The Board was very engaged and had several questions about the ISER and those standards that relate directly to them. This led to a good discussion about their own self-evaluation. The Core Group will continue to discuss this with the Board at their Study Sessions.</p> <p>Two separate trainings and a forum within a week. The response and turnout were great. There were approximately 77 participants. It was a successful experience for attendees. The step by step was helpful to explain the process. Having fewer pages due is good and having the writing started is helpful. The next forum will focus on classified staff.</p> <p>An FAQ document will be distributed. If you have additional FAQs you would like added, please send to the core team.</p> <p>Six total “Listening Tours” were conducted. IEC recommended feedback obtain on the SP Priorities.
