1. Academic Mutual Agreement Council: The council met on May 23 and discussed the following:
  - a) AP 4105 Distance Learning – The item was accepted, and will be forwarded to PAC.
  - b) AP 4020 Program and Curriculum Development – The item was accepted, and will be forwarded to PAC.
  - c) AP 7120 Faculty Recruitment and Hiring – The item was accepted, and will be forwarded to PAC.
  - d) AP 7123 Applicant Travel Reimbursement – The item was accepted, and will be forwarded to PAC.
  - e) Resolution 16-03 In Support of Gender Neutral Restrooms on Campus – The resolution was accepted, and will be forwarded to the President's Cabinet.
  - f) Resolution 16-04 In Support of Compensation for Noncredit Adjunct Committee Participation – The resolution was accepted.
  - g) Coordinator Follow-up – The status of the Honors Coordinator and Learning Lab Coordinator positions was discussed.
  - h) Faculty Hiring Follow-up – In a case where a failed search occurred the Senate was asked to mutually agree in supporting a 1-year temp for the position, and also asking the hiring committee to consider re-interviewing the top two candidates.
  - i) Art History Department Follow-up – Due to the requirement of three full-time faculty in AP 3110 the new department will not be formally created until the third hire is finalized.

2. Accreditation Steering Committee: The committee has not met since the last report. The next meeting will be held on June 3.
  3. Budget Committee: The committee met May 18 and discussed the following:
    - a) Governor's May Revise Budget – The elimination of \$1.5M in COLA money from the state will be backfilled from the regular budget. STRS and PERS contribution increases will be covered by one-time monies from the state. OPEB (retirement health benefits) will be covered by both OPEB fund interest and \$2.5M in general fund money. Prop 30 shortfalls have been built into the May Revise budget, but a possible recession is not.
    - b) Budget Development Guide revision – The subcommittee reported on its work. A draft of the updated guide is still in process, but will be presented at the next meeting on June 1.
    - c) Annual Review of Committee Goal and Progress Report – The committee updated and expanded its goals, including recommending how to reapportion money to meet the increasing STRS and PERS contribution increases.
  4. Equivalency Committee: The committee met May 23 and discussed the following:
    - a) Revised the Radio-Television equivalency.
    - b) Updated its Goals and Progress report.
  5. Institutional Effectiveness Committee: The meeting set for May 25 was pre-empted by the expanded PAC meeting. The final meeting of the year will be on June 8.
  6. President's Advisory Council: Expanded PAC met on May 25 and discussed the Strategic Plan Recommendations. The President indicated that there will be no major rewrites in the current 2015-17 plan. The most substantive edit is the addition of the committee planning contained in the President's PIE. Committee goals will be entered into TracDat, rather than having the President's office input them. The June 1 deadline was brought up, which the President indicated might be altered. The President also discussed a variety of possible changes to the Strategic Plan, including having 1) KPIs built into Program Review, 2) committee planning incorporated into the Strategic Plan, 3) committee input into Strategic Objectives (currently part of IEC's purview), 4) Expanded PAC prioritize Strategic Plan items, 5) External Review of our progress by outside partners, starting with Cal Poly Pomona, and 6) PIE revision done based only upon substantive changes, rather than annual revisions. The President wants Expanded PAC to examine items where progress is not being made. The Fall Expanded PAC will have an IEC report, and examine changes to the Educational Master Plan.
  7. Management Screening Committee Appointments
    - a) Vice President Human Resources - An all faculty call was sent out for faculty to sit on the screening committee. Five faculty responded, and permission was sought and granted by the college President to select three. Jeff Archibald, Eric Kaljumägi, and Chisa Uyeki were appointed.
    - b) Associate Dean, Student Success and Equity – An all faculty call was sent out on April 29 for faculty to sit on the screening committee. Four faculty responded. Laura Muniz and Kim Nguyen were appointed.
- B. Vice President:
1. Recognition of Dan Smith's Service: Jeff recognized Dan and his 9+ years of service to the Academic Senate, presenting him with an award and tickets to Pearl Jam.
  2. Dual Enrollment: The College is currently still exploring options for creating dual enrollment programs with area high schools. The College has interest from three local high schools – Diamond Bar, Ganesha, and Pomona – to

begin programs in the 2016-17 academic year. Students from each school have been assessed in English and Math – the assessment results for English are complete, while Math results will be available in the next week or so. Based on the results, the schools have requested various combinations of ENGL 67, 68, 1A, and 1C and will likely ask for MATH 51, 71, and 100 with the possibility of launching in Fall 2016. There are no current agreements in place with any high school, and arrangements are still being discussed on the number of sections, times the sections will be offered, textbooks (the high schools will have to go with our textbook selections), and many other aspects of the agreements. At this point, affected departments should be discussing concerns and questions about the possible agreements with the local high schools and the levels at which they are willing to engage in or support the dual enrollment effort. These concerns can be communicated with Division Deans and Faculty Association and Senate leaders (whichever is most germane to the issue/question).

V. Legislative Liaison Report:

A. Current Bills:

3. AB 1721 (Medina) Cal Grant Program: Increase aid from \$1,551 to \$3,000.
4. AB 1837 (Low) Office of Higher Education Performance and Accountability: Create an Office of Higher Education Performance and Accountability. 5. AB 1914 (Bonilla) Academic Materials: Textbooks Access Codes: Prohibits requiring students to purchase textbooks, access codes, or resources that are otherwise available or can be accomplished at no cost on college campuses. Campus bookstores cannot post “required material” next to academic materials for sale unless the faculty member who assigned the material gives consent. Faculty are encouraged to consider free or inexpensive options as well.
6. AB 1985 (Williams) Advanced Placement: CCCs must develop and adopt a policy to award credit to students who pass an Advanced Placement exam with a score of 3 or higher.
7. Expands Board’s authority to deny enrollment to students who have been expelled within 5 years or are currently undergoing expulsion procedures for sexual assault or sexual battery. CCCs can require students seeking admissions to inform the college if they have been expelled from a CCC for rape, sexual assault, or sexual battery.

VII. Faculty Association Report

- A. Representative Council: The Representative Council has completed its work for the year without taking action on AP 3700 (Social Media). The Council will next meet on 6 September. Also, four new items were discussed that will be voted on in the fall. If you will have a new FA representative next year, please have them contact the FA office at x4531 to request a copy of the 31 May discussion items.

The FA and the President's Office purchased an award for each honored professor. If you know of someone who did not receive their award, please have them contact the FA office at x4531.
- C. Reopener Negotiations: The FA and the District have recently completed their eleventh negotiations session, and thirteen tentative agreements have been signed thus far. A detailed report was given to department representatives earlier this week. While negotiations could conclude as early as 10 June, there is an increasing chance that more time will be needed. Please remind faculty to monitor their Mt. SAC e-mail if they desire further information.
- D. Memorandum of Understanding (MOU) on Commencement: After commencement this year in Hilmar Lodge Stadium, the stadium will be essentially rebuilt with new materials and to modern standards. As a result, the 2017 and 2018 commencement ceremonies will be held on the Sunday following finals at Citizens Bank Arena in Ontario. We have signed an MOU with Dr. Scroggins that faculty participation in the 2017 and 2018 ceremonies is optional at the discretion of the individual faculty member. Mandatory attendance will return in 2019.
- E. Faculty Association Student Achievement Fund Awards Breakfast: The FA is proud to host its own awards breakfast, where we will present deserving students with awards totaling over \$10,000. This awards breakfast will be held on Saturday, 4 June at 9:00 a.m. in Founders Hall. All faculty are invited, and no RSVP is required.
- F. Flex Week Activities: The FA is beginning to plan events for the fall semester. We will hold a department chair training on 24 August and an adjunct faculty orientation on 25 August. - 1. Action:
  - a) Basic Skills 2016-17 Budget – The Council reviewed and recommended the budget allocations recommended by the Basic Skills Coordinating Committee. Documentation is attached.

- 
- b) Student Equity Committee Purpose, Function, and Membership Statement – The Council reviewed and recommended changes to the membership of the Student Equity Committee (which were initiated by the Student Equity Committee). The rationale for the changes is included on the documentation.
2. Information:
- a) SSSP Advisory Committee – minutes of March 23 and April 13 were accepted.
- b) Disposition of LGBTQ Task Force Recommendations – The Council discussed two items as directed by the Senate LGBTQ Task Force recommendations: 1) the inclusion of LGBTQ material in new student orientations and 2) the inclusion of preferred names on rosters. On the first item, the Dean of Counseling indicated that the Counseling department has an orientation committee, and that it would be best to set up a meeting with that committee to discuss how this information could be presented. He did not think it would be a problem to incorporate LGBTQ information into orientations. On the second issue, the Dean of Enrollment Management indicated the first step would be to see if we already collect preferred name information in the application process, then meet with Bob Hughes in IT to see if this information could be collected (if not already) and incorporated into class rosters.
- c) Common Assessment Update and Multiple Measures – On Common Assessment, the Director of Assessment indicated that we are ahead of schedule in terms of implementation and that the implementation groups were meeting and developing a plan for the College. He also indicated that we are currently unable to get much information regarding CAI from the campuses that are piloting it now. One issue that was raised is that, since the reading and writing portion are both adaptive and include a writing sample, the test can take up to three hours. This is likely to create issues going forward with conducting the assessments in high schools and with test fatigue for students. Finally, statistics on the number of students taking the multiple measures survey were provided. While the numbers are increasing, 20% of students are not taking the multiple measures survey.
- d) AP 5075 Course Adds and Drops follow up – The Council discussed the Senate Executive Board's concerns with the Dean of Enrollment Management. He expressed that he didn't believe this was a significant change in policy, since 20% of the semester is generally considered the Sunday night before the 3rd Monday of classes, which is our current procedure for both adds and census date. He will bring documentation to the next SP&S meeting support this interpretation that the 20% language is consistent with our current practices.
- e) SP&S Council Purpose and Function Statement – The Council recommended no changes to its current purpose and function statement.
- f) AP 5012 International Students – The Associated Student representatives brought forward this AP asking for revisions based on health insurance requirements for international students. Their concerns were: 1) international students have only one insurance option; 2) it is expensive and may require additional insurance purchases for the summer that aren't clearly communicated; and 3) the bidding process for the insurance contract isn't clear. The Council agreed that these were not changes that needed to be made to the AP, but rather should be addressed to the International Students Advisory Committee and the Vice President of Student Services. The VPSS indicated that she has a possible solution on the issue and would work with the students.
3. Future Topics:
- a) AP 3540 Sexual Assaults on Campus

    - e) Faculty professional development budget is expended. There will not be another faculty professional development budget in years to come. This budget came from a one-time request for funding for a one-year faculty professional development plan, and was rolled into a two-year budget and plan. We are pleased to have been able to support Qualtrics, Lynda.com, and multiple faculty professional development events, including Dr. Posner, Parachutes and Ladders, book clubs, and some faculty training including Department chair training, and specific departmental training. Lynda.com is funded through the next academic year.
