

D. Trustee Chen Haggerty reported the following:

- She asked what the procedure is when there's a change to the minutes of a previous meeting. She was concerned that changes were made without the knowledge of the other trustees. Dr. Scroggins said that, when there's a request by a Board member to make changes in their remarks, the changes are made before the minutes are approved at the following meeting. The outcome was that, at the January 2014 meeting, her changes to the November 2013 minutes would be agendized.
- She attended the CCLC Convention "Soaring to New Heights," which was a very positive session. Healthcare Reform was discussed, a very heated topic. AB182 and 2+2+3 (Community College Pathway to Law) were discussed. Also discussed was the 2010 vision for 2020 and beyond on how to help students to succeed, and what is California's future. She said that, should anyone want more information regarding these topics, they should contact the President's Office.

- He and Trustee Maureira attended the Pomona Parade on Saturday, in the rain. He thanked Trustee Hall for providing the rental car.
- He and his wife, Gloria, attended the Wassail on Saturday.
- He reminded everyone that Big Bird and the season's lights are being presented in the Planetarium.
- He plans to attend the Majestic Realty holiday party tomorrow. They contribute to Mt. SAC's Foundation, and they were also co-sponsor for the Veterans Summit last week in Newport Beach, that was coordinated by the Chancellor's Office.

15. PRESIDENT SCROGGINS' REPORT INCLUDED THE FOLLOWING:

- He welcomed new employee Marguerite Whitford.
- He congratulated Terri Colvil, Linda Potter, Michael Sanchez, and Mary Walters on their retirement.
- He congratulated the Wrestling, Men's Cross Country, and Women's Cross Country Teams for their accomplishments.
- He called out for topics for the Board Study Session on February 22, 2014. One of the agenda items will include a speaker regarding Title 5 regulations related to the hiring process.
- He talked about the Proposed Board Committee on Public/Private Partnerships. A private equity company wants to fund facilities with private equity. He asked Board President Chyr if he would be willing to form a committee regarding this subject. President Chyr said that Hall, Bader, and he will serve on the committee.
- He said that LACSTA is looking for someone from Mt. SAC to serve on its Board. Trustee Santos said that she's on the Board as an officer. She'll also serve as the Mt. SAC representative, and Trustee Hidalgo said that he'd be willing to be an alternate.

A motion was made by Trustee Baca and seconded by Trustee Hall to appoint Trustee Santos as the representative and Trustee Hidalgo as the alternate on the LACSTA Board. Motion carried. Student Trustee concurred.

- He asked Mark DiMaggio, Director, Public Safety, to talk about the Active Shooter Exercise that's happening on Tuesday, December 17, 2013, 8:00 a.m.-6:00 p.m., at Mt. SAC. Mr. DiMaggio talked about the importance of this training for his officers. He invited the Board to participate in the exercise. Trustee Hall was concerned about anyone coming on campus that may not know about the exercise, and Mr. DiMaggio assured him that everyone will be notified.
- He asked Mike Gregoryk, Vice President, Administrative Services, to introduce Rosa Royce, Associate Vice President of Fiscal Services, who, in turn introduced Gema Ptasinski and Heather McGee, representatives from Vicenti, Lloyd & Stutzman, who then gave an oral report on the audit for the fiscal year ending June 30, 2013, relating to books and records of the Mt. San Antonio Community College District, Financial Aid, and Mt. San Antonio College Auxiliary Services Corporation (Action #4).

Mt. SAC received an unmodified opinion, which is the best opinion that can be received. The opinion does not include the Management Discussion and Analysis because there are limited procedures that apply to that area.

Ms. McGee pointed out that, on page 53, there are no adjustments to the fund balances reported on the June 30, 2013, Annual Financial and Budget Report (CCFS-311) based upon governmental accounting principles, which is a positive reflection of management.

Ms. Ptasinski indicated that there are three required letters that they issue. Starting on page 61, regarding Internal Controls Over Financial Reporting, she said there were no findings to report. The second letter, which starts on page 63, regarding Report on Compliance for Each Major Federal Program, she indicated that, on page 68, there's a list of selected programs they chose to audit. She indicated that there was one finding this year regarding the CyberWatch Program, which is typical because there's a new area of requirement called The Transparency Act. She said that the District complied, just not timely. This finding is discussed on page 70. The third letter, which is on pages 66 and 67, indicates that they selected and tested transactions and records to determine the District's compliance with the State laws and regulations applicable to that list, and there we no findings.

Trustee Baca asked if there were any penalties regarding the transparency issue on the CyberWatch Program, and the answer was no; it was just a reporting requirement. This year was the first year this was audited.

Trustee Chyr asked about the decrease in assets, and Ms. Ptasinski indicated that the Management Discussion and Analysis gives a comparison and what changes have gone through. She referred to page –xiv- that breaks it down.

Trustee Hall asked about the accounting issues involved with Proposition 30. Ms. Ptasinski indicated that the money must be maintained in a separate account and may be spent on instructional salaries and benefits (refer to page 56).

Dr. Scroggins mentioned that Mt. SAC received a letter from the IRS wanting to audit its bond expenditures. Rosa Royce is putting together a response.

Trustee Hall confirmed that, regarding the OPEB Trust, no money was invested in it during 2013, and no money will be invested in it for 2014 (refer to pages 45 and 46). He asked if the auditors have come across this at any other college. Ms. Ptasinski said that it isn't a part of the audit process; just that the Trust is being reported properly. She said that Mt. SAC is well ahead of other districts, many of which don't even have a trust. She also said that, as long as the Trust isn't being funded, the liability will grow much faster.

Trustee Chen Haggerty asked, at what point it will become alarming that we're not contributing to the Trust. Ms. Ptasinski said that Mt. SAC is in good shape; it has healthy reserves and is meeting its reserve requirements (currently at 15%).

Trustee Chen Haggerty asked if Proposition 39 will be audited, and Ms. Ptasinski said that it will be coming in January.

Ms. Ptasinski thanked everyone for their cooperation, especially Rosa Royce, Audrey Yamagata-Noji, and Gary Nellesen.

18. ACTION ITEM #1 – APPROVAL FOR THE BOARD TO TAKE ACTION ON SEVEN ITEMS, AS LISTED, REGARDING THE MT. SAN ANTONIO COLLEGE 2012 FACILITY MASTER PLAN SUBSEQUENT FINAL PROGRAM ENVIRONMENTAL IMPACT REPORT

It was moved by Trustee Baca and seconded by Trustee Hall to approve this item. Student Trustee concurred.

Trustee Hall said that he wasn't sure what he's being asked to approve without reviewing all of the items in the Facility Master Plan. He asked how broad and how comprehensive he was being asked to approve this action item. He said that's he's not prepared to take action or approve the solar field being located on the west parcel.

Dr. Scroggins said that the 2012 Facility Master Plan is the same version that has been presented to the Board three times in the last two years, and there haven't been any changes except for the solar item, on which the Board has reserved the right to approve in the future. The Board has the right to revise any part of the Facility Master Plan. Each project in the Master Plan will be presented to the Board individually and, if another Environmental Impact Report is required, one will be done.

Trustee Baca said that, regarding the construction of the parking structure, he understands that the residents will continue to be provided information/communication. Dr. Scroggins said that public communication has been done quite a few times through the media. It was also in the Measure RR list of projects and face-to-face meetings with the community. He said that information will be shared through community meetings, and that the architectural design isn't complete. He said that additional things can be done regarding the traffic pattern, and that the SEIR addresses all the traffic issues. He also said that extensive studies on the site lines and traffic patterns have been done. Public Relations Director Jill Dolan and Marketing Director Clarence Brown will be working with the neighboring residents. Finally, he said that he would make sure he reports back to the Board with the neighbors' concerns.

Trustee Hidalgo urged that all information be relayed to both the neighbors and the Board.

Trustee Hall said that Mt. SAC students who park on Walnut city streets have been a problem with Timberline and Collegewood residents. He said that it will continue to be a problem unless the College provides additional parking.

Trustee Bader said that she's happy to hear that the College will communicate more with the neighboring residents.

The seven items approved included:

- (1) Certified the Subsequent Final Environmental Impact Report for the 2012 Facility Master Plan.

Barbara McNeice-Stallard, Director, Research and Institutional Effectiveness, and Donna Burns, Director, Continuing Education, presented the California Community Colleges' 2013 Student Success Scorecard for Mt. SAC.

Ms. Burns indicated that Mt. SAC is the fourth largest non-credit program in the state, in terms of FTES. So, we're proud to be on the leading edge and plan on providing help regarding professional development to our colleagues, statewide, in how to put the metrics in to the MIS.

Ms. McNeice-Stallard indicated that Mt. SAC was compared to 21 peer colleges including Citrus College, Pasadena City College, Fullerton College, and Orange Coast College. Mt. SAC was scored on, among other things, completion, persistence, career technical education (CTE), and the earning of 30 units within six years. Based on a 2006-07 cohort, Mt. SAC's completion rate (those students who complete a degree, certificate, or transfer) was 48.6%, while the persistence rate (those students who enrolled in one fall semester who also enrolled in the next fall semester) was 72.4%. In the area of CTE, 60.1% of students completed several courses classified as CTE in a single discipline and completed a degree, certificate, or transferred. For those students who attempted any Math or English course in their first three years and earned 30 units within six years, Mt. SAC had a 67.6% rate. Ms. McNeice-Stallard cautioned comparing Mt. SAC to other colleges as each college is unique and has its own culture and student populations.

Ms. McNeice-Stallard indicated that she would like to replicate what Rio Hondo College is doing, which is to create the cohorts now and start to be able to report out on how they're doing now as they progress through what would typically be a six-year cycle.

Ms. McNeice-Stallard mentioned that there are numerous interventions already in place at Mt. SAC including Dean Terri Long, who is working on the Pathways to Transfer Program.

Trustee Hall and Dr. Scroggins commended both Ms. McNeice-Stallard and Ms. Burns for their in-depth knowledge of this subject.

The Scorecard is posted on the College website with these minutes.

Revised Board Policy 5010 - Admissions was presented for first reading and discussion, and it will be brought back to the next meeting for approval.

Trustee Santos asked if there's a provisional admission. Dr. Scroggins said that Ed. Code 76000-76002, a process by which a K-12 district certifies that the person is eligible and signs off; then a form that comes to the College. The Ed. Code provisions site that there's a limitation of 11 units and that courses have to be taken for advanced academic and vocational training and not for basic skills.

33. INFORMATION ITEM #1 – REVISIONS TO ADMINISTRATIVE PROCEDURE 4225 – COURSE REPETITION AND WITHDRAWALS

The Board received, for information only, revised Administrative Procedure 4228 – Course Repetition – Significant Lapse of Time.

35. INFORMATION ITEM #3 – REVISIONS TO ADMINISTRATIVE PROCEDURE 5055 – ENROLLMENT PRIORITIES

The Board received, for information only, revised Administrative Procedure 5055 – Enrollment Priorities.

Trustee Hall asked Dr. Scroggins to explain the revision process for Board Policies and Administrative Procedures. Dr. Scroggins indicated that Administrative Procedure 2410 explains the process that runs through the President's Office and can be initiated by President's Cabinet, the Academic Senate, or an individual. The first step is a review by Cabinet, and the President's Advisory Council (PAC) oversees the process. Depending on the nature of the proposed change, there are three pathways for review and approval. If the matter involves something that is potentially negotiable, the change is referred by PAC to the Vice President of Human Resources, who is in charge of overseeing the negotiation process and he discusses the item with the respective bargaining unit to determine if there's interest in negotiating the change. The second pathway is if the change is determined to be academic and professional, then it is discussed by AMAC (Academic Mutual Agreement Council). If it's deemed to be academic and professional, then AMAC turns it over to the Academic Senate, who then assigns it to a committee or a council for recommendation. When the Academic Senate makes its proposed changes, it then refers those changes back to AMAC, who then, upon approval, refers it to PAC for information only, and it's deemed final. If it's determined to not be an academic and professional matter, and is rather considered an administrative matter, then the changes go to PAC for first and second readings.

The aforementioned process is for changes to Administrative Procedures. However, if there are proposed changes to a Board Policy, it goes to the Board of Trustees for approval.

It is recommended that the Board of Trustees approves the list of Independent Contractors, as presented.

BOARD OF TRUSTEES		
MT. SAN ANTONIO COLLEGE		
DATE:	<u>January 8, 2014</u>	CONSENT
SUBJECT:	<u>2014-15 Nonresident Tuition Fees</u>	

BACKGROUND

Education Code Section 76140 requires each district’s governing board to establish its nonresident tuition fee no later than February 1 for the succeeding fiscal year. Education Code Section 76140(e) enumerates options for a district to choose in setting its nonresident tuition fee. These options are: allowing a college to charge its actual computed cost, using a statewide average amount provided by the Chancellor's Office, or charging up to the level of any contiguous district. According to these options, we are recommending a fee of \$193 per unit, which is the statewide average cost.

In addition to the nonresident tuition fee computed as specified above, Education Code Section 76141 authorizes community college districts to charge nonresident students an amount not to exceed the amount that was expended by the College for capital outlay in the preceding year divided by the total full-time equivalent students. The capital outlay fee has been calculated by a formula that would allow us to charge an additional \$24 per unit. We are recommending that we charge the computed cost of \$24 per unit for fiscal year 2014-15, which is the maximum allowable charge, and the same fee charged fiscal year 2013-14.

ANALYSIS AND FISCAL IMPACT

State law allows the College to charge either the actual cost (which for Mt. San Antonio College is \$194), the Statewide average (which is \$193), or a rate up to any contiguous district for nonresident tuition fee. The College is recommending we use the statewide average cost of \$193 for the fiscal year 2014-15. This results in a minor increase of \$1 over the 2013-14 fee.

The total nonresident tuition rate proposed for 2014-15 would increase from \$216 per unit to \$217 per unit as follows:

Description	2013-14 Nonresident fees	Proposed 2014-15 Nonresident fees
Tuition Fee	\$192	\$193
Capital Outlay Fee	\$24	\$24
Total Nonresident Tuition	\$216	\$217

SUBJECT: Additional Legal Services for Relocation of KSAK Transmitter -
Fletcher, Heald & Hildreth, PLC

BACKGROUND

The transmitter for the College’s radio station, KSAK, was recently relocated to a site owned by the City of West Covina due to the sale of Mt. SAC’s former transmitter site, which was leased from a homeowner in Walnut. In order to facilitate the permanent relocation of the radio station to a new site and meet the FCC-imposed filing requirement deadline for suspension of operation and relocation of the transmitter, the College retained the services of legal counsel that specializes in dealing with the FCC. Once the transmitter site was relocated, interference issues were identified that will require an increase in elevation of the transmitter antenna to resolve. In order to address this issue, the College must apply for a modification of its operating license for the station, and this will require further assistance from legal counsel.

ANALYSIS AND FISCAL IMPACT

Under Government Code Section 53060, the Board of Trustees is authorized to contract with any persons who furnish special services and advice in legal matters as long as such persons are trained, experienced, and competent. Fletcher, Heald & Hildreth, PLC (FHH) is a Washington, DC area law firm that specializes in all aspects of communications law and regulation. Communications is a heavily regulated and technologically volatile industry, and issues regarding communications properties require extensive interaction with the FCC and knowledge of regulatory policy. Fletcher, Heald & Hildreth has clients in every state and serves as counsel to over 900 broadcast stations. They have assisted the College with the filings required to relocate the transmitter, and they are now prepared to assist with additional filings to allow the College to reduce the current levels of broadcast interference.

The agreement for legal services with FHH was originally approved by the Board at a cost not to exceed \$5,000. The added services required to submit supplemental filings to the FCC will not exceed an additional cost of \$5,000, requiring the College to modify the not-to-exceed figure of the agreement to \$10,000.

SUBJECT: Moving Services for Various Locations Within the District (Bid No. 2956)

BACKGROUND

The District's current contracts with King Office Services and Penn Corporate Relocation Services are due to expire on January 31, 2014. The need for relocating offices and classrooms, both temporary and permanent, will continue to be an integral part of the College's construction projects over the next few years, especially with the passage of the Measure RR Bond. Therefore, the District solicited bids for a new five-year contract for the period February 1, 2013, through January 31, 2018.

ANALYSIS AND FISCAL IMPACT

Bids were advertised in the Inland Valley Daily Bulletin once a week for two consecutive weeks in accordance with Education Code 81641. Bids were publicly opened on November 20, 2013, with five bids received from companies that are experienced in providing moving services to school districts. Evaluations were made based on hourly and unit costs using a hypothetical move plan. Based on our evaluations, the lowest responsive, responsible bidder is American Relocation & Logistics, located in Santa Fe Springs, CA. In addition, staff feels it is in the best interest of the District to award a secondary contract in the event American Relocation is unable to meet a specific project deadline. Therefore, it is recommended that a secondary contract be awarded to King Office Services, located in Santa Fe Springs, CA as the second lowest responsive, responsible bidder. Both companies have provided excellent services to the College in the past.

The initial term of this agreement will be for two years with an option to renew for up to three additional one-year periods.

Funding Sources

Measure R Bond, Measure RR Bond, and State Capital Outlay funds.

RECOMMENDATION

It is recommended that the Board of Trustees approves the Moving Services for Various Locations within the District (Bid No. 2956) and awards the primary contract to American Relocation & Logistics and the secondary contract to King Office Services, as presented.

ACTION

SUBJECT: Appointment of Members to the Citizens Oversight Committee

BACKGROUND

In November 2001 (Measure R), and again in November 2008 (Measure RR), the College community passed a Bond Measure under Proposition 39 rules, which lowered the threshold for passage from two-thirds to fifty-five percent. Proposition 39 also required the College to appoint a Citizens Oversight Committee. The purpose of the Committee is to inform the public at least annually in a written report concerning the expenditure of the bond proceeds. On December 19, 2001, the Board of Trustees appointed the original eleven people to the Citizens Oversight Committee. Every two years, in December, the Board appoints community members to this committee.

ANALYSIS AND FISCAL IMPACT

Under the provisions of Proposition 39, the Citizens Oversight Committee members shall be appointed by the Board of Trustees. The committee shall consist of at least seven members to serve for a term of two years without compensation and for no more than two consecutive terms. The Committee may not include any employee or official of the College or any vendor, contractor, or consultant of the College. The Committee must include:

- one member who is active in a business organization representing the business community located within the College district;
- one member active in a senior citizen's organization;
- one member active in a bona fide taxpayer association;
- one student who is currently enrolled and active in a student organization; and
- one member of a College Advisory Council or Foundation.

Tony Torng, Samuel Tharpe, and Mindy Miracle have served two consecutive terms and cannot be reappointed to the Committee. They served as the Business/Community Representatives. The Senior Citizen Group Representative position has been open for some time. Currently, there are the following positions open and a list of applicants who would like to be considered for two-year terms (in order of receipt):

SUBJECT: Nominations for California Community College Trustees Board of Directors

BACKGROUND

In accordance with the California Community College Trustees (CCCT) Board of Directors election process, community college district board nominations for vacancies on the CCCT Board of Directors are to be received by the League Office from January 1 through February 15, 2014. Community College Boards which are members of CCCT are eligible to nominate. The election of members of the Board of Directors will take place between March 10 and April 25, 2012. The CCCT Board of Directors is a 21-member Board and generally meets five times per year. Each year the Board of Trustees discusses this process and decides whether or not it wishes to nominate a Trustee.

ANALYSIS AND FISCAL IMPACT

1. Nominations are to be made by a member district Board of Trustees; and each district may nominate only members of its Board. Each nominee must be a local community college district trustee, other than the student trustee, and must have consented to be nominated. Only one trustee per district may serve on the Board. Eight persons will be elected to the Board this year. Of those eight seats, there are six incumbents eligible to run for re-election, one Board member has termed out, and one seat was vacated by a trustee that did not run for re-election at the district level. This vacated seat will be filled by the trustee that receives the least number of votes among the top eight vote getters. Pursuant to the CCCT Governing Policies, that person will complete the term of the vacated seat, which expires in 2015. Newly elected members will assume office at the conclusion of the annual conference, May 4, 2014.
2. The information regarding the nomination and election process has been mailed to the Board by the Community College League of California.
3. The list of current CCCT Board members is on the following page.

Funding Source

The College would incur costs of travel to approximately five meetings per year.

RECOMMENDATION

It is recommended that the Board of Trustees discusses any Board member's interest to serve and decide whether to submit a nomination for the CCCT Board of Directors.
