

FISCAL SERVICES ANALYST

DEFINITION

Under general supervision, performs a variety of specialized complex, technical, professional, and confidential duties involved in the analysis of financial transactions and the implementation, configuration, and functionality of financial software applications. Coordinates assigned activities and provides technical support and assistance to financial system users. Work requires thorough knowledge of the assigned area as well as its procedures and operational details. The incumbent will also provide the expertise to properly document, implement, support, and train on the functionality of financial automation solutions and ensure financial data quality, integrity, and accuracy.

SUPERVISION RECEIVED AND EXERCISED

Receives direct supervision and work assignments from assigned manager. Exercises no direct supervision of staff. Provides technical and functional direction and training to staff.

CLASS CHARACTERISTICS

This is a specialized classification responsible for assisting Fiscal Services managers and staff users with implementing and using financial software applications and analyzing financial transactions. Incumbents are expected to possess knowledge of budgeting, accounting, and financial application systems. This classification is distinguished from the Fiscal Services Specialist classification by the ability to create, configure, and analyze complex financial transactions and software applications. This classification is distinguished from the Director of Fiscal Resources in that the latter has full management and supervisory responsibility for planning, organizing, and directing the full scope of operations of the Budget and Accounting Coordinator and the Fiscal Specialists.
