

Sign Language Interpreting Department

Department Meeting Minutes- Flex 2014

AUGUST 22, 2014

Present: Bob Augustus, George Dorough, Bob Stuard

I Department Goals

We spend the entire meeting discussing our goals for the up-coming academic year and these goals follow:

- Increasing our resources in the SSSC to provide more materials and more tutoring hours for our students.
- Implement our course review and course assessment cycle.
- Provide training for our adjunct faculty in the assessment process.
- Continue the incorporation of GoReact assessment, evaluation, and ASL practice software into our courses.
- Enhance the effectiveness of the ASL club as a vehicle of providing ASL language practice outside of class.
- Increase our pool of adjunct faculty qualified to teach both ASL and Interpreting courses.
- Complete the approval process for the SIGN 101H course and begin offering at least one sections of this honors course.
- Increase our visibility on campus by having an active senator participate in the Academic Senate.
- Achieve lab parity for our Interpreting Lecture/Lab courses.
