SISC: How to Search for Providers in your Network
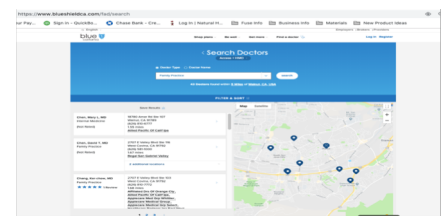

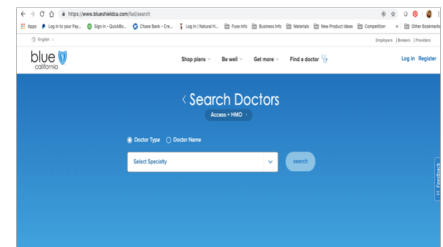

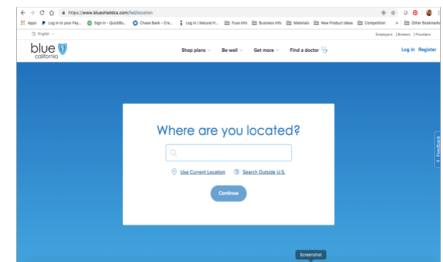

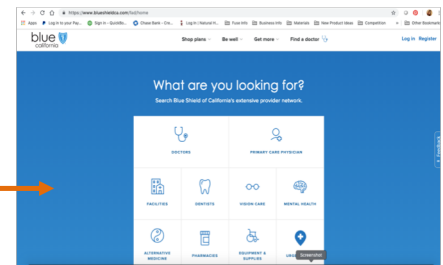

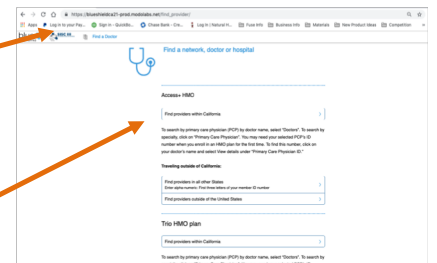

February 2019

How to Find a Blue Shield Provider

1. Login into the health plan website https://blueshieldca21-prod.modolabs.net/find_provider/

2. Select "**Providers within California' from the plan type your are searching.**

3. Choose what **type of care** you are looking for.

4. Input your locations or area (city, state or zip) and click **SEARCH**

5. Search by **DOCTOR TYPE** or **DOCTOR NAME** and click on the blue **SEARCH** button once you have entered your specific search criteria.

6. A query list based on your search will display.

> **NOTE: Online directories are available, but are not always accurate. Employees should ALWAYS call a provider and confirm that they are a "CONTRACTED, IN-NETWORK PROVIDER".**
