It is the responsibility of every member of the College community to act in ways that promote the safety of self, others, and the protection of College property.

A Campus Safety Plan shall be developed and provided to all students on the College's website.

The Chief of Police and Campus Safety, or designee, annually updates a report of all occurrences reported to Police and Campus Safety, including arrests for crimes that are committed on campus and that involve violence, hate violence, theft or destruction of property, illegal drugs, or alcohol intoxication, and of all occurrences of noncriminal acts of hate violence reported to campus authorities. A written report will be submitted to the Board.

Written records of noncriminal acts of hate violence shall include at least a description of the act of hate violence, the victim characteristics, and offender characteristics, if known.

The Police and Campus Safety Department plays a key role in supporting the safety and security of all members of the College community. Collaboration with students, faculty, staff, and other campus resources will take place through participatory governance in an effort to foster a secure environment. Every effort is made to inform students, faculty, and staff members of criminal activity or any other concern that may be an immediate threat to the safety and security of those on campus.

The Mt. San Antonio College's Vice President, Student Services, or designee, is the designated authority that enforces the Student Standards of Conduct.
