Kelly Coreas X	Jaishri Mehta X	John Uy X	Guest:
Angelic Davis X	Jean Metter X	Student Rep 2	Kate Morales (Notes) X

ITEM	DISCUSSION/COMMENTS	ACTION/OUTCOME
1. Welcome	Anthony welcomed everyone to ITAC.	Information only.
2. Review March 2022 Memory	The March 2022 memory was reviewed and approved with a minor correction.	The memory will be posted to the ITAC website.
3. AS Canvas Proposal – John Uy	John reviewed a PowerPoint presentation to add an Associated Students (AS) hub to Canvas. It would highlight AS information, including how AS is the voice for students. The Committee discussed the possibility of placing the information in the portal, but John indicated students spend more time in Canvas. The presentation should be shared with Distance Learning Committee as they manage Canvas.	John will share the presentation with DLC. IIC
4. Student Print Management Workgroup Update – Michael Carr	Michael reported that the Workgroup's recommendation is WEPA. The goal is to have a new system implemented by summer or no later than the start of the Fall semester. IT will ensure enough toner for the existing student printers to last through Fall 2022.	Information only. IIIC
5. T-Mobile Hotspots – Anthony Moore	Anthony reviewed the Student Laptop Loan Program (SLLP) and the hotspots that are distrusted to students. They are currently with Verizon. T-Mobile offers the same service for about one-third of the cost. IT is investigating changing carriers and has some T-	IT will deliver test hotspots to Mark and Maribel. IIC

		Mobile hotpots available for testing. Mark and Maribel indicated that they would like to test T-Mobile service.	
6.	Accreditation and Weaving Team – Anthony Moore	Anthony reviewed the Accreditation process and the concept of Weaving Teams. ITAC reviewed standard IIIC1-5 Technology Resources and broke into subgroups to work on the questions. Anthony asked for the subgroups to submit their work by May 4. Anthony created a OneDrive folder for the subgroups to share their documents and evidence.	Accreditation subgroup work is due May 4 in OneDrive.
7.	Other Items	Michael followed-up on the goal recommendation for the Student Laptop Loan Program (SLLP) that PAC recommended ITAC adds to the annual Goals and Progress form. The recommended goal is: The campus is committed to ensuring students have equitable access to their education by providing a comprehensive technology support program, inclusive of laptops, hotspots, educational software, and technical support.	The goal will be added to ITAC's Goals and Progress form.
		Antonio Bangloy shared a change to student email accounts. Upon application, students will receive a gmail account that includes the abilty to email within mtsac.edu. Once they register or make a payment, the gmail account will be upgraded to include storage space and emailing outside of mtsac.edu. This change is in process at several other community colleges and it is to prevent 'bad actors' from utilizing the free student email accounts.	Information Only. <mark>IIIC</mark>
		The next meeting is on May 4 at 2:30 pm via Zoom.	Please forward agenda items to Anthony, Jaishri, or Kate.
