|   | <p>Might Salary &amp; Leaves be asked to allow POD to offer recorded training?</p> <p>Does Carol still want POD to handle SPOT recert? Catherine guessed “yes.” (Carol emailed Lianne to say: Yes.)</p> <p>The group discussed the June 30 SPOT certification deadline.</p> <p>The group discussed campus WiFi. Faculty may want to meet with students outdoors in fall. Students may want to work in their cars while they wait for class to start. It would be nice to know where the campus has strong WiFi for these purposes. Might Academic Senate look at this? Another governance group?</p> <p>Eric: IT is updating campus map to show best Wifi spots. Suggest talking to Chris Schroeder.</p> |

| <b>Discussion</b>   |  |
|   |  |
| SPOT Equivalency  | <p>DLC reviewed the SPOT equivalency process write up. Some suggestions: Use the DL Form Accessibility Checklist. Create new term to replace “SPOT Check.” Finalize recommendations.</p> <p>The DLC will review a revised process in Fall.</p> <p><b>IB9, IIA, IIIC</b></p>  |
| CVC Student Exchange Director’s Report                          | See May Executive Directors Report in OneDrive   |
| Progress on Integrating CVC Exchange at Mt SAC                  | <p>Mt. SAC is now a Home College in the CVC Student-Centered Exchange environment. That means technically, Mt. SAC students can go through the platform and register for up to two online classes at 10 Teaching Colleges. Enabling the Home College functionality is a pre-requisite to the next step, which is enabling us as a Teaching College.</p>  |

|   |   |
|---|---|
|   | <p>Projected timeline: by mid-July launch as a Teaching College for registration in Fall 2021.</p> <p>In progress: enabling the fee payment software through TouchNet (vendor) and the tool called uPay so students can pay fees and receive refunds without leaving the CVC Student-Centered Exchange environment.</p> <p>To do: prepare information and messaging for counselors, students, and our campus community so everyone will be informed about what the Exchange.</p> <p><b>IIA, IIC, IIIC</b></p>   |
| <p>Update on Orientation for Online Classes</p>                     | <p>A workgroup including several DLC members met with representatives from Counseling and Student Services, LLR Division, FCLT, Academic Support &amp; Achievement Center to discuss the topic. There is consensus that students need to have stronger preparation and could use support resources ongoing. Key points of the discussion are as follows:</p> <ul style="list-style-type: none"> <li>• There is concern about requiring students to take another orientation on top of an existing 3-hour mandatory Orientation to College due to information and cognitive overload.</li> <li>• It would benefit students to have just-in-time access to learning modules and resources in order to be prepared, e.g., first time taking an online class; 1-2 weeks before the start of a term; part of first week activities that faculty could require for attendance/roster verification.</li> <li>• The group listed some existing resources that can be used for this purpose: i.e., links from the DL section in the Orientation to College; equipment readiness and how to navigate commonly used classroom technology; Learning Assistance workshops offered in week zero on navigating Canvas and the portal; time management and online support services; etc. The content, format, and delivery methods will need to be confirmed over the summer. Will bring a draft back to DLC in Fall 2021.</li> <li>• Orientation module in Canvas commons.</li> </ul> <p><b>IIA, IIC, IIIC</b></p> |
| <p>Define Synchronous and Asynchronous in Scheduling of Classes</p> | <p>Some feedback from Canvasadors, all are students at Mt. SAC, and all have been fielding questions from students since March 2020 including questions about what the class modality notations in the schedule of classes mean.</p> <ul style="list-style-type: none"> <li>• The Mt. SAC schedule of classes Notes 1-4 is too small, but they thought the information was straight forward.</li> <li>• They liked the Santa Monica College display of such information: visually appealing and clear.</li> <li>• They liked the Long Beach City College schedule note for its explanation and clarity.</li> <li>• No one liked the College of the Canyons information or display.</li> <li>• They suggested that if students need to attend exams in real-time Zoom and/or turn their camera on, this info should be in</li> </ul>   |
