   - Through the Campaign for College Opportunity, President Kouassi went to Sacramento on February 18 with other student leaders from across the state to lobby for adequate funding for higher education. Mr. Kouassi said the message from students was to protect Cal Grant funding, to not cut categorical programs, and to share community colleges’ transfer and retention rates. He said the main message was to tell legislators that education is important and that investing in education is investing in our future.

B. Michelle Grimes-Hillman, Academic Senate President, reported the following:
   - The theme for last Friday’s Flex Day was “The College Hour – Interdisciplinary Collaboration.” The day began with the spring opening meeting followed by a series of professional development workshops. On behalf of the Academic Senate, President Grimes-Hillman thanked Board members who were able to attend. The event was a huge success. She offered special commendations to the Senate Events Planning Committee, chaired by Liesel Reinhart, and the Flex Day Planning Committee, chaired by Eric Kaljumagi.
   - The first full Senate meeting of the spring semester will be held on March 4. The Senate is expected to take action on:
     - Approval of 2010 Executive Board Election Timeline and open nominations for President, Vice President, Secretary, two Directors, and two Senators-at-Large.
     - Faculty Appointments: Fall 2010
       - Online Learning Faculty Coordinator: Mary Johnson

       - Assistant Online Learning Faculty Coordinator: Mike Dowdle
       - Assistant Study Abroad Coordinator: Julie Bray Ali
     - Assessment & Matriculation Committee’s Proposal to Use Alternative Assessment Instruments for Admitting International Students.

C. Liz Callahan, Classified Senate President, reported the following:
• President Callahan said the spring semester began Monday with crowded classrooms and crowded parking lots. Classified staff have helped provide information, directions, and a smile to new and returning students while volunteering at each of the Information Booths located at key points on campus.

• The final push for ticket sales to Mountie Carlo Night is on! The event is scheduled for March 26, and the Senate’s fund-raising committee members are working hard with Foundation employees and volunteers to plan for a successful evening. Dr. Nixon was kind enough to draw the winning Valentine’s Day raffle ticket at our last meeting. Congratulations to Jenny Leung, Natural Sciences Division.

• The deadline for submission of nomination packets for the Board of Governors/Foundation Classified Employees of the Year was last Friday, February 19, and the nomination committee has reviewed and scored packets received. A selection was made, and a name has been forwarded to Dr. Nixon.

• An announcement will be sent next week to all classified staff regarding the Educational/Professional Growth Scholarships application criteria and submission deadline. The Senate hopes to beat the record award amount last year ($4,500). Scholarships will be presented at the Classified Service/Recognition Ceremony on May 19.

D. Jennifer Galbraith, Faculty Association President, reported the following:

• The Faculty Association’s 12th annual Puttin’ on the Hits fund-raiser is scheduled for Friday, March 12, at 7:30 p.m., and Saturday, March 13, at 3:00 and 7:30 p.m. The Saturday matinee has discounted tickets for students and seniors available at a price of $15 per ticket. Tickets for all other shows are $20.

• President Galbraith said the Faculty Association urges the Board to approve Consent Agenda Item #7 that would allow the Faculty Association and the District not to reopen negotiations this spring. The Faculty Association would like to thank Vice President Burley and President Nixon for working with the faculty on this and realizing the benefit to the District of not reopening negotiations at this time of financial uncertainty.

• Last Friday, the Faculty Association provided lunch and goodies to the participants of this year’s Flex Day. President Galbraith thanked Eric Kaljumagi and the Flex Day Committee for organizing a very successful Flex Day.

• President Galbraith said the first Rep Council meeting for the spring semester is scheduled for March 9.

E. Cason Smith, 2nd Vice President, CSEA Chapter 262, reported the following:

• Mark Fernandez, CSEA Chapter 262’s Job Steward, dealt with seven new issues since the last Board meeting.

• CSEA Area G’s Installation Banquet was held last month in Granada Hills. Mr. Smith thanked Trustees Baca and Hall for attending.

F. President Nixon’s report included the following:
• President Nixon commented on Associated Students President Rene Kouassi’s testimony in Sacramento on February 18. Dr. Nixon said that he, also, is involved with the Campaign for College Opportunity and that at a conference last Thursday with the organization’s executive director she made a point of telling him how impressed she was with the community college voice in Sacramento and particularly complimented Rene as an excellent spokesperson during the testimony.

• Vice President Yamagata-Noji provided an enrollment report for the spring semester. She noted that the College enjoyed a smooth spring opening. The unduplicated credit enrollment is 26,395, which is an 8.9% decrease from last spring; however, the number of full-time students is 10,206, which is an increase of 14.7%. Dr. Yamagata-Noji also shared some financial aid statistics. More than $5.5 million was distributed to 4,650 students prior to the first day of class. In 2008-09 (full year total), $16.4 million was distributed compared to $16.05 million disbursed to date in 2009-10. With the worsening economy, more students are applying for, and receiving, financial aid.

• Vice President Gregoryk presented updated information on the Governor’s 2010-11 budget proposal:
  • Provides $126 million to fund enrollment growth of 2.21 percent (about 26,000 new full-time students). Mr. Gregoryk said the College will not be including this in the budget because he believes it won’t be included in the final State budget.
  • Reduces funding for apportionments and select categorical programs by $22.9 million to account for a negative cost-of-living adjustment (COLA), computed at -0.38% due to reductions in the statutory inflationary index.
  • Reduces funding for EOPS and part-time faculty compensation by $10 million each.
  • Proposes student fees be maintained at $26/unit, although Mr. Gregoryk believes student fees will increase.
  • Proposes the suspension of the competitive Cal Grant program, with no new awards provided beginning in fall 2010.

Vice President Gregoryk explained how these State reductions impact the College’s budget. Using a three-year budget projection, without making between four and five million dollars in reductions each year, the College will be bankrupt by 2012-13. Mr. Gregoryk said the College is also looking ahead at increases from STRS and PERS, which could be significant.

9. INFORMATIONAL REPORT

Board members were provided with a written briefing on Learning Outcomes, prepared by Michelle Grimes-Hillman, President, Academic Senate; Joan Sholars, Student Learning Outcomes Coordinator; and Barbara McNeice-Stallard, Director, Research & Institutional Effectiveness.

Mt. San Antonio College was one of the first community colleges in California to start work on Student Learning Outcomes (SLOs) in a collaborative, faculty-led, institutional-wide perspective. The SLO Steering Committee was formed by the Academic Senate in late 2003. The scope of the College’s approach involved faculty, staff, and administrators with implementation spanning a four-year period.
The Academic Senate adopted the *Course-Level Student Learning Outcomes Plan* in spring 2008. This plan set goals for the development of course-level SLOs. As defined in the plan, SLOs are statements about what a student will think, know, feel, or be able to do as a result of an educational experience. One of the main goals from the Plan was that faculty would develop at least two SLOs for 75% of all active courses by June 2009. As published in the July SLO Progress Report, 79.1% of all active courses had at least two SLOs. As of October 2009, 88% of all courses had more than one SLO, and faculty continued working hard to evaluate and assess these SLOs and use the results for program improvement.

In October 2009, the Academic Senate adopted the *Student Learning Outcome Plan Addendum* that set goals for the assessment and evaluation of course-level SLOs, as well as the development and assessment of program-level (degree and certificate) SLOs. Both of these plans can be found on the SLO webpage, along with many other helpful resources for faculty, staff, and administrators, such as how to write a rubric and how to create an assessment schedule. By 2012, faculty will have completed one evaluation cycle for current degrees and certificates and, by 2013, faculty will have completed at least one evaluation cycle of each course-level SLO.

10. CONSENT AGENDA

12. RESOLUTION IN THE MATTER OF STATE FUNDING FOR COMMUNITY COLLEGES AND ANY ADDITIONAL INCREASES IN STUDENT ENROLLMENT FEES

Trustee Hall said this item was placed on the agenda at his request. He referred to comments made earlier in the evening by Vice President Gregoryk regarding his belief that student fees would be increased. Dr. Hall said he is concerned that community college student fees could become perceived as nothing more than an effort by the legislature to solve the budget problem in Sacramento. He would like to see legislation that would deter the legislature from using community college student fees as general revenue. Should the legislature decide to raise student fees, Trustee Hall believes those funds should stay with the local community college. Trustee Hall said that, in conversations with Senator Bob Huff, the Senator has indicated that he would advocate that this be part of the budget resolution.

It was moved by Trustee Chen Haggerty, seconded by Trustee Baca, to approve Resolution No. 09-07 – Resolution in the Matter of State Funding for Community Colleges and any Additional Increases in Student Enrollment Fees. Motion unanimously carried. Student Trustee concurred. Trustee Hall asked that this resolution be distributed to local elected officials and other districts.

Dr. Baca read a letter from Mr. Evans and mentioned that he was the recipient of the Congressional Medal of Honor. Dr. Baca said that many years ago the Board began discussion on building a Veterans Memorial on campus. He would like to see the College revisit that issue.
