Introduction to the use and meaning of the medical terminology used
in various allied health fields. Relates to other allied health fields and
and can apply to secretarial science majors.

**MENTAL HEALTH/PSYCHIATRIC TECHNICIAN**

**MENT 40 — Introduction to Interviewing and Counseling** 3 Units
54 hours of lecture. Degree Appropriate
Provides a basic overview of the helping processes. Stresses application
of counseling theories, helping skills, and consultation theories to allow
exploration of self as a helper and learn facilitating skills to bring about
change. Emphasis on establishing rapport, obtaining information and
developing a supportive relationship in a variety of mental health
settings. Students may not receive credit for both MENT 40 and PSYC 40.

**MENT 56 — Medical-Surgical Nursing for Psychiatric Technicians** 9 Units
162 hours of lecture. Degree Appropriate
Prerequisite: Admission to the Psychiatric Technician Program
Corequisite: MENT 56L
Holistic approach to assessment and intervention in the care of the
medical-surgical patient. Examines physiological modes of rest and
exercise, regulation, circulation, ventilation and the sensory system;
medical-surgical nursing; care of the dying patient, cardiovascular
problems; calculations of drug dosage and administration of oral and
topical medications; study of anatomy and physiology of the human body.

**MENT 56L — Clinical Experience** 4 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
216 hours of lab.
Corequisite: MENT 56
Development of medical-surgical nursing skills. Application and
assessment, intervention, evaluation of nursing treatment in the
physiological modes of rest and exercise, regulation, nutrition,
elimination, application of emergency procedures, circulation,
ventilation, and sensory system. Application of nursing skills to medical
surgical patients, including neoplasms and cardiovascular problems.
Administration of medication.

**MENT 58 — Advanced Medical-Surgical Nursing for Psychiatric Technicians** 2 Units
36 hours of lecture. Degree Appropriate
Prerequisite: MENT 56
Corequisite: MENT 58L
Examines disease processes which affect the body systems, related
terminology, causes and symptoms, required medical and nursing care,
and diet therapy.

**MENT 58L — Advanced Medical-Surgical Nursing for Psychiatric Technicians Clinical**
1.5 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
90 hours of lab.
Corequisite: MENT 58
Application of nursing skills to patients with medical/surgical disorders.
Administration of medications.

**MENT 70 — Introduction to Psychiatric Technology** 1.5 Units
27 hours of lecture. Degree Appropriate
Prerequisite: Admission to Psychiatric Technician Program
Corequisite: MENT 70L
Role and function of the Psychiatric Technician; mental health theories
of personality development, self-concept, role function, and
interdependence; developmental disabilities theories of sensorimotor
techniques, behavior modification techniques.

**MENT 70L — Introduction to Psychiatric Technology Clinical Technicians** 2 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
108 hours of lab.
Corequisite: MENT 70
The clinical experience introduces the student to facilities within the
community which serve the mental health field including both the
mentally disordered and developmentally disabled.

**MENT 71 — Pharmacology for Psychiatric Technicians** 2 Units
36 hours of lecture. Degree Appropriate
Advisory: MENT 56
Study of drugs in current use, their physical properties; absorption;
actions, both therapeutic and toxic; contraindications; standards; modes
of administration; and mathematics for medication.

**MENT 72 — Nursing Care of the Developmentally Disabled Person** 7 Units
126 hours of lecture. Degree Appropriate
Prerequisite: MENT 56, MENT 70
Corequisite: MENT 72L
Etiology of mental retardation; develops the knowledge, skills, and
attitudes necessary to safely teach and train the developmentally
disabled person. Techniques of behavior modification and sensory-motor
training are used, as well as the teaching of self-help skills. Examines
normal development from infancy to the aged.

**MENT 72L — Nursing Care of the Developmentally Disabled Person — Clinical** 5 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
288 hours of lab.
Corequisite: MENT 72
Application of skills needed to teach, train and provide care for the
developmentally disabled person. Administration of medication.

**MENT 73 — Psychiatric Nursing for Psychiatric Technicians** 6 Units
108 hours of lecture. Degree Appropriate
Corequisite: MENT 73L
Clinical instruction in the treatment of mental disabilities and substance
abuse.

**MENT 73L — Psychiatric Nursing for Psychiatric Technicians Clinical**
27 hours of lecture. Degree Appropriate
Corequisite: MENT 73L
108 hours of lecture. Degree Appropriate
Corequisite: MENT 70L
Theoretical instruction in the assessment and treatment of the mentally
disabled, use of common medication, therapeutic communication,
assertive language and leadership skills appropriate for the practicing
Psychiatric Technician.

**MENT 82 — Work Experience in Mental Health Technology** 2 Units
(May be taken for Credit/No Credit only.) Degree Appropriate
150 hours of lab.
Prerequisite: Compliance with Work Experience regulations as designated
in the College Catalog, MENT 72, MENT 73T
Provides majors with actual on-the-job experience in an approved work
station related to classroom instruction. A minimum of 60 non-paid or
75 paid clock hours per semester is required for each unit of credit. It is
recommended that the hour per week be equally distributed
throughout the semester. Veterans may not use work experience courses
as credit towards veterans benefits.

**METEOROLOGY**

**METO 3 — Weather and the Atmospheric Environment** 3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
An introduction to the atmosphere. Processes that influence weather
and climate: seasonality, structure of the atmosphere, atmospheric
stability, severe weather (hurricanes, tornadoes, thunderstorms), climate
change, and the causes and effects of air pollution. Students will use a
variety of weather instruments, and the course may include either field
work or field trips.

**METO 3L — Weather and Atmospheric Environment Laboratory** 1 Unit
Laboratory
54 hours of lab. Degree Appropriate, CSU, UC
Corequisite: METO 3 (May have been taken previously)
Laboratory topics paralleling the course content of METO 3.
**MICROBIOLOGY**

**MICR 1 — Principles of Microbiology**  
5 Units  
(CAN BIOL14)  
Degree Appropriate, CSU, UC  
54 hours of lecture.  
108 hours of lab.  
Prerequisite: CHEM 10 or CHEM 40. One year of college chemistry is recommended for all transfer majors. CHEM 50/51 sequence is preferred for biology and most pre-health professional majors.  
Fundamental concepts of microbiology with emphasis on bacteria. Survey of microbial classification, morphology, physiology and genetics; beneficial and pathological aspects; growth and control of microbes; virology, immunology, and host-microbe interactions. Important infectious diseases of humans are surveyed. Laboratory exercises examine microbial morphology, physiology and genetics, as well as environmental influences of microorganisms. Laboratory techniques include culturing, examining, and identifying microorganisms.

**MICR 22 — Microbiology**  
4 Units  
54 hours of lecture.  
Degree Appropriate, CSU, UC  
54 hours of lab.  
Prerequisite: CHEM 10 or CHEM 40 or one year of high school chemistry (C or better)  
Fundamental concepts of microbiology; viruses, bacteria, fungi, protozoa and parasitic worms. Covers microbial classification, physiology and genetics; host-parasite interaction; control of disease-causing agents; public health microbiology; immune response and immune disorders. Important diseases of humans and other animals are surveyed. Laboratory exercises include experiments and observation on the morphology, physiology, and control of microorganisms.

**MUSIC**

**MUS 1 — Concert Music**  
1 Unit  
(May be taken four times for credit.)  
Degree Appropriate, CSU  
18 hours of lecture.  
A concert experience in listening to recitals, media presentations, musical demonstrations and lectures given by faculty, guest artists, and students. Attendance at and reports on additional live concerts may be required. Students who repeat this course will improve skills through further instruction and practice. Course open to all students.

**MUS 2 — Music Theory**  
3 Units  
54 hours of lecture.  
Degree Appropriate, CSU, UC  
Corequisite: MUS 5A  
Required for music majors. Reviews and examines the materials of musical notation, rhythm, tonality and modality, melody and scale structure, and music terminology.

**MUS 3A — Harmony**  
3 Units  
Spring Semester  
54 hours of lecture.  
Prerequisite: MUS 2, MUS 5A  
Corequisite: MUS 5B  
An examination of the harmonic style of composers of the 17th and 18th centuries, including diatonic harmony and melody, rhythm and structure. Original four-part compositions will be written.

**MUS 3B — Harmony**  
3 Units  
Fall Semester  
54 hours of lecture.  
Prerequisite: MUS 3A, MUS 5B  
Corequisite: MUS 6A  
A continuation of the examination of homophonic style of composers of the 17th through mid-19th centuries. Topics will include study of modulation, seventh chords, secondary dominants, and irregular resolutions of chords. Original four-part compositions will be written.

**MUS 3C — Harmony**  
3 Units  
Spring Semester  
54 hours of lecture.  
Prerequisite: MUS 3B, MUS 6A  
Corequisite: MUS 6B  
A further examination of homophonic style of composers of the 18th through early 20th century. Topics will include study of non-dominant chords, chromatically altered chords, and Neapolitan and Augmented Sixth chords. Original four-part compositions will be written.

**MUS 5A — Musicianship — Ear Training and Sight Singing**  
1 Unit  
18 hours of lecture.  
Degree Appropriate, CSU, UC  
Prerequisite: MUS 2, MUS 5A  
Corequisite: MUS 6A  
Emphasizes sight singing and the aural perception of rhythm, melody, intervals, and simple harmonic progressions. Students will be aided by the use of a computer lab, and documented lab time outside of class will be required for successful course completion.

**MUS 5B — Musicianship — Ear Training and Sight Singing**  
1 Unit  
18 hours of lecture.  
Degree Appropriate, CSU, UC  
Prerequisite: MUS 2, MUS 5A  
Corequisite: MUS 3A  
Provides further ear training and sight singing experience including two-part harmonic dictation. Students will be aided by the use of a computer lab, and documented lab time outside of class will be required for successful course completion.

**MUS 6A — Musicianship — Advanced**  
2 Units  
Spring Semester  
36 hours of lecture.  
18 hours of lab.  
Prerequisite: MUS 3A  
Corequisite: MUS 3B  
Diatonic chord progressions studied in MUS 3A are used for dictation exercises in this course. Clef dictation, keyboard harmony, and sight singing will also be included. Students will be aided by the use of a computer lab, and documented lab time outside of class will be required for successful course completion.

**MUS 6B — Musicianship — Advanced**  
2 Units  
36 hours of lecture.  
18 hours of lab.  
Prerequisite: MUS 3B, MUS 6A  
Corequisite: MUS 3C  
Chord progression studied in MUS 3B and 3C are used for dictation exercises Keyboard harmony and sight singing will also be included. Students will be aided by the use of a computer lab, and documented lab time outside of class will be required for successful course completion.

**MUS 7 — Fundamentals of Music**  
3 Units  
54 hours of lecture.  
Degree Appropriate, CSU, UC  
Non-music major course dealing with basic elements of music notation, melody, rhythm, and harmony. Written exercises utilizing the techniques of melody, rhythm, and harmony will be employed. Recommended for prospective elementary school teachers.

**MUS 9 — Introduction to Music Technology**  
3 Units  
(May be taken four times for credit.)  
Degree Appropriate, CSU  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of lecture.  
36 hours of lab.  
Advisory: Eligibility for ENGL 68  
Develops an understanding of the principles of musical acoustics and sound generation. Teaches basic techniques for using audio equipment to electronically generate sound. Students who repeat this course will improve skills through further instruction and practice.

**MUS 11A — Music Literature Survey**  
3 Units  
Fall Semester  
54 hours of lecture.  
A survey of western music from the Medieval period through the 18th century including examples of music from several non-western cultures. Lectures are augmented by recordings and other support media pertinent to the culture/period being studied. Attending at least one live concert is required.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUS 11B</td>
<td>Music Literature Survey</td>
<td>3</td>
<td>A survey of western music from the 18th to the early 21st century including examples from several non-western cultures that have influenced music of those style periods. Lectures are augmented by recordings and other support media pertinent to the cultures/period being studied. Attending at least one live concert is required.</td>
</tr>
<tr>
<td>MUS 12</td>
<td>History of Jazz</td>
<td>3</td>
<td>(May be taken for option of letter grade or Credit/No Credit.) 54 hours of lecture. A survey of jazz as a significant American art form from its roots in African and Creole music to the present. Major styles, leading performers, significant compositions and recordings, and the social, economic, and cultural contexts of the music will be stressed.</td>
</tr>
<tr>
<td>MUS 13</td>
<td>Introduction to Music Appreciation</td>
<td>3</td>
<td>54 hours of lecture. Degree Appropriate, CSU, UC An introductory study of music from a variety of cultures including a survey of western music from the Medieval period through the 21st century. Lectures are augmented by recordings and other support media pertinent to the culture/period being studied. Attending at least one live concert is required.</td>
</tr>
<tr>
<td>MUS 13H</td>
<td>Introduction to Music Appreciation – Honors</td>
<td>3</td>
<td>54 hours of lecture. Degree Appropriate, CSU, UC Prerequisite: Acceptance into the Honors Program An introductory study of music from a variety of cultures including a survey of western music from the Medieval period through the 21st century. Lectures are augmented by recordings and other support media pertinent to the culture/period being studied. Attending at least one live concert is required. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both MUS 13 and MUS 13H.</td>
</tr>
<tr>
<td>MUS 14A</td>
<td>World Music</td>
<td>3</td>
<td>Formerly MUS 14 54 hours of lecture. Advisory: Eligibility for ENGL 68 Examines the dominant musical cultures of the world within Africa, the Americas, and Asia and compares these to Western popular music. Identifies vocal and instrumental genres within selected cultures and examines the harmonic, melodic, and rhythmic characteristics of each style. Lectures, films, recordings, and media presentations will assist the student in exploring the ways in which music is used around the world for aesthetic, social, and spiritual purposes.</td>
</tr>
<tr>
<td>MUS 14B</td>
<td>American Folk Music</td>
<td>3</td>
<td>Formerly MUS 10 54 hours of lecture. The study of American folk music by both region and period. Instruction will include lecture, reading, and listening assignments, and various audio-visual materials. No previous musical experience required.</td>
</tr>
<tr>
<td>MUS 15</td>
<td>Rock Music History and Appreciation</td>
<td>3</td>
<td>(May be taken for option of letter grade or Credit/No Credit.) 54 hours of lecture. Historical survey of rock music from its beginnings in the early 50's to the present. Rhythm &amp; Blues, Rockabilly, the British Invasion, Motown, Soul, Folk Rock, Hard Rock, Punk, Heavy Metal, and various Alternative Rock styles will be discussed. Personalities and musical styles will be related to the sociology of the time period being studied.</td>
</tr>
<tr>
<td>MUS 16</td>
<td>Individual Instruction</td>
<td>3</td>
<td>(CAN MUS 14) 18 hours of lecture. 108 hours of lab. Prerequisite: Admission by audition A course in applied music for students also enrolled in a major performing group. Instruction includes a private one-half hour lesson plus five and one-half hours of laboratory practice per week. Individual problems of performance techniques, interpretation, and repertoire are included. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>MUS 17A</td>
<td>Elementary Class Piano</td>
<td>1</td>
<td>(CAN MUS 22) 18 hours of lecture. 18 hours of lab. Reading and performance of piano literature with emphasis on scales, chord progressions, and sight reading. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>MUS 17B</td>
<td>Intermediate Class Piano</td>
<td>1</td>
<td>(CAN MUS 24) 18 hours of lecture. 18 hours of lab. Advisory: MUS 17A or professor approval Reading and performances of piano literature with further emphasis on scales, chord progressions, and sight reading. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>MUS 18</td>
<td>Advanced Class Piano</td>
<td>1</td>
<td>18 hours of lecture. 18 hours of lab. Advisory: MUS 17B The style, technique and interpretation of piano music from the 17th century to the present is studied collectively and individually. Sight reading, improvisation and ensemble playing will be emphasized. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>MUS 19</td>
<td>Class Organ</td>
<td>1</td>
<td>(May take two times for credit.) Degree Appropriate, CSU, UC 18 hours of lecture. 18 hours of lab. Advisory: MUS 17A and MUS 17B or equivalent Group and individual instruction in registration, manual and pedal technique, interpretation of standard organ literature, and organ MIDI technique. Special projects will be given for prospective church organists. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>MUS 20A</td>
<td>Elementary Class Voice</td>
<td>1</td>
<td>(May be taken two times for credit.) Degree Appropriate, CSU, UC 18 hours of lecture. 18 hours of lab. Group instruction on the basics of singing with special emphasis on breath control and its importance in the singing of the musical line. English and American songs will be studied. Open to non-music majors and recommended for all music majors. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>MUS 20B</td>
<td>Intermediate Class Voice</td>
<td>1</td>
<td>(May be taken two times for credit.) Degree Appropriate, CSU, UC 18 hours of lecture. 18 hours of lab. Group instruction on the basics of singing with special emphasis on breath control and its importance in the singing of the musical line. English and American songs will be studied. Open to non-music majors and recommended for all music majors. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>MUS 21</td>
<td>Advanced Class Voice</td>
<td>1</td>
<td>(May be taken four times for credit.) Degree Appropriate, CSU, UC 18 hours of lecture. 18 hours of lab. Advisory: MUS 20B Group and individual study of the style, techniques, and interpretation of art songs and songs from operas and musicals. Emphasis will be placed on diction and pronunciation of foreign languages. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>

</table>
### Course Descriptions

**MUS 22 — Conducting**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Teaches and practices basic beat patterns, score reading, and rehearsal techniques. Offers an opportunity to learn and apply the techniques needed for group direction and leadership. Students who repeat this course will improve skills through further instruction and practice.

**MUS 23A — Elementary Class Guitar**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Acoustic guitar playing, note reading, strumming, finger picking and improvisation. Students must furnish their own guitars. Students who repeat this course will improve skills through further instruction and practice.

**MUS 23B — Intermediate Class Guitar**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Advisory: MUS 23A  
Techniques for reading and playing music arranged for the solo guitar. Students must furnish their own acoustic guitar. Students who repeat this course will improve skills through further instruction and practice.

**MUS 24 — Advanced Class Guitar**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Advisory: MUS 23B  
The style, technique, and interpretation of guitar music of the 18th and 19th centuries will be studied and performed. Sight reading and ensemble playing will be emphasized. Students must furnish their own acoustic guitars. Students who repeat this course will improve skills through further instruction and practice.

**MUS 25A — Jazz Improvisation**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Styles and techniques of improvisation. Each student must furnish his/her own instrument and be able to perform individually and with the class. Students who repeat this course will improve skills through further instruction and practice.

**MUS 25B — Jazz Improvisation**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Advisory: MUS 2 or MUS 7 and/or audition by professor AND MUS 25A or equivalent experience  
Styles and techniques of improvisation. Each student must furnish his/her own instrument and be able to perform individually and with the class. Augments and supplements MUS 25A. Students who repeat this course will improve skills through further instruction and practice.

**MUS 26 — Conducting**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Prerequisite: Admission by audition during the first week of class  
This select ensemble of wind instruments will study and perform small ensemble music by major composers. Includes brass and woodwind quintets and ensembles for families of instruments. Attendance is required at all public performances. Students who repeat this course will improve skills through further instruction and practice.

**MUS 27 — Chamber Winds**  
2 Units  
108 hours of lab.  
Corequisite: Admission by audition; MUS 49  
This select ensemble of wind instruments will study and perform small ensemble music by major composers. Includes brass and woodwind quintets and ensembles for families of instruments. Attendance is required at all public performances. Students who repeat this course will improve skills through further instruction and practice.

**MUS 28 — Conducting**  
1 Unit  
18 hours of lab.  
18 hours of lecture.  
Advisory: Previous band experience  
Study and performance of standard and new band literature. Experience will be given to capable student directors, soloists, arrangers and composers. Attendance is required at all public performances. Students who repeat this course will improve skills through further instruction and practice.

**MUS 30 — Collegiate Chorale**  
1 Unit  
54 hours of lab.  
Prerequisite: Admission by audition during the first week of class  
This Soprano, Alto, Tenor, Bass choir will perform major choral works ranging from the Baroque era to the 20th century. In addition to preparation and performance of quality choral literature from all genres, time will be spent on vocal development and music theory. Students who repeat this course will improve their skills through further instruction, practice, and knowledge of varied repertoire.

**MUS 32 — Masterworks Chorale**  
1 Unit  
54 hours of lab.  
Prerequisite: Admission by audition during the first week of class  
This women's group will study and perform selected classical works, folk songs, spirituals, and popular compositions. Attendance is required at all public performances. Students who repeat this course will improve skills through further instruction and practice.

**MUS 33 — Concert and Community Band**  
2 Units  
108 hours of lab.  
Advisory: Previous band experience  
The study and performance of music written for small ensembles. Students who repeat this course will improve skills through further instruction and practice.

**MUS 34 — Women's Vocal Ensemble**  
2 Units  
108 hours of lab.  
Prerequisite: Admission by audition during the first week of class  
The study and performance of music written for small ensembles. Students who repeat this course will improve skills through further instruction and practice.
MUS 49 — Wind Ensemble 3 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
162 hours of lab.
Prerequisite: Admission by audition
The study and performance of selected classical works, folk songs, spirituals, and popular compositions. Attendance is required at all public performances. Students who repeat this course will improve skills through further instruction and practice.

MUS 99A — Special Projects in Music 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
18 hours of lecture.
Offered to selected students in recognition of academic interests and abilities to give them the opportunity to explore these interests and abilities in greater depth. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor’s approval before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced. Projects must be approved in advance.

MUS 99B — Special Projects in Music 2 Units
Spring Semester Degree Appropriate, CSU
36 hours of lecture.
Offered to selected students in recognition of academic interests and abilities to give them the opportunity to explore these interests and abilities in greater depth. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have an instructor’s approval before enrolling in this course. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced. Projects must be approved in advance.

NURSING

NURS 1A — The Nursing Process I 4.75 Unit
45 hours of lecture. Degree Appropriate, CSU
126 hours of lab.
Prerequisite: Admission to Nursing Program; ANAT 35 or equivalent and ANAT 36 or equivalent, or ANAT 10A or equivalent and ANAT 10B or equivalent, and MICR 22 or equivalent, or MICR 1 or equivalent, and ENGL 1A or equivalent
Corequisite: NURS 2
Principles of nursing as related to a culturally diverse population, adulthood through senescence. Theory and application of the Nursing Process. Including meaning of illness, promoting health patterns, hygiene, safety, asepsis, medication administration, elimination, communication. The Betty Neuman Model serves as the conceptual framework.

NURS 1B — The Nursing Process II 4.75 Unit
45 hours of lecture. Degree Appropriate, CSU
126 hours of lab.
Prerequisite: NURS 1A or Advanced Placement
Corequisite: NURS 2
Principles of nursing as related to culturally diverse population, adulthood through senescence. Theory and application of the Nursing Process including wound care, legal/ethical aspects, comfort, fluid and electrolytes, spirituality, and nursing trends. The Betty Neuman Model serves as the conceptual framework.
### Course Descriptions

**NURS 2 — Pharmacology**  
2 Units  
36 hours of lecture.  
Degree Appropriate, CSU  
Prerequisite: Admission to Nursing Program and eligibility for MATH 51  
Corequisite: NURS 1A  
The ethical and legal responsibilities in the administration of medications. Application of mathematical concepts, the Nursing Process, and drug therapy to the administration of fluids and medications.

**NURS 3 — Medical-Surgical Nursing: Locomotion/ Sensation/ Integument/Oncology/Immunology**  
3.5 Units  
30 hours of lecture.  
Degree Appropriate, CSU  
99 hours of lab.  
Prerequisite: NURS 1B and NURS 2 or Advanced Placement  
Concepts of nursing assessment and intervention with application to clients with integumentary and immunologic disorders as well as dysfunctions of sensation and locomotion. An introduction to oncology nursing is included. The Betty Neuman Model serves as the conceptual framework.

**NURS 4 — Maternity Nursing**  
3 Units  
27 hours of lecture.  
Degree Appropriate, CSU  
81 hours of lab.  
Prerequisite: NURS 3 or Advanced Placement  
Concepts of nursing assessment and intervention with application to maternity and newborn clients. The Betty Neuman Model serves as the conceptual framework.

**NURS 5 — Psychiatric Nursing**  
3 Units  
27 hours of lecture.  
Degree Appropriate, CSU  
81 hours of lab.  
Prerequisite: NURS 4 or Advanced Placement and PSYC 1A  
Concepts of nursing assessment and intervention with application to clients with psychiatric disorders in a mental health setting. The Betty Neuman Model serves as the conceptual framework.

**NURS 6 — Pediatric Nursing**  
3 Units  
27 hours of lecture.  
Degree Appropriate, CSU  
81 hours of lab.  
Prerequisite: NURS 5 or Advanced Placement and CHLD 10 or PSYC 14  
Concepts of nursing assessment and intervention with application to pediatric clients. The Betty Neuman Model serves as the conceptual framework.

**NURS 7 — Medical-Surgical Nursing: Nutrition/Elimination/ Surgical Asepsis**  
7 Units  
60 hours of lecture.  
Degree Appropriate, CSU  
198 hours of lab.  
Prerequisite: NURS 6 or Advanced Placement  
Concepts of nursing assessment and intervention with application to clients with problems of nutrition, elimination, and the reproductive systems. Clients in pre-, intra-, and post-operative settings are included. The Betty Neuman Model serves as the conceptual framework.

**NURS 8 — Medical-Surgical Nursing: Circulation and Oxygenation**  
5 Units  
45 hours of lecture.  
Degree Appropriate, CSU  
144 hours of lab.  
Prerequisite: NURS 7 or Advanced Placement  
Corequisite: NURS 9  
Concepts for nursing assessment and intervention with application to clients with cardiovascular and pulmonary problems. The Betty Neuman Model serves as the conceptual framework.

**NURS 9 — Leadership in Nursing**  
1 Unit  
18 hours of lecture.  
Degree Appropriate, CSU  
Prerequisite: NURS 7 or Advanced Placement  
Corequisite: NURS 8  
Assists the second year student to develop cognitive skills for first level management positions. To provide information and discussion for current trends and issues in nursing.

**NURS 10 — Medical-Surgical Nursing: Integration/ Regulation**  
4 Units  
45 hours of lecture.  
Degree Appropriate, CSU  
96 hours of lab.  
Prerequisite: NURS 8, NURS 9 or Advanced Placement  
Concepts of nursing assessment and intervention with application to clients with neurological and endocrine disorders. The Betty Neuman Model serves as the conceptual framework.

**NURS 11 — Preceptorship in Nursing**  
2 Units  
(May be taken for Credit/No Credit only.)  
Degree Appropriate, CSU  
111.99 hours lab.  
Advisory: NURS 10 or Advanced Placement  
Students participate as a pre-licensed health team member immediately prior to graduation. Students assume responsibility for a group of clients under direct supervision of a qualified registered nurse.

**NURS 20 — Nursing Work Experience Program**  
1 Unit  
(May be taken four times for credit.)  
Non-Degree Credit  
(May be taken for Credit/No Credit only.)  
175 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog. Current satisfactory status in the Nursing Program.

**NURS 21 — Nursing Work Experience Program**  
2 Units  
(May be taken four times for credit.)  
Non-Degree Credit  
(May be taken for Credit/No Credit only.)  
150 hours of lab.  
Prerequisite: Compliance with Work Experience regulations as designated in the College Catalog. Current satisfactory status in the Nursing Program.
On-the-job experience for nursing students in an approved work setting related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Students who repeat this course will improve skills through further instruction and practice.

**NF 10 — Nutrition for Personal Health and Wellness** 3 Units
54 hours of course.
Prerequisite: Eligibility for ENGL 68
Basic principles of human nutrition and their relationship to optimum health. Emphasizes nutrient needs, food selection and weight control during the various life stages from prenatal to adult. Student food intake is evaluated in several ways including computer diet analysis. This course is intended for non-health science majors.

**NF 20 — Principles of Foods with Lab** 3 Units
(CAN FCS 8)
36 hours of lecture.
54 hours of lab.
Introduction to basic food science principles and food preparation procedures with emphasis on ingredient functions and interaction; food preparation techniques and skills; sensory evaluation standards; food safety and sanitation; food preparation equipment and utensils; storage standards; and nutrient retention.

**OCEA 10 — Introduction to Oceanography** 3 Units
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
An introduction to the ocean environment including the geologic, chemical, and marine ecosystems of the field. Topics include plate tectonics, currents, waves, tides, shores and human impact on the oceans. Field trips included.

**OCEA 10H — Introduction to Oceanography – Honors** 3 Units
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
An honors course designed to provide an enriched experience for accelerated students that introduces the geological, chemical, physical, and ecological aspects of the field. Topics include plate tectonics, currents, waves, tides, shores and human impact on the oceans. Field trips included.

**NF 25 — Essentials of Nutrition** 3 Units
(CAN FCS 2)
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Scientific concepts of nutrition related to the function of nutrients in basic life processes with emphasis on current health issues; individual needs; functions and sources of nutrients; scientific method of analysis and evaluation of nutrition information; dietary guidelines and current nutrition recommendations; digestion, absorption, and metabolism; health, fitness, and disease; nutrition in the life span.

**NF 25H — Essentials of Nutrition – Honors** 3 Units
(CAN FCS 2)
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
Scientific concepts of nutrition related to the function of nutrients in basic life processes with emphasis on: current health issues; individual needs; functions and sources of nutrients; scientific method of analysis and evaluation of nutrition information; dietary guidelines and current nutrition recommendations; digestion, absorption, and metabolism; health, fitness, and disease; nutrition in the life span. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both NF 25 and NF 25H.

**NF 28 — Cultural and Ethnic Foods** 3 Units
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Regional, ethnic, cultural, religious, historical, and social influences on food patterns and cuisines. Core components: specialized equipment and utensils related to cultures; traditional foods of selected cultures; geographic factors in food availability; global food issues; sanitation and safety practices.

**NF 30 — Food Science Technologies** 3 Units
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Exploration of food chemistry, food processing and technology and how it affects the color, flavor, texture, aroma and quality of foods. Core components: government regulation of processing and labeling; sensory evaluation; scientific research methods; function of water in foods; pH and acidity; food processing technologies; nutritional labeling; packaging; dispersion systems; enzyme reactions; food additives; composition and properties of food.

**NF 61 — Creative Foods** 3 Units
36 hours of lecture.
72 hours of lab.
Prerequisite: NF 20 or food preparation experience
Provides student the skills necessary for more advanced methods of food preparation. Topics include garde manger, baking and pastry, and international cuisine, techniques of healthy cooking, and vegetarian cuisine with emphasis placed on knife skills, garnishing, plate presentation and creative decorating.
PHOTOGRAPHICS

PHOT 1 — Laboratory Studies: Black and White Photography 1 Unit
(May be taken three times for credit.)
Non-Degree Credit
(May be taken for Credit/No Credit only.)
54 hours of lab.
Corequisite: PHOT 10 (May have been taken previously)
Extended black and white laboratory experiences to supplement those available in the regular program. Provides students the opportunity to pursue more advanced projects and experiments. Students who repeat this course will improve skills through further instruction and practice.

PHOT 2 — Laboratory Studies: Color Photography 1 Unit
(May be taken three times for credit.)
Non-Degree Credit
(May be taken for Credit/No Credit only.)
54 hours of lab.
Corequisite: PHOT 20 (May have been taken previously)
Extended color laboratory experiences to supplement those available in the regular program. Provides students the opportunity to pursue more advanced projects and experiments. Students who repeat this course will improve skills through further instruction and practice.

PHOT 3 — Digital Cameras and Composition 1 Unit
(May be taken for option of letter grade or Credit/No Credit.)
18 hours of lecture.
Use of digital cameras, lenses, filters, and exposure to compose quality photographs. Shooting assignments are given for analysis in class. Camera will be required after the second week.

PHOT 4 — Basic Digital and Film Photography 3 Units
Degree Appropriate, CSU, UC
36 hours of lecture.
The basic mechanical, optical, and chemical principles of photography, including digital image systems. Laboratory experience involves problems related to camera and image output techniques.

PHOT 10 — Advanced Professional Photography 4 Units
Degree Appropriate
108 hours of lab.
Prerequisite: PHOT 10
Advisory: ARTD 15A
Exploration of current professional techniques. Includes studio and field assignments related to problems encountered in advanced photography. Topics include but are not limited to: medium and large format cameras, studio product and portraiture, strobe and tungsten lighting, and computer basics for professional photographers.

## PHYSICAL EDUCATION: AQUATICS

### PE-A 4 — Lifeguard Training  
1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Prerequisite: 15 years of age or older, demonstrate ability to swim 500 yards using crawl, breaststroke, elementary backstroke, and sidestroke; surface dive to 9 feet and bring a ten pound brick to surface; swim under water 15 yards; tread water for two minutes continuously, legs only  
Meets American Red Cross requirements for Lifeguard Training. To receive certification, students must pass the written and practical skills test with an 80% or better. Students who meet all qualifications will receive the American Red Cross Lifeguard Training, C.P.R. for the Professional Rescuer and First Aid Certificates. The objective for students who repeat this course is to recertify and improve rescue techniques through supervised practice and instruction.

### PE-A 8A — Swimming — Beginning  
1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Designed to teach basic swimming strokes and aquatic skills to individuals with little or no swimming ability. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 8A-2 — Swimming — Beginning  
.5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Designed to teach basic swimming strokes and aquatic skills to individuals with little or no swimming ability. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 8B — Swimming — Intermediate  
1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Designed to improve competence in swimming ability for individuals who have had instruction in all of the basic strokes and can swim in deep water. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 8B-2 — Swimming — Intermediate  
.5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Designed to improve competence in swimming ability for individuals who have had instruction in all of the basic strokes and can swim in deep water. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 8C — Swimming — Advanced  
1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Prerequisite: Demonstrate proficiency equivalent to Red Cross Swimming Test  
Designed to offer aquatic techniques of an advanced level and to refine the skill of the competent swimmer. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 8C-2 — Swimming — Advanced  
.5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Prerequisite: Demonstrate proficiency equivalent to Red Cross Swimming Test  
Designed to offer aquatic techniques of an advanced level and to refine the skill of the competent swimmer. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 14 — Water Polo  
1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Orients fundamental water polo skills including conditioning, drills, and game situations. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 14-2 — Water Polo  
.5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Orients fundamental water polo skills including conditioning, drills, and game situations. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 16 — Water Safety Instructor  
2 Units  
(CAN KINE10) Degree Appropriate, CSU, UC  
(May be taken four times for credit.)  
(May be taken for option of letter grade or Credit/No Credit.)  
108 hours of activity.  
Prerequisite: 1) 17 years of age or older at the start of the course; 2) Demonstrate proficiency equivalent to Level VI of the American Red Cross Learn to Swim Program; 3) Demonstrate skills on a proficiency level equal to the American Red Cross Emergency Water Safety course  
Analysis and performance of swimming skills related to safety; theory and application of methods of organizing and presenting aquatic materials. Satisfactory completion of the course may lead to the American Red Cross Water Safety Instructor's Certificate. Repeating this course will allow for renewal of certificate and improve skills through further instruction and practice.

### PE-A 18 — Springboard Diving  
1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Student must possess above average diving ability or experience in tumbling or gymnastics. Individualized instruction in the fundamentals and techniques of springboard diving. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 18-2 — Springboard Diving  
.5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Student must possess above average diving ability or experience in tumbling or gymnastics. Individualized instruction in the fundamentals and techniques of springboard diving. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 20 — Aquatic Fitness  
1 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
54 hours of activity.  
Student must be able to perform front crawl 50 yards. Designed to improve and maintain aquatic fitness. Emphasis on building strength, endurance and cardiovascular fitness. Students who repeat this course will improve skills through further instruction and practice.

### PE-A 20-2 — Aquatic Fitness  
.5 Unit  
(May be taken four times for credit.) Degree Appropriate, CSU, UC  
(May be taken for option of letter grade or Credit/No Credit.)  
36 hours of activity.  
Student must be able to perform front crawl 50 yards. Designed to improve and maintain aquatic fitness. Emphasis on building strength, endurance and cardiovascular fitness. Students who repeat this course will improve skills through further instruction and practice.
PE-A 21 — Aqua Aerobics 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Designed to improve cardiovascular endurance, strength, agility, flexibility and general fitness through the mode of dynamic movement in the water. Appropriate for swimmers and nonswimmers. Students who repeat this course will improve skills through further instruction and practice.

PE-A 21-2 — Aqua Aerobics .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Designed to improve cardiovascular endurance, strength, agility, flexibility and general fitness through the mode of dynamic movement in the water. Appropriate for swimmers and nonswimmers. Students who repeat this course will improve skills through further instruction and practice.

PE-A 24 — Aquatic Off-Season Conditioning 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
A conditioning course for the serious swimmer to receive individualized training in order to improve competitive performance. Students who repeat this course will improve skills through further instruction and practice.

PE-A 24-2 — Aquatic Off-Season Conditioning .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
A conditioning course for the serious swimmer to receive individualized training in order to improve competitive performance. Students who repeat this course will improve skills through further instruction and practice.

PHYSICAL EDUCATION: ATHLETICS

PE-X 6 — Baseball – Men 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Enrollment is limited to team candidates and includes a minimum of 10 hours per week practice and intercollegiate competition. The objective of students who repeat this course is further improvement through practice and instruction.

PE-X 8A — Basketball – Men 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
90 hours of activity.
Designed for Men’s Intercollegiate Basketball Team candidates and provides instruction in the components of training and conditioning related to the sport of basketball. Students who repeat this course will improve skills through further instruction and practice.

PE-X 10A — Basketball – Women 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
90 hours of activity.
Designed for Women’s Intercollegiate Basketball team candidates and provides instruction in the components of training and conditioning related to the sport of basketball. Students who repeat this course will improve skills through further instruction and practice.

PE-X 10B — Basketball – Women 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
90 hours of activity.
Advisory: PE-X 8A
Enrollment is limited to team candidates and includes a minimum of 10 hours per week practice and intercollegiate competition. Advanced skills and strategies will be presented. Students who repeat this course will improve conditioning through continued instruction and participation.

PE-X 11 — Cross Country – Men 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Men’s Intercollegiate Cross Country team candidates and provides instruction in the components of training and conditioning related to the sport of cross country. Students who repeat this course will improve skills through further instruction and practice.

PE-X 11 — Cross Country – Women 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Women’s Intercollegiate Cross Country team candidates and provides instruction in the components of training and conditioning related to the sport of cross country. Students who repeat this course will improve skills through further instruction and practice.

PE-X 12 — Cross Country – Women 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Women’s Intercollegiate Cross Country team candidates and provides instruction in the components of training and conditioning related to the sport of cross country. Students who repeat this course will improve skills through further instruction and practice.

PE-X 16 — Football – Men 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Men’s Intercollegiate Football team candidates and provides instruction in the components of training and conditioning related to the sport of football. Students who repeat this course will improve skills through further instruction and practice.

PE-X 18 — Golf – Men 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Men’s Intercollegiate Golf Team candidates and provides instruction in the components and training related to the sport of golf. Classes will be held off campus and require some traveling. Students who repeat this course will improve skills through further instruction and practice. Students must have their own golf clubs.

PE-X 19 — Golf – Women 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Women’s Intercollegiate Golf Team candidates and provides instruction in the components and training related to the sport of golf. Classes will be held off campus and require some traveling. Students who repeat this course will improve skills through further instruction and practice. Students must have their own golf clubs.

PE-X 21 — Baseball – Women 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
90 hours of activity.
Designed for Women’s Intercollegiate Baseball Team candidates and provides instruction in the components of training and conditioning related to the sport of baseball. Students who repeat this course will improve skills through further instruction and practice.

PE-X 23 — Golf – Women 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Women’s Intercollegiate Golf Team candidates and provides instruction in the components and training related to the sport of golf. Classes will be held off campus and require some traveling. Students who repeat this course will improve skills through further instruction and practice. Students must have their own golf clubs.

PE-X 25 — Soccer – Men 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Men’s Intercollegiate Soccer Team candidates and provides instruction in the components of training and conditioning related to the sport of soccer. Students who repeat this course will improve skills through further instruction and practice.

PE-X 25 — Soccer – Women 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
180 hours of activity.
Designed for Women’s Intercollegiate Soccer Team candidates and provides instruction in the components of training and conditioning related to the sport of soccer. Students who repeat this course will improve skills through further instruction and practice.

Prepare the Basic Fire Academy student for the physical demands of the fire service. Through a supervised individualized training program, the student will acquire cardiovascular endurance, flexibility and strength. Students who repeat this course will improve skills through further instruction and practice.

**PE-F 59 — Firefighter Physical Ability Test**  .1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
2 hours of activity.
Administration of physical ability test examination. Includes nutrition, safety, body mechanics, exercise guidelines and execution of fire-related tasks. Successful completion of this course is required by various fire agencies for employment. Students must obtain test package from website: Firepat.mtasc.edu prior to enrolling. Repeating this course will allow for renewal of certificate and improvement of technique through further instruction and practice.

**PHYSICAL EDUCATION: INDIVIDUAL**

**PE-I 1 — Rock Climbing**  1 Unit
(May be taken four times for credit.) Degree Appropriate
54 hours of activity.
Instruction in rock climbing. Includes preparation, equipment, techniques and strategies of rock climbing. Students who repeat this course will improve skills through further instruction and practice.

**PE-I 4A — Badminton — Beginning**  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
54 hours of activity.
Basic badminton fundamentals and technique. Includes care of equipment; singles and doubles strategies. Students who repeat this course will improve skills through further instruction and practice.

**PE-I 4A-2 — Badminton — Beginning**  .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
36 hours of activity.
Basic badminton fundamentals and technique. Includes care of equipment; singles and doubles strategies. Students who repeat this course will improve skills through further instruction and practice.

**PE-I 4B — Badminton — Intermediate**  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
54 hours of activity.
Intermediate badminton fundamentals and techniques, including competitive strategies. Students who repeat this course will improve skills through further instruction and practice.

**PE-I 4B-2 — Badminton — Intermediate**  .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
36 hours of activity.
Intermediate badminton fundamentals and techniques, including competitive strategies. Students who repeat this course will improve skills through further instruction and practice.

**PE-I 18A — Golf — Beginning**  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
54 hours of activity.
Basic fundamentals of golf. Emphasis on technique, strategy, and rules. Students who repeat this course will improve skills through further instruction and practice.

**PE-I 18A-2 — Golf — Beginning**  .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
36 hours of activity.
Basic fundamentals of golf. Emphasis on technique, strategy, and rules. Students who repeat this course will improve skills through further instruction and practice.

**PE-I 18B — Golf — Intermediate**  1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
54 hours of activity.
Intermediate for the golfer with previous golf experience. Includes putting, game management, club selection, and principles of the swing. Students must have their own golf clubs. Classes will be held at sites both on and off the Mt. SAC campus. Students who repeat this course will improve skills through further instruction and practice.

Note: All courses may be taken for option of letter grade or Credit/No Credit. Degree Appropriate, CSU, UC.
PE-I 37C — Tai Chi Chuan — Advanced 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Instruction and practice for the experienced Tai Chi Chuan practitioner. Emphasis will be on the sword form. Students who repeat this course will improve skills through further instruction and practice.

PE-I 37C2 — Tai Chi Chuan — Advanced .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Instruction and practice for the experienced Tai Chi Chuan practitioner. Emphasis will be on the sword form. Students who repeat this course will improve skills through further instruction and practice.

PE-I 38 — Skiing Skills 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Fundamentals of Alpine skiing, from the novice to the expert. Includes the purchase, care and use of equipment, conditioning methods, mountain procedures and safety. Ski trips mandatory and are at student expense. Students who repeat this class will improve skills further instruction and practice.

PE-I 40A — Tennis — Beginning 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Beginning tennis fundamentals and techniques. Students who repeat this course will improve skills through further instruction and practice.

PE-I 40A-2 — Tennis — Beginning .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Beginning tennis fundamentals and techniques. Students who repeat this course will improve skills through further instruction and practice.

PE-I 40B — Tennis — Intermediate 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Intermediate tennis techniques and strategies for the individual who has previous experience and instruction in tennis. Students who repeat this course will improve skills through further instruction and practice.

PE-I 40B-2 — Tennis — Intermediate .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Intermediate tennis techniques and strategies for the individual who has previous experience and instruction in tennis. Students who repeat this course will improve skills through further instruction and practice.

PE-I 40C — Tennis — Advanced 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Advanced tennis techniques and strategies for the experienced player. Students who repeat this course will improve skills through further instruction and practice.

PE-I 40C-2 — Tennis — Advanced .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Advanced tennis techniques and strategies for the experienced player. Students who repeat this course will improve skills through further instruction and practice.

PE-I 44 — Track and Field 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Basic instruction, conditioning and training for the various track and field events. Students who repeat this course will improve skills through further instruction and practice.

PE-I 44-2 — Track and Field .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Basic instruction, conditioning and training for the various track and field events. Students who repeat this course will improve skills through further instruction and practice.

PE-I 48 — Wrestling 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Wrestling skills, fundamentals and match competition. Students who repeat this course will improve skills through further instruction and practice.

PE-I 48-2 — Wrestling .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Wrestling skills, fundamentals and match competition. Students who repeat this course will improve skills through further instruction and practice.

PE-I 50A — Yoga 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Yoga instruction with major emphasis on practice of yoga asanas, proper breathing techniques and relaxation strategies. Students who repeat this course will improve skills through further instruction and practice.

PE-I 50A-2 — Yoga .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Yoga instruction with major emphasis on practice of yoga asanas, proper breathing techniques and relaxation strategies. Students who repeat this course will improve skills through further instruction and practice.

PE-I 52 — Individual Sports 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Individual sports technique enhancement. Includes cardiorespiratory, flexibility, muscle strength and endurance training modes. Students who repeat this course will improve skills through further instruction and practice.

PE-I 52-2 — Individual Sports .5 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
36 hours of activity.
Individual sports technique enhancement. Includes cardiorespiratory, flexibility, muscle strength and endurance training modes. Students who repeat this course will improve skills through further instruction and practice.

PE-S 2 — Basketball 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of activity.
Basketball skills, fundamentals and game play. Students who repeat this course will improve skills through further instruction and practice.

</tbody>
</table>
**Course Descriptions**

**PE 44 — Theory of Coaching**
3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Designated for coaches at varying levels from youth league to high school varsity. Focuses on coaching issues and problems facing the coach today and includes the philosophy, theory, and principles of developing and maintaining an athletic program.

**PE 45 — Techniques of Coaching**
.5 Unit
(May be taken four times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
9 hours of lecture.
Designed for high school coaches, but is appropriate for coaches of all levels. Includes California Interscholastic Federation (CIF) regulations, Title 5 of the California Education Code, safety and liability concerns and coaching ethics.

**PE 46 — Sports Safety Training**
.5 Unit
(May be taken four times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
9 hours of lecture.
Introduction to basic life support for sports professionals. Includes basic first aid & CPR and knowledge to care for athletic injuries. Students who successfully pass all requirements will earn the appropriate Red Cross First Aid Ation. Repeating the course will allow for renewal of certificates and improvement in technique.

**PE 47 — Psychology of Sport**
3 Units
Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Principles underlying sport behavior and cognition. Includes personality types, communication, motivation, environment, group processes and enhancing performance.

**PE 48 — Lifeguard Training**
3 Units
Degree Appropriate, CSU, UC
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lecture.
Prerequisite: Ability to swim 500 yards without stopping
American Red Cross requirements for Lifeguard Training. To receive certification, students must pass written exams with a minimum of 80% and pass all practical skills tests. Students who meet all qualifications will be certified by the American Red Cross in Lifeguard Training, First Aid and C.P.R for the Professional Rescuer.

**PE 50 — Mt. Sac Fire Academy Physical Ability**
.5 Unit
Entrance Exam
(May be taken four times for credit.) Non-Degree Credit
(May be taken for Credit/No Credit only.)
9 hours of lecture.
9 hours of activity.
Physical ability examination specifically designed for candidates seeking admission into the Mt. SAC Fire Academy. Candidates must be approved by the Fire Technology Office prior to registration. Students who repeat this course will improve proficiency and skills through continued instruction and practice.

**PE 81 — Work Experience for Coaching**
2 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
150 hours of lab.
Provides coaches and physical education students with on-the-job experience in approved worksites related to classroom instruction. A minimum of 5 hours per week of supervised work (minimum 75 paid or 60 non-paid clock hours per semester) is required for each unit of credit. Work experience placement is not guaranteed, but assistance is provided by the Coaching Certificate faculty advisor. Students who repeat this course will improve skills through further instruction and practice.

**PE 85 — Fitness Specialist Internship**
1 Unit
(May be taken four times for credit.) Degree Appropriate
(May be taken for option of letter grade or Credit/No Credit.)
75 hours of lab.
Provides fitness specialist students with on-the-job experience in approved worksites related to classroom instruction. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. It is recommended that the hours per week be equally distributed throughout the semester. Work experience placement is not guaranteed, but assistance is provided by the Fitness Certificate faculty advisor. Students who repeat this course will improve skills through further instruction and practice.

**PHSC 3 — Energy Science**
4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Advisory: Eligibility for MATH 51, eligibility for ENGL 1A
Physical principles underlying the various forms of energy production. Examines feasibility, consequences, cost, and benefits of both traditional and alternative sources of energy. Field trips required.

**PHSC 7 — Physical Science**
3 Units
54 hours of lecture. Degree Appropriate, CSU, UC
Designed for the non-science major. A primarily non-mathematical, conceptual approach to basic principles of physics and chemistry and their practical applications. Critical thinking is stressed in such topics as motion, head magnetism, sound and light, radioactivity, atomic theory and modern physics. May be taken with Physical Sciences Laboratory for those students needing a laboratory science course.

**PHSC 81 — Physical Therapy Aide**
4 Units
54 hours of lecture. Degree Appropriate
54 hours of lab.
Advisory: ANAT 50 or equivalent
Provides Athletic Trainer Aides and physical education students with on-the-job skill development in fitness testing, analysis and prescription. A minimum of 75 paid or 60 non-paid clock hours per semester of supervised work is required for each unit of credit. Work experience placement is not guaranteed, but assistance is provided by the Athletic Trainer faculty and staff. Students who repeat this course will improve skills through further instruction and practice.

**PAP 101 — Fundamentals for Physician Assistant Preparatory Program**
8 Units
144 hours of lecture. Non-Degree Credit
Advisory: PAP 102 taken concurrently
Prepares students for entrance into Physician Assistant programs. Provides an overview of physician assistant fundamentals, ethics, financial aid, and interviewing techniques. Overview of physician assistant curriculum in family practice, pediatrics, orthopedics and various other topics presented in physician assistant programs. Analyzes stress coping mechanisms and time management for physician assistant students.
PAP 102 — Service Learning/Seminar for Physician Assistant Preparatory Program
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for Credit/No Credit only.) 6 Units
36 hours of lecture.
216 hours of lab.
Advisory: PAP 101 taken concurrently
Prepares students for entrance into programs for the career of Physician Assistant. Examines and profiles community health care needs. Explores and directly allows students to interface with various patient populations. Requires weekend and overnight labs to various areas in California. Out-of-class projects required. Students who repeat this course will improve skills through further instruction and practice.

PHYS 1 — Physics 4 Units
54 hours of lecture. Degree Appropriate, CSU, UC
54 hours of lab.
Prerequisite: MATH 51 or MATH 51B or equivalent high school courses
The basic principles of physics. Includes theory, applications, laboratory, and problem solving in mechanics, heat, fluids, and wave motion.

PHYS 2AG — General Physics 4 Units
(CAN PHYS 2) Degree Appropriate, CSU, UC
PHYS 2AG + 2BG = CAN PHYS SEQ A
54 hours of lecture.
54 hours of lab.
Prerequisite: High school trigonometry (C or better) or MATH 150
The basic principles of physics. Includes theory, applications, laboratory, and problem solving in mechanics, heat, fluids, and wave motion.

PHYS 2BG — General Physics 4 Units
(CAN PHYS 4) Spring Semester
PHYS 2AG + 2BG = CAN PHYS SEQ A
54 hours of lecture.
54 hours of lab.
Prerequisite: PHYS 2AG or equivalent
A continuation of Physics 2AG. Includes electricity and magnetism (including DC and AC circuits), geometrical and physical optics, relativity, quantum physics, atomic and nuclear physics. Laboratory includes use of computers to analyze data and simulate electric circuits.

PHYS 4A — Engineering Physics 5 Units
(CAN PHYS B) Degree Appropriate, CSU, UC
PHYS 4A+4B+4C = CAN PHYS SEQ B
72 hours of lecture.
54 hours of lab.
Prerequisite: PHYS 2AG or one year of high school physics (C or better)
Corequisite: MATH 181 (May have been previously)
Studies linear and rotational motion, forces, work, energy, oscillations, gravitation, properties of solids, and waves. Includes laboratory experience, with significant use of computers for data acquisition and analysis.

PHYS 4B — Engineering Physics 5 Units
(CAN PHYS 12) Degree Appropriate, CSU, UC
PHYS 4A+4B+4C = CAN PHYS SEQ B
72 hours of lecture.
54 hours of lab.
Prerequisite: PHYS 4A
Corequisite: MATH 280 (May have been previously)
Heat, kinetic theory of gases, thermodynamics, electromagnetism (including DC and AC circuits) and Maxwell's equations. Laboratory includes significant use of computers for data acquisition, analysis and simulation.

PHYS 4C — Engineering Physics 5 Units
(CAN PHYS 14) Degree Appropriate, CSU, UC
PHYS 4A+4B+4C = CAN PHYS SEQ B
72 hours of lecture.
54 hours of lab.
Prerequisite: PHYS 4B
Laboratory includes significant use of computers for data analysis.

PHYS 49 — Special Projects in Physics 2 Units
(May be taken four times for credit.) Degree Appropriate, CSU, UC
36 hours of lecture.
Corequisite: PHYS 1 or PHYS 2AG or PHYS 4A (May have been taken previously)
In order to offer selected students recognition for their academic interests and ability, and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Student must have instructor's authorization before enrolling in this class. Students who repeat this course will improve skills by further instruction and practice.

PHYS 99 — Special Study 1 Unit
May be repeated for credit. Degree Appropriate, CSU, UC
36 hours of lecture.
Corequisites: PHYS 1 or PHYS 2AG or PHYS 4A (May have been taken previously)
In order to offer selected students recognition for their academic interests and ability, and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Student must have instructor's authorization before enrolling in this class. Students who repeat this course will improve skills by further instruction and practice.

POLITICAL SCIENCE

POLI 1 — Political Science 3 Units
(CAN GOVT 2) Degree Appropriate, CSU, UC
54 hours of lecture.
Principles and problems of government with particular emphasis on national government in the United States. This course satisfies the requirement for a course in the Constitution of the United States and the principles of State and local government as required by Title 5 of the California Administrative Code.

POLI 1H — Political Science – Honors 3 Units
(CAN GOVT 2) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
Comparative study of constitutional principles, governmental institutions, political processes, and ideologies in selected countries.

POLI 2 — Political Science 3 Units
54 hours of lecture.
Prerequisite: POLI 1 or POLI 1H
Comparative study of constitutional principles, governmental institutions, political processes, and ideologies in selected countries.

POLI 5 — Political Science Theory 3 Units
54 hours of lecture.
Prerequisite: POLI 1 or POLI 1H
This course emphasizes political science concepts and theories; political change and dynamics. This course is designed to prepare students majoring in political science for further study in the discipline by adequate background preparation in the overall study of politics.

POLI 9 — Introduction to International Relations 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Studies American institutions as they pertain to the Chicano Community and examines the Chicano Community's responses to the actions of the dominant political institutions.

POLI 25 — Politics of the Mexican American 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Advisory: Eligibility for ENGL 68
Studies the impact that national, state and local governments have on the nation's largest ethnic minority (the Latino Community). Examines the national and state constitutions and the impact they have had on the Hispanic Community as a whole (not just Mexican Americans).
Course Descriptions

PSYC 1A — Introduction to Psychology 3 Units
(CAN PSY 2) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Develops an understanding of the basic principles of behavior and mental processes. The subject matter and research methods of scientific psychology are presented. Topics include: history, biopsychology, sensation, perception, states of consciousness, learning, memory, forgetting, language, cognition, life-span development, gender, sexuality, stress, health, motivation, emotions, social psychology, abnormality, treatment and social and diversity issues.

PSYC 1A — Introduction to Psychology — Honors 3 Units
(CAN PSY 2) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: Acceptance into the Honors Program
Develops an understanding of the basic principles underlying behavior and cognition. The subject matter and methods of scientific psychology are presented. Topics include: scientific methodology, history, biopsychology, sensation, perception, states of consciousness, learning, memory, forgetting, language, cognition, intelligence, life-span development, personality, stress, health, motivation, emotions, psychopathology, psychotherapeutic approaches, and social factors. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both PSYC 1A and PSYC 1AH.

PSYC 1B — Biological Psychology 3 Units
(CAN PSY 10) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: PSYC 1A or PSYC 1AH
Advisory: Eligibility for ENGL 1A
Biological mechanisms of behavior; introduction of evolution and genetics with emphasis on neuronal and synaptic transmission. Develops a conceptual framework and awareness of the scientific method. Stresses specific methods of investigation for the discipline.

PSYC 3 — Introduction to Research Methods in Psychology 4 Units
(CAN PSY 8) Degree Appropriate, CSU, UC
54 hours of lecture.
54 hours of lab.
Prerequisite: PSYC 1A or PSYC 1AH and PSYC 10 or MATH 110 or MATH 110H
Advisory: ENGL 1A
Research methods in the area of social science, especially in the discipline of psychology. American Psychological Association (APA) publication style taught and used with lab experience. Includes systematic observation, survey development, correlational studies, and design, execution and analysis of experiments.

PSYC 5 — Psychology of Reasoning and Problem Solving 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
The nature of critical thinking; models and strategies; common fallacies of reasoning; self-regulation in the thinking process; application of critical thinking to specific areas, such as comparison of cognitive and information-processing models; more specifically: memory, thinking and problem solving, creativity, learning and forgetting, decision making and reasoning.

PSYC 10 — Statistics for the Behavioral Sciences 4 Units
(CAN PSY 6) Degree Appropriate, CSU, UC
54 hours of lecture.
54 hours of lab.
Prerequisite: PSYC 1A or SOC 1 and eligibility for MATH 110
Statistical principles of the behavioral sciences emphasizes research design, scales of measurement, distributions, graphing, descriptive statistics, measures of central tendency, measures of variability, z-test, independent and dependent t-tests, inferential statistics, confidence intervals, linear correlations and regression, and analysis of variance, including multivariate factorial designs and chi square analyses. Statistical analyses through the use of computerized statistical packages are interpreted through lab experience.

PSYC 14 — Developmental Psychology 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Advisory: Eligibility for ENGL 68
Examines the psychological principles of human development across the lifespan, from birth to death. This course does not fulfill the Title 22 requirements for Child Development majors.

PSYC 17 — Introduction to Human Services 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Advisory: PSYC 1A or PSYC 1AH or SOC 1 or SOC 1H
History, philosophy, and development of human services in America. Explores careers in human services, self-exploration in matching personal and professional interests to entry levels of human services employment.

PSYC 19 — Abnormal Psychology 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Prerequisite: PSYC 1A or PSYC 1AH
Application of principles of general psychology to the field of psychopathology. Major classifications of psychiatric disorders, their causes and treatment modalities. Includes theoretical perspectives used in abnormal psychology.

PSYC 25 — The Psychology of Women 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
A bio-cultural analysis of women. Emphasis will be placed on biological, psychological and sociological data related to principles of development, socialization, learning, motivation, emotion and perception.

PSYC 26 — Psychology of Sexuality 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 68
Explores the factors involved in establishing and maintaining intimate sexual relationships. The focus of the course is on the findings of social psychologists concerning sexuality and love relationships in our culture.

PSYC 33 — Psychology for Effective Living 3 Units
54 hours of lecture.
Degree Appropriate, CSU
Emphasis on comprehension and application of psychological principles to interpersonal relationships, personal growth, sexuality, vocation, marriage, parenting, aging, and other circumstances encountered in the life cycle. Considers personality development and psychological disorders as well as therapeutic approaches.

PSYC 40 — Introduction to Interviewing and Counseling 3 Units
54 hours of lecture.
Degree Appropriate
Provides a basic overview of the helping processes. Stresses application of counseling theories, helping skills, and consultation theories to allow exploration of self as a helper and learn facilitating skills to bring about change. Emphasis on establishing rapport, obtaining information and developing a supportive relationship in a variety of mental health settings. Students may not receive credit for both PSYC 40 and MENT 40.

PSYC 50 — Psychology of Human Relations 3 Units
54 hours of lecture.
Degree Appropriate
Prerequisite: Eligibility for ENGL 68
Develops students’ understanding of themselves and their social relationships. Emphasizes self-evaluation, experience in small groups, becoming sensitive to one’s own feelings and to the feelings of others and the contributions of the behavioral sciences as resources for effective living.
### Course Descriptions

#### PSYC 99 — Special Projects in Psychology
2 Units
(May be taken four times for credit.) Degree Appropriate, CSU 36 hours of lecture. To offer selected students recognition for their academic interest and ability and the opportunity to explore their disciplines to greater depth, each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.

#### R-TV 09 — Broadcast Sales and Promotion
3 Units
54 hours of lecture. Degree Appropriate
Corequisite: R-TV 01 (May have been taken previously)
Covers the strategies and legalities of advertising time sales for radio and television including FCC requirements, demographic targeting, marketing strategies, and working with agencies. The course also covers promotions, including the creation of contests and promotional campaigns.

#### R-TV 10 — Radio Management and Programming
3 Units
54 hours of lecture. Degree Appropriate
Corequisite: R-TV 01 (May have been taken previously)
An overview of the various techniques of management of a radio station, including various formats of music, news, talk and sports. Students will also learn the role of management of station including budgeting, union representation and FCC rules.

#### R-TV 11A — Beginning Radio Production
3 Units
36 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Corequisite: R-TV 01 (May have been taken previously)
Operation of standard radio production equipment including the console, microphone, reel-to-reel tape deck, CD players, and cart machines. Production skills will concentrate on the use of voice, music and sound effects applied to a variety of elements including commercials and newscasts.

#### R-TV 11B — Advanced Radio Production
3 Units
54 hours of lecture. Degree Appropriate, CSU 54 hours of lab.
Corequisite: R-TV 01 (May have been taken previously)
Concentrates on the planning, producing, editing of such programs as interviews, talk shows, and documentaries to give students practical programming experience.

#### R-TV 12 — Commercial Copywriting
3 Units
54 hours of lecture. Degree Appropriate
Advisory: R-TV 01
Covers the creation and production of radio and television commercials. Includes using demographic research to target specific audiences, truth in advertising, slogan and campaign development, character creation, commercial formats, and the use of visual and audio appeals.

#### R-TV 15 — Broadcast Business Practices
3 Units
54 hours of lecture. Degree Appropriate
Corequisite: R-TV 01 (May have been taken previously)
A basic overview of the radio and television industry as a business for profit. Basic techniques are discussed and examined in negotiating with station management and agents as well as dealing with contracts, residuals, re-use rights, mergers, protection of intellectual properties, union representation and FCC law. Professional ethics and broadcasters' responsibilities to their audiences are also discussed.

- **RESD 51A**: Corequisite: RESD 50 and RESD 51A
- **RESD 51B**: Corequisite: RESD 53 and RESD 60
- **RESD 52**: Corequisite: RESD 50 and RESD 51A
- **RESD 53**: Corequisite: RESD 51B
- **RESD 54**: Properties of liquids, gases, kinetic theory of gases, units of measurements, gas laws, lung mechanics, flow of fluids, and pressure measuring devices used in respiratory therapy.

### Course Descriptions

**RESD 50 — Theory and Principles of Respiratory Therapy**: 2 Units
- **Fall Semester**: Degree Appropriate, CSU
- 36 hours of lecture.
- Corequisite: RESD 51A, RESD 52
- Advisory: ANAT 10A, ANAT 10B, CHEM 10, MATH 51 or MATH 59, MEDI 90, taken prior.
- Properties of liquids, gases, kinetic theory of gases, units of measurements, gas laws, lung mechanics, flow of fluids, and pressure measuring devices used in respiratory therapy.

**RESD 51A — Respiratory Therapy Science**: 4 Units
- **Fall Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Prerequisite: Admission to Respiratory Therapy Program
- Corequisite: RESD 50, RESD 52
- Basic principles of respiratory therapy equipment. Emphasis placed on methods of administration of therapy and application of specialized equipment in the clinical setting. Basic respiratory physiology and oxygen transport.

**RESD 51B — Respiratory Therapy Science**: 4 Units
- **Spring Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Prerequisite: RESD 50 and RESD 51A
- Corequisite: RESD 53 and RESD 60
- Basic principles of respiratory therapy equipment will be presented. Emphasis is placed on the methods of administration of therapy and the application of specialized equipment in the acute care setting and the application of mechanical ventilation in the clinical setting.

**RESD 52 — Pulmonary Anatomy and Physiology**: 3 Units
- **Fall Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Corequisite: RESD 51A
- Anatomy and physiology of the cardiopulmonary, neurological and renal systems emphasizing clinical application of physiological concepts.

**RESD 53 — Cardiopulmonary Pathophysiology**: 3 Units
- **Spring Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Corequisite: RESD 51B
- Anatomic alterations of the lungs, etiology, overview of the cardiopulmonary clinical manifestations, and general management of commonly encountered cardiopulmonary diseases.

**RESD 54**: 54 hours of lecture.

**RESD 55 — Adult Respiratory Intensive Care**: 3 Units
- **Fall Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Corequisite: RESD 56B-1
- Provides an in-depth approach to the current modalities and monitoring tools of respiratory care. Emphasis is on the adult patient who is critically ill with primary and/or secondary cardiopulmonary failure.

**RESD 56A-1 — Techniques of Respiratory Therapy**: 6 Units
- **Fall Semester**: Degree Appropriate, CSU
- (May be taken for Credit/No Credit only.)
- 324 hours of lab.
- Prerequisite: RESD 51B
- Corequisite: RESD 57
- Clinical practice in a hospital setting. The student is expected to perform basic therapeutic modalities mastered in RESD 51A and RESD 51B and apply concepts learned in the first two semesters of the Respiratory Therapy Program. Instruction in the application of therapeutic modalities and diagnostic procedures performed in the management and treatment of adult and pediatric patients requiring respiratory care are introduced.

**RESD 56B-1 — Techniques of Respiratory Therapy**: 6 Units
- **Fall Semester**: Degree Appropriate, CSU
- (May be taken for Credit/No Credit only.)
- 324 hours of lab.
- Prerequisite: RESD 56A-1
- Corequisite: RESD 55, RESD 58
- Clinical practice in the hospital setting. Introduction to intensive care and mechanical ventilator procedures in the treatment of adult and pediatric patients.

**RESD 56C-1 — Techniques of Respiratory Therapy**: 6 Units
- **Spring Semester**: Degree Appropriate, CSU
- (May be taken for Credit/No Credit only.)
- 324 hours of lab.
- Prerequisite: RESD 56B-1
- Corequisite: RESD 55, RESD 58
- Clinical practice in the hospital setting. Application of diagnostic procedures performed in the management and treatment of adult and pediatric intensive care patients. A six-week rotation is done in the neonatal intensive care unit. The student is expected to perform basic therapeutic modalities mastered in RESD 51A and RESD 51B and apply concepts learned in the first four semesters of the Respiratory Therapy Program.

**RESD 57 — Special Procedures for Respiratory Care**: 3 Units
- **Summer Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Corequisite: RESD 56A-1
- Basic application and skills development in respiratory pharmacology, bronchoscopy, blood drawing and analysis, chest drainage, NIPPV, and mechanical ventilation.

**RESD 58 — Neonatal Intensive Care**: 3 Units
- **Fall Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Corequisite: RESD 56B-1, RESD 55
- Emphasizes neonatal pathophysiology, etiologies, and ramifications.
- Encompasses the newest techniques in monitoring equipment used in the treatment and maintenance of the premature infant. Designed primarily for respiratory therapists and nurses.

**RESD 59 — Respiratory Therapeutic Modalities**: 3 Units
- **Spring Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Corequisite: RESD 56C-1, RESD 59
- Advanced practitioner skills development pertinent to the application and function of respiratory therapy equipment with emphasis on the machine-patient interface.

**RESD 60 — Comprehensive Pulmonary Assessment**: 2 Units
- **Spring Semester**: Degree Appropriate, CSU
- 36 hours of lecture.
- Corequisite: RESD 51B, RESD 53
- Techniques of pulmonary assessment including history taking, clinical laboratory data, pulmonary function testing data, chest X-rays, physician exam findings, arterial blood gas data, hemodynamic monitoring data, exhaled gas monitoring data, nutrition, and synopsis of findings; extensive practice in collecting and recording this data.

**RESD 61 — Current Issues in Respiratory Care**: 3 Units
- **Spring Semester**: Degree Appropriate, CSU
- 54 hours of lecture.
- Corequisite: RESD 56C-1, RESD 59
- Explores recently developed health care techniques and strategies for diagnostics, assessment, and therapeutics and their impact on respiratory therapists.

### Service Learning

**SL 1 — Service Learning/Seminar for Health Occupations**: 6 Units
- (May be taken four times for credit.)
- Degree Appropriate, CSU
- 216 hours of lab.
- Prepare students with related experiences in health occupations. Examines and profiles community health care needs. Explores and directly allows students to interface with various patient populations. Weekend and overnight labs to various areas within California may be offered. Out-of-class projects required. Students who repeat this course will improve skills through further instruction and practice.
Course Descriptions

SL 2 — Linked Service Learning 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
54 hours of lab.
Links service learning with content-specific courses across the college curriculum. Allows students to explore interests or career objectives through community involvement and service. Requires arranged hours of community-based activity. Must be enrolled concurrently in a course with a service learning Link. Students who repeat this course will improve skills through further instruction and practice.

SL 3 — Service Learning/Seminar in Community Involvement 3 Units
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
18 hours of lecture.
108 hours of lab.
Examines and profiles community needs through service learning. Explores and allows students to directly interface with community populations. Requires students to explore various career options through community service and to enrich personal and career development through understanding of civic and social issues. Students who repeat this course will improve skills through further instruction and practice.

SL 4 — Service Learning and Community Involvement 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for option of letter grade or Credit/No Credit.)
9 hours of lecture.
27 hours of lab.
Examines and addresses community needs through service learning. Students directly interface with community populations to identify needs and implement activities. Permits exploration of service-oriented career options. Enriches personal and career development through understanding of civic and social issues.

SL 99 — Special Projects in Service Learning 1 Unit
(May be taken four times for credit.) Degree Appropriate, CSU
(May be taken for Credit/No Credit only.)
36 hours of lab.
In order to offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, from time to time various departments offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students must have their instructor's authorization before enrolling in this class. Students who repeat this course will improve skills through further instruction and practice.

SIGN LANGUAGE, INTERPRETING

SIGN 99 — Special Projects in Sign Language/Interpreting 2 Units
(May be taken three times for credit.) Degree Appropriate
36 hours of lecture.
Prerequisite: SIGN 81 or equivalent signing ability
Offers students the opportunity to explore American Sign Language, American Deaf culture or Sign Language Interpreting in greater depth. Content and methods of study vary from semester to semester and depend on the particular project under consideration.

SIGN 101 — American Sign Language 1 4 Units
Formerly SIGN 80
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: Eligibility for ENGL 68
Fundamentals of American Sign Language: Preparation for visual/gestural communication followed by intensive work on comprehension skills; modeling of grammatical structures; general information about Deaf Culture.

SIGN 102 — American Sign Language 2 4 Units
Formerly SIGN 81
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: SIGN 80 or SIGN 101 or equivalent fluency
Further study of fundamentals of AS: comprehension skills, grammatical structures and practice in the expressive aspects of the language, as well as exposure to Deaf culture.

SIGN 103 — American Sign Language 3 4 Units
Formerly SIGN 82A
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: SIGN 81 or SIGN 102
Advisory: SIGN 83 or SIGN 201
Further study of American Sign Language: Comprehension skills, advanced grammatical structures, and continued emphasis on expressive skills in narrative and aspects of Deaf culture.

SIGN 104 — American Sign Language 4 4 Units
Formerly SIGN 82B
Degree Appropriate, CSU, UC
72 hours of lecture.
Prerequisite: SIGN 82A or SIGN 103
Advisory: SIGN 85 or SIGN 202
Emphasis on expressive/convolucational skills in ASL along with continued focus on grammatical and cultural features.

SIGN 105 — American Sign Language 5 4 Units
Formerly SIGN 82C
Degree Appropriate
(May be taken two times for credit.)
72 hours of lecture.
Prerequisite: SIGN 82B or SIGN 104
Further study of American Sign Language: Advanced grammatical structures and continued emphasis on expressive skills in narrative and aspects of Deaf culture.

SIGN 108 — Fingerspelling 2 Units
Formerly SIGN 89
Degree Appropriate
(May be taken three times for credit.)
36 hours of lecture.
Prerequisite: SIGN 81 or SIGN 102
Skill development in receptive and expressive fingerspelling. Students who repeat this course will improve fluency and better prepare themselves for other courses in the program.

SIGN 201 — Deaf Perspectives 3 Units
Formerly SIGN 83
Degree Appropriate
54 hours of lecture.
Comprehensive study of Deaf people throughout their lives, including points of view from a variety of Deaf and hard-of-hearing people and from their relatives, educators, and other professionals in the field.

SIGN 202 — American Deaf Culture 3 Units
Formerly SIGN 85
Degree Appropriate, CSU, UC
54 hours of lecture.
American Deaf cultural norms, values, mores and institutions.

SIGN 210 — American Sign Language Structure 3 Units
Formerly SIGN 86
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: SIGN 81 or SIGN 102
Linguistic structure of American Sign Language, including phonology, morphology and syntax. Sociolinguistic issues will also be discussed.

SIGN 211 — American Sign Language/Interpreting 3 Units
Formerly SIGN 87
Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: SIGN 82A or SIGN 103 and SIGN 86 or SIGN 210
Practice in translating between American Sign Language and English by comparing texts in both languages. Students who repeat this course will improve skills through further instruction and practice.

SIGN 220 — Translation: American Sign Language/English 3 Units
Formerly SIGN 88
Degree Appropriate
54 hours of lecture.
Prerequisite: SIGN 22A or SIGN 103 and SIGN 86 or SIGN 210
Practice in translating between American Sign Language and English by comparing texts in both languages. Students who repeat this course will improve skills through further instruction and practice.

SIGN 230 — Principles of Interpreting 3 Units
Formerly SIGN 89
Degree Appropriate
54 hours of lecture.
Prerequisite: SIGN 22A or SIGN 103 and SIGN 86 or SIGN 210
Examines the interpreter's role and ethical standards.

</thead>
<tbody>
<tr>
<td>SIGN 231</td>
<td>Interpreting</td>
<td>4</td>
<td>Degree Appropriate. (May be taken three times for credit.) 72 hours of lecture. Prerequisite: SIGN 82B or SIGN 104, SIGN 87 or SIGN 220, and SIGN 88 or SIGN 230. Advisory: SPCH 1A. Skill development in interpreting from American Sign Language (ASL) to English and English to ASL, focusing on interpreting in the consecutive mode. Processing skills and task management will be emphasized. Students who repeat this course will improve their skills and better prepare themselves for the next interpreting course.</td>
</tr>
<tr>
<td>SIGN 232</td>
<td>Advanced Interpreting</td>
<td>4</td>
<td>Degree Appropriate. (May be taken three times for credit.) 72 hours of lecture. Prerequisite: SIGN 88B or SIGN 231. Refines basic interpreting skills with emphasis on simultaneous interpreting. Intensive skill development in interpreting from English to American Sign Language (ASL) and ASL to English. Students who repeat this course will improve their skills and better prepare themselves for entry-level job placement.</td>
</tr>
<tr>
<td>SIGN 238</td>
<td>Oral Transliteration</td>
<td>3</td>
<td>Degree Appropriate. (May be taken two times for credit.) 54 hours of lecture. Prerequisite: SIGN 88L. Learn skills to facilitate communication for Deaf and hard-of-hearing people who use speechreading and speech to communicate. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>SIGN 239</td>
<td>Practicum</td>
<td>1</td>
<td>Degree Appropriate. (May be taken for Credit/No Credit only.) 54 hours of lab. Prerequisite: SIGN 88B or SIGN 232. Develops and hones interpreting skills in supervised interpreting situations.</td>
</tr>
<tr>
<td>SOC 1</td>
<td>Sociology</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. A systematic study of human relations and social structures which emphasizes the interaction between personality, culture and society. Special consideration is given to an understanding of group behavior, personality formation, social organization, and social change.</td>
</tr>
<tr>
<td>SOC 1H</td>
<td>Sociology – Honors</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: Acceptance into the Honors Program. A systematic study of human relations and social structures which emphasizes the interaction between personality, culture and society. Special consideration is given to an understanding of group behavior, personality formation, social organization, and social change. An honors course designed to provide an enriched experience. Students may not receive credit for both SOC 1 and SOC 1H.</td>
</tr>
<tr>
<td>SOC 2</td>
<td>Sociology (CAN SOC 4)</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: SOC 1. The application of basic sociological principles and concepts to the study and understanding social problems. Special emphasis on the analysis of social values, social organization, role, status and stress, and also on the study of controversial public issues that arise in contemporary American society. Students will be encouraged to evaluate and discuss both the theoretical and practical approaches to social problems. Individual student projects will be undertaken.</td>
</tr>
<tr>
<td>SOC 2H</td>
<td>Sociology – Honors (CAN SOC 4)</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: Acceptance into the Honors Program. The application of basic sociological principles and concepts to the study and understanding social problems. Special emphasis on the analysis of social values, social organization, role, status and stress, and also on the study of controversial public issues that arise in contemporary American society. Students will be encouraged to evaluate and discuss both the theoretical and practical approaches to social problems. Individual student projects will be undertaken.</td>
</tr>
<tr>
<td>SOC 4</td>
<td>Introduction to Gerontology</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: CSU, UC. A scientific analysis of the nature, extent, and causes of violations of societal rules of behavior that are formally defined as crime and delinquency. Includes an analysis of the theoretical perspectives of the sociology of deviance on the criminal justice system and the impact of crime on society.</td>
</tr>
<tr>
<td>SOC 5</td>
<td>Introduction to Criminology</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. A scientific analysis of the nature, extent, and causes of violations of societal rules of behavior that are formally defined as crime and delinquency. Includes an analysis of the theoretical perspectives of the sociology of deviance on the criminal justice system and the impact of crime on society.</td>
</tr>
<tr>
<td>SOC 14</td>
<td>Marriage and the Family</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: Eligibility for ENGL 68. Explores the sociological and psychological functions of dating, engagement, weddings, marriage, and the family. Focuses on influences and theories of mate selection, love, and interpersonal attraction. Covers trends and changes in marriage and the family and gender roles. Explores different types of families and family patterns. Covers factors leading to divorce and influences on the divorce rate, remarriage rate, and step-families. Explores family life-cycle adjustments including parenthood, mid-life, grandparenthood, and widowhood. Analyzes characteristics of “successful” marriages and families.</td>
</tr>
<tr>
<td>SOC 15</td>
<td>Child Development</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: CSU, UC. Theoretical aspects of physical, social, emotional and cognitive development from conception through adulthood. Requires observation of children. Meets the requirements for Title 22 and Title 5 California Children’s Center Instructional Permit.</td>
</tr>
<tr>
<td>SOC 20</td>
<td>Sociology of Ethnic Relations</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: CSU, UC. An extensive study of four major ethnic groups (Blacks, Asians, Native Americans, and Latinos) is provided with emphasis placed on historical experiences, contemporary circumstances and future trends. Origins and theories of stereotypes, prejudices and discrimination are explored along with an analysis of racial stratification.</td>
</tr>
<tr>
<td>SOC 20H</td>
<td>Sociology of Ethnic Relations – Honors</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: Acceptance into the Honors Program. Provides insight to the culture diversity that exists in the United States. An extensive study of four major ethnic groups (Blacks, Asians, Native Americans, and Latinos) is provided with emphasis placed on historical experiences, contemporary circumstances and future trends. Origins and theories of stereotypes, prejudices and discrimination are explored along with an analysis of racial stratification.</td>
</tr>
<tr>
<td>SOC 99</td>
<td>Special Projects in Sociology</td>
<td>2</td>
<td>Degree Appropriate, CSU, UC. Prerequisite: CSU, UC. 36 hours of lecture. Offers selected students recognition for their academic interests and ability and the opportunity to explore their disciplines to greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.</td>

### SPANISH

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Units</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>SPAN 1 — Elementary Spanish</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>CAN SPAN 2</td>
<td>Development of the ability to converse, read and write in Spanish. Includes essentials of pronunciation, vocabulary, idioms and grammatical structures along with an introduction to Hispanic culture. Intended for students without previous exposure to Spanish.</td>
</tr>
<tr>
<td>SPAN 2 — Continuing Elementary Spanish</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>CAN SPAN 4</td>
<td>Further development of conversational, reading and writing skills in Spanish with special emphasis on verbs, grammar and expansion of vocabulary. Further study of Hispanic culture.</td>
</tr>
<tr>
<td>SPAN 3 — Intermediate Spanish</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>CAN SPAN 8</td>
<td>Development of communicative proficiency in Spanish. Further study and review of grammar. Increasing emphasis on reading and writing as tools in exploring Hispanic civilization.</td>
</tr>
<tr>
<td>SPAN 3H — Intermediate Spanish — Honors</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>CAN SPAN 10</td>
<td>Further development of communicative proficiency with increasing emphasis on reading and writing as tools in exploring Hispanic history and culture. Review and expansion of vocabulary and structural components. An honors course designed to provide an enriched experience for accelerated students. Students may not receive credit for both SPAN 3 and SPAN 3H.</td>
</tr>
<tr>
<td>SPAN 4 — Continuing Intermediate Spanish</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>CAN SPAN 12</td>
<td>Emphasis on increased proficiency in speaking, reading and writing Spanish. Grammar is presented in context.</td>
</tr>
<tr>
<td>SPAN 5 — Advanced Spanish</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>(May be taken for option of letter grade or Credit/No Credit.)</td>
<td>Emphasis is placed on increased proficiency in speaking, reading and writing Spanish. Cultural insights are developed through videos, movies and readings in Hispanic culture through different literary genres.</td>
</tr>
<tr>
<td>SPAN 6 — Continuing Advanced Spanish</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>(May be taken for option of letter grade or Credit/No Credit.)</td>
<td>Advanced reading, discussing and writing in Spanish designed to provide further cultural insights into the Hispanic world through the study of cultural and literary readings. High level of proficiency in Spanish will be emphasized.</td>
</tr>
<tr>
<td>SPAN 11 — Spanish for the Spanish Speaking</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>(May be taken for option of letter grade or Credit/No Credit.)</td>
<td>Spanish will be emphasized.</td>
</tr>
<tr>
<td>SPAN 12 — Continuing Spanish for the Spanish Speaking</td>
<td>4 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>(May be taken for option of letter grade or Credit/No Credit.)</td>
<td>Further development of intermediate Spanish conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to Hispanic culture. Grammar is presented in context.</td>
</tr>
<tr>
<td>SPAN 53 — Conversational Spanish</td>
<td>3 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>(May be taken for option of letter grade or Credit/No Credit.)</td>
<td>Development of advanced Spanish conversational skills. Emphasis on collaborative activities and practical use of the language. Extensive exposure to Hispanic culture. Grammar is presented in context.</td>
</tr>
<tr>
<td>SPAN 62 — Spanish for Teachers</td>
<td>3 Units</td>
<td>Degree Appropriate</td>
<td>(May be taken for option of letter grade or Credit/No Credit.)</td>
<td>Spanish related to concepts taught in public schools K-12, stressing communication with Spanish-speaking students and their families.</td>
</tr>
<tr>
<td>SPAN 66 — Spanish for Fire and Police Personnel</td>
<td>3 Units</td>
<td>Degree Appropriate</td>
<td>(May be taken for option of letter grade or Credit/No Credit.)</td>
<td>Spanish for Fire and Police Personnel. Teaching the student to elicit basic information and answer simple questions in Spanish relating to everyday situations in law enforcement and fire science. Upon completion, the student will be able to talk to Spanish speakers about routine matters, such as family and job related conditions.</td>
</tr>
<tr>
<td>SPCH 1A — Public Speaking</td>
<td>3 Units</td>
<td>Degree Appropriate, CSU, UC</td>
<td>(C) ENGL 1A</td>
<td>Study and apply rhetorical principles to research and analyze topics, organize sentence outlines, and deliver effective public speeches. Students perform speaking and listening assignments that utilize effective verbal, vocal and physical communicative strategies and critical/analytical techniques.</td>
</tr>
<tr>

<tr>
<td>SPCH 1A</td>
<td>Public Speaking – Honors</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC 54 hours of lecture. Study and apply rhetorical principles to research and analyze topics, organize sentence outlines, and deliver effective public speeches. Perform speaking and listening assignments that utilize effective verbal, vocal, and physical communicative strategies and critical/analytical techniques. An honors course designed to provide an enriched experience. Students may not receive credit for both SPCH 1A and SPCH 1AH.</td>
<td></td>
</tr>
<tr>
<td>SPCH 1AH</td>
<td>Public Speaking – Honors</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC 54 hours of lecture. Study and apply rhetorical principles to research and analyze topics, organize sentence outlines, and deliver effective public speeches. Perform speaking and listening assignments that utilize effective verbal, vocal, and physical communicative strategies and critical/analytical techniques. An honors course designed to provide an enriched experience. Students may not receive credit for both SPCH 1A and SPCH 1AH.</td>
<td></td>
</tr>
<tr>
<td>SPCH 1B</td>
<td>Advanced Public Speaking</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC 54 hours of lecture. Practice in extemporaneous speaking with stress on organization and delivery. Analyze, synthesize, criticize and advocate ideas, using inductive and deductive reasoning, distinguishing fact from opinion and avoiding fallacies of language and logic as critical thinkers both as alert members of an audience and as perceptive public speakers.</td>
<td></td>
</tr>
<tr>
<td>SPCH 2</td>
<td>Voice and Diction</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC 54 hours of lecture. Improvement of the speaking voice and oral communication style, including proper use for control and projection of the voice, vocal expressiveness, articulation and pronunciation. Develops accuracy of sound production for standard American speech through use of the International Phonetic Alphabet. Emphasizes individual diagnosis and extensive oral practice.</td>
<td></td>
</tr>
<tr>
<td>SPCH 4</td>
<td>Oral Interpretation of Literature</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC 54 hours of lecture. Develops an appreciation of various genres of literature through textual analysis, oral reading, and evaluation. Practice training is given in critical reading, editing, and performance of poetry, prose, drama, essay and experimental forms of performance text.</td>
<td></td>
</tr>
<tr>
<td>SPCH 5</td>
<td>Readers Theater</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC 54 hours of lecture. Theory, principles, and techniques of the interpretation of literature in the medium of readers theater. There is programming and presentation of prose, poetry and drama by an ensemble of readers. Emphasis is placed on experimental presentations and on the development of analytical insight into literary forms.</td>
<td></td>
</tr>
<tr>
<td>SPCH 6</td>
<td>Small Group Communication</td>
<td>3</td>
<td>Degree Appropriate, CSU, UC 54 hours of lecture. Principles of communication in a variety of small group contexts. Theory, application and evaluation of group communication processes, including problem solving, conflict management, decision making, and leadership.</td>
<td></td>
</tr>
<tr>
<td>SPCH 7</td>
<td>Intercultural Communication</td>
<td>3</td>
<td>Degree Appropriate, CSU 54 hours of lecture. Introduction to intercultural communication in domestic and/or global contexts. Influence of cultures, languages, and social patterns on how members of groups relate among themselves and with members of different ethnic and cultural groups. Theory and application of effective communication across cultures. Appreciation of diverse cultural voices.</td>
<td></td>
</tr>
<tr>
<td>SPCH 8</td>
<td>Forensics: Contest Speech and Debate</td>
<td>2</td>
<td>Degree Appropriate, CSU 18 hours of lecture. Participation in intercollegiate speech tournaments. Instructions in procedures preparatory for these tournaments, including techniques in persuasive oratory, extempore, interpretation, expository, impromptu, discussion, speech analysis, debate. Students have option to choose area of interest and also an opportunity to participate in public community programs. Students who repeat this course will improve skills through further instruction and practice.</td>
<td></td>
</tr>
<tr>
<td>SPCH 10</td>
<td>Forensics: Individual Event Team</td>
<td>2</td>
<td>Degree Appropriate, CSU 180 hours of activity. Students develop speech performance skills and participate in multiple intercollegiate speaking competitions, festivals, and/or public events as members of the Mt. SAC Forensics Team. Emphasis is on individual speaking events, including public address and oral interpretation of literature.Judge critiques and directed self-study. Students who repeat this course will improve skills through further instruction and practice.</td>
<td></td>

Section 10
STUDY TECHNIQUES

STDY 85 — Focused Study Techniques 1 Unit
(May be taken four times for credit.) Degree Appropriate
18 hours of lecture.
Advisory: Eligibility for ENGL 67
A single purpose course designed to support learning in either an academic field or in a vocation. Provides support in any one of the following: test-taking, research process, time management, team building, methods of learning, memory, concentration, note-taking, textbook reading strategies, or motivation. Students who repeat this course will improve skills through further instruction and practice.

STUDENT GOVERNMENT

STGVS — Student Government 3 Units
(May be taken four times for credit.) Degree Appropriate, CSU
36 hours of lecture.
54 hours of lab.
Teaches leadership skills and provides practical experience in program planning, organization, and evaluation. Students may or may not serve in elected or appointed campus positions. Several learning opportunities are offered and students are assisted in selecting learning opportunities and projects. Students who repeat this course will improve skills through further instruction and practice.

SURVEYING

SURV 1A — Surveying 3 Units
Degree Appropriate, CSU, UC
36 hours of lecture.
54 hours of lab.
Prerequisite: MATH 150 or equivalent high school course
Surveying fundamentals; use and care of surveying instruments including steel tape, engineer’s level, theodolite and total station; horizontal and vertical measurements; layout, traverse, area computations; analysis and adjustments of systematic and random errors; stadia surveying; mapping.

SURV 1B — Surveying 3 Units
Degree Appropriate, CSU, UC
36 hours of lecture.
54 hours of lab.
Prerequisite: SURV 1A
Construction surveying; volumes; property surveying; control surveys; California coordinate system; horizontal and vertical curves; introduction to electronic, photogrammetric, and G.I.S. methods; mapping project; introduction to the method of least squares; land survey descriptions; astronomical observations.

THEATER ARTS

THTR 9 — Introduction to Theatre Arts 3 Units
(CAN DRAM 18) Degree Appropriate, CSU, UC
54 hours of lecture.
A comprehensive introduction to the theater, including the aesthetic, artistic, technical, and business aspects.

THTR 10 — History of Theatre Arts 3 Units
54 hours of lecture.
Degree Appropriate, CSU, UC
Prerequisite: Eligibility for ENGL 1A
Designed to present an appreciative background to dramatic literature and to the development of dramatic art. Representative plays and the history and development of the living stage will be stressed.

THTR 11 — Principles of Acting I 3 Units
(CAN DRAM 11) Degree Appropriate, CSU, UC
54 hours of lecture.
Introduction to the basic principles and techniques of acting as an artistic discipline. Analysis of the plot, characterization and language of the drama. Performances of laboratory scenes, readings and exercises.

THTR 12 — Principles of Acting II 3 Units
(CAN DRAM 22) Degree Appropriate, CSU, UC
54 hours of lecture.
Prerequisite: THTR 11
Advanced study of principles presented in DRMA 11. An investigation of acting techniques through the study and presentation of varied dramatic scenes.

THTR 14 — Stagecraft 3 Units
(CAN DRAM 12) Degree Appropriate, CSU, UC
36 hours of lecture.
54 hours of lab.
Theory and practice of stage design and lighting. Practical work in scenic design and construction and lighting layouts; with the opportunity to perform these tasks in actual theatre situations. By virtue of the wide range of productions staged by the department, students who repeat this course will increase their skills and proficiency.

THTR 15 — Play Rehearsal and Performance 2 Units
(CAN DRAM 16) Degree Appropriate, CSU, UC
(May be taken two times for credit.)
36 hours of lecture.
108 hours of lab.
Participation under faculty supervision in the planning, preparation and presentation of college sponsored dramatic presentations. Emphasis on acting with some technical theatre assignments. Students who repeat this course will improve skills through further instruction and practice.

THTR 16 — Theatrical Make-Up 2 Units
(CAN DRAM 14) Degree Appropriate, CSU, UC
36 hours of lecture.
36 hours of lab.
An introduction to the theory and practice of make-up for the stage. The student will gain practice in the design and application of straight, stylized character, and other make-up techniques.

<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>THTR 17</td>
<td>Acting for Television</td>
<td>3</td>
<td>Assists students to prepare for an occupation in the performing areas of television and film. Background, methodology and techniques of acting for the camera. Includes TV equipment and how to make it work for the TV actor; study of image, type and character with practical exercises and scenes in various styles such as TV drama, sit-coms, news, commercials.</td>
</tr>
<tr>
<td>THTR 18</td>
<td>Technical Theater Practicum</td>
<td>1</td>
<td>Participation in the technical preparation and operation of productions presented to the community. The student will be involved in one or more of the following areas: stage scenery construction, stage lighting set up, property construction, stage sound set up, costume construction and make-up. Crew assignments will be given to the student upon enrollment. The availability of assignments is contingent upon the requirements of the production. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>THTR 19</td>
<td>Theatrical Costuming</td>
<td>3</td>
<td>Theatrical costuming design and construction. Includes the study of costume history, principles of costume design, fibers and textiles, basic costume construction, and design rendering techniques. Costume crew assignments for major productions will provide practical instruction in actual performance demands on costumes and their proper maintenance. Class is suitable for people interested in costuming for actual performance demands on costumes and their proper construction, and design rendering techniques. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>THTR 24</td>
<td>Introduction to Theatrical Design</td>
<td>3</td>
<td>Sketching and a variety of media techniques for scenic design for theatre arts. Development of a scenic floor plan, elevations and rendering. Application of basic techniques of drawing and drafting theatrical scenery. Color theory, research, design concept and design process to be studied in depth.</td>
</tr>
<tr>
<td>THTR 25</td>
<td>Theatrical Playwriting</td>
<td>3</td>
<td>Playwriting for the stage. Students will create and critique their own plays, as well as study and critique plays from well known authors and productions. Includes basics of linear broken linear, episodic, 'A'-'B' and ritual structures.</td>
</tr>
<tr>
<td>THTR 60</td>
<td>Children's Theatre</td>
<td>3</td>
<td>A comprehensive study of theatre for the child audience in theory and practice. Specifically seeks to evaluate play production techniques and literature with an eye to the needs of an audience of children. Includes history of children's theatre, analysis of plays for children and actual experience in acting, directing and producing children's plays for public presentation. Students who repeat this course will improve skills through further instruction and practice.</td>
</tr>
<tr>
<td>THTR 99</td>
<td>Special Projects in Theatre</td>
<td>2</td>
<td>To offer selected students recognition for their academic interests and ability and the opportunity to explore their disciplines in greater depth, the various departments from time to time offer Special Projects courses. The content of each course and the methods of study vary from semester to semester and depend on the particular project under consideration. Students repeating this course will make individual contracts of a more advanced nature with the instructor to ensure that proficiencies are enhanced.</td>
</tr>
<tr>
<td>TRAN 17</td>

</tr>
</tbody>
</table>
### Course Descriptions

**WATR 62 — Water Distribution** 3 Units  
54 hours of lecture. Degree Appropriate  
Advisory: WATR 60 taken prior  
Water distribution systems operation, administration, safety, maintenance, introduction to Cross-connection Control Title 17. Prepares student for Grade II and III AWWA Distribution Operator Certification.

**WATR 63 — Cross Connection Control – Certified Tester** 3 Units  
54 hours of lecture. Degree Appropriate  
Advisory: WATR 60 taken prior or concurrently  
Offers knowledge necessary to understand the operation of and testing procedures for backflow prevention assemblies. Analyzes Title 17 of the California Administrative Code and Chapter 6 of the Uniform Plumbing Code as they relate to cross-connection control. Prepares students for County Health Department and AWWA certification as Backflow Prevention Device Testers.

**WATR 64 — Cross Connection Control – Certified Specialist** 3 Units  
54 hours of lecture. Degree Appropriate  
Advisory: WATR 60 taken prior  
Offers knowledge necessary to apply the principles of backflow prevention, as outlined in Title 17 of the California Administrative Code, to the administration of a cross-connection control program. Also teaches a student about the use of recycled water as outlined in Title 22 of the California Administrative Code. Prepares students who are otherwise qualified to take the AWWA Cross-Connection Specialist Certification Exam.

**WATR 65 — Water Hydraulics and Instrumentation** 3 Units  
54 hours of lecture. Degree Appropriate  
Advisory: WATR 60 taken prior  
Practical water supply hydraulics and instrumentation, with emphasis on distribution system capacity, hydraulic analysis, pumping analysis, customer service line and meters, automation, instrumentation and control, system maintenance and records.

**WELD 30 — Metal Sculpture** 2 Units  
(May be taken two times for credit.) Degree Appropriate, CSU  
18 hours of lecture. 54 hours of lab.  
Develops manipulative skills and techniques for the beginning student welder on the shield metal arc (SMAW) and the flux cored arc (FCAW) welding processes in the flat and horizontal positions using AC and DC welding currents on carbon steel.

**WELD 40 — Introduction to Welding** 2 Units  
18 hours of lecture. Degree Appropriate, CSU  
54 hours of lab.  
Fundamentals of welding processes related to the areas of fabrication, construction, machine tool, aerospace and the transportation industries.

**WELD 50 — Oxyacetylene Welding** 2 Units  
18 hours of lecture. Degree Appropriate  
54 hours of lab.  
Oxyacetylene fusion welding, non-fusion welding and cutting. Develops understanding of and fundamental skills in modern welding practices.

**WELD 51 — Basic Electric Arc Welding** 2 Units  
18 hours of lecture. Degree Appropriate  
54 hours of lab.  
Advisory: WELD 50  
Basic electric arc welding, weld symbols, standard electrode and alloy electrode selection, American Welding Society (A.W.S.) procedure for certification.

**WELD 53A — Welding Metallurgy** 3 Units  
54 hours of lecture. Degree Appropriate, CSU  
Designed for students seeking a career in welding and welding inspection. Covers structure of matter, chemical, physical, and mechanical properties of metals, principles of alloying, solid state diffusion, plastic deformation, and heat treatment.

**WELD 60 — Print Reading and Computations for Welders** 3 Units  
54 hours of lecture. Non-Degree Credit  
Reading prints and performing computations for welding fabrication operations. Interpreting and visualizing prints, title blocks, welding symbols, specifications, notes, and bills of materials. Computations necessary to calculate materials, costs, sizes, and fractional, decimal and metric conversions.

**WELD 70A — Beginning Arc Welding** 3 Units  
18 hours of lecture. Degree Appropriate  
108 hours of lab.  
Advisory: WELD 70A taken prior  
A continuation of Beginning Arc Welding (WELD 70A). Emphasis is on welding high alloy steel with both SMAW and FCAW processes in the vertical and overhead positions. Designed to refine previously acquired welding skills.

**WELD 70C — Certification for Welders** 3 Units  
18 hours of lecture. Degree Appropriate  
108 hours of lab.  
Advisory: WELD 70A taken prior  
Study of building construction for the advanced arc welding student. Special emphasis will be placed on welding symbols and the American Welding Society’s (AWS) D1.1 and D1.3.

**WELD 70B — Intermediate Arc Welding** 3 Units  
18 hours of lecture. Degree Appropriate  
108 hours of lab.  
Advisory: WELD 70B taken prior  
An integrated review of Semiautomatic Welding Processes including Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), Submerged Arc Welding (SAW) with solid and tubular wires with and without gas shielding. All position welds with many varying thickness will be covered.
WELD 91 — Automotive Welding, Cutting and Modification 3 Units
Non-Degree Credit
(May be taken for option of letter grade or Credit/No Credit.)
18 hours of lecture.
108 hours of lab.
Advisory: WELD 70B taken prior
Instruction in the art of welding and cutting on metals commonly used in
the automotive industry. Gas Metal Arc (MIG), Gas Tungsten Arc (GTAW),
PlasmaArc cutting and oxyfuel cutting and welding will be covered.

WELD 96 — Work Experience in Welding 1 Unit
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
75 hours of lab.
Prerequisite: Compliance with work experience regulations as designated
in the college catalog
Advisory: WELD 70B
Provides actual on-the-job experience in welding at an approved work
site which is related to classroom instruction. A minimum of 75 paid or
60 non-paid clock hours per semester of supervised work is required for
each unit of credit. Students who repeat this course will improve skills
through further instruction and practice.

WELD 97 — Work Experience in Welding 2 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
150 hours of lab.
Prerequisite: Compliance with work experience regulations as designated
in the college catalog
Advisory: WELD 70B
Provides actual on-the-job experience in welding at an approved work
site which is related to classroom instruction. A minimum of 75 paid or
60 non-paid clock hours per semester of supervised work is required for
each unit of credit. Students who repeat this course will improve skills
through further instruction and practice.

WELD 98 — Work Experience in Welding 3 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
225 hours of lab.
Prerequisite: Compliance with work experience regulations as designated
in the college catalog
Advisory: WELD 70B
Provides actual on-the-job experience in welding at an approved work
site which is related to classroom instruction. A minimum of 75 paid or
60 non-paid clock hours per semester of supervised work is required for
each unit of credit. Students who repeat this course will improve skills
through further instruction and practice.

WELD 99 — Work Experience in Welding 4 Units
(May be taken four times for credit.) Degree Appropriate
(May be taken for Credit/No Credit only.)
300 hours of lab.
Prerequisite: Compliance with work experience regulations as designated
in the college catalog
Advisory: WELD 70B
Provides actual on-the-job experience in welding at an approved work
site which is related to classroom instruction. A minimum of 75 paid or
60 non-paid clock hours per semester of supervised work is required for
each unit of credit. Students who repeat this course will improve skills
through further instruction and practice.
COMMUNITY EDUCATION DIVISION
The Community Education Division provides a broad range of courses serving students and community members. For students enrolled in noncredit courses and programs, Mt. San Antonio College provides matriculation services to assist individuals seeking to enter the workforce or access further education in the following categories: Basic Skills, English as a Second Language (ESL), Health & Safety, Programs for Adults with Disabilities, Citizenship, Older Adults, Parenting, and Short-term Vocational Programs.

Student Services
Admissions and Registration
For Community Education (noncredit) and Community Services (fee-based) courses, admission and registration are completed using a registration card. However, enrollment in ESL and/or Basic Skills courses requires assessment and orientation prior to registration (see explanations, following). Students may register for most courses at any time during the term, on a space available basis. Noncredit and fee-based courses are available to community members regardless of residency status.

Assessment
Basic Skills students are assessed prior to enrolling in courses. Additional assessments are available for specific needs. Basic Skills assessment services include assessment of academic skill levels, learning strengths, career paths and learning disabilities. For more information, contact (909) 594-5611, ext. 4845.

ESL students must be assessed prior to enrollment. Placement testing is offered by appointment year-round. Multilingual assistance is available. For more information, contact (909) 594-5611, ext. 5235.

Orientation
Basic Skills and ESL students must attend an orientation session prior to registration. Orientation sessions are generally offered immediately after assessment.

Counseling and Advisement
The Basic Skills and ESL departments provide counselors and educational advisors to serve their students. Assistance to all noncredit students includes development of Educational and Career Plans; identification of personal, academic and career goals; career skill practice and resources; transitioning to credit programs; and assessment of special needs.

Fees and Expenses
There is no tuition for noncredit adult education courses. However, some courses include a fee for materials provided to students. Community Services (fee-based) courses are not supported by state funding and require a student registration fee and occasionally a material fee to cover course supplies/handouts. In addition, students who park on the Mt. San Antonio College campus must have a valid, current parking permit. Permits may be purchased in Building 4, lower level. Books and supplies needed for a class are the responsibility of the student unless specifically noted as provided by a material fee.

PROGRAMS AND CENTERS
Basic Skills & Special Programs
This department works with local K-12 districts, county and State agencies to provide programs to populations with special needs and basic skills needs. Courses and services include:

- Basic skills remediation
- GED preparation and testing
- Adult High School Diploma Program
- High School Referral Program (high school make-up credit)
- Summer High School Enrichment Program
- Athlete Tutoring and Student Support (WIN Program)
- Parent Education courses
- Armed Services Vocational Aptitude Battery (ASVAB) preparation
- Support services to Careers in Childcare Program students
- Workforce Investment Act (WIA) programs
- High school and career counseling; educational advising

For more information on Basic Skills and Special Programs, contact (909) 594-5611, ext 4845.

English as a Second Language (ESL)
Classes are provided for English language learners at all levels of proficiency, from low literacy to advanced, transitioning to credit. Classes and services include:

- Assessment for level placement (Pre-Level 1 – Level 6)
- Core level classes focusing on integrated skills (grammar, listening, speaking, reading and writing)
- Skill-focused classes (Speaking A-C, Writing A-C)
- Specialized courses (TOEFL Preparation, Citizenship Preparation)
- Vocational ESL
- Contract ESL customized for the workplace
- Career guidance and counseling (Career Guidance Center, ESL Career Conference)

For more information on ESL programs, contact (909) 594-5611, ext. 4580.

Older Adult Program
The Older Adult Program promotes lifelong learning and on-going career skills training by providing a wide range of courses and programs for the older adult population. Classes are offered in the arts, personal growth, physical and mental fitness, and vocational areas. For more information on Older Adult Programs, call (909) 594-5611, ext. 5117.

Training Source
The Training Source provides on-site, customized, short-term training courses for businesses, K-12 school districts, cities and agencies in the greater Los Angeles area. Programs are designed to meet specific client needs and are taught by college faculty members as well as industry professionals. For more information, call (909) 468-3933.

Exercise Science/Wellness Center
The Exercise Science and Wellness Center provides an exercise facility which includes cardio and strengthening equipment, a variety of exercise classes led by certified instructors, and specialized fitness testing. It welcomes community members as well as Mt. San Antonio College students and employees. Individuals should register in the Wellness Center. For more information, contact (909) 594-5611, ext. 4625.
Health Careers Resource Center (HCRC)
The HCRC provides a state-of-the-art learning laboratory environment to:
■ Develop new health-related skills/knowledge
■ Update prior or current knowledge
■ Participate in simulated clinical activities which will promote success in the health care industry.

The Center is open to credit and noncredit health career students, community health care workers/professionals, individuals preparing for health-related licensure or certification exams and any individual involved or interested in health-related careers. Campus programs/departments actively utilizing the Center include:

**Technology and Health Division**
■ Medical Services – EMT, Paramedic, Physician’s Assistant Prep
■ Mental Health Technology
■ Nursing
■ Radiologic Technology
■ Respiratory Therapy

**Community Education**
■ Long-Term and Acute Certified Nursing Assistant (CNA)
■ RN Re-Entry into Practice
■ IV Therapy
■ Health Care Interpreting
■ International Health Worker
■ Physical Therapy Aide. For more information, contact (909) 594-5611, ext. 4778
■ Cardio Pulmonary Resuscitation (CPR) Training offering courses such as First Aid, Heartsaver, AED and more
■ Records, rosters and information updates per American Heart Association (AHA) requirements
■ Videos, text, manikins per AHA requirements. For more information, contact (909) 594-5611, ext. 5196.

Other Community Education Services and Programs
■ Combined credit/noncredit courses and certificates
■ Fee-based programs related to career development and personal enrichment for community members
■ Youth Programs
■ Vehicle Safety Programs (Motorcycle, Traffic School, Driver’s Training)
■ Community education fitness programs
■ Farm Tours
■ Wildlife Sanctuary Tours
■ Planetarium Shows
■ Study Skills Lab for Disabled Students Programs & Services
■ San Gabriel Valley Training Center (serving developmentally disabled adults)

For more information regarding Community Education services and programs, contact (909) 594-5611, ext. 4220.
College Policies and Notices

Section 12
### COLLEGE POLICIES

#### Alcohol and Other Drugs
The possession or consumption of alcoholic beverages or illegal drugs prior to, or during any College-sponsored activity, on or off-campus, by any person attending, regardless of age, is forbidden by State law. The Federal government has mandated that as of October 1, 1990, there will be no drug usage by students, staff, or faculty on college campuses anywhere in the United States. Please see the latest Schedule of Classes for the College's Alcohol and Other Drugs Policy.

#### Animals on Campus
Board Policy does not allow for any animals on campus except as provided for by the California Penal Code, Section 365.5 (specially trained guide, signal, or service dogs). Leaving a pet in a parked vehicle, no matter what provisions are made for its safety, may constitute unnecessary suffering or cruelty which is a violation of California Penal Code 597.

#### Campus Disturbances
In accordance with California Penal Code (P.C. 626.6), the willful disturbance of classes, College activities, or procedures is a misdemeanor.

#### Campus Hours
The College offers instruction between the hours of 6:30 a.m. and 10:00 p.m., Monday through Sunday. Office hours vary depending on the services provided. Refer to the latest Schedule of Classes or call for specific office hours.

#### Children on Campus
While on the campus of Mt. San Antonio College, children under 12 years of age who are not approved for enrollment must be directly supervised at all times by a responsible adult. Such children shall not be left unattended in College buildings, outdoor areas, or in private automobiles.

#### Classroom Visitors
No person may be allowed to attend a regularly scheduled class unless officially registered for that class. Permission to visit a class must be secured from the professor. A visitor shall not attend class on a regular basis. Examples of visitors include: guest speakers, student friends, potential students, or minor children of officially registered students. Unauthorized visitors may be removed from the classroom by request of the Division Dean or designee, or other manager of the Instruction or Student Services Team.

<table>
<thead>
<tr>
<th>Dress Regulation</th>
<th>Cheating and Plagiarism</th>
</tr>
</thead>
</table>
| **Students are expected to dress in accordance with commonly accepted standards of appropriateness. It is mandatory that shoes be worn as general campus attire.** | **Cheating**
Professors have the responsibility of planning and supervising all academic work to encourage honest and individual effort, and of taking appropriate action if instances of academic dishonesty are discovered. However, honesty is primarily the responsibility of each student. The College considers cheating to be a voluntary act for which there may be reasons, but for which there is no acceptable excuse. It is important to understand that collaborative learning is considered cheating unless specifically allowed by the professor. The term “cheating” includes but is not limited to: |
| **Driving and Parking** | **Plagiarism** |
| **Users of Mt. San Antonio College campus roads and parking areas must observe and obey all traffic laws of the State of California and the College traffic and parking regulations adopted pursuant to Section 21113 of the California Vehicle Code and the Mt. San Antonio College Board of Trustees.** | - Plagiarism; |
| All four-wheeled vehicles parked in designated student lots MUST bear a valid parking permit for the semester enrolled. The Student Parking Permit is valid in designated student lots except in the spaces controlled by parking meters or reserved signage. Free 30-minute parking is available north of the Bookstore, west of the Administration Building, and south of the Performing Arts Center. Permit parking regulations are strictly ENFORCED during the Fall, and Spring semesters and summer and winter sessions from 7:00 a.m. to 10:00 p.m. Monday through Thursday, and Friday 7:00 a.m. to 4:00 p.m. | - Receiving or knowingly supplying unauthorized information; |
| **Eye Protection** | - Using unauthorized material or sources; |
| Pursuant to the Education Code, the following regulation regarding eye protective devices shall be observed: Students, teachers, and visitors shall wear approved eye protective devices in all classes, shops, and laboratories when they are engaging in or observing the use of hazardous materials likely to cause injury to the eyes. Such eye protective devices shall meet the requirements of the American Standards Association Safety Code. | - Changing an answer after work has been graded and presenting it as improperly graded; |
| **Academic Honesty** | - Illegally accessing confidential information through a computer; |
| All members of the academic community have a responsibility to ensure that scholastic honesty is maintained. Faculty has the responsibility of planning and supervising all academic work in order to encourage honest and individual effort, and of taking appropriate action if instances of academic dishonesty are discovered. | - Taking an examination for another student or having another student take an examination for you; and |
| Honesty is primarily the responsibility of each student. The College considers cheating to be a voluntary act for which there may be reason, but for which there is no acceptable excuse. It is important to understand that collaborative learning is considered cheating unless specifically allowed for by the professor. | - Forging or altering registration or grade documents. |

The professor who determines that a student has cheated may give the student a failing grade for the assignment or for the course, or may drop the student from the course. Since the student has failed to abide by the standards of academic honesty, the professor has a right to give an “F” for the assignment or the course even though the student may have successfully and, presumably, honestly passed the remaining portion of the assignment or course. If the professor issues a failing grade for the course or drops the student, the actions shall be reported to the Dean of Student Services, and Director of Student Life. An professor may also recommend that appropriate action be taken under provisions of the Administrative Regulations and Procedures on Student Discipline.

**Plagiarism**

“Plagiarism is a direct violation of intellectual and academic honesty. Although it exists in many forms, all plagiarism refers to the same act: representing somebody else's words or ideas as one's own. The most extreme forms of plagiarism are the use of material authored by another person or obtained from a commercial source, or the use of passages copied word for word without acknowledgment. Paraphrasing an author’s idea or quoting even limited portions of his or her text without proper citation is also an act of plagiarism. Even putting someone else's ideas into one's own words without acknowledgment
may be plagiarism. In none of its forms can plagiarism be tolerated in an academic community. It may constitute grounds for a failing grade, probation, suspension, or expulsion.

“One distinctive mark of an educated person is the ability to use language correctly and effectively to express ideas. Faculty assign written work for the purpose of helping students achieve that mark. Each instructor will outline specific criteria, but all expect students to present work that represents the student’s understanding of the subject in the student’s own words. It is seldom expected that student papers will be based entirely or even primarily on original ideas or original research.”

“Therefore, to incorporate the concepts of others may be appropriate with proper acknowledgment of sources, and to quote others directly by means of quotation marks and acknowledgments, is proper. However, if a paper consists entirely of quotations and citations, the paper should be rewritten to show the student’s own understanding and expressive ability. The purpose of the written assignment (i.e., development of communication and analytic skills) should be kept in mind as each paper is prepared. It should not be evaded through plagiarism.”*

*Adopted, with permission of California State University, Los Angeles, from their policy printed in the 1987-88 General Catalog.

Non-Discrimination Policy

Mt. San Antonio College provides opportunities for the pursuit of excellence for all students and staff through its educational programs and services. The purpose of all programs, services, activities, conferences and college-endorsed competitions is to enrich the quality of human life. The College will provide open access to a college education and all support services without regard to sex, race, color, religious creed, national origin, ancestry, age over 40, marital status, physical or mental disability (including HIV & AIDS), sexual orientation, or Vietnam Era Veteran Status. The lack of English language skills will not be a barrier to admission. Policies and grievance procedures for unlawful discrimination and complaint procedures for sexual harassment for students and employees may be obtained by contacting the following individuals:

Trinda Hoxie, Director
Human Resources/Affirmative Action Officer
Human Resources Office
Building 4, Room 230, Ext. 4225

Audrey Yamagata-Noji, Vice President
Student Services
Student Services Center, Ext. 4505

Carolyn Keys, Dean of Student Services
Building 9C, Room 1A, Ext. 4525

Sexual Harassment Policy

It is the policy of the Board of Trustees of Mt. San Antonio College to provide an educational, employment, and business environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment, as defined and otherwise prohibited by state and federal statutes.

Sexual Harassment is not only unlawful, but it shall be a violation of this policy for any employee, student, agent of the Board, or one who is authorized to transact business or perform other acts or services on behalf of the College to engage in sexual harassment. Any person who knowingly violates this policy will be subject to appropriate and immediate disciplinary action.

Standards of Conduct

Board Policy, Section 5500
Adopted 6/23/04
Copies of the Standard of Conduct Policy can be obtained in Building 9C.

The College President/CEO shall establish procedures for the imposition of discipline on students in accordance with the requirements for due process of the federal and State law and regulations.

The procedures shall clearly define the conduct that is subject to discipline, and shall identify potential disciplinary actions, including but not limited to the removal, suspension, or expulsion of a student.

The Board shall consider any recommendation from the College President/CEO for expulsion. The Board shall consider an expulsion recommendation in closed session unless the student requests that the matter be considered in a public meeting. Final action by the Board on the expulsion shall be taken at a public meeting.

The procedures shall be made widely available to students through the College catalog and other means.

The following conduct shall constitute good cause for discipline, including but not limited to the removal, suspension or expulsion of a student:

1. Cau sing, attempting to cause, or threatening to cause physical injury to another person.
2. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a College employee, which is concurred with by the College President/CEO.
3. Unlawful possession, use, sale, offer to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind; or unlawful possession of, or offering, arranging or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5.
4. Committing or attempting to commit robbery or extortion.
5. Causing or attempting to cause damage to College property or to private property on campus.
6. Stealing or attempting to steal College property or private property on campus, or knowingly receiving stolen College property or private property on campus.
7. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the College.
8. Committing sexual harassment as defined by law or by College policies and procedures.
9. Engaging in harassing or discriminatory behavior based on national origin, religion, age, sex (gender), race, color, medical condition, ancestry, sexual orientation, marital status, physical or mental disability, or because a person is perceived to have one or more of the foregoing characteristics.
10. Willful misconduct that results in injury or death to a student or to College personnel or which results in cutting, defacing, or other injury to any real or personal property owned by the College or on campus.
11. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, or the open and persistent defiance of the authority of, or persistent abuse of, College personnel.
12. Cheating, plagiarism (including plagiarism in a student publication), or engaging in other academic dishonesty.
13. Dishonesty, forgery, alteration or misuse of College documents, records or identification; or knowingly furnishing false information to the College.
14. Unauthorized entry upon or use of College facilities.
15. Lewd, indecent or obscene conduct on College-owned or controlled property, or at College-sponsored or supervised functions.
16. Engaging in expression which is obscene, libelous or slanderous; or which so incites students as to create a clear and present danger of the commission of unlawful acts on College premises, or the violation of lawful College administrative procedures, or the substantial disruption of the orderly operation of the College.
To begin the formal grievance process, the student picks up the grievance forms and, by clicking on Public Safety, copies of the annual (formal grievance) in which the student must be met prior to, and must be consistent with, the college's disciplinary policy. Copies of the annual (formal grievance) in which the student must be met prior to, and must be consistent with, the college's disciplinary policy. Copies of the annual (formal grievance) in which the student must be met prior to, and must be consistent with, the college's disciplinary policy.

Life Office, Building 9C. It is recommended that students meet with the Student Life Director regarding the grievance prior to starting the process since timelines are established for every step of the process and must be met precisely.

The process for filing and pursuing a grievance includes two levels: in Level I (informal level) the student picks up the grievance forms and official procedures from Student Life and attempts to resolve the problem by meeting first with the faculty member and then to the faculty member's department chair or immediate supervisor. If the complaint is not resolved at that level, the student will meet with the division dean in an effort to resolve the problem. In the event that the problem cannot be resolved within 10 business days, the student may proceed to Level II (formal grievance) in which the student after completing the forms takes all signed forms and documents to the Student Life Office within the established deadlines.

A Grievance Review Committee chaired by the Dean of Student Services will review the grievance documents. This Committee may forward the grievance for a hearing that provides for a formal hearing process to seek clarification from the parties involved. An appeal is possible if the student or faculty/staff member chooses to appeal the decision of the Committee. However, the decision made by the president or designee is final.

### Student Complaints/Grievance Process

Students are protected against capricious, arbitrary, unreasonable, unlawful, false, malicious or professionally inappropriate evaluations or behavior by a faculty member.

Student complaints may be classified as grievances and fall into two categories: Academic and Non-Academic. Academic grievances involve grades. To grieve a grade, a student must prove that the professor issued a grade by mistake, fraud, bad faith, or incompetence (Education Code 76224). Non-Academic grievances include: illegal discrimination, sexual harassment, financial aid, violation of College policies, any violation of Title IX or Section 504 related to students with disabilities.

Grievances must be filed within 60 business days of the alleged violation, or from the time that the grade leading to the complaint is posted. To begin the formal grievance process, students may pick up Grievance Procedures and forms from the Student Life Office, Building 9C. It is recommended that students meet with the Student Life Director regarding the grievance prior to starting the process since timelines are established for every step of the process and must be met precisely.

The process for filing and pursuing a grievance includes two levels: in Level I (informal level) the student picks up the grievance forms and official procedures from Student Life and attempts to resolve the problem by meeting first with the faculty member and then to the faculty member’s department chair or immediate supervisor. If the complaint is not resolved at that level, the student will meet with the division dean in an effort to resolve the problem. In the event that the problem cannot be resolved within 10 business days, the student may proceed to Level II (formal grievance) in which the student after completing the forms takes all signed forms and documents to the Student Life Office within the established deadlines.

### Policy for Providing Academic Adjustments for Students with Disabilities

Under Federal and State laws, the College is required to make modifications to academic requirements and practices as necessary in order to ensure that they do not discriminate against a qualified student with a disability. The College is also required to have a policy and procedure for responding to students with verified disabilities who request academic adjustments. Students with disabilities have the right to receive reasonable academic adjustments in order to create an educational environment where they have equal access to instruction without fundamentally altering any course, educational program or degree. Copies of the Policy and Procedures for Providing Academic Adjustments for Students With Disabilities are available in Disabled Student Programs & Services, ext. 4290.

### Notices

#### Equal Opportunity Statement

The Board of Trustees of Mt. San Antonio College has a commitment to establishing and maintaining a policy of equal educational and employment opportunities and prohibiting discrimination based on sex, race, color, religious creed, national origin, ancestry, age over 40, marital status, physical or mental disability (including HIV and AIDS), sexual orientation, or Vietnam Era Veteran Status. This commitment applies to educational programs, activities, service, and employment practices.

#### Notice of Students’ Rights

Students at Mt. San Antonio College are notified annually of their rights under the act within this section of the Catalog. More detailed information on student rights is available from the Director, Admissions and Records, including: 1) type of information and material contained within the student’s educational record; 2) the official responsible for the maintenance of each type of record; 3) the procedure for student review and inspection of the educational record; 4) the procedure for challenging the contents of the educational record; 5) the charges to the student for reproducing copies of the record if requested; 6) the categories of information which the College has designated as Directory Information and to whom this information will be released unless the student objects; and 7) the rights of a student to file a complaint with the United States Department of Education concerning alleged failure of the College to comply with the provisions of the Act.

#### Federal Review Board

Students may file a complaint with the United States Department of Education, Room 5660, Independence Avenue, S.S., Washington, D.C. 20201, regarding alleged institutional violations of the Act.

### Open Enrollment

All classes are open to all students who meet the course prerequisites and enrollment requirements, unless specifically exempted by statute. The College provides open access to all program offerings, opportunities, and support services without regard to sex, race, color, religious creed, national origin, ancestry, age over 40, marital status, physical or mental disability (including HIV and AIDS), sexual orientation, or Vietnam Era Veteran Status.

### Public Safety

In compliance with the Clery Act, the College publishes an annual security report which contains information regarding campus crime statistics. This information may also be found on the website at www.mtsac.edu by clicking on Public Safety. Copies of the annual report can be obtained from the Public Safety Department, Building 4, Room 105. A Public Safety crime log is published bi-monthly in the student newspaper and brochures on Emergency Procedures are posted throughout the campus.

During the 2003-2005 calendar years, criminal offenses occurring on campus were reported to campus security authorities and local police agencies. Please see the Public Safety Department Statistical Crime Report listed in the box on the next page.

### Emergency Procedures

Students and staff should report serious crimes and emergencies, i.e., fire/medical, occurring on campus to the Public Safety Department or call 911. When using an on-campus extension, call 9-911. Incidents may be reported to Public Safety by calling (909) 594-5611, ext. 4555, 24 hours a day. During normal business hours, Public Safety may be contacted at Building 4, Room 105, or by calling ext. 4230. The Public Safety Department is located at the southeast portion of the campus off
Access to Educational Records
All former and present students have the right to review and inspect their educational records in the Office of Admissions and Records provided they make a written request fifteen (15) days in advance. Such a review will be under the direct supervision of a classified or certificated employee in the Admissions and Records Office. Expressly exempted from the right of review and inspection are the following materials:

1. Financial records of the parents of the student(s).
2. Confidential letters and statements of recommendation maintained by the College on or before January 1, 1975, provided that such letters or statements are not used for purposes other than those for which they were specifically intended.
3. Records of instructional, supervisory, counseling, and administrative personnel which are in the sole possession of such personnel and are not accessible or revealed to any other person except a substitute.
4. Records of employees of Mt. San Antonio College, made and maintained in the normal course of business which relate exclusively to such person in that person’s capacity as an employee, are not available for use for any other purpose.
5. Records of students made and maintained by the Student Health Services, the College nurse, the College physician, and the College therapist, which are used in the treatment of students and are not available to anyone other than persons providing such treatment. However, such a record may be personally reviewed by a physician or other appropriate professional of the student’s choice.

Release of Educational Records Information
1. Any release of a student’s educational records, with the exception listed below, must be made with the student’s written consent.
2. The College may release copies of or otherwise divulge material in the student’s educational records only to the official agencies, groups, officials, or individuals specifically mentioned below:
   a. College staff members; provided that such employees have a legitimate educational interest to inspect such a record.
   b. Representatives of the Comptroller General of the United States, the Secretary of Education, and administrative head of an educational agency, state education officials, and the United States Office of Civil Rights, where such information is necessary to audit a program.
   c. Accrediting organizations in order to carry out their accrediting functions.
   d. Organizations conducting studies on behalf of the institution.
   e. Officials of other schools or school systems in which the student attends.

3. Directory Information:
   a. “Directory Information” means a student’s name, community of residence, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student.
   b. Agencies or organizations in connection with a student’s application for financial aid.
   c. Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, and administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students or their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is compiled.
   d. Appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health and safety of the student or other persons.
   e. Courts or other agencies in compliance with a subpoena or judicial order. A reasonable effort will be made to notify the student in advance of the compliance by the College.

4. Exempted from the right of review and inspection are the following:
   a. Financial records of the parents of the student(s).
   b. Confidential letters and statements of recommendation.
   c. Records of instructional, supervisory, counseling, and administrative personnel.
   d. Records of employees of Mt. San Antonio College.
   e. Records of students made and maintained by the Student Health Services, the College nurse, the College physician, and the College therapist.
   f. Records of employees of Mt. San Antonio College, made and maintained in the normal course of business which relate exclusively to such person in that person’s capacity as an employee.
   g. Records of students made and maintained by the Student Health Services, the College nurse, the College physician, and the College therapist.
   h. Any release of a student’s educational records, with the exception listed below, must be made with the student’s written consent.
   i. The College may release copies of or otherwise divulge material in the student’s educational records only to the official agencies, groups, officials, or individuals specifically mentioned below:
      a. College staff members; provided that such employees have a legitimate educational interest to inspect such a record.
      b. Representatives of the Comptroller General of the United States, the Secretary of Education, and administrative head of an educational agency, state education officials, and the United States Office of Civil Rights, where such information is necessary to audit a program.
      c. Accrediting organizations in order to carry out their accrediting functions.
      d. Organizations conducting studies on behalf of the institution.
      e. Officials of other schools or school systems in which the student attends.

Student Rights and Privacy Act
Following is a summary of the Mt. San Antonio College policy related to the Family Educational Rights and Privacy Act of 1974, O.L. 93-380, and Chapter 1297, Statutes of 1976, State of California:
b. Any student desiring to withhold “Directory Information” may file a written request with the Director, Admissions and Records, within fifteen (15) days of the opening day of each semester or session that the student does not want such information released.

c. The College reserves the right to limit or deny the release of specific categories of directory information based upon a determination of the best interests of the student(s).

Transfer of Information to Third Parties
Educational records or personal information transferred to other institutions or agencies will not be transferred to a third party without the written consent of the student.

Catalog Rights
This term is used to define the specific set of general education and other graduation requirements, as established in the catalog for a specific year, which the student must satisfy to qualify for a degree, certificate, etc.

Students may choose to qualify for graduation (G.E. and major) under the requirements in effect at either:

1. the time they entered the college, or
2. they may use any catalog thereafter, as long as the student maintains continuous enrollment.
3. continuous enrollment is defined as attendance during every regular semester (fall and spring) after initial enrollment at Mt. San Antonio College.

Continuous Residence
A student will retain rights to follow Catalog requirements for the year they entered Mt. San Antonio College if, during every regular semester after initial enrollment at Mt. SAC, he/she:

1. is enrolled in any credit class at Mt. SAC beyond the first four weeks; or
2. completes any units in a credit class at another accredited post-secondary institution; or
3. receives a waiver in advance or approval Board of Appeals because of extenuating circumstances.

Student Right-to-Know Rates
Completion Rate: 26.1%
Transfer Rate: 25.9%
From 1996 COHORT Data

In compliance with the Student-Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of the Mt. San Antonio Community College District and Mt. San Antonio College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 1996, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three year period. These rates do not represent the success rates of the entire student population at Mt. San Antonio College, nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort defined above, 26.1 percent attained a certificate or degree or became ‘transfer-prepared’ during a three year period, from Fall 1996 to Spring 1999. Students who are ‘transfer-prepared’ have completed 56 transferable units with a GPA of 2.0 or better.

Based on the cohort defined above, 25.9 percent transferred to another postsecondary institution, (UC, CSU, or another California Community College) prior to attaining a degree, certificate, or becoming ‘transfer-prepared’ during a five semester period, from Spring 1997 to Spring 1999.

The Faculty
The Faculty

Hernandez, Cristina M. (1997)
History, Art History, Geography, Political Science
B.A., M.A., University of California, Santa Barbara

Herrera, Irene (2000)
Director, EOPS
B.S., California State University, Fullerton
M.S., California State University, Los Angeles

Hight, Lynette C. (1971)
English, Literature & Journalism
B.A., M.A., California State University, Los Angeles

Hill-Enriquez, Evelyn (1991)
American Language
A.A., Mt. San Antonio College
B.A., M.A., California State University, Fullerton
TESOL Certificate

Hischar, Paul (1998)
Accounting & Management
B.S., California State Polytechnic University, Pomona
M.B.A., West Coast University

Ho, Robert I. (1984)
Architecture & Engineering Design Technology
B.S., Cheng Kung University
M.Arch., University of Minnesota
NCARB, National Council of Architectural Registration Boards
California Licensed Architect

Hoffman, Jean (1997)
Agricultural Sciences
A.S., Mt. San Antonio College
B.V.E., California State University, San Bernardino

Hoggan, Lynda Smith (1996)
Biological Sciences
B.S., Slippery Rock University
M.P.H., University of California, Los Angeles

Hoover, Karelyn (1995)
Chemistry
B.S., M.S., New Mexico Institute of Mining & Technology

Horton, Tamra (2000)
English, Literature & Journalism
B.A., University of California, Davis
M.A., University of Wyoming
Ph.D., Louisiana State University

Howell, Lisa (2002)
Foreign Languages
B.A., M.A., California State University, Sacramento

Huang, Kenneth (2006)
Chemistry
M.S., California State University, Long Beach
Ph.D., University of California, Santa Barbara

Huang, Shui-lien (1989)
Computer Information Systems
M.A., West Texas State University

Hughes-Lederer, Julie (1980)
Nursing
A.D.N., Rio Hondo College
B.S.N., M.S.N., California State University, Los Angeles

Hughes, Tom (1999)
Family & Consumer Sciences
A.A., San Diego City College
B.A., M.A., Pacific Oaks College

Hymer, Jonathan (2005)
Electronics & Computer Technology
B.A., University of California, Davis

J

Impara, Carol (2005)
Family & Consumer Sciences
B.A., Davidson College
M.S., University of Maryland

Inmon, Carolyn (1992)
Communication
B.A., University of California, Los Angeles
M.A., California State University, Northridge

Jackson, Christopher (2005)
Physical Education
B.S., California State University, Fullerton
M.S., Azusa Pacific University

Jagodka, Ralph F. (1997)
Accounting & Management
B.S., Western Illinois University
M.B.A., Pepperdine University
Ed.D., University of La Verne

Jastrab, Robert (2001)
Physical Education
B.A., University of Miami
M.S., University of Nevada

Jefferson, Paul (2001)
Public Services
A.S., Los Angeles City College
B.S., Pepperdine University
M.A., John F. Kennedy University

Jenkins, James D. (1992)
Assoc. Dean, Humanities & Soc. Sciences Division
B.A., M.A., California State Polytechnic University, Pomona

Jefferson, Paul (2001)
Family & Consumer Sciences
B.A., M.A., California State Polytechnic University, Pomona

Johnson, Mary T. (1997)
Computer Information Systems
B.A., California State University, Fullerton
M.S., Azusa Pacific University

Johnson, Michelle (1998)
Mathematics, Computer Science
B.S., M.S., University of California, Irvine

Jones, William D. (1992)
History, Art History, Geography, Political Science
A.A., Mt. San Antonio College
B.A., University of California, Los Angeles
M.A., Ph.D., Claremont Graduate School

Judd, Matthew T. (1990)
English, Literature & Journalism
B.A., University of California, Berkeley
M.A., Claremont Graduate School

K

Biological Sciences
B.S., M.S., California State University, Los Angeles

Kaljumagi, Eric (1999)
Learning Assistance
B.S., University of California, Davis
M.A.T., University of California, Davis

Kamaka, Ron (2006)
Physical Education
B.A., Sonoma State University
M.S., Azusa Pacific University

Kammerer, Linda (2001)
Family & Consumer Sciences
A.A., Orange Coast College
B.A., M.A., California State University, Long Beach

Karn, Tamara (2001)
English, Literature & Journalism
B.A., University of California, Los Angeles
M.A., Chapman University

Kemp, Kurt A. (2000)
Foreign Languages
A.A., Mt. San Antonio College
B.A., California State University, Fullerton
M.A., University of California, Los Angeles

Keys, S. Carolyn (2001)
Dean, Student Services
B.A., California State University, Fullerton
M.B.A., National University, La Jolla

Khan, M. Zahir (1990)
Physics & Engineering
B.E., University of Poona
M.S., Ohio State University
Registered Professional Engineer

Khoddam, Kambiz (1999)
Mathematics, Computer Science
B.S., M.A., California State University, Long Beach

Kido, Janine (2005)
Biological Sciences
B.A., M.S., California State University, Fullerton
Kolchakian, Misty (2005)
Psychology, Education
B.S., University of Florida
M.A., University of Maryland, College Park

Kim, Candice S. E. (2000)
Mathematics, Computer Science
B.S., M.S., California State University, San Diego

Counseling
B.S., University of California, Los Angeles
M.S., University of Southern California

Kohn, Dafna (2001)
History, Art History, Geography, Political Science
A.A., Ventura College
B.A., University of Redlands
M.A., Ph.D., Claremont Graduate School

Kirchgraber, Albert (1999)
Mathematics, Computer Science
B.S., California State Polytechnic University, Pomona
M.A., Ph.D., University of Southern California

Klawitter, Kenneth (1991)
Communication
B.S., Bradley University, Illinois
M.A., Miami University, Ohio
M.A., California State University, Los Angeles

Knapp, Joshua (2000)
Psychology, Education
B.A., University of California, Berkeley
Ph.D., University of California, Santa Barbara

Koijima, Tetsuro (2000)
Mathematics, Computer Science
B.A., M.S., California State University, Los Angeles
Ph.D., University of Southern California

Kolhakian, Misty (2005)
Psychology, Education
B.S., University of Florida
M.A., Ph.D., University of Maryland, College Park

Koukol, Laurel A. (1973)
Family & Consumer Sciences
A.A., Glendale College
B.A., M.A., California State University, Los Angeles

Respiratory Therapy
A.S., Washtenaw Community College
B.S., Loma Linda University

Kunkler, Constance (2006)
Nursing
B.S.N., M.S.N., California State University, Dominguez Hills

Landeros, Darlene (2001)
Family & Consumer Sciences
A.A., Rio Honda Community College
B.A., University of LaVerne
M.A., Pacific Oaks College

Lane, David C. (1989)
Sociology, Philosophy
A.A., Los Angeles Valley Community College
B.A., California State University, Northridge
M.A., Graduate Theological Union, Berkeley
M.A., Ph.D., University of California, San Diego

Lawlor, Elizabeth (2000)
Biological Sciences
A.B., Brown University
M.A., Ph.D., University of California, Riverside

Lawrence, Helen (1990)
Counseling
B.A., Montclair State College
M.S., Hunter College

Lawson, M. Alan (1990)
Business Administration
B.A., University of Utah
M.B.A., California State University, Los Angeles
J.D., American College of Law, Brea, California

Leader, Jennifer (2006)
American Language
M.A., Azusa Pacific University
Ph.D., Claremont Graduate University

Ledeboer, Lisa (2006)
Family & Consumer Sciences
B.S., Iowa State University
M.S., California State University, Northridge

Lee, Eddie (2006)
Counseling
B.A., California State Polytechnic, Pomona
M.S., California State University, Long Beach

Leung, Jenny (2006)
Chemistry
B.S., M.S., University of California, Irvine

Lindberg, Carolyn (1991)
Learning Assistance
B.A., University of California, Los Angeles
M.S., Ph.D., University of Southern California

Lizarraga, Max (1993)
Architecture & Engineering Design Technology
B.A., M.A., California State University, Long Beach

History, Art History, Geography, Political Science
B.A., University of California Berkeley
M.A., University of Washington, Seattle

Loera-Ramirez Dionne (2001)
English, Literature & Journalism
B.A., M.A., California State University, Fullerton

Long, Gary (1984)
Mathematics, Computer Science
B.A., M.A., California State University, Fullerton

Long, Susan (1998)
Dean, Arts Division
B.A., M.A., California State University, Long Beach
Ed.D., Pepperdine University

Long, Terri Smith (1989)
Earth Sciences, Astronomy
B.A., M.S., Ed.D., University of Southern California

Lopez, Audra (2001)
Agricultural Sciences
B.S., M.S., California State Polytechnic University, Pomona

Louie, Charis (2000)
Psychology, Education
B.A., Pomona College
M.A., University of Missouri
Ph.D., University of Missouri, Columbia

Loyd, Rene (1999)
Mathematics, Computer Science
A.S., Crafton Hills Community College
B.S., M.S., University of California, Riverside

Lujan, Angel (1999)
Counseling
B.A., M.A., California State University, Fullerton

McCormick, Elizabeth (1991)
English, Literature & Journalism
B.A., Barnard College
M.A., Ph.D., Claremont Graduate University

McDonald, Christopher (2002)
Mathematics, Computer Science
B.A., M.S., California State Polytechnic University, Pomona

McFarland, Thomas (1997)
Accounting & Management
B.S., M.B.A., California Polytechnic University, Pomona

McFaul, Jason (1999)
English, Literature & Journalism
B.A., M.A., University of the Pacific

McGeough, Daniel (1986)
Accounting & Management
B.A., California State University, Fullerton
M.B.A., California State University, Long Beach
Certified Public Accountant

Accounting & Management
B.S., San Diego State University
M.B.A., California State Polytechnic University, Pomona
Certified Public Accountant
McGraw, Jill (1991)
Mental Health Technology
B.V.E., California State University, Long Beach

McGruder, Charles (1992)
Sociology, Philosophy
B.A., University of Redlands, Johnston College
M.A., Ph.D., Claremont Graduate School

McIntosh, William (1999)
Music
B.A., B.M., Biola University
M.M., California State University, Long Beach

McKee, Catherine (1995)
Business Administration
B.A., University of California, Berkeley
J.D., University of San Diego School of Law

McLaughlin, David L. (1997)
Radiologic Technology
A.A., Mt. San Antonio College
B.S., University of St. Francis
R.T., American Registry of Radiologic Technology
California Certified Radiologic Technologist

McMullin, Janet (1990)
Mathematics, Computer Sciences
B.S., M.S., Northern Illinois University

McPhail, Yuko (1992)
Foreign Languages
B.A., Carthage College, Wisconsin
M.A., Fuller Theological Seminary, Pasadena

MacDonald, Jennifer (2001)
Program Director, Histologic Technician
Biological Sciences
A.S., Canadore College, Canada

Mackey, Richard (2006)
Administration of Justice
B.A., California State Polytechnic, Pomona
M.A., California State University, Dominguez Hills

Maestro, Patricia (2004)
Counseling/Coordinator Learning Communities
A.A., East Los Angeles Community College
B.A., California State University, Long Beach
M.S., University of La Verne

Mageean, Michael (2000)
English, Literature & Journalism
B.A., M.A., California State Polytechnic University, Pomona
Ph.D., University of California, Irvine

Marano, Americo (1986)
Foreign Languages
A.A., East Los Angeles College
B.A., M.A., University of California, Los Angeles
M.A., California State University, Fullerton

Marshall, Cheryl (1999)
Interim Associate Dean, Business & Economic Development
B.S., University of Memphis
M.A., California State University, San Bernardino
Ed.D., University of Southern California

Martin, Douglas (1988)
Mathematics, Computer Science
B.A., Messiah College
M.A., California State University, Fullerton

Mason, Martin (2002)
Physics, Engineering
B.S., University of California, Riverside
M.S., University of California, Riverside

Masoomian, Rasool (2001)
Business Administration
M.S., M.A., Ph.D., State University of New York

Maynard, Phillip D. (1990)
Communication
B.A., M.A., California State University, Fresno

Counseling
B.A., California State Polytechnic University, Pomona
M.S., California State University, Los Angeles

Megelin, Nancy (1998)
Mental Health Technology
B.S.N., University of Phoenix

Mehta, Jai Shri (1999)
Computer Information Systems
B.A., M.A., Florida Institute of Technology

Meyer, Elizabetta (2001)
Biological Sciences
B.A., University of Pennsylvania
Ph.D., Michigan State University

Mezaki, Barbara (1990)
American Language
B.A., University of Buffalo
M.Ed., University of Buffalo
J.D., Southwestern University

Mezquita, Jesse A. (1977)
Photographics
A.A., East Los Angeles College
B.V.E., M.V.E., California State University, Los Angeles

Miller, G. Wayne (1981)
Sign Language
B.S., Gallaudet College, Washington, D.C.
M.A., California State University, Northridge

Millsapugh, Anita (1980)
Computer Information Systems
B.S., M.B.A., California State Polytechnic University, Pomona

Mirman, David (2000)
Biological Sciences
B.A., University of Pennsylvania
M.S., University of California, Davis

Munro, Matthew J. (1998)
Mathematics, Computer Science
B.S., M.B.A., University of Washington
M.A., University of Colorado

Nakamura, Amy Bates (2005)
Dance
B.A., California State University, Fullerton
M.F.A., University of California, Irvine

Najaf, Iraj Behbahani (1992)
Chemistry
B.S., Judi Shapur University, Iran
Ph.D., Michigan State University

Chemistry
B.S., Northern Arizona University
Ph.D., University of California, San Diego

Biological Sciences
B.A., University of California, San Diego
M.D., University of California, Irvine
Ph.D., University of California, Los Angeles

Nitta, Akira (2006)
Mathematics, Computer Science
B.A., University of Irvine
M.S., California State Polytechnic University, Pomona

Nixon, Bruce (1999)
Mental Health Technology
B.S., California State Polytechnic University, Pomona

Vice President, Instruction
B.A., University of California, Irvine
Ph.D., University of Southern California

Norton, Carol (1991)
Learning Assistance
B.A., Colorado Women’s College
M.Ed., University of La Verne

O

O’Brien, Paul (1999)
English, Literature & Journalism
B.A., University of California, Los Angeles
M.A., San Jose State University

Ocampo, James (1990)
Director, Assessment & Matriculation
B.A., M.A., California State University, Northridge

O’Hearn, Christopher (2002)
President, CEO
A.A., El Camino College
B.A., M.A., M.Ed., Loyola Marymount University
Ph.D., Capella University

The Faculty

Rogus, Robert (2001)
Aeronautics and Transportation
A.S., Mt. San Antonio College
B.S., California State University, Los Angeles
F.A.A. Certificates: Flight Instructor; Airplanes & Instruments; Commercial Pilot

Rubenstein, Susie (2005)
Art, Animation, & Broadcasting
B.A., University of California, Santa Cruz
B.F.A., Kansas City Art Institute
M.F.A., Cranbrook Academy

Rudd, Terry Shaylor (1988)
Mental Health Technology
A.S., East Los Angeles College
B.S., California State University, Fullerton
M.S., California State University, Los Angeles

Ruh, Marc T. (1997)
Physical Education
A.A., Mt. San Antonio College
B.A., University of California, Santa Barbara
M.A., Azusa Pacific University

Runnebohm, Stephen (1987)
Dean, Humanities & Social Sciences Division
B.S., M.A., Ball State University
Ph.D., University of Missouri

Russell, Paul (1988)
Learning Assistance
B.S., California State Polytechnic University, Pomona
M.Ed., California Lutheran College.

Ryasko, Charles (2002)
Electronics & Computer Technology
A.A., Mt. San Antonio College
B.S., California State Polytechnic University, Pomona

Sanchez, Andrew (2001)
Mental Health Technology
A.S., R.N., Mt. San Antonio College

Sanchez, Juan (2005)
Physical Education
B.S., California State University, Los Angeles
M.Ed., University of LaVerne

Mathematics, Computer Science
B.S., Harvey Mudd College
M.S., California State Polytechnic University, Pomona

Schmidt, David (2002)
Electronics & Computer Technology
A.A., Mt. San Antonio College
B.V.Ed., M.A.Ed., California State University, San Bernardino

Schmidt, Sherry (1985)
Biological Sciences
B.A., University of Montana
M.A., California State University, Fullerton

Schnurbusch, Karen (2002)
Physics & Engineering
B.S., University of California, Santa Barbara
M.S., University of Illinois, Urbana-Champaign

Sciore, Donald (1999)
Art, Animation & Broadcasting
B.F.A., California State University, Pomona

Scott, Brian (2001)
Agricultural Sciences
A.S., Mt. San Antonio College
B.S., California State Polytechnic University, Pomona

Shannon, Cynthia (1991)
Biological Sciences
A.A., Fullerton College
B.A., California State University, Fullerton
B.S., M.S., California State Polytechnic University, Pomona

Public Services
B.A., College of Santa Fe
M.S.W., California State University, San Bernardino
Certified Substance Abuse Counselor, UCLA

Shepherd, John C. (1981)
Aircraft Maintenance & Manufacturing
A.A., Chaffey College
Community College Instructor Credential
C.C. Supervisory Credential

Sholars, Joan (1991)
Mathematics, Computer Science
B.S., M.A., California State University, Fullerton

Shull, Stephen (2006)
Fire Technology
B.S., Southern Illinois University
M.S., California State University, Long Beach

Silva, Lawrence (2005)
Learning Assistance
B.A., California State Polytechnic University, Pomona
M.A., Chapman University

Smith, Daniel E. (1998)
Art, Animation & Broadcasting
B.A., California State University, Fullerton

Smith, Harry (1987)
Electronics & Computer Technology
A.A., Pasadena City College
B.A., California State University, Los Angeles

Smith, James B. (1998)
Counseling
B.A., M.A., California State University, Fullerton

Smith, John K. (2001)
Public Services
B.A., M.S.W., Indiana University

Soares, Darrow (1992)
Air Conditioning, Welding, & Water Technologies
A.A., Riverside City College
B.A., University of California, Riverside
M.A., California State University, San Bernardino

Sorocabal, Charles (1991)
Mathematics, Computer Science
B.S., California State Polytechnic University, Pomona
M.A., California State University, Fullerton

Soto, Lina (2001)
Counseling
B.A., University of California, San Diego
M.A., San Diego State University

Sparks-Mackey, Maxine (1990)
History, Art History, Geography, Political Science
B.A., University of Redlands
M.P.A., University of Southern California
Ph.D., Claremont Graduate School

Spaulding, Ralph A. (1970)
History, Art History, Geography, Political Science
B.A., University of Santa Clara
M.A., Claremont Graduate School

Stepp-Bolling, Eric (1977)
Learning Assistance
B.A., University of California, Santa Barbara
M.A., State University of New York at Fredonia
M.S., California State University, Fullerton

Stern, Kerry (1990)
Dean, Library & Learning Resources
A.A., Citrus Community College
B.A., California State University, Fullerton
M.S.L.S., University of Southern California

Stokes, Nona (1990)
American Language
B.S., Howard University
M.S., Ph.D., Georgetown University

Theater
B.S., Eastern Michigan University
M.F.A., University of Iowa

Strope, Byron (1990)
Aircraft Maintenance & Manufacturing
A.A., Chaffey College
B.S., California State Polytechnic University, Pomona
F.A.A. Certificates, Airframe and Powerplant, Inspection Authorization
Private Pilot, F.C.C.
F.A.A. Safety Counselor
F.A.A. Designated Mechanic Examiner

Due to construction, this map changes frequently. Please check the Mt. SAC website for the latest version of the campus map.
MT. SAC Turns 60 in 06!

Founders Day: Saturday, September 16

From its humble beginnings with only 23 faculty members teaching the first 635 students in a collection of former military barracks, Mt. SAC has grown to become one of the nation’s largest and finest community colleges with nearly 40,000 students and 400 full-time instructors. The 426-acre campus is now an eclectic mix of traditional and contemporary architecture and rolling green hills.

As we advance toward the next 60 years, we remain committed to providing the finest undergraduate education and career/professional training to enhance the quality of life for our students and our community.

Pete Reynolds
Mt. SAC’s 1st Class*

Alex Wu
Mt. SAC’s 1 Millionth Student

*Honored among 2006 Distinguished Alumni of the Year.

MT. SAC 1946-2006 60 Years of Excellence!
