Authorization existing at the time of this Agreement need not be re-solicited.

Such written dues deduction authorization shall remain in effect for the duration of this Agreement. A member may revoke a dues authorization within thirty (30) days following expiration of the current contract. The District shall within twenty-two (22) work days notify CSEA 651 President if any member revokes a dues authorization.

- 11. For 100% assigned unit members working the entire eight (8) weeks of the Summer Schedule, the total paid or unpaid leave is thirty-two (32) hours.
 - a. The District shall provide sixteen (16) hours of paid leave not otherwise available in the contract to be separately reported as Summer Schedule Leave. Summer Schedule Leave is available only during the eight (8) weeks of the Summer Schedule and may not be rolled over.

For these members, District provided Summer Schedule Leave will be one-half (1/2) of this calculated number of paid leave hours. For example, a 100% assigned unit member who only works the first two weeks of the Summer Schedule would need eight (8) hours of paid or unpaid leave of which four (4) would be District provided Summer Schedule Leave and the remaining four (4) hours would be the responsibility of the unit member using any options under IX.M.11.b. If one-half (1/2) of the calculated paid leave hours results in a fraction, the Summer Schedule Leave provided by the District will be rounded up to the next whole hour. For example, an employee needing nine (9) hours of paid or unpaid leave would be provide with five (5) hours Summer Schedule Leave and the remaining four (4) hours would be the responsibility of the unit member using any options under IX.L.11.b
- 13. With management approval, as per Article IX.B.2., an employee may work ten (10) hours a day. In such cases, the employee would neither receive District provided Summer Schedule Leave nor be required to take paid or unpaid leave.

3 In accordance with Education Code Section 88193, a maternity leave of absence, without pay, may
4 be granted to a permanent classified unit member, upon written request of the unit member and the
5 approval of the governing board of the District, subject to the provisions:
6

- 7 1. A statement from the unit member's physician as to the beginning date of the leave and anticipated
8 return to service shall be filed with the District at least thirty (30) days prior to the anticipated start
9 date of the unpaid leave.

10
11 The period of leave, including the date upon which the leave shall begin, shall be determined by
12 the unit member and her physician or licensed practitioner.
13

- 14 2. In granting maternity leave of absence, the governing board of the District assures the unit member
15 a position of employment will be available for her upon return to duty; it does not assure her that
16 she will return to the position she held at the time the leave was granted.
17

18 G. Industrial Accident or Illness

19
20 Industrial accident or illness is an illness or injury verified by a physician's certificate and qualifying
21 under the State Workers' Compensation Insurance as being work-related. In accordance with Section
22 88192 of the Education Code, classified employees shall be eligible for the following leave of absence
23 benefits for industrial accident or illness:
24

- 25 1. The maximum allowable paid leave shall be sixty (60) work days in a fiscal year for any single
26 accident.
27
28 2. Allowable leave shall not be cumulative from year to year.
29
30 3. Industrial accident or illness leave shall commence on the first day of absence.
31
32 4. Payment for wages lost on any day shall not, when added to an award granted the employee under
33 the Workers' Compensation laws of this state, exceed the normal wage for the day.
34
35 5. Industrial Accident leave will be reduced by one day for each day of authorized absence regardless
36 of a compensation award made under Workers' Compensation.
37
38 6. When an industrial accident or illness occurs at a time when the full sixty (60) days will overlap into
39 the next fiscal year, the unit member shall be entitled to only that amount remaining at the end of
40 the fiscal year in which the injury or illness occurred, for the same illness or injury.
41
42 7. The industrial accident or illness leave of absence is to be used in lieu of entitlement acquired
43 under Section 88191 of the Education Code. When entitlement to industrial accident or illness has
44 been exhausted, entitlement to other sick leave will then be used; but if a unit member is receiving
45 Workers' Compensation, he/she shall be entitled to use only so much of his/her accumulated or
46 available sick leave, accumulated compensatory time, vacation, or other available leave which,
47 when added to the Workers' Compensation award, provide for a full day's wage or salary.
48 Reduction of entitlement to leave shall be made only in accordance with this section.
49
50 8. Break in Service: Periods of leave of absence paid or unpaid under this Article shall not be
51 considered to be a break in service of the unit member. Benefits accruing under the provisions of
52 this Agreement shall continue to accrue under paid absence only.

- 1 9. During all paid leaves of absence, whether industrial accident leave as provided in this section,
2 sick leave, vacation, compensated time off, or other available leave provided by law or the action
3 of the governing board, the unit member shall endorse to the District wage loss benefit checks
4 received under the Workers' Compensation laws of this state. The District, in turn, shall issue the
5 unit member appropriate warrants for payment of wages or salary and shall deduct normal
6 retirement and other authorized contributions.
7
- 8 10. When all available leaves of absence, paid or unpaid, have been exhausted and if the unit member
9 is not medically able to assume the duties of his/her position, he/she shall, if not placed in another
10 position, be placed on a reemployment list for a period of thirty-nine (39) months. When available
11 during the thirty-nine (39) month period, if the unit member is medically fit to return to duty, as
12 determined by a licensed physician and the college has engaged in the interactive process as
13 required by the Fair Employment Housing Act (FEHA), he/she shall be employed in a vacant
14 position in the class of his/her previous assignment over all other available candidates except for
15 reemployment list established because of lack of work or lack of funds; in which case, he/she shall
16 be listed in accordance with appropriate seniority regulations. If requested by the unit member,
17 Union representation may be present at any point in this process.
18
- 19 11. Any unit member receiving benefits as a result of this section shall, during periods of injury or
20 illness, remain within the State of California unless the governing board authorizes travel outside
21 the State.
22
- 23 12. A unit member who has been placed on a reemployment list, as provided herein, and who has
24 been medically released for return to duty, and who fails to accept an appropriate assignment,
25 shall be dismissed.
26
- 27 13. It is the intent of the District to incorporate the following into its revised Administrative Regulations
28 and Procedures for Industrial Accidents:
29
- 30 a. If it is determined by the physician performing the initial assessment and/or treatment of an
31 industrial accident or illness that subsequent consultation or treatment is required to be
32 performed by a physician, specialist, or that physical therapy is needed, the unit member is
33 permitted to use a portion of his/her work day with pay as follows:
34
- 35 (1) Up to one and one-half (1½) hours of scheduled work time on either end of the work shift
36 or any other time with prior approval from the manager, and
37
- 38 (2) Up to fifteen (15) hours total work time for each industrial accident or injury.
39
- 40 b. Medical appointments that require a unit member to be away from his/her position for a full
41 day shall not be charged to accrued sick leave in accordance with Labor Code Section
42 4600.e.1.
43
- 44 14. The District shall reimburse a unit member when the unit member submits proof that vacation
45 time was charged against an industrial injury or accident without that unit member's
46 authorization.
47
- 48 15. If the employee has been released to return to work and has any type of temporary limitation(s)
49 and or restriction(s), the employee must submit a return-to-work notice that contains the date of
50 visit, the from and to date the employee is to remain on restricted duty, and any restrictions the
51 employee may have upon returning to work.
52
- 53 a. Employees that have temporary limitations or restrictions when released to return to work will
54 engage in the "interactive process." The "interactive process" is a dialogue between the
55 employee, his/her supervisor, and Human Resources or Risk Management, upon request, to

1 determine if the employee can work within their usual and customary job with reasonable
2 accommodation.

3
4 b. If no reasonable accommodation can be made to allow the employee to perform within their
5 usual and customary job, the employee may be assigned to a suitable transitional job until
6 an accommodation can be made. Such accommodation shall not exceed 60 work days in
7 any particular assignment.

8
9 c. If no suitable transitional job is available and no reasonable accommodation can be made to
10 allow the employee to perform within their usual and customary job, the employee will be
11 placed on temporary disability and will utilize available leave until such time as appropriate
12 work is available or limitations or restrictions have been lifted and the employee can return
13 to their job without accommodation or until all eligible leave is exhausted.

14
15 d. The intent of this Article is to help the employee return to work and not to create a new
16 position or replace an employee in an existing position.

17
18 H. Extended Sick Leave Benefit

19
20 In accordance with Education Code Section 88196, a regular classified unit member shall be credited
21 once each fiscal year with a total of one hundred (100) working days of paid sick leave, such days to
22 be compensated at fifty (50) percent of the unit member's regular salary. Each fiscal year shall be
23 considered a new period and subsequent one hundred (100) half paid days of sick leave shall be
24 applied, but shall not be cumulative from year to year. The paid sick leave under this section shall be
25 used only after all other sick leave entitlement has been exhausted and shall be exclusive of any other
26 paid leave, holidays, or vacation time to which the unit member may be entitled.

1. Vacation Eligibility

- a. All eligible unit members shall be credited with vacation time on the first of the month based on the unit member's longevity date (Article XX, Longevity Date), provided the unit member is in a paid status for a minimum of fifty (50) percent or more of the total hours required for the position.

A probationary unit member in his/her initial six (6) months of employment is not entitled to any vacation allowance upon separation.

5 shall be at the unit member's current regular rate of pay.
6

7 4. Vacation Postponement

8
9 a. If a bargaining unit member's vacation becomes due during a period when he/she is on leave
10 due to illness or injury, he/she may request that his/her vacation date be changed, and the
11 District shall grant such request in accordance with vacation dates available at that time. The
12 unit member may elect to have his/her vacation rescheduled in accordance with the vacation
13 schedule available at that time, or may request to carry over his/her vacation to the following
14 year.
15

16 b. If, for any reason, a bargaining unit member is not permitted to take all or any part of his/her
17 annual vacation, the amount not taken shall, by mutual agreement of both parties, be
18 accumulated for use in following years.
19

23 number of days earned in any one (1) fiscal year as provided in Section Q of this Article.
24 Excess days may be converted and used as sick time with a limit of forty-eight (48) hours per
25 year.
26

28 manager, to take each fiscal year up to the number of vacation days they earn per fiscal year.
29

30 c. A notice of not less than fifteen (15) work days shall be given to unit members before being
31 required to take vacation.
32

36 member shall be granted an additional day's vacation and pay for each holiday falling within that
37 period.
38

39 7. Vacation Scheduling

40
41 a. Any use of vacation requires advance notice by the unit member and prior administrative
42 approval, except as provided in Section 9, below.
43

44 b. If there is any conflict between unit members who are working on the same or similar operations
45 as to when vacations shall be taken, the vacations shall be rotated as equally as is practical
46 among unit members in the bargaining unit within each department.
47

48 8. Interruption of Vacation

49
50 A unit member in the bargaining unit may be permitted to interrupt or terminate vacation leave in
51 order to begin another type of paid leave for serious illness, injury, or bereavement without a return
52 to active service, provided the unit member supplies notice and supporting information regarding
53 the basis for such interruption or termination.

1 9. Other Vacation Use

2
3 Unit members will be allowed to charge a late arrival against accumulated vacation in lieu of a
4 salary deduction. This allowance will be provided for up to six (6) occurrences per fiscal year for

6

7 R. Attendance Responsibility

8
9 Unit members are responsible for working all days not covered by authorized leaves of absence, for
10 being prepared and ready to start work at the designated time for their shift, and to complete their
11 shift in its entirety.
12

- 13 1. Unit member's accrued leave balances are available via the District's website. A hard copy may
14 be provided upon written request.
15
16 2. Excessive absenteeism is being absent from work on days not covered by contractual/legal
17 authorized leaves of absence, including being absent more than the vacation or sick time
18 accrued. Excessive absenteeism is subject to disciplinary action.
19
20 3. Tardiness is being late for work at the time established for the start of a unit member's shift.
21
22 a. Any unit member tardy in excess of seven (7) minutes, three (3) times per month, or a
23 maximum of nine (9) times a year is subject to disciplinary action.
24
25 b. For any tardiness after seven (7) minutes, salary is subject to deduction. Accumulated
26 vacation time may be used as specified in Article X, Section V, above.
27
28 4. Any unit member wanting to leave work before his/her shift is over must request his/her
29 manager's approval prior to the start of that shift. In the case of an emergency or sudden illness,
30 the unit member must immediately contact his/her manager, or his/her manager's designee.
31
32 5. The manager shall meet quarterly, or as needed, with the unit member to discuss any apparent
33 excessive absenteeism or tardiness before initiating disciplinary action.
34
35 6. Progressive disciplinary action is defined as follows: (a) verbal warning; (b) written warning; (c)
36 written warning to personnel file; (d) suspension without pay; (e) recommendation for termination.
37

TRANSFERS AND RELATED MATTERS

A. Lateral Transfers

1. When a new position is created or an existing position becomes vacant, the vacancy notices shall be distributed to all work locations within a minimum of six (6) working days prior to the deadline to apply. Any unit member in the bargaining unit may apply for transfer to that position by filing written notice with the Office of Human Resources of the District. A lateral transfer shall be defined as the relocation of a unit member to a position within the same classification in a different department.
2. Any unit member on leave who would be affected by a lateral transfer shall be sent an email to their designated personal account and mailed a copy of the notice by First-Class mail to their home address on file, if requested by the unit member prior to going on leave.

B. Medical Transfers

The District may promote, demote, or laterally transfer to a related class a unit member who has become medically unable to satisfactorily perform his/her regular job class duties.

C. Involuntary Transfers

1. A transfer is defined as a permanent change in department and immediate supervisor within the same classification.
2. Transfers of bargaining unit members may be initiated by District management to meet service needs. A unit member affected by such transfer shall be given seven (7) days' notice prior to the effective date of the transfer. A copy of said notice shall be sent concurrently to the Association President and the affected managers(s). A conference will be held between the appropriate management person and the unit member to discuss the transfer. The unit member will have the option for representation at the conference.
3. Transfers shall not change the unit member's salary rate, anniversary date, or accumulated benefits. However, if the unit member is transferred to a different classification at the same salary range, and the unit member has no previous seniority in the new class, his/her seniority in that class shall begin on the date of transfer.
4. A unit member who has been transferred to a lower class shall be transferred back to original classification at first available vacancy. The unit member may request voluntarily demote and remain in the lower classification. The District shall determine whether to transfer or allow the unit member to voluntarily demote. A demotion is a change to a lower classification and to a salary rate corresponding to the lower classification. This shall apply to those unit members transferred prior to January 1, 1997, to a lower class with no loss in pay.

D. Temporary Assignments

The District and CSEA 651 agree to an established process for temporary assignments. Temporary assignments include duties identified as "working out of classification." The intent is to provide a fair and equitable process for all unit members represented by the bargaining unit:

- 1 1. Guidelines: Utilize this process as a guide to select a person in the most objective and fair
2 manner.
3
- 4 a. A complete project description will be established with starting and ending dates.
5
- 6 b. Qualifications needed for each temporary assignment will be established by the Director,
7 Facilities Planning & Management.
8
- 9 2. Screening process and procedures:
10
- 11 a. Follow established Human Resources screening procedures.
12
- 13 b. Two CSEA 651 unit members to participate in the screening process shall be selected by the
14 CSEA 651 Executive Board and two others shall be selected by the Vice President,
15 Administrative Services, or designee.
16
- 17 c. The function of the screening committee is to review and recommend a candidate(s) to the
18 Vice President, Administrative Services, or designee.

PERSONNEL FILES

A. Personnel Files

1. Except for grievance procedure files, there shall be only one personnel file for each unit member in the bargaining unit, and it shall be maintained at the District Office of Human Resources.
2. Unit members shall be provided with copies of any derogatory written material before it is placed in the unit member's personnel file. The unit member shall be given an opportunity to prepare a written response to such material. The written response shall be attached to the material.
3. A unit member shall have the right at any reasonable time without loss of pay to examine copies of any material from the unit member's personnel file, with the exception of material that includes ratings, reports, or records which were obtained prior to the employment of the unit member involved.
4. All personnel files shall be kept in confidence and shall be available for inspection only to other employees of the District when actually necessary in the proper administration of the District's affairs or the supervision of the unit member. The District shall keep a log of persons who have examined a personnel file, as well as the date such examinations were made, except routine clerical transactions. Such a log and the unit member's personnel file shall be available for examination by the unit member or his/her CSEA representative with the unit member's written authorization for each instance. The log shall be maintained in the unit member's personnel file.
5. Any person who places written material or drafts written material for placement in a unit member's file shall sign the material and signify the date on which such material was drafted. Any written materials placed in a personnel file shall indicate the date of such placement.

PERFORMANCE EVALUATIONS

A. Evaluation

No evaluation of any unit member shall be placed in any personnel file without an opportunity for discussion between the unit member and the evaluator. No evaluation shall be made based upon hearsay statements, but shall only be based upon the direct observation and knowledge of the evaluator including documented and verifiable evidence provided by a reliable identified source. If such evidence is provided by another unit member, that evidence must be independently verified by another source outside of union membership. The unit member shall have the right to review and respond to any derogatory evaluation in accordance with Article XII, Personnel Files. The grievance procedure shall not be used as a means for resolving disputes of the judgment and recommendations of the evaluator.

1. Performance Evaluations: The purpose of performance evaluations is to inform employees about the quality of their work. The performance evaluation procedures are as follows:
 - a. Evaluations shall be performed by the immediate non-bargaining unit supervisor or manager and shall only focus on the employee's job performance.
 - b. Permanent status employees are evaluated on an annual basis, based upon the anniversary date of initial appointment. A permanent status employee's evaluation shall cover the employee's job performance for the last twelve (12) month period. Notwithstanding extenuating circumstances, annual evaluations shall be issued no later than three (3) months following the end of the evaluation period. Probationary employees are evaluated after two (2) months and five (5) months. Probationary evaluations shall be completed prior to the end of the probationary period.
 - c. Evaluators should engage in ongoing communication with the unit member regarding performance issues before issuing a negative evaluation.
 - d. Performance evaluations for those employees working out-of-class shall not be based solely on the specific job duties of the out-of-class position, unless the employee is in the out-of-class assignment for the entire duration of the evaluation period.
 - e. The District will provide regular training for its evaluators and employees on the performance evaluation process.
2. Performance Evaluation Meeting: Performance evaluations shall be considered confidential. The evaluator shall not belong to the classified bargaining unit.
 - a. Employees will be given a minimum of two (2) working day notice prior to any scheduled evaluation meeting with the evaluator.
 - b. Employees will be provided with a copy of their completed evaluation a minimum of two (2) working days prior to the evaluation meeting. This provides the employee an opportunity to review the evaluation and identify any areas of concern, which may then be discussed with the evaluator during the performance evaluation meeting.
 - c. The employee and evaluator shall sign one (1) copy of the performance evaluation form at the end of their meeting. The employee's signature acknowledges receipt of the evaluation. Signing the performance evaluation form does not constitute the employee's agreement with the performance evaluation. The evaluator shall provide the employee with a copy of the

1 evaluation.

- 2
3 d. Evaluator shall forward the completed performance evaluation to Human Resources within five
4 (5) working days of the evaluation meeting.

5
6 3. Negative Performance Evaluations:

- 7
8 a. Performance criteria marked as “needs improvement” on the evaluation shall include specific
9 recommendations for improvements, a timeline in which to improve, and provisions for
10 assisting the employee in implementing any recommendations made. The evaluator may
11 create a “performance improvement plan” for an employee to address performance
12 deficiencies. This performance improvement plan shall be created by the unit manager and
13 the Vice President, Human Resources, or his/her designee, prior to the issuance to the unit
14 member.

- 15
16 b. The employee shall have the right to review and respond to any negative evaluation in
17 accordance with XII.A.5 Personnel Files, except that the employee shall be given a minimum
18 of fifteen (15) working days to attach a written response.

- 19
20 c. An employee may review the judgment and recommendations for their evaluator with the next
21 highest manager or the Vice President of Human Resources or their designee who shall
22 provide the employee with a response within fifteen (15) working days or as mutually agreed.

- 23
24 4. Performance Goals: The performance evaluation may include goals to be achieved during the
25 next performance evaluation period. If included, these must be related to the duties and
26 responsibilities of the employee’s assigned position classification description and reflect action
27 items identified on the evaluation form. Managers and employees may consult with the Vice
28 President of Human Resources or his/her designee regarding the development of performance
29 goals.

GRIEVANCE PROCEDURE

A. General Provisions

1. Except as provided to the contrary, this grievance procedure is restricted to alleged violations of specific item(s) in this Agreement arising during the term of this Agreement. A grievance is defined as a formal written allegation filed by a unit member within twenty (20) work days of the alleged violation or within twenty (20) work days after the unit member reasonably should have known that a violation of the specific provision(s) of this Agreement has occurred.
2. Actions to challenge or change the policies of the District as set forth in the Board Rules and Regulations or administrative regulations and procedures must be undertaken under separate legal processes and not in conflict with the provisions of this Agreement. Other matters for which a specific method of review is provided by law, by the Board of Trustees Rules and Regulations, or by the Administrative Procedures of the District are not within the scope of this procedure.
3. The District and the Association agree that every effort will be made by the District and the unit member to settle grievances informally at the lowest possible level.
4. Until final disposition of the grievance, the grievant is required to conform to the direction of his/her immediate manager. If the unit member fails to conform to the direction of his or her manager, the unit member forfeits his/her rights to pursue the grievance procedure.
5. Each party involved in a grievance shall act quickly so that the grievance may be resolved promptly. Each party agrees to complete action within the time limits contained in the grievance procedure; however, with the written consent of the parties to the grievance, the time limitation for any level may be extended. Any grievance not advanced to the next level within the time limits established for that level shall bar the grievant from any further right to pursue that grievance and the grievance shall be deemed resolved with the decision rendered at the previous level (including "Level One - Informal"). Failure on the part of a manager to answer within the time limits set forth for any level will entitle the unit member to proceed to the next level (including "Level One - Informal").
6. Time limits provided in each level shall begin at the expiration of the previous time limit or the day following receipt of written decision by the interested parties.
7. Grievance meetings normally will be scheduled by the District so as not to conflict with essential duties. However, if the meeting is expected to be of such duration that it would extend beyond the normal business hours of the District's central office, the District shall provide the release time to the grievant, witnesses, and, if requested, the President of the Association or the President's designee, so that the session can be accommodated within such business hours. This provision shall constitute "reasonable periods of release time" within the meaning of Government Code 3543.1(c).
8. In order to encourage a professional and harmonious disposition of unit members' grievances, it is agreed that from the time a grievance is filed until it is processed through Level Four, or decided to the mutual satisfaction of the grievant and the District, neither party shall inform the general public of either the details of the grievance or evidence regarding the grievance.
9. All meetings and hearings under this procedure shall be closed to all persons other than the parties in interest, their representatives, and witnesses, as necessary.
10. All procedural documents, communications, and records dealing with the processing of a grievance will be filed in a separate grievance file, maintained by the District, and will not be kept in the

1 personnel file of any of the participants.

- 2
- 3 11. Forms necessary for the grievance process will be provided by the District and will be given
- 4 appropriate distribution to facilitate the grievance procedure. The written grievance shall (1) be
- 5 specific; (2) contain a description of the procedures which have previously been taken by the
- 6 grievant; (3) contain a synopsis of the facts giving rise to the violation or misinterpretation; (4)
- 7 contain the specific section of this Agreement which has allegedly been violated; (5) state the relief
- 8 requested; (6) contain the date of the alleged violation; and (7) be signed by the grievant.
- 9
- 10 12. The grievant may request representation beginning at Level Two, but nothing contained herein will
- 11 be construed as limiting the right of any unit member having a grievance to have the grievance
- 12 adjusted without intervention of the Association, provided that such adjustment is not inconsistent
- 13 with the terms of this Agreement and that the Association has been given a copy of the grievance.
- 14
- 15 13. No reprisals of any kind will be taken by the Board, the President of the College, the Association,
- 16 or by any member or representative of the Administration of the College, against any aggrieved
- 17 person, any member of the Association, or any other participant in the grievance procedure by
- 18 reason of such participation.
- 19
- 20 14. The District and the Association shall pay their own expenses incurred in the grievance procedure.
- 21 Parties shall equally share the expenses of the committee chairperson if such becomes necessary.
- 22 Each party shall be responsible for compensating its own representatives and witnesses. If a party
- 23 desires that a record of the testimony be made at the proceedings or from the tape recording, it
- 24 may cause such a record to be made at its own expense provided; however, that it supplies the
- 25 arbitrator and other party or parties with copies of such record at no expense to the other party or
- 26 parties.
- 27
- 28 15. No unit member may use the grievance procedure in any way to appeal termination or decision by
- 29 the Board not to renew his or her contract.
- 30
- 31 16. No unit member shall use the grievance procedure to dispute or appeal any action of the Board or
- 32 administration which complies with law or regulations deriving from a state or federal regulatory
- 33 commission or agency.
- 34
- 35 17. The grievant must be present at each level of the grievance procedure. Either party may be
- 36 represented by a party of his/her choice beginning at Level Two of the grievance procedure.
- 37
- 38 18. This grievance procedure shall not be used as the basis for any type of class action.
- 39
- 40 19. If a grievance arises from action or inaction by the Board of Trustees, the aggrieved person shall
- 41 submit such grievance in writing directly to the President of the College, the President of the Board
- 42 of Trustees, and may optionally notify the Association. The processing of such grievance shall be
- 43 commenced at Level Three.
- 44
- 45 20. A decision in any one case may or may not constitute precedence for any other grievance.
- 46
- 47 21. Notwithstanding any other provision of this Article, management shall not be required to process
- 48 more than one grievance per work day at the formal level.
- 49
- 50 22. Adjustment of any grievance described herein shall not be inconsistent with the specific
- 51 provision(s) of this Agreement.
- 52
- 53 23. Nothing contained in the grievance procedure shall be construed to deny the District, the Board of
- 54 Trustees, the President, the Association, or any unit member the rights guaranteed to them under
- 55 state or federal law.

Any grievance which arose prior to the effective date of this Agreement shall not be processed. Notwithstanding the expiration of this Agreement, any grievance claim initiated within the term of this Agreement may be processed through the grievance procedure until resolution.
 25. A grievance may be withdrawn by the grievant at any time and at any step of this procedure provided; however, that same grievance shall not be filed a second time by the same party.
 26. For the purpose of this grievance procedure, working days are defined as those days of normal business of the District's central office.
 27. In settlement of any grievance resulting in retroactive adjustment, such adjustment shall be limited to a maximum of twenty (20) work days prior to the date of filing of a written statement of grievance.
 28. The parties agree that there shall be no strike or other economic action by unit members or by the Association, nor shall there be any lockout or other economic action by the District while this contract is in effect over any dispute which arises out of the interpretation or application of this Agreement or any alleged violation of the terms of this Agreement.

24 1. Level One – Informal:

- 25

40 grievance on forms provided by the District. The Office of Human Resources shall promptly
41 forward the statement of grievance to the next highest manager with authority to act and provide

- 5 a. If the aggrieved person is not satisfied with the disposition of the grievance at Level Three or if
6 no written decision has been rendered within ten (10) work days following the Level Three
7 meeting with the appropriate vice president or his/her designee, the aggrieved person may,
8 within an additional five (5) work days, request in writing to CSEA 651 that the grievance be
9 submitted to a Grievance Committee. The Grievance Committee shall be composed of three
10 (3) voting members to be selected as follows: one (1) representative of the employee, one (1)
11 representative of the District, and a third party mutually selected by the respective
12 representatives.
13
- 14 b. In the event CSEA 651 chooses to take the grievance to arbitration, the grievant and the
15 President or his/her designee, shall attempt to agree upon an arbitrator. If no agreement can
16 be reached, they shall request the California State Conciliation Service to provide a roster of
17 five (5) names of persons experienced in hearing grievances in public agencies and within one
18 (1) hour's normal driving time. Each party shall alternately strike a name until only one (1)
19 name remains. The order of striking shall be determined by lot. The remaining name shall be
20 that of the arbitrator. If the arbitrator selected will not be available for the hearing within a
21 reasonable period of time, not exceeding sixty (60) days, the parties shall proceed to select
22 another arbitrator from the above list.
23
- 24 c. The arbitrator shall have no power to alter, amend, change, add to, or subtract from any of the
25 terms of this Agreement, but shall determine only whether or not there has been a violation of
26 this Agreement in the respect alleged in the grievance. The decision of the arbitrator shall be
27 based solely upon the evidence and arguments presented to him/her by the respective parties
28 in the presence of each other and upon arguments presented in briefs. The arbitrator shall
29 consider and decide only on the specific issues submitted in writing and shall have no authority
30 to make a decision on any other issue not so submitted.
31
- 32 d. The arbitrator shall cause the hearing to be recorded on tape.
33
- 34 e. The arbitrator may hear and determine only one grievance at a time unless the District and the
35 grievant(s) expressly agree otherwise. However, both parties will in good faith endeavor to
36 handle in an expeditious and convenient manner cases which involve the same or similar facts
37 and issues.
38

39 5. Arbitrator's Decision, Board of Trustees Review:
40

- 41 a. The arbitrator's decision will be in writing and will set forth all findings of fact, reasoning, and
42 conclusions on the issues submitted. The grievance committee will be without power or
43 authority to make any recommendation which requires the commission of an act prohibited by
44 law or which violates the terms of this Agreement. The arbitrator in no case shall make any
45 recommendation inconsistent with District duties, responsibilities, or obligations as such are
46 prescribed in state or federal law. However, it is agreed that the arbitrator is empowered to
47 include the arbitrator's recommendation of such financial reimbursement or other remedies as
48 is judged to be proper except that in settlement of any grievance resulting in retroactive
49 adjustment, such adjustment shall be limited to a maximum of twenty (20) days prior to the
50 date of filing of the written statement of grievance form. The decision of the Arbitrator will be
51 submitted to the Board of Trustees, the President of the College, the grievant, and the
52 Association.
53
- 54 b. The decision of the arbitrator within the limits herein prescribed shall be in the form of a
55 recommendation to the Board of Trustees. If grievant files a request to the Board of Trustees

1 to undertake review of the advisory decision within ten (10) work days of its issuance, the Board
2 of Trustees shall then undertake review of the entire hearing's records and briefs. The Board
3 of Trustees may also, if it deems it appropriate, permit oral arguments by representatives of
4 the parties, but only in the presence of one another. In such case, the Board of Trustees shall
5 render a decision on the matter within thirty (30) work days after receiving the arbitrator's
6 decision. Such decision shall be final and binding on all parties. If the Board of Trustees does
7 not render a decision within the time specified, it shall be deemed to have adopted the decision
8 reached at Level Three.
9

- 10 c. In a case where the arbitrator's recommendation sustains the grievant, but the Board of
11 Trustees subsequently fails to accept such recommendation and instead modifies or reverses
12 the arbitrator's decision, and the grievant later files a judicial action against the District for
13 breach of the Agreement, the District shall not assert as a defense that the grievant's utilization
14 of the grievance procedure was the only proper remedy for resolution of the grievance. In all
15 other cases, the grievance and arbitration procedure described above is to be the Association's
16 and unit member's sole and final remedy for any claimed breach of this Agreement which is
17 covered by the grievance procedure

Employees shall provide advance notice to obtain management approval for any course(s)/workshop(s) that occur during their regularly scheduled work shift. Training provided by CSEA and certified through Professional and Organizational Development (POD) as work related will be eligible for personal/professional growth benefit.

A. A unit member may earn each of the following benefits once each contract year:

1. \$300 for completing three (3) semester, or four (4) quarter units and an additional \$50 for every one (1) semester or one (1) quarter units of lower division credit at any school accredited by one of the six regional accrediting associations of schools and colleges; or
2. \$750 for completing three (3) semester, or four (4) quarter units and an additional \$100 for every one (1) semester or one (1) quarter units of upper division or graduate units at any school accredited by the six regional accrediting associations of schools and colleges.
3. Job related certification(s) and/or licenses: A unit member may earn \$500 for obtaining any job-related licenses and/or certification. Unit members' requests must be approved in advance by the Director of Facilities or his/her designee. All requests must be submitted to Human Resources for final approval before the unit member begins the certification or license program and a final copy of the certificate or license must be submitted to Human Resources before payment is issued.
4. An additional one-time benefit will be granted for degrees earned or conferred. The one-time benefit will be \$1,000 for an Associate Degree, \$1,500 for a Bachelor's Degree, and \$2,000 for a Master's Degree or higher.

B. The unit member must complete the units during the contract year in which the benefit will be earned and submit a transcript or grade report as proof of satisfactory completion. The District may require an official transcript, if it deems necessary. The units must be earned on the unit member's own time, and related costs, i.e. books, registration, assorted fees, will not be paid by the District. Unit members must earn a grade of "C" or better in order for the course units to qualify for this Personal/Professional Growth benefit.

C. Staff development activities, such as formal workshops, seminars or other training directly related to the unit member's job may be counted toward earning the lower division benefit referenced in A.1. These activities must be attended during the unit member's non-working time, except while utilizing authorized paid leave time. Sixteen (16) hours of documented staff development will equate to one lower division semester unit. Activity hours may be combined with college units to earn the benefit, but are not required to be earned within the twelve (12) month period as mentioned in A.

D. Personal/Professional Growth opportunities that are not mandated by the District, but approved by the employee's supervisor and attended during the employee's scheduled work shift, shall be requested as leave by the employee.

E. The District may grant, with management approval, release time or a flexible schedule to unit members who request to attend the following in order to enhance their skills and abilities:

1. Classes or training;
2. Workshop(s);

1
2 3. Activities sponsored by Professional and Organizational Development.
3

4 If the request is denied, the immediate manager must provide a written response. Such reasons must be
5 related to the operation of the unit in which the unit members serves.

7 F. The District may require professional development or training in the following areas for which release
8 time will be made available. It is the District's responsibility to schedule such activities.
9

10 1. Professional development, training, and/or certification that directly pertains to a unit member's
11 responsibility as a disaster service worker.
12

13 2. Professional development or training to meet the requirements of the District's Equal Employment
14 Opportunity Program and Title 5 regulations, and to carry out the duties that are required of the
15 EEO Representative during the hiring process.
16

17 G. Classified Professional Development Activities:
18

19 One non-instructional day per calendar year shall be designated as a Classified Professional
20 Development day for the purpose of staff development activities. It is the District's responsibility to
21 ensure that the campus community, as well as the public, is aware that the campus will have limited
22 operations during this day. The activities shall be planned around outcomes determined by the current
23 needs assessment survey. The date and programming shall be mutually determined by the Classified
24 Professional Development Committee and the District. The District will ensure that all unit members
25 may have an opportunity to attend provided that all essential District operational areas are staffed
26 accordingly, as approved by the immediate manager.
27

28 H. All workshops developed for classified employees shall be developed by Professional and
29 Organizational Development with input from the Classified Professional Development Committee. Any
30 union related professional development will be developed by CSEA 651.
31

32 I. Release Time for Workshop Presenters:
33

34 Unit members who meet certain qualifications are eligible for release time to provide instruction at
35 professional development workshops or trainings. Release time would be twice the length of the
36 training, which would include preparation time. The Classified Professional Development Committee
37 will ensure that presenters meet qualifications for general professional development and CSEA 651

ARTICLE XVII

RECLASSIFICATION PROCEDURE

The intent of this Article is to assure that:

1. Unit members perform duties within the scope outlined in their job descriptions.
2. Duties performed beyond a unit member’s job description will be assigned in a manner that follows statutory requirements (EC Section 88000, et seq.).
3. Clear, consistent, equitable processes are utilized for changes in unit members’ job descriptions, compensation, and assigned job classifications.
4. Regular reviews of entire classes of job descriptions are completed to assure currency in District needs for employees, competitive qualifications, and compensation of employees, and collaborative processes to make such changes.
5. Equitable treatment is provided for all unit members, including opportunities to participate in the reclassification process.
6. Adequate timelines are established to prevent unnecessary delays that may result, intentionally or unintentionally, in improper alignment of unit member’s duties and compensation with that specified in their job descriptions.

1. Definitions

- a. Type 1 – Reclassification: For purposes of this agreement, “reclassification” shall mean the upgrading of a position to a higher classification as a result of the gradual increase of the duties being performed by the incumbent in that positions. Ed. Code Section 88001(f). As used in Section 2 of this Article, the reclassification procedure results in the movement of one or more unit member(s) from their current classification to a higher existing classification.
- b. Type 2 – Pay Grade Change or Special Compensation: Each job classification within the CSEA 651 unit may have more than one pay grade in the Salary Schedule. Unit members may be placed in a higher pay grade based on education, knowledge, training, or skills, which are beyond minimum qualifications for the position and are of value to the District for the performance of those duties. Where such additional pay grade are established in the Salary Schedule for a job classification, these high value criteria shall be included in the job description as pay grade criteria for that position, and shall apply to all incumbents in that classification who meet the criteria. Approved pay grade appear in Appendix A as part of the Salary Schedule. Establishment of a higher pay grade will not alter the job duties, minimum qualifications, or range assignment. Unit members may be placed in a higher Salary Schedule pay grade upon hire or through the process described in Article XVII, Section 3 and Article VII, which also describes the process for creating such higher Salary Schedule pay grades. When a qualifying certification expires or qualifying skill becomes obsolete, this will result in a loss of the pay grade or special compensation increase. Special compensation: Skills identified as eligible for Special Compensation by the California Public Employees’ Retirement System in CCR Title 2 §571(a)(4) are eligible to unit members in a job classification who are similarly situated and routinely and consistently utilize that skill in performance of the duties in that job classification.
- c. Type 3 – Classification Study: As used in the Article, a Classification Study is used to revise job descriptions and range placements of an entire job classification or to establish a new job classification following the process as described in Section 6 of this Article and in Article VII Section C.

2. Type 1 – Reclassification

- a. Informational workshop(s) explaining the reclassification procedures with instruction as to how

1 to fill out the Classification Request Form (Appendix D-1) and other relevant information will be
2 jointly developed and presented by the District and CSEA 651 on a semi-annual basis.

5 changes in salary range, and/or other working conditions.

8 shall review the request with the unit member and, upon mutual agreement, obtain the unit
9 member's signature prior to submission to Human Resources on a Classification Request
10 Form (Appendix D-1). The unit member retains the right to representation during such
11 meetings.

12 d. Requests must be submitted to Human Resources by the end of the first working week of the
13 month and will be considered by the Reclassification Committee no later than the next
14 scheduled meeting. After submitting the request, the unit member must wait one year to submit
15 another request.

20 Request Form shall do so no later than five (5) working days from the date the unit member

ARTICLE XVIII

LAYOFF AND REEMPLOYMENT

A. General Provisions

Classified employees shall be subject to layoff for lack of work or lack of funds. Whenever a classified employee is laid off, the order of layoff within the class shall be determined by length of service. The employee who has been employed the shortest time in the class, plus higher classes, shall be laid off first. Reemployment shall be in the reverse order of layoff (Education Code §88127).

The District and CSEA will meet to negotiate the impact and effects of the proposed layoff.

B. Notification of Layoff

1. If employees hired under specially funded programs are to be laid off at the end of the school year, such employees shall be given written notice of dates of layoff, informed of displacement rights, if any, and re-employment rights. Layoff notice shall be given not less than fifty (50) days prior to effective date.
2. When, as a result of elimination service being performed by any department, classified employees who shall be subject to layoff shall be given written notice of layoff not less than fifty (50) days prior, before the effective date of their layoff.
3. Nothing in these rules shall preclude a layoff for lack of funds or lack of work in the event that the Board of Trustees determines that layoff is necessary.
4. Written notice of layoff shall be sent by certified mail or delivered in person to the affected employee(s). A copy of said notice and seniority list shall be provided to the CSEA, Chapter 651 President prior to placement on the board agenda.
5. A classified employee may not be laid off if a short-term employee is retained to render a service that the classified employee is qualified to render. No permanent or probationary employee shall be laid off from any position while student workers, provisional, hourly or limited term employees are retained in positions of the same classification.
6. Notice of Layoff shall include the following:
 - An up to date list of all classifications in which the employee has seniority;
 - Effective date of the layoff;
 - Employee's displacement rights;
 - Employee's re-employment rights;
 - Name and classification of the employee designated for layoff with a reference to unemployment benefits; and
 - The employee's fringe benefits rights.
7. Failure to serve proper notice shall require the issuance of a new fifty (50) day notice.
8. Employees who have bumping rights must provide written notification of their intention to exercise

1 their rights to the District within five (5) days after notification of their options or they will forfeit their
2 bumping rights and be placed on the preferential reemployment list.

- 3
4 9. Any employee who is laid off or retired in lieu of layoff, and is subsequently eligible for re-
5 employment, shall be notified through certified mail, by the District, as to the date of the opening
6 at his/her last known address to the District. The employee must respond in writing within ten (10)
7 working days of issuance of the letter to be deemed to have declined the offer.
8

9 C. Computation of Seniority

- 10
11 1. Seniority shall only be earned when an employee has served as a regular classified employee in
12 a designated class. Paid service performed prior to entering into a probationary status in the
13 classified service shall not be credited toward seniority.
14
15 2. Seniority is determined by hire date, no seniority shall be earned during periods of separation from
16 the service of the District except during Military Leave and unpaid industrial injury/illness leave.
17
18 3. All service in the classification, plus higher classifications, shall count as seniority within the
19 classification.
20
21 4. An employee transferred from one class to another shall retain his/her seniority in the former class;
22 seniority in the new class shall begin on the date of transfer.
23
24 5. A permanent employee laid off and subsequently reinstated within thirty-nine (39) months shall
25 regain the seniority earned prior to the time of layoff.
26
27 6. In the event two (2) or more employees have the same hire date, seniority by a drawing of lots, will
28 be conducted by the District to establish seniority.
29
30 7. Permanent employees who are offered and accept a position in a classification in which they have
31 not worked prior, and are thus placed in probationary status in their new position, shall be placed
32 back on the thirty-nine (39) month re-employment list with bumping rights if they do not meet the
33 criteria of the probation period.
34

35 D. Bumping Rights and Procedures

36
37 Any employee notified of layoff from his/her present position may bump into any equal or lower class
38 in which they hold seniority credit greater than an incumbent. An employee subject to layoff may bump
39 into a position with a higher range only if he/she has established permanency in that position and has
40 greater seniority than the person being bumped. Such right to bump must be exercised within five (5)
41 days of notice of layoff. In determining bumping rights, the following rules shall apply:
42

- 43 1. The right to bump any incumbent in the same class shall not be allowed if there is a vacant position
44 with equal or more assigned hours per day in the employee's current class to which he/she shall
45 be assigned.
46
47 2. If no vacancy exists in the same class, with equal or more hours per day, then the affected
48 employee will be offered the least senior occupied position in a class with equal or more (next
49 higher available) hours of assignment per day by seniority, regardless of the number of work days
50 or months per year of either position. If no such position exists, the employee shall bump the least
51 senior employee in the classification with the most hours per day. Employees displaced because
52 of bumping process shall, in succession, be granted, by seniority the same bumping rights. This
53 paragraph shall only apply to a position in which the affected employee hold seniority credit greater
54 than the incumbent.
55

- 1 3. Bumping into a lower class shall be considered a voluntary demotion and salary placement shall
2 be at the step, which most nearly corresponds to, but does not exceed the employee's current
3 salary placement.
4
- 5 4. In all cases, employees exercising their bumping rights must possess the skills and be able to
6 perform the duties required of the class into which they bump. Employees who do not meet the
7 qualifications for the classification may bump into a classification in which he/she has previously
8 served and has sufficient seniority to bump, or the employee may apply for vacant positions.
9 Employees shall be given preferential hiring, in probationary status, for any vacant position in which
10 they possess the minimum qualifications. During the six (6) month probation period, the unit
11 member shall be evaluated twice with a sufficient interval for the employee to make improvement
12 based on the first evaluation.
13

14 E. Retirement in Lieu of Layoff

15
16 Any employee subject to layoff and who elected service retirement from the Public Employees'
17 Retirement System (PERS) shall be placed on the thirty-nine (39) month reemployment list. The
18 District shall notify the PERS Board of Administration of the fact that retirement was due to layoff for
19 lack of work or of funds. If the employee is subsequently subject to reemployment and accepts, in
20 writing, the appropriate vacant position, the District shall maintain the vacancy until the PERS Board
21 of Administration has properly processed his/her request for reinstatement from retirement.
22

23 F. Effects of Layoff

- 24
25 1. The District shall continue the existing fringe benefits as provided in Article VIII of this agreement
26 for an additional three (3) month period beyond the layoff effective date.
27
- 28 2. If an employee is laid off and reemployed within thirty-nine (39) months of the layoff, then all unused
29 sick leave accumulated prior to the effective date of the layoff shall be credited back to the
30 employee's records.
31
- 32 3. If the employee is reemployed within thirty-nine (39) months of the date of the layoff, the employee
33 shall regain vacation longevity that he/she held prior to the layoff.
34
- 35 4. If the employee is laid off and is subsequently reemployed in an equal or lower classification within
36 thirty-nine (39) months of the date of layoff, the employee will be placed on the step from which
37 he/she left.
38
- 39 5. The District shall provide each full-time employee subject to layoff with a total of a maximum of
40 twenty-four (24) hours, subject to review, paid release time for the purpose of seeking employment
41 or training. Part-time unit members shall be entitled to such prorated released time in the same
42 ratio as his/her regular hours of work per week bear to forty (40) hours.
43
- 44 6. The District will not use volunteers to replace classified employees on layoff by performing work
45 customarily performed on a regular basis exclusively by classified employees. However, this
46 section should in no way be construed to impede the services of legitimate school volunteers who
47 are not used to displace regular classified employees.
48
- 49 7. Employees on layoff shall be given consideration for employment as a substitute short term or long
50 term replacement on an as needed basis as determined by the District.
51
- 52 8. Work normally and customarily performed on a regular basis exclusively by classified employees
53 would only be contracted out in accordance with Government Code, Education Code, and any
54 other related legal regulation.
55

1 9. Vacant positions shall be considered to be part of the layoff.
2

3 G. Preferential Re-employment
4

5 Any regular employee who must be laid off after exercising all rights guaranteed under this article shall
6 have his/her name placed on a preferential reemployment list by class and in order of seniority. Such
7 employees shall be reemployed in preference to new applicants for a period of thirty-nine (39) months
8 from their layoff date. As vacancies occur, reemployment shall be offered to the employee with the
9 greatest seniority.
10

11 The following rules shall apply to all employees whose names have been placed on a preferential
12 reemployment list:
13

- 14 1. Employees who take voluntary demotions or voluntary reductions in assigned time in lieu of layoff
15 are to remain in their present positions rather than be reclassified or reassigned, shall be granted
16 the same rights as persons laid off and shall retain eligibility to be considered for reemployment for
17 an additional period of up to twenty-four (24) months; provided that the same test of fitness under
18 which they qualified for appointment to the class shall still apply.
19
- 20 2. Permanent employees shall be eligible to compete in promotional examinations for which they
21 qualify.
22
- 23 3. When a vacancy occurs in a class for which a reemployment list has been established, the most
24 senior employee in the classification on the reemployment list shall be notified by certified mail of
25 the vacancy. An attempt shall be made prior to sending the mail notice to contact the employee
26 by telephone.
27

28 An employee on the reemployment list shall have five (5) calendar days following service of the
29 certified notice of reemployment to either accept or reject the offer. If the employee rejects the
30 offer or fails to respond, the employee shall remain on the list, and thereby be entitled to two (2)
31 additional offers of reemployment. If the employee accepts the initial offer, he/she is to report to
32 work within five (5) calendar days of service of the notice. If the employee fails to comply with
33 these prescribed limits, such failure shall constitute rejection of the District's offer.
34

35 An employee may decline three (3) offers of reemployment in his/her former class. After the third
36 refusal no additional offers need be made, and the employee shall be considered unavailable for
37 the duration of the preferential reemployment list unless he/she indicates otherwise in writing, by
38 certified mail or personal service to the Vice President of Human Resources within ten (10)
39 calendar days following the third offer.
40

- 41 4. Employees are responsible for immediately notifying the District, in writing, of any change of official
42 mailing address. Any failure to do so, which in turn, causes a failure of notice to the employee
43 shall be the responsibility of the employee, and shall not entitle the employee to additional
44 consideration.

Appendix D Unit Member Work Outside of Classification Job Description

This Appendix is intended as a review of California Education Code related to Classified Staff performing tasks that are outside of their Board-approved job description. Each section describes the relevant code which is cited verbatim in footnotes. The specific effective practices used by the College are described as they apply to each situation. The relevant sections of this Agreement should be consulted for direction on unit member rights.

Each Classification in the Unit Has a Board-approved Job Description which contains a section entitled, "EXAMPLES OF ESSENTIAL FUNCTIONS (Illustrative Only)." It is the mutual understanding of CSEA Chapter 651 and the Mt. San Antonio Community College District that this section encompasses the typical scope of duties performed by unit members in each Classification. Typically, the last statement in this section is, "Performs other related duties as assigned." It is the mutual understanding of CSEA 651 and the District that this phrase should be interpreted within the context described in the DEFINITION and CLASS CHARACTERISTICS sections of the Job Description.

Performance of duties substantially outside of the ESSENTIAL FUNCTIONS for the Job Classification of a unit member are subject to statutory limitations as described below. CSEA 651 and the District recognize that the terms "related duties" and "substantially outside" are subjective and situational. For situations that may be unclear to either party, both CSEA 651 and the District agree to meet and confer to reach mutual agreement for any specific situation. Unit members performing work outside of their job classification may be an indication that a change in the classification should be considered. Article XVII: Reclassification Procedures gives direction on how to proceed with such a process.

Out-of-Class Assignments: [Education Code §88002](#) describes legal requirements of Mt. SAC's Out-of-Class Assignment process. Such assignments are initiated by a District offer to a specific unit member or members and acceptance is voluntary. Out-of-Class Assignments must be approved by the Board of Trustees but may be ratified by the Board subsequent to the start of the assignment. Classified employees are paid on a pro rata basis for the additional assignment. The District reserves the right to terminate the Out-of-Class Assignment at its discretion. The unit member retains the right to return to the original Job Classification in the previously assigned Administrative Unit. Out-of-Class service time does not disrupt the continuing accrual of seniority in the permanent Job Classification. See Section XI.D of this Agreement for the Out-of-Class Assignment procedure.

Out-of-Class Assignments as a Substitute: In circumstances for which the District is permitted by [Ed Code §88003](#) to employ a substitute, a Unit Member may fill that role as an Out of Class Assignment by written mutual agreement between CSEA 651 and the District. See Section XI.D of this Agreement for the Out-of-Class Assignment procedure.

Duties Not Reasonably Related to those in the Job Description - 5 Day Limitation: [Ed Code §88010](#) places restrictions on the District requiring work of a Unit Member outside of those reasonably related to those in the Job Description. Such a requirement may not exceed five days within any fifteen-day period without providing compensation that reasonably reflects the additional duties. Such compensation is understood to be that of an existing Job Classification that reasonably relates to the additional required duties. Note that this limitation is specific to work required by the District. Consequently, both unit members and supervising managers should require specific written direction if work outside the Job Description is to be authorized. Further, unit members are cautioned not to perform duties outside their Job Description without such written authorization from their supervising manager.

Appendix D-1
Classification Request Form

Type 1-Reclassification: For purposes of this agreement, "reclassification" shall mean the upgrading of a position to a higher existing classification as a result of the gradual increase of the duties being performed by the incumbent in that position. [Ed. Code Section 88001\(f\)](#). As used in Section XVII.2 of this Article, the reclassification procedure results in the movement of one or more member(s) from their current classification to a higher existing classification.

Type 3-Classification Study: As used in the Article, a Classification Study is used to revise job descriptions and range placements of an entire job classification or to establish a new job classification following the process as described in Article Section VII.C. and Section XVII.6.

Classification Request type:

- Classification Study Complete sections I, II, IV
- Reclassification Complete sections I, III, IV
