**Institution Instructions**

If Institution Instructions have been entered for this page, they will automatically appear at the top of the page (but underneath this Help message) in light purple with the **i** icon in the upper left hand corner of the message. To hide these instructions, either click the **i** icon in the four icon set in the upper left corner of the screen or click the **x** in the message bubble.

**Overview**

The home dashboard allows you to see your progress on your plan at a glance. Checkmarks and flags may appear to help you quickly identify which items are complete and which items may need action. More information can be found in the **Checkmarks and Flags** section below within this help.

You can also use this dashboard as a navigational aid. Clicking on one of the text or numbered items within the dashboard table will take you to the details of that item.

**Dashboard Details**

If this PIE Unit utilizes PIE Reporting, you will see the PIE Unit Unit Goals listed at the top of the page, with the remaining PIE Reporting items as columns to the right of the Unit Goals.

If this PIE Unit utilizes Course Assessment, you will see each Course listed with each of the Course Assessment items as columns to the right of the Courses. If the Course has one or more Course Outcomes, you will see a black arrow to the left of the Course. You can show more detail for each Course by clicking that arrow and

osing the Course Outcomes and Course Assessment item breakdown for each.

**Checkmarks and Flags**

A checkmark will appear to the left of any Unit Goal or Course Outcome that has all the necessary data entered in the appropriate places in TracDat. These items are considered complete for the current cycle.

Flags may appear when items in the dashboard are lacking the necessary information to be considered complete. Hovering over a flag with your cursor will show the rules that are in place for that item in the dashboard.
