- Matthew Pawlak – Tractors and Equipment
- Bill Millward - Irrigation
- Dave Palumbo – Irrigation
- Chaz Perea – IPM, Hort Science
- Jeff Wynn – Advanced Design
- Bruce Carlton - Park Management
- Valerie Loew – Southwest Plants

Program Declaration

- Make sure to declare your goal (Certificate or Degree)!!!!

Associates Degrees

- Ornamental Horticulture
- Park and Sports Turf Management
- Equipment Technology
- Integrated Pest Management
- Coming Summer 2017: Plant Science AS-T

Certificates of Achievement

- Horticulture Science
- Interior Landscaping
- Landscape Design I
- Landscape Design II
- Landscape Equipment Technology
- Landscape Irrigation
- Landscape Construction
- Landscape and Park Maintenance
- Nursery Management
- Tree Care and Maintenance
- Sports Turf Management
- Park Management

Associates Degree Programs

- Students will receive an Associates of Science Degree (A.S. Degree)
- Requires completion of General Education classes in addition to the core classes.

Certificate Programs

- Only require completion of specified Core Courses
- 6 courses – 18 Units
- Often used for job advancement within a company or to prove job skills.

Completion of Certificates and Degrees

- You can earn Certificates and Degrees at the same time.
- Double Major – You can complete a second A.S. degree with the completion of 18 additional units.
- Certificates and Degrees are not automatically given to you when you have completed your required classes.
- You must submit the required paperwork to request them from the Admissions and Records office.

Catalog Rights

- You have “Catalog Rights” for the year that you started the program
 - You must be a continuous student, and may not miss more than 1 semester (Fall or Spring) or your catalog rights start from when you return.
 - There is an exception if you miss more than one semester because you are in the military.
- Catalog rights means that if your degree or certificate requirements change while you are attending school, you are held to the original requirement.
- Keep your catalog from the year you started!

Applying for Certificates

- You must fill out an “Application for Certificate” available in the Ag Department office or from Admissions and Records
- The form is submitted to Admissions and Records
- All transcripts from other colleges or universities must be either included with the petition or on file in the Admissions Office.
- At least half of the units for the certificate must have been completed at Mt. SAC.

Graduation Checks

- Associates degrees are not automatically conferred. You must complete a graduation check.
- It is recommended that you complete your graduation check one year before your expected finish date.
- Grad Checks **must** be completed by the 7th week of the semester when you plan to graduate.
- Paperwork is available on the Mt. SAC website or from the registrar's office.

Associates of Science Degrees

- Have a “grad check” performed by the Advising Center.
- Completely fill out a Graduation Petition form and submit it by the deadline for the semester in which you plan to graduate.
- If you are seeking to substitute a course completed at another school or one course for another, you need to petition for a variance with the appropriate department/division.
- All transcripts from other colleges or universities must be either included with the petition or on file in the Admissions Office.
- Submit or mail the petition to the Admissions Office.

Course Offering Frequency

CLASS #	CLASS NAME	UNITS	FALL	WINTER	SPRING	SUMMER	
AGOR 1	HORTICULTURE SCIENCE	3	X		X		
AGOR 2	PLANT PROPAGATION	3	X		X		
AGOR 4	PARK MANAGEMENT	3	X				
AGOR 5	PARK FACILITIES	3			X

AGOR 91	WORK EXPERIENCE IN NURSERY OPERATIONS	1 to 4	X	X	X	X	

*REVISED 5/2012

Educational Plans

- We do not require you to create a formal education plan, but we do recommend that you have one.
- Department faculty can help you with planning for core courses and basic general education information.
- For transfer information, see Antoine Thomas or one of the academic counselors.
 - Antoine Thomas, Counselor
 - Extension 5922
 - athomas@mtsac.edu

Recommendations

- Courses to begin with:
 - Horticultural Science : AGOR 1
 - Soil Science: AGOR 50
 - Turfgrass Management: AGOR 39
 - Plant ID (Herbaceous and Woody) : AGOR 29 and 30
 - Landscape Construction Fundamentals: AGOR 71
 - Tractor and Landscape Equipment Operations: AGOR 51
 - Plant Propagation: AGOR 2
 - Landscape and Nursery Management: AGOR 32
 - Irrigation Design and Installation: AGOR 62

Recommendations

- Courses to end with:
 - Landscape Design: AGOR 13
 - Integrated Pest Management: AGOR 24
 - Sports Turf Management: AGOR 40
 - Landscape Hardscape Applications: AGOR 72
 - Urban Arboriculture: AGOR 75
 - Hydraulics: AGOR 52

Work Experience

- 1-4 Units available, repeatable up to 4 times.
- Possibilities:
 - Work at the Horticulture Unit
 - Work on special projects
 - Work for an off-campus employer
- No Experience Necessary. We will train you.

- You Must complete 9 units of Horticulture Classes and attend an orientation before you are eligible for work experience.

Student Involvement Opportunities

- Competitive Teams - Turf Team
- Horticulture Club
- “Clippings” Newsletter
- Volunteer Opportunities
 - Descanso Plant Sales
 - Mother’s Day Sale
 - Work Days
- Attend Department Events
 - End of year Banquet
 - Farm Day
