Mt. SAC New Class Search

Since the soft launch of [Mt. SAC's New Class Search](#) (on March 30th), overall feedback has been positive. This enhanced tool has a more modern look & feel, improved search experience, intuitive usability, and a mobile-friendly design. The [Mt. SAC's New Class Search](#) has been

designed with students and employees in mind, offering a more modern, intuitive, and user-friendly experience when searching for classes.

Student Comments:

- "Thank You! It is much easier on the eyes."
- "Wow! This is a huge improvement for students who use phones or tablets to search for classes, like myself."
- "So far, my favorite feature is the fact that everything is on one page. All I had to do was scroll."
- "It is truly amazing! It is easy to navigate through and sift through the courses."

The new Class Search is intended to enhance the class search experience, serving as a companion to the current Self-Service Banner 9 registration system. Students will continue to register for classes through Self-Service Banner (SSB 9), while benefiting from a more efficient and visually engaging way to explore available courses.

You can access the new Class Search here: [Mt. SAC New Class Search link](#). Take a quick tour of the new Class Search by watching this brief overview video: [Brief Video Tour](#). If you have any questions regarding the new Class Search, please direct them to [Loralyn Isomura](#).

Course Cancellation Protocols: Fall 2026

Last fall (Fall 2025), Mt. SAC launched the Course Cancellation Protocols that were developed jointly by the District and Faculty Association through the grievance process. This pilot protocol prioritizes student needs and emphasizes thoughtful, student-centered decision-making. It outlines key timeframes and promotes transparency, coordination, and ongoing feedback between faculty, department chairs, and instructional leaders. Based on feedback from the Department Chairs, Faculty Association,

and the Instructional Leadership Team, we are sharing the updated [Credit Course Cancellation Protocol for Fall 2026](#). This will be reviewed in Fall 2026 to ensure it continues to meet the evolving scheduling needs of our students and programs.

The [Credit Course Section Cancellation Protocol \(Fall 2026\)](#) outlines the timeline used to review low-enrolled classes. At multiple points in the process, Educational Administrators (deans and/or associate deans) consult with Department Chairs to review enrollment levels, consider student and program needs, and determine whether sections should remain scheduled or be canceled. The protocol also identifies circumstances that may warrant delayed cancellation review, such as capstone, transfer-required, accreditation-required, cohort, dual enrollment, and other specialized courses. Faculty are encouraged to review the protocol to better understand when enrollment reviews occur and how cancellation decisions are made.

Supporting Students During Finals Week

As we head into finals, we know many students may be experiencing higher levels of stress. Our Behavioral Health Services (BHS) team and Basic Needs Resources (BNR) are offering support to help students stay grounded, focused, and cared for during this busy time. Please feel free to share these resources with your students.

Behavioral Health Services – Grounding Support

Behavioral Health Services is offering brief, 10-minute grounding sessions for students who may need a moment to reset before studying or taking a final exam.

Options include:

- Guided breathing or box breathing
- Sensory grounding using the 5-4-3-2-1 method
- Progressive muscle relaxation
- Quick mindfulness check-ins

- Short supportive conversations to help students regulate

BHS continues to provide crisis walk-in support for students who need immediate assistance.

Basic Needs Resources – Emergency Childcare

Students who need last-minute childcare during finals may qualify for emergency support through Upwards, our childcare partner. Students can contact the Basic Needs office at **(909) 274-6170** to inquire about eligibility and available support.

Spring 2026 Final Grades

With the end of the Spring semester rapidly approaching, this is a friendly reminder that **Spring 2026 grades are due by 8 p.m. on Tuesday, June 16, 2026.** The Admissions and Records Office will initiate the "grade roll" process or "batch" processing of all Fall grades in Banner immediately following the 8 pm deadline on Tuesday (June 16, 2026).

We thank you for submitting your grades **on or before Tuesday, June 16, 2026.** Here are some reasons why students need their grades posted on time:

- Students need to know if they passed a pre-requisite course so they can register for the next course in a sequence.
- Students need to complete units aligned with the federal or state financial aid they have received.

Our Veteran students may need proof of completion to receive veterans' benefits.

- Students send their transcripts to their transfer university, confirming they are ready to transfer in the upcoming semester.
- Students' wage increases, bonuses, or promotional opportunities depend on passing employer-approved courses or programs.
- Students must show satisfactory progress on their academic and/or progress probation status.

ACCJC: Negotiated Rulemaking

The Accreditation Core Team is sharing a brief update on a set of federal discussions currently underway related to accreditation and higher education policy. These conversations are part of a national negotiated rulemaking process that is examining areas such as accreditation, student outcomes, and broader accountability expectations. Some of you may have already come across information about this through your professional networks or external sources.

The Accreditation Core Team felt it was important to acknowledge these discussions and share what we know at this point. At this stage, the process is still evolving, and many details are not yet finalized. We are closely monitoring developments and working with ACCJC, Accreditation Steering Committee, and campus partners to better understand potential implications for Mt. SAC.

We will continue to share updates as more information becomes available. Additional information about negotiated rulemaking can be found at [ACCJC Negotiated Rulemaking FAQ website](#).
