12. BOARD INFORMATIONAL REPORTS

Note: The presentations, video, and entire dialogue may be heard beginning at 1:35:00 on the attached audio.

- The following Mt. SAC employees presented on and led discussions with the Board on the California Community Colleges’ 2014 Student Success Scorecard for Mt. SAC: Barbara McNeice-Stallard, Director, Research and Institutional Effectiveness, as well as Madelyn Arballo, Dean, School of Continuing Education. Ms. McNeice-Stallard noted that the Scorecard was developed to provide stakeholders with clear and concise
information on key student progress and success metrics in order to improve performance. Information is publicly available to allow the College’s community members to view our progress in improving student success. Information is available by gender, age, and ethnicity. The presenters discussed the overarching metrics and Mt. SAC’s progress.

Ms. McNeice-Stallard indicated that Mt. SAC was compared to 18 peer colleges including Chaffey, Citrus, Crafton Hills, Mt. San Jacinto, and Riverside. Mt. SAC was scored on, among other things, completion, persistence, career technical education (CTE), and the earning of 30 units within six years. Ms. McNeice-Stallard advised the Board of Trustees to refer to the two-page handout from the Chancellor’s Office that outlines Mt. SAC’s outcomes. In particular, the report indicates that, on average, students who are unprepared for College (English and/or Math below College level when they begin their studies) achieve Scorecard outcomes at a lower rate than those who are prepared for College. Furthermore, those unprepared for College tend to make up the majority of the students. These findings give credence to the need to have the specialty programs and services we offer at the College now and in the future in order to help students be successful.

Dr. Arballo indicated that Mt. SAC has numerous CDCP certificates awarded, but that the California Community Colleges Chancellor’s Office does not appear to have a way to accept that information. Based on the Scorecard metrics, it is difficult for students to achieve the outcomes. Ms. McNeice-Stallard mentioned that there are numerous interventions already in place at Mt. SAC to improve success and close the achievement gap “Pathways to Transfer.”

The Trustees reviewed the information and asked questions of the presenters as follows: Was it necessary to compare Mt. SAC to other Colleges given that each school is so different? Ms. McNeice-Stallard replied that the College uses the peer-College comparison as a general comparison and that in future it would not be used; however, a year-over-year comparison would still be of value to see trends over time. Another trustee asked how this information was used outside of the College for decision-making. Ms. McNeice-Stallard responded that the Scorecard is given to the Legislature and the Governor. College President Scroggins indicated that it is used for fiscal purposes by the government. The Scorecard is posted on the College website with these minutes.

- **Audrey Yamagata-Noji**, Vice President, Student Services; **Tom Mauch**, Dean, Counseling; and **James Ocampo**, Director, Assessment Matriculation; and **Lucy De Leon**, Project/Program Coordinator, SSSP, gave a presentation on the Student Success and Support Program (SSSP) Plan.

- Board members were previously provided with a written summary on the Mt. SAC Science, Technology, Engineering, and Math (STEM) Teacher Preparation Program, presented by **Charles Newman** and **Iraj Nehad**, both Chemistry professors. A video was also shown.

13. **CONSENT CALENDAR**

   Note: The entire dialogue may be heard beginning at 2:40:30 on the attached audio.

   The following correction was made to the Consent Calendar:
On Page 25, Consent #4, Quarterly Financial Status Report - under VII. – the first small-print paragraph should read, “Estimated one-time expenditures are over estimated one-time revenues. The College has made the decision to fund one-time expenditures with the prior year reserves that are the result of positive variances. In making that decision, the College achieved the mandated 10% Board policy reserves and an additional 2.05% reserves.”

BACKGROUND

While all departments attempt to project their expenditures accurately, situations occur that make it necessary to submit appropriation transfers and budget revisions. Many times, an amount is budgeted, but the specific areas of expenditures are not determined until a later date. In these cases, the funds are then revised to the specific accounts.

ANALYSIS AND FISCAL IMPACT

Pursuant to the California Code of Regulations, Title 5, Sections 58307 and 58308, transfers of funds from the fund balance to any expenditure classification or between expenditure classifications and budget revisions can be made at any time with approval of the Board of Trustees. Any transfer from the fund balance to any expenditure classification must be approved by a two-thirds vote of the members of the Board of Trustees.

RECOMMENDATION

It is recommended that the Board of Trustees approves the appropriation transfers within the Unrestricted General Fund ($54,569), Restricted General Fund ($185,017), Child Development Fund ($26,726), Capital Outlay Projects Fund ($17,606) and Associated Students Trust Fund ($8,585) pursuant to the California Code of Regulations, Title 5, Section 58307.

Further authorization is requested to approve the budget revisions and allow expenditures within the Unrestricted General Fund ($1,376) and Restricted General Fund ($10,000) pursuant to the California Code of Regulations, Title 5, Section 58308.
BACKGROUND

Pursuant to Section 84030 of the Education Code and in accordance with Section 58311 of Title 5 of the California Code of Regulations, it is the intent of the Legislature, Board of Governors, and the State Chancellor’s Office to encourage sound fiscal management practices among community college districts. To that end, the Board of Governors has recognized district needs to maintain authorized bank accounts for certain types of district/college functions and activities. Accordingly, the governing board of any community college district may, for the purpose of expediting business services transactions and in accordance with sound business practices, establish separate bank accounts. All income derived from governing board-approved activities or functions shall be deposited in these accounts for authorized expenditures in accordance with rules and regulations of the governing board.

In addition, the governing board of any community college district may establish clearing accounts for the deposit of any miscellaneous receipts (including receipts from the sale of property or materials pursuant to Sections 81457 or 81458 of the Education Code) and provide for withdrawals from such accounts. All money in any such bank accounts shall be placed into the appropriate county treasury within a reasonable time period. Also, the governing board of a community college district may establish a revolving cash fund account for the payment of services, material purchases, and supplemental salary payments when it has been determined that an error has been made in calculating or reporting employee payrolls.

The College currently collects fees from credit cards for the Performing Arts Program through the Performing Arts Center Box Office. These fees are deposited in the Mt. San Antonio Community College District Performing Arts Center merchant/checking account. The College plans to expand the collection of fees by debit/credit cards to other college programs to improve efficiencies and strengthen internal controls. Therefore, the College wishes to rename the existing Performing Arts Program merchant/checking account to Mt. San Antonio Community College District College Programs merchant/checking account.
ANALYSIS AND FISCAL IMPACT

Periodically, Fiscal Services reviews existing bank accounts to determine if accounts may be closed, consolidated, or renamed.

Funding Source

Not applicable.

RECOMMENDATION

It is recommended that the Board of Trustees adopts a resolution to authorize renaming the existing merchant/checking account with Citizens Business Bank from Mt. San Antonio Community College District Performing Arts Center to Mt. San Antonio Community College District College Programs, pursuant to the California Community College Budget and Accounting Manual, as authorized by Sections 84030 and 85266 of the Education Code, and in accordance with Section 58311 of Title 5 of the California Code of Regulations.

It is recommended that the renamed Mt. San Antonio Community College District College Programs merchant/checking account with Citizens Business Bank handle all debit/credit card collections of fees for the Performing Arts Center and Other College Programs through the Performing Arts Box Office.

It is recommended that the Board of Trustees authorizes the submission of banking forms to process the renaming of the merchant/checking account from Mt. San Antonio Community College District Performing Arts Center to Mt. San Antonio Community College District College Programs.
WHEREAS, the Board of Trustees finds there is a need to establish new or changed bank accounts for clearing, revolving, payroll, and accounts payable accounts; and

WHEREAS, pursuant to the California Community College Budget and Accounting Manual as authorized by 84030 of the Education Code, and in accordance with 58311 of Title 5 of the California Code of Regulations, the Board of Trustees is authorized to establish such accounts; and

WHEREAS, pursuant to Education Code Section 85266, with the approval of the county superintendent of schools, the governing board of a community college district may cause warrants to be drawn on the county treasury against designated funds, except debt service, of the district in the county treasury in the payment of expenses of the district.

BACKGROUND

In November 2014, the College entered into a five-year agreement with Hot Doggers, Inc. dba Gold Coast Tours to provide charter bus services for transporting students and staff to athletic events, field trips, and Continuing Education programs. The College utilizes charter buses for trips that extend outside of a 60-mile radius.

ANALYSIS AND FISCAL IMPACT

Year one of the five-year agreement with Hot Doggers, Inc. dba Gold Coast Tours expired November 30, 2015. The College wishes to extend the agreement with Gold Coast Tours for an additional one-year period, December 1, 2015, through November 30, 2020. Some key factors include:

• No increase to the Overnight trip charge. Cost of driver’s room for overnight stay to be paid by the College at the current room rate, which is standard in the industry.
• Increase to the minimum five-hour flat rate - 48 passenger bus from $550 to $560
• Increase to the minimum five-hour flat rate - 56 passenger bus from $575 to $585
• Increase to the minimum five-hour flat rate - 35 passenger bus from $500 to $510

The total costs for the 2014-15 fiscal year was $144,820. Therefore, the estimated costs for the 2015-16 fiscal year will be approximately $148,000. The actual costs for these services will vary depending on the number of trips taken during the 2015-16 fiscal year period.

Unrestricted General Fund.

RECOMMENDATION

It is recommended that the Board of Trustees ratifies the renewal agreement with Hot Doggers, Inc. dba Gold Coast Tours, as presented.
BACKGROUND

The Parking Structure Phase 1 Project was approved under the Lease/Leaseback Construction Delivery Method on February 11, 2015, with a Guaranteed Maximum Price of $8,418,921.00. The construction began on March 17, 2015. Parking Structure construction activities were halted per the preliminary injunction issued by Judge Luis A. Lavin, Superior Court of California, County of Los Angeles, in the matter of United Walnut Taxpayers vs. Mt. San Antonio College etc. et al. In July 2015, the Board placed the Parking Structure project on hold. At this time, the Phase I Construction contract should be terminated for convenience and be considered complete. The contractor’s performance was evaluated throughout the pre-construction and construction periods and deemed by staff to be satisfactory in all respects.

ANALYSIS AND FISCAL IMPACT

Projects completed under the Lease/Leaseback Construction Delivery Method are approved with a Guaranteed Maximum Price (GMP). Under a GMP, the contractor bills for only the actual costs of the project. During construction, the GMP may be increased by action of the Board of Trustees to address costs associated with additional scope of work for unforeseen conditions not covered by the approved contingency or allowances. No increase to the GMP was required during this project.

In addition, the Lease/Leaseback Construction Delivery Method allows for the lease of the work by the College for a period to be determined at the time the agreement is approved. The lease period for this project was established at six months. In cases where the work is complete in all respects and the performance of the contractor is deemed to be satisfactory, it is in the best interest of the College to reduce the lease period to the minimum term of 35 days.

Ten relevant metrics have been selected to evaluate the performance of the Lease/Leaseback process over time.

SUBJECT: Purchase of Instructional Classroom and Modular Systems Furniture, Seating, Free-standing Tables, Ergonomic, and Visual Display Accessories for the Temporary Classroom Building – Phase I

BACKGROUND

A project is currently underway to renovate and upgrade the Temporary Classroom Building (Building 40). The project is expected to be completed and the building re-occupied in February 2016 to accommodate Spring Semester classes. This renovated building will include instructional lecture classrooms, faculty and staff offices, a conference room, hospitality rooms, a breakroom, and storage area. The new furniture was selected following campus standards that were developed during the Administrative Services and Design Technology Center request for proposal process.

The furniture for the building will be procured in two (2) phases. Phase I is for Classroom furniture purchases, while the offices and remaining areas of the building will be identified and procured in Phase II. Costs for Phase II furniture will be presented and recommended for award at the January 2016 Board of Trustees meeting.

ANALYSIS AND FISCAL IMPACT

Cost proposals were submitted by the selected manufacturers for the purchase and installation of furniture per the below summary. During the furniture analysis process, the building end users, Facilities Planning and Management, Information Technology representatives, and the College’s furniture consultant, PAL id studio, determined that the manufacturers, products, and dealers below meet both the functional requirements and budget.

This procurement will provide exterior furniture, ergonomic accessories, marker boards, a conference room table, and miscellaneous parts and accessories that were not included in the previous phases for the new Student Success Center Building. Phase III will complete the furniture purchases for this building.

A portion of the new furniture was selected following campus standards that were developed during the Administrative Services and Design Technology Center request for proposal process, which established standards for office, workstation, hospitality, and workroom spaces, meeting rooms, and certain teaching spaces. The remaining furniture was selected through mock-up presentations conducted during July to September 2015, in which over 100 individuals attended including students. During these presentations, evaluation forms were completed for the various furniture options to form the basis for future furniture standards for student collaboration and open resource areas.

SUBJECT: Purchase of Milling and Lathe Equipment (Bid No. 3060)

PREPARED BY: Teresa Patterson Reviewed by: Rosa M. Royce/Michael D. Gregoryk

RECOMMENDED BY: Bill Scroggins

AGENDA ITEM: Consent #7

BACKGROUND

The Manufacturing Technology and new Industrial Design Engineering Programs utilize milling and lathe machines as core pieces of equipment to train students in machining high-precision round and rectangular mechanical parts to fabricate virtually any mechanical component. The consistent precision and reliability of the machines is of utmost importance. Many of the program’s operating machines are over 60 years old and are not representative of current industry standards and expectations.

In order to increase student success, direct hands-on experience with these machines is required and is the foundation of many technical and higher level professional engineering careers. The purchase of additional machines will allow more students to have access to hands-on training for longer periods, and will also allow them to complete more projects per semester.

ANALYSIS AND FISCAL IMPACT

Bids were advertised in the Inland Valley Daily Bulletin in accordance with Education Code 81641. Five bids were requested with two bids received and publicly opened on November 10, 2015. SUBJECT: Purchase of a Mobile Television Production Trailer (Bid No. 3061)

BACKGROUND

In order to meet contemporary production requirements for television classes and the College’s production needs, it is necessary to acquire a new mobile television production trailer that will serve both classroom instruction and special events. The mobile trailer will be used for student remote production activities in different areas around campus. The trailer will also be used to provide coverage of special events, such as the College’s Commencement Ceremony.

In addition to serving mobile production needs, the trailer will be used as the control room for the Television Studio in the Library, bringing high-definition production capability to that space. The custom designed trailer will be purchased in “rack-ready” condition with all chassis and body work complete, HVAC, power conditioning and distribution systems, and interior racks and consoles. The expected configuration of the trailer, based on the College’s specifications, will be a 45’-53’ main body with one to two expanding sides, as required to meet internal configuration requirements.

The additive alternates will replace the manual leveling jacks with a hydraulic leveling system, change the ceiling carpet covering to sonic-type pyramid foam covering, and provide LED rope light illumination on the stair side rails.

The terms of this purchase are as follows: 30% due upon issuance of the Purchase Order; 30% at the midpoint of completion once the chassis is completed; 30% at final acceptance on site at Gerling and Associates in Sunbury, Ohio, and the balance due upon delivery to campus.

Funding Source

Unrestricted General Fund.

RECOMMENDATION

It is recommended that the Board of Trustees approves the award of the purchase of a Mobile Television Production Trailer (Bid No. 3061), to Gerling and Associates, Inc., as presented.
BACKGROUND

As part of the acquisition process for a new mobile television production trailer, the College will need to purchase a large quantity of high-definition television production equipment including cameras, switchers, routers, and a wide variety of television engineering equipment and systems. Due to the rapid turnover of technical equipment in the professional broadcast market, College staff has determined that a substantial amount of money can be saved by purchasing select equipment on the secondary market. Much of this equipment has only been used on one production and meets current standards for high-definition equipment. Purchasing equipment on the secondary market will allow the College to provide expanded production capabilities at a lower cost. All of the equipment will be provided with a warranty meeting the College’s needs.

ANALYSIS AND FISCAL IMPACT

Owing to the volatile nature of the secondary broadcast equipment market, there is no opportunity to engage in a competitive bidding process. College staff have conducted a careful review of the equipment listed below and determined that the proposed equipment would represent a 30%-45% overall savings. This savings represents an outstanding value when compared to retail purchases made through the bid process. The following is a list of used television production equipment requested:

BACKGROUND

Formal action by the Board of Trustees is required to offer managers, recommended in the list below, employment contracts effective July 1, 2016.

ANALYSIS AND FISCAL IMPACT

Following the initial employment period, the majority of management contracts are for a two-year term. Approximately one-half of management two-year contracts will expire on June 30, 2016, and are, therefore, due to be renewed at this time. Certain managers receive one-year contracts based on extenuating circumstances or the unpredictable nature of the funding sources for their positions. With the exception of those managers employed from special funding sources, all managers with contracts due to expire on June 30, 2016, are being recommended for a two-year contract for the period of July 1, 2016, through June 30, 2018.

Funding Sources

Unrestricted General Fund, Restricted General Fund, and Measure RR Series A and B funds.

RECOMMENDATION

It is recommended that the Board of Trustees approves the renewal of management contracts, as presented.

BACKGROUND

Mt. San Antonio College developed a local plan and submitted an application to the California Community College Chancellor’s Office for funding through a federal grant provided by the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV). An allocation of $989,997 for the 2015-16 academic year will fund activities that will lead to program improvement for Career Technical Education (CTE) programs. A portion of these funds was allocated to marketing for targeted CTE programs and for purchase of saddles for the Animal Science Program. These purchases were funded through the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV) Title 1C Grant and were approved at the June 24, 2015, Board of Trustees meeting.

Two vendors, ReachLocal (marketing services provider) and NRS – National Ropers Supply (saddle provider) require payment prior to receipt of the items. Authorization is requested to make advance payment to both vendors.

ANALYSIS AND FISCAL IMPACT

The cost for marketing eight programs for two cycles/months, through ReachLocal, is $16,000, and the cost for the purchase of the saddles, through NRS – National Ropers Supply, is $18,200.

There is no impact to the College budget.

Funding Source

RECOMMENDATION

It is recommended that the Board of Trustees approves the advance payment to ReachLocal and NRS – National Ropers Supply, as presented.
BACKGROUND

In an effort to return to an annual Classified Retreat, President’s Cabinet has allocated $30,000 for such a retreat for the 2015-16 fiscal year. A task force was formed to organize and plan a two-and-a-half day retreat. The retreat will focus on employee engagement and motivation, team-building, leadership, effective communication, and to improve the knowledge of Classified staff’s job roles. These were the top goals from a recent survey of Classified and Confidential employees. The retreat will be held at the UCLA Conference Center, in Lake Arrowhead, CA, on May 4-6, 2016. Authorization is requested to enter into a contract with the UCLA Conference Center to conduct this retreat.

ANALYSIS AND FISCAL IMPACT

The UCLA Conference Center offers a complete meeting package at a cost per person for double occupancy of $225. This cost includes lodging, meals, and the conference location. Costs for additional food services and team-building activities are at an additional cost. A contract with the UCLA Conference Center has been received and the Task Force is requesting a not-to-exceed amount of $20,000, with anticipation of 40 participants. Additional authorization is requested to make advance payment (deposit) of $9,000 to the Conference Center.

Funding Source

Unrestricted General Fund ($20,000).

RECOMMENDATION

It is recommended that the Board of Trustees approves the Great Staff Retreat at the UCLA Lake Arrowhead Conference Center and advance payment, as presented.

BACKGROUND

Mt. San Antonio College is looking to fully implement the electronic processing of transcripts via the adoption of eTranscript California. This new functionality will allow the campus to integrate the import of electronic transcripts into the campus' document imaging system. This integration will help facilitate the evaluation of incoming transcripts and the collection of educational planning information for students to use in the Mountie Academic Plan. eTranscript California is a statewide electronic transcript exchange supporting the request and delivery of electronic transcripts across all of California's postsecondary systems. eTranscript California is recognized as a key initiative to support the work of the Student Success Act of 2012 (SB1456), AB1056, and the California Community Colleges (CCC) Education Planning Initiative. It is hoped that by utilizing eTranscript California, both the campus and its students will be able to take better advantage of new technology associated with the processing and distribution of electronic transcripts.

ANALYSIS AND FISCAL IMPACT

eTranscript California is now available for free to California Community Colleges. In the past, costs associated with participating in the program have been borne by the individual campus or district. Recent changes now allow eTranscript California membership fees to be paid centrally by the CCC Chancellor's Office for the current and future fiscal years. The Admissions and Records Department, together with the Information Technology Department, have reviewed the eTranscript California contract and believe we are prepared to implement those recommended provisions.

Funding Source

Not applicable.

RECOMMENDATION

It is recommended that the Board of Trustees approves the contract with eTranscript California, as presented.
BACKGROUND

In November 2001 (Measure R), and again in November 2008 (Measure RR), the College community passed a Bond Measure under Proposition 39 rules, which lowered the threshold for passage from two-thirds to 55%. Proposition 39 also required the College to appoint a Citizens Oversight Committee. The purpose of the Committee is to inform the public at least annually in a written report concerning the expenditure of the bond proceeds. On December 19, 2001, the Board of Trustees appointed the original eleven people to the Citizens Oversight Committee. Every two years, typically in December, the Board appoints community members to this committee.

ANALYSIS AND FISCAL IMPACT

Under the provisions of Proposition 39, the Citizens Oversight Committee members shall be appointed by the Board of Trustees. The committee shall consist of at least seven members to serve for a term of two years without compensation and for no more than two consecutive terms. The Committee may not include any employee or official of the College or any vendor, contractor, or consultant of the College. The Committee must include:

- one member who is active in a business organization representing the business community located within the College district;
- one member active in a senior citizen’s organization;
- one member active in a bona fide taxpayer association;
- one student who is currently enrolled and active in a student organization; and
- one member of a College Advisory Council or Foundation.

Currently, the Citizens Oversight Committee is made up of the following representatives:

- Business/Community Representatives:
  - Joshua Acevedo (Bassett)
  - Paul Breit (San Dimas)
  - Robert Carter (Walnut)
  - Theodore (Ted) Ebenkamp (Rowland Heights)
  - Andrew L. Jared (Glendora)
  - Marilyn A. Peters (Diamond Bar)
  - Chester Sasaki (San Dimas)
  - Edward F. Walsh (Pomona)
  - Michael J. Zhang (Rowland Heights)
SUBJECT:  Appointment and Reappointment of Members to the Citizens Oversight Committee

DATE:  December 9, 2015

- Senior Citizen’s Group Representative:
  - Suzanne Gomez (San Dimas)

- Taxpayer Association Group Representative:
  - Paul H. Maselbas (West Covina)

- Student Organization Group Representative:
  - Jonнатthan Ortez (La Puente)

- College Advisory Council or Foundation Group Representative:
  - Mike Shay (Walnut)

Paul Breit, Theodore (Ted) Ebenkamp, Marilyn Peters, and Michael Zhang (Business/Community Representatives) have served two consecutive terms and cannot be reappointed to the Committee. Andrew Jared, Joshua Acevedo, Chester Sasaki (Business/Community Representative), Suzanne Gomez (Senior Citizens’ Organization Representative), Paul Maselbas (Taxpayer Association Representative), and Jonнатthan Ortez (Student Organization Representative) have indicated their willingness to serve another two-year term. Edward Walsh (Business/Community Representative) does not want to seek reappointment; therefore, a replacement is being sought for his position. Therefore, a total of five positions are available.

Emmett Badar and Alta Skinner, both of San Dimas, have submitted applications (under separate cover) to fill two of the Business/Community Representative positions.

Funding Source

Not applicable.

RECOMMENDATION

It is recommended that the Board of Trustees appoints Emmett Badar and Alta Skinner (Business/Community Representative) and reappoints Andrew Jared, Joshua Acevedo, Chester Sasaki (Business/Community Representatives), Suzanne Gomez (Senior Citizens’ Organization Representative), Paul Maselbas (Taxpayer Association Representative), and Jonнатthan Ortez (Student Organization Representative) to the Citizens Oversight Committee, effective January 1, 2016, through December 31, 2017.

BACKGROUND

The California Education Code (Sections 78216, 78220-78221), the State Budget Act of 2014 (SB 860) along with the Student Success Act created through Senate Bill 1456, require the development and submission of Student Equity plans to provide students with reasonable opportunities to reach their educational and career goals. In June 2014, the State of California approved the appropriation of $70 million statewide to fund activities specified in colleges’ Student Equity Plans. Mt. San Antonio College’s allocation for 2014-15 was $1,655,272. In June 2015, the State approved an appropriation of $100 million for Student Equity. Mt. SAC’s allocation for 2015-16 is an additional $3,387,056, bringing the total allocation to $5,042,328.

Mt. SAC has had an active Student Equity Plan in place since 1996. The College has conducted extensive work to provide opportunities for college-wide stakeholder input to the guiding principles as well as the submission of specific activities contained in the Plan. There are five major success/goal indicators that must be addressed in the Plan: Access, Course Completion, ESL/Basic Skills Completion, Degree/Certificate Completion, and Transfer.

The Plan must focus on which groups of students are found to be disproportionate in achieving these success indicators. At a minimum, colleges must address students in the following ethnic and racial categories, as defined by the U.S. Census Bureau for the 2010 Census: American Indian or Alaska Native, Asian, Black or African American, Hispanic/Latino, Native Hawaiian of other Pacific Islander, White, some other race, more than one race.
