

1. Assessment Plan - Three Column

PIE - Humanities & Social Sciences: Geography & Political Science Unit

<i>Unit Goals</i>	<i>Resources Needed</i>	<i>1. Where We Make an Impact: Closing the Loop on Goals and Resources</i>
<p>Instructional Equipment - Maintain equipment stock to appropriately meet department responsibilities. Status: Active Goal Year(s): 2019-20</p>	<p>Request - Full Funding Requested - Class set of laptops to run ArcView for GIS lab and to use in Physical Geog Lab *Describe Plans & Activities Supported (Justification of Need): Currently our GIS class must share a lab with architecture which limits when we can offer the class. We'd like to integrate the class into "prime time." We would also like to have the laptops with GIS software to use in other geography classes. This way students will receive a basic familiarity with the software which can assist in their transfer studies as well as prepare them for the job market. Finally, allowing all of our classes to access the software will generate more interest in the course and assist us in justifying creating a GIS certificate. A charging cart for the laptops to accommodate the number of laptops in the room is needed. *Lead: Elizabeth Lobb What would success look like and how would you measure it?: Increased offering of GIS classes, eventual creation of a GIS certificate.</p>	

Unit Goals

Resources Needed

1. Where We Make an Impact: Closing the Loop on Goals and Resources

Type of Request: INSTRUCTIONAL SUPPORT PROGRAM FUNDING (INSTRUCTIONAL EQUIPMENT): Equipment, library material, or technology for classroom instruction, student instruction or demonstration, or in preparation of learning materials in an instructional program, equal or over \$500.

Planning Unit Priority: High
One-Time Funding Requested (if applicable): 45000
