Start saving today!

With your SISC pharmacy coverage, many generic medications have a \$0 copay for a 90-day supply, when you fill them at a Costco Pharmacy.¹

Getting started is easy!

Simply call your local Costco location and let the pharmacy staff know that you would like to transfer your prescription. In most cases, they can contact your current pharmacy and complete the transfer.

New! Have your prescription delivered from your local Costco for free with Instacart. When you get a text from Costco that your prescription is ready, simply choose the delivery option.²

Note: You don't need to be a Costco member to take advantage of the Costco Pharmacy savings.

Plus, a 90-day supply of most medications is available exclusively at your local Costco Pharmacy or with Costco's Mail Order Pharmacy. To sign up for mail order, go to [costco.com](https://www.costco.com). Click Pharmacy > Mail Order > Get Started and follow the instructions. You can also call **800-607-6861** to speak with a pharmacy agent.
