There are two funding program that using the word "Promise" to confuse everyone, including administrators.

The is the CA College Promise Grant (formerly BOG fee waiver) – this is just a name change, all requirements and functions stay as is.

The is the AB 19 Promise Program funding – I am waiting on word if Mt. SAC will qualify for this. And the requirements for this funding have not been hashed out yet.

SUBJECT: **PLANNING FOR 2017-18 (NEW PROCEDURES)**

The President's Advisory Council (PAC) seeks to maintain a systematic mechanism for documenting and reviewing the important work taking place at committee and program levels. We want to reflect this work in our reporting of institutional effectiveness. As a result, we are asking that each committee use the college-wide goals and complete the following:

- Purpose and Function Statement and Committee Goals. Your committee's 2016-17 PAC-approved Purpose and Function Statement is attached to this email. Please make changes directly to this file using strikethrough for deletions and bold and underlined for additions. The purpose, function, and membership of a council/committee cannot be changed without approval by the President's Advisory Council. If your council/committee believes that changes are warranted, they need to be recommended during this annual review process. As a reminder, if you need to change your purpose and function statements, or add/delete members to your committee, Senate committees must have Senate approval before the request is made through the President's Advisory Council.

New to the Purpose and Function Statement this cycle is an area to set your committee goals for the year. We are encouraging your group to be thoughtful with its goals. You will note the first goal has been completed for you. To comply with Accreditation Standards, your College committee website needs to be maintained and kept up-to-date. The College continues to use its goals and College mission to drive its planning. The attached goals have been reviewed and approved by the Institutional Effectiveness Committee (IEC), PAC, and the College President.

- Committee Goals and Progress Report. Use the attached template to *document your committee's accomplishments* of the goals that were set above.

Once you have completed these tasks, please communicate them electronically to PAC [send to Brigitte Hebert (bhebert3@mtsac.edu) and the manager responsible for the program or respective council] using the attached templates. Please see the due dates below.

INTRODUCTION

Budget Guide History

The Budget Committee originally developed the New Resources Allocation Process in the 2005-06 fiscal year to integrate and align the budget process with the College's Planning for Institutional Effectiveness (PIE) process. This process defined a method for allocating new resources, required review of the current "Status Quo" budgets, and provided budget flexibility within departments, divisions, and teams. The process concluded with an annual review of the budget process. During the 2008-09 fiscal year, the Budget Committee evaluated the budget review and development process and determined it should be cyclical because planning and budget development is ongoing. The Budget Committee also determined that combining the new resource allocation process information into the review and development guide would be less confusing. Thus was born the 2010 Budget Review and Development Process Guide.

In 2015, the Budget Committee recognized the Guide was in need of updating to better realign integrated planning with the budget development calendar, to make more efficient forms and processes, and, more importantly, to ensure the College's budget processes are reviewed on a regular basis as required by accreditation standards. The Budget Committee formed a subcommittee to review the Guide and make recommendations for changes, which were presented to the full Budget Committee in the Spring of 2016.

In March and April 2015 of Fiscal Year 2014-15, a total of \$4.3 million was approved for the New Resource Allocation Requests Phase 1 and 2. In July, August, and October 2015 of Fiscal Year 2015-16, a total of \$20.1 million was approved for New Resource Allocation Requests Phase 3 and 4. The process of funding these new allocation requests informed some of the changes incorporated into the Budget Review and Development Guide.

Budget Review

The President's Cabinet has recommended a more comprehensive review of all Status Quo Budgets to better align the College's budget with actual expenditures. Budget managers review departmental budgets to determine whether there is a positive budget balance that can either be reallocated to other line items within the department's budget or redistributed to other departments or College needs.

As part of the budget development of each fiscal year, Fiscal Services provides a *Budget and Expenditure Comparative Report* for the previous three fiscal years, a *Status Quo Budget Reallocation Form*, and a *Positive Budget Balance Explanation Form*. These documents assist with the analysis of budget areas that may need to be realigned with actual expenditures, reallocate budgets to other departments, or justify a positive budget balance that was unused at year-end.

The purpose of the *Budget and Expenditure Comparative Report* is to facilitate the analysis of budget areas that may need to be realigned with actual expenditures. This report includes ongoing budget and expenditure account information for the Unrestricted General Fund 11. The history of each account is presented in chronological order.

Another improvement in the budget review process is the *Positive Budget Balance Explanation* form. Budget areas that end the fiscal year with a positive balance and cannot reallocate those funds within the budget area may be required to provide an explanation as to why a particular budget cannot be reallocated.

Finally, after budget areas complete the *Status Quo Budget Review* process, President's Cabinet will review the *Budget and Expenditure Comparative Report*, the *Status Quo Budget Reallocation Form*, and the *Positive Budget Balance Explanation Form* turned in for each Org in the Unrestricted General Fund.

BUDGET REVIEW AND DEVELOPMENT GUIDE

Mt. San Antonio College's Budget Review and Development Guide provides direction to the College community regarding the association of College and unit goals to funding allocations. Budget review and development is continuous and ongoing; but, for the convenience of the reader, this document will follow a typical calendar year.

After the Governor of California submits an initial budget to the State in January, Fiscal Services will begin to make preliminary projections as to what the College's next budget year might look like ([Appendix A](#)). By the first of March, Departments/Units can expect to receive a memo from Fiscal Services ([Appendix B](#)), which will provide important information and deadlines for the tentative budget development. Included with the memo will be the Department's/Unit's "Status Quo Budget" ([Appendix C](#)).

Budget Templates

The Budget Template includes the Department's/Unit's status quo budget as it was originally allocated in the prior year's Adopted Budget except for position budgets of regular employees that include salary progression (step/column, longevity, professional growth, etc.) stipulated in collective bargaining agreements. Other personnel changes for faculty, management, classified, and confidential procedures are described in the Personnel Budget Procedures (Appendix D). Faculty positions are budgeted in alignment with AP 7120 – Faculty Recruitment and Hiring (Appendix E). Based on what has been reported in PIE, the Department/Unit should decide which line item changes it would need to transfer into the correct account number to better meet its PIE goals **without the assumption of any new budget resources**. The Budget Templates, with or without changes, are then forwarded to the appropriate dean/director to review and approve. The Department/Unit will generally have about two weeks to accomplish this task.

Budget Reductions or Realignments

In some fiscal years, the President's Cabinet may recommend a more comprehensive review of all status-quo budgets with the goal of aligning the College's budget with actual expenditures. In addition to the Budget Templates, departments will receive a Budget and Expenditure Comparative Report for the previous three fiscal years (Appendix F), the Status Quo Budget Reallocation Form (Appendix G), and the Positive Budget Balance Explanation form (Appendix H). These documents will facilitate the analysis of budget areas that may need to be realigned with actual expenditures, reallocated budgets to other departments, or justify a positive budget balance that was unused at year end.

Considerations for Future Budget Reductions

1. Maintain the mission of the College while making reductions:
 - a. Identify programs that cannot be maintained without additional workload reductions;
 - b. Conduct a cost benefit analysis to determine the cost compared to how many students are being served by a program;
 - c. Identify unsuccessful programs and services for possible elimination or reduction;
 - d. Explore partnerships to help offset the cost of services;
 - e. Analyze growth in budgets based on past growth in enrollment, which may then become a focus for reductions; and
 - f. Analyze status quo budget reductions by area in greater detail.
2. Establish triggers for budget reductions, e.g. reserves below ten percent will trigger additional budget reductions.
3. Develop criteria that would enable decisions about which services would be deemed nonessential.
4. Establish campus-wide standards for adequacy of services:
 - a. Analyze service-level standards;
 - b. Efficiency of staffing levels; and
 - c. Maintain compliance with Federal and State mandates.
5. Invest bond funds to reduce energy costs.

6. Secure funding from the Foundation to supplement some of the shortfalls in funding.
7. Analyze the budget implications of institutionalizing grants at the end of their cycles.
8. Protect full-time employee positions and consider them a high priority.

Immediate Need Request

An “immediate need” occurs when a sudden, one-time increase in funding is necessary to continue operating a critical or legally mandated program or service or to prevent liability to the College. Immediate need requests **should not be used to hire permanent employees**. The Immediate Need Request Form (Appendix I) should be submitted to the appropriate dean/director, who will approve and forward to the appropriate vice president. Fiscal Services will process funding after the President's Cabinet's approval. An immediate need request may be submitted at any time during the fiscal year.

1. Example 1: An “immediate need” would occur if an expensive, required piece of equipment has broken down and cannot be repaired; instruction cannot continue without it, but the Department/Unit does not have enough available budget to purchase a replacement. If the equipment is so expensive that it would by itself drain much of the supply budget, and so necessary that the program could not continue without it, then it qualifies as an “immediate need.”
2. Example 2: An “immediate need” would occur if an increase in the cost of fuel for the aeronautics instructional program would cause the planes to be grounded and the students would be unable to fly.
3. Example 3: An “immediate need” would occur if the College discovers mold growing in an occupied building and must hire a hazardous material cleanup service to come in and remove the mold, and such a service was not included in the facilities budget or any department budget.

Rate Driven Increase Request

A “rate driven” increase is a contractually mandated increase in cost that is out of the Department's/Unit's control. Examples of rate-driven increases are:

1. Equipment maintenance agreements;
2. Institutional memberships;
3. Insurance; and
4. Utilities.

The increased cost of paper is not considered a rate-driven increase because options exist to lower the cost of paper. Departments/Units should complete the Rate-Driven Increase Form (Appendix J) at any time during the fiscal year when this type of increase occurs. The form should include Dean/Director and appropriate Vice President/President approval, and then sent to the Associate Vice President, Fiscal Services for review, who will seek final approval from the Vice President, Administrative Services.

The Immediate Need Request and the Rate-Driven Increase forms can be requested from Fiscal Services or downloaded from the College's “Administrative Forms” web site at <http://www.mtsac.edu/employees/forms/index.html>.

New Resource Requests

By mid-March, the Budget Committee should send out an email announcing whether there are any new resources available for allocation. These new resources are generally a combination of the previous year's growth money (which is not budgeted since the amount the State estimates may change multiple times during most years), funded COLA, and various one-time allocations. It is possible that the Budget Committee will recommend that the College hold some new money in reserve or that new resources may be announced at other times, as they become available.

Once new resources are deemed available, Departments/Units will be given the opportunity to make a request for new funding to meet their PIE goals. Except for new personnel position requests, this new funding (if granted) will initially be given on a one-time basis. To receive the allocation again for the next fiscal year, the Department/Unit would need to submit the request again. Units should include their New Resources Allocation Requests in the "New Resources Request Spreadsheet" (Appendix K). This spreadsheet is a component of the PIE process and should be completed and submitted with the Department's/Unit's PIE to the appropriate dean/director. These New Resources Requests will be further prioritized at the Division and Team levels. The vice presidents will make a recommendation for funding to the president.

Submitting Status Quo Budget Templates

The Status Quo Budget Template(s) will travel from the Department/Unit, to the dean/director (for review and approval), and to the appropriate vice president (also for review and approval) and returned to Fiscal Services based on the due dates established in the Budget Review and Development Calendar (Appendix L). Once approved, Fiscal Services will make the approved changes to the next year's tentative budget.

Fiscal Services will include approved Immediate Needs for the following fiscal year on the tentative or adopted budgets if there is sufficient time for processing. Otherwise, the funding will be provided via appropriation transfer after the annual budget is adopted on or before September 15.

Requests for new resources take a longer path. Departments/Units must submit their request(s) using the "The New Resources Allocation Request Spreadsheet" ([Appendix K](#)) as part of the Department's/Unit's PIE. The request(s) should be aligned to specific planning goals or activities as defined in the Department's/Unit's PIE process. Each request should have specific documentation to support the amount requested, such as price quotes from vendors or other proof of price, as Fiscal Services will need this information once the request is approved for funding. Departments/Units should also include any "ongoing" ancillary costs, such as maintenance, annual software license fees, etc. Department/Unit New Resource Requests are then forwarded to the Dean/Director (for review, approval, and prioritization) and to the appropriate Vice President (for review and prioritization).

All new resource requests should be summarized and prioritized by each Vice President using the established format developed by Fiscal Services ([Appendix K](#)) before presenting the request to the Budget Committee. **The Budget Committee does not approve new funding requests**, but it will review all submitted requests and may attach comments or recommendations to a request, if it chooses. These comments and recommendations, if affirmed by the President's Advisory Council, will be forwarded with the request to the President's Cabinet.

Requests for new academic faculty positions are submitted in the spring semester, but no action is taken on them until the following fall.

New Resource Request Approval Process

The President's Cabinet consists of the College's President and Vice Presidents. This group will discuss the strengths and weaknesses of the submitted new resources allocation and immediate need requests and how best to prioritize by mandate, innovation, expected program improvement, and alignment with College goals. While each Vice President advises the President, the final list of what to fund and what to deny is made by the College President. The Budget Committee strongly recommends the College President allocate the funding of any new resources on a one-time basis. The College's Board of Trustees generally adopts the budget in September.

Tentative and Adopted Budget

Fiscal Services prepares the budget scenarios ([Appendix M](#)) that reflect the most recent revenue estimates based on the Governor's May Revise. The President's Cabinet determines which of the revenue estimates will be used for the tentative budget. Typically, the more conservative budget scenario is selected. The College's process is flexible enough to recognize when additional sources of revenue are identified and immediately begins the new resources allocation process to fund the educational and operational needs for the College in a timely manner. The President's Cabinet identifies new sources of revenue to fund the highest priority of new resource allocations.

The revenue estimates developed in May are distributed directly to the Budget Committee and to the campus community via the President's Cabinet Notes. The Vice President of Administrative Services provides periodic updates to the President's Advisory Council (PAC). Constituent group leaders are represented on the Budget Committee and PAC and provide information and analysis to their respective groups. The tentative budget is reviewed at Budget Committee, PAC, and is presented to and approved by the Board of Trustees annually in June. The Adopted Budget is reviewed at the Budget Committee, is presented to PAC and approved by the Board of Trustees annually in September. Paper and electronic copies of the budget reports are made available to the entire campus.

Fall Review

In September, Department/Units that have received one-time funding for the same expenditure for a third consecutive year may request that expenditure be changed to "ongoing." The Budget Committee reviews these requests to ensure the Department/Unit has followed appropriate budget and PIE procedures. After its review, the Budget Committee may make a recommendation to the President to change the funding to ongoing or to extend the funding for additional years or to eliminate the funding. The President discusses the requests and the Budget Committee's recommendations with Cabinet and then makes the final determination. The President's determination is then reported to PAC. If the funding is switched to ongoing, then the amount of the ongoing funding will be added to the Department's/Unit's Status Quo Budget during budget preparation for the next fiscal year.

In the fall, the Budget Committee reviews the previous fiscal year's actual expenditures, evaluating the effectiveness of the Budget Review and New Resources Allocation Process, and recommending changes, as needed, to PAC. The Budget Committee also meets with the Institutional Effectiveness Committee annually to review the PIE summaries and coordinate planning efforts. The Budget Committee then may request the vice presidents provide feedback about the processes, e.g. what worked well, what did not work well, and to consider suggestions for improving the process.

For academic departments, the new academic faculty requests submitted the previous spring are independently prioritized both by the Academic Senate Executive Board and by the division deans as per AP 7120. In late October, the division and Academic Senate hiring prioritization lists are merged into a single list by the Academic Mutual Agreement Council. Although the College president makes the determination as to the number of new faculty to hire, by agreement the College president will not alter the order of the merged list. The recruitment of new positions for the subsequent fall semester should be able to begin by early January.

Other Budgetary Issues

To fulfill its purpose of developing, recommending, and evaluating policies and processes relating to all aspects of College finances, it is necessary for the Budget Committee to understand the College's finance structure and to remain informed as to the progress of each year's budget development. To obtain this information, the Budget Committee undertakes a series of reviews. In March, the Committee shall review the "Preliminary Tentative Budget" based upon the best estimates available to Fiscal Services. This information helps guide the Committee to determine the available new resources for the year. In April, time is spent reviewing the details of the previous year's actual expenses for selected Departments/Units. At this time, the selected Departments/Units are recommended by the vice presidents, and the intended purpose is to educate the members of the Budget Committee. Time is also spent reviewing relationships across campus, such as department costs per FTEs and comparative unit staffing levels. An additional goal of the Budget Committee is to communicate to the campus community critical information related to the College's finances, budgeting and planning.

Communication

The Budget Committee is committed to improving transparency and communication to the campus community about critical information related to the College's finances, including the budgeting and planning process, College reserves, and year-end variances. Information about the College budget can be found on the Budget Committee's web page:

<http://www.mtsac.edu/governance/committees/budget/index.html>.

BUDGET COMMITTEE

The Budget Committee is the primary governance body for developing, recommending, and evaluating policies and procedures relating to institutional planning and its integration to the budget process (Appendix N) and all aspects of College finances (Appendix O). Among other things, the Committee develops and recommends policies and procedures (Appendices P through S) relating to overall resource generation and allocation, develops and recommend policies and procedures for budget development, and reviews the current budget process for effectiveness. The Committee reports to President's Advisory Council on the evaluation of the College budget models and informs the campus about budget-related matters (Appendix T).

APPENDIX B

To: All Department Budget Managers

From: Rosa M. Royce
Associate Vice President, Fiscal Services

Date: March 1, 2016

Subject: **2016-17 Tentative Budget Development (Read Carefully)**

It has been recommended by President's Cabinet to complete a more comprehensive review of all of the Status Quo Budgets with the goal of aligning the College's budget with actual expenditures. It is imperative that we collectively work together to review our departmental budgets versus expenditures to determine if any funds are available for reallocation to other department budgets or college needs.

In addition to the *Status Quo Budget Template* files, the Fiscal Services department is sending a *Budget and Expenditure Comparative Report* for fiscal years 2013-14, 2014-15 and 2015-16, *Status Quo Budget Reallocation Form*, and *Positive Budget Balance Explanation Form*. These documents have been developed to facilitate the analysis of budget areas that may need to be realigned with actual expenditures, reallocate budgets to other departments, or justify a positive budget balance that was unused at year-end. The guidelines on how to use these documents are explained later on in this memo.

New Resources Allocation

The 2016-17 New Resources Allocation process will be announced at a later time, if funds are available.

2016-17 Tentative Budget

The **2016-17 Tentative Budget** will include:

- Personnel changes approved by the Board of Trustees through January 13, 2016. Personnel changes approved after January 13, 2016 through June 30, 2016 will be updated by Fiscal Services and reflected in the 2016-17 Adopted Budget.
- 5.02% ongoing salary increase effective July 1, 2015 for Faculty, Managers, Confidential, Supervisors, CSEA 262 and CSEA 651
- Health and welfare increase effective July 1, 2015 for Faculty, Managers, Confidential, Supervisors, CSEA 262 and CSEA 651
- Budgeted amounts for personnel changes, including employee step and longevity increases that will be effective in 2016-17
- Approved rate-driven increases through February 29, 2016.
- Ongoing budget allocations for the 2015-16 New Resources Allocations Phase 4 as approved by President's Cabinet on October 13, 2015.

Status Quo Budget Template Files

Budget Managers will receive one or more *2016-17 Status Quo Budget Template(s)* (Excel files). These templates have been developed by “Org” or by “Fund”. Templates developed by “Org” are for department budgets within the Unrestricted General Fund 11. Templates developed by “Fund” are for Grants and Categorical Programs. In both cases, the templates include tabs for each budget. The tabs are located at the bottom of the spreadsheet and include the words “Org” or “Fund” followed by the corresponding code.

All Funds except “Grants and Categorical Programs (Fund 17)”

Please **do not** include any new budget increases or budget reductions on the *2016-17 Status Quo Budget Template*. If the budget is increased in one department (Org), it needs to be decreased in another department (Org). This process is more for realigning your status quo budget to what your anticipated expenditure needs are for 2016-17. This process will save Budget Managers from having to submit budget transfers, which will expedite your purchases.

Grants and Categorical Programs (Fund 17)

Budget line items for Grants and Categorical Programs may be increased or decreased with proper supporting documentation that reflects the total funding allocation. However, sufficient budget must be provided for all the permanent employees. Since the final funding allocation may not be known when the budget is submitted, please provide your best estimate. Fiscal Services will continue working with the Grant and Categorical Budget Managers as updated information becomes available.

Step 1 - Guidelines for using the Status Quo Budget Template File

Please complete the following steps to assist us with the preparation of the 2016-17 Adopted Budget:

1. Departments and/or units should review the ***Status Quo Budget 2016-17*** column, which reflects the “ongoing” budget allocation at the present time, for any needed transfers to other accounts.
2. Reflect all budget changes based on your anticipated expenditure plans for 2016-17 in the ***Budget Changes 2016-17*** column. Changes can only be made in **cells highlighted in yellow**. Cells for permanent salaries and benefits have been protected, as Fiscal Services is responsible for updating these budgets. Please include an explanation in the ***Comments*** section if the budget is increased in one department (Org), and decreased in another department (Org).
3. After making your revisions to the ***Budget Changes 2016-17*** column, the ***Revised Status Quo Budget 2016-17*** column will automatically reflect the new total amount that will be included in the Tentative Budget.
4. If you need to add new accounts, please list them at the bottom of the *budget template* in the ***Add Additional Accounts*** section. Any additional comments can be made in the ***Comments*** section.

Budget and Expenditure Comparative Report Review

Please use the *Budget and Expenditure Comparative Report* to facilitate the analysis of budget areas that may need to be realigned with actual expenditures. This report includes ongoing budget and expenditure account information for the Unrestricted General Fund 11. The budget and actuals for fiscal years 2013-14 and 2014-15 are final numbers.

Information for 2015-16 fiscal year includes budgets, commitments (requisitions, purchase orders and purchase order change notices with Accounting approval), and balances as of February 25, 2016. The history of each account is presented in chronological order. For updated information on account balances, please access the form FGIBDST (Organization Budget Status) in the Banner System.

Step 2 - Status Quo Budget Reallocation Form

Once you have completed the *Status Quo Budget Template* and aligned your budgets to your expenditures history or have adjusted for anticipated expenditures, then complete the *Status Quo Budget Reallocation Form*. The file for this form contains two tabs at the bottom. The first tab is a sample on how to complete the form and the second tab is the blank form for you to complete.

If you **do not** have budgets that can be utilized by other departments or college needs, you must complete the *Positive Budget Balance Explanation Form*.

Step 3 – Positive Budget Balance Explanation Form (Mandatory)

Using the *Budget and Expenditure Comparative Report* as a reference, if you have any accounts that have historically ended the fiscal year with a positive balance and you are unable to reallocate this budget, you **MUST** complete the *Positive Budget Balance Explanation Form* to provide an explanation as to why a particular budget cannot be reallocated. The completion of this form is **mandatory** for all departments. The file for this form contains two tabs at the bottom. The first tab is a sample on how to complete the form and the second tab is the blank form for you to complete.

Step 4 – Routing of Completed Forms (Files) - Status Quo Budget Template, Status Quo Budget Reallocation Form, and Positive Budget Balance Explanation Form:

Please follow the specified approval routing and timelines below:

1. **Departments:** Once departments complete the changes, **save the files** to your hard drive; then forward the saved files via e-mail to the appropriate Dean/Director no later than **Monday, March 14, 2016**.
2. **Deans/Directors:** Once Deans/Directors complete the review and changes, **save the files** to your hard drive; then forward the saved files via e-mail to the appropriate Vice President or President no later than **Friday, March 25, 2016**.
3. The **Vice President or President** should review, and forward each file to **budgetdevelopment@mtsac.edu**, no later than **Friday, April 08, 2016**. No hard copies with signatures are required to be sent to Fiscal Services. We will know they have been reviewed and approved once we receive the file from the Vice Presidents or President.

Rate-Driven Increase Request

If your department or unit has a need for a budget increase which is mandated and out of the department's/unit's control, this type of budget increase is considered a "rate-driven increase". Some examples of rate-driven increases include increased costs in equipment maintenance agreements, institutional memberships, insurances, and utilities. Please complete the attached *Rate-Driven Increase Request Form* and forward the original approved form with supporting documentation to Rosa Royce.

Approval Queues

If departments are planning reorganizations of budgets for the 2016-17 fiscal year that may require changes to budget and expenditure approval responsibility, please send your request to Rosa Royce at rroyce@mtsac.edu no later than April 30, 2016.

Budget Committee Review

Once the *Status Quo Budget Review* has been completed, President's Cabinet will review the *Budget and Expenditure Comparative Report*, the *Status Quo Budget Reallocation Form* and the *Positive Budget Balance Explanation Form* turned in for each Org.

2016-17 Tentative Budget and Adopted Budget

Fiscal Services will review the *Status Quo Budget Template* files and include appropriate changes in the Tentative Budget to be approved by the Board of Trustees on June 22, 2016. These changes will also be included in the Adopted Budget to be approved on September 14, 2016. Once the final budget has been adopted by the Board of Trustees, the budgets will be updated in Banner. Effective with the approval of the Adopted Budget, purchase requisitions will be returned to the requisitioner if there is insufficient budget to cover the purchase.

Thank you for your cooperation with this budget process. Your feedback is appreciated. If you have any questions or need assistance, please contact me at ext. 5517, Katie Ly at ext. 5762, or Christine Lam at ext. 5428.

IV. BUDGET FOR INCREASE IN PERCENTAGE OF EMPLOYMENT

A. Temporary Increase in Percentage of Employment

From the effective date of the increase in percentage of employment, for each fiscal year during which the increased percentage of employment continues, the Department/Unit will fund the difference between the employee's regular percentage of employment and the increased percentage of employment, including benefits, longevity and shift differential.

B. Permanent Increase in Percentage of Employment

1. For the fiscal year in which the increase in percentage of employment occurs, the Department/Unit will fund the difference between the employment percentage prior to the increase and the employment percentage after the increase, including benefits, longevity and shift differential.
2. For the subsequent fiscal year, the cost center's status quo budget allocation will be reduced in an amount equal to the difference between the employment percentage prior to the increase and the employment percentage after the increase, calculated at the employee's range and step, including benefits, longevity and shift differential.

Applicant Travel Reimbursement

The College is authorized to pay for and/or reimburse necessary traveling expenses to and from the College for candidates who travel to the College for full-time faculty interviews.

Eligibility for Reimbursement

Full-time faculty (contract and regular) applicants who must travel 150 miles or more (subject to verification) one way from their residence to the College to interview for the following classifications of positions will be eligible for reimbursement.

Reimbursable Expenses

- A. The College shall reimburse up to a total of \$500 for actual and necessary travel expenses associated with the applicant's interview. Any expenses exceeding this amount shall be the applicant's responsibility.
- B. Travel may be by air, private or rented automobile, bus, or rail. Expenses for lodging, meals, parking, and incidentals, such as cab fare, shall be considered appropriate expenses. Expenses for lodging and meals are subject to approval by the Vice President, Human Resources. It is expected, however, that airline tickets will be booked at coach or tourist class rates.
- C. Mileage for using one's own car shall be reimbursed at the appropriate College mileage rate, not to exceed what it would have cost for air fare.
- D. Reimbursement is limited to the expenditures incurred by the applicant on behalf of himself/herself only.
- E. The total number of travel days for which lodging and meal expenses may be claimed will normally be limited to one day prior and one day following the interview, depending on the distance to be traveled and the time of the interview. Exceptions will be determined by the Vice President, Human Resources in consultation with the appropriate hiring managers.

Required Documentation for Reimbursement

Applicants shall submit to the Office of Human Resources a Candidate Reimbursement for Interview Form and providing all required documentation of expenses within 30 days of completing travel. Original receipts for lodging and carrier expenses must be submitted in order for the applicant to be reimbursed. The Candidate Reimbursement for Interview Form will be authorized by Human Resources.

Full-Time Faculty Selection Procedures

The following provisions are applicable to all non-management, academic, full-time positions:

A. Faculty Positions

1. Growth: The need for contract tenure-track faculty shall be developed by each department and recommended to the area administrator in the Spring semester for positions requested to be hired the following academic year (e.g., Spring 2008 for academic hiring for 2008-09, start date of Fall 2009). The area administrator, in consultation with the department chairs, or a representative of the department if a department chair is not available, will prioritize the requests submitted by the departments within the division and will forward them to the Vice President, Instruction by the end of the Spring semester. The Vice President, Instruction will provide the lists of requests for faculty positions prioritized by each division to the Academic Senate. The Instruction Team and the Academic Senate Executive Board will independently prioritize the submitted requests. The priorities for the Academic Senate and Instruction Team will be brought to the Academic Mutual Agreement Council (AMAC) for the development of a single list to represent the faculty growth positions priorities for the College. The prioritized list shall be submitted to the College President for a decision regarding the number of growth positions approved for hire in that academic year.

The President of the College will issue instructions to the Office of Human Resources regarding filling the open positions, based on the following procedures listed under Recruitment below.

2. Vacancy: When a faculty member submits a formal notice of resignation or retirement or does not have his/her contract renewed, a replacement for the vacancy must be requested by the department and the area administrator using the forms developed for requesting a faculty position. If the vacancy is declared before the end of the Fall semester, replacements will be considered in AMAC based on documentation of need. The determination will be made by AMAC, after consultation with the department chair and area administrator, whether to replace, to open recruitment for the next on the list, or to not fill the position that year. If the position is not filled that year, it will remain a vacancy for reconsideration as a replacement the following year.

Following approval by AMAC, the Vice President, Instruction will issue instructions to the Office of Human Resources regarding filling the open positions, based on the following procedures listed under Recruitment below.

3. Unusual Situations: When a department experiences a vacancy due to faculty reassignment or to department restructuring, the decision to replace will be made by mutual agreement in AMAC. The department, in consultation with the area administrator, should submit a request for a faculty position as described under Section 2 (Vacancy) above.

Following approval by AMAC, the Vice President, Instruction will issue instructions to the Office of Human Resources regarding filling the open positions, based on the following procedures listed under Recruitment below.

4. Temporary Full-time Positions: Either when a vacancy remains unfilled after the prioritization process because of a failed recruitment or when a department demonstrates a need for a full-time position because of program expansion or loss of faculty after the prioritization process, a department may request a one-year, temporary full-time position. Such requests require the approval of the appropriate dean and vice president, who, after consultation with AMAC, will take the request to President's Cabinet for final approval. Candidates for temporary positions may be drawn from applicant pools formed for a tenure-track position or from other sources. If a search is conducted, every effort will be made to notify part-time faculty of the opportunity to apply for the temporary position. Candidates for temporary positions must have the support of the department chair and appropriate administrator.

A selection committee will be formed and a formal interview will be held using the processes outlined below.

- a. Screening - Temporary Positions: The Screening Committee shall consist of one area administrator, the department chair, and one to three faculty chosen by the department. If the department wishes to select faculty persons from outside the department, this is permissible. These individuals will be voting members of the Committee. The voting members of the Screening Committee shall elect the Screening Committee Chair. The Screening Committee may appoint two additional non-voting Screening Committee members who may be managers, industry representatives, faculty, classified staff, and/or students. The Academic Senate President, or designee, may approve faculty appointments to the Screening Committee.

The Committee will screen all applications meeting job-related criteria, determine the list of candidates to be interviewed, and conduct the interviews. Every effort will be made to establish a diverse committee membership with regard to sex, race, color, ancestry, religious creed, national origin, age, medical condition, mental and physical disabilities, marital status, sexual orientation, or Vietnam Era Veteran Status.

- b. Interviews - Temporary Positions: The Screening Committee Chair will schedule interviews so that they will not conflict with classes taught by Committee members or applicants. Any conflicts will be discussed with Committee members or applicants prior to scheduling. The established College interview procedure shall be used in all interviews. Questions to be asked in the interviews will be developed and agreed upon by the Committee. The questions will be subject to approval by

the Vice President, Human Resources, or designee, to ensure that they are not illegal or discriminatory.

- c. Final Selection of Temporary Positions: It will be the Screening Committee's task to recommend one or more candidates for an interview by the appropriate vice president. The final interview shall include the appropriate vice president, the department chair (or designee) and the area administrator (or designee). The Vice President will make the final recommendation to the Board of Trustees.

B. Recruitment

Full-time Tenure Track: It is the policy of the College that all full-time position vacancies be advertised in and out of the District.

The appropriate subject area faculty, together with the area administrator, shall develop the faculty position descriptions, requirements, and desired qualifications.

The job notice will include all job-related skills, requirements, and any additional qualifications recommended by faculty, when appropriate. Criteria for hiring that go beyond the minimum qualifications may be established by the College and will usually be limited to knowledge in the specific subjects to be taught.

The position descriptions will be approved by AMAC. If any changes are recommended by AMAC that differ from those submitted by the department, consultation with department representation will be held prior to advertising for the position. Every attempt will be made to obtain agreement. If this is not possible, the recommendation of the College President/CEO will be used.

C. Applications

The application form is the document by which standard information about each applicant is obtained. In addition to the standard form, a supplemental application form may be used for certain positions to gather specialized job-related information for use in the screening process. All applicants shall submit completed application forms, a résumé, and transcripts of the college work completed. Departments, in consultation with their area administrator, will determine whether to require letters of recommendation or whether to make letters of recommendation optional at the time the hiring brochure is prepared. Documents will be submitted into the system electronically either by the applicant or the Office of Human Resources. In addition, the applicant may include other pertinent materials to be used in the screening procedures. All application materials shall be addressed to the Office of Human Resources and will be kept on file for three years.

State law allows local districts to establish equivalencies to the degree or experience requirements. If the position announcement allows applicants to have equivalent qualifications, they must be verified by documentation. This documentation will be considered part of the application. Human Resources will determine if the applicant meets minimum qualifications. When appropriate or necessary, the Office of Human Resources will consult with the Academic Senate President regarding verification of minimum qualifications. The Academic Senate President will review all equivalency

requests before including candidates in the applicant pool to be reviewed by the Screening Committee.

D. Screening

The Screening Committee shall consist of one area administrator, department chair and three faculty persons selected by vote of the department. If the department chair is not available, a fourth faculty person shall be selected by vote of the department. If the department wishes to select faculty persons from outside the department, this is permissible. These five persons will be voting members. All Screening Committees will include an Equal Employment Opportunity Representative. This individual shall be a non-voting member of the Committee and will be appointed by Human Resources, in consultation with the Academic Senate President. The voting members of the Screening Committee shall elect the Screening Committee Chair. The Screening Committee may appoint two additional non-voting Screening Committee members who may be managers, industry representatives, faculty, classified staff, and/or students. The Academic Senate President, or designee, shall approve faculty appointments to the Screening Committee.

The Committee will electronically screen all applications meeting job-related criteria, determine the list of candidates to be interviewed, and conduct the interviews. Any committee member who does not complete prescreening tasks assigned to the committee will be removed from the committee. Every effort will be made to establish a diverse Committee membership with regard to sex, race, color, ancestry, religious creed, national origin, age, medical condition, mental and physical disabilities, marital status, sexual orientation, or Vietnam Era Veteran Status. Each Committee, upon its formation, will contact the Equal Employment Opportunity Officer to confirm that the procedures it will be following in screening and interviewing will conform to the College's equal employment and non-discrimination policies. All members of the hiring committee will have Equal Employment Opportunity training in accordance Title 5 Section 53003(c)(4).

E. Interviews

In coordination with the area administrator, the Office of Human Resources will make the necessary arrangements for all interviews, which will be conducted by the Screening Committee. Every effort will be made by the Office of Human Resources and the Screening Committee Chair to schedule interviews so that they will not conflict with classes taught by Committee members or applicants. Any conflicts will be discussed with Committee members or applicants prior to scheduling. The established College interview procedure shall be used in all interviews. Questions to be asked in the interviews will be developed and agreed upon by the committee in conjunction with the Vice President, Human Resources, or designee, at least one day before the interviews begin. The questions will be subject to approval by the Vice President, Human Resources, or designee, to ensure that they are not illegal or discriminatory.

F. Final Selection

It will be the Screening Committee's task to recommend two or more applicants for interview by the College President/CEO and/or designee(s). A recommendation of fewer than two candidates must be accompanied by a written explanation. The Screening Committee's recommendations and all interview materials must be sent to the Office of Human Resources. The Screening Committee's recommendations and evaluation sheets on the finalists will be sent forward to the College President/CEO and/or designee(s) and will be taken into consideration when making the final selection. The College President/CEO will make the final recommendation to the Board of Trustees.

The final interview shall include the College President/CEO or his/her designee, the appropriate Vice President, the chair of the Screening Committee, and the EEO representative. If the chair of the Screening Committee is the area administrator, then the faculty department chair or designee will be invited to participate. Likewise, if the Screening Committee chair is a faculty member, then the area administrator will be invited to participate. The College President/CEO may request additional candidates to be identified by the Screening Committee if he/she determines that the candidates recommended by the Screening Committee do not meet Mt. San Antonio College standards. In such cases, the Screening Committee will reconvene to determine if it will recommend two or more additional candidates for interview or to recommend additional recruitment for additional applicants.

G. Board Approval

Prior to submission of the selected finalist to the Board of Trustees, the College President/CEO, or designee, will review any selection that does not align with recommendations from the Screening Committee with the Academic Senate President, or designee. Upon selecting the finalist for submission to the Board of Trustees, the College President/CEO will inform the area administrator of the decision, who will inform the members of the Screening Committee as to the decision.

H. Revision

The hiring process and its procedures are subject to review and revision at the request of the Academic Senate, College President/CEO, or the Board of Trustees.

Narrative

- (A) The 2014-15 Growth was reduced with the April 2016 final Recalculation.
- (B) The College received additional funds to the 2015-16 Increase to Base with the April 2016 First Principal Apportionment. This allocation is subject to change with the final Apportionment Recalculation of February 2017.
- (C) The 2015-16 Growth was not included in the 2015-16 Adopted Budget as established in the Budget Review and Development Process Guide. The rationale is that growth estimates will change multiple times during the year, and the final number is known in February of the following fiscal year. The College needs to increase courses to earn the Growth. The College is estimating an increase of 798 FTES or \$3,767,645 for the fiscal year 2015-16. The final Growth will be known in February 2017.
- (D) In August 2016, the College estimated the 2015-16 Apportionment Deficit to be at 0.4%. The Deficit has increased from 0.4% to 1.22% as per the 2015-16 First Principal Apportionment of April 2016.
- (E) The College received additional revenues for nonresident tuition for international students, prior year lottery adjustment, interest, donations, and settlements.
- (F) The 2015-16 Adopted Budget included \$2 million to establish the Section 115 Mt. San Antonio College STRS/PERS Trust. The \$2 million is in addition for a total of \$4 million to be transferred to the Trust. A resolution to establish this trust will be presented to the Board of Trustees on June 22, 2016.
- (G) The unexpended expenditure budgets are mainly the result of vacancies for faculty, management, and classified positions. A large amount is due to the New Resources Allocation Requests positions and operational budgets. These budgets have been committed and will be carryover to the fiscal year 2016-17.
- (H) Includes a \$2.5 million payment towards the annual contribution to the OPEB Trust for 2016-17 as approved by the Board of Trustees on May 27, 2015.

(3) Conservative, Likely, and Optimistic:

Total Base Apportionment of \$143,847,079 plus COLA (1.02%) of \$1,147,240 as per first principal apportionment dated April 15, 2016. Includes CDCP Equalization for a total of \$5,714,336 and 2014-15 Growth of \$6,031,585.

APPENDIX S

AP 6250 Budget Management

References:

Title 5 Sections 58307 and 58308

Title 5 requires that budget management conforms to the following minimum standards:

- Total amounts budgeted as the proposed expenditure for each major classification of expenditures shall be the maximum expended for that classification for the academic year, except as specifically authorized by the Board of Trustees;
- Transfers may be made from the reserve for contingencies to any expenditure classification by written resolution of the Board of Trustees and must be approved by a two-thirds vote of the members of the Board of Trustees;
- Transfers may be made between expenditure classifications by approval of the Board of Trustees and may be approved by a majority of the members of the Board of Trustees; and
- Excess funds must be added to the general reserve of the College and are not available for appropriation except by approval of the Board of Trustees setting forth the need according to major classification.

Appropriation Transfer Procedures

- A. General Information: It is recognized that from time to time that, after the adoption of the annual budget, the reallocation of certain funds within the budget may become necessary or desirable for efficient operation of the College. Every attempt should be made to hold such transfers to a minimum through good advance planning during budget preparation.
- B. Procedures: Whenever a reallocation of funds within the budget is made, it is extremely important that proper procedures are followed to meet legal requirements and maintain proper budgetary controls. The following procedures are designed to meet these objectives and to clarify and standardize the method of requesting and implementing appropriation transfers within the budget:
 1. The budget control officer requesting the transfer should obtain a ~~copy of~~ "Request for Appropriation Transfer" form from Fiscal Services. This request must be submitted prior to the use of the funds (purchase requisition, travel and conference expense, mileage expense, timesheets, revolving cash reimbursement, etc.).
 2. Complete the form, as per specified instructions.

3. The form should include a signature of the “requestor” and should include approval signatures as follows:
 - a. Transfers made between expenditure classifications less than \$5,000 should be approved by the appropriate manager. Transfers made between expenditure classifications greater than or equal to \$5,000 must be approved by the vice president of the area or the College President/CEO.
 - b. Transfers from regular salary accounts (accounts used to charge permanent employees), regardless of the amount, must be approved by the College President/CEO or vice president of the area requesting the transfer and the chief fiscal officer or designee.
 - c. Transfers from the Faculty Hourly Accounts (Unrestricted General Fund), regardless of the amount, must be approved by the chief instructional officer and the chief fiscal officer.
 - d. All transfers from the Fund Balance (Reserves), Unrestricted General Fund must be approved by the Vice President of Administrative Services and the chief fiscal officer.
4. After the form is completed with the appropriate approvals, the request should be routed to the Fiscal Services Department.
5. The Fiscal Services Department will submit the “Request for Appropriation Transfer” to the Board of Trustees as pursuant to the California Code of Regulations, Title 5 Section 58307.

Budget Revision Procedures

- A. General Information: The College is continuously looking for opportunities to increase its revenues, obtaining categorical programs (grants, entitlements, donations, and other financial assistance) and contracts. This is an ongoing process throughout the year; therefore, there is a need to recognize the receipt of these funds after the adoption of the final budget.
- B. Procedures: When a written notification (award letter, contract, agreement, etc.) is received regarding a change (increase or decrease) of funding, it is extremely important that proper procedures are followed to meet legal requirements and maintain proper budgetary controls. The following procedures are designed to meet these objectives and standardize the method of requesting and implementing budget revisions within the budget:
 1. The Program Manager should obtain a “Request for Budget Revision” form from the Fiscal Services Department. This request must be submitted prior to the use of the funds (purchase requisition, travel and conference expense, mileage expense, timesheets, revolving cash reimbursement, etc.).

2. The Fiscal Services Department will assign an appropriate account number for all new programs, as needed.
3. Complete the form, as per specified instructions.
4. The form should include a signature of the “requestor” and shall include approval signatures as follows:
 - a. Budget Revisions less than \$5,000 should be approved by the appropriate manager. Budget Revisions equal to or over \$5,000 must be approved by the College President/CEO or the vice president of the area requesting the budget revision and the chief fiscal officer.
 - b. Budget Revisions that include regular salary accounts (accounts used to charge permanent employees), regardless of the amount, must be approved by the College President/CEO or the vice president of the area requesting the transfer and the chief fiscal officer or designee.
 - c. All Budget Revisions that increase or decrease the Fund Balance (Reserves), Unrestricted General Fund must be approved by the Vice President of Administrative Services and the chief fiscal officer.
5. After the form is completed with the appropriate approvals, the request should be routed to the Fiscal Services Department.
6. The Fiscal Services Department will submit the “Request for Budget Revision” to the Board of Trustees as pursuant to the California Code of Regulations, Title 5 Section 58308.

GOAL #3: Review and make recommendations for the OPEB Trust (Retirees Health Benefits) to meet its funding goals. Review the Actuarial Report and make recommendations.	7	The College continues to fund \$2,500,000 towards the annual contribution to the OPEB Trust on an ongoing basis from the Unrestricted General Fund and pays the retirees' health premiums from the interest earned on the OPEB Trust. If the interest earned does not cover the annual cost in any given fiscal year, the difference will be covered by the Unrestricted General Fund, and will change the financial presentation of the OPEB annual contribution and health premiums to reflect the \$2,500,000 as an ongoing expenditure budget, and the difference as a one-time expenditure budget with corresponding one-time savings. This recommendation was approved by the Board of Trustees on May 27, 2015.
Goal #4: Review and comment on Accreditation Standard IIID.	12,14	Budget Committee members participated and sat on the committee for Accreditation Standard IIID. These Budget Committee members served as representatives for the Budget Committee.
Goal #5: Improve communication about budget issues to the campus and community by utilizing technology and other opportunities to share information campus-wide.	8,9, 13,14	The Budget Committee will continue to explore new methods of improving communication. One method of improving communication that the Budget Committee is considering is a quarterly informational announcement containing budget highlights and an opportunity for the campus community to submit questions where answers will be provided.

Goal #6: Review PERS/STRS financial responsibilities and recommend ways in which PERS/STRS contributions can be met.	7	The Budget Committee recommended developing a PERS/STRS Trust so that Mt. San Antonio College STRS/PERS Pension Trust will go to the Board of Trustees for approval on June 22, 2016.

Glossary

Actuals

Amounts of revenues received or accrued and amounts of expenditures paid or accrued.

Accruals

Revenues or expenditures that have been recognized for the fiscal year but not received or disbursed until the subsequent fiscal year. Annually, accruals are included in the revenue and expenditure amounts reported in the year-end financial statements.

Accrual Basis

The method of accounting which calls for recognizing revenue/gains and expenses/losses in the accounting period in which the transactions occur regardless of the timing of the related cash flows. (Contrast with Cash Basis.)

Adopted Budget

The final college budget approved by the Board of Trustees on or before September 15.

Apportionment

General funding based on a statewide legislative model which incorporates property taxes, enrollment fees, and funding for the number of Full-Time Equivalent Students (FTES) served.

Assigned Fund Balance

Fund Balance comprises amounts intended to be used by the government for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing board delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of the fund.

Budget

A plan of operation expressed in terms of financial or other resource requirements for a specific period of time. (*GC 13320, 13335; SAM 6120.*)

CDCP

Career Development and College Preparation Courses.

Carryover

The unencumbered balance of an appropriation that continues to be available for expenditure in years subsequent to the year of approval. For example, if a three-year appropriation is not fully encumbered in the first year, the remaining amount is carried over to the next fiscal year.

COLA

Cost of Living Allowance. Periodic increase in salaries to compensate for loss in purchasing power of money due to inflation.

Deficit

A deficit occurs when expenditures exceed revenues during an accounting period or fiscal year.

Equalization

State funds provided to address the historic disparity in funding per FTES (full time equivalent student) among community college districts.

Encumbrances

Commitments related to unperformed (executory) contracts for goods or services. Used in budgeting, encumbrances are not GAAP expenditures or liabilities, but represent the estimated amount of expenditures ultimately to result if unperformed contracts in process are completed.

Expenses, Expenditures

Decreases in net financial resources. Outflows or other using up of assets or incurrences of liabilities (or a combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing major or central operations.

Fund Balance (Reserves)

For budgeting purposes, the excess of a fund's resources over its expenditures. An amount of a fund balance set aside to provide for estimated future expenditures or losses, working capital, or for other specified purposes.

Growth

Funds provided in the state budget to support the enrollment of additional FTE students.

Lottery

Revenues to provide supplemental funding to California education at all levels.

Modified Accrual Basis (Modified Cash Basis)

The accrual basis of accounting adapted to the governmental fund-type measurement focus. Under it, revenues and other financial resource increments (e.g., bond issue proceeds) are recognized when they become susceptible to accrual, that is when they become both "measurable" and "available" to finance expenditures of the current period." "Measurable" is interpreted as the ability to provide a reasonable estimate of actual cash flow. "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period." Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplies that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid or when

consumed. All governmental funds, expendable trust funds and agency funds are accounted for using modified accrual basis of accounting.

One-time Revenues – Non-recurring resources generated by one-time events.

One-Time Expenditures

A proposed or actual expenditure that is non-recurring (usually only in one annual budget) and not permanently included in baseline expenditures or the status quo budget.

Ongoing Revenues

Recurring resources that can generally be counted upon on an annual basis and over which the District has significant discretion as to their use.

Ongoing Expenditures

Recurring expenditures that will occur every fiscal year. For example: salaries for regular full time employees, operating expenditures for departments, and utilities.

Purchases in Progress

Encumbrances that represent valid obligations related to unfilled purchase orders for items or services. Purchases in Progress are recognized as a subtraction of the Unrestricted General Fund Balance and are budgeted the following fiscal year in the corresponding departmental budgets.

Revenue

Increases in net assets from other than expense or expenditures refunds or other financing sources.

Restricted General Fund

The Restricted General Fund is used to account for resources available for the operation and support of the educational programs that are specifically restricted by laws, regulations, donors, or other outside agencies as to their expenditures. Restricted moneys are generally from an external source that requires the moneys be used for specific purposes.

Surplus

A surplus occurs when revenues exceed expenditures during an accounting period or fiscal year.

Unassigned Fund Balance

Unassigned Fund Balance is the residual classification for the general fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the assigned classification in that fund. Positive unassigned amounts will be reported only in the general fund. This classification includes amounts identified by the governing board as reserved for economic uncertainties.

Unrestricted General Fund

The Unrestricted Fund is used to account for resources available for the general purposes of the district operations and support of its educational program. This fund includes board-designated moneys which represent a commitment of unrestricted resources that are stipulated by the governing board to be used for a specific purpose. Such resources are not truly restricted since such designations can be changed at the board's discretion. Because the governing board retains discretionary authority to redesignate these resources for some other purpose (assuming no legal obligation has been entered into), board-designated moneys are to be accounted for in the Unrestricted General Fund.

Unrestricted General Fund – Revenue Generated Accounts

The Unrestricted General Fund – Revenue Generated Accounts is used to account for resources available for designated or specific college programs. Some sources of revenues are the result of fundraising, donations, or fees. Examples are: International Student Program, Community Services Program, Fire Academy Program, Music-Choral Program, Athletic Programs, etc.

Vacant Position

A position that is unfilled.
