

Making Mt. SAC's Current Facilities Master Plan A Reality

Subject Matter Experts

- Catherine Lew, Co-Founder, Lew Edwards Group (Lead Consultant)
- John Fairbank, Partner, FM3 Research (*Pollster*)
- David Casnocha, Managing Shareholder, Stradling Attorneys at Law (Bond Counsel)

Our team was privileged to represent the District in 2008 on the successful passage of Measure RR.

Project Objectives

- Share Best Practices since Measure RR on how other CCDs are funding their FMP visions
- Conduct current analysis of how public priorities and perspectives align or not, with your current FMP planning and priorities
- Determine the community's interest-- if any--in a possible November 2018 education bond to fund FMP priorities

Project Highlights

- A community survey conducted FM3 Research was fielded on May 21st-24th
- Among other findings, this survey shows that a Mt.
 SAC Bond of up to \$750 Million is viable 11/18
- Should the District opt to proceed, the statutory deadline to submit your adopted election materials to the ROV is Friday, August 10th
- The consulting team is recommending that the District proceed with placement of this bond

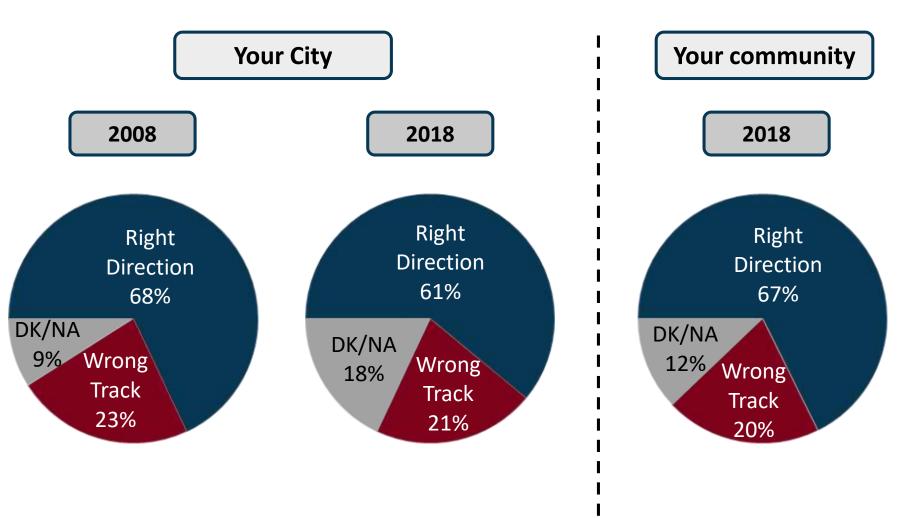

Survey Highlights

Survey Methodology

- Survey of 800 likely November 2018 voters in the Mt. San Antonio Community College District
- Interviews were conducted via landline and cell phones by live interviewers
- Interviews were conducted in English, Spanish and Mandarin
- Survey was conducted May 21-24, 2018
- The margin of sampling error is ±3.5% at the 95% confidence level
- Margins of error for population subgroups will be higher
- Some percentages do not sum to 100% due to rounding
- Results from 2008 Mt. SAC bond measure feasibility survey shown for comparison purposes

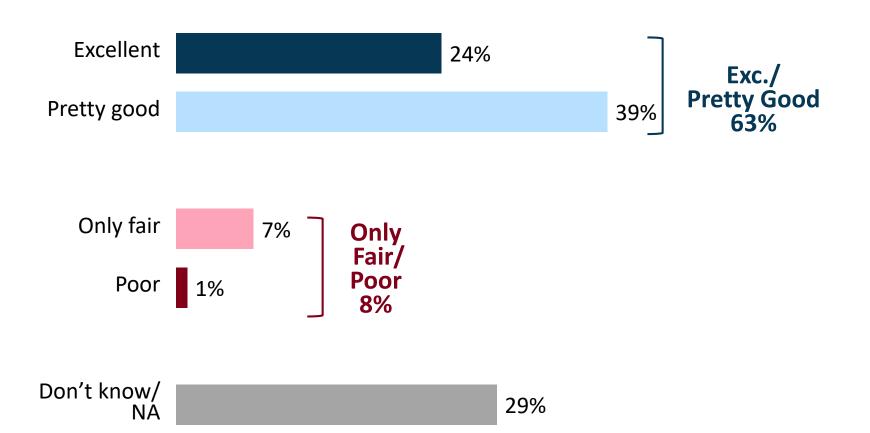

Most Mt. SAC voters hold a positive outlook towards their cities and communities.

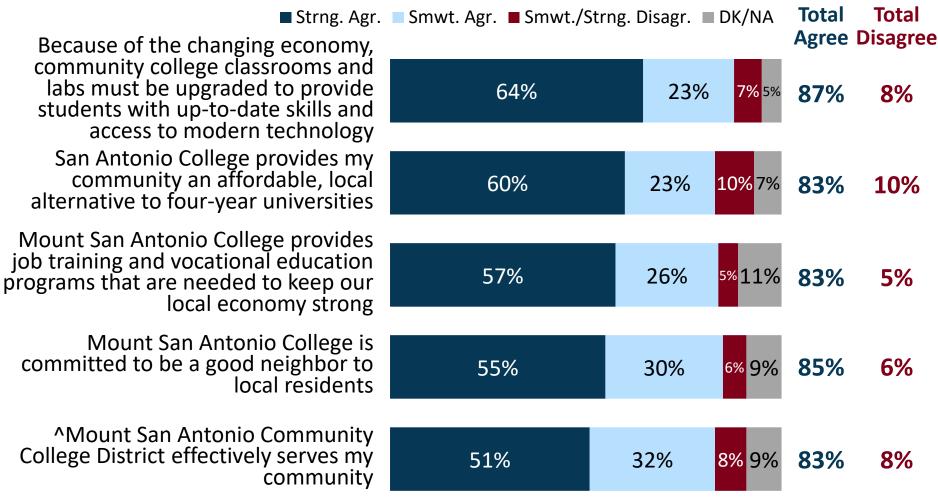

Do you think things in

More than six in ten think Mt. SAC provides an "excellent" or "pretty good" education and virtually nobody thinks it is performing poorly.

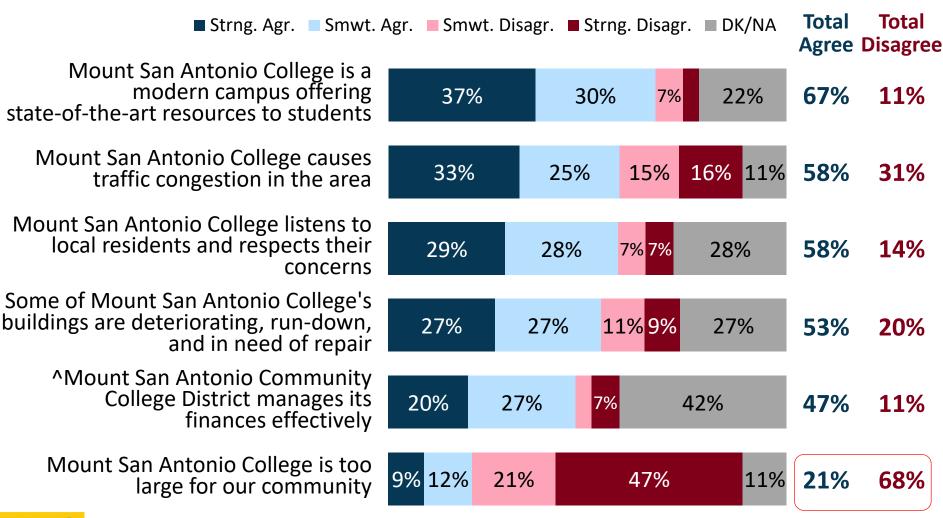

Respondents agree Mt. SAC provides an affordable education, is committed to being a good neighbor, and needs upgrades for the changing economy.

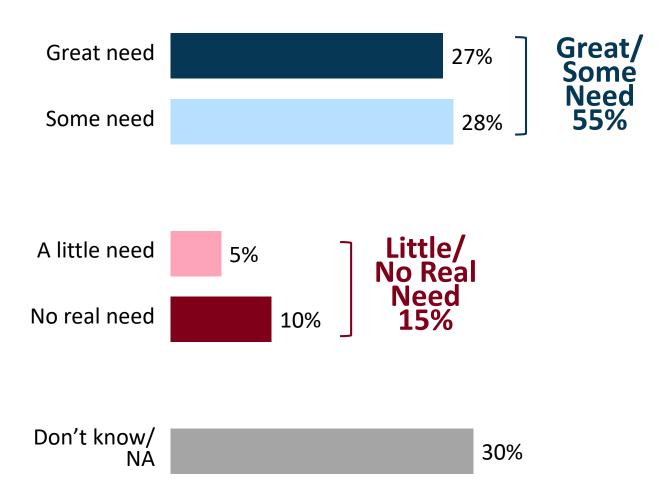

While traffic is a concern, respondents agree Mt. SAC listens to local residents.

A majority believes the college has a significant need for funding.

The survey tested several versions of a potential Mt. SAC Bond Measure.

Informational Statements

(TRANSFER) Mount San Antonio College's high-quality and affordable education programs help students to transfer to four-year universities and allow high school students to get a jumpstart on earning college credit by taking college courses. This measure will ensure that Mount SAC can expand access so more students can attend college.

(UPGRADES) Several buildings in Mount San Antonio are over 75 years old and need basic improvements. Funds will be used to remove asbestos, repair leaky roofs and deteriorating restrooms and plumbing, improve handicapped accessibility, update the storm water system to prevent water pollution, replace outdated electrical and air-conditioning systems and upgrade security and fire safety systems.

^(VETERANS) Mount San Antonio College serves over a thousand military veterans, many of whom have recently returned from war zones. This measure will upgrade and expand facilities for veteran services and job training so returning Service Members receive the academic and career counseling and support they need to complete their education and enter the civilian workforce.

(VOCATIONAL) Mount San Antonio College is an essential resource for students seeking a vocational education that provides the job training, technical knowledge, and specialized skills to compete for goodpaying, modern careers. This bond measure will upgrade workforce development programs to train and prepare students for today's in-demand jobs and a competitive global economy.

(SAFETY) Mount San Antonio College wants to upgrade school security to keep students safe. This measure will fund the installation of cameras, lighting, and up-to-date security measures including improved security and emergency communication systems.

^(ACCOUNTABILITY) This bond measure includes strict fiscal safeguards including citizen oversight, and annual financial and performance audits. Furthermore, no money from this measure will go to administrators' salaries or pensions, and all money will be spent locally and cannot be taken by Sacramento.

Consultant Recommendations

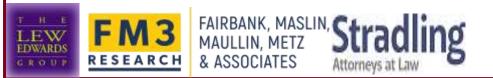

Consultant Recommendation

- A bond of up to \$750 Million is viable for the November 2018 election, and our team recommends proceeding.
- Preparing students for transfer to 4-year colleges and basic repairs are the top priorities voters want to see addressed in the bond.
- Respondents also place a high value on vocational training programs that allow students to compete for good-paying, modern careers.

Next Steps

- Consistent with current Best Practices in other CCDs and our successful RR experience, the District Executive team will engage selected key influentials from every corner of the district over the next two weeks
- An informational piece on needs and these results will also be posted on the District website and disseminated
- The bond language will be refined and finalized
