## Find a network pharmacy

### Find a network pharmacy – search tool

- Select your plan
- Enter pharmacy by name or by location using zip code, city and state or address
- Option to enter preferred mile radius
- Location detection ability
- Select **Filters and advanced search** to filter by retail pharmacy delivery, 24-hour access, and more

The screenshot shows the OptumRx website interface. At the top, there is a navigation bar with the OptumRx logo on the left and the CalPERS logo on the right. The navigation bar contains several links: Home, Find a network pharmacy (highlighted with a red circle), Drug pricing tool, Formulary drug list, and Register and Sign In. Below the navigation bar, the main heading is "Find a network pharmacy". On the right side of this heading, there is a "Print" icon. The main content area is titled "Select your plan for accurate pharmacy results" and features a dropdown menu currently set to "UnitedHealthcare HMO". Below this, there is a section for "Pharmacy Name - optional" with an empty text input field. Underneath, there is a section for "ZIP code, city and state, or address" with a text input field containing "Sacramento, CA, USA". To the right of this field is a "Radius" dropdown menu set to "10 mi." and a button labeled "Use my location". At the bottom of this section is a blue "Search" button. Below the search button, there is a link for "Filters and advanced search" with a downward arrow.

# Prior Authorization

---

## Prior Authorization (PA)

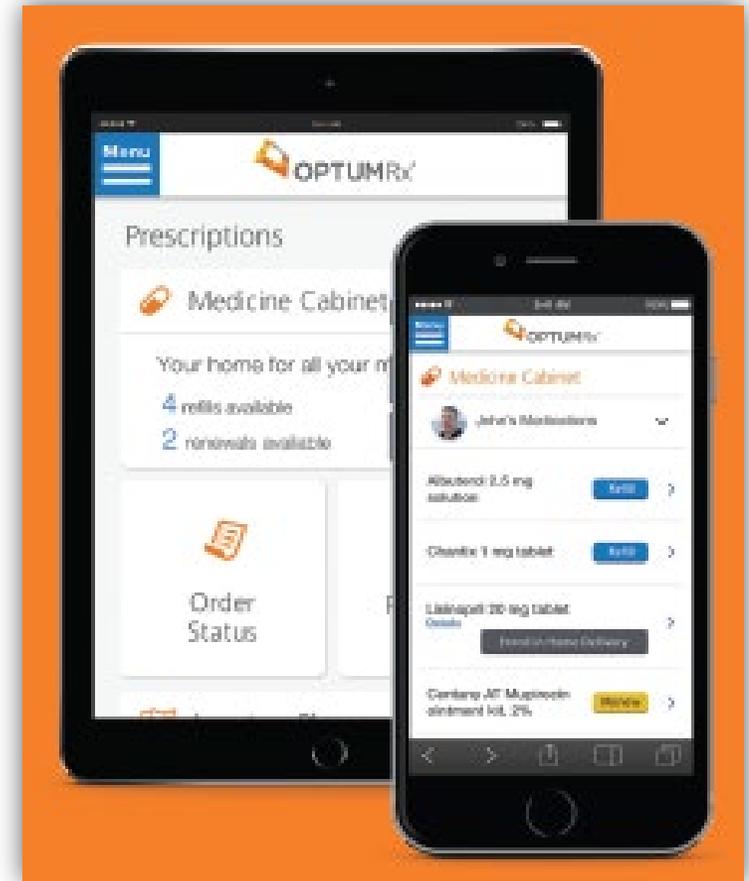

- On certain drugs, the doctor's office will need to submit a PA request for payment.
- OptumRx home delivery customer service or the retail pharmacist will notify the doctor that a PA is needed.
- Approved PAs may be good for future refills. The duration of the PA is communicated to both the doctor and the consumer.

# OptumRx Mobile App

## Manage your prescription on the go

- ❖ Download the OptumRx App from either Google Play or the Apple App Store
- ❖ Open the app and register as an OptumRx member
- ❖ Once registered, you will be able to view your prescription history, find drug prices and lower cost options, or locate a network pharmacy. You can also refill or renew a home delivery medication, check delivery status and more.

## Thank you.
