**Javi Pulpolibri (Purépecha)**  
**March 12th**

Join us as we learn wisdom from Purépecha descendant, Javi Pulpolibri! Previously serving as Smashbox Makeup's first 2-Spirit model, Javi channels ancestral wisdom through their gifts as a curator, multimedia artist, and community organizer. Their art and events bridge contemporary practices with traditional Native ways of knowing, centering Indigenous voices and 2-Spirit experiences. Javi's portfolio spans murals, photography, and pop-up exhibitions that celebrate culture and community.
