

Update # 1

March 20th, 2020

Hello EOPS students,

I wanted to take moment to check in with you all to clarify a few things:

- Mt. SAC is closed **temporarily**
- Mt. SAC will reopen when the California Department of Health or our Governor says it's safe to have staff on campus
- Mt. SAC faculty are working to moving all classes on-line (in case of a long term partial closure)
- EOPS is working to making all services available online, including counseling and tutoring
- I will be communicating with you all via e-mail and social media
- Follow Mt. SAC EOPS on Instagram for updates

I wish I knew more but right now that is not the case. We are in an unprecedented times and we are all learning as we go. I hope that you all know that Mt. SAC priority is your health and administrators are working to find solutions to continue providing you with a quality education.

In order for us to help you, I would like to ask that you complete the brief 3 minute survey by visiting the following link: <https://forms.gle/vyPvZyt2Qh7ZzCZz6>. We are working on setting up a laptop lending program and thus it would be very helpful if we could determine how many of you would need to borrow a laptop.

I will e-mail you all every week to provide you with the most current information. Should you need to reach me please send me an e-mail. I will continue checking my e-mail and will do my best to respond within 24 hours.

Best,

Dr. Julie Marquez
Director, EOPS/CARE
