ZOOL 3	Fundamentals of Zoology	5B – Biological Sciences 5C – Science Laboratory	Fall 2021

The following courses were **denied** IGETC inclusion:

Course Prefix	Course Title	Proposed IGETC Area	Reviewer Comment
PSYC 26	Psychology of Sexuality	4 – Social Sciences	<p>Area 4 Social and Behavioral Sciences – Course does not appear to provide opportunities for students to develop understanding of the perspectives and research methods of the social and behavioral sciences.</p> <p>Lacks sufficient social scientific inquiry and theory</p>
SOC 36	Asian American Communities	4 – Social Sciences	<p>Area 4 Social and Behavioral Sciences – Course does not appear to provide opportunities for students to develop understanding of the perspectives and research methods of the social and behavioral sciences.</p> <p>Need more detail in course content.</p>
SPAN 30	Spanish Composition: Exploring U.S. Latino Topics	3B – Humanities	<p>Area 3B Humanities - The course does not appear to encourage students to analyze and appreciate works of philosophical, historical, literary, aesthetic and cultural importance.</p> <p>While the title of the course suggests strong content with regards to community concerns and culture, the information provided within does not. There is one possible assignment where students tackle a cultural issue, and that seems like the extent of it. There is little information to go on otherwise, as the content areas of the course are not described in much detail.</p>
