Education Code Sections 66030, 66250 et seq., and 72010 et seq.; Title 5 Section 54220

The College has a student equity plan. The plan is filed as required with the Chancellor's Office for the California Community Colleges, following approval by the Board of Trustees.

The College's Student Equity Plan, at a minimum, must be correlated to institutional plans or planning and must address the following:

- the active involvement of faculty, staff, and students as defined by the College's Governance structure;
- involvement by appropriate people from the community who can articulate the perspective and concerns of historically underrepresented groups;
- campus-based research as to the extent of student equity;
- institutional barriers to equity;
- goals for access, enrollment, completed transfer-level Math and English, retention from first primary term to secondary term, transfer, and completion (Associated Degrees and Certificates);
- activities most likely to be effective to attain the goals including coordination of existing student equity related programs;
- sources of funds for the activities in the plan;
- a schedule and process for evaluation of progress towards the goals; and
- an executive summary that describes the groups for whom goals have been set, the goals, the initiatives that the College will undertake to achieve the goals, the resources budgeted for that purpose, and the College officer or employee who can be contacted for further information.

The Student Equity Plan shall be developed, maintained, and updated under the supervision of the Associate Dean, Student Equity and Success and Student Equity Committee.
