Each session will begin with a brief overview, followed by time for individual support. Loralyn Isomura and Chris Estrada will demonstrate key faculty functions, including the new class search tools, how to view class rosters, and other essential features of Self-Service Banner 9.

You're Invited! Healing-Centered Engagement Workshop

As part of our Mt. SAC 2035 vision, we are excited to invite faculty to a unique opportunity that reflects our shared commitment to building a healing-centered Culture of Care. This summer, a limited number of faculty will have the opportunity to **participate in an engaging and informative workshop on *Healing Centered Engagement (HCE)***—a strengths-based approach that honors culture and identity, which is essential to personal and community well-being.

Rooted in over 30 years of research, this ***Four Pivots Workshop*** will explore how self-awareness, connection, vision, and presence can reshape our instructional space and deepen our support for students' lived experiences. The workshop will take place on **Wednesday, July 16 from 8:30 a.m. to 12:30 p.m. in Heritage Hall**, and include a light breakfast and lunch. **Faculty will be compensated at the non-instructional rate for 4 hours.**

We ask that all participants:

1. **Read *The Four Pivots*** by Dr. Shawn Ginwright (books will be provided once your registration is completed),
2. **Attend the full session**, and
3. **Commit to sharing implementation strategies** with peers in a follow-up setting.

Space is limited and [registration](#) is on a first come–first served basis. Please [register](#) by **Friday, May 23** to reserve your seat!

Mt. SAC 2025 Commencement Ceremony

The Mt. SAC 2025 Commencement Ceremony will be held on **Friday, June 13, at 5:30 pm**. The ceremony will begin promptly at 5:30 pm (rain or shine). More information can be found at the [Mt. SAC 2025 website](#). Please see the attached email from Liane Martinez for additional faculty information.

RSI Reminders: Message from the RSI Coordinators

Please see the message below from our RSI Coordinators:

Hello online faculty,

With insights gained from hundreds of RSI course reviews, Sheila and I would like to **pass along these tips for meeting RSI guidelines.**

- Remember that while ACCJC (our accreditor) will be evaluating courses this term, RSI is not a one and done process. **These guidelines must be updated every semester and in every online course.**

- With the final withdrawal date approaching this Friday for short-term (8-week) courses (May 22) and the accelerated nature of a later-start short-term course, **it's a good time to check on students** (e.g., Canvas Inbox, Announcement, or using the "Message Students Who" tool in Grades). For example:
 - **Send another message to students who are below the passing threshold**, giving them the first steps they need to take to get caught up or helping them understand the withdrawal process and what a "Withdrawal" means.
 - **Send more kudos to students who are passing/performing well** to give them the motivation to bolster/continue their good habits through the end of the semester
 - If you've just started a late-start course, **message students who missed those first assignments to find out what's happening and how you can help and drop inactive students to help prevent fraudulent enrollment.**
- **Make it abundantly clear** to students **how you are monitoring their progress**, when and where they can expect those messages from you, and how they can contact you or meet with you. **Make sure you are following through.** Monitor and engage them in the manner that you described.
- **Ensure that you have updated your drop policy so it is in agreement with Article 13.A.7** in the faculty contract, "DL professors are responsible for dropping students if they do not regularly participate in activities defined in the syllabus in 20% or more of any part of the scheduled class term prior to the established drop date for the class. Twenty percent (20%) (i.e., in class and replaced seat time) represents 3.2 weeks in a 16-week course, 1.6 weeks in an 8-week course, and 1.2 weeks in a 6-week course."
- State in multiple places (i.e., syllabus, course homepage, announcement, calendar, end of module recaps) the **TIME and PLACE of your office hours**.
- For office hours to count as RSI Standard 1, they must be live and synchronous—they **cannot be by appointment only**. They should be a set (predictable) time each week. Either use Tech Connect Zoom or make sure the meeting link is posted in multiple, obvious locations (Announcements, homepage, syllabus, top of modules page, etc.).

- **For announcements to count as RSI they must contain course content**
Record keeping reminders about assignments or due dates are important but are not RSI on their own. Add 2-3 sentences explaining the content you will be covering this week and what students should pay close attention to.

Thanks so much for your continued hard work to support our online students

Sincerely,

Jenny Gernhart and Sheila Wright

RSI Coordinators
