<u>Mt. San Antonio College</u> <u>Child Development Center</u> <u>Influenza Vaccination Written Declination Form</u>

I DO NOT WANT A FLU SHOT.

I acknowledge that I am aware of the following facts:

- Influenza is a serious respiratory disease; on average, 36,000 Americans die every year from influenza-related causes.
- Influenza virus may be shed for up to 24 hours before symptoms begin, increasing the risk of transmission to others.
- Some people with influenza have no symptoms, increasing the risk of transmission to others.
- Influenza virus changes often, making annual vaccination necessary. In California, influenza usually begins circulating in early January and continues through February or March.
- I understand that the influenza vaccine cannot transmit influenza and it does not prevent all disease.
- I have declined to receive the influenza vaccine for the current season. I acknowledge that the influenza vaccination is recommended by the Centers for Disease Control and Prevention for all child care workers/volunteers in order to prevent infection from transmission of influenza and its complications.

Knowing these facts, I choose to decline vaccination at this time. I may change my mind and accept vaccination later, if vaccine is available. I have read and fully understand the information on this declination form.

I decline for the following reason(s). Please check all that apply.

- **I** believe I will get influenza if I get the vaccine.
- □ I do not like needles.
- **D** My philosophical or religious beliefs prohibit vaccination.
- **I** have an allergy or medical contraindication to receiving the vaccine.
- □ I do not wish to say why I decline.
- Other reason- please tell us._____
